Chapter: 18

Cosmopolitan Group is a new-generation second-generation integrated Internet company in China.

It has three different types of video apps, a film and television media company, and a recommendation engine product based on data mining.

Over the years, under the leadership of Xia Jun, he has seized a considerable amount of traffic.

However, compared with the domestic big Internet such as Penguin, Ari, and Byte Roll, there is still a gap.

This time, Yu Sheng has acquired Sihai Group strongly, of course, he can't keep following the butt of the three major Internet giants.

Isn't it just burning money to seize traffic? What he has is money investment.

Outside the office for the rest of his life.

"The chairman's personality may be a little cold. When the two of you talk, please pay attention to your tone. If the chairman is unhappy, Yan Wang will not be able to save you." Xia Jun looked at Zuo Mingyue and said.

His eyes swept over Zuo Mingyue's sexy figure, with a touch of regret in his eyes.

Originally, he wanted to take Zuo Mingyue down, but he didn't expect it to be pushed back by her manager Xu Fen.

"Yeah." Zuo Mingyue nodded.

Xu Fen suddenly said: "By the way, a security guard named Yu Sheng just ran into Mingyue's car. It was quite arrogant. You helped me drive him. Look at him as disgusting."

What?

Xia Jun was startled and his expression changed drastically. Just as he was about to stop the two of them, he saw that Zuo Mingyue had already knocked on the door and pushed in.

He reached halfway, but it was too late.

Xia Jun secretly said that it was bad, and hurriedly followed in.

“It’s you!” Zuo Mingyue pushed the door in, and saw the chair of the chairman’s office. Yu Sheng was leaning on the back of a cigarette and was shocked.

“You are so courageous, you went to the chairman’s office to smoke a cigarette!” Xu Fen suddenly shouted when he saw Yu Sheng.

“It turns out that I ran in to smoke privately, and I was shocked. You are so stinky, so courageous, that you dare to sneak into the chairman’s office.”

Zuo Mingyue reacted and immediately scolded: “Quickly confess, are you an undercover agent sent by another company to steal our chairman’s file?”

I’m an undercover agent?

Yu Sheng spit out the smoke and looked at them playfully.

Xia Jun, who followed in, turned pale, and hurriedly shouted, “Shut up to Lao Tzu!”

He was furious, Zuo Mingyue and Xu Fen trembled, looking at Xia Jun in confusion.

“Manager Xia, he is the smelly security guard I just told you!” Xu Fen reminded.

“Snapped!”

Xia Jun slapped Xu Fen’s face, furious: “Are you fucking blind? This is our chairman!”

“what?!”

Xu Fen and Zuo Mingyue’s eyes widened, and they couldn’t believe it.

“Snapped!”

Xia Jun slapped his face directly, lowered his head, and said in fear: “Yu Shao, I’m sorry, I don’t know that they both offended you, it is my fault, I ask Yu Shao to punish you!”

Isn’t he a security guard?

Why did you become the chairman?

Zuo Mingyue and Xu Fen trembled. Seeing Xia Jun’s panic, they were also scared.

“Snapped!”

Xu Fen reacted quickly, slapped her face hurriedly, and bowed her head to apologize: “Chairman, yes, sorry!”

Before, the two of us had no eyes and ran into the chairman, and asked the chairman to give us a chance to make up for it! “

As she said, she pulled Zuo Yueming’s clothes corner, Zuo Mingyue let out an ah, and hurriedly bowed her head to apologize:

“Dong, Chairman, I’m sorry, I was wrong, I, I…”

Seeing the three people bowed their heads in fear and sincerity, Yu Sheng sneered: “Since it is an apology, at least it must be sincere, right?”

Xu Fen trembled and motioned to Zuo Mingyue to slap herself.

Only then did Zuo Mingyue react, and hurriedly slapped her face, her little cheek flushed with red.

“Chairman, I’m sorry, please don’t care about me and give me a chance of redemption!” Zuo Mingyue trembled, not daring to lift her head.

Yu Sheng looked at Zuo Mingyue and Xu Fen, took a bit of a cigarette, and then faintly said, “Say, what can I do?”

“Nothing, nothing.”

Xu Fen hurriedly said: “We just came to meet the chairman and see if the chairman has time. Mingyue would like to invite the chairman to have a meal.”

“Yes, we just want to invite the chairman to have a meal!” Zuo Mingyue nodded hurriedly.

Yu Sheng glanced at the two of them silently, then moved his eyes to Xia Jun.

Xia Jun hurriedly explained: “Yu Shao, Zuo Mingyue is a contracted artist of our Volcano Media Company, and Xu Fen is Zuo Mingyue’s assistant. The two of them heard that the group company had changed the chairman of the board, so they approached me and said they wanted to see me. Let me give you a little bit, and then if you have time, I will invite you to have a meal.”

Yu Sheng looked at Zuo Mingyue and said solemnly: “Eating is a trivial matter. I only have one requirement for my employees, to be pragmatic and upright. If this is done well, it would be better than asking me to eat ten or 100 meals. It also allows me to pay more attention to you.”

“especially you.”

Yu Sheng looked at Zuo Mingyue and snorted coldly: “As a public figure, he doesn’t pay attention to his own image at all. You make mistakes and have such a tough attitude. Do you feel that you have become popular all over the world and are not afraid of the media’s negative impact on you Is it affected?”

The company has spent a lot of money to package you out, so that you can bring more benefits to the company, instead of letting you vent your bad temper at will! “

The tone of the next few words was a bit heavy, and Zuo Mingyue couldn't help trembling all over.

“Dong, Chairman, I was wrong, I will never dare to mess around again!” Zuo Mingyue said hurriedly.

“Seeing that your attitude is still sincere. I will give you another chance today. If I see your bad temper next time, don't blame me for banning you!”

Yu Sheng waved his hand and motioned for the two to go out.

The two knew, and hurriedly backed out.

“Yu Shao, I...” Xia Jun lowered his head, not daring to look at Yu Sheng.

“Okay, this matter is over. I asked you to inform the other shareholders of the meeting yesterday, right?” Yu Sheng asked.

“Well, they are all here too, and they are waiting for you in the conference room at this time.” Xia Jun said.

“Well, go to the meeting room.” Yu Sheng nodded, got up and walked outside, Xia Jun hurriedly followed.

at this time.

“Sister Xu, what should we do? We offended the chairman to death today. Will he really block me?” Zuo Mingyue said worriedly.

She really couldn't understand that Yu Sheng was clearly the chairman, but she had to dress up like a gangster. If she knew that Yu Sheng was the chairman and gave her a hundred courage before, she would not dare to offend Yu Sheng.

Xu Fen was silent and said, “I feel that the chairman will not block you.

Although he looks cold, but based on my years of experience in seeing people and what he said, I think the chairman is a cold-hearted man.

Mingyue, believe me, you will behave better in the future. After a few days, when the chairman is relieved, we will visit him again, invite him to dinner, and test what he means to you. If he treats you in that sense, it's impossible for you not to be popular. “

“Well, then come back in a few days. I believe that on my terms, the chairman will definitely not be able to refuse me.”

Zuo Mingyue nodded, she was still very confident about her condition.
