

Dont mess 421

Chapter: 421

As soon as his voice fell, Bai Xuehai's expression changed drastically, and there was a touch of admiration and respect in Yu Sheng's eyes!

This is awesome!

This is the most powerful genius doctor he has ever seen.

With just a pair of naked eyes, he can see his situation truly, this is simply a god-like existence!

Zhu Qingshan and Zhu Xiaoshu are also shocked, can Yu Sheng really even see these?

They couldn't believe it, they all looked at Bai Xuehai. Even Zhu Qingshan felt that he couldn't do it with this method.

"Doctor Yu, what you said is good. Five years ago, I fought against someone. At that time, I broke through the Grand Master Realm. My Qi was still unstable. It was not his opponent. He was injured. Although his ribs have been healed over the years, it is just as good. You said, my rib still contains a trace of internal force left by the other party. Every time it is sunny and rainy, it will relapse, and sometimes it is uncomfortable, which is really helpless." Bai Xuehai said.

Really, he got it right?

Zhu Xiaoshu's face was shocked. She really didn't believe that Yu Sheng would be better than her, but Bai Xuehai's words immediately sentenced them to superiors, and she also had to be convinced.

Zhu Qingshan was also surprised and admired. At least Bai Xuehai's illness could not be seen by his naked eyes.

At this time, Bai Xuehai looked at Yu Sheng expectantly, and asked, "Doctor Yu, is it possible for my old injury to be cured?"

Yu Sheng nodded and said: "Yes, after I return to Qiancheng, I will refine a pot of pill for you, but first I have to make it clear that the pill I refined is very expensive, and it can also cure the old man's old illness. You can help me find a thousand-year wild ginseng, and I can also refine Longevity Pill. Longevity Pill not only has the effect of prolonging life, but also extremely healing magical pill. It has a wonderful effect on your old disease. Not only that, but also There is a chance for you to cultivate further."

With joy on Bai Xuehai's face, he hurriedly said: "If Yu's genius doctor can really refine this kind of pill, my Bai family is willing to buy more than one billion yuan. As for the thousand-year wild ginseng, my father will treasure one!"

Yu Sheng smiled faintly and said: "I don't want your money, I only want you to invest in me."

"Ah, this..." Bai Xuehai looked confused. He only liked martial arts since he was a child. So even if he is a martial arts master, he is not the Patriarch of the Bai family, because he never understands business matters and never cares about it. .

This is why Mr. Bai wants to pass on the position of Patriarch to Magnolia.

Because Bai Yutang, like Bai Xuehai, only likes martial arts, and his commercial talent is also very poor. Magnolia doesn't like martial arts, but her business talent is bizarre and outstanding. So when Mr. Bai wanted to pass on the position of Patriarch to Magnolia, there were actually few people in the Bai family who opposed it.

Because only when Magnolia leads the Bai family to make more money, their annual dividends will be more.

"Doctor Yu, if you can really refine this magic medicine, we are willing to invest as much as you want my Bai family to invest in you."

At this moment, the old white man who was lying on the bed suddenly said. Everyone turned their heads and looked, only to see Old Man Bai actually got up from the bed and walked towards them.

“dad.”

“grandfather!”

“grandfather!”

Everyone in the Bai family hurried over to help the old man.

Elder Bai waved his hand and said, “I’m having trouble.”

He probably understood as he said, it was Yu Sheng who rescued him, and hurriedly clasped his fists to Yu Sheng: “This genius doctor Yu, thank you for your help, so that the old man I escaped from the ghost gate again.”

Yu Sheng smiled and said, “Old Bai does not have to be polite. In fact, I wish the genius doctor and the grandson and grandson are also very useful. Even if I don’t take action, you will wake up.”

Both Zhu Qingshan and Zhu Xiaoshu were a little surprised. They didn’t even think that Yu Sheng would even give credit to them, and their affection for Yu Sheng rose to a higher level.

Especially Zhu Xiaoshu, she suddenly felt that Yu Sheng was not so annoying.

Chapter: 422

“Thank you, the genius doctor Zhu, for your help.” Old man Bai hurriedly hugged Zhu Qingshan.

He also knows Zhu Qingshan’s reputation in Shangjing. The true genius doctor is the object of countless big families to fawn on. This is a life-saving existence at a critical time, so Mr. Bai also respects Zhu Qingshan.

Zhu Qingshan hurriedly returned the courtesy and said embarrassingly: “Old Bai is not welcome, my grandpa and grandson are really not able to do anything today. The main thing is Shenyi Yu’s action, or even if Old Bai wakes up, he won’t be able to hold on for a few days. Having said that, Mr. Bai is fine for at least a year now. Even Zhu can’t do this. The genius doctor Yu is the real genius doctor.”

Yu Sheng smiled and said, “Okay, we don’t want to talk about each other in business.”

Everyone laughed and felt that Yu Sheng’s character was really unspeakable, even at this time, there was no hint of a genius doctor, so easy to get along with.

“Go, let’s go down for tea.” Old Bai said suddenly.

Everyone nodded, and then followed Mr. Bai to walk downstairs. Bai Xuehai wanted to support Mr. Bai, but was stopped by Mr. Bai.

After all, Mr. Bai was also a master of martial arts, and his condition was suppressed at this time, of course he was not that fragile.

Mr. Bai took a few people to the rest area in the backyard, where there was a pavilion. Mr. Bai greeted the rest of his life and wished Qingshan to sit with him, while the others could only stand with him.

Then Magnolia cut the tea for the three by herself.

“Doctor Yu, doctor I wish, come and have tea.” Old Bai said to the two of them, holding up the teacup.

“Lao Bai is polite.” Yu Sheng and Zhu Qingshan took a sip from their tea cups and looked at Lao Bai.

The old man looked at Yu Sheng and asked, “Is the refining of Longevity Pills true just now that Shenyi Yu said?”

“Of course, I also have a few blood-saving heart-saving pills that I have refined before, which have a great effect on heart disease. Baixian can first taste one to try the effect.” Yu Sheng said a bottle, and then poured out one. Give the grain to Bai Xuehai.

Bai Xuehai had a slight palpitation, and this blood-saving heart-saving pill would definitely cure it. Seeing the pill that Yu Sheng took out, there was a burst of medicinal fragrance, and everyone's eyes lit up.

Especially Zhu Qingshan, he is a master of traditional Chinese medicine, and he knows the powerful effect of the medicinal pill that can emit medicinal aroma medicine. Only when the medicinal power reaches a very surprising level, can it emit the aroma of medicine.

"Thank you Doctor Yu!" Bai Xuehai was overjoyed, and he stretched out his hand to take it, smelling the fragrance of the blood-saving heart-relief pill, he threw it into his mouth and swallowed it after thinking about it.

Soon the power of the medicine dissipated, and Bai Xuehai could clearly feel the tremendous effect of the medicine, which made him feel comfortable all over his muscles and his thoughts were also very accessible.

Everyone looked at Bai Xuehai's reaction, and saw Bai Xuehai's face full of red light. He kept moving to help the medicine dissolve. A few minutes later, Bai Xuehai returned to normal, with a touch of surprise on his face.

He clasped a fist to Yu Sheng and said gratefully: "Doctor Yu, your medicine is really amazing. My current heart palpitations have completely recovered. Not only that, I feel that my high blood pressure seems to have returned to normal. It's the ribs that haven't been effectively healed yet."

Yu Sheng smiled faintly and said: "Your rib needs another medicine called Qiangshengdan to heal it. Qiangshengdan means to forcefully regenerate the damaged area. It can be repaired only when the sea of qi is broken. Of course, that it is also very expensive. The main medicine is the viscera of a crocodile, and the success rate of refining is only 70%."

"Johnson Pill? It can repair the sea of qi!"

As soon as Yu Sheng's voice fell, Mr. Bai and Zhu Qingshan almost jumped up.

This is the real magic medicine!

Chapter: 423

At this moment, everyone looked at Yu Sheng's eyes, full of admiration and shock.

For a long time, as long as the martial artist breaks the sea of qi by the strong, his martial arts is considered useless, and there is no possibility of repairing the sea of qi in this lifetime.

Because even a martial arts master, or a top genius doctor like Zhu Qingshan, don't know what medicine can repair the broken sea of qi.

I didn't expect Yu Sheng to be able to refine such a pill, this is the pill that the world warriors want to rob even if they break their heads!

"Yes, it's Johnson's Pill."

Yu Sheng spoke and looked at Bai Xuehai, and asked, "Does Mr. Bai know Yu Zhong?"

"Yu Zhongtian's butler, Yu Zhong?" Bai Xuehai asked in confusion.

"Yes, Yu Zhongtian is my father. Some time ago, Yu Zhong's Qihai was broken by Li Hongsu's people. It was the Qiangsheng Pill I refined that made him recover. Moreover, Yu Zhong's cultivation level was similar at this time. It's almost back to the peak period." Yu Sheng said.

"Wait, you said you are Yu Zhongtian's heavenly son?" Old Bai looked at Yu Sheng with a shocked look, and couldn't believe it.

Yu Zhongtian is the number one powerhouse in Shangjing. Even if he has been calculated, he is still locked up in the doomsday jail at this time. But among the powerhouses in Shangjing, no one dares to

look down upon him. Many people even believe that one day, Yu Zhongtian will be able to break through the doomsday jail and escape from birth.

Yu Sheng nodded and said, "Yes."

The reason why he wanted to reveal his identity was of course to make the Bai family believe him more.

The purpose of his visit this time is to allow the Bai family to invest in his science and technology park. It is best to invest more than 30 billion yuan, so that he can take a lot of risk less.

After all, to build a science and technology park, or to study the high-end chip technology in the country, the risk is still a bit big.

Maybe it's normal to lose everything.

Magnolia looked at Yu Sheng in a daze.

She had always doubted Yu Sheng's identity, and she didn't realize that Yu Sheng turned out to be Yu Zhongtian's son. No wonder she was so good in all aspects.

"So, you killed Li Jing, Grandmaster of the Li Family?" Bai Xuehai said in shock.

"Well, they wanted to kill me at first, there was no way, I can only kill him to protect myself." Yu Sheng said lightly.

Bai Xuehai was quite shocked in his heart. He knew Li Jing's strength. Although Li Jing had only broken through the Grand Master not long ago, his strength was not under him. He didn't expect to kill him for the rest of his life.

It's really a tiger father without a dog!

Bai Yutang felt a trace of fear in his heart.

Yu Sheng turned out to be a strong man who could kill even a grandmaster like Li Jing. He had dared to provoke Yu Sheng before, so he could still stand here in peace at this time, which is also a long way away!

Bai Xuehai was silent and said, "As far as I know, the Li family is ready to ask the Heavenly Kill Organization to assassinate you. There are a few strong men above the Grand Master in the Heavenly Kill Organization, and they are in the dark. Be careful."

Yu Sheng nodded, this is what he has always cared about most.

He has suddenly broken the master now, but he will definitely not be an opponent above the master, and people are still sneaking attacks in the dark, or poisoning and other methods, which can't be prevented.

The only thing I feel fortunate now is that because of the epidemic, it is quite difficult for the gods to enter China, and he still has time to prepare.

But he also knew that there was not much time left for him.

"By the way, Yu Shenyi, what's the investment you just mentioned?" Suddenly asked Bai Yulan.

Yu Sheng looked at Magnolia and said, "Sihai Group knows, I am its largest shareholder."

Magnolia was taken aback, and smiled: "It turns out that the big boss behind the Sihai Group is Shenyi Yu. We used to speculate wildly before, and we didn't expect all of our guesses to be wrong."

Yu Sheng smiled and said, "That's it. I have discussed with Xia Jun. We are going to invest 100 billion yuan to build a science and technology park, mainly for the research and development of high-end chip technology that is currently not available in China. I plan to spend 50 billion yuan. Xia Jun is 15 billion, and the Zhang family estimates that it is about 5 billion. There is still a gap of 30 billion. I don't know if your Bai family are interested or have the courage to take this risk."

Chapter: 424

After the rest of his life was finished, everyone in the Bai family was silent.

Of course, their Bai family can afford to invest 30 billion yuan, but the risk of the Yusheng project is too great.

But they also know that high risks are accompanied by high returns.

Currently, Europe and the United States are suppressing China, not only blocking technology, but also restricting the export of high-end chips to China. This is undoubtedly a devastating blow to many mobile phone vendors and technology companies.

But if they really develop the core technology, they will be able to solve the domestic urgent need, and they will become the first to eat crabs in the country.

Moreover, the above file has also been released, and the construction of the 'internal circular economy' will be accelerated this year to get rid of the risk of being blocked or restricted.

This is also a major opportunity for all businesses.

The most important thing is that Yu Sheng is still the life-saver of Mr. Bai, and Yu Sheng still has to refine the Longevity Pill for Mr. Bai. Under various circumstances, the Bai family quickly made a decision.

They are willing to take risks and invest 30 billion for the rest of their lives.

These 30 billion, even if they were stunned, the Bai family wouldn't be so traumatized to them, and they would still have a favor for the rest of their lives.

Moreover, if they succeed, they will be the second largest shareholder, and they will pay a lot of dividends every year.

With the investment of the Bai family, Yu Sheng finally breathed a sigh of relief.

His purpose of coming to Beijing this time can be regarded as achieved.

Then, under the hospitality of the Bai family, everyone had a dinner together. During the meal, Zhu Xiaoshu was surprised and said: "Yu, Doctor Yu, did you have a heart attack before? I think you are getting better at this time? Could it be mine before I read it wrong?"

She stared at Yu Sheng and found it strange. She had seen clearly before that Yu Sheng had a heart attack.

Zhu Qingshan smiled and said, "Granddaughter, Dr. Yu was teasing you before. There is no heart disease with Dr. Yu. He used his internal strength to change the heart's qi, making you think he has a heart attack."

Zhu Xiaoshu looked embarrassed, wondering how bad the doctor Yu was.

However, her views on Yu Sheng had changed a lot at this time, and she was not to blame for Yu Sheng.

Yu Sheng smiled and said: "That is just a simple question I set for you, but as you can see, there are some surprises to me, at least it shows that your attainments in this area are already very high."

Zhu Xiaoshu was a little embarrassed to receive praise from the rest of his life, but he was more excited.

After all, in her eyes at this time, Yu Sheng was a genius doctor even more powerful than her grandfather.

During the dinner, Bai Xuehai ordered another pill of Qiangsheng from Yu Sheng, and Yu Sheng agreed, saying that he would give him one after the refining was completed.

Zhu Qingshan hesitated many times, and finally asked: "Doctor Yu, please help me see, can there be pill to cure my old disease?"

He had been injured before and was cured, but he was injured some time ago, and the situation is still very serious. The medicine he prepared can only barely suppress the injury, making him unable to even raise his internal strength.

Seeing that Yu Sheng turned out to be a legendary alchemy master, he struggled ideologically for a while

before finally speaking.

When he opened this mouth, it meant that he admitted that he was inferior to the rest of his life.

This is indeed a difficult decision.

Yu Sheng looked at Zhu Qingshan's situation. He had seen Zhu Qingshan's condition before, but Zhu Qingshan didn't speak, and he didn't bother to waste resources.

But at this time Zhu Qingshan begged him personally, and he was not easy to refuse, so he had to say: "I will give you a pill now and you will be cured."

Zhu Qingshan's eyes lit up, and he said excitedly: "That's really a thank you to Master Yu!"

Yu Sheng took out a blood regeneration pill and handed it to Zhu Qingshan. The good smell of medicine immediately shocked him.

"Just take it, you will be healed in ten minutes," Yu Sheng said.

Zhu Qingshan nodded and swallowed the pill in one mouthful. Everyone looked at Zhu Qingshan's body, wondering if Yu Sheng's pill was as magical as the one he gave to Bai Xuehai before.

Chapter: 425

Zhu Qingshan took the Blood Vein Regeneration Pill. After a few minutes, everyone saw his face ruddy and red.

Everyone immediately knew that Yu Sheng's pill was of the god pill level, and they admired Yu Sheng in their hearts.

This is a true genius doctor!

I wish Qing Shan was overjoyed and hurriedly used his exercises to help refining the medicine. After more than ten minutes, he regained his power and let out a long spit of breath.

"Doctor Yu, thank you so much. If it weren't for your magic medicine, I don't know when I will recover. Your magic medicine is really powerful!"

Zhu Qingshan said, bowing to Yu Sheng and continued: "Doctor Yu, wherever you will be useful in the future, just say it, I wish someone will never hesitate."

Yu Sheng nodded and said, "Well, I will call you where there is a need."

"Doctor Yu, is that magical medicine you just now helpful to my condition?" Seeing that there was still a blood regeneration pill in Yu Sheng's bottle, Old Bai couldn't help asking.

Yu Sheng shook his head and said, "It doesn't make much sense. You should wait for me to refine a longevity pill for you. As long as it can be refined, it will make you live for at least another ten years." ten years!

Old Bai's eyes gleamed, although he is now eighty, but if his physical condition allows, who would think that his life will be too long?

Everyone in the Bai family was also surprised. If the old man lived for another ten years, he would be a deterrent to the outside world.

"Well, then I will give you that thousand-year wild ginseng." Old Bai nodded and said.

Yu Sheng nodded. After eating, Mr. Bai took out the wild ginseng he had treasured for many years to Yu Sheng.

Magnolia stayed at Bai's house for the rest of her life, and Yu Sheng agreed.

But after another meeting, Magnolia even sent a message to Yu Sheng, asking Yu Sheng if she wanted to go out for a drink.

Feeling sleepy for the rest of his life, he agreed.

Soon Magnolia took the rest of her life to a bar.

The decoration of the bar is very high-end. When the waiter sees Magnolia, they greet very politely: "Miss, are you here, are you still in the same position?"

"Yeah." Magnolia nodded, and walked in with the rest of her life.

The waiters looked at the rest of their lives curiously and discussed in private.

Usually Magnolia came to drink, all alone, and suddenly brought a handsome guy tonight, which immediately made the waiters curious.

There is a ballroom on the first floor of the bar, there are djs, and private rooms. This time is the time of the night life, it is very hot and the music is also very loud.

The waiter took the two directly to the second floor.

There is a table for four beside the empty railing on the second floor. You can see the heat downstairs, but there are no people around. Just such a table, the sound of music is not as loud as the one below, and it is quite quiet. a little.

"Miss, do you still drink red wine?" the waiter asked.

Magnolia nodded and said, "Get my two bottles of Lafite 1982."

"Okay." The waiter responded, bowed slightly, and stepped back.

Soon, the waiter and the bartender came up, and the bartender greeted Magnolia and made the Lafite for Magnolia himself. Ten minutes later, the two bottles of Lafite were mixed before the waiter and the bartender retreated.

"You opened it?" Yu Sheng was a little curious. The Bai family even opened a bar. How profitable is this?

"A side branch of my Bai family, and the banner of my Bai family." Bai Yulan smiled slightly, and personally filled the rest of her life with a glass.

Yu Sheng smiled and said, "It seems that your Bai family is really big."

Bai Yulan smiled and said: "Well, in Shangjing, our Bai family can barely make it into the top ten."

As she spoke, she picked up the wine glass and said, "Master Yu, I toast you a glass."

The lights on the second floor were dim, and the waiter placed two candles on the table. Magnolia's face looked pink and red in the candlelight.

Yu Sheng picked up the glass, touched Magnolia, and drank slowly into his mouth.

Drinking red wine is a word of taste, what does it feel like to drink heavily.

"Why did you think of inviting me to drink?" Put down the cup, Yu Sheng asked.

He could see that Magnolia seemed to be worried.

Chapter: 426

Listening to Yu Sheng's words, Bai Yulan smiled and said: "Of course it is to thank you. You have helped me so much twice, but I have never thanked you. How can this be done?"

Yu Sheng joked: "It's three times."

Magnolia was startled, and then smiled: "Yes, it was three times. The first time was the day we met..."

You see, I don't thank you three times anymore, so I gathered all of them together today to thank you."

Yu Sheng shook his head and said, "No, the first time I helped you, you gave me a VIP card from Hefengtang. Thank you.

The second time I helped you, you gave me a check of 30 million, and it was even.

For the third time, that is today, your Bai family took a big risk to invest in my science and technology park, and it was a tie.

Therefore, if you don't owe me, there is no thanks. "

Magnolia was startled, and then gave Yu Sheng a bit of a grudge, and said: "Master Yu, you didn't

calculate the accounts like this, and you know the accounts so clearly, how can we work together in the future, right?"

Yu Sheng was startled, and then smiled: "It makes sense, then, I will accept your thanks."

He knew what Bai Yulan meant. Now both the Bai family and him are the largest shareholders of the Science and Technology Park. In the future, there will be many intersections between Bai Yulan and him, and it is indeed inappropriate to calculate the accounts too clearly.

Magnolia smiled sweetly and said, "Then for this second cup, thank you for helping me the second time."

As she spoke, she held up her wine glass and toasted the rest of her life.

The rest of his life smiled and accepted, the two touched and drank in one gulp.

Magnolia poured the wine and asked: "Master Yu, are you really the son-in-law of the Yang family?"

She had heard of Yu Sheng's identity before, but after knowing that Yu was Yu Zhongtian's son tonight, she couldn't figure it out.

Yu Zhongtian's reputation in Beijing has long been heard even by her younger generation.

Even if Yu Zhongtian has been imprisoned in the Doomsday Prison for eight years, his legends are still everywhere in the capital.

Such a strong man, how could his son not even want the dignity of a man, and become a son-in-law?

Yu Sheng looked away from the several long-legged beauties on the dance floor downstairs, looked at Magnolia, and asked, "Don't you think I am?"

Magnolia smiled awkwardly, and said: "I didn't mean that, I'm just curious, why do you want to be a son-in-law, is it true love?"

"For life." Yu Sheng smiled faintly, and looked at the dance floor below.

He was telling the truth. Of course, part of the reason is that he loves Yang Zihuan, so it doesn't make much sense to him.

Of course, Bai Magnolia didn't believe it in her heart. She said that you, the dignified son of the Yu family, the big boss behind the Four Seas Group, would go to join her for life?

She didn't know that eight years ago, Yu Sheng had to hide herself in order to avoid Li Hongsu's pursuit.

But seeing that Yu Sheng didn't seem to want to talk about this issue, she didn't want to ask any more.

Seeing Yu Sheng's gaze on the dance floor downstairs, Bai Magnolia was a little curious. When she looked back, she saw that there were no beautiful beauties below. She felt relieved, smiled, and said, "Master Yu, For this third cup, thank you for helping me for the third time."

Yu Sheng smiled, picked up the cup and touched it lightly, drinking it all in one gulp.

Putting down the cup, Yu Sheng teased: "Then what reason do you want to toast to me next?"

Magnolia smiled sweetly, and said while pouring her wine: "How about we respect fate for this cup?"

For the rest of his life, his eyebrows raised, "Respect for fate?"

Magnolia smiled and said, "Yeah, if it wasn't for fate, would you show up when I was bullied by a peddler? So, these are the fate arranged by God, and it's not worthy of our respect, right?"

Yu Sheng smiled and said: "It makes sense, then this cup is a respect for fate."

After a few cups of red, Magnolia's pretty face was already like a red apple.

She still doesn't drink enough, and there is still nothing wrong with ordinary people drinking a few glasses of red wine.

Magnolia poured wine again, but she said quietly, "Master Yu, I suddenly discovered that I seem to have no reason to toast you."

Yu Sheng was slightly startled, and asked curiously: "Why?"

Chapter: 427

Magnolia looked at Yu Sheng faintly, and said, "Master Yu, I actually found that you are a good person, but sometimes, I don't seem to understand the girl's mind."

For the rest of his life, he was noncommittal and nodded and said: "Maybe."

Seeing a bump on Yu Sheng's elm, Bai Yulan smiled bitterly, and interrupted the topic: "Master Yu, in fact, you can take over your Yu family now. As far as I know, your Yu family is in the hands of your elder brother Yu Xuan. Here, sooner or later he will be ruined."

Yu Sheng's heart moved slightly, but he still shook his head and said, "My family is in Qiancheng, and I don't want to go back to Beijing."

In fact, he just didn't want Yu Xuan to have nothing. Besides, the final belonging of the Yu family, he was also prepared to wait until he rescued his father.

Also, the Li family would find a killer to kill him at any time, and he shouldn't stay in Shangjing either.

What he wants to do most now is to continue to grow himself, and then find a way to rescue his father.

Magnolia said in a puzzled way: "Actually, Master Yu, I think that on your terms, you should marry a top-notch big family. For a top-notch person like you, countless families want to marry their daughter to you. The Yang family is just a little angry family, nothing can help you."

Yu Sheng looked at Magnolia curiously, and said jokingly: "Do you include your Bai family? Does your Bai family want to marry you to me?"

Magnolia's heart jumped fiercely, and her cheeks were hot, like a ripe apple, Yu Sheng asked immediately.

In fact, she really wants to say, yes, including my Bai family, my grandfather wants to marry me to you, and my grandfather has gone to the Li family now. For your safety, my grandfather does not hesitate to fight with the Li family. , And let the Li family cancel the plan to buy murder for you.

But, can she tell?

Of course not.

The old man Bai had indeed told Magnolia directly that she had to chase the rest of her life no matter what, even if she was already married and had children, she would not hesitate to do so.

According to Mr. Bai, first of all, their family and Yu Sheng have such a big cooperation, the marriage of the two is of course the most reassuring.

Secondly, the rest of his life is too good, and only such a good young man is worthy of being the son-in-law of his Bai family.

Furthermore, Yu Sheng's father, Yu Zhongtian, is the number one in Shangjing, and sooner or later he will escape from the doomsday jail. When the time comes, the entire Shangjing family, who dares not respect Yu Zhongtian?

Taking all aspects into consideration, after dinner, Mr. Bai directly called Magnolia to his room and gave her an order.

Magnolia knows her destiny, her life-long event can only be a tool for the marriage of the family, but her grandfather asked her to let her go for the rest of her life, but it was one of her happiest things in these years.

"Haha, I'm kidding, don't take it seriously, come to the bar."

Seeing Magnolia's face blushing and embarrassment, Yu Sheng hurriedly interrupted the topic and raised her wine glass to respect Magnolia.

After touching a cup and drinking it all in one sip, Bai Yulan said, "Master Yu, you are also from a family. You should know that the children of our families cannot control their own marriages."

Yu Sheng shook his head and said: "Our Yu family is okay, but I don't know too much, after all, it was not big when I left the Yu family."

Magnolia shook her head slightly and said, "We have been to aristocratic schools since we were young, learning aristocratic etiquette, and are not allowed to fall in love, otherwise we will be punished by family law. Sometimes, I myself feel that I am not living in the 21st century. Is living in the ancient feudal society."

For the rest of his life, he understood what Magnolia meant. Although he had never experienced this before, he knew it.

"This is the survival test of upper-class families, you can also call it the fair test of life."

Yu Sheng said something lightly, took out a cigarette and put it on.

Although he himself doesn't like these things, this is indeed the survival method of this society, and he cannot change it.

Chapter: 428

Magnolia nodded with deep approval, and said: "Yes, we need to cooperate with other families, exchange resources, and trust each other, but these must be tied together so that everyone can really rest assured of each other, so The children of our families have become the core of this bond. They have been educated by the elders of the family since we were young. We have no freedom of life, no freedom of marriage. Our whole life, from the day of birth, is bound to the family. Come together, advance and retreat together, live and die together..."

Yu Sheng nodded, agreeing with Magnolia's words.

He thought of Yang Zihuan.

Although the Yang family is only a small family, when the Yang family is facing a crisis, Yang Zihuan resolutely chooses to sacrifice herself and sacrifice her own family. In order to get 30 million yuan for the family's life, she will not hesitate to bear all the infamy and ruin her own. Xiaojia went to accompany Wang Wenxue for three days.

At that time Yu Sheng didn't understand Yang Zihuan, he thought Yang Zihuan was the stupidest woman in the world.

But now, he suddenly felt that Yang Zihuan's position at the time was also right.

However, he also felt that the main reason for all this was that the family was not strong enough.

If a family is strong enough, marriage or something is no longer necessary for them.

No need to marry, other families will take the initiative to flatter you.

In the final analysis, the Bai family is not strong enough, so Bai Yulan and other children of the Bai family have no freedom in life.

"I always thought that Miss Bai was a very powerful woman, but I thought it was just a sleepy beast.

Everything must be at the mercy of the An clan." Yu Sheng sighed.

Magnolia smiled bitterly: "Yes, there is no way to fight this kind of thing. After all, I have the blood of the Bai family."

As she spoke, she picked up the cup and said, "Come on, Master Yu, I respect you for this cup."

Yu Sheng shook his head, took the cup to touch her, and said, "You don't need to respect me, you respect freedom."

He spoke and drank it in one sip.

Magnolia was on the spot in a daze, a little distracted for a while.

"If you want to be free, you must become extremely powerful. When one day you lead your Bai family

to the top, you will be free." Yu Sheng put down his wine glass and said.

"Will you be the man who took me out of the cage to be free?"

Magnolia's eyes lit up, as if she had made some major decision, she looked at Yu Sheng boldly. She has put aside the reservedness of women and took the first step. She hopes that the rest of her life will understand her intentions.

Yu Sheng pretended not to understand Magnolia's words, and if he understood, it would only be regarded as drinking talk.

Magnolia waited for a long time. Seeing that Yu Sheng had any expressions, she was a little disappointed, but she would not give up her task, because she knew that for her, this task was the happiest and most energetic in her life. Task.

For the rest of his life, he could see that the amount of Magnolia was very weak. After drinking this glass, he didn't drink any more.

The two chatted for a while, and Yu Sheng decided to go back to rest. Bai Yulan nodded, and after a few drinks, she was also a little sleepy.

The two went down to the second floor. At this moment, a fat man bumped into Magnolia. Magnolia's body was staggered. The rest of his life stretched out his hand and didn't fall down.

"How do you walk?" Bai Yulan looked at the fat man with an unhappy expression.

The fat man is about two hundred catties, with a big belly, like a human ball.

Next to him is a coquettish beauty holding his arm.

"Ah beauty, I'm sorry, walk around, I invite you to drink two glasses to apologize."

When the fat man saw the white magnolia, his eyes lit up, and the white magnolia was notoriously stunning. Of course, it was not comparable to the third-rate guys around him. The fat man was immediately moved.

He smiled wryly, and stretched out his hand to pull the white magnolia.

Magnolia was a little drunk and couldn't react at all. Seeing that the petite little hand was about to be held by the fat man, Yu Sheng grasped the fat man's wrist.

The fat man was startled and looked at Yu Sheng. Seeing that Yu Sheng was wearing ordinary clothes, he thought it was Magnolia's bodyguard or something, so he didn't put Yu Sheng in his eyes.

"Boy, let go, or I will kill you!" Fatty threatened.

"Oh, my temper is quite big, just like you, what did you use to kill me?" Yu Sheng looked at the fat man with disdain.

"Smelly, do you know who our boss is? If you know, let go quickly and go away, otherwise you don't want to get out of this bar tonight!" The glamorous beauty holding the fat man's arm looked at Yu Sheng with disdain .

"who is he?"

Yu Sheng looked at the coquettish beauty with interest.

Chapter: 429

"I, Zhu Danian, the owner of the Purple Star Film and Television Company, boy, the acquaintance immediately knelt down and confessed to Lao Tzu, otherwise I will kill you today!" Before the beauty answered, the big fat man said proudly.

The big fat man may have been drinking too much, not only has his tone been arrogant, but he is also quite arrogant.

"I don't know, is it awesome?" Yu Sheng said with disdain.

However, Magnolia's expression changed, and her drinking spirit became sober. She whispered in Yu Sheng's ear: "The Zixing Film and Television Company is the property of the Zhu family, and the Zhu family is also one of the top ten families in Beijing. This Zhu Danian should belong to the Zhu family. People, let's go."

She didn't want to offend the Zhu family.

Zhu's family?

Yu Sheng sneered in his heart, isn't it just that there are two martial arts masters sitting here? What is there to be afraid of?

He is also a martial arts master now, and what he cultivates is the martial arts in the ancient Qishu Nine Profound Sky Classics, and his combat power is comparable to that of a general martial arts master? Besides, he is still ready to heal his wounds at any time, even if he loses, a few pills will surely turn him around in an instant.

What he is a little worried about is just the killer of the goddess organization invited by the Li family. After all, the other party was in the dark, and he didn't know when he would give him a fatal blow.

As for the other martial arts masters in Shangjing, Yu Sheng really didn't care about it.

"Nothing, I don't even care about the little Zhu family." Yu Sheng said disapprovingly.

"Boy, you don't even put my Zhu family in your eyes, you can't see it, you're crazy?" Zhu Danian said with an angrily smile.

As his voice fell, four or five sturdy men gathered around, each with a fierce face and extraordinary aura, all of them practicing family.

"Why, are you trying to stop us from letting us leave?" Yu Sheng glanced at several big guys and said lightly.

At this moment, the bar security guards gathered around and stopped in front of Magnolia.

The bar owner Bai Qisheng also rushed over and saw that Zhu Danian dared to stop the eldest lady. He suddenly shouted: "Zhu Danian, you are so brave. You dare to stop our eldest lady. Do you want to start a war with our Bai family?"

Zhu Danian was startled, and didn't think that this beautiful chick turned out to be Miss Bai's.

The Zhu family and the Bai family are similar in strength, and he dare not provoke Miss Bai.

The most important thing is that, like Bai Qisheng, he is just a side branch of the family. He dared to take the initiative to provoke the Bai family's eldest lady. Not only will the Zhu family not help him out, on the contrary, he will also use him to apologize to the Bai family.

He is not stupid either, knowing the stakes in this, he immediately wakes up.

But if he gets out now, he will obviously lose face.

I came here today, but there are a lot of rich people, he doesn't want to be laughed at.

He rolled his eyes and smiled: "Brother Bai has misunderstood. Give me ten courage. I don't dare to provoke Miss Bai, right?"

After a pause, he looked at Yu Sheng and said, "Brother Bai, you just heard it. This kid uttered wild words and didn't put my Zhu family in his eyes. If I didn't let out this bad breath today, I would be in a bad mood. ."

Bai Qisheng frowned. He knew that the rest of his life was brought by the eldest lady. He didn't know what the rest of his life was, and he didn't dare to take the initiative lightly.

He also didn't want to confuse with Zhu Danian, if he really confuses him, he would not be able to ask for any benefit.

I had to look at the white magnolia, and the white magnolia didn't have Bai Qisheng's eyes at this

moment.

Zhu Danian looked at Yu Sheng, and said disdainfully: "Little boy, didn't you just be crazy, dare you go to the bathroom and have a good chat with me?"

Yu Sheng laughed, not knowing what Zhu Danian had made, and said: "Okay, it just so happens that I also want to chat with you alone."

"Don't go!" Bai Yulan grabbed Yu Sheng by the arm. She knew that Zhu Danian asked Yu Sheng to go to the bathroom, and she must be playing Yu Sheng.

Zhu Danian brought so many bodyguards, she was a little worried for the rest of her life.

She has never liked martial arts, so she doesn't know how good Yu Sheng is, the master of martial arts.

She just thinks that these bodyguards like Zhu Danian must be very good, and the rest of her life will definitely suffer from following them.

Chapter: 430

"Don't worry, I'll be fine." Yu Sheng smiled slightly.

"Don't be impulsive. These bodyguards are fierce and evil. At first glance, they are not soft persimmons. You will suffer." Bai Magnolia worried.

"It's nothing, it's nothing, I just happened to go and solve a little hand." Yu Sheng said and strode towards the bathroom.

Zhu Danian's face was happy, and with a move, he followed with a few bodyguards.

This little bastard is still kind, and even dared to take the trick. Tonight I will let him eat shit and drink urine!

Seeing that she couldn't hold her for the rest of her life, Magnolia had to follow her.

Bai Qisheng thought for a while, and followed with a few security guards, but they had to stand far behind Magnolia and protect Magnolia.

Several people came to the bathroom, and Zhu Danian arrogantly said: "Boy, if you kneel down and kowtow to Lao Tzu now, Lao Tzu will still consider sparing you a dog, otherwise I will eat shit and pee today!"

As soon as his voice fell, a few bodyguards stepped forward and stared at Yu Sheng.

With a sneer on his face, Yu Sheng calmly walked to the urinal, unzipped, took out the faucet, and said, "I do have to apologize, but it's not me, but you."

"Fuck me, you fucking dare to be arrogant, fuck Lao Tzu and let him drink pee for Lao Tzu!"

Zhu Danian immediately became angry when he heard it. For the rest of his life, this was challenging his authority.

Several bodyguards got the order and punched them directly.

At this moment, watching the movements of the bodyguards, Yu Sheng sneered inwardly, too weak.

He just reached out and tripped, and the first two bodyguards fell down.

The bathroom was originally slippery, and the two slipped and fell on the other people's body. The others were unsteady at their feet and fell down one after another.

It happened that even Zhu Danian was knocked down together.

"Mom, you guys are really rubbish!"

Zhu Danian fell and was so angry that he scolded the bodyguard when he spoke.

Just then, as soon as Yu Sheng turned around, the dragon's head was aimed at Zhu Danian, and his urine rushed to Zhu Danian's face. The two bodyguards who were close to him were also spared.

"I'm damn your mother, you fucking stop Lao Tzu!"

Zhu Danian's stomach was about to explode.

For the rest of his life, it was too disgusting to pee at him.

But when he was swearing, Yu Sheng's direction adjusted slightly, and the feces rushed directly into Zhu Danian's mouth.

"Puff...I'm silly...cough, cough..."

When Zhu Danian spoke, he actually drank most of it, and suddenly choked him coughing continuously.

"I fucking must kill you!" Zhu Danian trembled with anger. This is simply a shameful shame in his life!

His lungs exploded. Several times he tried to stand up and look for Yu Sheng desperately, but the floor was too slippery and his face was constantly flushed with Yu Sheng's urine, making him unable to open his eyes for a while.

The bodyguards were also frightened and angry. Several times they tried to stand up, but Yu Sheng was directly taken down.

The rest of his life stepped on them, just stepping on their Shengyang Acupoint, and they couldn't help it at all.

At this time, the white magnolia outside couldn't hear Yu Sheng and others coming out for a long time, and she felt a little worried.

I don't know if she cared too much for the rest of her life, or if she drank a little too much, she didn't notice that this was a men's room, so she went straight in.

When Bai Qisheng and others saw this, their expressions suddenly changed. Just as they were about to remind the eldest lady, she saw that the eldest lady had already walked in.

"It's bad." Bai Qisheng waved his hand and hurriedly followed with a few people.

"Master Yu, you, you have nothing to do..."

As soon as Magnolia rushed into the men's bathroom, she said worriedly.

But the next moment, seeing the scene inside, the pretty face suddenly became red.

For the rest of his life, he actually peed Zhu Danian and others, which is too bad.

After a short pause for a few seconds, Bai Yulan screamed suddenly, covering her face and ran out.

How could Master Yu be like this? It's too shameful!

Magnolia ran out, her heart pounding, and her mind was full of the rest of her life stepping on Zhu Danian, the scene of arrogantly sprinkling water, no matter how lingering.
