Chapter: 441

Xu Peini thought for a while and said, "Qiancheng has a remote geographical location and is a second-tier city. Zhu Nian may not overlap with them.

Besides, Sihai Group is not following the model of a traditional entertainment company. They have their own complete set of entertainment industry chain, from scripts to directors and actors sales, etc., all have their own complete model, and there is no need to cooperate with too many companies, or even There is no need to cooperate with the theater.

I think they shouldn't take Zhu Danian's threat in their eyes. "

Fang Qing nodded, and Xu Peini paused and said, "Do you still remember the previous "Sheng Tang Fenghua"?"

Fang Qing nodded and said, "I know that the theater box office of that drama is only 500 million yuan.

Xu Peini shook his head and said, "Although Shengfeng Fenghua has only 500 million in the theater box office, as far as I know, Shengfeng Fenghua's revenue in volcano videos is as high as 2 billion. This is the role of volcano video's abnormal traffic. It also shows that the whole world. The group is fully capable of making a lot of money for its own movies and TV without going online in theaters, and the profit is still several times that of theaters. Therefore, I think that the only domestic company that is not a bird of Purple Star Entertainment is the Sihai Group. "

Fang Qing's heart moved, and a fiery sentiment was rising in her heart.

Xu Peini said: "By the way, have you heard of the large variety show Cosmic Girls promoted on the entire network some time ago? Countless people are looking forward to their broadcast. Once it is broadcast, according to their propaganda efforts, it will be popular on the entire network. ."

Fang Qing nodded. She has seen several promotions. Countless netizens are very optimistic about this large-scale variety show. Even many of her fans have left messages under his account and sighed that if this cosmic girl was her, it would be great. Although she didn't take it seriously at the time, she still had some regrets in her heart.

Xu Peini said: "This show is run by the Cosmopolitan Group, but I heard that they had some problems and the protagonist decided to quit, and then the recording of the show was forced to stop. I also heard that they are now looking for a suitable Cosmic Girl. If you go, you will be the best cosmic girl."

Fang Qing's eyes brightened, and the enthusiasm in her heart rose to the apex. She hurriedly asked, "Then you think they will sign me, right?"

She was really moved by this cosmic girl. Once she signed a new company, she could immediately appear on a large variety show. This is a great opportunity to give Zhu Danian a big slap and slap him in the face with a backhand.

Xu Peini nodded and said: "Yes, you are this year's super traffic star. In order to seize traffic, Cosmopolitan Group does not hesitate to invest huge sums of money to attract traffic, and you are a traffic superstar. If they reveal their willingness to defect to them, they will definitely contact you, and even come to beg you."

Xu Qing nodded, the gloom in her heart swept away, and said: "Okay, I have decided, I want to cooperate with Sihai Group!"

Xu Peini nodded and said: "Okay, then I will release the message now, saying that we are willing to cooperate with Sihai Group. In two days, Sihai Group will definitely send someone to contact us."

Xu Qing thought for a while and shook her head: "I think it's better to forget it. Don't release the

message yet. Or Zhu Danian knows that we are going to cooperate with the Four Seas Group. He is likely to stumble us in advance, even as you said. The Four Seas Group doesn't care about Zhu Danian, but if people don't want to confront Zixing head-on, we will be passive."

Xu Peini nodded and said, "Well, then I will contact Sihai Group now."

As she said that, she called and contacted the Sihai Group. As she said, the Sihai Group was very happy when they heard that they were going to defect, and asked them when they would go to Qiancheng, so that they could arrange for someone to pick up the plane.

This made Xu Qing very happy, thinking that she was going to be the protagonist of the large-scale entertainment show Cosmic Girls, she couldn't contain the excitement in her heart.

Xu Qing suddenly felt that it was not a bad thing that she had been blocked by Zixing Company.

Chapter: 442

The super bright traffic star Fang Qing came to join the Sihai Group, and Xia Jun attached great importance to it.

Recently, because of Zuo Mingyue's job hopping, the negative impact has been a bit serious, and he is also very busy.

The most important thing is that it has been several days, and they still haven't found a suitable candidate.

In fact, they had thought about going to Beijing or Xiangjiang to dig people in the past, but they didn't like Sihai Group at all, and they all felt that Sihai Group must have little strength in a second-tier remote city like Qiancheng.

This made Xia Jun hurt and annoyed.

For the rest of his life, he had invested 35 billion yuan and started to start the science and technology park project, but the Four Seas Group he presided over was not even able to get the protagonist of an entertainment show.

This made Xia Jun feel that his ability was no longer good.

It was unexpected that Fang Qing would come to vote at the critical moment.

It can be said that Fang Qing's initiative to join has solved his urgent need.

So he directly agreed to Fang Qing's request and sent Xu Jing, the manager of the security department, to protect Fang Qing.

Xu Jing is now following Yu Zhong to practice martial arts, he is a special force, and has very strong combat power, so Xia Jun feels that sending Xu Jing to protect Fang Qing is already the highest courtesy.

Xu Jing received Xia Jun's task and arrived at the airport half an hour early the next afternoon.

As soon as I arrived at the airport, I saw a group of young men and women standing outside the airport, not crowded.

Some even pulled up banners and saw words like "Fang Qing, we love you" written on it. Xu Jing immediately knew that these were fans of the big star he was about to pick up.

Xu Jing doesn't watch movies and TV series very much, so he doesn't understand these stars, let alone these crazy star fans, what are their thoughts in their hearts.

He has heard of the diehard fans of ordinary stars, and they are crazy.

So he didn't squeeze in, and didn't want to cause unnecessary trouble.

"Accurate trail message, Fang Qing is really excited to come to our Qiancheng." A seventeen or eighteen-year-old girl said excitedly to the person next to her while holding a mobile phone.

"Yeah, I'm so nervous, I didn't think that Sister Fang Qing would come to our Qiancheng. We have not

been a real big star in Qiancheng for a long time.” A little girl next to her also nodded excitedly. “This is the first time I have met a big star at such a close distance, and it’s still my super idol, it doesn’t work, I feel a little unstable.”

Listening to the crazy words of the crowd, Xu Jing raised his eyebrows, saying that these fans are really crazy.

He stepped aside and checked the time. It was estimated that Fang Qing would be out in just a few minutes, so he seemed to smoke in front of the car cover.

“Have you heard that the beautiful woman Fang Qing came to Qiancheng this time to sign a contract with the Four Seas Group to record the Cosmic Girl show. By then, our beautiful Fang Qing will be the protagonist of the Cosmic Girl.”

“Really or not, is the Four Seas Group so awesome, can you actually invite Damei Fang to appear on the stage?”

“Nonsense, the market value of Sihai Group has risen sharply again, and it broke through Qianyi in the previous period. There are no entertainment companies in China that have more money than them. Isn’t that awesome?”

“Don’t fight, my cousin is working in the Sihai Group. He said that Fang Qing is here to join the Sihai Group. From now on, she will be our star in Qiancheng.”

“Really, that’s great, we will have more opportunities to see the idol in the future.”

“It must be true. Fang Qing was banned by Zixing. Now we are the only one who does not take Zixing Entertainment seriously, and we are the only one who dares to sign for Xiaoxiaqing.”

“Sihai Group is mighty, to promote the prestige of the city of Guizhou. Good job. From now on, I will become a fan of Sihai Group.”

Listening to the exaggerated remarks, Xu Jing felt a sense of pride inexplicably.

Lao Tzu belongs to the Sihai Group, and he is the manager of the security department!

Chapter: 443

When Xu Jing was proud, he suddenly heard a scream from the airport exit. He looked up and saw a group of people screaming at the exit, waving the banners in their hands.

Then four black-clothed bodyguards came out in a pose that no strangers should get close to.

Behind them is a tall beauty with a scarf.

Although the beauty’s face is mostly covered by wide-brimmed sunglasses, she can still be recognized as the superstar Fang Qing.

Behind Fang Qing is a woman in her thirties who also wears sunglasses.

And behind the assistant, there are four bodyguards.

Eight bodyguards escorted him. Xu Jing didn’t know who would get the treatment for such a big battle.

Generally speaking, only those rich second-generation or big bosses who have many enemies will arrange so many bodyguards to follow.

Could it be that this big star Fang is also full of enemies?

Xu Jing shook his head, but also became speechless.

You said that you already have eight bodyguards, which is not enough. You still have to call President Xia some more bodyguards. The president may not be treated like you when he travels.

Seeing the fans constantly taking pictures, Xu Peini, the assistant behind Fang Qing, kept shouting, “No pictures, no pictures!”

Xu Jing is a little hard to understand. You notified your fans to greet you, but you didn’t let people take

pictures. What's the reason? This is too big.

At this moment, he doesn't understand these fans even more.

It is obvious that Fang Daxing is just asking you to increase her traffic.

"Fortunately, my girlfriend doesn't chase stars, so why not piss her off." Xu Jing thought to herself.

Fang Qing walked out of the airport exit. She still didn't see the Four Seas Group sending someone to pick her up. She immediately asked a little displeasedly: "Pini, where are the people from the Four Seas Group? How come they still haven't come yet, don't they? Do you know that I get off the plane at one o'clock?"

Knowing that Sihai Group now also very much hopes to sign himself, Fang Qing's mentality of being blocked has changed again.

She feels that with her flow and strength, the Four Seas Group should praise her as a guest and ask her with a low profile. Otherwise, if she does not sign with the Four Seas Group, the Universe Girls of the Four Seas Group will not be able to proceed, and then they can only become A joke in the entertainment industry.

Therefore, she feels that she is the one who has the initiative and should be treated with a high profile, which is also conducive to her winning a contract that is beneficial to her.

"I'll ask now." Xu Peini was also a little upset, because she didn't pay attention to them at all.

"No need to contact, I'm here to pick you up." Xu Jing squeezed the crowd and stepped forward.

Fang Qing looked at Jingxu, and asked uncomfortably, "Is the Four Seas Group sending you alone?"

"Yeah." Xu Jing nodded and said confidently: "I am enough to protect you."

Fang Qing glanced at Xu Jing with disdain, then folded her hands, not speaking.

She notified the Four Seas Group that she wanted at least ten bodyguards to escort her, but the Four Seas Group sent only one bodyguard. Is this looking down on her?

Xu Jing was startled and didn't know what Fang Qing meant, but at this moment, he heard Xu Peini's madness.

"What do I mean by the Four Seas Group? You don't want to cooperate with our Fang Qing? You don't go to inquire about it. There are many entertainment companies that line up to ask our Fang Qing to cooperate. What is your Four Seas Group?"

Let me tell you, if we hurry up and arrange ten luxury cars worth more than one million yuan to pick us up, we won't go! "

Xu Peini looked at Xu Jing with disdain.

Chapter: 444

"Eh?" Xu Jing was a little speechless. Are all the stars now so ridiculous?

But he was just a bodyguard, so he wouldn't argue with Fang Qing.

"Oh, wait a minute, I'll ask the boss first."

Xu Jing took out the phone and wanted to call Xia Jun, but after looking for it for a long time, he found out that he had no call for Xia Jun.

Then he turned out Yu Sheng's number and called Yu Sheng.

He also didn't avoid Fang Qi, and hit directly in front of her.

"Brother Yu, the big celebrities think that there are few people coming to pick her up. If we don't arrange ten million-class luxury cars to pick her up, she won't cooperate." Xu Jing said truthfully.

The rest of his life on the other side was a little confused, and asked: "What big star, I don't know?"

"what?"

Now it's Xu Jing's turn to be confused. After a long time, Brother Yu doesn't even know about this? Then Xu Jing had to explain: "That's it. A big star is going to sign a contract with the company, and then President Xia asked me to pick her up at the airport. Then this big star has a big shelf and said we don't arrange ten luxury cars. Form a team to pick them up, and they will not sign with our company." The rest of my life who was busy with the science and technology park project on the other side understood it immediately, and then said: "The shelf is so big? Ten luxury cars pick up, she thinks her boss is traveling? Okay, you let her wait, I'll give it to Xia Always call to ask." Yu Sheng finished speaking, and hung up.

As soon as he was about to check Xia Jun's phone, he saw that Bai Yulan was holding a drawing to talk to him, and he put away the phone. The two discussed the key points and quickly forgot about the matter. On the other side, Xia Jun felt that Fang Qing had come to join him to relieve her urgent need. After thinking about it, he decided to go to the airport to meet Yi Xia Qing in person, which also showed that the Four Seas Group attached great importance to her.

After a while, Xia Jun's car arrived outside the airport exit and saw a group of people pointing around Xu Jing.

It's also a shame that Xu Jing was a person who crawled out of the bullet pile. He had experienced all the big winds and waves, or he would have been drowned by the drool of fans like Fang Qing.

"excuse me."

Li Jian squeezed out the crowd and drove Xia Jun abruptly.

Some of these fans recognized Xia Jun, and all opened their mouths with shock on their faces.

This is the richest man in Qiancheng, President Xia of the Sihai Group.

He actually came to pick Fang Qing in person!

As these young people, there are still a few who can recognize Xia Jun.

Xia Jun has always been very low-key and rarely appeared in the media. Basically, few young people know about Xia Jun.

At this time Xia Jun was looking at Fang Qing, and Fang Qing and others were also looking at Xia Jun.

I have to say that Fang Qing is still very beautiful, she deserves to be a prominent female star, no wonder she has so many fans.

"Are you the boss of the Sihai Group?" Xu Peini looked at Xia Jun, with a high-profile look.

Xia Jun frowned and suddenly became a little unhappy. His dignified boss was still the richest man in Qiancheng before he appeared for the rest of his life, and he was admired by thousands of people.

Unexpectedly, I was put on airs by a star today.

He really wants to sign Xia Qing to solve his urgent needs, but it is impossible for him to lose his prestige in front of a star.

"Mr. Xia, it's just right that you are here, they have to arrange ten luxury cars to meet them, otherwise they won't leave." Seeing Xia Jun's arrival, Xu Jing said hurriedly.

"Ten luxury cars to welcome? Otherwise, you won't leave?"

Xia Jun squinted his eyes, and the impulse in his heart to sign Xia Qing faded away.

What he wants to sign is a celebrity who can make money for the company, his employees, not his uncle.

"Since you are the boss of the Four Seas Group, you should know that our Fang Qing's fame and flow, we have clearly discussed it, and said that we want you to send more bodyguards to protect our Fang Qing, but you only send one bodyguard. Come, what do you mean?" Xu Peini asked.

"My manager of the security department, you can order ten in one gear, or do you guys try it?" Xia Jun

said lightly.

He turned out to be the manager of the Security Department of Sihai Group?

Fang Qing and the others were a little surprised, and couldn't help but look at Xu Jing again, but soon there was a touch of disdain in their eyes.

"Hmph, you mean he can beat ten? If he doesn't have this ability, what do you say?" Fang Qing glanced at Xu Jing with disdain and said.

Chapter: 445

"Just go and find ten bodyguards, as long as they can defeat my security manager Xu, I will meet your requirements and arrange ten Maseratis to pick you up right away." Xia Jun said lightly.

He still trusts Xu Jing's strength.

Don't say that Xu Jing is still learning martial arts with Yu Zhong. Even if Xu Jingzheng has learned martial arts from Yu Zhong, there are few bodyguards that will be Xu Jing's opponents. He is very confident about this.

"Well, if you, Manager Xu, win, I will follow you." Fang Qing snorted coldly.

When all the fans saw this, they all cheered on Fang Qing. The battle was like not her bodyguard but herself.

"Sister Fang Qing, defeat him and let them know how good you are."

Fang Qing still enjoys this kind of mindless words.

Xia Jun shook his head secretly, feeling a little disappointed in his heart, but even though he already had the enthusiasm in his heart, it would be good if he could sign under Qing Qing.

After all, Fang Qing was the best candidate for the Cosmic Girl no matter what.

"Let the eight of them go together." Xu Jing glanced at the eight bodyguards with extraordinary temperament behind Fang Qing and said arrogantly.

After doing it for a long time, this woman didn't believe in his strength, and even asked him to call the boss, which made him feel a little unhappy.

"Just your skinny appearance, I'm enough." Fang Qing hummed a bodyguard and walked towards Xu Jing.

Seeing that the two bodyguards were going to compete, Fang Qing's fans were crazy, and today there is nothing in vain, and this benefit is too cool.

While everyone was excited, they also cheered on Fang Qing's bodyguard.

Hearing everyone's cheering, Fang Qing's bodyguard became more and more arrogant.

He rubbed his fist, and said disdainfully: "Let you three punches, you can shoot first."

"Then you can pick it up." Xu Jing sneered, not polite, and took a step forward with a punch.

Xu Jing's punching speed is not fast, Fang Qing's bodyguard saw this, a sneer evoked at the corners of his mouth, and when he turned his upper body, he wanted to avoid it.

If Xu Jing is still punching, he can certainly avoid it.

Unfortunately, when Xu Jing's fist was about to rub Fang Qing's bodyguard, he suddenly changed his fist into a palm and slapped the opponent's face with a slap.

"Snapped!"

Although it was close to each other, Xu Jing's last blow made him force, and the opponent flew away in one stroke.

When everyone saw that Wen Qing's bodyguard was slapped by Xu Jing and flew more than two meters away, each of them opened their eyes wide and looked at Xu Jing in disbelief.

Fang Qing couldn't believe that her bodyguards were all professional bodyguards arranged for her by the brokerage company. How could she not be able to beat a skinny monkey after a long battle?

Yes, Xu Jing's figure looks a little thin, but this does not affect his strength.

On the contrary, it made him more flexible.

"I've said it all, let the eight of you go together." Xu Jing clapped his hands and looked at the bloody bodyguard on the ground jokingly.

"Let your people go together, don't waste everyone's time." Xia Jun also said.

Fang Qing and her assistant's faces became quite ugly, and they didn't expect Xu Jing to be so powerful.

"Seven of you go up together and beat him down severely. I will be responsible for what happened!"

Fang Qing, who was furious, turned and said to the seven bodyguards behind him.

Although the seven bodyguards were also shocked by Xu Jing's strength, after thinking of the seven of them, they would definitely be able to win Xu Jing.

"Boy, you are so arrogant, let us elder brothers teach you a lesson." One of the bodyguards snorted coldly.

"Don't be pirate, don't you know that the supporting roles are all due to the excessive talk?" Xu Jing said sarcastically.

"court death!"

After being ridiculed by Xu Jing, the seven yelled, and they all rushed towards Xu Jing.

Seeing the momentum of the seven, whether it was Fang Qing or her fans, they all breathed a sigh of relief.

Just now, Fang Qing's bodyguard was slapped away by Xu Jing, and he was hitting them in the face. At this time, they all hoped that these seven people would slap Xu Jing down.

It doesn't matter whether it is bullying the less by more.

Chapter: 446

"It's just a few of you? It's still far away." Xu Jing smiled jokingly, and instead of retreating, he rushed towards the seven.

Xu Jing is a special soldier, and he is not an ordinary special soldier. He has practiced martial arts since he was a child, and he is the kind of real soldier king.

And during this period of time, he followed Yu Zhong to learn martial arts, so that his strength was further improved, which is not the enemy of these ordinary bodyguards.

Although the other party was besieging him with seven people, they fought for a while, and the seven people didn't even touch Xu Jing's clothes corners. Instead, two of them were drawn by Xu Jing in two big mouths, and they flew away. .

The remaining five people just insisted that they were less than a minute, and all lay on the ground grunting.

Seeing all of their idol's bodyguards hit the ground within a minute, all Fang Qing fans were dumbfounded, one looked at Xu Jing with admiration in his heart, and some were just angry.

The reason for their anger is because Xu Jing injured their idol's bodyguard.

But seeing Xu Jing as mighty as a god of war, he didn't dare to say anything.

At this time, Fang Qing and Xu Peini's expressions were ugly to the extreme, and she was embarrassed to think that their eight guards would be so useless.

"Drive here and pick up the big star to the company." Xia Jun said to Xu Jing, and then left with Li Jian's escort.

Seeing Xia Jun leaving behind, Fang Qing felt very upset, but she couldn't make other choices in front of so many fans.

The so-called willing to bet and lose, she had to go to the Four Seas Group first.

But she already had an idea in her heart, and when she arrived at the Four Seas Group, she would avenge this again, otherwise she would not sign the contract.

But seeing Xu Jing driving only a four-seater sedan, and it was only a million-dollar car, she immediately stopped doing it.

"Just this broken car?" Fang Qing stared at Xu Jing in the cab.

broken car?

Xu Jing is quite speechless. There are a lot of celebrities who have money, but can you really not understand that little money? A million cars are also broken cars in your eyes?

Come take a look, our brother Yu has a net worth of hundreds of billions, and he can even ride a bus.

This person is really incomparable.

"Well, just this one. If you don't take a seat, then buy a luxury car by yourself and go there." Xu Jing also has a temper. Fang Qing provokes him again and again, which makes him a little angry. .

What attitude is this?

Fang Qing immediately exploded when she heard it.

With her hands on her hips, she said uncomfortably, "I won't sign this appointment. I see who you can find to replace Zuo Mingyue to record the Cosmic Girl? Buy me a ticket to Beijing immediately, and I will go back now."

Seeing this, Xu Peini hurriedly whispered in Fang Qing's ear: "He is just a bodyguard, why bother with him? Don't do it too hard, so that we have nowhere to go."

The Four Seas Group is their only opportunity and the only way to rise. If they really give up, then Fang Qing's star road is estimated to be over.

Fang Qing also thought about this, so she put away her arrogance.

However, the bodyguards of the Four Seas Group are really irritating. They don't even treat her as a superstar, which makes her very angry.

"Okay, then I don't care about him." Fang Qing snorted heavily and pulled the car door to sit in the back row.

Xu Peini glanced at the bodyguards, asked them to take a taxi to the Sihai Group, and then followed Fang Jing into the car.

Soon after arriving at the Four Seas Group, Xia Jun was already waiting in the office.

He originally wanted Fang Qing to go to the hotel to sign a contract, but today Fang Qing made him change his mind.

He had already investigated clearly. While he needed Fang Qing, Fang Qing had only their way to go, so Xia Jun fully grasped the initiative when negotiating the contract.

Then Fang Qing, who had no choice, could only agree to some unfavorable terms proposed by Xia Jun.

After the two parties signed the contract, Xia Jun invited them to dinner.

The three of them came down from the office and just got out of the elevator when they saw Yu Sheng walking towards the elevator.

Fang Qing and Xu Peini suddenly felt like seeing an enemy, their eyes fired.

Chapter: 447

For both Fang Qing and Xu Peini, they had fallen to this day, and it was all because of the evil in front of them.

If it hadn't been for the fact that this silk threatened Zhu Danian, Zhu Danian would not have opened them, and had directly blocked them. In the end, they had nowhere to go before they had to come to the Sihai Group.

At first they also felt that Sihai Group would definitely hold Fang Qing as the jewel in the palm.

Who knows, the contract signed at the end is just as beneficial to her as other companies.

This is the greatest disrespect for her, a very other star.

But she still had no choice at this time, so she had to accept the many unreasonable conditions put forward by Xia Jun aggrieved.

All this, thanks to this stinky man!

"Mr. Xia, is this thread from your company?" Fang Qing stared at Yu Sheng and asked Xia Jun.

**Silk?

Xia Jun was startled, then a playful smile appeared on his face.

But he still didn't speak, so he heard Yu Sheng smile and said, "Yes, I am President Xia's driver."

He was a little surprised. He didn't think that Fang Qing had come to Qiancheng after being banned by Zhu Danian, and came to his company.

When he first saw Fang Qing at that time, he thought Fang Qing was quite suitable for the protagonist of Cosmic Girls.

Unfortunately, Fang Qing's character is too problematic, no matter how suitable he is, he doesn't plan to use her.

Because he believes that a public figure with no human character is a time bomb, and sooner or later it will become a hidden danger for the company.

Hearing Yu Sheng's words, Xia Jun narrowed his eyes, and immediately knew that Yu Sheng and Fang Qing knew each other, and they still had some grudges.

In this case, he can only let the rest of his life be the master of this matter.

Although, he is also very optimistic about Fang Qing.

When Fang Qing heard that Yu Sheng was Xia Jun's driver, Fang Qing was about to say something, but Xu Peini took her hand, shook her head and winked at her, and then said, "You're Mr. Xia's driver, right? In that case, Then we don't want to embarrass you, you apologize to Fang Qing, and the previous thing is over."

In her opinion, since Yu Sheng is Xia Jun's driver, of course they can't do too much.

After all, they only signed a contract with Si Hai Ji, and I don't know if Xia Jun will be on their side.

And just when the contract was negotiated, she also discovered that Xia Jun was not too cold to them. If they have done it, it is hard to say that they will not be able to beat them for the rest of their lives, and they are likely to be beaten in the face.

This is what Xu Peini meant to stop Fang Qing in a hurry.

Fang Qing also understood Xu Peini's meaning, and said, "Smelly, I heard that there is no such thing. As long as you apologize to me today, we will cancel everything that day. After all, you are Mr. Xia's driver, and I have to give it to Mr. Xia. A bit of face."

In Fang Qing's view, she has already taken a big step back, and she must take a step back for the rest of her life.

After all, everyone is now a member of the same company.

But what made Fang Qing a little angry was that as soon as her voice fell, she saw Yu Sheng jokingly

smiled: "A person with a character problem, what qualifications do I have to apologize to her?"

Fang Qing was extremely angry, and immediately went mad, pointing at Yu Sheng and said angrily:

"Okay, you are a sexy lady, you dare to say that my character is bad?"

The rest of his life just smiled sarcastically.

Fang Qing stomped straight and directly turned to Xia Jun and said: "Mr. Xia, what you heard with your own ears, he said that my character is not good. This is slandering me. Damage to reputation is a small matter, but it affects the company's image a lot."

Seeing that Yu Sheng didn't know what was good or bad, Xu Peini, who had originally wanted to make a big deal, couldn't help it, and said to Xia Jun: "Mr. Xia, we came to your company with sincerity, but you, the driver, deceived too much, you If we don't give us an explanation today, we will consider the termination of the contract."

Yu Sheng sneered: "Let's solve it, I don't want a mouse shit to ruin a pot of soup." Yu Sheng sneered.

"What are you, a stinky driver, are you qualified to speak here?" Fang Qing yelled, eyes full of contempt.

She still didn't believe it. At this time, Xia Jun didn't teach the rest of his life.

But in the next moment, only Xia Jun coughed and said, "Then terminate the contract."

Chapter: 448

"what?"

Fang Qing and Xu Peini were shocked, and both looked at Xia Jun with shocked faces, thinking that Xia Jun was joking.

"I said, our company has terminated the contract with you now." Xia Jun repeated solemnly.

Since Yu Sheng said that Fang Qing had a character problem, and compared her to mouse shit, it showed that Fang Qing really had a problem.

Not for the rest of his life, of course he won't be recruited.

"Mr. Xia, you have made a mistake, just because of a stinky lady, will you terminate the contract with me?" Fang Qing pointed to Yu Sheng and said in a puzzled way.

"You said he is stinky?"

Xia Jun smiled, and said that if it weren't for fear that you would be scared when you know Yu Dong's identity, you would kneel and lick it on the spot, I would like to tell you the truth.

"Isn't it? It's just a driver, isn't it just a fucking silk?" Fang Qing said coldly.

"Yes?"

Xia Jun laughed and said: "But it's the one you mentioned, he can let me terminate the contract with you, well, I just announced that the contract we just signed is invalid, and you can go."

"you!"

Fang Qing was very angry and pointed to Xia Jun and said, "Mr. Xia, don't regret it!"

She snorted coldly, waved her hand, and strode outside. Xu Peini took a deep look at Yu Sheng before chasing it out.

"This woman can't do it. It's a time bomb. When something goes wrong, it will affect the company's image, don't worry." Looking at Fang Qing's back, Yu Sheng said.

"Why did Yu Dong have a grudge with them?" Xia Jun asked curiously.

"I went to Beijing a few days ago and met them in a bar..." Yu Sheng briefly explained the contradiction between him and Fang Qing.

After hearing this, Xia Jun shook his head, and finally knew why Yu Sheng had to say that she had a character problem.

If you bump into someone, you ask the other person to apologize in turn. If you don't apologize, you don't forgive you. Such a character is indeed easy to get into trouble.

"However, this Fang Qing is indeed quite suitable for the protagonist of the Cosmic Girl." Xia Jun sighed. Fang Qing is young, very beautiful, and she has a lot of traffic, she is indeed the best candidate.

What a pity, what a pity.

"Choose slowly. What's the problem with the later broadcast? Anyway, it is impossible for New Goose Media to record it temporarily." Yu Sheng said.

"Yeah." Xia Jun nodded and asked: "I'm about to go out to eat, are you together?"

Yu Sheng shook his head, "Go ahead, I just ate it."

He said he was going upstairs.

But at this moment, his cell phone rang, and when he took it out, it was Liu Qianshuang's call.

Yu Sheng was slightly startled, hesitated, and still connected.

"Manager Yu, where are you, I want to talk to you?" As soon as the call was connected, Liu Qianshuang's crisp voice came.

Yu Sheng thought for a while and said: "I'm in the company, come on."

He remembered that Liu Qianshuang had sent him some WeChat messages before, asking him to eat or something, but he was not reasonable.

But what surprised him a little is that this time Zuo Mingyue's job-hopping turmoil, other companies have interrupted their cooperation, only this Liu family has been mentioning this matter, whether it is because the new goose looks down on the Liu family, or because of what, the Liu family He had changed his view of the Liu family if they were required to withdraw the liquidated damages at a critical moment.

"Okay, okay, I'll go over to find you right away." Liu Qianshuang said with some excitement.

"Yeah." Yu Sheng said and hung up.

Half an hour later, Liu Qianshuang finally came to the Sihai Group. She sent Yu Sheng a WeChat message, saying that she had arrived, where she was in the office for the rest of her life.

Yu Sheng said that she was in the reception room, and then she asked the front desk, led by the front desk, went to the reception room.

"Manager Yu."

Seeing Yu Sheng was leaning on the sofa to smoke, Liu Qianshuang hurriedly said hello.

She always thought Yu Sheng was really the project manager.

Chapter: 449

"Well, sit down." Yu Sheng nodded without revealing his identity.

After Liu Qianshuang sat down opposite Yu Sheng, Yu Sheng asked, "What are you looking for?"

"Manager Yu, do you still want to be a member of Cosmic Girls?" Liu Qianshuang asked shyly.

Yu Sheng looked at Liu Qianshuang and curiously asked, "Do you have friends who want to develop in the entertainment industry?"

Liu Qianshuang shook his head awkwardly, and said, "No, actually, it's me."

"yourself?"

Yu Sheng looked at Liu Qianshuang with some curiosity, and asked, "Why do you want to develop in the entertainment industry if you don't do it with Missy?"

Liu Qianshuang shook his head and said, "What a eldest lady, our Liu family is actually just a very small business. I have liked singing and dancing since I was a child. Although I have not received professional training, I believe that I have good basic skills."

In fact, Liu Qianshuang also conducts amateur live broadcasts for an hour or two every night. She just sings and chats with fans, which is quite popular.

Seeing the confidence in Liu Qianshuang's eyes, Yu Sheng suddenly became curious, and said with a smile: "Why don't you sing a few passages to listen to?"

Speaking of his strengths, Liu Qianshuang nodded immediately, and said, "Which one does Yu Sheng ideal listen to?"

Yu Sheng shook his head and said, "It's okay, you can do what you do best."

Liu Qianshuang nodded, then began to sing.

He only sang two sentences, and Yu Sheng's eyes lit up.

Liu Qianshuang's voice is very good, and his voice is soft and beautiful. It is the kind of voice that can instantly catch the audience's hearing.

Even if it was a light singing, Yu Sheng quickly blended in. After singing, he couldn't help but clapped gently.

"Yes, the basic skills are quite good, and the sound is also beautiful. I will listen to two more songs." Yu Sheng praised while applauding.

"Okay." Liu Qianshuang was a little excited, Yu Sheng's encouragement and recognition gave her great confidence.

Later, she sang two songs in a row, and they played very well, much more brilliant than the first one.

Yu Sheng also nodded again and again, and admitted in his heart that Liu Qianshuang did have the talent and talent for singing, and that Liu Qianshuang's voice was very healing. It is estimated that countless melancholic boys and girls will easily fall in love with her singing.

"You still dance, right? Let me have a look." Yu Sheng said again.

"Good Manager Yu." At this moment, Liu Qianshuang was very happy and confident. He turned on the phone to play a soft tune and began to dance.

She has a slender figure, a slender and soft waist, and her whole person is like a soft and boneless snake. You can't see how brilliant the action is, but it gives the rest of your life the feeling that it is very pleasing to the eye.

Especially those hundreds of thousands of times looking back and smiling, at that moment, even the rest of his life has such a moment of heartbeat.

After a dance, Yu Sheng also clapped his hands without hesitation. Liu Qianshuang's talent really made him a little amazing, coupled with her stunning appearance, she really played the rest of her life.

"Very good, do you want to participate in Cosmic Girls?" Yu Sheng nodded and said.

"Yeah." Liu Qianshuang nodded firmly, just these days when she heard that the Four Seas Group was looking for members of Cosmic Girls, she came.

In fact, she has liked singing and dancing since she was a child, and once dreamed of becoming a big star one day.

But there has always been this opportunity, and until now, no scouts have discovered her talent.

"You should also know that what we lack is only the protagonist of the Cosmic Girl. It stands to reason that this position is at least a first-line star, but your singing and dancing moved me. I am going to give you a chance. If you pass the test, I spend the resources on you and make you a super new star." Yu Sheng said.

Liu Qianshuang's heart was shocked, and he was very excited, not thinking that Yu Sheng would have such a big right.

"Manager Yu, don't worry, I will not let you down!" Liu Qianshuang was very confident and grateful.

“Well, I will arrange for someone to send you to the recording site for a while, let the directors test you first. If the directors say yes, then congratulations. Your star journey has taken the first step successfully.” Yu Sheng laughed.

Chapter: 450

Yu Sheng asked Xiao Zixin to inform the director that they were going to the recording room, and then asked Xiao Zixin to take Liu Qianshuang over.

When Xiao Zixin saw Liu Qianshuang, she was also a little surprised. Liu Qianshuang was indeed very beautiful and somewhat pure.

But seeing the soft and even admiring look in Liu Qianshuang’s eyes when she looked at Yu Sheng, she felt an inexplicable hostility in her heart.

As a woman, she immediately saw that Liu Qianshuang had a fanatical love for Yu Sheng.

“This sister, are you Manager Yu’s secretary?” In the car, Liu Qianshuang took the initiative to approach Xiao Zixin.

“Yeah.” Xiao Zixin nodded.

“Ah, isn’t Manager Yu just a department manager? He actually has a secretary. You see, your company values Manager Yu very much.” Liu Qianshuang said in surprise.

Generally speaking, managers at the manager level are not qualified to be a secretary, but Yu Sheng, a department manager, has this beautiful secretary, which shows that Sihai Group values him very much. Thinking of this, Liu Qianshuang was a little excited. The higher Yu Sheng’s position in the Sihai Group indicates that Yu Sheng has the right to speak. Then she was introduced by Yu Sheng, and others should not embarrass her.

“Department manager?” Xiao Zixin smiled, feeling a little speechless. Is Dong Dong ready to deceive the little girl’s feelings?

“Ah, isn’t Manager Yu a department manager?” Liu Qianshuang looked at Xiao Zixin suspiciously.

“He told you which department manager he is?” Xiao Zixin asked.

“Project Department.” Liu Qianshuang said.

“Well, yes, he is the general manager of the project.” Xiao Zixin said with a smile.

Liu Qianshuang suddenly felt that Xiao Zixin’s words were a little weird, but she couldn’t figure out what was wrong for a while.

Soon we arrived at the recording site, and the director and others waited outside in person.

The secretary of the chairman personally brings people to them, which represents the chairman, and of course they should pay attention to it.

“Secretary Xiao.” The director is He Jin. He is a half-hundred man in his fifties. He has gray hair and has been recording variety shows all his life. He is also famous in the circle.

“Director Ho.” Xiao Zixin and He Jin shook hands gently, and then introduced Liu Qianshuang next to them.

Only then did He Jin and the others look at Liu Qianshuang seriously.

I have to say that today’s Liu Qianshuang wears a bit casually, and there is no makeup. At first glance, there is indeed Xiao Zixin, a woman wearing a professional suit.

But upon closer inspection, everyone’s eyes lit up.

Because Liu Qianshuang has the appearance and figure to become a superstar.

“Director He, come here.” Xiao Zixin said to He Jin and walked aside.

He Jin followed Xiao Zixin to the other side and heard Xiao Zixin whisper: “She is Yu Dong’s person. Yu

Dong intends to make her the protagonist of the Cosmic Girl. If she has this talent and talent, she should be cultivated directly.”

He Jin’s heart was shocked, and he couldn’t help but glance at Liu Qianshuang not far away, and he instantly understood.

This is Yu Dong’s woman, even if she is not talented, he must do his best to make her talented!

“Secretary Xiao, I know. With the resources of our Four Seas Group, as long as she is not stupid or too silly, I dare to pack the ticket. After the show of Cosmic Girls is broadcast, she will definitely become a super new star.” He Jin nodded and said. .

Xiao Zixin smiled and said: “Don’t get me wrong, Yu Dong is very optimistic about her talent, but Yu Dong also confessed that if her talent is not suitable for our show, she can only be a supporting role, or not.”

He Jin nodded, but smiled faintly in his heart. Aren’t these all the boss’s usual operations? If he really follows the latter, he dare to pack a ticket, and he will be the next to be expelled from the Sihai Group. Xiao Zixin didn’t know what He Jin thought, anyway, she just relayed Yu Sheng’s original words, and it was his business that He Jin would do it.

Then she greeted Liu Qianshuang and drove back to the company alone.

But He Jin brought Liu Qianshuang into the recording hall with such an aura, ready to test Liu Qianshuang’s talents.

He was also to first understand the strengths and weaknesses of Liu Qianshuang, and then he would use Yang’s strengths to avoid weaknesses and create shows for Liu Qianshuang.

If Liu Qianshuang knew that in He Jin’s heart at this time, she was already a rising supernova, she would have fainted happily.
