

Dont mess 351

Chapter: 351

For the rest of her life, there was some surprise that Ye Qianxia, a Taoist girl from Longhushan, actually came to Yirenju to work as a waiter, which was simply incredible.

However, it quickly occurred to him that he had abolished Ye Qianxia's cultivation base and made Ye Qianxia an ordinary girl, and he immediately understood in his heart.

At this time, only Ye Qianxia apologized: "I'm sorry, I'm sorry, I didn't mean it!"

The man with a ferocious face said angrily: "I'm sorry it's useful, but what are you doing with the police? You kneel down and lick it clean now."

At this time, the three people of Yu Sheng discovered that it turned out that Ye Qianxia accidentally poured the soup on the big man's leather shoes, which angered the big man.

The big man is 1.85 meters tall, has a burly figure, and has a knife on his face, which is very sturdy.

Ye Qianxia was aggrieved. How could she say that she was also a little junior on Longhu Mountain before. She was noble. How could she kneel down and lick her leather shoes?

If it wasn't for the shameless person to break the sea of energy, abolish martial arts, and dare not return to Longhushan, can she come here to be a waiter?

"Four brother, my chick is pretty, if you don't want her to accompany the brothers for a few drinks, let her go." A Huang Mao suggested.

At this time, the big man slapped Ye Qianxia. His body was slender. The thighs wrapped in a pair of sky blue jeans were round and straight. Although the chest was somewhat flat, it was probably a b-mask, but the skin on his face was delicate and white, and his facial features were also very delicate. , It is a stunning performance.

With this look, Dahan suddenly became lustful. This little lady used it to train and tune it. It must be a superb. As for the breast, under the nourishment of Lao Tzu, will it not slowly grow bigger?

After making up his mind, the big man smiled and said: "Well, I won't make it difficult for you, but you must accompany us to have a drink today."

"Sorry, I don't know how to drink." Ye Qianxia shook her head and said.

"Can't drink?"

The big man grabbed Ye Qianxia's hair, raised her face, and said angrily: "Your mother despise me, Scared the fourth?"

Ye Qianxia stared at the man with an angry look. If her martial arts hadn't been abolished, he could easily interrupt the man's hand.

But at this time, she didn't have any internal strength at all, only a little fancy, and the big man in front of her looked like a martial artist, and with that fancy, she couldn't beat the opponent.

"Little girl, our fourth elder brother is in the underground, you'd better know each other, and anger my fourth elder brother, you have no good fruit." Huang Mao threatened.

"Little girl, when I heard it, I angered Lao Tzu, I can't finish eating today, I'm asking you again, are you drinking or not drinking now?" Scar four threatened again.

"Don't drink!" Ye Qianxia looked stubborn.

"Your mother is looking for death, bring the wine, and give me forcibly, I am so unbelievable that you can't cure you as a bitch!" Scar four yelled angrily.

Huang Mao picked up the wine glass and was about to pour wine into Ye Qianxia's mouth.

"Fourth Scar, who the hell gave you the courage to bully my waiter in my Du Fei restaurant?"

At this moment, Du Fei walked over with a cold face.

Hearing Du Fei's voice, Scar Four and Huang Mao were shocked and hurriedly put down Ye Qianxia to present Du Fei's salute.

"Brother Fei!"

"Brother Fei!"

Although the two of them were not Du Fei's subordinates, in the entire underground circle, who didn't know that Du Fei was the king, was a little scared at this time.

"Break yourself off!" Du Fei said coldly.

The expressions of the two changed drastically, and Scar Four's expression was even more uncertain:

"Brother Fei, you are a bit overwhelmed, it was your waiter who poured soup on my shoes, I just asked her to accompany two glasses of wine, this is it wrong?"

Huang Mao had the guts to scar the fourth child, but he didn't say a word, even shivering a little.

Du Fei is the king of the underground circle. They also wanted to go to Du Fei before, but they didn't want them. There was no way, so they went out to do it alone.

At this time, facing Du Fei's coercion, Huang Mao was like facing a fierce beast, and he did not dare to come out.

"Yo, did you fucking tell me the truth?"

Without saying anything, Du Fei raised his hand and slapped Scar Four on the face.

Scar four wanted to hide, but he didn't do so, and Du Fei slapped him abruptly, with a look of anger on his face.

Chapter: 352

"Are you fucking qualified to reason with me?"

Du Fei yelled coldly, and said, "Kneel down to apologize to my waiter, evade yourself and get out of here!"

Scar four was extremely angry and said, "Brother Fei, I respect you as the eldest brother, but it doesn't mean that I am afraid of you..."

"Hold!"

Du Fei yelled angrily, then slapped Scar four on the face.

This time Scar Four was prepared, and he could not help but raised his hand and called Du Fei.

Du Fei snorted coldly, nothing more than a trick.

He grabbed Scar Four's arm and made a 360-degree turn.

"哐!"

A sound of broken hand bones sounded, followed by a howling like a pig killing a pig.

His entire right arm was twisted into twists directly by Du Fei.

Upon seeing this, Huang Mao knelt down with a bang, crying: "Brother Fei, we were wrong, I'm sorry, I'm sorry, please forgive us this time!"

Du Fei ignored Huang Mao and looked at Scar four with cold eyes, and said, "Do you not kneel now?"

Scar four was so painful to his bones that he thought that Du Fei was so terrifying. He originally thought that after several years of martial arts, he would not be afraid of Du Fei.

Unexpectedly, in front of Du Fei, it was completely rubbish.

"Brother Fei, I'm sorry!"

boom!

Scar four endured the severe pain and knelt down at once.

At this time, he was already scared.

"I asked to apologize to my waiter, don't understand?" Du Fei said coldly.

Scar four hurriedly turned to Ye Qianxia, tremblingly: "Beauty, I'm sorry, I was wrong just now, I was blind, please forgive me this time!"

"How do you want to get revenge, do it yourself." Du Fei looked at Ye Qianxia and said.

Ye Qianxia looked at Scar Four with cold eyes, stepped forward and licked a few mouths on Scar Four's face before stopping.

"Thank you Fei." After Ye Qianxia hit the fourth scar, she turned to Du Fei.

Du Fei glanced at Scar four and Huang Mao, and said coldly: "Get out."

"Thank you Fei!" The two hurriedly bowed to Du Fei and fled out embarrassedly.

"In the future, don't do anything fussy. If you have anything to do, call the outside security guard." Du Fei glanced at Ye Qianxia, then turned back to the table.

At this time, a few other waiters helped Ye Qianxia fit the deck together, and other guests who watched the heat also took their seats one after another to eat their own.

Most people who come to eat here know what kind of person Du Fei is. They know that as long as they are not here to make trouble, it is absolutely safe. They also like to eat here. A few people even come forward to offer Du Fei's wine.

Du Fei also greeted normal consumption customers with a face, and he did not refuse all those who came.

But everyone can only make a toast, and he won't drink it if there is more.

At this time, Ye Qianxia was passing Yu Sheng's table after cleaning, and Yu Sheng suddenly said, "Do you want to change your destiny?"

Suddenly hearing Yu Sheng's voice, Ye Qianxia was stunned. She had already remembered this voice, and she swore over and over again every night that one day she would definitely destroy his qi sea and abolish his martial arts.

So she was very familiar with Yu Sheng's voice, and she didn't expect to meet this shameless scum again today.

Ye Qianxia turned her head and stared at Yu Sheng, her eyes full of hatred.

"Why, don't you recognize me?" Yu Sheng smiled faintly.

"Even if you turn into ashes, I recognize you!" Ye Qianxia gritted her teeth.

Du Fei and Yu Zhong were astonished, feeling that they two knew each other.

Moreover, looking at the waiter's eyes, what else did Yu Sheng do to her?

Could it be that this waiter was a bitter woman who was thrown away for the rest of his life?

You look at me and I look at you, both of them got the answer from each other's eyes.

The waiter looked very punctual. Although the chest was flattened, he had a slender figure and a delicate face. He was also a very good beauty.

Then what happened to Yu Sheng and her is understandable.

For the rest of his life, if he knew the nasty suspicion in the two of them, he would probably vomit blood in anger.

Chapter: 353

Yu Sheng smiled, knowing why Ye Qianxia hated herself, but he didn't take it seriously.

"Give me your light body exercises, and I will give you a pill to repair the sea of qi." Yu Sheng said straightforwardly.

Last time in Zhang's family, when she fought with Ye Qianxia, Ye Qianxia's light body exercises were very weird, and her body skills were erratic. If it weren't for the rest of her life, her internal strength was too much stronger than her, it might not be her opponent.

As long as you have mastered that set of body techniques, the rest of your life will have the confidence to fight the master.

Nor would it be like the previous fight with Li Jing, when he fights to the last bit of strength, and in the end, no one knows who will die.

Ye Qianxia was obviously moved when she heard Yu Sheng's words.

She is thinking about repairing the sea of qi all the time.

For a martial artist, losing martial arts is like the richest man losing all his assets. People with poor psychological quality may even commit suicide by jumping off the building.

"Why should I believe you?" Ye Qianxia stared at Yu Sheng.

She accidentally obtained her light-weight exercise in a cave, not Longhushan's martial arts. Even her master did not know that she had this light-weight exercise. Of course, she would not easily believe it for the rest of her life.

"Because you want to repair the qihai, you have no choice." Yu Sheng smiled faintly.

For the rest of her life, Ye Qianxia didn't believe him even more.

Originally in Ye Qianxia's heart, Yu Sheng was an abominable shameless person, and she believed that Yu Sheng was now taking advantage of others.

As for the pill that Yu Sheng said to repair the sea of Qi, she had never heard of it.

"I choose not to believe it." Ye Qianxia said she stopped watching Yu Sheng, and left with the broom.

"He can really refine the pill to repair Qihai. I also got one last time. The loyal uncle next to me was also abolished by the strong man. He took the pill to repair it some time ago." Du Fei faced. Ye Qianxia said from the back.

Ye Qianxia was stunned and stopped. She didn't look back, but quietly listened to Du Fei's words before walking back to the backstage.

Du Fei spread his hands, and Yu Sheng smiled and said, "This chick is too defensive. Forget it, you go to the black market to buy some crocodile innards, and you can make a pill for her to repair the sea of qi before she believes it."

The cultivation part of the Nine Profound Heaven Scriptures is mainly the inner strength mental method, which emphasizes the improvement of inner strength, and there is no light body method.

Strong internal strength, coupled with a set of weird light-weight exercises, is definitely a means of winning the weak over the strong.

"Okay." Du Fei's eyes lit up. The Johnson Pill that Yu Sheng gave him last time, when Yu Sheng fought Li Jing exhausted, he gave it to Yu Sheng. This time, he can get the Johnson Pill again. .

In his opinion, Johnson's Pill is simply a miraculous medicine, not only can repair the broken sea of qi, but also the healing effect is simply abnormal.

...

Chen Qin sent Liu Qianshuang back to the hotel and entered Liu Qianshuang's room cheeky.

Liu Qianshuang couldn't let him leave directly, lest Chen Qinshou would be angered and he would no longer help her house.

"Master Chen, I drank two more glasses today, and I am going to sleep, you..." Liu Qianshuang looked at Chen Qinshou, hoping that he could understand what she meant.

"Qianshuang, don't you know what I want for you? The first time I saw you three years ago, I fell in love

with you. In the past three years, I have pursued you many times, but you have been coldly not giving it to me. opportunity.....”

Chen Qinshou said that he grabbed Liu Qianshuang’s hands, Liu Qianshuang was shocked, and wanted to pull it out, but Chen Qinshou held it tightly.

“Qianshuang, do you know that there have been many beauties who have pursued me in the past few years, but I have no interest in them at all, because I only have you in my heart.”

Chen Qinshou looked at Liu Qianshuang’s eyes and said sincerely, “Qianshuang, be my girlfriend. In the future, our two companies will join forces and our strength will increase greatly. Sihai Group will also have more projects to cooperate with us.

Based on the relationship between my father and General Manager Xia of the Sihai Group, our two families will not talk too much every year, as long as they get a project of one hundred million yuan, it will be enough for our two families. ”

Chen Qin Shou used his ability to fool, Liu Qianshuang was unclear, and Chen Qin Shou was stunned by Chen Qin Shou, and he was even a little moved.

Upon seeing this, Chen Qin Shou pulled Liu Qianshuang into his arms, looked at Liu Qianshuang’s sexy red lips, and couldn’t help kissing.

Chapter: 354

Liu Qianshuang was at a loss to think that Chen Qinshou was so bold.

Seeing that Chen Qinshou had kissed him, Liu Qianshuang gritted his teeth and pushed Chen Qinshou away, “Master Chen, please don’t do this.”

Chen Qinshou was very displeased in his eyes, he frowned, and when he was about to be strong, he saw Liu Qianshuang’s phone ringing.

When Liu Qianshuang saw that his father was calling, he was connected.

“Qianshuang, were you cheated by Chen Qinshou?” Liu Shijie asked as soon as he was connected.

“Ah? What’s the matter, dad?” Liu Qianshuang asked in confusion.

“I just called and asked Chen Youde. He said that even his family didn’t get tickets. How could it be possible to get tickets for our house? And I was very angry when I heard his tone, so I asked casually, as if Chen Qinshou had offended some big man. , So that all the tickets that his family could get are lost.”

Liu Shijie said.

Liu Qianshuang turned to look at Chen Qinshou, with anger in his eyes, she was almost deceived by Chen Qinshou!

“Which big man did he offend?” Liu Qianshuang asked casually.

“It seems to be called Yusheng. I don’t know who it is. I have never heard of it.” Liu Shijie said.

“What? Chen Qinshou offended Yu Sheng, and then his family’s opportunity was cancelled?” Liu Qianshuang said in surprise. It seems that Yu Sheng has a high status in the Four Seas Group. At least his relationship with Xia Jun is better than that between the Chen family and Xia. The relationship between the army is much more ironclad, or how could Xia Jun turn his face with the Chen family because of him? There was a light in Liu Qianshuang’s eyes, she seemed to see the hope of the rise of the Liu family.

“It seems so, by the way, do you know Yu Sheng? Who is he?” Liu Shijie asked curiously when he heard the surprise in the woman’s words.

“The manager of the project department of Sihai Group, I will invite him to dinner tomorrow.” Liu Qianshuang said simply.

“Qianshuang, since you have such a good relationship, you must seize it. This is the only chance for our

Liu family to stand up.” Liu Shijie said bitterly.

“Dad, I know, let’s do this first.” Liu Qianshuang said and hung up the phone.

She looked at Chen Qinshou, and the joy in her eyes instantly turned into indifference.

She walked over and opened the door, and said coldly: “Master Chen, please go out, I want to rest.”

“Qianshuang...” Chen Qinshou probably guessed that Liu Qianshuang already knew what he had lied to her, and his face was a little embarrassed.

“You should know that what Liu Qianshuang hates most is a liar, Young Master Chen. From now on, we will no longer be friends, please respect yourself.” Liu Qianshuang said in a deep voice.

Chen Qinshou was very unwilling. He wanted to force Liu Qianshuang, but seeing Liu Qianshuang’s defensive face outside the door, he finally gave up this idea.

Seeing Chen Qinshou leaving with a look of unwillingness, Liu Qianshuang went back to the room and locked the door behind him.

Thinking of what Liu Shijie said before, Liu Qianshuang still couldn’t believe it.

She didn’t think that Yu Sheng’s relationship with Xia Jun was so ironic that it could turn Xia Jun face to face with the Chen family.

“What is the relationship between him and Xia Junhui? If I ask him to get a ticket for my Liu family, will he help me?”

With this question, Liu Qianshuang went to the bathroom to take a bath.

Looking at his almost perfect figure and flawless skin in the mirror, Liu Qianshuang’s eyes showed a touch of confidence.

She believes that as long as she takes the initiative, Yu Sheng should not refuse her.

After all, even in Qiancheng, her Liu Qianshuang is one of the rare stunning beauties.

Thinking about this, Liu Qianshuang took a shower, lay on the bed, turned out Yu Sheng’s WeChat, compiled a piece of information, and sent it to Yu Sheng.

Chapter: 355

The rest of my life was still having dinner with Du Fei and Yu Zhong, and received a warm message from Liu Qianshuang.

According to ordinary people’s thinking, they would definitely chat with Liu Qianshuang, or ask her to come out for a drink or something.

But Yu Sheng just smiled, and didn’t get her back.

Liu Qianshuang sent seven or eight pieces of information in a row, and she didn’t send it again after she didn’t get back to her for the rest of her life.

The three of them drank almost before they went back one after another.

The next day, Yu Sheng first sent Xiao Shui to school and then to the company.

When passing by a department, seeing that the eldest sister who was desperately chasing her son in the flood a few days ago had red eyes and was driven out by several staff members, she frowned.

This elder sister impressed him a little at the time.

Yu Sheng drove to the side of the road and stopped the car. When the eldest sister brought her son over, she saw her limping. Yu Sheng wondered if her foot was injured someday without treatment?

After the two came over, Yu Sheng stretched out his head and asked: “Sister, what are you?”

“It’s the benefactor, the benefactor, it’s like this. Didn’t my house be washed away by the flood? I still have thousands of dollars in my bank card, but the card and ID card were all washed away by the flood. I don’t have an ID card. I can’t reissue a bank card, so I want to ask them to provide me with a certificate

first, but they said they're very busy today and they have to come back tomorrow. But my Bo'er hasn't eaten dinner yesterday until now." Said, touching his son's head.

"Uncle, Bo'er is hungry." The little boy looked at Yu Sheng pitifully.

The eldest sister wanted to say something but stopped, but in the end she didn't say anything.

Because she and her son are really hungry.

"Eldest sister, get in the car, I will take you to eat some food first, and then find a way to reissue your ID card." Yu Sheng said distressedly while looking at Bao'er.

"Thank you great benefactor, great benefactor, your kindness, when Bo'er grows up, I will definitely repay you." The eldest sister bowed deeply to Yu Sheng with a sincere expression.

Yu Sheng nodded. He was slightly moved by the sincerity of the older sister. After they got on the bus, he took them to a breakfast shop.

Now, in the early morning, only the breakfast shop is open.

After ordering breakfast for the two, Yu Sheng took the opportunity to go to the bathroom and gave Wu Guanpei a reaction to the incident.

Although Wu Guanpei was in the public security department, he responded to things like this, and it worked better than others.

"Sister, what is your name?" Yu Sheng asked when he came back.

"My name is Li Mei." The lame eldest sister said.

"Where do you usually work?" Yu Sheng asked again.

"I became a sanitation worker because of the inconvenience of my left leg and it was difficult to find a job, so I became a sanitation worker, but my family is no longer there, and I can't leave my son to work, so I don't have to go to work today." Li Mei Said.

"Where is your husband?" Yu Sheng asked again.

Li Mei was silent, her eyes flushed slightly, and she swallowed hard: "At the beginning, I was interrupted by someone else's leg. He also broke that person's leg on an impulse, and was sentenced to three years in prison. The sentence was completed in a year and a half."

Yu Sheng sympathized with Li Mei's experience, and said after dinner, "Well, let me introduce you to a job, including food and housing, with a salary of more than 6,000. You can also take your son to the company when you go to work. of."

He was going to let Li Mei go to the company to clean up or something.

She was given a salary of 6,000, but it was three times that of a normal sanitation worker, and she was completely sympathetic to her and helped her with a change of direction.

Chapter: 356

"Great benefactor, I, I'm just a sanitation worker, and I don't have any specialty." Li Mei was a little moved when she heard Yu Sheng's words, but she still told the truth. She was moved by Yu Sheng's kindness, but she couldn't make Yu Sheng embarrassed.

"Nothing, you can clean up, of course, you can also choose other types of work." Yu Sheng decided to help the poor woman.

"I..." Li Mei was a little moved. Now she really needs a job that covers food and accommodation, but she feels a little sad.

"That's it. I'll take you to the company to take a look." Yu Sheng said and walked directly outside.

Li Mei hesitated and got into the car with Yu Sheng.

When he arrived at the Sihai Group Building, Yu Sheng asked Xia Jun to come down and bring Li Mei's

mother and son up there, and told him about the arrangement of work for Li Mei, and then he went to the office first.

Seeing Yu Sheng introduced her work, it turned out to be working at the Sihai Group, Li Mei was a little excited, and at the same time she was confident.

"Xia, President Xia, I, I can only clean up." Li Mei became more confident. This is not an ordinary small company.

"Well, okay, then you can clean up first." Xia Jun nodded. It was arranged by Yu Sheng anyway, and he won't ask more, just pay her when that time comes.

Xia Jun took Li Mei to the personnel office and saw Xu Zhiheng, the deputy manager of the personnel department, and said, "Deputy manager Xu, you can arrange for her to do the cleaning first. The residence and meal card will also be handled for her at one time. NS."

"Good Mr. Xia." Xu Zhiheng nodded, and it was not until Xia Jun left that he looked at Li Mei curiously. Seeing that Li Mei was not only a lame, but also brought her son to apply for a job, there was a hint of contempt in her eyes.

However, this was someone brought by Xia Jun himself, and he didn't know her relationship with Xia Jun, and he didn't have much to say.

After the incident with the Qin family last time, Xu Zhiheng hated him for the rest of his life, but his mind has also undergone some changes.

Although he was unwilling to get Yu Qin, he soon got together with another woman and found that it was just a breakup, and Yu Qin was not as important as he had imagined.

This person, once his mentality calms down, his whole person's dealings will change a lot.

"What's your name?" Xu Zhiheng asked.

"Li Mei." Li Hongmei replied.

"Is there any ID card?" Xu Zhiheng asked.

"My ID card is still not reissued, can I apply for a job first, and I will reissue it after two days?" Li Mei said weakly.

Xu Zhiheng frowned. How can I go through the entry procedures without an ID card?

"Is President Xia calling you?" Xu Zhiheng looked at Li Mei.

"It's my son's great benefactor. He said that he would introduce us to work, so he brought us in, and then asked Mr. Xia to bring us in." Li Mei said truthfully, just like that.

"Well, remember to re-issue your ID card and complete the procedures as soon as possible." Xu Zhiheng nodded.

Although it is not directly related to President Xia, the number of this woman has a certain relationship with President Xia, so please open your eyes and close your eyes first, anyway, she is just a cleaner.

Thinking about this, Xu Zhiheng went through the entry formalities for Li Mei, and then called the person below to take Li Mei to arrange a place to live.

At this time Yu Qin had just finished smoking a cigarette while leaning on the chair, and Yu Qin boldly sat on his lap, with straight eyes, which was simply overwhelming.

Chapter: 357

After kissing Yu Sheng at her home that day, Yu Qin's eyes were full of red fruit when she saw Yu Sheng, and the love in her eyes was not concealed at all.

In the early morning, the evil fire that was picked up by Yu Qin's upper body, Yu Qin's big hands raged unceremoniously on her body.

It wasn't until he heard the knock on the door that Yu Qin got up from Yu Sheng's lap and stood aside to tidy up his clothes.

For the rest of his life, he took out a cigarette and called in.

Xiao Zixin came in with a file and saw that Yu Qin's face was still a little bit ridiculous, and she immediately understood something in her heart.

Usually when Yu Qin sees Yu Sheng, she has an undisguised love scene in her eyes. Of course, she can see that Yu Qin is interesting to Yu Sheng, and Yu Qin's boldness can actively seduce Yu Sheng, but she cannot do it like Yu Qin. presumptuous.

Yu Qinzheng looked away from Xiao Zixin, but instead smiled provocatively at her.

As a woman, she could also see Xiao Zixin's feelings for Yu Sheng. At this moment, of course the hostility in Xiao Zixin's eyes could smell.

For the rest of his life, he leaned on the chair and smoked, but he didn't realize that there was hostility between the two secretaries.

He looked at Xiao Zixin faintly, as if he had discovered nothing just now.

"Yu Dong, I'm going out first." Yu Qin glanced at Xiao Zixin, greeted Yu Sheng, and went out.

Xiao Zixin came to Yusheng, she must have a job. She has a different division of labor from Xiao Zixin, and of course she will not stay behind to ignore her work.

This is also the secret way.

"Yu Dong, the public relations department has just sent a first-hand message that the Penguin Group is going to open a branch in Qiancheng, mainly for the entertainment sector." Xiao Zixin handed a file to Yu Sheng.

For the rest of his life, there was a shock, and the cigarette stopped smoking, he squeezed it out, then picked up the file to look.

Penguin Group is one of the three major Internet giants in China, and it is much stronger than Sihai Group.

They opened a branch in Qiancheng, and their main business was in the entertainment area. Obviously, they wanted to seize the huge market in the southwest with Sihai Group.

Yu Sheng's brows frowned slightly.

Sihai Group is based in Qian Province, and during this period it has seized a lot of markets, which can be said to be thriving.

Penguin saw the huge traffic market in the Southwest, and wanted to get a share of the pie.

"No, they are not just getting a piece of the pie. Or they could set up their company in the city under the jurisdiction of Yuzhou or the new first-tier metropolis of Sichuan. Why do they want to set up their branch in the second-tier city of Qiancheng?"

Yu Sheng's eyes narrowed. If he guessed wrong, Penguin is going to swallow them all in one bite!

"I see, you go out first." Yu Sheng said to Xiao Zixin.

"Yeah." Xiao Zixin nodded, and then she wanted to quit.

"By the way, does President Xia know this message?" Yu Sheng asked.

Xiao Zixin stopped, turned around, and shook her head, "I don't know yet."

"Well, you send him a copy by the way and let him come to me." Yu Sheng nodded.

Xiao Zixin answered and opened the door and went out.

Yu Sheng took out another cigarette, then got up and walked to the floor-to-ceiling window.

Looking at the busy city under the building, Yu Sheng narrowed his eyes.

The penguin has a good calculation.

As long as they swallow the Sihai Group, they can use the foundation laid by the Sihai Group to skip the first step of the layout and proceed to the second step of harvesting.

“Hmph, I will see for the rest of my life, how shameless you will be!”

Yu Sheng took a deep breath and narrowed his eyes.

Chapter: 358

After Xia Jun came to Yu Sheng’s office, the two discussed the purpose of Penguin for nearly an hour, and finally decided to record the Cosmic Girls program in advance.

That afternoon, Yu Sheng received an invitation from Liu Qianshuang, and Liu Qianshuang wanted to invite him to dinner.

Yu Sheng knew what she was thinking, so he agreed.

The location is still in Yirenju, because Du Fei collected a lot of medicinal materials today, and the rest of his life is going to see it. Yirenju is very close to the cherry blossoms.

Yu Sheng directly agreed to Liu Qianshuang’s request, and gave her family a chance to participate in the auction. Whether a period of time can be obtained in the end depends on her family’s courage and financial resources.

After eating, Yu Sheng left and went to the Sakura Club.

Du Fei bought a lot of medicinal materials. It can be said that the entire Qiancheng, almost on the list that Yu Sheng gave, he collected.

After reading them one by one, Yu Sheng said, “The existing medicinal materials can be used to refine Sanxue Jiuxin Pill and Blood Vessel Regeneration Pill, but these two pills are used for healing, and they are not very useful for improving internal strength. .”

“Healing the wounds? How about Johnson’s Pill?” Du Fei asked curiously.

“Of course it can’t be compared with Johnson’s Pill. That Johnson Pill can not only restore the broken sea of qi, but also make the broken bones heal quickly. It is not an exaggeration to call it a god pill.”

Yu Sheng shook his head and smiled: “However, Qiangsheng Pill is mainly used to heal injuries, while Sanxue Jiuxin Pill and Xuemai Regenerating Pills are mainly used to treat diseases and regulate body muscle energy. Many intractable diseases can be cured.”

Du Fei’s eyes lit up and he smiled and said, “That’s okay. Even if we don’t need it, we can sell it.”

Yu Sheng thought for a while, and felt that what Du Fei said made sense.

He estimated that the cost of the medicinal materials of these two kinds of medicinal herbs is only a few thousand yuan per furnace, but the effect of the refined medicinal herbs is definitely hard to find. When the time comes, it will not be sold for hundreds of thousands of millions of dollars. For too much.

“Okay, then I will refine a few furnaces for you to sell.”

Yu Sheng nodded and decided to let Du Fei and the others make some money. He didn’t want this money.

Du Fei was a little excited. Recently, because he was going to wash away a lot of gray businesses, his income dropped by more than half, and many brothers below complained a little.

He knows the efficacy of the pill that Yu Sheng refines, it can really be said to be a magical medicine.

This kind of pill, sold for millions of pieces, and someone will definitely buy it.

“You said, how about I set up a pill company?” Du Fei said whimsically, looking at Yu Sheng expectantly.

The rest of his life was speechless, and smiled: “You want to treat me as free labor for your company to make alchemy.”

Du Fei smiled and said, “You take the big head, I can do it with two or three.”

Yu Sheng smiled and said nothing, this kind of thing is simply impossible, how could he have time to specially refine the pill for Du Fei.

Besides, he is not very optimistic about this business.

“Hey, there is actually a blood dragon grass here. Let me see if there are broad white and wide angle. If you have these two herbs, you can refine a small pill of Yuan Pei!” Yu Sheng said with some excitement. Xiao Pei Yuan Dan’s materials include blood dragon grass, ginseng that is more than a hundred years old, wide white and wide angle, among which blood dragon grass is the most difficult to find. It was a bit of a surprise to think that Du Fei actually bought one.

Hundred-year-old ginseng is also available now, which is far from wide-white and wide-angle.

The main effect of Xiao Pei Yuan Dan is to consolidate the body, enhance internal strength, improve body muscle energy, and cure many difficult and complicated diseases, especially for some stubborn miscellaneous diseases. The effect is a bit stronger than that of Xuemai Regenerating Pills.

“Yes, yes, yes, quite a lot.” Soon, Du Fei found out two kinds of medicinal materials, wide angle and wide white.

“Okay, I will refine the Xiaopeiyuan Pill first, and you will separate the medicinal materials of the other two pill.”

Yu Sheng started to refining Xiao Pei Yuan Dan as soon as he made a fire.

Chapter: 359

That night, for the rest of his life, he had been doing alchemy at the Sakura Fair, but he never returned.

He just called Yang Zihuan, and asked her to send Xiao Shui to school tomorrow, and she hung up.

It was after four o’clock in the middle of the night that all the medicinal materials were refined.

This evening, he refined a furnace of Xiao Pei Yuan Dan, there were ten, and he ate two on the spot.

After spending more than an hour to refine them, his internal strength increased a lot, which is equivalent to his usual suffering. The effect of training for ten days.

Xiao Pei Yuan Dan is mainly to consolidate the foundation, so the improvement of internal strength is not very abnormal.

However, the medicinal materials of Xiao Pei Yuan Dan are not too difficult to find, and they can be refined in large quantities.

At that time, he will eat hundreds of pills, his internal strength will definitely increase for decades, and he will also be able to break through to the martial arts master in a short period of time, which is enough to deal with the Li family.

There are three furnaces of Blood Rescue Pills, 32 of them, and two furnaces of Blood Regeneration Pills, 15 of them. These pills are sold out and sold for tens of millions. There should be no problem. .

For the rest of his life, he took a few pills of these two medicines and put them on his body as spares, and gave Du Fei all the rest. What he wanted to do with it was his business.

Seeing that the sky is about to dawn, there will be no rest for the rest of my life.

He came to the backyard and began to practice.

After having breakfast in the morning, I went to the company for the rest of my life. As soon as I processed some files, I received a call from Zhang Shengquan.

The Zhang family was originally one of the big families in Qiancheng, but since the last feng shui supernatural event, the Zhang family has kept a low profile.

Especially Zhang Shengquan, when Qin Daoran used his life in exchange for the continuation of the entire Zhang family, he was of course unwilling.

In the end Yu Sheng not only broke Qin Daoran's law, but also saved his life. From then on, he respected Yu Sheng to the extreme.

Looking at the phone, Yu Sheng didn't guess what Zhang Shengquan was looking for, so he connected: "Patriarch Zhang, what's the matter?"

He didn't think that Zhang Family's supernatural incident had yet to be resolved.

Seeing Yu Sheng connected, Zhang Shengquan hurriedly laughed and said: "Oh, Master Yu, last time you saved my life, Zhang did not thank you so much. I just want to ask if Master Yu has time. If I have time, I would like to invite Master Yu to lunch now."

For the rest of his life, he was a little speechless, saying: "If you have anything, just say it, don't waste time."

How can a treat deliberately invite someone to lunch? This birthright is obviously asking him for something, and it's still very urgent.

Zhang Shengquan smiled, and hurriedly said: "Master Yu is still thinking about things like a god. I think about it carefully and the master will see through it."

Yu Sheng frowned, a little impatient: "Let's talk, I have limited time."

Zhang Shengquan stopped selling Guanzi and hurriedly said, "Master Yu, you know the Bai family."

Yu Sheng thought for a while and asked, "The Bai family of Hefengtang?"

In Qiancheng, only the boss of Hefengzhang was named Bai, otherwise he couldn't think of another Bai family.

Zhang Shengquan replied: "Yes, it's the Bai family of Hefengtang. The Bai family was kind to me back then. Now that Miss Bai family has some trouble, I want to help her."

Yu Sheng sarcastically said, "You are afraid that you are going to borrow my favor and hug Bai's thigh." As far as he knows, the Bai family is very strong in Shangjing, and its influence is much greater than that of the Li family. How can it overlap with Zhang Shengquan?

Zhang Shengquan looked a little embarrassed, and said with a smile: "Master Yu is really a god-man, alas, my Zhang family's business has been greatly affected after the last supernatural incident, and we still haven't recovered. It just so happens that our Zhang family has Many jewels can cooperate with Hefengtang. If Hefengtang can cooperate with us..."

Yu Sheng didn't bother to listen to Zhang Shengquan's explanation, and interrupted: "Let's talk about what trouble Ms. Bai has encountered, and need me to help?"

Chapter: 360

The Bai family where Magnolia is located is a big family in Beijing, and it is much stronger than the Li family in terms of strength and influence.

The Bai family's Hefengtang also has a branch in Qiancheng, which is operated by Bai Yulan. She and Yu Sheng met twice.

Once she was bullied by a peddler while buying antiques on Antique Street. Yu Sheng couldn't stand it and helped her out. She thanked Yu Sheng and thought that Yu Sheng was also a capable person, so she gave Yu Sheng a VIP card from Hefengtang.

For the second time, Yu Sheng went to Hefengtang for auction.

Then the two never met again.

Yu Sheng was guessing in his heart, what difficulties will Magnolia encounter and need his help?

With the strength and status of the Bai family, even in Qiancheng, no one should dare to move her.

Zhang Shengquan said: "Ms. Bai has recently committed a Tai Sui. It may be due to a problem with her

air luck. The whole person is terribly unlucky...”

Yu Sheng nodded, just as he thought.

In Zhang Shengquan’s eyes, he was just a feng shui master and the door-to-door son-in-law of the Yang family. He suddenly asked himself for help, and he knew that this should also be the matter.

Zhang Shengquan went on to say: “Miss Bai has found many Feng Shui masters, but she hasn’t seen the reason. Therefore, I would like to ask Master Yu to help Miss, see if she can help her break this game.”

Yu Sheng thought for a while and said: “You first talk about her recent situation, what troubles she has encountered, let me see if I can help her.”

He feels pretty good about Magnolia first, if it is really feng shui luck, it is okay to help her.

Of course, the Penguin Group intends to suppress his Sihai Group. It can build on the relationship of the Bai family and sell the Bai family as a favor. At the critical moment, the Bai family can also be used by him.

Zhang Shengquan said: “Ms. Bai is always injured recently. There have been two car accidents on the same day. Although there were no injuries to her life, she also went to the hospital for several days.

Another time, when she went down the stairs, she fell down. Fortunately, the stairs were carpeted and she just sprained the back of her instep.

Also, when she was drinking coffee, the soup reached the back of her hand.

What makes her even more depressed is that yesterday she was bitten by the pet dog she had raised for three years.

By the way, the Qiancheng branch that she took over recently has been in constant trouble. There have been several misappraisal of the auction items, and the money has lost tens of millions...”

“Okay, I know.”

Yu Sheng directly interrupted his endless talk, and said: “Miss Bai, this is indeed feng shui bad. If I guess wrong, it should be her own feng shui fate.”

Zhang Shengquan hurriedly said: “Yeah, some Feng Shui masters also said the same, but unfortunately they saw the problem, but they couldn’t solve the problem.

By the way, what makes Miss Bai most sad is that a necklace her mother gave her before her death also fell. She asked many people to look for it for two days, and even called the police, but she still couldn’t find it...”

“Um.”

Yu Sheng hummed, and suddenly said, “Patriarch Zhang, although I don’t ask for anything in return for the rest of my life, I won’t do anything for anyone.”

“Huh?” Zhang Shengquan suddenly reacted to what the rest of his life meant.

Yu Sheng said directly: “I and the Bai family are not relatives, why should I help her?”

Zhang Shengquan finally reacted and hurriedly said with a smile: “Master Yu, as long as you make a move, how much money is not a problem. By the way, I will send you my one-billion-dollar card last time.”

“I’m not bad for money.” Yu Sheng said lightly.

Zhang Shengquan was silent, and it took a long time before he finally understood what Yu Sheng meant.
