

## Dont mess 1771

### Chapter: 1771

Du Fei lay flat on the ring with his limbs spread out of nowhere. He was panting, with sweat on his face and body.

"Is that enough? There is nothing to calm down?" Yu Sheng, who was lying beside him, asked softly.

Turning his head weakly, Du Fei looked at Yu Sheng and rolled his eyes: "You made it like me unreasonably coaxing you? I tell you that I will beat you next time."

Extending a finger, Du Fei pushed Yu Sheng's head hard, his eyes full of warnings.

"There won't be another time. I will take care of myself. Don't worry."

Although Du Fei didn't have the face to beat the rest of his life, I was hammered several times on my body, and it must be green. A slight movement of my hand would pull on my body, and then there would be a faint pain.

"You'd better do what you say!" Du Fei looked at the colorful lights hanging on the roof. There was some loss for a while, and his lips lightly opened. He said: "Did you not let me pay attention to the Wang family sect last time??"

"That sect is a mess. I can guarantee that this time the affairs of the Bai family and the Xuantian Sect, the Wang clan will definitely not participate."

Du Fei took a sharp breath and said, "Wang Ji's death has brought earth-shaking changes to the Wang family. There were originally only two people in the Wang family's direct line, Wang Ji and Wang Hu. I heard that you and Wang Hu are good friends? You also know that Wang Hu, but he is just a fool. After Wang Ji's death, there is only one fool left in the Wang family who can't hold up the face of the Wang family."

"And the Wang family? It is such a big sect. In addition to the elders, there are clan sects in the sect. These people are putting pressure on Wang Hong to let him choose the next successor from his collateral line."

"Wang Hong takes power seriously. At the beginning, he was afraid that his nephew Wang Hu and his son Wang Ji would compete for the position of the future heir.

This made Wang Hu stupid. How could it be possible to hand over what he had brought down to his side?

The superficial response is good, but the backside is constantly making small moves. The sideline, a few geniuses are probably almost killed by him, but the people in the Wang family are stupid, and they don't know that Wang Hong did it.

It's also because Wang Hong tried his best to find out the real culprit for them, and he was grateful to Dade.

Wang Hong's heart is also black. He doesn't kill people during the day, and he will torture Wang Hu when he returns at night. From the mouths of those servants, I learned that Wang Hu's body is often unhealed, and new injuries are added."

After Du Fei finished talking about such a string, he immediately waved to the person on the side, and the other party hurriedly took two bottles of water and threw them in this direction.

As a result, Du Fei quietly waited for Yu Sheng's speech with the mineral water that was thrown. The Wang family caused so much trouble for Yu Sheng last time.

This time, the Wang family encountered such a thing, wondering what the rest of his life would choose to do?

“You mean Wang Hu? Wang Hong has been venting by beating Wang Hu?”

After listening to what Du Fei said so much, for the rest of his life he only remembered Wang Hu’s things. To him, everything else was like a filter in his ears, and he had no ulterior motives at all.

“Yes.” Du Fei nodded affirmatively.

Under Du Fei’s affirmation, Yu Sheng felt an inexplicable sadness. He remembered the last time he met Wang Hu at the Great Heaven Conference.

When a fat man of more than 400 catties appeared, he immediately occupied his own eyes. He looked like his name. When he was not speaking, no one would think he was stupid.

When he speaks, he is a veritable little fool, innocent and fun. In fact, he is not stupid, but his IQ is a bit low, just like a child.

Although it looks like a child, but the strength is particularly strong, the realm of the middle stage of the great master, ordinary people can’t compare to this little fool.

It’s such a little fool, who has the power to protect himself, but has been affected by Wang Hong...

When Yu Sheng thought of Wang Hu becoming the current fool, it was because of Wang Hong’s personal desires and the anger in his heart. It’s strong.

Seeing this, Du Fei patted Yu Sheng’s shoulder and said, “I also thought that Wang Hu had something to do with you. That’s why I told you about this matter. Otherwise, I wouldn’t mention it.

Think about it carefully. If you don’t have to find trouble with Wang’s family, your brother is here, and I will always be on your side no matter what.”

Although the two had a fight not long ago, no... To be precise, Du Fei beat him for the rest of his life alone.

However, no matter what the two of them are, they are brothers wherever they go, standing behind each other forever.

## **Chapter: 1772**

Reaching out and patted Du Fei’s hand, Yu Sheng smiled lightly: “Don’t be so numb! Everyone is a man, I will call you directly if I need it, so I won’t be polite to you.”

The two chatted briefly, and Yu Sheng once again talked about Wang Hu.

“So, according to the information you got there, those people are just looking at Wang Hu stupidly.

Wang Ji is dead, forcing Wang Honglixin’s heirs and causing the Wang family to die a lot of young people of the new generation? And Wang Humei Is the late harvest exhausted?”

Du Fei was too lazy to speak, just nodded, Yu Sheng understood, and got up directly from the ring after coming over.

“I’m going to save Wang Hu. That child is good, and he and I are still good friends. I know he has been tortured. If I don’t go, my heart will sleep hard.”

Changing from lying down to standing, Yu Sheng said with a firm gaze that he was going to save Wang Hu.

“Are you going to save him? Go alone?” Du Fei asked indifferently.

In fact, he just asked casually. He and Yu Sheng are both good friends and best friends. They have known each other for many years, and he is even the godfather of Yu Sheng’s son Xiaoshui.

In so many years, Du Fei is also one of the people who know the rest of his life best. The other person he knows will go and call the person he believes to be a good friend.

What does the rest of my life say, a bit of a shaft! The person he has identified, he will continue to identify the things you have identified, unless something big happens, he will change his opinion.

Since it was a friend he identified, then he would definitely save it.

This is why Yu had so many friends willing to join Xuantianzong spontaneously when he established Xuantianzong.

They believe in Yu Sheng's character, and they are also grateful for Yu Sheng. They are willing to look at the other side of the world with Yu Sheng.

"Of course I am going there alone, and I will show you everything if I take you there."

Saving people by yourself is not purely looking for faults. For the rest of my life, I don't have them now. When I was young, I liked messing things up so much.

He now likes to deal with everything in a low-key manner. Why is there such a big change?

Probably it was a fiancée, a son, a brother, an apprentice, and a good friend. With them, I no longer dared to put myself in danger.

Du Fei also got up from the ring, curled his lips, and said indifferently: "Xingba! Then you go, and remember to call me if you encounter any problems."

"Don't worry, nothing will happen." Yu Sheng rubbed his belly that had just been beaten several times and said: "I'll go back to Xuantianzong first, and tell them separately, let Song Huihou take charge of Xuantianzong. go."

If they didn't say anything, they ran to the Wang family sect, they would definitely be worried.

Especially when her fiancée Magnolia is still there, she has a gentle and kind-hearted personality.

"Xingba, get out, get back early when you are ready." Du Fei urged him to go as soon as he heard the words, then stretched out his hand and put the towel handed over by someone on his body, wiping off his sweat.

The two people fought such a fight and talked heart-to-heart, all the estrangement and discomfort disappeared at this moment.

Xuantianzong, the main hall of the sect.

"What the hell? Are you going to the Wang Clan to rescue that Wang Hu? Do you want us to accompany you?"

"Master, you should not have enough manpower to save people. I will go with you."

"Yes! The rest of your life is too dangerous. The Wang family sect has existed for so many years, somehow, it's not good for you to go alone."

Zhu Xiaoshu and Jia Ming, Bai Yulan and Song Hunhou, they heard what Yu Sheng said, and they all immediately disagreed with this matter.

Generally speaking, because it is too dangerous, they don't want to let the rest of their lives go. If they want to go, they are more inclined to take someone with them.

"Okay, I just told you just now, don't be so nervous." Yu Sheng pulled the Magnolia aside, and calmed the people present to see how nervous they were.

In that way, I feel that I am not going to save people, but I am going to die by myself.

"Isn't it all because of worrying about you?" Song Houyu frowned while sitting on his right hand side.

Going alone to the Wang family sect is not just for fun. If you have enemies with the Wang family sect master, or murder your son, what should you do if you are trapped there?

The more they thought about it, the more worried they were in their hearts, one or two raised their eyes to look at Yu Sheng, with expectations in their eyes, hoping that he could dispel this idea.

**Chapter: 1773**

“Okay, can you not be like this?”

For the rest of his life, a few of them looked at them, and they twitched their lips and smiled, breaking the tense atmosphere.

“I dare to say that. If I decide to do this, I have the ability to protect myself. You don’t have to worry or worry about this matter. When have you seen me do something unsure.”

Yu Sheng explained the matter to them with reason and emotion. He said: “What’s more, Wang Hu is a good friend of mine. Although he is a little fool, his character is very simple. If I watch With him in trouble like this, can you forgive yourself if you replace him?”

Everyone shook their heads after hearing this. They couldn’t forgive themselves, but... they were more worried about the rest of their lives!

When Zhu Xiaoshu heard what the master said, tears suddenly filled her eyes. She squashed her small mouth and said, “I know the master will not let me go, but we are also very worried about the master, master, you Why don’t you let me go with you, my Yingzheng has been so perfect in practice, I can definitely help you.”

Except for her grandfather Zhu Qingshan, for Zhu Xiaoshu the rest of her life is her family, and Xuantianzong is her home. How could she watch her master face the dangers alone?

“Don’t cry, don’t cry, don’t cry... The girl’s family is terrible.”

Seeing that little apprentice Zhu Xiaoshu’s tears that came just before the word, Yu Sheng quickly raised his hands to admit defeat, don’t cry, crying can’t coax yourself well.

Normally, a careless one can still say a few words, this cry, the rest of his life can’t stand it from the heart.

Although the other two women had stiff faces, their eyes were flushed, and it was obvious that they were about to cry.

For the rest of his life, he was a little drunk, and he knew that he would listen to Du Fei’s words first and then play, regardless of whether they were worried or not.

You see, I’m afraid that they are worried now, and I can’t get up or down. I’m stuck on this step and feel very uncomfortable.

“Master, they are all girls, it is not convenient to go with you, but I, I can go with you, although my strength is not very good, but I can help you after all.” Jia Ming also recommended himself, he With a serious attitude, I want to save Wang Hu with Yu Sheng from the bottom of my heart.

Yu Sheng was dumbfounded by these words, and gave Jia Ming a roll of eyes and said: “What are you going to do? You will follow along for a long time, I don’t know if I should save you or save him.”

“Okay, you guys don’t mess with me, can I solve it by myself? Good deed, it’s okay when I get back.”

Yu Sheng stretched out his hand and patted Magnolia’s head, soothing her obediently, everyone couldn’t help but nodded helplessly in the end.

After solving this problem in my mind, Yu Sheng also packed up and prepared to go to the Wang’s sect.

The Wang’s sect is not in Qiancheng. It takes about a day to drive from Qiancheng to Wang’s sect.

It took a long time, and Yu Sheng and Bai Yulan and the others made a long story short, and hurried on their way.

According to the expected time, Yu Sheng came to the Wang family sect. The Wang family sect was built on a mountain. The people living on the mountain were all members of the Wang family’s clan or clans, while ordinary villagers lived at the foot of the mountain.

The layout of Huaxia sects is mostly similar. Most of the sects are built on the mountain, and then there are villagers under the mountain.

It's really rare to see sects like Xuan Tianzong that are independent of anyone in the suburbs and surrounding areas.

When I arrived at the Wang's sect gate, I saw two gatekeepers, and Yu Sheng took out the pass tokens given to him by the temples.

He said: "I belong to the temples of the gods. I came here to find Master Wang Hu."

For the rest of his life, he did not report his real name or tell his origin, but moved in the name of the temples.

He didn't expose his name stupidly, waiting to be hunted down when the time came.

The gatekeeper glanced weakly at Yu Sheng, and then lowered their eyes. They completely ignored Yu Sheng's existence and stood there like a log.

#### **Chapter: 1774**

"Hello?" Yu Sheng said again.

But there was still no response. The two gatekeepers stared blankly in front of them, the screams in their ears and the people shaking in front of them did not exist for them.

Calling again, but out of politeness, if the other party does not answer, the rest of his life will not stretch his face to hit the other party.

Yu Sheng was also expressionless, and he said in a deep voice again: "It turns out that your Wang family treats people from the temples this way. I don't have this blessing to step in!"

Speaking of the latter, Yu Sheng stretched the ending. He said as if jokingly and threateningly, Yu Sheng originally wanted to move out of the temple masters, but these disciples would let themselves in with fear in their hearts. After all, the temples had accumulated prestige for a long time.

Unexpectedly, the two disciples who watched the door did react, but the reaction was not terrifying.

"All the temples? Return the masters of the temples? You laughed to death! Brother, have you heard what he is saying?"

"I heard it, but is it just the temple of laborers?" The other gatekeeper raised his eyelids and said indifferently.

Listening to what the two of them said, there was no way to put the temples in their eyes, that kind of indifferent tone, and at the same time it was contemptuous.

For the rest of his life, he wondered, is Sect Master Wang Hong of the Wang family arrogant now? Even his disciples look like this?

The power of the temples in martial arts is so huge, for the rest of my life, I still remember how Wang Hong, the lord of the sect of the Wang family, bowed and endured in front of the temples last time.

How could the attitude this time change so quickly!

There was definitely something wrong with it, Yu Sheng carefully observed the two gatekeepers in front of him.

When they spoke, they listened indifferently and indifferently. However, after paying attention to the details for the rest of their lives, they found that they obviously had no confidence. Saying these words was like those who suddenly became rich.

For the rest of his life, mobilizing the undercurrent of martial arts in his body, he said word by word:

"Since you look down on the temples so much, don't blame me for being rude."

When the words fell, the hand made a knife and slashed directly at the two of them. One of the two gatekeepers was hiding quickly, and the other was chopped by the rest of his life. The people looked at the problem, but the bones in the bones were broken. It's like it hurts terribly.

“Ahhhhh...it hurts...”

The gatekeeper screamed and rolled directly on the ground, and the other one who avoided, finally recovered, he didn't dare to yell any more.

He picked up the token of the temples that Yu Sheng had just thrown aside, and looked at it carefully, and then his pupils immediately widened, his eyes were shocked.

He held the token and murmured: “This is true that all the temples have tokens...”

Their original attitude was not as complicated as the rest of their lives had imagined. The power of the temples was extremely large, and occasionally some people liked to pretend to be their people, and then cheated and cheated.

They often encounter this kind of people, so they subconsciously classify Yu Sheng as this kind of person, not thinking that Yu Sheng is actually a person from the temples.

The person who had not been hit immediately knelt down and said: “My lord... I'm sorry, this adult is a small one who doesn't know Taishan. It's all small mistakes. Please forgive me. We were wrong. It's just a folk. There are too many people pretending to be your gods to eat and drink, so we are so sorry, sir.”

He knocked his head while talking, his forehead was bleeding out, and the other one, the other gatekeeper, even though his body was in terrible pain, also knelt down, and he was squeaking speechless, but, Yu Sheng actually understood what he meant.

I was also apologizing. I thought that Wang Hongpiao was too much. It turned out that he hadn't been floating for a long time, but was afraid of being deceived!

“I forgive you for being forgiven, only this time there is no such thing as an exception. If you dare to despise the temples like this, it's still like this...”

For the rest of my life, I hadn't finished speaking, and a palm slashed towards the stone lion not far away. The stone lion shattered instantly because of the wind from his palm. At the same time, the two disciples who opened the door shivered with fear.

## **Chapter: 1775**

After such a shock, Yu Sheng stepped into the Wang family's sect. The Wang family's sect was prosperous and dazzling.

Yu Sheng walked inside. He wanted to find Wang Hu at the family courtyard of the Wang family's sect. The family courtyard was at the innermost level, and he had to cross the many important hurdles of the Wang family's sect before entering.

It is not a simple matter to dress in his clothes to get into the innermost layer. To avoid trouble, Yu Sheng stunned a disciple of the Wang clan and changed into the other party's clothes.

After changing into the other party's clothes, he really improved a lot, at least he could walk around without fear of others' eyes.

In particular, there are many disciples of Wang's sect. They can't remember so many people. Therefore, for the rest of your life, you don't have to worry about someone thinking that something is wrong with him.

After wandering around the outside of the sect for a long time, there was no way to find the way to enter the inner side of the Wang's sect. Finally, he stopped another disciple and asked, only then did he know that he was going to the west.

For the rest of his life, he walked straight in the direction that the disciple pointed out to him, his heart hanging in his heart, and he was very worried about Wang Hu on the way.

That guy was dumbfounded and didn't know what was going on. Yu Sheng was actually very scared to

see his friend's bruises all over his body, even if he was a fool, he didn't know.

When he was approaching the inner courtyard of the family members, Yu Sheng suddenly heard a sound of punches and kicks, and a person crying for mercy.

That voice is unspeakable and familiar, as if you have heard it somewhere?

Yu Sheng slowly approached the source of the sound. He hid behind the carved stone, quietly listening to what happened?

"This guy is the so-called only direct descendant. It's pretty good, but it's a pity that he is a fool."

"Isn't it? I finally became the one and only one, this family position definitely fell on him! It's a pity, you look like a fool! Hahaha..."

"Don't talk about it, the fool is more talented than you, maybe in the future! He is really the owner of this family."

The crowd rushed around a man with a bruised nose and swollen face who had been beaten by them.

The man squatted on the ground, holding his head in his hands, pitifully.

After Yu Sheng heard this, his heart was shocked. He secretly glanced at it from the corner of his light, and saw a huge figure with a plump flesh.

It's Wang Hu! What these people are saying is that the bullying person is Wang Hu!

He knew that Wang Hu was a fool, and his life in Wang's sect was definitely not very good, but he didn't expect such a group of people to dare to bully him.

Some of these people wore the same clothes as their disciples, and some of them were dressed more gorgeously, and they seemed to be collateral disciples.

He clenched his hand into a fist and saw the anger in Wang Hu's heart hit his forehead. For the rest of his life, without thinking, he rushed out.

I mobilized my whole body to beat everyone, while still not forgetting to shout at Wang Hu, who was holding his head and crying: "Hurry up and stand up for me, whoever beats you will beat me back."

Hearing this voice, Wang Hu raised his head weakly, saw that the original sadness after Yu Sheng had been swept away, and instantly replied happily: "Okay."

Wang Hu is also a master no matter what, the two of them worked together to piss off the ass of this group of people.

Those collateral children who saw Wang Hu dared to resist, but couldn't beat Wang Hu by their own ability, could only say harshly: "You dare to hit me. When you are finished, I will go back and tell me, Wang Hu, you are finished."

"And you, you are just a disciple, you dare to do something to us, you are finished."

When the other party spoke harshly at Wang Hu, he did not forget to speak harshly at the rest of his life, who was wearing the clothes of his disciples, like a dog in the water that kept violent.

Yu Sheng shook his fist. He said, "It's not what you said that I can't finish it, but if you don't leave, you're finished, that's true."

Yes, for the rest of my life, the naked ones are threatening these people, but they are just some foxes in tiger skins, and I am not afraid of them for the rest of my life.

When everyone saw Yu Sheng's appearance, there were no people in these remote areas, and they didn't dare to leave in a hurry.

## **Chapter: 1776**

Seeing those people are gone, Wang Hu walked slowly towards Yu Sheng, his voice was very pleased and asked: "Why are you here? Did you come to see me?"

This sentence, when replaced by ordinary people, is just a very ordinary sentence, but when it is said in Wang Hu's mouth, it is simple and cute, just like the kind of child said.

Because of his obesity, he walked very slowly, more than 400 kilograms. When he walked, he could even feel a little bit of trembling in the land under his feet for the rest of his life.

"Fool, I'm not here to come to see you, I'm here to save you." I used internal force to push Wang Hu away, who was going to embrace him, and looked at the other side up and down. As Du Fei said, they are all new. Wounds and some unhealed old wounds.

Yu Sheng frowned and said angrily: "Those people bullied you, why don't you fight back?"

Yes, he just heard Wang Hu. He squatted on the ground alone, crying for mercy. For the rest of his life, he didn't understand that Wang Hu obviously has such a powerful strength. Why should he do this?

"Uncle said he can't hit them, or he will hit me." Wang Hu waved his hand with a frightened expression on his face.

Hearing this explanation, Yu Sheng could still understand a little bit. Yu Sheng curled his lips and asked again: "Then I just asked you to fight, why did you fight again?"

"Because you are for the rest of your life! We are friends, what you asked me to do is what you can do!"

Wang Hu scratched his head, the fat on his hands, because his actions kept shaking, making people look good. Frightened.

However, Yu Sheng felt extremely warm, this fool sometimes wondered if he was really stupid.

Yu Sheng beckoned to Wang Hu, asked him to take two steps forward, and then took one out of his arms. The porcelain bottle opened his hand and wiped it lightly, and then wiped the thing on Wang Hu's arm and the injured area.

"This is a wound medicine. After rubbing it, the new and old wounds on your hand will be cured." Yu Sheng wiped Wang Hu angrily, and then asked: "Your injuries, except those who beat them. In addition to that, how do others feel?"

This time, Wang Hu didn't have any questions or answers. He shook his head and shut up, but even if he didn't say it, Yu Sheng would know it.

Du Fei told him everything, didn't they all do it?

That guy was fine, he was so angry that he didn't go to the elders and the patriarchs. He beat Wang Hu when there was no one in his back at night, bullying the soft and afraid of hard dogs.

After finishing the medicine on Wang Hu, Yu Sheng took his hand and walked away. Yu Sheng said, "Go, I will take you out of here. We won't stay in this horrible place."

This time I came here to rescue Wang Hu and take him away. Now that Wang Hu was finally found, Yu Sheng directly took him by the hand to take him away.

"But, Uncle... Uncle is still waiting for me to go back." Wang Hu shook his head. He wanted to refuse but was afraid of hurting the rest of his life, so he could only stand still.

Because he was too fat and had a martial arts bodyguard, he really couldn't move him for the rest of his life.

Yu Sheng rolled his eyes helplessly: "Your uncle, your uncle is a scum, what do you do when you listen to him? Listen to me and follow me."

Don't mention Wang Hong. As soon as I heard of this person, Yu Sheng couldn't help but cut him off.

Yu Sheng said angrily at Wang Hu: "Look at what he beats you like, do you remember him, can you call you uncle? Whose uncle is like that!"

People often say that tiger poison does not eat children. Although Wang Hu is not Wang Hong's biological son, he is half a nephew anyway.

As a result, if you make people stupid, don't talk about it, and take people out of their anger when something happens. Who can stand this?

"Uncle...Uncle..." Wang Hu was stupid and didn't know how to refute Yu Sheng for a while, so he couldn't stop calling his uncle.

Shouting Yu Sheng's forehead hurt, I wanted to stun him, but stunned him, he was more than 400 kilograms, it is really troublesome to take away.

### **Chapter: 1777**

"What do you want me to do? My good nephew!"

Just when Yu Sheng's forehead was sore for a while, a voice that shouldn't have appeared rang in his and Wang Hu's ears.

Yu Sheng raised his head and looked at the voice. A damp figure appeared in front of him. At this time, the light was a little dazzling, and he couldn't see the faces of the people in front of him.

The headed person said with a smile but a smile: "Sect Master Yu is here, why don't you tell me, I can also host a banquet to welcome you!"

"Uncle..." Wang Hu stood in front of Yu Sheng, and he blocked Yu Sheng with a weight of four hundred jin.

Yu Sheng noticed the movements of Wang Hu in front of him. He was trembling obviously when he called his uncle. He was afraid, but he still stood in front of him without hesitation.

There was an indescribable touch in my heart, as if it was filled with something.

Stepping out from behind the big fat man in front of him, Yu Sheng finally raised his eyes and looked directly at the group of people in front of him. They were Wang Hong, the lord of the Wang family's sect. The people behind Wang Hong looked gorgeously dressed, probably the elders of the sect. Or the elders in the clan.

"If I tell you, then I won't even want to step out of this door today." Yu Sheng replied with a faint mouth curled.

Upon hearing this, Wang Hong immediately laughed and said, "Do you think you can still walk through this door today?"

As soon as this sentence fell, the atmosphere immediately became tense, and it felt like the air was frozen.

The other party is threatening the rest of his life, and at the same time, he is also saying that there is absolutely no return for the rest of his life today.

Not long ago, Wang Hong heard a message from the person who locked the door saying that the people from the temples were coming, and this time they were from the real temples.

After repeated questioning, Wang Hong confirmed that the person who came this time was Yu Sheng. Yu Sheng came in the name of the temples. What exactly did their sect want to do?

However, since the rest of his life is here, don't even think about going out alive, and must avenge his son.

Thinking of this, he immediately summoned the major elders, Manzongmen searched everywhere for the rest of his life, and now he finally found it.

"Whether I can walk out of this door today is not your decision. Does Sect Master Wang want to do things right with the temples?"

Yu was indifferent, and he couldn't even see any emotional ups and downs on his face, which made Wang Hong, who was originally intricate in his heart, a moment of retreat.

He had the idea of shrinking, not because he was afraid of Yusheng, but because he was worried about the temples behind Yusheng. He also saw how the masters of the temples fancy Yusheng at that celestial meeting.

Because of this, he had always only dared to understand small movements behind his back, and he didn't dare to directly put this matter on the bright side.

His eyes were fixed on Yu Sheng, he was thinking, is he really going to do this?

His son! Wang Ji! Wang Hong closed his eyes thinking about this, and opened them again after a while, this time his eyes were full of killing intent.

"Uncle...Don't hurt the rest of your life, don't hurt him, hit me if you want to hit you."

Wang Hu stopped in front of Yu Sheng again. He didn't know what was going on, but he knew that his uncle's eyes were dangerous, so he treated himself exactly the same as usual.

He was afraid that his uncle would fight for the rest of his life, so he shouted those words.

"You idiot, if he has the ability, he will hit me directly, and put it here and threaten me with some nonsense, what's the matter?"

"You can think about it. If something really happens to me here, just wait for the temples to come to ask for trouble."

When Yu Sheng said this, he didn't look at Wang Hong, the lord of the Wang clan, but stared at the elders behind him. After hearing this, the elders fell into deep thought as Yu Sheng thought. They looked at each other, some shook their heads, some nodded, and they looked like they were undecided.

Yu Sheng curled his lips and continued: "For a dead person, offending the celebrity in front of the Lord of the Temples, do you think it is really worth it?"

Listening to the whispers behind him, they all said not to fight Yu Sheng again, and those elders who let Yu Sheng go, Wang Hong immediately drove the internal strength of his body.

He said: "As long as he stays here, there will be no confrontation when the time comes, how can the masters of the temples take us?"

"Also, look at this person who killed my Sect Master, and now he is swaggering into my sect without any scruples. If he is a little bit bloody, he will not be allowed to leave here alive."

Wang Hong said this with awe-inspiring righteousness, and he couldn't see the selfishness in his words at all. The starting point of each sentence was for the sect and everyone in the sect.

If everyone didn't stand on the same front with him, he would have failed his kindness.

Standing there, Yu Sheng couldn't help but want to applaud the other party. What he said was great. If he hadn't been one of the parties involved, he would have been instigated to kill himself by the Wang's Sovereign.

## **Chapter: 1778**

"Your man's blood is not staying in the protection sect? Is it really a special male blood to use it to fight fiercely..."

Yu Sheng clapped his hands while doing it, looking at the ebony group of people in front of him, with ridicule in his eyes.

"Forgot to tell you one thing. The lord of the temples left a shadow chaser on me. Once I die, the shadow chaser will project the last thing that happened in my lifetime to him, and he will do it for me. Revenge, you should think about it, are you sure you still want to do this?"

Yu Sheng frowned and shook his head and continued: "When is this retaliation? You let yourself forge

enemies for the death of someone else's son, why bother?"

He didn't say anything, but it was just a ridicule, but he said everything. As soon as his words fell, the elders stepped back one after another, and were no longer on the same line as the king's sect master. The elders smiled and pleased: "No matter what Sect Master Yu said, we don't want to do anything from beginning to end. We just came out to welcome Sect Master Yu."

"Yeah! Yeah! You are the celebrity next to the hall master, you will have to say a few good things for me in front of the hall master at that time!"

They were still too afraid of the temples, they were hesitant in their hearts, but now they dare not go. Wang Hong wanted to provoke everyone to go together, but looking at those people, he finally shook his head helplessly.

"Yeah, we just came out to pick up Sect Master Yu." Wang Hong followed the elders' words, gritted his teeth and felt helpless.

Yu Sheng didn't care, he didn't care about the attitude of these people, Yu Sheng waved his hand and said, "You don't need to teach me, I just came to Wang Hu, I will leave immediately."

Pointing at Wang Hu, Yu Sheng said, "Although he is the only heir to your sect, he is stupid, and you don't need him anymore. Or give this person to me, and I will take him away."

The people of the Wang clan were willing to follow their suzerain to look for Yu Sheng everywhere. The first thought was that Yu Sheng would come and make trouble, so they followed.

Unexpectedly, I was looking for a fool for a long time, everyone gathered face to face, looked at each other a few times and frowned.

They all didn't talk until the rest of their lives didn't want to wait, and urged: "Can I take him away? Give me a chance."

It is always an easy thing to take Wang Hu for the rest of his life, and it is also not an easy thing.

Wang Hu is a fool, and it's useless to keep it. It's a little worthy to please the rest of his life, but it's harder to say that Wang Hu is now the only direct line left in the Wang family. It's so casual. Taken away, is it a bit too slapped in the face of Wang's sect?

The elders of the Wang family's sect looked at Wang Hong one after another, and wanted him to express his attitude. Wang Hong's expression became entangled. He said, "That's not good."

Looks like this, is the Sovereign unhappy? The elders are also not easy to slap Wang Hong in the face, no matter how they say they are their own suzerain, aren't they? They opened their lips lightly, and they wanted to follow Wang Hong's words. Then, Wang Hong's next sentence choked off all the long talks in their hearts.

"It's not impossible to let him go with Sect Master Yu, Wang was at the beginning! I especially wanted the tokens of these temples, but we all know how difficult it is to get the tokens of the temples. For this reason, Wang has always Brooding."

While talking, Wang Hong stared at Yu Sheng's waist. There was a copper token hanging from Yu Sheng's waist. It was a token belonging to the temples.

With this token, you can go unimpeded wherever you go, and even others have to entertain you. The benefits of this token are too many, the most special is that he recognizes the token or not, who holds it. Anything is fine.

Wang Hong wanted this token, and he never thought about doing anything bad with him, and he didn't dare to use the face of the temples to make fun of it.

I just want to take something from Yu Sheng, plus this token, it does have a little bit of use.

"It's this little thing?" Yu Sheng looked at his waist, then pulled hard, pulled off his waist card, and threw

it to Wang Hong, who was on the opposite side: "Give it to you if you want, but he has to follow me." Yu Sheng gave the token to Wang Hong, and then pointed at Wang Hu. This is considered an exchange. The token may be invaluable to others, but to Yu Sheng, it is nothing. Illness is nothing more than a dead thing, which can be compared to a living friend.

### **Chapter: 1779**

After Yu Sheng left the Wang family sect, Wang Hu's mind was dizzy, even though his mind had never been sober, while he was dizzy, Wang Hu was still a little confused.

With his current mind, he can't understand what is happening around him, the only thing he can feel is that he seems to be abandoned.

"Yu Sheng, where are we going?" Wang Hu asked after Yu Sheng.

Yu Sheng turned his head and glanced at him, and then replied, "I will take you back to Xuantianzong. From now on, Xuantianzong will be your home."

Wang Hu lowered his head and did not speak when he heard the words. There was a sad and disappointed atmosphere around him.

Yu Sheng knew that Wang Hu looked stupid, but he was actually very smart. He must have felt it, but Yu Sheng didn't know how to comfort him.

I could only open the car door, sit in the driver's seat, let Wang Hu sit in the back and drove the car, and walked back to Xuan Tianzong speechlessly all the way.

Yu Sheng now has a thought in his heart, that is, he wants to heal Wang Hu's brain. Wang Hu's brain was maliciously fooled. It is not born like this, so there is definitely a cure.

Of course, even if he was born like this, he will definitely find a way to cure it for the rest of his life.

Why do you have such an idea? It's probably because of the look of Wang Hu just now, and the rest of his life can't bear the heartache, that's why I have this idea.

How good would it be if he wasn't stupid? If he understood how good all this should be, wouldn't he be as silly as he is now?

I came back much faster than when I went, probably because Yu Sheng knew the route. When the two arrived at Xuan Tianzong, the genius was slightly dark, and the light could still be seen.

Taking Wang Hu into Xuantianzong, there is no one in Xuantianzong, although it is still prosperous, but it is inevitable that there is some bleakness.

Desolation is not something that blooming flowers can cover up.

I don't know where they all went, but there was no one in Xuan Tianzong. Yu Sheng stretched out his hand to stop a disciple walking to his right.

Yu Sheng asked, "Where are Jia Ming and Magnolia?"

The disciples looked up and saw that it was their own suzerain, and immediately replied respectfully: "They are all in the backyard. There is a happy event in the backyard, so they didn't come to the front yard."

The disciples smiled when they said these words. This may be a big happy event, or else a beaming atmosphere can be seen in a disciple.

Because of the disciples, the desolation just now was wiped out at this moment.

"What happy event?" Yu Sheng asked.

The disciples shook their heads without saying anything, and hurriedly left while laughing, making Yu Sheng look bewildered.

The other party didn't say anything, and Yu Sheng had no other way. He could only beckon Wang Hu

behind him: "Let's go, let's go and see what the big happy event is. They are happy to be like this." Going deep, it took a long time to come to the backyard, and stood there for the rest of my life, listening to the happy muttering.

The sound came from my own room. It was not accurate to say that it came from the room between myself and Magnolia. Yu Sheng Lian Yi walked to that room.

As soon as I opened the door, I saw a lot of people in the room. There were two apprentices of my own, Zhu Qingshan, Song Houhou, and some high-level Xuantianzong.

Yu Sheng frowned, what are these people doing around here? Especially Magnolia, why is she lying on the bed.

When he came to the bed, Yu Sheng stretched out his hand and touched Bai Magnolia's forehead. He asked, "What's the matter with you? Why are you lying here?"

The onlookers laughed when they heard his question. They said nothing, quietly waiting for Magnolia to answer by herself.

"Why did you come back suddenly?" Magnolia was also a little stunned, looking at the person sitting next to the bed in front of her, she replied: "What's wrong with me, I'm fine, don't worry."

"You can rest assured that you are like this?"

Something big must have happened! Otherwise, how could these people be all around here? Especially White Magnolia, who is still lying on the bed now, how can this keep the rest of her life from thinking about it?

## **Chapter: 1780**

Seeing the appearance of the two, Zhu Xiaoshu, who had been watching the show, finally couldn't bear it. He smiled and said cheerfully: "Master, don't worry, Miss Bai has nothing to do."

"If you really want to say something, then you are going to be a father." Zhu Xiaoshu shouted very loudly when he said the latter sentence.

See how happy she is talking, it is hard to tell that she is going to be a father for the rest of her life, as if Zhu Xiaoshu is going to be a father by herself.

I was worried about Magnolia for the rest of his life, but I was confused by this, what? Are you going to be a father?

What's the matter? I just went to the Wang Clan to save Wang Hu. How come everything has changed drastically after coming back?

"Yeah! Master, you are going to be a father, and I will have a little brother and sister again soon." Jia Ming on the side also said.

Yu Sheng turned his head and looked at the people around him. Each of them was beaming, and he was very happy. They all welcomed the arrival of this little life.

Magnolia noticed Yu Sheng's face and patted his hand very puzzledly and asked, "What's wrong with you Yu Sheng? Are you unhappy?"

Looking at his appearance, is it unhappy that he has this child? Is that going to be knocked out? Bai Yulan lowered her head, and at this moment her mood was a little depressed.

Noting the change in Magnolia's mood, Yu Sheng shook her head quickly and explained, "No, I'm not upset. I just didn't react a little bit. I don't understand how I can go out. Become a father."

Although Magnolia was really proactive a while ago, Yu Sheng also thought about it recently that she might get caught in this matter recently.

However, it was too sudden, and the whole person's brain was smashed out of the circle in an instant.

“Are you really upset?” Bai Yulan raised her head and asked with a slight injury in her eyes. The arrival of this child was all expected for her, because during the time she was with the rest of her life, Magnolia had been preparing and planning the arrival of this child. She wants to have a child for the rest of her life, a child who belongs to the same blood of her and the rest of her life.

Suddenly he hugged Magnolia in her arms, and put it in her ear for the rest of her life and said: “No, I am not upset. On the contrary, I am very happy, very happy to have a child with you, very happy this new The coming of life.”

The arrival of this new life seems to indicate that Xuan Tianzong will definitely welcome the sun and flourish in the future, which is really very good.

Although he is already the father of a child, even though he already has a child, the rest of his life still looks forward to him and Magnolia’s child.

I have always been looking forward to the fact that Magnolia will look so good, and the children born will be good-looking, but I don’t know whether it will be more like my father or mother.

Hope, I can be more like my mother.

“Thank you for the rest of your life. I am also very happy. I am really happy during this time with you.”

Magnolia closed her eyes and leaned on Yu Sheng’s shoulders, expressing affectionately.

Look at the actions of the two of them, it’s a dog abuse!

Zhu Xiaoshu curled his lips to one side, babbling in his mouth: “Look at the sweet looks of the two of them. I think the child was born to complain about himself because it was an accident. The parents really love it.”

“Say a few words, that’s your master.” Zhu Qingshan coughed lightly and motioned to Zhu Xiaoshu Shao poor.

The two of them looked like this, and the others were too disturbed by the onlookers, and they retired silently.

Zhu Xiaoshu and Jia Ming were also dragged down by Zhu Qingshan. As soon as the three of them exited the room, they saw Wang Hu standing outside.

The door of the room was too small, Wang Hu couldn’t walk in more than 400 jin, so he waited outside.

Wang Hu didn’t know what was going on, and the others were stupid and shouted at Zhu Xiaoshu: “I wish you sister a long time no see.”

The tone of other people’s silly shouts was also different. When they called Sister Zhu, they felt they were calling Sister Pig, which made Zhu Xiaoshu’s chest tight after hearing this.

You said that being called to sister by such a master was originally a happy thing, but how can you be happy?

“Don’t call me anymore, I think my soul is about to be screamed by you.” Zhu Xiaoshu rubbed his arms around his hands, a bit of cold.
