Chapter: 19

The board of directors went smoothly, and the theme was to burn money and grab traffic.

Yu Sheng plans to invest another 10 billion yuan to compete with the three giants for traffic resources.

There were five small shareholders who couldn't come up with that much money, and in the end they had to buy the shares in their hands to Yu Sheng, which was exactly 10%.

In this way, Yu Sheng owns 61% of the shares and invested 6.1 billion, the second shareholder Xia Jun invested 2 billion, and several other small shareholders invested a total of 1.9 billion.

Of course, this tens of billions will not all be used to grab traffic.

Based on his own understanding, Yu Sheng proposed the idea of acquiring a large-scale online novel platform to make up for the shortcomings of his own original ecological IP and create a pan-entertainment of the Four Seas Group.

Referred to as Four Seas Mutual Entertainment.

The goal for the rest of my life is very clear, either don't do it, or do it best.

After the meeting, Yu Sheng asked Xia Jun to go to his office.

In the office, Yu Sheng and Xia Jun talked about the plans and future forms of Universal Entertainment.

Xia Jun also nodded frequently. In fact, Pan-Entertainment two giants mentioned it a year ago. m.9biquege.com

But one family only insisted on it for half a year and then gave up, but the other did not get any results.

He once thought about the possibility of developing pan-entertainment, but eventually gave up.

Now listening to Yu Sheng's whispering, there are many details and key points that he hadn't thought of before, and it suddenly made him feel like a spear smashed.

At this moment, the office door rang, Yu Sheng yelled in, and saw a glamorous young woman in her thirties coming in with a file folder.

It is Lu Man, the director of the project department.

“Yu Dong, President Xia.”

Lu Man first greeted the two of them, and then said: “The area manager of the Audi company, an advertiser of Datang Fenghua, asked us when we will sign the contract, so they can make short commercials.”

Datang Fenghua is a big IP drama that will be broadcast exclusively on Volcano Video under the group in two months. Many companies are competing for advertising sponsorship. Because Xia Jun has a good relationship with the CEO of Audi, he will sell the best at a price of one billion. The advertising time was given to Audi.

But neither party has signed a contract yet.

“Tell them, I’ll talk to them at two o’clock in the afternoon, and it just so happens that I’m going to buy a car in the afternoon,” Yu Sheng said.

“Okay, this is the contract.” Lu Man put the file folder on the desk in front of Yu Sheng and quit.

For the rest of his life, he didn’t look at the contract, but took out a cigarette and continued to discuss pan-entertainment with Xia Jun.

Halfway through, Xia Jun did not forget to pour two cups of tea for Yu Sheng.

The two talked directly until 12 noon, and they probably gave the outline of the planning book.

“Shao Yu, let’s go to lunch together.” Xia Jun looked at Yu Sheng expectantly.

After just chatting with Yu Sheng for a few hours, he knew that Yu Sheng’s business acumen was the best he had ever seen.

Yu Sheng’s predictions and plans for the future market were also beyond his reach.

When the rest of his life had to invest tens of billions to build pan-entertainment, he was still a little worried that the two billions would be lost.

The three small shareholders who sold their shares did not believe in Yu Sheng.

After all, the two giants that put forward pan-entertainment at the beginning are basically failed.

But after chatting with Yu Sheng, his heart was suddenly full of hope.

Yu Sheng nodded and went to dinner with Xia Jun.

After having lunch with Xia Jun in the five-star hotel opposite the company, he returned to the office for the rest of his life.

He didn't have a rest, but stood in front of the floor-to-ceiling windows, watching the busy and bustling city downstairs, thinking about his thoughts.

"They should be coming soon."

The rest of my life thought to myself.

He knew that from the moment he unfroze the bank card himself, the North Yujia must have been investigating him.

With the strength of the Yu family, within five to ten days, he will definitely be able to find his place.

The strength of the Yu family is beyond the imagination of others.

But he does not regret his choice.

He has been living in the dark like a grandson all these years, and he has had enough.

Now, he must stand up.

"Come on, let me see, for eight years, are you making progress too!"

A sharp light flashed in Yu Sheng's eyes, turned back to the chair, leaned on the backrest, closed his eyes and rested.

At half past one in the afternoon, Yu Sheng went out with the contract.

He was still riding a battery car, but was hit by Zuo Mingyue in the morning, and the rear wheel bearing was a little deformed. If it weren't for the old rider, he couldn't control the direction at all.

After more than twenty minutes, finally staggered to the Audi Qiancheng 4s head office.

Seeing that Yu Sheng was wearing ordinary clothes and riding a fast-breaking battery car, several sales beauties didn't mean to take care of the rest of their lives.

Those who can come to them to buy a car are basically driving, and no matter how bad they are, they are also by taxi.

They had never seen Yu Sheng ride a broken battery that fell apart.

"Stop, what are you doing?" Seeing Yu Sheng walking directly to the auto exhibition area, a female salesperson who was still a sign stopped Yu Sheng.

Yu Sheng looked back and saw that the woman was very beautiful, with a height of 1.65 meters and fair skin. Even in a suit, you could see the magnificence on her chest and her hot body.

“I want to go in and buy a car.” Yu Sheng glanced at the beauty and said.

“Walk around, do you think I don’t know what you want to do?” the beauty said impatiently.

“Aren’t I just here to buy a car, what else can I do?” The rest of my life was puzzled.

“Cut, don’t take a piss and take a picture of yourself, is our car here that you can afford?”

The beauty sneered, her eyes showed disdain: “We have to start with a minimum of 300,000 yuan. Even if it is paid in installments, the down payment is more than 100,000 yuan. Do you have that purchasing power?”

Let me tell you that I have seen a lot of people like this. Buying a car is just an excuse. It’s your purpose to come in and take pictures and send friends to Moments. “

I want to laugh angrily, this subjective consciousness is too strong, right?

“What are you laughing at? Am I wrong?”

The beauty looked up and down for the rest of her life, and said with disdain: “Can someone like you afford our car? You can’t afford a wheel!”

The other beauties covered their mouths and laughed, but they all looked at Yu Sheng with disdain.

“Even customers are not allowed to laugh? Are your Audis so awesome?” Yu was annoyed. This sales beauty might not be wrong, isn’t it?

“It doesn’t matter whether you laugh or not. The main reason is that you are not qualified to come to our company. I can warn you. If you don’t leave again, don’t blame me for calling the security guard.” The beauty threatened.

Manager Liu has already ordered that the new chairman of the Sihai Group will come to negotiate a contract with them at two o’clock, and let them wait here, and then they will be well greeted.

If Yu Sheng’s affair affects the mood of the chairman of Sihai Group, they basically don’t need to work here.

Just as Yu Sheng was about to get angry, he suddenly saw Yang Zihuan walking in with a man dressed in a suit and handsomely dressed.

Seeing the two talking and laughing, an inexplicable anger spurted out of Yu Sheng’s mind.
