

## Dont mess 401

### Chapter: 401

The two of them kept wailing and screaming, and the security guards of the club looked from a distance, but no one dared to come up to help or stop them.

It wasn't until the two of them were completely bloody and fainted in pain that the big man waved his hand and took a few young people out and swaggered out.

When passing by the security guards in the clubhouse, the manager of the security department personally led the security guards to salute the big man.

At this time, the club boss dared to show up and hurriedly said to the security manager: "Send to the hospital!"

The manager of the security department nodded, and took a few security guards to lift the two people who had passed out into the car and rushed them to the People's Hospital.

The club boss thought for a while, and went to the hospital with him.

...

At this time Yu Sheng was inviting No. 1 Xie Weihao to dinner.

Yu Sheng is the largest taxpayer in Qiancheng. Of course, Xie Weihao must pay attention to Yu Sheng's treat this time.

He knows that the Penguin Group is targeting the Sihai Group, and even he has already received the message. The Penguin Group has dug into the past, the traffic star Zuo Mingyue, who has been trained by the Sihai Group. There will be a thrilling economic war between the Sihai Group and Penguin.

Knowing that Yu Sheng invited him to dinner at this time, it was probably because of this incident.

But whether it is the Cosmopolitan Group or Penguin, they are both top taxpayers. He doesn't want to offend or help any of them. In the end, whoever defeats the other will be left with taxpayers.

Moreover, the penguin is so influential that he actually wants to lean towards the penguin deep in his heart.

"Xie Shujie, I like to be straightforward for the rest of my life, so I won't go around with you. I think you already know what the Penguin has done against me. Even in the southwest region, we are planning to make a big investment." The rest of my life said straightforwardly after 30 years of drinking.

Xie Weihao and his secretary were too surprised. In fact, when they came to the banquet, they had already discussed the purpose of inviting them to dinner for the rest of their lives.

These words of Yu Sheng were completely in their expectation. They felt that this was the rhetoric of Yu Sheng, and wanted them to favor the words of the Four Seas Group.

Of course, they also have to pay attention to Yu Sheng's words, after all, Sihai Group is currently the largest taxpaying group in Qiancheng.

"At this time, Dong Yu is still preparing to make a big investment. Is it true that Dong Yu really wants to sell Sihai Group to Penguin and do other projects?" Xie Weihao's secretary Jin Jian asked with bright eyes.

Xie Weihao also looked at Yu Sheng. If this is the case, it would be a good thing for them.

Penguin's acquisition of Sihai Group must become the largest Internet-integrated entertainment group in the southwest region, and it will also become the largest tax-paying group in Qiancheng, and Yu Sheng will sell Sihai Group money to invest in new projects. It will also be Qiancheng. The top taxpayers. This is their favorite situation.

It is not a good thing for them to fight for two and lose out, or which one is completely finished.

“No, of course we will not sell Cosmopolitan Group to Penguin’s New Goose Media. On the contrary, when the time is right, we will also acquire New Goose Media in one fell swoop.” Yu Sheng laughed.

“This... As far as I know, New Goose Media will be listed next month. They are backed by Penguin. Once they are listed, their market value will be at least 50 billion yuan, and your Sihai Group invested tens of billions of dollars only two or three months ago. To seize traffic, do you still have so much money to buy New Goose?” Now Xie Weihao became a little uncomfortable and asked.

“Also, it has always been Penguin Group’s acquisition of other companies. It is estimated that it will be difficult for you to acquire their companies.” Jin Jian also said.

What he said was very tactful. In fact, he felt that this was simply impossible. Even at a loss, Penguin would not be able to sell the branch.

Yu Sheng smiled and said: “Businessmen are chasing profits. When Penguin finds that New Goose is not only likely to turn over, face and other things are not worth a lot of money. If they can stop losses in time, they will definitely not let this opportunity go.”

“Well, what you said is not unreasonable, then how are you going to defeat the new goose?”

Xie Weihao stared at Yu Sheng’s eyes. He wanted to see some useful information from Yu Sheng’s eyes.

## **Chapter: 402**

Yu Sheng smiled and said: “How to defeat New Goose is a trade secret, it is not convenient to tell you for the time being.”

He said, picking up the glass and said, “Come on, drink.”

Xie Weihao and Jin Jian smiled faintly, without further questioning, the four of them symbolically touched their cups and ate their mouthfuls.

Putting down the wine glass, Jin Jian asked again: “Yu Dong, what is the big investment you just mentioned, we are really curious about this.”

Xie Weihao also nodded. When he reached his position, he was most concerned about his political achievements.

This is related to whether he can enter the decision-making circle of Beijing in a few years.

“Mr. Xia, you can tell them.” Yu Sheng put down his glass and said to Xia Jun.

Xia Jun nodded and said, “Actually, two months ago, I discussed with Yu Dong. At present, our domestic market lacks high-end chip technology. We are going to create a technology company that mainly develops high-end chips. In the future, we plan to invest in research and development. engine.”

He paused, and then said: “Of course, in the early stage, our main focus will be on the research and development of high-end chips. The investment budget for the first phase is 100 billion. When high-end chips are effective or profitable, The second phase of investment is in progress, mainly for research and development of top-notch engines.”

“Yes, at present, domestic high-end chips have been monopolized by Europe and the United States. As soon as they sanctioned, our domestic mobile phone companies and technology companies were severely affected, and the country currently has too much energy to drive the development of high-end chips. , If you can really invest hundreds of billions to develop this project, it must be a big thing that benefits the people and raises the prestige of our country. I can give you the green light all the way without the approval of Beijing.” Xie Weihao said with some excitement.

Hundreds of billions of investment is a great achievement. If Yu Sheng really does it, it will be of great benefit to the country, to domestic mobile phone vendors and those technology companies, or to himself.

“That, Yu Dong, I would take the liberty to ask a question, can you really invest 100 billion? Instead of writing us a blank check?” Jin Jian asked the question in his mind.

In his opinion, it is impossible for the Four Seas Group to get so much money. If he still believes that 20 to 30 billion, hundreds of billions, it is no joke.

Xie Weihao was taken aback, and felt that Jin Jian had asked the question well. Yu Sheng probably only gave them a blank check just to get them to favor the Sihai Group in the battle between the Sihai Group and the New Goose Media.

After all, even the Penguin Group, it is impossible to come to Qiancheng this place for investment with 100 billion, and the investment is still a technology company that is likely to lose money.

Yu Sheng smiled confidently: “Within a week, I will produce a preliminary plan and the source of this 100 billion yuan. I can tell you clearly that for this 100 billion, I will contribute 50 billion by myself, and the total amount in Xia will be 15 billion. , The remaining 35 billion will be prepared within a week.”

Xie Weihao’s eyes lit up and said, “If you and Mr. Xia can really put out 65 billion, I can come forward and persuade Qiancheng Bank to raise 10 billion from you.”

Yu Sheng nodded and said: “Bank financing is okay, but I am going to wait a week when I can’t get the remaining 35 billion to refinance.”

Such a large investment is definitely risky. If it can attract partners to flatten the 35 billion yuan, of course it is a bit more cost-effective than bank financing.

The risk of bank financing is still in your own body, but if you can attract a partner, the risk of 35 billion yuan will be shared by the partner.

In fact, Yu Sheng gritted his teeth and was able to give out the remaining 35 billion by himself, but the risk of establishing a technology company and developing high-end chip technology that is not available in China is really huge.

If this fails, he is likely to lose everything overnight.

As Yang Zihuan usually said, he still has to keep a few tens of billions in him to consider for his son’s future.

“Okay, I choose to believe you, just tell me, how do we need to cooperate with you?” Xie Weihao nodded and said.

He knew that Yu Sheng invited him to eat this meal, but it wasn’t just as simple as telling him about it.

They had to set up the technology company in Qiancheng, and they definitely had something to ask for.

### **Chapter: 403**

Yu Sheng thought for a while and said, “I don’t have any other requirements, that is, in our war with New Goose Media, no matter what we do, you can see everything in front of you. The second is to send us. A piece of land has a tax exemption for at least five years.”

He said, pour the wine in a bottle, and smiled slightly: “Don’t hide from Xie Shujie, I’m from the Yu family in Shangjing. My father and Zhou Jianbin have always been good brothers. I met him ten years ago. Some time ago, I and He mentioned this matter over the phone. He very much hopes that I will build a technology company in Yuzhou. By the way, he also promised to help me raise 25 billion yuan in the bank.”

Zhou Jianbin is now the leader of Yuzhou. Although Yuzhou is bragging for the rest of his life, Xie Weihao doesn’t think so.

He and Zhou Jianbin are rivals. If Yu Sheng really invested hundreds of billions of dollars in Yuzhou, after a few years, let alone go back to Beijing, he will probably only retreat behind the scenes in Qiancheng.

“What kind of problem is this? These are not problems. You have chosen which piece of land you want and told me. As for other things, as long as we don’t do anything illegal, we can’t control it.” Xie Weihao laughed.

What I want for the rest of my life is Xie Weihao’s words, smiling: “Okay, I will give you a preliminary planning book within that week.”

With the influence of the Penguin Group, Yu Sheng knew that Xie Weihao’s heart would definitely be biased towards Xie Weihao, so he had to put the technology company on the agenda in advance.

The establishment of a technology company was not a temporary motive for the rest of his life. He had discussed this matter with Xia Jun a month ago.

In terms of high-end technologies such as chips, Huaxia has always been suppressed and technologically blocked by Europe and the United States, and large domestic companies have no ambitions to take the lead in doing this.

After all, we need to focus on research and development, but tens of hundreds of billions of dollars can be lost in this way, and no one wants to take this risk.

But what surprised Yu Sheng was that Xia Jun also had this ambition.

The two hit it off, and they had planned to prepare for it next year.

Who would have thought that penguins would add a block to them at this time, and it would disrupt their rhythm at once.

In order to obtain Xie Weihao’s support, Yu Sheng had to put this matter on the agenda in advance.

As long as Xie Weihao is not biased towards New Goose Media, the rest of his life will have a way to keep New Goose Media from mixing in Qiancheng.

Isn’t New Goose Media making some despicable tricks behind the scenes, he will do too, and it is even more ruthless than New Goose Media!

...

People’s Hospital at this time.

Situ Nan, who just came out of the bone surgery, looked murderous.

Both he and Zuo Mingyue had their legs broken. Although the current medical level is very high, it is impossible for him to walk normally without lying on the hospital bed for two or three months.

“Contact Wu Guanpei and tell him that, anyway, the murderer must be found for me within three days!”

Situ Nan gritted his teeth and said to Secretary Zhu Yan.

His father is the deputy director of the Penguin Group. This time he finally got him the job of the head of New Goose Media. After only a few days in Qiancheng, he was beaten and disabled. Why not make him angry?

He will lie in bed for a few months, and the head office will definitely send another person to take over for him to take charge of New Goose Media. If he does not kill the murderer, it is difficult to understand the hatred in his heart!

“I have already contacted Bureau Wu, and he said he will solve the case for us.”

Zhu Yan hesitated, and then said: “Mr. Nan, I suspect that behind this incident, there must be the Four Seas Group.”

Situ Nan said angrily: “Am I stupid? Do you think I didn’t know that the murderer was sent by the Sihai Group? Humph, we have given the capital of Qiancheng a lot of benefits. As long as we catch the murderer, we can take advantage of this. It’s a big fuss, I want to bankrupt them!”

Zhu Yan’s figure trembled, and she did not dare to touch Situ Nan’s mold again.

“Take my mobile phone, I want to call Xie Weihao personally, the capital must give me an account of this

matter!” Situ Nan said coldly.

Just when Situ Nan called and put pressure on Xie Weihao, Yu Sheng and Xie Weihao had just separated. For the rest of his life, Xia Jun asked Xia Jun to buy two bunches of lilies, and then the two went straight to the People’s Hospital.

The two moved separately, Yu Sheng went to visit Zuo Mingyue, and Xia Jun went to visit Situ Nan.

#### **Chapter: 404**

Xia Jun took a bunch of lilies and came to Situ Nan’s ward.

“Manager Xia?”

Secretary Zhu Yan frowned when she saw Xia Jun.

At this time Situ Nan was making a call, and seeing Xia Jun coming in, a murderous intent appeared in his eyes, and the phone was hung up directly.

“Mr. Nan, I heard that you were beaten. I’m passing by the hospital and just come and have a look.” Xia Jun inserted Lily into Situ Nan’s bedside and said with a smile.

Situ Nan’s eyes are full of anger, this is so fucking deceitful!

“Xia Jun, do you think you can scare me away by just hitting me?”

Situ Nan said fiercely: “You can only speed up the demise of your Sihai Group. I have changed my mind. I will not give you Sihai Group any chance to breathe. I will let you go bankrupt and let you Everyone wanders on the streets!”

Xia Jun asked in surprise: “What did President Nan say? How dare we use such despicable methods in a legal society? This is too far from putting President Nan in your eyes. How can we do such a thing?”

Xia Jun shook his head, and said with some regret: “Mr. Nan, we regard you as a real opponent. You don’t think that your brain is not enough. If you want to defeat our Four Seas Group, I suggest you send someone else, you ,too weak.”

“Xia Jun, I’m damn your mother, you’re so fucking cheap? Do you think I’m really stupid, don’t you know that the murderer was sent by you? Xia Jun, I tell you, today you interrupted my legs , I must break your necks by myself!” Situ Nan was so angry that he couldn’t move his legs, so he had to yell in the hospital bed.

Xia Jun hurriedly held down the impulsive Situ Nan, and said with a look of concern: “Mr. Nan, you are now a patient, and you are angry, hurting your liver and kidney. By the way, Mr. Nan, a broken bone is a big deal, maybe. , I will become lame in the future. I know a genius doctor of orthopedics. Would you like to see me for you?”

“you!”

Situ vomited blood and deceived too much!

It’s too deceiving!

“Xia Jun, I fucking finished with you!”

Situ Nan pushed Xia Jun away furiously, but pulled the wound and bone that had just been stitched up. He screamed and passed out in pain.

Xia Jun looked at Zhu Yan and said with an innocent look: “Oh, it seems that Mr. Nan has a big prejudice against us. Let’s call him a doctor. Maybe he will have a second operation.”

Zhu Yan looked at Xia Jun angrily, her face almost turned black.

Why is this person so hateful, deliberately!

Zhu Yan hated her and hurriedly took out her mobile phone to call the doctor.

“I think there must be some misunderstanding between Mr. Nan and us, really.” Xia Jun said with an

innocent look.

“enough!”

Zhu Yan said angrily: “Mr. Xia, you are also a big boss, why are you so mean? This is detrimental to your reputation!”

Xia Jun said innocently: “Miss Zhu, I don’t even think that you will misunderstand me. I really care about Mr. Nan. You may not know that our Four Seas Group has been dominating in Qiancheng, and it is the strongest entertainment company in the entire southwest region. I have never met an opponent, and I feel so lonely.

Regarding the fact that you come to Qiancheng to compete with us, we actually welcome with both hands. You must know that after a company stands at its peak, if there is no opponent, whether it is the boss or the employee, the mentality will change dramatically. This kind of arrogance will not only bring no benefit to the company, but also make the company degenerate quickly. Therefore, we sincerely thank you for coming to Qiancheng to compete with us.

In this way, not only can we rekindle our high-level morale, but also make our employees feel the crisis and devote themselves to work again.

So, I really came to thank Mr. Nan.

Miss Zhu, when Mr. Nan wakes up, you must pass my words to his ears.”

Zhu Yan’s body was trembling, how could there be such a shameless person!

“By the way, Miss Zhu, I think you are unparalleled in beauty and talent. You have committed yourself to be a little secretary next to Situ Nan. You are a little lacking in talent. Why don’t you come to our company and be a department manager in our company. The little secretary who has to be under the unspoken rules is much better.”

Xia Jun glanced at Situ Nan who had woken up on the bed, looked at Zhu Yan, and said sincerely: “Miss Zhu, what I said has always been valid for you, and the door of our Four Seas Group has always been open to you, such an outstanding beauty. , You might as well think about it.”

“Xia Jun, I’m fucking, are you dead as Lao Tzu? You’re fucking enough for the person who digs Lao Tzu in front of Lao Tzu!” Situ Nan couldn’t stand it anymore, and a mouthful of blood spurted out.

## **Chapter: 405**

Zuo Mingyue had just been out of surgery, and only assistant Xu Fang was by her side.

“Sister Xu, both of my leg bones are broken. The doctor said that I will not only lie on the hospital bed for three or four months, but after my legs are healed, I can’t dance anymore. Oh, sister Xu, my career is up. Head, I’m done!” Zuo Mingyue cried very sad, her eyes full of despair.

“Don’t think about it so much. With such a high level of medical care, you will definitely recover. By the way, when Mr. Nan’s mood gets better, I will go to him again. I will definitely persuade them and wait for your injury. The program was recorded later.” Xu Fang comforted.

But she knew in her heart that it was just self-deception.

“I regret it now, I shouldn’t have quit.” Zuo Mingyue cried.

“You know?” Xu Fang asked.

“Well, I remember now, that man is the boss of the underground forces. I saw them and Yu Sheng had dinner. He was very respectful to Yu Sheng. Yu Sheng must have let him retaliate against me!”

Zuo Mingyue said, she became scared inexplicably, and said worriedly: “Sister Xu, I heard people say that Du Fei and Yu Sheng, the kings of the underground circle, are brothers. I’m afraid they won’t let us off so easily.”

Xu Fang sighed, and now she also wants to understand that in order to make Zuo Mingyue popular, the Four Seas Group has put all resources on her, and the Cosmic Girl program is very important to the Four Seas Group.

However, Zuo Mingyue suddenly quit when he started recording the show, why didn't Yu Sheng be angry?

At the beginning, she also received a lot of benefits from New Goose Media before encouraging Zuo Mingyue to quit. She was blinded by money.

To be honest, she regrets it now. She knew it would happen. Even if New Goose Media gave her more money, she would not dare to encourage Zuo Mingyue to quit.

What she worries most now is that Zuo Mingyue is gone, and New Goose Media will not protect them. Otherwise, they would take the initiative to breach the contract, and the penalty would be as high as 500 million. If they sold the two of them, they would not be able to pay so much money to compensate the Four Seas Group.

If Situ Nan hadn't said that they would definitely acquire the Sihai Group, she would not have dared to encourage Zuo Mingyue to quit.

"Sister Xu, if New Goose Media doesn't protect us, what should we do?" Zuo Mingyue became more and more frightened as she thought about it.

Xu Fang was silent, she didn't know what to do, and she was worried about it now.

"Boom boom boom."

At this moment, there was a knock on the door outside.

The two looked back and saw that Yu Sheng was standing there holding a speed flower at the door of the ward, looking at them with a smile on his face.

"Yu, Dong Yu!"

The two of them trembled, and they were extremely worried, wondering what are they doing now for the rest of their lives?

But seeing the lily flower in Yu Sheng's hand, the two people's hearts burned with a glimmer of hope. Dong Yu, will he forgive me when he comes to see me now?

There was a look of expectation in Zuo Mingyue's eyes, and she cried.

"Yu Dong, I'm sorry, I, I lived up to your expectations, I am not a human, Yu Dong, will you beat me?"

Zuo Mingyue cried with a snot of tears, regret on his face.

The smile on Yu Sheng's face remained unchanged, and he walked into the ward slowly.

He slowly put the flower on Zuo Mingyue's bedside, and said with a look of concern: "I heard that you were injured. I came here to take a look. Is the injury serious?"

Seeing that Yu Sheng's eyes were soft and the care on her face was not fake, Zuo Mingyue immediately cried: "Yu Dong, they interrupted my legs, I... But don't worry, Yu Dong, the doctor said I only need to take two or three rests. The month will be as good as before, Dong Dong, I really know that I was wrong, please give me another chance, I will never dare to do such a stupid thing again, Dong Dong..."

Zuo Mingyue grabbed Yu Sheng's arm and hugged it tightly. ,

This is her last straw!

Xu Fang's expression next to her was complicated. For a moment, she couldn't tell whether Yu Sheng really cared about Zuo Mingyue to visit her, or...

**Chapter: 406**

Yu Sheng patted Zuo Mingyue's shoulder gently with the other hand, and said softly: "Don't blame yourself, take care of your injuries. When anyone has any wrongdoings, you will be a good boy if you know your mistakes. As for work, things are waiting for you. Let's talk about it after the injury is over. The Cosmic Girl is tailor-made for you. How can I be missing you, a Cosmic Girl, right?"

As he spoke, he took out his hand, turned and walked outside.

"Yu Dong, I...uuuu..." Zuo Mingyue was so sad that she was crying and regretful. At this moment, she was ashamed to find a place to drill down.

Yu Dong was so kind to her, she actually betrayed Yu Dong just to make a name for her, she is not a human being!

Xu Fang was also a little dumbfounded, looking at Yu Sheng's back, his eyes were full of admiration. They betrayed such a boss, so lard is really overwhelmed!

"Sister Xu, I'm so sorry, so sad, I'm sorry Yu Dong, I have all my heart to die..." Zuo Mingyue cried regretfully.

Just as Xu Fang was about to give some comfort, the phone in his hand rang suddenly.

She glanced at it and connected, and then she was dumbfounded at once.

"Sister Xu, what's the matter with you?" Zuo Mingyue asked inexplicably.

"Sihai Group has sued us, saying that the court will be held in five days and will not give us any preparation time. We are done..."

Xu Fang held the phone, his whole body like a walking dead.

"What, what?"

Zuo Mingyue didn't believe it, she trembled and said, "Sister Xu, you must have made a mistake. Yu Dong said just now that he will go back to record the Cosmic Girls program when I get better. Yu Dong will not lie to me, I believe him!"

As she said, her whole body was trembling with Lie, she didn't believe it, she didn't believe that Yu Dong would lie to her when she was killed.

"Sister Xu, take my mobile phone quickly. I want to call Yu Dong. President Xia and the others must be responsible for suing us. Dong Yu must not know yet. I ask Dong Yu to dismantle President Xia and their appeal!" Zuo Mingyue said.

Ugh!

Xu Fang sighed, feeling that Zuo Mingyue was suffering from a madness.

However, she still passed Zuo Mingyue's cell phone to her, and she also had some expectations in her heart, hoping that this was not arranged by Yu Dong, and Yu Dong really didn't know about it.

Otherwise she suspected that Zuo Mingyue couldn't bear such a heavy blow, and she might go crazy.

Zuo Mingyue took the phone, hurriedly found out Yusheng's phone number, and then called.

The phone rang three times, and then there was a beeping sound, which was obviously hung up by Yu Sheng.

Zuo Mingyue continued to fight again, then made a sound, and was hung up again.

She still didn't give up and continued to call, but she kept showing up during the call, and was obviously blocked.

But Zuo Mingyue is indeed a maniac, playing Yu Sheng's number over and over again.

Xu Fang sighed, knowing the result in her heart, she said: "Mingyue, I will first ask Mr. Nan to protect us."

Zuo Mingyue could not hear what Xu Fang was talking about at this time. She had only one obsession in her heart, which was to call Yu Dong and interrupt Yu Dong to answer her call.

Xu Fang glanced at Zuo Mingyue for the last time, a look of cruelty flashed in his eyes, and strode out of the ward.

As soon as she walked out of the ward, she took out her mobile phone and booked a ticket to Zhonghai tomorrow morning.

She knew very well in her heart that at this time, New Goose Media would not be able to protect them, but that was a liquidated damage of 500 million yuan, and New Goose Media would not be able to help them advance.

She has only one thought now, and that is to escape, to escape abroad for the first time.

Otherwise, she must have spent her entire life in prison.

Xu Fang walked out of the hospital in a panic, and suddenly bumped into someone.

"I'm sorry, I'm sorry." Xu Fang apologized quickly and was about to leave.

"Miss Xu, where are you going to be so flustered?" Suddenly, the big man who was hit by her asked with a smile on his face.

Xu Fang raised his eyes and looked at each other, and his heart trembled suddenly. Isn't this Chen Bin, the number two boss in the underground circle?

"I'm sorry, I'm really sorry, I didn't mean it just now!" Xu Fang stabilized his mind and apologized again.

"But I did it on purpose." Chen Bin looked at Xu Fang's charming figure and laughed.

"I will accompany you with money." Xu Fang said.

"But my brothers are only interested in your body, what do you say?" Chen Bin smiled.

Xu Fang was so frightened that he ran away.

But as soon as she started to run, a gangster grabbed her arm.

"Snapped!"

Chen Bin raised his hand and slapped Xu Fang with a slap, but still kept a smile on his face: "Miss Xu, I want to run away even if we owe us more than 500 million yuan. Where is there such a good thing in the world? go."

He said that he got into a Cadillac next to him, and a few gangsters forced Xu Fang onto another Audi a6. The two cars drove away and quickly disappeared into the night.

## **Chapter: 407**

When Yu Sheng returned home, it was already half past nine in the evening, but to his surprise, Liu Qin and Gao Xiaoxiao's mother and daughter were still at his home.

At this time, Yang Zihuan, Gao Qing and others were still in the living room, as if waiting for him to come back.

"Liar! Big liar!"

Seeing Yu Sheng coming in, Gao Xiaoxiao couldn't help muttering.

Yang Zihuan and others were also unhappy, she found that Yu Sheng was really getting less and less reliable.

This time Zhang Shengquan deceived him is a trivial matter. What she worries about is that if Yu Sheng pretends to be a Feng Shui master to deceive Zhang Family, will the Zhang Family just let Yu Sheng go. From this incident where Zhang Shengquan played Yu Sheng, she could guess that the Zhang family had discovered that Yu Sheng lied to them, and it was hard to say whether she would seek revenge on Yu Sheng.

"Xiaoxiao, today's incident was an accident. Liu Hua and Wu Juan, you know, today is the two of them making ghosts and telling Zhou Qiang not to admit you. After you leave, Mr. Zhang will come and give

Zhou Qiang to Just drive out, you can go to work tomorrow.” Yu Sheng laughed when he heard Gao Xiaoxiao’s mutter.

Originally in the afternoon, he was going to call Gao Xiaoxiao to explain.

But there were too many things in the afternoon, and he also forgot about it.

“I believe you a ghost, a big liar.” Gao Xiaoxiao snorted, still very upset.

In vain, she has trusted Yu Sheng so much since last night, who knows that Yu Sheng has such water, which is simply a big parallel import.

“I really don’t lie to you. If you really don’t want to go to work in Zhangjia Company, then I will arrange a position for you in our company tomorrow.” Yu Sheng said.

After all, what happened today really hit Gao Xiaoxiao’s self-confidence.

“No, Zihuan has already arranged arrangements for our family Xiaoxiao.” Liu Qin looked at Yu Sheng with some discomfort.

When she heard her daughter go back and say Yu Sheng is a big liar, she immediately wanted to find Yu Sheng theory.

But at this time Yang Zihuan had made arrangements for her daughter, and she didn’t bother to talk about the rest of her life.

“Let’s do it, in fact, where you work is the same, as long as you work hard, one day, you will definitely get ahead.” Yu Sheng smiled.

Seeing that his smile fell in the eyes of a few people, it was a bit disgusting.

“It happens that you are here, so let’s take my aunt and Xiaoxiao back.” Yang Zihuan said.

“Oh, yes, tell me when you leave.” Yu Sheng nodded.

“We are going back now, I want to go back to prepare, and I will go to work tomorrow.” Gao Xiaoxiao stood up and said.

“Okay, then I will send you back now.” Yu Sheng nodded.

Liu Qin glanced at Yu Sheng with some discomfort, and followed her daughter to get up to leave.

For the rest of his life, he had to go out again.

Along the way, no matter it was Gao Xiaoxiao or Liu Qin, neither of them had a word with Yu Sheng.

Obviously, they were still very upset with Yu Sheng in their hearts.

Even at the gate of their home, they don’t even have a cup of tea for the rest of their lives. They don’t even have a word of thanks.

Yu Sheng also didn’t care, watching the mother and daughter enter the community, and then blasted the accelerator to leave.

The next day, Yu Sheng did not return to the company, but went to Zhang Shengquan.

Their technology company still has a shortfall of 35 billion in funding, and he plans to extend Zhang’s family into the partnership.

The Zhang family’s strength in Qiancheng is still very strong. If Zhang Shengquan dared to spend his money, it would still be problematic to spend tens of billions of dollars in investment.

However, the technology company is very risky, and Yu Sheng wants to develop high-end chip technology that is not available in China, which somewhat tests Zhang Shengquan’s courage.

“Master Yu, why are you here?” Zhang Shengquan felt flattered when he saw Yu Sheng personally come to his company to find himself.

“I have a chance to make a fortune, and I am going to make a fortune with Mr. Zhang.” Yu Sheng smiled.

“Really, that’s great.” Zhang Shengquan was startled first, then smiled.

Seeing Zhang Shengquan’s indifferent expression, Yu Sheng said: “I’m not joking with you, forget it, do

you know who I am?”

“This.....”

Zhang Shengquan was a little embarrassed. He said that you are not Master Yu, and there is another son-in-law who is the Yang family. Do you want me to tell the identity of your son-in-law?

“Look at this first.” Yu Sheng said as he took out a Dujin business card and handed it to Zhang Shengquan.

Zhang Shengquan took a look, his mind was shocked, and he couldn't believe it when he looked at Yu Sheng.

#### **Chapter: 408**

“Yu, Master Yu, you are the chairman of Sihai Group who has never seen his face before!”

Seeing the title of Yu Sheng in the famous film, Zhang Shengquan first didn't believe it, and then he was shocked.

Although the chairman of the Four Seas Group has never appeared in public, few people know his true identity.

However, some people still know that the chairman of Sihai Group is named Yu, and after contacting Yu Sheng during this period, they are guessing Yu Sheng's true identity, and he is definitely not an ordinary person.

Otherwise, it is impossible to treat his billion credit cards as nothing.

At this moment, Zhang Shengquan showed more respect for Yu Sheng.

The behind-the-scenes boss of Sihai Group, the Feng Shui master who can cut life and death, is still his Zhang family's lifesaver.

“Well, you only need to know it yourself, don't expose it to me.” Yu Sheng nodded.

“Master Yu, don't worry, I know the importance of Zhang Shengquan. By the way, Master Yu just said to make a fortune with me...” Zhang Shengquan sneered.

Yu Sheng nodded and said, “I plan to invest hundreds of billions of dollars to build a science and technology park in Qiancheng. , Are you interested in coming?”

When Yu Sheng looked at Zhang Shengquan, Zhang Shengquan's expression changed slightly. The investment of hundreds of billions of dollars is very small in the whole country, and he is still building a science and technology park. Master Yu is really courageous.

After hesitating, Zhang Shengquan asked: “Master Yu, what are the main profitable projects of this science and technology park?”

Although he respected Yu Sheng very much, and even in order to feel that Yu Sheng had saved his family's life, he did not hesitate to give a billion to thank him.

But when it comes to business, that's another matter.

As the so-called favors belong to favors, business belongs to business.

Yu Sheng said: “I plan to develop high-end chip technology that is not yet available in China.”

After a pause, Yu Sheng went on to say, “Let's talk about it. If this project is successful, we will be the first person to eat crabs in China. In addition, Europe and the United States have been suppressing and not supplying our major chip vendors. As long as we succeed, we will almost monopolize the entire domestic market.”

“Of course, if it fails, then the 100 billion yuan will be marked. Moreover, I can tell you that the risk of failure is quite large. I also believe that as long as we really invest in research and development, we will definitely be able to develop high-end chip technology!”

“Think about it. Also, it’s best to leave a way for yourself. Don’t let all of our net worth come in just because of our personal relationship.”

Although he knew that Zhang Shengquan would not push all his wealth in, he still reminded Zhang Shengquan.

He himself has prepared tens of billions of backhands for himself, and he does not want investors to take too much risk.

“Master Yu, Dong Yu, I think, I have to think about it. This investment is about the future destiny of my Zhang family. I can’t make decisions so hasty.” Zhang Shengquan apologized.

Yu Sheng nodded. This is a normal businessman. If Zhang Shengquan agreed to nothing, Yu Sheng would not trust him.

“You should think about it. By the way, I will ask the secretary to send you a rough investment plan tomorrow and the day after tomorrow, and it will not be too late to make a decision after reading it.” Yu Sheng said again.

He knew that Zhang Shengquan would definitely invest, but it was hard to say how many billion he would eventually invest in.

Zhang Shengquan can give him one billion credit cards to spend whatever he wants. This time he let Zhang Shengquan invest, at least five billion or more.

He felt that Zhang Shengquan had invested almost 5 billion yuan, which would be very unrealistic.

Then there is still a gap of 30 billion yuan, who are you looking for?

A beautiful and youthful figure suddenly flashed in Yu Sheng’s mind. After hesitating, he took out his mobile phone and called her.

#### **Chapter: 409**

The woman that Yu Sheng thought of was Xu Qianqian.

He knew that Xu Qianqian put down his daughter-in-law and came to work in the Four Seas Group for his purpose.

The Xu family didn’t mix well in Beijing, so the Xu family put their ideas on Yu Sheng.

After all, Yu Sheng had hundreds of billions of cash in him. For this reason, Xu Qianqian did not hesitate to sacrifice his own happiness.

The Xu family made his idea, and of course he could also make the Xu family’s idea in reverse.

Moreover, he believes that the Xu family should take a gamble with him.

But what surprised Yu Sheng was that Xu Qianqian’s mobile phone turned off.

He didn’t know that Xu Qianqian had already left for Italy. Because of the disparity, Xu Qianqian was sleeping at this time.

Yu Sheng put away the phone, and suddenly became concerned about Xu Qianqian.

Has she returned to Beijing?

By the way, did she knock out the child in her belly?

Yu Sheng realized that he hadn’t paid attention to Xu Qianqian for a long time.

Although he didn’t have Xu Qianqian in his heart, by mistake, Xu Qianqian was pregnant with his child in his belly. Did she really get rid of it?

Yu Sheng found out that he didn’t know anything about these things.

“By the way, Master Yu, the Bai family may be interested in your project.” Zhang Shengquan said suddenly.

“Oh? How do you know?” Yu Sheng took back his thoughts and asked Zhang Shengquan.

“When I invited Miss Bai to dinner the other day, I had a chat with her. She suddenly said that if we have high-end chip core technology and open a scientific research company, the scientific research company will surely skyrocket in the next few years.”

After a pause, Zhang Shengquan continued: “But she also said that the development of high-end chip core technology is too risky, and it is estimated that few people would dare to invest.”

Yu Sheng nodded, thinking that he had saved Miss Bai’s life, and the Bai family should have given himself a little bit of face.

“Okay, under your arrangement, I am going to meet with Miss Bai.” Yu Sheng felt it necessary to meet with Miss Bai.

“Okay, I’ll call Miss Bai.” Zhang Shengquan nodded, then took out the phone and called Magnolia.

At this moment, Yu Sheng’s phone rang first, and he took it out to see that it turned out to be Magnolia.

“Master Yu, my grandfather has been ill recently, and I have been unable to see what the problem is. I don’t know if you have time. Can you help my grandpa take a look?” As soon as the connection was made, Magnolia’s voice was a little anxious. .

For the rest of his life, he was taken aback, and only ten seconds later did he think that she had said in front of Magnolia that she would do some medical skills last time, and Magnolia had actually taken it seriously.

After being silent, Yu Sheng asked, “Your grandpa is in Beijing, right?”

“Yes, but we can persuade him to come to Qiancheng. Don’t worry, we will never treat you badly in terms of cost.” Bai Yulan said.

Yu Sheng thought for a while and said, “No, let me go to Beijing with you.”

It just happened that tomorrow was his mother’s death. He hadn’t gone back to worship his mother for several years, so it was time to go and see it.

“That’s great, I am going back to Beijing today, can Master Yu leave today?” Bai Yulan asked.

“Yes, after five o’clock in the afternoon.” Yu Sheng said, he was going to pick up his son before going to Beijing.

“Okay, then I apply for the route around seven o’clock in the evening.” Bai Xiaolan said.

She also has her own private jet, as long as she applies for the route in advance.

“Well, you can come and pick me up at that time.” Yu Sheng said and hung up the phone.

Zhang Shengquan smiled and said, “It seems that God will help Master Yu. If you help Mr. Bai to cure his illness, then this financing will basically be a problem.”

Yu Sheng smiled. He also agreed with Zhang Shengquan’s idea. As long as he cures the disease of the old man, the Bai family will accept the favor of his two adults, and the Bai family will not even give up this little face.

What did Zhang Shengquan think of, and suddenly asked: “Well, Master Yu, do you really still cure the disease?”

Yu Sheng smiled and said, “Don’t you look like it?”

“Like, like, Master Yu’s god descends to the mortal character, of course it’s not a problem to see some illness.” Zhang Shengquan said hurriedly.

Yu Sheng smiled, did not talk about this topic anymore, said goodbye, and left.

## **Chapter: 410**

At six o’clock in the afternoon, Magnolia personally drove to the Yusheng community to pick up the rest of her life. Seeing Yusheng coming out, she bowed her hand respectfully and said: “Master Yu, I really

trouble you, and you want to accompany me to Beijing. ”

Yu Sheng smiled slightly and said, “Miss Bai doesn’t have to be so polite.”

After finishing speaking, seeing that she was wearing a beautiful bracelet on her wrist, she asked curiously: “This is the bracelet that I lost last time. It’s pretty and atmospheric.”

Magnolia nodded hurriedly and said, “Thank you, it was left to me when my mother passed away. It is as important as life to me. If it wasn’t for Master Yu last time, I don’t know if I can take it in this life. I got it back, but if it wasn’t for Master Yu, I would never get it back.”

Yu Sheng smiled, without any greed, and said: “You have not yet fulfilled your fate with it, without me, it will return to your hands after a while.”

Knowing that Yu Sheng was humble, Magnolia hurriedly said: “Master Yu, you are the most powerful master in the world of Feng Shui, and the most capable master I have ever seen, and you are so humble, it’s really unheard of.”

Yu Sheng waved his hand and said with a smile: “Okay, if you go on, I feel that we are all suspicious of each other in business. Let’s get in the car.”

Yu Sheng got into Magnolia’s car as he spoke.

Magnolia smiled, thinking that Master Yu was actually quite humorous and his personality was also very easy-going, and then she followed in the car.

Magnolia drove herself directly to the airport.

Her special plane is not a helicopter, but a small special plane, which can only be parked in the airport.

“The route we applied for is still half an hour away, Master Yu, let’s go up for a cup of coffee first.” At the airport, Magnolia said.

“Yeah.” Yu Sheng nodded, and half an hour would pass quickly. Of course, since he had agreed to go to Beijing to help, he was not calling these hours.

I got on the special plane of Magnolia. The layout of the plane was very beautiful, and there was also an office space. In addition to a few bodyguards, there were a few stewardess like maids, all very beautiful. After Yu Sheng sat down on a chair, Bai Yulan personally made Yu Sheng a cup of coffee. The two of them drank coffee while chatting, and soon it was time to take off.

The three-hour flight from Qiancheng to Beijing, when it arrived at the white mansion of Shangjing, was already ten o’clock in the evening.

This is a typical Chinese-style mansion with magnificent shapes and seven-layered gardens. It is full of classical beauty and poetry, showing the main elegance and taste.

Moreover, this mansion occupies a very large area, and being able to occupy such a piece of land in a place like Shangjing shows that the Bai family has an outstanding position in Shangjing.

Under the leadership of Bai Yulan, Yu Sheng came to the main courtyard of the Bai family. As soon as he walked in, he saw a young man in a suit and leather collar walking here along with an old-looking old man and a young girl.

The young man looked at the rest of his life, looked at Magnolia and asked, “Yulan, who is this?”

Bai Yulan introduced: “This is the most famous Master Yu in Qiancheng, Master Yu, this is my cousin Bai Yutang.”

“Hello.” Yu Sheng stretched out his hand to Bai Yutang.

But Bai Yutang didn’t even look at it, let alone shaking hands with Yu Sheng, he questioned: “Master Yu?”

Bai Yutang looked at Bai Yulan and sneered: “Yu Lan, you have invited such a young person to see Grandpa. Your decision is a bit tricky.”

When Yu Sheng saw this, there was no embarrassment, but he withdrew his hand without a trace. On the plane that came, he heard Magnolia Bai's words that Mr. Bai's condition had worsened and he was already in danger of getting sick. Under such circumstances, most of the Bai family members were sure that the first thing they thought of was the separation of property. Before, Mr. Bai deliberately let Magnolia inherit the position of Patriarch of the Bai family, which made many people in the Bai family feel a little dissatisfied. Then, at this time, the attitudes of the Bai family and the way they treat the old man are somewhat intriguing.
