

## Dont mess 371

### Chapter: 371

"It's a god!"

At this moment, not only were Li Furen and Zhang Shengquan admiring the five bodies that Yu Sheng admired, but Bai Zhulan was also willing to surrender.

For the rest of his life, this is the real Feng Shui master.

Based on the five-element gossip deduction, it can be deduced that there is a water pipe buried under this wall of mixed water. You can't accept it!

At this time, Master Lai, who was crawling on the ground and wailing, also opened his eyes wide.

He has always relied on Feng Shui metaphysics to deceive people and money, but in his heart he actually didn't believe these things.

But today, at this moment, he really believed it.

"Master, what do you do next?" Li Furen asked excitedly.

Yu Sheng said: "Break the water pipe and let the water spray out. Once the water comes out of the formation, it will rush across the Chen Shi. Once the formation is over, the dragon lock formation will no longer exist."

When Bai Magnolia heard this, her face suddenly showed excitement, and said hurriedly: "Uncle Li, hurry up and break the water pipe!"

Li Furen nodded and said, "Good lady."

As he spoke, he pierced the pvc pipe with a steel barb, the water pipe broke open, and the water inside suddenly spurted out.

Zhang Shengquan and Li Furen were stunned, but they didn't care about them.

At this moment, Magnolia's heart trembled suddenly, this feeling was like the lost thing suddenly returned to her hands.

"What's next?" Li Furen asked excitedly again.

"Next?"

Yu Sheng smiled and said: "Next, of course, turn off the water first, so as not to flood the entire room for a while."

Magnolia thought of the wonderful feeling she had just received, and asked, "Master, has my luck recovered?"

"Um."

Yu Sheng nodded and said, "From now on, your luck has recovered, and bad luck will no longer haunt you."

Magnolia was overjoyed in her heart and bowed to Yu Sheng Yingying, saying: "Master, thank you so much for today. If it weren't for you, I don't know what I would be like by this liar!"

She said that she looked at Master Lai who was crawling on the ground pretending to be dead, and a look of cruelty flashed in her eyes.

But Master Lai felt the cruelty in Magnolia's eyes, and he shuddered subconsciously.

Yu Sheng smiled faintly: "Miss Bai is polite, it's nothing more than a simple effort. By the way, your luck has been suppressed for so many days, and you finally recovered today. There will definitely be a big explosion of luck. If I guess wrong, these two Within days, Miss Bai will have good luck in a row."

Magnolia was overjoyed and said excitedly: "Ah, really?"

As soon as her voice fell, the phone rang suddenly, and when she came out to see, it was Li Fugui calling.

“Miss, the matter has been resolved.” As soon as the connection was made, Li Fugui’s excited voice came.

Magnolia was also very moved, and hurriedly asked: “What’s the matter?”

Li Fugui said, “They took the wrong sample. There is nothing wrong with it.”

Magnolia nodded and said, “That’s good, that’s good.”

When she said that, she hung up Li Fugui’s phone. Her Fengmu just looked at Yu Sheng, she really took Yu Sheng, just broke the formation, and immediately transferred, this Master Yu is really amazing!

Just as she was about to say a few excited words, the phone rang again, and it was from the grandson of the Li family of Xiangjiang.

“Prince Li.” Magnolia said with some expectation in her heart.

“Miss Bai, I’m really sorry. Yesterday our Feng Shui master said that your luck during this period will affect the people working with you, so we have to cancel the cooperation with your Bai family, but the Feng Shui master just again Suddenly saying that you are in fortune, it is a great time for us to cooperate with you. This cooperation can bring a win-win situation for both of us.

Miss Bai, therefore, I hope that our two can cooperate again and sign the contract as soon as possible.”

Listening to Li Gongzi’s voice on the phone, Bai Yulan could no longer suppress the excitement in her heart!

## **Chapter: 372**

The change in the attitude of the Li family made Magnolia’s jaw drop in surprise.

Yesterday, the Li family was extremely resolute, saying that even if they were in a lawsuit, they could not cooperate with her Bai family. Who knows that today, when Master Yu broke the dragon formation for her, the Li family made a big turn of 360 degrees. .

At this moment, she almost yelled out of excitement.

You know, the cooperation with the Li family this time can bring her Bai family more than 2 billion profits.

Moreover, if the following operations are good, it may be more than this number.

But Magnolia suppressed the excitement in her heart, and said, “In this case, let’s make an appointment with a time and place and sign the contract.”

Li Gongzi smiled and said: “Okay, then tomorrow morning, I will go to Beijing to meet Miss Bai in person.”

Magnolia nodded and said, “Okay, then I will go back to Beijing tonight.”

She hung up the phone. At this moment, her worship for the rest of her life was almost a god.

This phone call illustrates the power of Yu Sheng.

Before the big liar, Master Lai destroyed the life of Suolong Array, and he immediately suffered bad luck.

Then, after Master Yu broke the Suolong Formation, he immediately became extremely calm. This was the most tangible proof.

Master Yu is really a godlike existence.

Magnolia looked at Yu Sheng, her eyes full of worship.

At this moment, her cell phone rang again, an unfamiliar number.

“Miss Bai, hello, I am the owner of the Hermès clothing store. You bought a set of clothes in our store last week, remember.” As soon as it was connected, a woman’s voice came.

Magnolia was startled, then nodded and said, “Oh, I remember, is there anything else?”

The opposite said: “That’s it. When we just cleaned the fitting room, we suddenly found a necklace in

the corner with your name engraved on the pendant, so I called to ask if you dropped it.”

Magnolia’s heart was shocked, she almost cried with excitement: “It’s mine, I have been looking for it these days, but I didn’t expect it to fall to you, I will go and get it now!”

She hung up the phone as she spoke, very excited.

The necklace was given to her by her mother when she died. After all these years of thinking about her mother, she was ready to give up after spending millions of dollars in search for it.

I didn’t think that after Master Yu helped her break the dragon lock formation, the necklace that had been lost for a few days was found again!

“Master Yu, I found the necklace my mother gave me. I’m so grateful to you. If it weren’t for you, the necklace my mother gave me would never be found again...” Bai Yulan looked at Yu Sheng, her eyes red with excitement. .

Yu Sheng smiled faintly, and immediately understood what Bai Magnolia meant, and said: “You go to get the necklace first, the rest is not important.”

Magnolia nodded, hurriedly took out a check, then filled in thirty million, and handed it to Yu Sheng:

“Master Yu, this is my kindness, and you must accept it.”

Yu Sheng shook his head and said, “I am not short of money. If you really want to thank me, next time you receive valuable medicinal materials, you will notify me in private instead of waiting until the auction day to notify me.”

Twenty million is optional for him.

What he wants most now is a variety of precious medicinal materials, which can be used to refine the pill of cultivation and enhance internal strength.

Magnolia was startled, and said in surprise: “Master Yu knows how to heal?”

Yu Sheng smiled and said, “I know a little bit.”

When she heard the words Yu Sheng, Magnolia felt a little embarrassed.

Before, I heard that Yu Sheng said that she knew something, and then she despised Yu Sheng. She didn’t think that Yu Sheng, a so-called one or two, was a true Feng Shui master.

From this point of view, Master Yu knows a thing or two about medical skills, and I am afraid he is also a hidden genius doctor.

Why is he so good? Feng Shui metaphysics, medical skills, antiques, everything is proficient, all-powerful. Magnolia looked at Yu Sheng, her heart started beating a little faster...

### **Chapter: 373**

Passionate, Magnolia still wants to give 30 million cheques to the rest of her life, or she seems too stingy.

She forced the check into Yu Sheng’s hand and said, “Master Yu, this is just a little bit of my heart. If you don’t accept it, I will feel uneasy.

As for the precious medicinal materials you mentioned, as long as I have the goods here, I will notify you as soon as possible. Even if it is a rare treasure like the Thousand-Year Wild Ginseng, as long as you want to buy it, I will only sell it at the market price. Here you are, never go to auction. ”

Seeing this for the rest of his life, he nodded and collected the check.

Seeing Yu Sheng accepted it, Bai Magnolia was also relieved and said, “Then I will get back the necklace my mother gave me, so I won’t accompany the master.”

Yu Sheng nodded and said, “Go.”

“Uncle Li, please entertain Master Yu first.” Bai Yulan exhorted Li Furen again before going out.

“Master Yu, wait a minute until I deal with this liar.” Li Furen said to Yu Sheng.

Yu Sheng looked at Master Lai who was crawling on the top and pretending to be dead, and nodded.

“Master Yu, help! Master Yu, I really know that I was wrong, I beg you to help me!” Master Lai suddenly hugged Yu Sheng’s calf and kept knocking his head.

Yu Sheng kicked it away, turned and walked downstairs.

Liars should not be sympathetic.

They are all rascal bastards and villains.

Especially for people like Master Lai, if he doesn’t come today, Magnolia will definitely be killed by him.

Moreover, if he saves Master Lai today, it is difficult to say that he will not lie to others in the future.

If he killed people, this cause and effect will also be part of the rest of his life.

“Come on, pull this liar out for me to break his legs. I’ll see how he will cheat in the future!” Li Furen shouted.

Immediately, two bodyguards rushed in, and then walked out carrying Master Lai.

“Spare! Butler Li, spare your life!” Master Lai kept wailing, but no one sympathized with him.

Soon, there was a terrible cry outside the villa.

Yu Sheng and Zhang Shengquan hadn’t stayed in the Bai’s house for a long time, they just glanced at Master Lai whose legs were broken, and then left the Bai’s house.

“Master Yu, thank you so much today. I believe that with today’s meager contribution, Miss Bai will definitely cooperate with our Zhang family.” In the car, Zhang Shengquan excitedly thanked Yu Sheng while driving.

The rest of his life just smiled, without talking.

Zhang Shengquan said gratefully: “Master Yu, no matter what you have in the future, as long as you say hello, go up to the sword mountain, go down to the sea of flames, Zhang will do whatever it takes to be a master!”

“Let’s talk about it later.” Yu Sheng said lightly.

Although Zhang Shengquan said it sincerely, he was unpredictable. Who knows if he will go back when he is really needed?

Zhang Shengquan was a little embarrassed, but he said very firmly: “Master Yu, you are not only the life-saving benefactor of my Zhang family, but you also acted for me so righteously today. This kindness is higher than the sky. Even Zhang Shengquan knows how to be a beast. Know the truth of the gratitude report!”

Yu Sheng glanced at Zhang Shengquan with a firm face and smiled: “I understand your feelings and believe in your loyalty to me.”

“Thank you, Master.” Zhang Sheng nodded heavily, feeling a little delighted.

But the last time, or this time, the methods that the rest of my life demonstrated are really amazing, and they are simply not understandable by ordinary people like them.

He had already made up his mind to hug Master Yu’s thigh tightly in this life, no matter what.

#### **Chapter: 374**

When I returned home at night, Yu Sheng was a little surprised. There were guests at home. They were Yang Zihuan’s cousin Gao Xiaoxiao and his uncle Liu Qin.

At this time, Gao Qing was chatting with them. Seeing Yu Sheng coming in, both Gao Xiaoxiao and Liu Qin showed disdain in their eyes.

A door-to-door son-in-law, how could they take it seriously.

But Gao Qing looked at Yu Sheng, but he didn't dare to make any trouble.

From time to time, in her mind, Yu Shengsheng was forcing his aunt to die, and for Yu Sheng, she could be regarded as a psychological shadow.

Since that day, Gao Qing has not even dared to look at Yu Sheng, and sometimes even cooks by herself. Seeing the eyes of the two, Yu Sheng gave up when he wanted to say hello.

Others look down on him, so he certainly won't put a hot face on others' cold ass.

"Xiao Shui, Aunt Lai Xiao hug." Gao Xiaoxiao looked away from Yu Sheng, looked at Xiao Shui with a smile, and stretched out his hands to make a hug.

Gao Xiaoxiao was studying at Qiancheng University and had been here several times, so Xiaoshui also knew her.

"Aunt Xiao, I want to eat ice cream, and Dad won't buy it for me." Xiao Shui discarded Yu Sheng's hand and ran to Gao Xiaoxiao.

"Your father has no money, can't afford it, go, Aunt Xiao will take you down to buy it." Gao Xiaoxiao said, took the schoolbag from Xiao Shui's back and threw it on the sofa, picked up Xiao Shui and went out.

"Buy him less sweets." Yu Sheng reminded.

"Children, what do you like to have some sweets? You are a soft meal, don't talk if you can't afford it. My family Xiaoxiao can still afford Xiaoshui some snacks." Liu Qin looked at Yu Sheng sarcastically.

For the rest of my life, I wanted to say something more. One box of ice cream a day would be enough. Xiaoshui was not eating in moderation at all, but after thinking about it, let it go.

He was too lazy to talk nonsense with Liu Qin and the others, for a long time, these people would not say anything except ridicule.

After checking the time, he took the vegetables and walked into the kitchen to cook.

Looking squintingly at the rest of his life busy in the kitchen, Liu Qin sighed: "It is a pity that Zihuan married such a family cook back then. On her terms, she can marry a rich man if she marries. The second generation, at that time, your family would not still live in this small house."

Gao Qing tilted her head and glanced into the kitchen. Seeing that Yu Sheng seemed to have no time to take care of them, she whispered: "Yes, this waste is good at cooking and fart. I asked Zihuan to divorce him many times. , But I don't know what the girl was so dazzled that she never divorced, Sister-in-law, don't you know, my life is suffering."

Liu Qin said: "I'll persuade Zihuan for you later. On her terms, even if you have a child, you can marry a man with good conditions if you want to remarry. She is much better than guarding a soft rice king. "

Gao Qing nodded, and soon Yang Zihuan returned from get off work.

"Uncle." Yang Zihuan greeted Liu Qin.

Liu Qin waved to Yang Zihuan and said, "Zihuan, come here, my auntie has a good chat with you."

Yang Zihuan smiled, turned around and threw the handbag onto the bed in the bedroom, before walking to the opposite side of Liu Qin and sitting down.

"Zi Huan, what did you think at the beginning, why would you choose a soft meal?"

Liu Qin shook his head and sighed: "You were the number one beauty in Qiancheng at the beginning. The rich guys who like you will have to line up for a long line. You can choose any one, and it will be better than this for the rest of your life."

Yang Zihuan smiled awkwardly, without speaking.

To be honest, she sometimes regrets her impulsive decision.

In particular, Yu Sheng was clearly the second son of the Yu family in Shangjing, but he just left hundreds

of billions of fortunes not to inherit, and pretended to give all of the Yu family fortunes to his brother. Do you think this guy is brainstorming? what.

For this matter, she didn't know how many quarrels with Yu Sheng had been.

These days, she has used the soft and hard, even the tricks of acting like a coquettish and cute, but for the rest of her life, she is a rotten egg, and she will not eat soft or hard.

### **Chapter: 375**

"Forget it, don't talk about the past, but with your current conditions, there should be no problems with remarrying a successful man with good conditions." Liu Qin said again.

Yang Zihuan didn't speak, but a long-lost figure flashed in her mind subconsciously, the figure that broke into her heart several times despite wearing a mask all the time, and then sighed silently.

"Zi Huan, my uncle knows a man who works in the Bureau of Industry and Commerce, who is only 35 years old and has been promoted to section chief. He has a bright future. By the way, he has only divorced his ex-wife not long ago and has a daughter. I think you two It's great to start a family," Liu Qin said.

Yang Zi smiled happily, and said, "Mother-in-law, don't worry about it. I and the rest of my lives have had a good time."

"Isn't he just a little security guard, what's good?" Liu Qin said with disdain.

Yang Zihuan smiled faintly: "Yu Sheng is now a full-time driver of the chairman, with a monthly salary of about 20,000 yuan, which is very good."

"He has a monthly salary of 20,000? It's true, don't bluff the auntie." Liu Qin said in disbelief.

In Qiancheng, a second-tier city, normal office workers have only 5,000 or 6,000 wages, and many jobs are only 2,000 or 3,000.

So not to mention the monthly salary of 20,000, even if it is only 10,000, it is already considered very good, much better than most people.

Seeing Yu Sheng carrying vegetables out, Yang Zi smiled and said, "If you don't believe me, ask him."

Liu Qin and Gao Xiaoxiao both looked at Yu Sheng curiously. They always thought that Yu Sheng was just a small security guard with a salary of two or three thousand, and was the son-in-law of the Yang family. Yes, in their opinion, a monthly salary of 20,000 yuan is a turnaround for the rest of his life.

"Yu Sheng, are you now a full-time driver for your boss?" Liu Qin asked.

"Yeah." Yu Sheng nodded lightly.

"What is your salary now?" Liu Qin asked again.

"Ten thousand to twenty thousand." Yu Sheng replied, and then went back to the kitchen to serve the soup, but Gao Xiaoxiao took the initiative to follow.

"Brother-in-law, I will help you." Gao Xiaoxiao said enthusiastically.

Yu Sheng glanced at Gao Xiaoxiao, a smile appeared at the corner of his mouth, and he didn't know whether it was a mockery or self-deprecation.

With a monthly salary of only 20,000 yuan, this attitude has undergone a big change. If you let her know that she is the boss of the Four Seas Group, she will kneel and lick it if she doesn't want to stand.

"Okay, you take out the meal, and be careful not to burn your hands." Yu Sheng reminded him, and then took the other two dishes out.

Seeing that Yu Sheng's salary was so high, Liu Qin was too embarrassed to persuade Yang Zihuan to remarry or something. During the meal, she suddenly stated their purpose for coming today.

"Zi Huan, there is something, my uncle wants you to do me a favor." Liu Qin said.

Yang Zihuan looked at Liu Qin and nodded and said, "Mother-in-law, if I can help, I will definitely help you."

"That's it. Look at your cousin Xiaoxiao. She graduated from university but couldn't find a suitable job. She has been at home for half a year. I feel sad." Liu Qin sighed.

Yang Zihuan faintly smiled and said: "This year the epidemic is serious and the situation is special. Especially in the first half of the year, many companies have closed down and it is normal to find jobs. However, our country has united from top to bottom to control the epidemic. In the second half of the year, Basically everything is back to normal. My cousin is looking for a job now, and it should be easy to find."

"Hey, don't you know, this wild girl has high eyesight, she doesn't like her low salary, and the people she likes don't like her academic qualifications. How good is this." Liu Qin looked melancholy. Said.

Yang Zihuan laughed and said: "This is normal. When we first graduated, our hearts were higher than the sky, but Xiaoxiao, you shouldn't value salary at the beginning. Now companies value your ability and qualifications. , You first find a good experience and study for two or three years, and wait for the ability to work, then consider the matter of salary increase."

"Many companies only give me three or four thousand yuan salary, which is not enough for me to buy cosmetics." Gao Xiaoxiao said.

"Zi Huan, why don't you arrange a position for Xiaoxiao in Yang's enterprise." Liu Qin finally said her purpose.

### **Chapter: 376**

Yang Zihuan smiled bitterly: "Mother-in-law, it's not that I didn't arrange for Xiaoxiao, but now there are really no positions suitable for Xiaoxiao in the company. Is Xiaoxiao willing to do it as a salesman? I will give you a three thousand basic salary plus a commission. "

"The basic salary of three thousand is so small, Sister Huan, you are not at the helm of the Yang family now. You must give me a basic salary of at least five thousand. By the way, the commission should be higher. We are sisters." Gao Xiaoxiao said.

Yang Zihuan was speechless, and said, "You ask your aunt, the basic salary of our company's salesperson is 2,000, and the probation period is only 1,500. I will give you 3,000, which is already very high, and your salary is repaid. You can't do it with other salespeople. When someone sees it, you will feel unbalanced."

Gao Xiaoxiao pouted, somewhat reluctantly, then she suddenly looked at Yu Sheng and asked kindly: "Brother-in-law, are you not your boss's driver? Your boss should value you very much."

Yu Sheng knew what Gao Xiaoxiao's idea was at a glance, smiled faintly, and said, "It's okay."

There was a light in Gao Xiaoxiao's eyes and asked: "Then you should help me arrange a job with a monthly salary of tens of thousands of dollars."

Yu Sheng looked up at Gao Xiaoxiao. This little girl had just graduated from university and had no work experience. She would have a monthly salary of tens of thousands when she came out.

"But you can, but can you do it?" Yu Sheng asked.

"Of course you can, brother-in-law, don't worry, I will never shame you, I will definitely work hard and work hard!" Gao Xiaoxiao said hurriedly.

What she said was not a lie.

She is the kind of job that she will definitely do well in her heart as long as the salary can satisfy her.

"Okay, then I will arrange one for you tomorrow." Yu Sheng nodded.

“Okay, brother-in-law, you are so kind, love you!” Gao Xiaoxiao exaggerated.

But at this time she was really happy in her heart.

A job with a monthly salary of tens of thousands has always been her dream. This is also the reason why she has not found a job for six months after graduation.

“Yu Sheng, thank you. My uncle used to have some complaints about you. Not only did you not care about it, but you also helped your cousin like this. You are such a good person.” Liu Qin also said with some emotion.

At this moment, in her heart for the rest of her life, she was even more intimate than Yang Zihuan. She had just begged Yang Zihuan for a long time, but Yang Zihuan didn’t say anything. In the end, she only gave her daughter three thousand wages, which is really not like a relative.

And for the rest of their lives, the door-to-door son-in-law they had always looked down upon, but generously agreed to arrange a job with a monthly salary of tens of thousands of dollars for their daughter, so why not let her be moved.

Yu Sheng smiled faintly, and said: “I have forgotten the past, so I don’t want to mention it.”

“Yes, yes, no mention or no mention.” Gao Xiaoxiao grinned.

Seeing that Yu Sheng was about to arrange a job for Gao Xiaoxiao, Yang Zihuan frowned and asked: “Xiao Xiaocai graduated from university and has no work experience. Are you sure you can arrange a job with a monthly salary of tens of thousands of dollars?”

After listening to Yang Zihuan, Gao Xiaoxiao and Liu Qin looked at Yu Sheng with some worry.

Indeed, nowadays, few college students who have just graduated can get a monthly salary of tens of thousands of dollars. Even for graduate students, there are few who can get a monthly salary of tens of thousands of dollars as soon as they start their jobs.

Is he really good for the rest of his life?

He won’t make us happy, right.

Thinking this way, Liu Qin’s mother and daughter felt that it was possible again.

After all, their family looked down on Yu Sheng before, and it is normal to take revenge on them for the rest of their life.

Yu Sheng looked at the suspicious gazes of a few people, but there was no rebuttal, but he put down the dishes and took out his cell phone to call Zhang Shengquan.

“Master Yu.”

When Yu Sheng turned on the amplifier, Zhang Shengquan’s respectful voice immediately stunned everyone.

“Give me a position with a monthly salary of tens of thousands. I will take my cousin to apply for the job tomorrow morning.” The rest of my life is not nonsense and straight to the point.

“Okay, okay, I will personally arrange it tomorrow, not to mention that the monthly salary is only tens of thousands, and there is no problem with the monthly salary of 100,000. If it is Master Yu you come to work, I will give you a monthly salary of tens of millions plus a year-end dividend.” Zhang Shengquan said in a magnificent manner.

At this moment, listening to Zhang Shengquan’s majestic voice, everyone’s eyes widened.

## **Chapter: 377**

For the rest of his life, he did not lie to them and really found Gao Xiaoxiao a job with a monthly salary of tens of thousands.

At this moment, both Liu Qin and Gao Xiaoxiao were a little ashamed. They should have doubted Yu

Sheng just now.

But Yang Zihuan and Gao Qing focused on the last sentence of Zhang Shengquan.

Give the rest of your life a monthly salary of tens of millions, plus a year-end dividend, which is an annual income of hundreds of millions.

Not to mention Qiancheng, even if you look at the whole country, there are very few talented people who earn hundreds of millions of years of work, and the rest of your life will have this kind of opportunity.

Yang Zihuan and Gao Qing both looked expectantly at Yu Sheng.

For Yu Sheng not to go back and inherit the Yu family's fortune, they have no way, but now they have the opportunity to earn hundreds of millions of dollars each year. Of course, they all hope Yu Sheng can seize this opportunity and don't miss it.

"Okay, you give me a monthly salary of 100 million yuan, and I am not interested. You can arrange it for my cousin." Yu Sheng did not give Zhang Shengquan a chance.

"Okay, good, Master Yu is a big man, of course it is impossible to come to work in a small place like my Zhang family, I dare not invite it, haha." Zhang Shengquan laughed.

"Let's do this first, I'll see you tomorrow morning." Yu Sheng said and hung up the phone.

"You, you, you, what do you want me to say about you?" Yang Zi looked at Yu Sheng with a hatred of iron and steel, and put the bowl on the table angrily, not even wanting to eat rice.

"What's the matter? What's your nerve?" Yu Sheng frowned, looking at Yang Zihuan puzzled.

"Yu Sheng, do you want to make me feel better!" Yang Zihuan said angrily.

Yu Sheng looked dumbfounded, Liu Qin and Gao Xiaoxiao were a little dumbfounded, and they didn't know why Yang Zihuan suddenly became so angry.

Only Gao Qing knew why Yang Zihuan was angry, but she still had a shadow on Yu Sheng, and she no longer dared to go crazy in front of Yu Sheng.

"Zi Huan, what's wrong, why are you making such a big fire?" Liu Qin asked puzzled.

Yang Zihuan snorted and said angrily: "Mother-in-law, did you hear me just now? Mr. Zhang said that he would give him a monthly salary of tens of millions and let him go to work. You see how he answers."

"Ah, this matter, I think Mr. Zhang might be joking." Liu Qin smiled.

"Yes, Sister Huan, Mr. Zhang must have been joking with her brother-in-law. There is no one who has to pay her brother-in-law for so many years. Brother-in-law is not a driver. He was just joking at first sight."

Gao Xiaoxiao also said with a smile.

Of course, she would not believe that there will be a boss who will give the rest of her life a monthly salary of tens of millions.

"Mr Zhang should not be joking. The last time Mr. Zhang asked him to help with something, he gave him a bracelet worth more than five million yuan." Gao Qing said suddenly.

"What? Do you a favor and give me more than five million bracelets? Ergu, are you kidding me?" Gao Xiaoxiao said incredulously.

"Who is kidding you, it's me. You can check it online to see how much it costs." Gao Qing took off the jade bracelet from her hand and handed it to Gao Xiaoxiao.

Liu Qin hurriedly craned his neck to watch.

"Take me to see." Liu Qin snatched the jade bracelet from Gao Xiaoxiao and began to observe it earnestly.

Although she couldn't see the true value of the jade bracelet, she felt like she couldn't put it down when she held it in her hand.

“Xiaoxiao, take a look at what is written on this, and check it online.” Liu Qin said, pointing to a few special words on the jade bracelet.

Gao Xiaoxiao has taken out his mobile phone and started to check it online.

“You have to check on the official website of Zhangjia Jewelry.” Gao Qing reminded.

This jade bracelet is the treasure of Zhangjia Jewelry No. 1 branch, Gao Qing has already checked it.

“Mom, this jade bracelet is really five million. You see, it’s a treasure of other people’s stores!” Soon, Gao Xiaoxiao checked it out and pointed to the pictures and instructions on the phone to show Liu Qin. The note on the side also said that this jade bracelet has been sold.

“In that case, this piece is always really good for Yu Sheng, so it is true that he just said that he would arrange a monthly salary of tens of millions for Yu Sheng!”

Liu Qin reacted and said in surprise.

At this moment, the eyes of their mother and daughter watching Yu Sheng changed.

Especially Gao Xiaoxiao, with a hint of worship in his eyes.

### **Chapter: 378**

“Mother-in-law, you know now why I am so angry, this guy is just the mud that can’t support the wall!” Yang Zihuan sighed.

Liu Qin nodded, empathizing with Yang Zihuan’s words, and looked at Yu Sheng and said, “Yu Sheng, since Mr. Zhang is willing to give you ten million in salary, it shows that you are still very capable. Why don’t you agree to him? ?”

Liu Qin said, but in his heart, I was afraid that for the rest of my life, I was afraid that my head was caught by the door panel. I don’t want such a good opportunity. How stupid it is.

If she knew the identity of Yu Sheng, knew that Yu Sheng had hundreds of billions of wealth in the Yu family unmoved for loyalty, and she generously gave it to his elder brother Yu Xuan, she estimated that she would vomit blood for Yu Sheng in a hurry, how could there be such a stupid person in the world? .

“Yes, brother-in-law, that’s an annual income of hundreds of millions. That’s a meeting of the working emperor. Innumerable big bosses earn less than 100 million a year.” Gao Xiaoxiao also persuaded.

“Hurry up and call Mr. Zhang back, so that Mr. Zhang will not regret it after a while.” Liu Qin urged.

For the rest of his life, he just smiled, ate silently, and did not answer.

“Yu Sheng, you said you were going to buy me a villa, when would you buy it?” Yang Zihuan changed the subject again, preparing to force Yu Sheng to submit.

Liu Qin and Gao Xiaoxiao immediately understood that it must have been promised to Yang Zihuan for the rest of their lives, and now Yang Zihuan is going to force him to go to work with Mr. Zhang.

But they really don’t understand why Yu Sheng would rather be a full-time driver with a monthly salary of 20,000 than to go to work with Mr. Zhang?

Yu Sheng heard this and raised his head and said: “Our boss treats me very well. He sent me millions of luxury cars. How can I betray others for a little high salary? Isn’t it a kind of character?”

He knew what Yang Zihuan meant, so he had to say.

During this period of time, he and Yang Zihuan had been arguing about inheriting the family property many times. To be honest, he himself was a little annoyed.

“Brother-in-law, does your boss really give you a million-dollar luxury car?” Gao Xiaoxiao asked in surprise.

What kind of shit luck is he taking? Now that the boss is sending a luxury car, Mr. Zhang is going to give him a job with a monthly salary of tens of millions.

Is he really the son-in-law of the Yang family?

No matter what Gao Xiaoxiao thought in his heart, he felt that the rest of his life was not like a soft meal.

"Ask you, the rs7 that your sister drove was given to me by our boss. It is two million. People are so good to me. How can I betray the boss for a little high salary?" Yu Sheng said.

"Well, yes, if someone gave me a luxury car of two million, I can't betray him. To be a man, I really need to have the most basic moral standards." Gao Xiaoxiao nodded in agreement.

Yu Sheng looked at Gao Xiaoxiao more, not thinking that she had such an awareness, and it surprised him a little bit.

"This is just a difference between two million and ten million. How can it be involved in character? You directly tell your boss that he will definitely let you leave. Even if you don't let you leave, he will have to give you a substantial salary increase." Gao Qing said, but her tone was a little flat and cautious. It seemed that there was a shadow in her heart.

"Yes, Yu Sheng, even if you don't go to work with Mr. Zhang, if you tell your boss about this, he will definitely give you the salary." Liu Qin also nodded and said.

Looking at Yang Zihuan's murderous vision, Yu Sheng finally nodded and said: "Okay, I'll tell our boss tomorrow, let him give me some salary, or I won't do it."

"At least let him add up to 100,000 for you." Yang Zihuan said.

"One hundred thousand is too small, at least five hundred thousand, or you don't do it and go to Mr. Zhang." Liu Qin said.

"Yes, Mr. Zhang will give you ten million." Gao Qing attached.

The rest of my life is quite speechless. If you give a driver a monthly salary of 500,000, the world's richest man can't afford it, and only you dare to think and say it.

The ignorant is invincible.

### **Chapter: 379**

After dinner, Yang Zihuan asked Yu Sheng to send Gao Xiaoxiao and Liu Qin back.

The rest of his life agreed without a refusal.

The mother and daughter sat on the r8 for the rest of their lives, just like Liu Luoluo entered the Grand View Garden for the first time.

"Brother-in-law, you can drive back your boss's car at will." Gao Xiaoxiao in the co-driver's cab asked.

"Well, our boss doesn't use the car very much. Give me a call when using the car, and I will pick him up the first time, so he basically asks me to drive the car back." Yu Sheng said casually.

"Your boss is really good to you."

Gao Xiaoxiao said enviously, fastened on his seat belt, and suddenly said: "Brother-in-law, can I go to work in your company? Your boss is so kind to you. It should be a problem for me to arrange a position with a monthly salary of tens of thousands of dollars. ."

She doesn't want to work in Zhang's company anymore.

The boss of Sihai Group is so good, she also wants to hug her thigh.

He happened to be his full-time driver for the rest of his life, and he had the opportunity to approach the big boss.

As long as he gets close to the big boss, Gao Xiaoxiao has the confidence to attract the attention of the big boss.

After all, she is also a big beauty.

Although she is not as mature and feminine as her cousin Yang Zihuan, don't all those old men like them, pure college students who have just graduated or have not yet graduated.

"Yes for the rest of your life, or you just arrange a job for Xiaoxiao in your company." Liu Qin seemed to understand her daughter's meaning, and said.

Yu Sheng mobilized the car and drove out of the community, before he said, "It's okay to arrange a job, but our company now has a job with a monthly salary of tens of thousands. Are you sure you want to go?"

"It's okay to have a thousand dollars, and raise your salary slowly." Gao Xiaoxiao smiled.

"No, our company has a monthly salary of more than 8,000, and they are all managers. You can't manage in our company, and I don't have the ability to allow you to manage." Yu Sheng said.

"Well, let's go to work at Zhangjia Company first." Gao Xiaoxiao said discouragedly.

The salary is too low, and she doesn't like it either.

"Yeah, but I'm at the forefront of the ugly story. You are the person I introduced. If you don't work well, you embarrass me, or you get fired by someone's company, then you don't call me brother-in-law. It's impossible to help you anymore." Yu Sheng said suddenly and solemnly.

Zhang Shengquan respected him, he didn't want to cheat Zhang Shengquan.

"Brother-in-law, don't worry, I will definitely not shame you." Gao Xiaoxiao said hurriedly.

"Um."

Yu Sheng nodded and said: "The Zhang family gives me face, but it is impossible to give me face every time. You have to know that for you fresh graduates, a monthly salary of 10,000 yuan is basically impossible. Yes, so I hope you seize this opportunity well.

You should know the Zhang family. We are also a well-known large enterprise in Qiancheng. As long as you work hard and perform well, it is not possible to become the backbone of the Zhang family in the future."

"Well, brother-in-law I know, I must work hard, strive for an early promotion, and not shame you!" Gao Xiaoxiao said with some excitement.

These fresh graduates who have just left the society, to put it bluntly, their brains are a little simple, and they have not experienced the beating of society. The momentum in their hearts is still there. A few words can easily get them to the top.

At this moment, the cell phone Yu Sheng placed in front of the car rang, and he stretched his head and glanced at it. Li Kai called it.

Last time Li Kai was beaten by his girlfriend and adulterer to the hospital, and his leg bone was broken. Then for the rest of his life, he didn't go to see him again. After so long, he should be cured and discharged.

"Brother Yu, what are you doing now?" Li Kai's voice came as soon as he was connected.

"I'm driving, are you discharged from the hospital?" Yu Sheng asked.

"Yes, I was discharged from the hospital yesterday. I am drinking at the bar now. Come and I will invite you to drink." Li Kai said.

He didn't thank him for the rest of his life for the last time.

"Okay, I'll look for you in a while." Yu Sheng said.

## **Chapter: 380**

After sending Liu Qin and Gao Xiaoxiao home, Liu Qin got out of the car, but Gao Xiaoxiao said, "Mom, I will go out with my brother-in-law to play."

For the rest of my life, he said that I didn't even call you. Are you so confident that I will take you there?  
"Go, remember to come back early." Liu Qin was very relieved for the rest of his life.

But if it were changed before today, she wouldn't let her daughter and Yu Shengda go out to drink at night.

"Well, I see." Gao Xiaoxiao nodded.

"For the rest of your life, drive slowly and pay attention to safety." Liu Qin exclaimed before entering the community.

"What are you doing with me? The little girl's family is not good at learning, so I have to learn from adults to go to the bar to drink." After Liu Qin left, Yu Sheng looked at Gao Xiaoxiao and preached like an elder.

Gao Xiaoxiao stuck out his tongue and said coquettishly: "I have never been to a bar, brother-in-law, just take me to see it."

I rolled my eyes for the rest of my life, I believe you a ghost.

Nowadays, a few college students have really never been to a bar.

"Let me talk about it first, you are not allowed to drink for a while." Yu Sheng said solemnly.

"Well, I listen to my brother-in-law and drink a drink." Gao Xiaoxiao nodded obediently.

For the rest of his life, he took out a cigarette and lit it, then started the car and left.

Half an hour later, he took Gao Xiaoxiao to the Sakura Club.

The Sakura Club is Du Fei's industry, the most profitable entertainment venue in his hands, and the most advanced entertainment venue in Qiancheng.

In the past, there were pornography, gambling, and drugs in the premises, but after Yu Sheng suggested that Du Fei was whitewashed, he shut down these three most profitable gray projects.

The Sakura Club is now a formal high-end entertainment project. Although the business was not very good at the beginning, it has gradually improved during this period.

Even last month's profit exceeded that of Yirenju's fine dining restaurant.

Li Kai invited Yu Sheng to come here for a drink, which is considered to be sincere.

It is indeed the first time for Gao Xiaoxiao to come to a large entertainment venue like Sakura Club. The group of security guards in suits and leather collars who helped to park at the door made her a little scared.

The scene where dozens of beauties greeted the guests and shouted 'Welcome' in the front hall also made her somewhat restrained.

On the second floor of the Sakura Club is the lobby, with a large stage in the center and catwalks, surrounded by exquisitely decorated decks.

There are separate ktv private rooms on the third and fourth floors. There are special private rooms for princesses and beauties who specialize in accompany wine and play games.

The consumption here is also quite high. Even if you drink and watch a show in the lobby deck, two or three people will basically cost thousands of dollars a night.

For some having fun, it is easy to spend tens of thousands of dollars a night.

When Yu Sheng found Li Kai, there were two people beside Li Kai, both of whom were classmates in college.

One man and one woman.

The man's name is Liu Hua, and the woman's name is Wu Juan.

Seeing Yu Sheng coming over, Li Kai hurriedly got up to say hello.

"Brother Yu, here." Li Kai smiled and looked at Gao Xiaoxiao.

“Hello, I am my brother-in-law’s cousin, my name is Gao Xiaoxiao.” Gao Xiaoxiao introduced herself with a smile.

“Who is your brother-in-law?” Liu Hua said funny.

“He is my brother-in-law.” Gao Xiaoxiao pointed at Yu Sheng and said.

“Oh.” Liu Hua said, as if he understood.

However, his eyes were on Gao Xiaoxiao a few more times, and a touch of affection flashed in his eyes. In fact, Liu Hua and Wu Juan next to him are now a couple, but Wu Juan looks average. Compared with the pure Gao Xiaoxiao, Wu Juan is even more bleak.

Therefore, it is normal for Liu Hua to be surprised by Gao Xiaoxiao.

Yu Sheng took Gao Xiaoxiao to sit down in the empty seat, and Li Kai personally poured Yu Sheng wine and respected Yu Sheng.

“Brother Yu, this cup of brothers respects you first.” Li Kai said as he took the first bite and did it first.

Let’s not say that he and Yu Sheng are the best friends in the university. Just saving him twice in the rest of life and helping him settle the matter, he will not forget these kindnesses in his heart.

For the rest of his life, he didn’t pretend to be affectionate, and he drank his glass.

Seeing Li Kai’s almost blind respect for Yu Sheng, Wu Juan couldn’t help frowning. This guy was not so enthusiastic about both of them.

Wu Juan looked at Yu Sheng and said with a smile: “Yu Sheng, after graduating for so many years, where are you getting rich now?”

“Eating soft rice at Yang’s house.” Before Yu Sheng could answer, Liu Hua laughed.
