

Dont mess 281

Chapter: 281

For the rest of my life, I was a little disappointed.

He said coldly: "Of course I walked in."

The manager snorted and looked down upon Yu Sheng at all: "If you don't take out the invitation letter for me to check, then I have to ask you to go out."

As soon as his voice fell, several security guards stepped forward and watched the rest of their lives with eagerness.

Yu Sheng smiled and said, "Okay, you guys are awesome, I won't participate in this auction."

It's just an auction, and he didn't look at it.

He wouldn't be too lazy to come if he didn't want to see if he could meet Xie Zhe to solve Zhang's problems earlier.

He couldn't look down on him at all.

He said that he went out, there is no need to stay here and pester these people.

Seeing Yu Sheng was about to leave, Yang Jian laughed presumptuously behind him: "Hahaha, are you scared? You have a guilty conscience? You even dared to enter the auction of the Song family. It's really a death!"

The manager is also a look of contempt, a trash, and want to get in, when their security guard does not exist?

The rest of his life ignored the two, and walked out.

At this moment, the crowd suddenly burst into an uproar.

The crowd voluntarily gave up a passage from the middle, a man and a woman, stepping into the venue.

The woman was dressed in a black evening dress, with a delicate face and a slender figure.

Under the bright light, she has a beautiful appearance and elegant temperament, and her every move, even her walking posture, is exceptionally elegant.

This beauty was the best, and Yang Jian was completely lost when she saw it.

This beauty is the white magnolia, the daughter of the Bai family behind the scenes of Hefengtang.

Magnolia walked into the venue, glanced at her beautiful eyes, and suddenly saw Yu Sheng was about to go out.

"Mr. Yu, I'm really sorry. I was delayed just now. I am two minutes late. Please forgive me." Magnolia walked in front of Yu Sheng, saluting all her money, with an apologetic expression on her face.

She said the day before yesterday that she would greet the rest of her life at the door in person.

what happened?

The manager, Yang Jian and others were a little dumbfounded.

"Nothing, I'm leaving first." Yu Sheng waved his hand and said lightly.

"Ah? The auction is about to begin. Is Mr. Yu in a hurry?" Magnolia looked at Yu Sheng suspiciously.

Yu Sheng smiled and said, "No, it's because some manager of yours doesn't let me in, and I don't want to participate in the auction."

"What? There is such a thing?"

Magnolia was startled and looked at the manager, her face suddenly sinking.

"You didn't let Mr. Yu in?" Bai Yulan asked in a deep voice.

The manager was shocked and knew that he had made a mistake.

"Big, eldest, it's like this. This Yang Jian said that he was the son-in-law of their Yang family, and he came

in. Then I asked him to take out the invitation letter and come to me to check, he turned around and left..." The manager hurriedly explained road.

"presumptuous!"

The middle-aged man next to Bai Yulan shouted angrily: "Do you know that Mr. Yu is a friend of the eldest lady, you dare to turn away even the friend of the eldest lady, who gives you the courage?"

This middle-aged man named Li Fugui was the head of the branch of Hefengtang Qiancheng City, and the head of this branch.

As soon as his voice fell, the manager's legs softened, and he immediately knelt on the ground, pointing to Yang Jian next to him and cried out: "Hall Master, I didn't mean it, this bastard really hurt me!"

Li Fugui kicked the manager's face fiercely, kicked him to the ground, and cursed: "Let your dog see people down again. Now let me roll immediately. Don't let me see you again! In addition, it was caused today. According to the terms of the labor service contract, you will compensate you for all the losses. If you lose a penny, I will kill you!"

"Hall Master... forgive me..."

The manager was very frightened. The loss was not small, and he really wanted to compensate. It would not be enough to disperse the property by himself.

Chapter: 282

"How much compensation should be paid, the lawyer will inform you of course." Li Fugui said coldly.

The manager turned around, knelt on the ground and kept kowtow apologizing.

Li Fugui kicked him in disgust, winked at the left and right security guards, and whispered, "Take it out and break his legs! Let him not have eyes again!"

He has been in shopping malls for many years. Naturally, he is not a good person. He is inconvenienced in front of everyone, but he will never be merciless in private!

"Hall Master, I know it was wrong, please open your mind..." The manager was so frightened that he desperately begged for mercy.

Two security guards rushed forward and dragged him away with their arms.

Li Fugui then turned his attention to Yang Jian, and said coldly: "Are you from the Yang family?"

Yang Jian was already frightened and nodded hurriedly.

"What is the Yang family, dare to offend our distinguished guests in me and Fengtang!" Li Fugui disdainfully said.

"Palace Master Li, he is really the son-in-law of my Yang family..." Yang Jian was shocked and said hurriedly.

"Break his legs for me!" Li Fugui snorted coldly, and the other two security guards immediately came over and pressed Yang Jian to the ground.

"Hall Master, what is going on, is there any misunderstanding..." Yang Jian was immediately scared.

The others in the room also looked stupid.

"This guy is from the Yang family, right? Why did you offend the Hall Master Hefengtang?"

"The Yang family is already capable of it. Now that he offends the head of the Hefengtang, he will be even more troubled in Qiancheng in the future, right?"

For a time, there was a lot of discussion.

Many people are even more inclined to watch a good show, watching how Li Fugui accepts Yang Jian.

"Misunderstanding? I mistaken your mother!"

Having said that, Li Fugui came up and kicked him, and the pain made him cry for a change.

Li Fugui still didn't understand his hatred, and stepped directly on his back, sternly: "Bad son, do you know who you are offending?"

Yang Jian crawled on the ground, his face full of bewilderment: "I can't offend anyone, Hall Master Li, this is really a big mistake..."

Li Fugui raised his hand and slapped him twice, and yelled angrily: "A bitch, and dare to quibble, the Mr. Yu you offended is a distinguished guest of our eldest lady. I really kill you and I won't get rid of my hatred!"

After he finished speaking, he immediately ordered the people around him: "Drag this bastard out of me and beat him up, and I must break his legs alive!

In addition, from now on, we and Fengtang forbid this Yang Jian from taking a half step. Who dares to let him in and break his legs directly! "

Immediately afterwards, Yang Jian was beaten by two security guards.

Finally, he found a steel pipe. Li Fugui still didn't understand his hatred. He took the steel pipe and broke Yang Jian's legs with his own hands.

Yang Jian let out a scream of pain in his bones, and immediately fainted.

His nose and face were swollen, even if he was dizzy, his legs were still shaking.

At the moment he passed out, he knew that he had caused a catastrophe and harmed the entire Yang family!

But how could he think that Yu Sheng turned out to be a guest invited by Miss Hefengtang?

Why can he know Miss Bai's family!

Why can this waste be favored by Miss Bai's family!

Really unwilling!

After Yang Jian was dragged out by the security guards, Magnolia, who had been talking next to him, came to Yu Sheng and smiled apologetically: "Mr. Yu, you're pretty satisfied with the result of this process."

In Bai Yulan's heart, the ten Yang Clan's status is not as good as that of the rest of her life.

This is the reason why she signaled to let Li Fugui beat the remnant Yang Jian.

Yu Sheng stared at Magnolia for a few seconds before a smile appeared on her face.

To be honest, when he saw Magnolia being bullied by a peddler the day before yesterday, he felt a little sympathy for her when he looked at her angry and helpless.

I didn't think of seeing you today, only to realize that he was thinking too much the day before yesterday.

As a family woman, how many are vegetarians?

Facts have proved that this white magnolia is not only not a vegetarian, but also a ruthless woman.

Chapter: 283

"Can I say dissatisfied?"

Yu Sheng smiled, and said that what you did was too satisfying for me.

At this moment, a few people who have been recently talked about it.

"I heard that there is a final treasure at today's auction, right?"

"Yes, I heard it is a valuable treasure, unparalleled in the world."

"Forget it, that kind of peerless treasure, I definitely won't shoot it."

"Ho ho, even if you shoot, it won't be your turn."

"Why?"

“I inquired about it yesterday. I heard that at this auction, the master of Longhushan also came, and he came for this finale treasure.”

“Longhushan is here too?”

When the two said this, everyone nearby was a little surprised.

This Dragon Tiger Mountain is unknown to no one.

It is not only a sacred place for Taomen, but also a place where Feng Shui masters gather.

Qin Daoran, the big brother of Longhushan, is even more famous.

There are even many wealthy people who spend a lot of money in line to ask him for fortune-telling, and they have given a TV lecture on Feng Shui metaphysics, which is very famous.

If you want to ask this Feng Shui master to look at the photos, the cost of one time is not low, all start at seven figures.

If you want to buy Dragon Tiger Mountain artifacts, it will be more expensive.

However, although Longhushan charges expensive, it is said that there are absolutely real materials.

And this master Qin Daoran is even more clingy, and fortune tellers are very accurate in terms of Feng Shui.

The name of Mount Longhu spreads across the country, and it makes more people seeking to see Master Qin like a crucian carp who crosses the river.

Of course, there are still several Feng Shui masters on Longhu Mountain, and they are also famous, but they are not as famous as Qin Daoran.

Unexpectedly, Master Qin would also come to participate in the auction. It seems that this treasure is inevitable.

When Yu Sheng heard this, he also became curious about the precious treasure.

What kind of treasure will it be?

“Master Qin is coming too?” Bai Yulan’s eyes lit up, and she had also heard of Qin Daoran’s deeds in Longhu Mountain. It was said that Qin Daoran had broken gold, and she was also a little curious.

At this moment, there was a sudden uproar outside the auction house. When everyone looked around, they saw a few bodyguards, and a group of people came in surrounded by a middle-aged Taoist priest.

The middle-aged Taoist priest wore a blue cloth gown and a standard Taoist robe.

Next to the Taoist priest was a young girl with delicate features and a blue sarong. She looked like a little nun with hair.

“Master Qin is here!”

Someone suddenly said, everyone greeted them.

The people here are all distinguished guests attending the auction, but at this moment they are all surrounded by the middle-aged Taoist priest Yi Xie, their expressions are extremely respectful.

Yu Sheng took a look and said in his heart: “So this is the Master Qin Daoran. This posture is not like a master, it looks like an actor...”

Qin Daoran and the little nun were hugged by the crowd and walked forward. They drew out a light yellow triangle rune and handed them to the most complimented boss next to them. They said indifferently: “Today you and I are predestined. It’s free for you to keep you safe in and out, and your home is prosperous.”

“Thank you Master Qin!”

The boss was full of surprises, flattered and took the safety charm, and carried it into his arms like a treasure.

He excitedly said to the people around him: “Master Qin’s peace talisman is very spiritual. I have been

asking every year. Thanks to Master Qin, my business has become bigger and bigger in the past few years.”

The surrounding crowd looked jealous, some cheeky begged Master Qin, but Master Qin ignored them. The assistant next to Master Qin snorted and said to the crowd: “Do you think that Master Qin’s peace talisman can be obtained if you want? Others go to our Dragon Tiger Mountain to ask for a peace talisman, and the minimum is 200,000!”

The crowd recovered, and someone shouted immediately.

“It’s rare for Master Qin to come to Qiancheng. I would like to ask for a peaceful talisman with 200,000 yuan. Master Qin will give it a talisman.”

“I want to buy it too! Ask the master for a charm.”

“Master Qin’s peace talisman is hard to find, 200,000 is nothing, I will buy five!”

There was a lot of enthusiasm at the scene, and many bosses transferred deposits on the spot to buy Master Qin’s safety talisman.

“Line up, one by one.”

The assistant registered them one by one impatiently, and the scene was very hot.

Chapter: 284

Yu Sheng couldn’t help but said: “What peace talisman is so expensive, is it made of a god?”

His voice was not loud, but Qin Daoran raised his head suddenly and stared at him with frowning brows. Qin Daoran pushed away from the crowd, strode to Yu Sheng, took a look and said, “This friend, listen to your tone, do you have an opinion on my safety talisman?”

Yu Sheng said lightly: “I don’t think this Ping An Fu is worth so much money.”

Someone in the crowd immediately said: “You know what a fart! Master Qin’s talisman, 200,000 are considered cheap!”

“That’s right! Many people are rushing to buy two million talisman!”

“This kind of hanging silk, it is estimated that you can afford the peace charm of two yuan in the temple!”

Qin Daoran looked at Yu Sheng, snorted, and said: “You can eat rice, but you can’t talk nonsense. The reason why people grow their brains is to think in their heads before speaking. It’s best not to pretend to understand.”

After speaking, he curled his lips in disdain, and walked to the exhibition hall first.

Yu Sheng’s face was indifferent, and he didn’t even see this Qin Daoran in his eyes.

Magnolia on the side said a little embarrassingly: “Mr. Yu, don’t take it to heart, Master Qin has a bigger temper.” Remember for a second <http://>

In fact, she didn’t understand Qin Daoran, just comforting the rest of her life.

Yu Sheng shook his head indifferently and said, “Let’s go in too.”

The guests entered the venue one by one, and the host was Li Fugui, the host of Hefengtang, and he entered the auction session with a few routine speeches on stage.

The auction officially begins!

Due to the temporary cancellation of the last auction, this time there were more lots and twice as many guests.

The first thing the two ceremonial ladies pushed up to the stage with a trolley was an antique copper incense burner with white mist curling up and smelling fragrant.

The auctioneer Li Futi introduced: “This is the Songhe Backflow Incense Burner of the Tang Dynasty. It is

one of the treasures of the Tang Dynasty bestowed on Su Dongpo, the master of calligraphy and painting. Unauthorized use, and the production method has been lost, it is refreshing to hear, and it has a slight fun-enhancing effect!”

After speaking, he motioned to the lady of manners to light incense.

A lady of etiquette wearing a cheongsam carefully dug a handful of incense with a silver spoon to light it. I saw the white smoke slowly dripping down the incense burner like a waterfall, and the pine cranes on the incense burner were vivid, vivid, and faintly flapping their wings.

A faint smell of strange fragrance floated up in the auction hall immediately, and the smell was refreshing, and I couldn't help but feel refreshed.

Yu Sheng stared at it for a while, and said in his heart: “It is indeed authentic ambergris, made by sperm whale, and this kind of hand-made incense is basically impossible to buy now.”

The auctioneer knocked the gavel twice and said: “The starting price of the Songhe Backflow Incense Burner is 800,000, and the price is increased by 100,000.”

This incense burner is exquisitely made, has a certain collection value, and the auction price is also moderate, and the audience has raised placards.

After a while, the incense burner was auctioned away by a player for 1.6 million.

Immediately afterwards, seven or eight lots were presented, all of which were high-quality antiques. The atmosphere of the venue was enthusiastic, and guests were bidding.

But for the rest of his life, there is no interest.

Although these lots are precious, they are limited to collections, and they don't have much value to him. At this moment, the hostess brought a white porcelain plate with a string of purple beads shining in the light!

The auctioneer introduced: “The natural purple pearls of the East China Sea can only be picked out from a thousand beads. The beads are round and uniform in size, which is a rare good product.”

The auction price of this string of purple pearls is not expensive, as long as 400,000 yuan.

Yu Sheng took a look and immediately bid.

He wanted to buy it back and make a necklace for Xiao Shui.

Because he knows that this purple pearl helps sleep.

Xiao Shui wears it for a long time and gets enough sleep, which will help him grow.

“Five hundred thousand!”

The collection value of this necklace is not high, so no one bids.

Just as the auctioneer was about to make a final decision, a voice suddenly sounded.

“Six hundred thousand!”

Yu Sheng looked to the side for the sound.

I saw Zhang Daoyi, the dead man in the Zhang family, showing his head from the side, with a sneer on his face, and said to Yu Sheng: “Master Yu, I'm sorry, I also fell in love with this necklace!”

Chapter: 285

The rest of my life was slightly startled. In just a few days, this kid forgot to kneel and apologize to him? Of course Zhang Daoyi hadn't forgotten that.

Although Yu Sheng is a Feng Shui master, he is the son-in-law of the Yang family.

That day Zhang Daoyi was forced to kneel down to apologize to Yu Sheng, which he still deeply remembered.

Of course, I was very upset for the rest of my life.

Especially his second uncle also gave Zhang Dao's black card to Yu Sheng, which made Yu Sheng even more hated in his heart.

In his opinion, the second uncle was completely deceived by this kid.

There are a billion in that card.

In fact, he really fell in love with this string of pearls.

He just wanted to get sick for the rest of his life.

Since the incident that Yusai raised the evil spirits, he has been overshadowed by jewelry and antiques now, and he will definitely not buy these silly things again.

Yu Sheng glanced at Zhang Daoyi, then turned his head indifferently, and continued to bid.

"Seven hundred thousand!"

Zhang Daoyi followed closely: "800,000!"

Yu Sheng looked at Zhang Daoyi and then smiled.

"Eight million!"

The scene was dumbfounded.

Others call it 800,000, but you call it 8 million? Are you poisonous?

Zhang Daoyi was dumbfounded too, damn, you don't play cards according to the routine! My name is 800,000. You should be called 900,000. The maximum is one million. What do you mean by eight million?

Do you have money to burn, or is your brain short-circuited?

Yu Sheng raised his eyebrows at Zhang Daoyi and said with a smile: "Master Zhang, continue!"

Zhang Daoyi sipped: "I'm crazy? Buy this tattered thing for eight million? Forget it, let it be for you!"

Although Zhang Daoyi couldn't hold his face, he was really unwilling to bid on the basis of 8 million.

The value of this bead is as high as 700,000 yuan. If I really spend more than 8 million to buy it, I can't be broken when I go home?

Money is not spent like that!

Yu Sheng said disdainfully: "Master Zhang, you withered so soon? It seems that you can't do it either."

Everyone laughed.

Zhang Daoyi blushed and said, "You're so fucking irritating me. I think you can't afford it at all. Blind your mother asking for a price, wanting to lead me to a set? Humph, I have to see how the fuck did you come up with it. Millions!"

Yu Sheng curled his lips: "If you can't afford it, just say that you can't afford it. What's the point of explaining so much here?"

At this time, the auctioneer also dropped the hammer.

"Eight million, deal, congratulations to Mr. Yu!"

Behind the scenes, Magnolia laughed knowingly when she saw that Yu Sheng had acted so generously. She knew that Yu Sheng was not an ordinary person, and it seemed that she was really betting right this time.

After that, a lady of manners came to Yu Sheng with a wireless credit card machine and said: "Mr. Yu, please use your card to pay."

Everyone is staring at Yu Sheng. This is 8 million. This kid bought this string of pearls at more than ten times the auction price. They all wanted to see his face when he swiped his card. It must be very exciting.

But Zhang Daoyi sneered and said: "Yu Sheng, how the hell do you swipe your card! Can you come up with 8 million?"

Others are also curious, whether Yu Sheng's bidding is so frantic, can he really come up with so much money.

Yu Sheng smiled lightly, took out the black card Zhang Shengquan gave him, and finished swiping the card with a bang.

Credit card successful!

The hostess handed the list to Yu Sheng and respectfully said: "Mr. Yu, the treasures you photographed will be delivered to you before the end!"

"Good!" Yu Sheng nodded.

Others were shocked!

It seems that he is really rich!

Buying a necklace of 700,000 yuan at the price of 8 million yuan, this person is really bold!

At this time, Yu Sheng looked at Zhang Daoyi and asked with a smile, "Master Zhang, is there any chance of taking it?"

There was a burst of laughter around, and someone ridiculed: "Master Zhang, isn't he in the middle of his family and can't afford to pay?"

"Haha, I think Young Master Zhang is too weak to lift the knife!"

"Ha ha ha ha!"

Chapter: 286

Zhang Daoyi felt hot on his face.

Damn, this grandson can really come up with so much money!

This time I am really embarrassed!

So he gritted his teeth and said: "For the rest of my life, I will never lose you the next thing!"

When he swiped his card for the rest of his life, Zhang Daoyi was not allowed to see the black card, or Zhang Daoyi would have to vomit blood.

Yu Sheng nodded, and said indifferently: "Okay, let's compare the next one!"

Zhang Daoyi snorted coldly, and stopped taking care of the rest of his life.

Soon, a few more collections were photographed, followed by a semi-finished Tian Huangyu embryo. Half of this jade embryo is wrapped in a rock to show that it is a natural formation, and the price is 800,000.

The naturally formed jade embryo contains a certain amount of aura, Yu Sheng thought, although this thing uses aura is scarce, it is more or less useful for warriors.

For the rest of his life, he directly raised

"900,000!"

But as soon as his voice fell, the familiar voice sounded again.

"1000000!"

It is Zhang Daoyi.

At this time he was looking at Yu Sheng defiantly.

"1.1 million!"

"120!"

After several times, the price of Tian Huangyu embryos has doubled, and under Zhang Daoyi's deliberate bidding, it has soared to 2 million!

Many people present also saw that Zhang Daoyi had begun to deliberately target Yu Sheng again. Everyone was waiting for another good show, so they stared at Yu Sheng's hand.

For the rest of his life, he didn't disappoint everyone, so he slowly raised his placard and said: "Twenty million!"

Damn it!

The scene is crazy!

Two million is directly called 20 million? It's the same as before, and it's directly increased ten times!

Zhang Daoyi's face was extremely ugly.

This waste of soft rice is dying?

Even if you have money, is that money not money? Such a prodigal?

I am a famous prodigal in Qiancheng, but even I am not willing to spend ten times the price on something...

He hesitated suddenly.

Follow or not?

Follow, then throw more than 18 million in vain.

If you don't follow, the rest of your life is afraid that you will kill yourself, and these people are afraid that they will laugh at themselves.

I have lost face just now, if I was beaten by Yu Sheng this time, it would be really shameful!

Thinking of this, Zhang Daoyi gritted his teeth and blurted out: "I'm out of 21.1 million!"

There was an exclamation at the scene!

Zhang Daoyi added one hundred thousand!

This is a challenge!

"I pay 30 million!" Yu Sheng smiled faintly.

"I go!!!"

"This fucking crazy!!!"

"This buddy is too rigid!!!"

Two million is called 20 million, and 20.1 million is called 30 million. This guy's handwriting scared everyone at the scene.

Zhang Daoyi also collapsed!

Isn't he a son-in-law for the rest of his life? How could he have so much money?

The Yang family has already sunk to the west, how could a client give him more money?

"Master Zhang, come on, go on!" Yu Sheng smiled.

Zhang Daoyi panicked.

Really, 30 million to buy a semi-finished jade, it's strange that he didn't get killed.

But, so many people watched...

what to do?

Zhang Daoyi's face was red and white.

The auctioneer bid: "Thirty million once!"

"Thirty million twice!"

The enthusiastic audience at the scene began to shout:

"Master Zhang bid!"

"Master Zhang, you have to be tough!"

"Master Zhang, don't let us look down on you!"

"Master Zhang, are you really persuaded? You just pretended to be so coercive, and now you are afraid?"

"Master Zhang, a man can't help me, or you will not be able to look up in the future."

Hearing the crowd's roaring, Zhang Daoyi's face was ugly to the extreme, and he hated the rest of his life to his bones, wishing to choke the rest of his life to death.

Yu Sheng still smiled and said, "Master Zhang, if you don't bid, you will lose!"

Chapter: 287

"I give up!"

Although he was noticed by the public, Zhang Daoyi gritted his teeth in the end, and his reason defeated his impulse.

"cut!"

"Forcing!"

"What a shame!"

"What a fucking shame!"

A burst of scolding and ridicule at the scene made Zhang Daoyi faceless.

Zhang Daoyi blushed and even regretted that he ran out today. Otherwise, he wouldn't be so embarrassed.

Hearing the ridicule and sarcasm of the audience, Zhang Daoyi was extremely angry, and his eyes were extremely unkind when he looked at Yu Sheng.

He couldn't help but rushed out of his private room and walked to Yu Sheng to question.

"The surname Yu, did you deliberately fix me, right?" Remember for a second <http://>

Yu Sheng slowly picked up Bi Luochun on the table and took a sip before looking at Zhang Daoyi.

"That's irritated into anger? Aren't you very ridiculous?"

He looked at Zhang Daoyi jokingly and said, "Besides, it's you who want to raise the price with me, and it's not me who forced you, right."

"This is the rule of the auction house. As the saying goes, if you are willing to bet, please don't come if Zhang Gongzi can't afford it." Some big guy looked at Zhang Daoyi with disdain.

Zhang Daoyi was so angry that he was about to gnash his teeth.

But it is not easy to see the identity of the other party, and he is regarded as a tortoise.

"You can, let's take a look!"

In the end, Zhang Daoyi pointed at Yu Sheng with his hand, and returned to the box angrily.

Yu Sheng couldn't help shook his head. From beginning to end, he was just a clown with Zhang Daoyi.

This kid doesn't have any eyesight at all. It's probably difficult for this family to get up.

However, he promised Zhang Shengquan to help the Zhang family, and of course he would not care about such villains as Zhang Daoyi.

Under everyone's attention, Yu Sheng continued to swipe the black card to make payments.

Anyway, it's all Zhang's money, so I don't feel bad about it at all when I spend it.
anyway.

If Zhang Shengquan knew that he had spent so much money because of Zhang Daoyi, the prodigal Zhang Daoyi of their Zhang family, what would he be like?

Are you afraid that you will kill Zhang Daoyi to relieve your hatred?

Ho Ho, it's really interesting...

One hour later, the auction was nearing completion.

During this period of time, Zhang Daoyi made no bids once, and he was probably scared by Yu Sheng.

At this moment, a waiter strenuously carried a plate onto the stage, and an item was placed on the plate.

It seems to be a bone.

This osteotomy has a ruler or so, but what is surprising is that this bone actually glows.

Yes, that osteotomy actually gave out a faint green halo, which was amazing.

Everyone suddenly held their breath and looked up to the stage.

The rest of his life also moved slightly.

He felt a strong aura.

It's coming from the osteotomy.

Untie the bones!

It turns out that the introduction in the Nine Profound Heaven Scriptures is wrong, and there is a spiritual aura in this interpretation!

No wonder Hefengtang regards it as a treasure of suppression.

The large amount of aura contained in it alone is priceless!

At this moment, Qin Daoran in the box next to Master Qin also lifted his spirits and stared at the lot.

This is the final treasure!

"Don't worry, everyone, this is the finale of the show!"

"Although Xie Zhe is a legendary beast, it actually exists in reality. This Xie Zhe bone comes from one hundred and fifty years ago and is definitely a unique treasure."

After speaking, Li Fugui ordered the lady of etiquette to wipe a piece away for everyone to watch.

Sure enough, the inside of the bones were all green, and there was a green halo, beautifully.

This time the venue was a complete sensation.

Many big guys here have heard of the beast Jiezhe. They used to think that Jiezhe only existed in legends, and they didn't expect that Xiezhe existed in reality, especially when it was handed down over a hundred years ago. It is not easy and it is definitely a treasure. Treasures in.

The starting price of this Jie Zinggu is 10 million, and many big guys here can afford it.

Crowd bidding, and soon the price drove up to 25 million.

Then many people retire when they know the difficulties, but there are still people who know the goods persevering.

At this moment, Qin Daoran stood up and said loudly, "I'm out of 27 million!"

Chapter: 288

After he finished speaking, he turned around and bowed his hands to everyone, and said with a smile:

"Dear friends, I came to this auction today for this purpose. Please give Qin a thin face of Longhushan for me. Once, I will give everyone a peace sign later as a thank you gift."

Most of the guests present were the bosses. Knowing Master Qin's reputation, they didn't dare to offend him casually.

If it doesn't work well, people will make a random method, and it will make your house go crazy.

Besides, giving out two hundred thousand one peace charms is not in vain, so although many people feel unhappy, they still choose to bear it.

Although Li Fugui's face remained silent, he was really unhappy in his heart.

Originally, the auction was for the higher bidder, but Master Qin broke the rules.

If the true 27 million were taken away by him, it wouldn't be a big deal for him to make less money, but after his reputation spreads, Hefengtang's prestige in the industry will surely be damaged.

But Li Fugui also knew that Master Qin was very strong and very skilled, so he couldn't easily offend him, so he could only give up.

Master Qin was so proud that he couldn't hold back his excitement.
In order to solve this problem, he did not hesitate to go down the mountain to Qiancheng, after several setbacks, he finally got what he wanted!
What is a mere 27 million?
As long as things get into his hands, he can definitely make a fortune!
Moreover, the scene was indeed silent. It seemed that Qin Daoran made a move, and no one dared to bid with him!
This is face, this is majesty!
All over the country, who wouldn't give Master Qin a little bit of face?
It seems that this piece of Jiezhi is going to pick up a big omission!
At this moment, a faint voice sounded again.
"I pay 30 million!"
As soon as this sound came out, the venue was quiet.
Everyone looked at the bidder in unison, with surprise in their hearts.
It's him again!
It is the young man in ordinary clothes. At first glance, there is nothing extraordinary, but the two bids with Zhang Daoyi are impressive!
The point is that he bid sky-high prices twice, and both times simply swiped his card to pay, which was so awesome!
However, no one thought that this guy would dare to challenge Master Qin?
Master Qin saw her at a glance, and his face suddenly sank.
At this moment, Zhang Daoyi stood up in shock and rubbed his eyes vigorously.
The Magnolia behind the scenes also unexpectedly, Yu Sheng would suddenly make a bid with Master Qin.
Didn't you say that this guy is the son-in-law of the Yang family?
Where did he get so much money?
Moreover, this Qin Daoran is the big brother of Longhushan, a cruel generation, even she doesn't want to provoke Qin Daoran.
For the rest of his life, did he really not know Qin Daoran's identity, or did he rely on it?
Is he not afraid of retaliation?
"Boy, do you dare to snatch Master Qin's things?"
Zhang Daoyi was shocked, who gave him the courage to provoke Master Qin?
Yu Sheng smiled slightly: "This is an auction, and everyone can shoot. How can you say that you are robbing someone else? You are so big, don't you understand the rules?"
After speaking, Yu Sheng sneered again: "You, you should just sit there and stop talking. You just lost your face, don't you feel blushing?"
As soon as Zhang Daoyi heard this, he was immediately embarrassed and immediately sat back with a guilty conscience and stopped speaking.
However, I felt a little gloating in my heart.
"you again!"
Qin Daoran's face was sullen, his eyes fixed on Yu Sheng like an awl, and he said coldly, "Boy, dare to snatch things from me? Do you know who I am?"
"Who are you to do with me?"
Yu Sheng looked at Qin Daoran ironically, without fear.

Chapter: 289

Qin Daoran's expression changed, and a burst of anger emerged spontaneously!

He is a dignified master of Longhushan, and a well-known Fengshui master in the country. Everyone present respects him, but this kid is extremely arrogant. He demolished his platform several times, which is really annoying!

What's even more exaggerated is that he didn't even put himself in his eyes!

This is simply looking for death! ! !

The people present were also scared silly!

What the hell is this kid!

How dare you not put Master Qin in your eyes? Tired of life and crooked, right?

Master Qin is a feng shui master, there are 10,000 ways to kill him without seeing blood!

However, although Master Qin was angry in his heart, in order to get that clam at a low price, he still maintained his demeanor on the surface.

He took a deep look at Yu Sheng and smiled: "This little brother, I had a little misunderstanding at the door just now, but it's fine to tell a little bit. If you bid with me for revenge, it would be too cautious. Right?"

Master Qin himself is preparing to take away this stubborn bone of 27 million yuan, but if he and Yu Sheng are firm, the next bid will exceed forty to fifty million yuan.

Judging from the asking price for the rest of his life, he has already seen it.

This kid is totally crazy.

Although he can easily come up with a million yuan, but that is also what he earned.

He doesn't want to spend so much money!

Therefore, I swallowed my breath and hoped that the rest of my life would be able to withdraw the bid.

After he gets the 27 million yuan, it's not too late to settle accounts with him slowly!

"So much nonsense?"

Yu Sheng sneered, and looked at Qin Daoran with disdain, "This is an auction house. It has the rules of the auction house. The treasures here are the so-called rich people. If you don't have money, then go out."

The scene is crazy again!

Damn it!

This buddy actually let Master Qin get out...

Isn't it too kind?

Master Qin said with a cold face, but in order to save money, he continued to speak: "I really like this bite, can you give me some face?"

"Give you face? Then who gives me face? Do I know you?" Yu Sheng cast a glance at Qin Daoran and sneered.

After speaking, he changed his posture and said with disdain: "You are as poor as you, dare to come to the auction?"

The old guy who was outside before dared to threaten him, and now he just wants to embarrass the old thing.

Besides, even if this thing wasn't for the Zhang family, he still had to take it.

So strong spiritual power, enough to make his cultivation a step up, how can he go out?

Master Qin's face is extremely ugly, so far no one has dared to speak to him like this!

Moreover, the other party seemed to be only twenty-four or five years old, younger than his own

disciples and grandchildren!

Under the annoyance, Master Qin was too lazy to maintain his demeanor, and said coldly: "I thought that Qin Daoran's face would be so despised!

Well, since it is fair competition, the one with the highest price will naturally get! I want to see how many assets do you have, come and grab this bit of help from me!"

After speaking, he raised his head and shouted: "I'll pay 50 million!!"

The loud voice made the audience noisy again!

The bidding turned into a gamble, and the atmosphere in the venue quickly became warmer!

The rules are simple!

Who has more money!

Who is the king of this battle!

Qin Daoran's thinking was very simple. If he fights with him a little bit, he is afraid that he will go on forever. Therefore, he must bid a price that can suffocate him, and directly bid 50 million. He must not dare to follow it!

Seeing Master Qin following, everyone looked at Yu Sheng.

This Xie Zinggu is worth thirty or forty million yuan, and now Master Qin is angered, the bid has exceeded the normal price, and everyone wants to see if they dare to follow the rest of their lives.

Yu Sheng's face remained unchanged, and two words were spit out in his mouth.

"One hundred million!"

The auction price doubled again!

The atmosphere in the arena is boiling!

In just a few minutes, the price of this lot doubled several times, which can be called the focus of auction history!

Zhang Daoyi couldn't help shouting, "Yu Sheng, you don't pretend to be there. You are but the son-in-law of the Yang family, do you have the money?"

Yu Sheng couldn't help laughing out, and said, "It's true, how come you don't accept it? I might as well tell you the truth, the card I use is from your Zhang family, and it was given to me by your second uncle, how about it? , Was it unexpected? Was it surprise?"

"you you!"

Zhang Dao's face flushed red: "You bastard, dare to lie to my Zhang family's money! Sooner or later, I am going to smash you, a liar!"

Qin Daoran turned his head, looked at Zhang Daoyi, and asked, "Master Zhang, do you know this person?"

Zhang Daoyi snorted coldly and said, "He is a door-to-door son-in-law of the Yang family. He eats his wife's soft meal at home. Recently, I have a little money by coaxing my second uncle..."

"Yes?"

Qin Daoran raised his eyebrows, as if he had taken a reassurance pill, and snorted coldly.

"Young people, I advise you not to be too arrogant, otherwise you are the one who suffers, not that I despise you, can you get one hundred million?" Qin Daoran said sarcastically.

Yu Sheng's face was slightly cold, and he said calmly: "I can't get it out. Don't worry about it. If you have a seed, continue to bid, and if you don't have a seed, just keep your mouth shut!"

Qin Daoran couldn't hold his face any longer, and yelled, "Boy! You are looking for death!"

Yu Sheng laughed and said: "I'm looking for death? It's up to you? You can't even afford to buy things, and you want to kill me? Hahaha, are you stupid or am I stupid?"

Qin Daoran was ridiculed by Yu Sheng repeatedly and could no longer maintain his demeanor. He snarled, "Young man, you'd better give me enough! Obediently let things out, otherwise you will have your life to buy, and your life will not be used!"

Li Fugui's expression suddenly changed as soon as he said this. This is an obvious rule to hit Hefengtang! His face was pale, but he didn't dare to refute Qin Daoran.

Yu Sheng smiled slightly: "If you want my life, you have to wait for the auction to end, right? The auction is still not over. I just paid 100 million. Please continue to bid!"

The white Magnolia behind the scenes was extremely surprised. Qin Daoran was not an ordinary person, and even their Bai family could not guarantee that they would be able to deal with Longhushan.

But Yu Sheng went so far as to offend Qin Daoran, what does it mean? Where does the confidence come from?

Qin Daoran's face was stiff, and Yu Sheng didn't put him in his eyes at all. These words were undoubtedly slapped him in the face!

However, Yu Sheng was right. It was at the auction, and if he wanted to get that cut, he had to continue bidding.

But, one hundred million...

Who the hell can afford it!

Everyone's eyes were on Qin Daoran, to see how he responded.

Qin Daoran's face was blue and white, but for the clam, he suppressed his anger and said in a low voice to Ye Chen:

"This friend, if I offended you just now, it was really unintentional, please forgive me."

Qin Daoran still wanted to lower his posture and reconcile with Yu Sheng, but at this moment, the girl next to him suddenly changed her expression, staring at Yu Sheng firmly, a murderous aura that seemed like nothing.

Feeling the murderous aura suddenly emanating from the little Junior Sister, Qin Daoran was slightly startled and looked at the little Junior Sister.

"Big Brother, this person has broken Master's plan and made Senior Brother Five a guilty hand for vegetative people!" Little Master Ye Qiuxia said softly.

"So it was him!"

Qin Daoran sneered and stopped asking the price.

He didn't even think that this door-to-door son-in-law turned out to be the person they were going to kill this time.

That being the case, he doesn't have to bid with him.

Anyway, waiting for them to kill Yu Sheng, this solution is also his.

"Boy, I hope you will have your life after you have the money to buy it."

Qin Daoran sneered looking at Yu Sheng, and said to Ye Qiuxia: "Little Junior Sister, let's go."

With that, the two left the auction house early.
