

Dont mess 1811

Chapter: 1811

"It's an honor to work for you."

The two shook their hands and spoke straightforwardly. This time for the rest of their lives, they could really be sure that the other party was trying to please themselves.

What did I do to make these two people please me?

Confuse? Puzzled?

Don't say the rest of your life is puzzled, other spectators are also very puzzled? Although they have never been in contact with that top circle, they have also heard of the arrogance of these people a little, and they did not expect to see such a side one day.

Yu Sheng waved his hand, smiled and said to the two of them: "Don't do this, you guys have confused me like this."

The two of them were really confused when they saw Yu Sheng, so they didn't go around and say some polite remarks.

One of the two took out a token from the bag, handed it to Yu Sheng with both hands, and respectfully said: "We came here this time to send you the token. This is the order of the next palace lord. Card. Your name has been filled in the genealogy of the gods. From now on, you will be the new master of the gods. We are all your subordinates. The temples of the gods are already preparing for the succession ceremony. We are all waiting for the new master of the gods. 's arrival "

I knew every word of what the other party said for the rest of my life, but suddenly I didn't understand it for the rest of my life together. What were they talking about?

The new master of the temples? What the hell? Are they sure they are talking about themselves?

How do you feel that you are not a little confused, but very confused?

Yu Sheng asked: "Can you say it again?"

The two people from the temples looked at each other and then said in unison: "You will succeed the next master of the temples. The temples are preparing for the succession ceremony. At that time, the old master will personally crown you. , We are waiting for your return."

Yes, it was wrong. Not only did Pei Tianqing let people come over to announce this, but they also prepared a succession ceremony.

This old fox really calculated every step, and within the scope of his ability, he tried his best to pave the way for the rest of his life.

Of course, it can only be within the scope of his ability, and the rest will have to pave the way for himself for the rest of his life. After all, the masters of the temples are not so easy to behave.

"What are you doing? Are you telling a joke? Sure, it's not April Fool's Day?" Yu Sheng shook his head in disbelief, because he didn't believe what these people were saying was nothing short of fantasy.

Inexplicably good or not, my own Xuan Tianzong has just embarked on the right path, but tells myself that he wants to inherit the lord of the temples, and replace it with you, do you believe it?

The supreme of the martial arts pinnacle of the masters of the temples! At the same time, the person with the greatest power always feels that Pei Tianqing is joking or... because he took care of the Chen Family's Chengyue Teahouse.

Yu Sheng couldn't help thinking about it, the other people were also dumbfounded at this moment, thinking about it like a cloud of mud.

They didn't dare to believe that what the two people said just now, their suzerain turned out to be the

master of the temples? What are these things, surely it's not April Fool's Day?

"The old palace master knows that you won't believe this matter. He said that if you doubt it then, ask you to call him in person, and he will tell you."

The two were speechless when Yu Sheng asked, so they offered their assassins, which was what Pei Tianqing told them when they left.

As soon as their words fell, Yu Sheng immediately took out his cell phone and dialed the strange and familiar phone number.

After beeping for several times, he was answered. Yu Sheng took two steps to a secluded place. Then he said to the person on the opposite side: "Hall Master Pei, I am the rest of my life."

He asked politely, and then began to talk about the two people who came to his Xuantianzong to announce the message.

Yu Sheng and Pei Tianqing made this phone call for a long time, so that those who were not far away looked at the face of their suzerain, from shock at the beginning to indifferent later.

Chapter: 1812

After finishing the phone call with Pei Tianqing and confirming the authenticity of this matter, Yu Sheng was calmed down.

On the phone, Yu Sheng kept pushing himself, not wanting to be the master of the temples and let him find someone else, but that guy Pei Tianqing chopped up first and then wrote his name in. There is no way to change it. There is no way for Yu Sheng to be forced to do so. Catch the ducks on the shelves.

"I already know about this, you can go back, and when I finish the affairs of Xuantianzong, I will go to the temples of the gods to succeed."

After Yu Sheng hung up the phone, he came to the two people arranged by the temples to announce the message. After saying a few words, they sent the two to leave.

As a result, the two of them had just walked to the door, and Yu Sheng called them back: "There is one more thing to trouble you, that is, when the succession ceremony, give me a wedding by the way. The more gorgeous the better, because I have been in this life. Only married this time."

The brain twitched so badly that I almost forgot about this matter. It just happened that the matrix was bigger and the marriage was done together, which was of great significance.

The two smiled and nodded after hearing this, and then stepped back.

Zhu Xiaoshu and Jia Ming immediately surrounded them, and asked in a rush: "Master, what's wrong with this? Why do I feel that I am dizzy now?"

If it hadn't been for a phone call with Pei Tianqing, the lord of the temples, Yu Sheng would probably not figure it out.

He really didn't think that the guy had stared at him for so long, no wonder he said how he always protected himself, because he thought of himself as the next successor.

Since he was going to be the master of the temples of the gods, he had to arrange other things to do. Yu Sheng explained these things to the people of Xuan Tianzong while also arranging their respective future positions.

Song Huihou, this woman didn't know if she had stayed in Xuantianzong for a long time or something. She had feelings and she spontaneously said that she wanted to be the lord of Xuantianzong.

During this time she helped herself manage Xuan Tianzong, she really did a good job, and of course she was very happy that she was willing to take over for the rest of her life.

Immediately passed the position of Xuantianzong's sovereign to Song Houyu, and let Jia Ming learn from

her.

Don't look at Song Huiyu as just an enchanting beauty in a vase, her abilities are even better than her figure.

After several consecutive days of arrangement, Xuantianzong's affairs were finally arranged. After the arrangements were made, Yu Sheng took Magnolia and rushed to the temples.

There have been countless phone calls to myself, urging myself to go back quickly, they have already fixed it.

The temples of the gods are worthy of being the temples of the gods. It is very fast to build everything, and the human and material resources are not comparable to other places.

Bai didn't even know that Yu Sheng was going to succeed the next lord, let alone that there was still their wedding in this succession ceremony.

When she arrived at the temples of the gods, Yu Sheng left her there. Magnolia was so confused, she thought there was something for Yu Sheng.

She has always been considerate, and not angry, but secretly saddened out of sight for the rest of her life.

She was sad for a long time, she was taken to a place by the people of the temples, and then she put on a wedding dress and put on makeup. She felt like a Barbie doll, arranged inexplicably confused.

However, because she was pregnant, she was a little tired, and she was a bit silly for three years... and she didn't want to think about it, let it be at her mercy, Bai Yulan believed that in the temples, people would dare to treat her. Sample.

When it was almost done, someone held the white silk and tied her eyes, and then Magnolia felt that someone was holding her hand.

There were two very familiar auras beside him, and the other party was still very gentle and said in his ear, and walked slowly.

The voice was so gentle as his parents who were far away in Beijing, so tender, and so attached to them. Since coming to Yu Sheng's side, she hasn't seen her parents for a long time. Magnolia really misses her parents, but she doesn't want to leave Yu Sheng.

Mom and Dad are accompanied by other brothers and sisters, but they are the only ones for the rest of their lives! Moreover, she was pregnant and couldn't run around.

The rest of her life will definitely be worried, and Magnolia is afraid that she will be worried for the rest of her life.

Chapter: 1813

With voices in her ears, Bai Yulan tightly tightened the hands of the two people around her, she could already confirm that the person holding her was her mom and dad.

I don't know why mom and dad appeared in the temples, but Bai Yulan was very happy, no matter what happened, as long as she was with them, she was not afraid.

After that, Magnolia heard a deafening host, and at the same time it was playing very festive music.

That music is a classic song for weddings! The song that never goes out of style will appear every time.

He will be your bridegroom~from now on you will be your companion for life~

In the sound of this music, the host's voice also sounded: "Let us invite the bride, Magnolia."

Then came a roar of applause, and Magnolia was led out like this. At this point, Magnolia couldn't guess, then she was not stupid, she was stupid.

Yu Sheng brought himself to the Hall of All Beings, is it just for a wedding? He was so happy that he

jumped step by step that day, so that's what happened?

Magnolia faded away from her confusion, walked into the wedding venue with her parents, and started the normal wedding process. When it was about to end, Yu Sheng untied the white silk that bound her eyes and let her see everything about the wedding. Layout.

The entire wedding venue was covered with white roses, pure and clean, with colorful lights, and those familiar faces underneath had blessings on their faces.

The temples are not worthy of being temples, low-key and luxurious.

It's touching to think about being able to hold a wedding here, and not everyone can hold a wedding in such a place.

Magnolia looked up at Yu Sheng, how did he do it?

For the rest of their lives, they didn't have to answer this question for her, because they are now going through another process.

They were still the last step, and there was no ring exchange. Yu Sheng waved at a short distance, and immediately walked towards their position with two little flower girls.

The little flower girl also holds two small boxes in her hands, which are ring boxes.

Reaching out and taking the ring box from the flower girl's hand, Yu Sheng knelt down on one knee. He held the microphone in his other hand and looked up at Magnolia. He said: "Dear Miss Bai, I feel that I am still dreaming at this moment. Because I actually married my beloved girl home...

I'm sorry, please forgive me, forgive me for my incoherent speech at this moment, I don't even know what I'm talking about, and if my brain reacts, I just say it.

I am really happy, very happy that you can marry me, very happy that I can marry you, very happy that you are my bride.

No matter what the future is, whether it's lightning or thunder or anything, as long as you are by my side, I will be fearless."

Yu Sheng took out the ring while talking. He was obviously a martial arts genius. His hand should be extremely stable, but at this moment he was shaking.

His hands kept shaking, and tremblingly, he put a ring on Magnolia.

Listening to his words, Bai Yulan burst into tears, took another ring from the flower girl's hand, and tremblingly brought it to the rest of her life.

She stammered: "I am also very happy to be able to marry you and become your bride, my dear Mr. Yu."

Yes! Having experienced so much along the way, Magnolia is really happy that she married someone she likes.

The audience was full of guests. It was her parents, her relatives, her friends, and the other's friends.

Magnolia was really happy, especially since she didn't even know about this wedding. It is undoubtedly a surprise.

It was a surprise that God gave her, and a surprise that the rest of his life gave her.

The two embraced and kissed under the blessing of the host and the guests. Under their witness, they became husband and wife and became close people in this world.

Chapter: 1814

It has been ten years since the wedding of the two of them is the envy of the world. In these ten years, Yu Mubai has heard her old mother mention this wedding countless times.

His ears are almost coming out of cocoons. His father has spent the rest of his life. Look at his mother Magnolia. After so many years, he is still moved by this wedding.

Of course! She wasn't the only one who dared to move. It is said that the women who attended this wedding were all moved by this wedding, saying that if someone did this for them in their entire life, it would be worth their death.

Yu Mubai is really puzzled, what is so touching about this?

It may have been a dog abused by my parents over the past ten years, so I don't have any feelings about their union.

After all, his dad really spoils his mother too much, and then look at his name, it is appropriate that the two of them show love to use.

I don't have any human rights, and sometimes I really envy my brother Yang Xiaoshui. Although his name is perfunctory, he does not have any new names for bonus items.

Look at yourself again, absolutely absolutely.

Yu Mubai, who was already 10 years old, decided to run away from home today. He really couldn't stand it anymore.

With his suitcase on his back and riding his motorcycle, he was going to Qiancheng to find his brother. Just like this, Yu Mubai carried his bag, walked out of the temples lightly, and came to the door of the temples.

As soon as I sneaked out, I saw a girl outside the gate of the Temple of Gods, walking back and forth, the girl looked ** years old, she should be much younger than herself.

Yu Mubai quickly asked, "Little sister, why are you here?"

He just finished saying this, the other girl turned her head and glared at him. The girl pointed at him angrily and said, "Who is a little girl, maybe my sister is older than you."

This violent temper had a match with his senior sister Zhu Xiaoshu. Yu Mubai carefully looked at the little girl in front of him, wanting to see where she was bigger than herself from the other's face.

As a result, I can't tell it no matter how I look at it. Anyway, it's smaller than myself, his face is very tender, and he doesn't have his own height.

After walking two steps forward and looking closer, Yu Mubai suddenly felt something was wrong. How could this girl look a bit like herself?

This is not his father's illegitimate daughter, right? Yu Mubai asked tentatively: "This sister...what are you looking for dangling outside this door?"

"I'm coming to my father." The little girl said with an angry look at him.

Yu Mubai had a bad premonition more and more, I really did what I thought.

Yu Mubai asked again: "Then what's your father's name?"

"My father's name is Yu Sheng. Why do you ask so much? It's up to you." The little girl got hairy when asked, and went straight to her.

After hearing these words, Yu Mubai couldn't help but cried out for an instant. She was really an illegitimate daughter, her own crow mouth.

Seeing him crying, the little girl thought she was too fierce and a little embarrassed, so she hurried over to comfort her and said: "Why are you crying? Don't cry."

"How can I not cry? My dad has an illegitimate daughter, so I won't cry. How can I have my position in the future? Besides, this illegitimate girl looks younger than me?" Yu Mubai snotted. Tears, while crying, dragged the girl into the temples.

He had completely forgotten that he was going to escape from the temples to find his brother Yang Xiaoshui, and now he was dragging this girl to find his father to reason.

The little girl was violently grabbed. She wanted to get rid of her opponent's hand, but she couldn't do it

anyway. She could only helplessly ask: "Who are you? What are you talking about? What do you mean by you? dad?"

"Who am I? Of course I am Yu Mubai."

"What is my dad? It's clearly my dad and your dad, and your dad is my dad."

The little guy Yu Mubai spoke like a tongue twister, and he kept talking, just when the two children were talking, he came to the main hall of the temples of the gods.

Yu Mubai shouted inwardly: "Dad, your illegitimate daughter has come here, dad, come out quickly."

Chapter: 1815 (END)

Yu Sheng and Bai Magnolia looked at the girl who their son dragged in, with all their faces puzzled. What happened?

As soon as the little girl came in and saw Yu Sheng throwing away Yu Mubai's hand, she rushed towards Yu Sheng, Jiao Qiao and somewhat aggrieved, shouted: "Dad, I finally found you."

Just call Yu Sheng stunned, what dad?

When did I have such a big girl, why didn't I know?

When Magnolia heard the little girl's shout, she looked at the little girl in front of her seriously, especially when she hugged Yu Sheng, she looked special.

Like a pair of biological fathers and daughters, Bai Yulan looked at her son Yu Mubai and frowned. She was really an illegitimate daughter, right?

Holding the little girl in front of me, although Yu Sheng was very puzzled, somehow he felt a sense of intimacy inexplicably.

Yu Sheng rubbed the other's head. This wouldn't be the child that Xiang Kui gave birth to. It has been 10 years. Did Xiang Kui send this child back? It was a little girl?

Yu Sheng pulled the little girl out of his arms, and then began to interrogate the little girl, just ordinary interrogation, because he believed that the little girl in front of him was his own child.

When held in the arms, the sense of blood intimacy is not fake.

"So, you mean your mother's name is Xiao Zixin?" Yu Sheng asked suspiciously.

The little girl nodded and said, "Yes, my mother's name is Xiao Zixin, and my mother said that you and Aunt Bai are very happy, so that you two will always be happy."

When the little girl said this, she turned her head and glanced at Magnolia, and then said: "I used to be a little sperm from my father. My mother stole it, so I had me. Because I kept arguing for my father, she took it. I sent it back, but I only stayed for a while because I still have to be with my mother."

The little girl is very cute and she speaks softly. After so many years, Yu Sheng is surrounded by only two sons, Yang Xiaoshui and Yu Mubai.

As for the child of Xiang Kui, I still don't know what gender it is, or the first time I saw such a soft little girl, I couldn't help but feel a little affectionate when I saw it.

Magnolia was a little bit responsive at first, and thought that her husband had cheated on her back, unexpectedly it was such a thing.

Yes! The rest of his life is so good, it is normal for some people to behave like this, but it is pitiful, this child has not been accompanied by his father for so many years.

Magnolia took the little girl into her arms and asked softly: "What's your name?"

"I don't have a name..." The little girl shook her head aggrievedly, explaining that her mother didn't give her a name, saying that her father would.

After so many years, the child didn't even have a name. The rest of my life felt even more distressed,

and he quickly named the child.

After talking to the child some self-explanatory words, this allowed Yu Mubai to take his sister down to play.

Watching the two children leave, Yu Sheng immediately hugged Magnolia, a little happy and sad, and said to her, "I'm sorry!"

I am sorry for the rest of my life, but Magnolia miraculously understood it.

Magnolia patted his hand and said, "It's not your fault. It's just a pity. That kid hasn't seen his father for so many years."

Looking at the two awkward children standing outside, the eyes of both of them were distressed. If they grew up together, how could they be so embarrassed? Although they were not born to the same mother, they were born to the same father. Blood!

Yu Sheng looked at the two children and remembered Xiang Kui again. Ten years ago, she was sent abroad because of the incident in the Chen family. If she went to find her, she would never be found again, and she didn't know she was pregnant with the child. Where did he go, and how is that kid now?

Yu Sheng really searched for a long, long time. He has been searching for a long time, but he hasn't found it, but he still hasn't given up and will continue to search.

"Magnolia, shall we watch them grow up together?" Yu Sheng looked at the outside holding Magnolia with deep eyes.

Magnolia nodded and turned back: "Well, time is still long, we have to watch them grow up and get married."

End of the book! ! ! ! ! ! !
