### Chapter: 471

"Yes, my old man wanted to make a big investment, so he just fell in love with this piece of land." Zuo Wenyu smiled.

Zhang Shengquan was taken aback and said, "Unfortunately, we have also taken a fancy to this piece of land, what should we do?"

Zuo Wenyu stared at Zhang Shengquan for a while, a flash of war intent flashed in his eyes, and then smiled: "It's a coincidence, we have also taken a fancy to this land. I am afraid that Mr. Zhang's wish will be hard to come true."

He looked at Zhang Shengquan with self-confidence in his eyes, which was originally from the strength of his Zuo family's stronger than Zhang's family.

Seeing that Zuo Wenyu was about to push himself over his aura as soon as he came up, Zhang Shengquan was a little uncomfortable, but thinking that compared with Master Yu, the Zuo family was almost meaningless, his mentality calmed down, and he smiled: "Then Young Master Zuo. I'm afraid I'm going to meet a competitor."

"Oh, is it? That's a good thing, I haven't encountered competition for a long time, haha."

Zuo Wenyu smiled proudly and suddenly changed the subject: "Oh yes, Mr. Zhang, we will have a class reunion tomorrow. Could you please tell Wan Qiu, I won't call her personally."

He and Zhang Wanqiu were university classmates. After speaking, they turned and walked towards the mountains. A group of staff hurriedly followed.

Zhang Shengquan narrowed his eyes, and he immediately saw his thoughts in Zuo Wenyu's eyes.

This kid wanted to hit his daughter's idea!

"There is the Zuo family here to disrupt the situation. We are going to take this piece of land. It will take some weeks of horror." Yu Qin said.

Yu Sheng glanced at Zuo Wenyu's back, a playful smile flashed across the corner of his eyes, and said, "Don't you guys see it? This Zuo family is just a trust Xie Weihao found."

Zhang Shengquan was startled and puzzled: "Didn't Xie Shujie promise to give us the land for free? A big man like him can't speak for nothing, right?"

Yu Sheng shook his head and said, "If we choose another place, he will definitely keep his promise, but we have chosen the Qiangui Mountain site. If he would give us free of charge, of course he would be a little unhappy."

Yu Qin also nodded and said, "Yes, because this land city used to prepare to develop amusement parks, and they can sell them at a not low price. If he gives us free, they will lose a lot of financial income."

Zhang Shengquan frowned and said, "What should we do, we are going to spend a lot of wrong money?"

Yu Sheng smiled faintly, and said: "What the money can handle is nothing wrong. The most in the city is to let a few bidders. If you don't believe me, you go this afternoon. They will definitely say that there are many families who have taken a fancy to this land, and they are not good. Offending other forces for our sake, we will definitely propose a bidding method in the end."

Zhang Shengquan said uncomfortably: "Xie Weihao, the old fox, he is not afraid that we will go back and build the science and technology park to other provinces?"

Yu Sheng shook his head and said, "We have invested a lot in this project these days, and we have spent so much energy. He expected that we would not change our minds easily. It would take us for granted."

Okay, you can tell him directly. We bought this piece of land for 20 million yuan. If he wants to bid or something, he will tell him directly that we are not investing in Qiancheng, and he will be tougher.”

Zhang Shengquan nodded and said, “Okay.”

At this moment, Yu Sheng’s phone rang and took it out to see that it was Magnolia’s call. He hesitated and got through.

“Master Yu, there is one thing, I don’t know if I want to tell you, maybe I think too much.” As soon as the call was connected, Magnolia’s voice was a little hesitant.

“You can just say anything straight.” Yu Sheng said.

“That’s it. I’m in the auto show center now, and suddenly saw your wife Yang Zihuan talking and laughing with a handsome guy. That handsome guy should be Situ Jian, the newly appointed boss of New Goose Media. I think he can always be Sister Yang. It must be a good intention to show your courtesy. However, I should think too much.” Magnolia said.

## **Chapter: 472**

Situ Jian?

Yu Sheng’s eyes narrowed. Although he had never dealt with Situ Jian, he knew that Situ Jian was Situ Nan’s eldest brother.

Situ Jian is here to take over as the CEO of New Goose Media this time, and he will certainly not really fight with the Four Seas Group.

Yu Sheng knew that a greater conflict with New Goose Media would soon come.

He faintly felt that Situ Jian approached Yang Zihuan, and he had probably found out his identity, and then he wanted to start with Yang Zihuan and give himself a fatal blow.

“I see, I’ll go over immediately.” Yu Sheng replied and hung up the phone.

“Yu Dong, what happened?” Seeing Yu Sheng’s gloomy face, Zhang Shengquan asked hurriedly.

Yu Sheng shook his head, put away his mobile phone, and said, “What, you go to the city to find Xie Weihao, I will go to the auto exhibition center.”

As he said, he walked to his car.

Although Zhang Shengquan and Yu Qin had some doubts in their hearts, it was difficult for them to ask questions if Yu Sheng said nothing.

Yu Sheng drove all the way to the International Auto Show Center, feeling a little uncomfortable.

During this period, Yang Zihuan’s attitude towards him changed a lot because he knew he was the son of the Yu family, and there was no mention of divorce.

He knew that this was Yang Zihuan still looking forward to, that one day he would change his mind and go back to split the family property with Yu Xuan.

That is to say, Yang Zihuan’s character in the eyes of money, made him firm. He did not tell Yang Zihuan the fact that hundreds of billions of cash in the Yu family belonged to him.

The thought that Yang Zihuan finally had patience and no longer cared about his husband, this made him very uncomfortable.

In the past, although Yang Zihuan had party with other men, he would tell him every time.

Yu Sheng also believed in her and would not do anything out of the ordinary.

But this time, when she and Situ Jian came to the auto show center to see the car, they didn’t tell him. It only showed that in Yang Zihuan’s heart, he was no longer needed for the rest of his life.

I quickly entered the exhibition hall, and when I looked around, I saw that there were almost all ordinary citizens coming to the auto show, and the surrounding platforms were all full of luxury cars.

Here, the starting point is the imported luxury cars such as the Audi a8. There are also top sports cars such as Lamborghini and Ferrari. In the center of the exhibition hall, on the highest platform, there is a red sports car. It was Magnolia that gave Yu Sheng the Bugatti Hermes special edition.

This car is also the super luxury car at the finale of this international auto show.

The value of 40 million has directly attracted countless audiences and reporters.

There are no fewer than thirty people just around the security guards.

There are also four top car models, each standing in a corner, showing their perfect body, but also adding infinite style to this top sports car.

The audience was stopped by the security guards, but they couldn't stop their enthusiasm for taking pictures.

Of course, some people are purely for the four top car models, and some are for the only super sports car in Qian Province.

The host next to him said: "This car was ordered by a local tyrant yesterday. It is a personal item. You can watch it, you can take pictures, but you can't touch it. Thank you for your cooperation."

A reporter couldn't help asking loudly: "The auto show has just begun, so it was booked? It is not convenient for Fang to reveal, which local tyrant is so arrogant?"

The host glanced at the reporter and said with a smile: "Sorry, it's really inconvenient to disclose, because if you really want to know who the other person is, just wait. The local tyrants should come to pick up the car today."

Everyone was interested in what the host said. Many people gathered around here, just waiting for the local tyrants to pick up the car, and then to see which local tyrant was such a big deal and spent 40 million to buy a car.

Yu Sheng just glanced at the Bugatti that Magnolia had given him, and then looked away.

His mind is not in this car.

Soon, he saw Yang Zihuan's figure.

### **Chapter: 473**

Yu Sheng suddenly saw Yang Zihuan, there was a man and a woman beside her.

The man in a suit and leather shoes looks very handsome. It is Situ Jian, the new chairman of New Goose Media.

The female was dressed in cool, slim figure, Li Juan, Situ Jian's secretary.

Although Li Juan is also a beautiful woman, her overall temperament is far worse than Yang Zihuan.

"Zi Huan, come and take a look at this Bugatti, worth 40 million yuan, a world-class product. I originally wanted to buy it, but I didn't expect it to be boarded first." Situ Jian said with some regret.

Yang Zihuan followed Situ Jian and said with a slight smile: "Chief Jian, I don't understand what I study about cars."

Situ Jian laughed and said, "I know about cars. Others like to collect antiques, but I prefer to collect luxury cars. There are 10 luxury cars in my garage with tens of millions of dollars. Can't get into my professional garage."

Yang Zihuan's eyes lit up and he had to say that Situ Jian's pretense was too good, and he had to give him full marks.

Yang Zihuan pointed out that the luxury cars that Situ Jian specializes in the collection are probably worth more than one or two billion. He is really worthy of being the chairman of New Goose Media.

Zhang Juan next to him also smiled and said: "The chairman's father is the second shareholder of

Penguin Group, and his wealth is second only to the richest man in Ma. What is it to collect this car?" Was he the son of the billionaire Situ Xiong? No wonder it is so arrogant.

When Yang Zihuan heard this, he couldn't help but glanced at Situ Jian, his eyes full of respect.

At the same time, I was thinking that if the rest of his life goes back to divide the family property, at least tens of billions can be divided. Unfortunately, that guy is an elm bump, his brain is flooded, and it is no wonder that his mother has scolded him for waste and put tens of billions in these years. Don't want family property, it's really more waste than waste!

If she inherited the family property for the rest of her life, she would be a wide wife now, and she wouldn't be so envious of others.

The thought of this made her feel very upset.

"Ha ha."

Situ Jian laughed, looked at Yang Zihuan triumphantly, and asked, "Zihuan, which car do you like, I'll sell one later."

Yang Zihuan came back to his senses and shook his head hurriedly and said, "No, no, I have a car, thank you Mr. Jian for your kindness."

Situ Jian smiled and said, "Why, I'm afraid your husband will be jealous?"

Yang Zihuan said nothing. She felt that if she really accepted the car sent by Situ Jian, she would definitely be jealous for the rest of her life 200%.

Although she is losing patience with Yu Sheng in her heart, she is also a principled woman, and she will not do anything unusual before divorcing Yu Sheng.

Seeing Yang Zihuan's silence, Situ Jian said with disdain: "Your husband is your son-in-law, who eats soft food, who doesn't even want the dignity of a man, dare he be jealous?"

Just as Yang Zihuan was about to say something, he suddenly saw Yu Sheng not far away, his eyes suddenly panicked: "Yu Sheng, you, why are you here?"

Yu Sheng said lightly: "I'll come to see the world, how about you, come here to buy a car?"

"I....."

Yang Zihuan was taken aback, and said, "I negotiated a contract with President Jian. It just happened that today is the auto show, so I will come over with President Jian to take a look."

As he said, he hurriedly introduced: "Yu Sheng, let me introduce you. This is Situ Jian, the chairman of New Goose Media, who is on the same level as Sihai Group. Situ is the second largest shareholder of Penguin, and his assets are second only to the richest man in Ma. President Jian intends to give us the production of advertising campaigns for their entertainment programs. Today, I am discussing the way of cooperation with President Jian."

As she spoke, she introduced Situ Jian's secretary: "This is President Jian's secretary, Ms. Li Juan Li."

Then she said to the two of them: "This is the rest of my husband's life."

At this time, Situ Jian and Li Juan were also looking at Yu Sheng curiously, with a touch of disdain in their eyes.

#### **Chapter: 474**

Li Juan looked at Yu Sheng, a flash of disdain flashed in her eyes, and said to Yang Zihuan: "Mr. Yang, I heard that your door-to-door husband-in-law was a complete waste. When I saw it today, it was really a waste."

Her words were full of irony, and her eyes were full of disdain.

A man, watching his wife and other men watch the auto show alone, there is no wave on his face, and

he doesn't care at all. It can be seen how bad he is in the Yang family?

Such a man, to live is to lose the face of a man!

If his future husband is like this, my old lady will definitely kick him far away.

Situ Jian was also looking at Yu Sheng curiously, and his reaction made him even more disdainful.

It's a waste of money, I'm so obvious that I just want to beat your wife's idea, you fucking have no reaction at all, you are completely unworthy of being an opponent.

But he still asked curiously: "For the rest of your life, right? I don't know where you are now?"

Seeing that Situ Jian hadn't found his identity, Yu Sheng sneered across the corner of his eyes and said, "I will be a driver for the boss."

"Be a driver?"

Situ Jian was stunned. He didn't realize that this restaurant is really not for soft food. He smiled and asked, "How much is your boss's monthly salary? I'll double it for you. How about driving me?"

Yu Sheng smiled faintly: "Okay, when will you go to work?"

Hearing Yu Sheng's words, a deep contempt flashed in Situ Jian's eyes.

\*\*Si is \*\*Si, it's really meaningless to compete with him.

Seeing that Yu Sheng wanted to quit, Yang Zihuan couldn't help but shook his head, feeling inexplicably worthless to the chairman of Sihai Group.

He treats Yu Sheng so well, with a monthly salary of more than 20,000 yuan, and gave him a luxury car.

He is now betraying his boss for double the monthly salary. It is really unkind.

Li Juan mocked: "Yu Sheng, in fact, you shouldn't be here today. The people who came here to participate in the auto show today are all the big and decent people in Qiancheng. You said that you are a door-to-door son-in-law coming here, so you don't want your wife to be embarrassed?"

Yu Sheng looked at Yang Zihuan and smiled faintly: "Wife, do you think I am here to shame you?"

Yang Zihuan glared at Yu Sheng, thinking that Yu Sheng was just looking for trouble.

"Zi Huan, your husband has a bit of personality. Look at what questions he is asking, it shows that it embarrass you." Situ Jian smiled not too much.

"Mr. Yang, if I were you, I would have let him go. A junk eating soft food, came here to wander around and couldn't afford a car. He was deliberately embarrassing you." Li Juan also laughed.

Yang Zihuan's face was very ugly. Although she was also very upset that Situ Jian and Li Juan looked down on Yu Sheng so much, the more they humiliated Yu Sheng, she actually had a faint expectation in her heart.

"Who said Master Yu can't afford a car?"

At this moment, Magnolia came to Yu Sheng's side.

Seeing the white magnolia suddenly appeared, Situ Jian's eyes suddenly lit up.

Magnolia looks about the same age as Yang Zihuan, she has very good figures, and she has the same natural beauty and is unparalleled.

But with his vision of knowing women, he could immediately see that Magnolia was still a good place.

The reason why he wanted to hit Yang Zihuan's idea was because he wanted to find out the identity of the chairman of the Sihai Group through Yang Zihuan. It must not be really interesting to Yang Zihuan.

After all, Yang Zihuan already had a son, and his Situ family did not allow him to associate with a young woman, and that would definitely bring him to shame.

But Magnolia was still a virgin, and his mind suddenly became active.

And when Li Juan saw a beautiful woman who was more beautiful than her, a deep jealousy flashed in her eyes.

Yang Zihuan looked at Bai Magnolia in a daze, and then at Yu Sheng, not knowing why, a sudden anger rose in her heart.

#### **Chapter: 475**

“Who are you?” Yang Zihuan stared at Bai Yulan, questioning in a deep voice.

Magnolia took a look at Yang Zihuan, and immediately guessed what the other person was thinking. She smiled and said, “Hello, Mrs. Yu, my name is Magnolia. There is something wrong with Feng Shui in my house. I’m here to ask Master Yu to help me see Feng Shui. of.”

Magnolia’s dripping performance immediately resolved Yang Zihuan’s suspicion.

Yang Zihuan knew that Yu Sheng had used his identity as a Feng Shui master to bluff and deceive, and Zhang’s family was deceived by him.

Yang Zihuan looked at Magnolia again. She felt that Magnolia must be a wealthy eldest again. Moreover, on the condition of Magnolia, she believed that Magnolia would definitely look down on Yu Sheng, a married man.

Thinking of this, she immediately felt relieved.

The rest of his life is like this, there are few women who will fit him, and the other party also knows that he has a wife and children.

“Miss Bai, Feng Shui techniques are all deceiving. Don’t be fooled by him.” Yang Zihuan felt that it was necessary to remind Bai Yulan. Before the Bai family discovered that she had been cheated, she came to trouble her Yang family. They can’t afford this pot.

Magnolia said with a smile: “Master Yu’s geomantic omen is unparalleled in the world, and we all believe in Master Yu.”

Seeing that Magnolia was deceived by Yu Sheng again, Yang Zihuan gave Yu Sheng a fierce look, and felt a little worried in his heart.

What if the stuffing is revealed someday?

“Hello, Miss Bai, I’m next to Situ Jian, the chairman of New Goose Media, I am glad to meet you.” When the two of them finished talking, Situ Jian smiled and stretched out his hand.

Bai Yulan hesitated for a few seconds, and she reached out her hand and gently shook Situ Jian, “Hello.” Seeing that she had reported her identity, there were no waves in Bai Yulan’s eyes, which made Situ Jian even more curious and felt that Bai Yulan was a unique woman.

But Li Juan said uncomfortably: “Miss Zhe, did you just say that this magic stick can also afford a car here?”

From the dialogue between Yang Zihuan and Bai Yulan, she already knew that Yu Sheng was still a magic stick, and she despised him even more. She felt sorry for the audience if she didn’t step on his feet.

“Well, what’s the matter?” Magnolia asked.

Li Juan didn’t reply to Magnolia, but she looked at Yu Sheng and smiled: “What car are you going to buy? The cars here start at one million. Even if you can cheat, you can’t cheat one million.”

Situ Jian also wanted to step on Yu Sheng’s foot in front of the goddess, and laughed: “Yu Sheng, your mind like a door-to-door son-in-law, as we all know, you just want to eat soft rice with a little face, and then know that Zihuan is coming to the car exhibition center. , You chased it quietly, and then wanted Zihuan to buy you a better car, right?”

Yang Zihuan frowned, Situ Jian’s tight, unreasonable posture made her a little unhappy, and she couldn’t help but say: “Jian, he doesn’t need me to buy him a car for the rest of his life. In fact, my car was given to me for the rest of my life.”

Although she wanted to make Situ Jian and Yu Sheng's shame agitated, she made Yu angry, and went back to divide the family property.

But seeing her husband being repeatedly humiliated in front of others, she couldn't make it through. Situ Jian's expression was stunned, and he was a little surprised to think that Yu Sheng's hanging silk could also afford a car to send Yang Zihuan.

Li Juan next to him smiled disdainfully and said: "You are the one who can give you a car for your wife?" After she finished speaking, she turned her head to look at Yang Zihuan and asked: "Mr. Yang, what kind of car your wife gave you? It's not a QQ, right?"

Yang Zihuan shook his head and said, "No, it's rs7."

"What? Two million or so rs7?"

At this time, even Situ Jian was not calm.

"Mr. Yang, you are really joking. Your husband is just a driver. He sells kidneys and doesn't want rs7 to give you away." Li Juan said sarcastically.

Yang Zihuan shook his head and said, "No, their boss gave him the car, and then he drove me away."

"It turns out that it's a second-hand car that others don't want, so it makes sense." Li Juan smiled.

Situ Jian also nodded, saying that, then the explanation would make sense, how could it be possible to buy a luxury car worth about two million if a driver was left in his life.

Thinking about this, Situ Jian looked at Yu Sheng and smiled: "Yu Sheng, you said before that you came to see the world, so I will open my eyes today."

There was a flash of playfulness at the corner of Yu Sheng's mouth, pointing to Bugatti on the high platform, and said: "Really, then you mean, can you buy this car today?"

#### **Chapter: 476**

Situ Jian smiled provocatively: "Don't irritate me. I can't help telling you that, except for this one that was bought in advance, I can't buy any other cars on display here. As long as you say, I will If you buy it, you have to buy it as a gift to your wife."

After losing the rest of his life, he turned around and said to Yang Zihuan: "Zihuan, I attach great importance to our cooperation this time. In order to express my city intentions, in this auto show, except for the middle car, you can pick one of the others. It's time to replace your second-hand car. If you like the rs series, then I'll buy you a rs8. The top pair is only two million. It has strong power and is very suitable for you. ."

Although Situ Jian didn't intend to win Yang Zihuan, he had to learn about the chairman of the Sihai Group through Yang Zihuan, so he felt that it was worth it to spend a few million.

"Mr. Yang, this is what our Sword General has for you. You must not refuse." Knowing Situ Jian's purpose, Li Juan hurriedly persuaded Yang Zihuan to come.

In fact, she came up with this idea, Situ Jian thought it was okay, and then implemented it.

Yang Zihuan shook his head and refused: "Chief Jian, I'm really sorry, your gift is too expensive, I can't ask for it."

"It's only two million. This little money is nothing to me. As long as you like Zihuan, I will buy the full amount and give it to you now." Situ Jian said very pretentiously.

In fact, he does not care about these two million.

Yu Sheng looked at Situ Jian, forcing him to give his wife a luxury car in front of him. Is this completely ignoring himself?

He snorted coldly and said, "My wife has a car, so you don't need to deliver it, and even if you want to

deliver it, it won't be your turn to deliver it."

Situ Jian said with disdain: "Yu Sheng, it's not that Ben Shao despises you. You can't afford to give away any car here."

Li Juan also laughed and said, "Some people only deliver a second-hand car. Whatever you see, I said it's your kind of hanging silk!"

Yu Sheng looked away from Li Juan, looked at Situ Jian, pointed to the Bugatti who was off the stage, and sneered: "How about giving this Bugatti that you can't afford?"

"Yu Sheng, I really don't want to understand, you are a door-to-door son-in-law, even if you don't eat soft meals and come out to work, you are nothing more than a driver. What are you pretending to be in front of me?"

Situ was amused by Yu Sheng, and smiled: "Do you know how much this car costs? A full forty million! Do you know what it means?"

"Even if you have a salary of 100,000 yuan a month, and save money without eating or drinking, how many years will you have to save before you can save 40 million?"

Situ Jian was amused by Yu Sheng. It was the first time he heard a police driver dared to say in front of him that he wanted to buy a 40 million luxury car as a gift.

He wasn't angry, but he just thought it was funny.

"Mr. Yang, your husband is a bit funny, do you think it's reliable to buy a luxury car worth 40 million for you?" Li Juan laughed.

Yang Zihuan's face was very ugly, and he didn't expect Yu Sheng to pretend to be forceful in front of her again.

If the rest of her life went back to divide the family property and pretended to be such a sex, she would still understand.

For the rest of his life, he didn't go back to divide the family property, and only got 20,000 yuan a month's salary, so he dared to pretend to be forced in front of Situ Jian.

"Funny? I think you guys are here to be funny, right?" Yu Sheng looked at Li Juan disdainfully and said.

"For the rest of your life, do you dare to pretend?"

Situ Jianqi smiled and said: "It's not that Ben Shao despises you, let alone buying this car, I'm sure you are not even qualified to touch it."

A hint of playfulness flashed in Yu Sheng's eyes, and he jokingly said: "I am not qualified, but do you think you are qualified to touch it? If you don't believe it, try it?"

"Grass, Yu Sheng, you fucking irritated Ben Shao completely, you dare to say that Ben Shao doesn't even have the qualifications to touch him. You will open your eyes to Lao Tzu now, let Lao Tzu touch it to you!"

After that, Situ Jian stepped towards the crowd.

## **Chapter: 477**

For the rest of his life, his expression was somewhat playful.

Bai Yulan gave him this car, but she spent a lot of money to ask the security guard to take care of it, just to make sure that no one else would touch this car until Ye Yusheng got started.

If Situ Jian really touched the car today, it means that Magnolia is not reliable.

But just now, Magnolia was very indifferent to Situ Jian, and she didn't show him any good looks, indicating that Magnolia didn't have Situ Jian in her eyes.

So Yu Sheng looked at Magnolia, who also looked at Yu Sheng, and nodded to Yu Sheng, indicating that

there was a problem, and she had arranged it.

Seeing the expression in Magnolia's eyes, Yu Sheng's heart became even more speculative.

Situ Jian walked over at this time, stretched out his hand to remove the crowd in front of the car, then went to the security guard, and said: "Several people, I am Situ Jian, the chairman of New Goose Media. This exhibition center is owned by a friend of mine. Industry, can I go in and admire this Bugatti up close?"

"No!" One of the security guards who worked as a security guard after retiring from the army shook his head very resolutely at this time: "Our leader has an order, except for the owner of the car, no one is allowed to approach, let alone touch it with your hands!"

These security guards don't even know what New Goose Media is. Don't say New Goose Media still has a reputation in Qiancheng.

Even if they have already made a name for themselves, these security guards may not know.

Situ Jian's complexion was a little uncontrollable, he looked at the security guard fiercely, and cursed directly in his heart: Damn, it's really shameless to face, not even the old face!

Damn it!

If you can't touch this Bugatti today, you will definitely be laughed at by Yu Sheng's stinky silk, and you will be farewell to him at best.

No, no matter what you say, I must touch this car too, so I can't lose my face!

"Brother, I am also a car lover. Give me convenience. How about I give you 10,000 yuan?" Situ Jian suppressed the anger in his heart and said.

The security guard glanced at Situ Jian and did not speak.

"Twenty thousand."

"fifty thousand!"

"One hundred thousand!"

After all, the security guard is a veteran with an upright personality, so he sternly refused: "This gentleman, I will tell you again. If you are not the owner of the car, even if you give me one million and ten million, I will never allow you to come near here. Half a step in a car!"

When Situ Jian was so rejected by others, and he was still a security guard, he immediately gritted his teeth and threatened: "This exhibition center belongs to a friend of mine. You, a security guard, dare to confront me, believe it or not. As soon as I call, your boss will fire it!"

The security guard glanced at Situ Jian and smiled, and said, "I'm sorry, I'm the security guard of Zhenyunyun Banknote Company, not the security guard of Qiancheng Convention and Exhibition Center. Even if you are the boss here, you can't control Laozi."

"My grass!"

Situ Jian was so angry that he was extremely angry: "You're fucking shameless!"

Having said that, Situ Jian immediately shouted angrily: "Believe it or not, I will let you get out of here now?"

The security guard glanced at Situ Jian and said blankly: "We have signed a cooperation contract with the venue, and this place is rented by our company, so you have no right to let me out. Moreover, my job is to protect the safety of this car. , If you have any other opinions, you can go to us for dissent."

When Yu Sheng saw this, he felt a lot of relief. He walked over and smiled: "Oh, Situ, what's wrong with you? Is it because people don't let you stupid guys touch the car? Hey, don't let you touch the car. It's really shameful to let you rush!"

**Chapter: 478**

The four words "Situ Xianzhong" Yu Sheng deliberately increased the volume, and everyone immediately heard the meaning of Yu Sheng's words scolding Situ Jian as a low-level species, and smiles appeared on their faces.

The Magnolia next to her couldn't help but laugh.

"You're a fucking bastard!" Situ Jian glared at Yu Sheng, then glanced at Yang Zihuan again, blushing like a monkey buttocks.

He just said arrogantly, saying that he wanted to touch Bugatti, but it was easy.

But now this stupid guy really didn't give himself any face with this hair, and even gave him Yang Hui who let him touch the two cars, it was shameless!

Li Juan watched Situ Jianguo's repeated frustrations, and couldn't help but help him recover for the rest of his life: "You stinky silk, what can you do with our swords? What do you have to do in front of our swordsman? What? Believe it or not, I'll let the security guard drive you out?"

Yu Sheng smiled and said: "Yeah, you are right, it's just a stubborn species. What am I to dazzle in front of him? Doesn't this lose my identity?"

"You!" Li Juan was speechless by Yu Sheng, and she did not dare to take Yu Sheng's words.

"Yu Sheng, you fucking believe me or not, you can get it together!" Yu Sheng repeatedly said that he was a cheap species, and Situ Jian was furious, vomiting blood in anger.

If he hadn't used Yang Zihuan, he would have slapped Yu Sheng!

At this moment, a reporter said to Situ Jian: "This friend, if you don't let you touch it, please don't mess around with it, because our photos are all affected by you!"

Others also echoed: "That's right, can you touch such an expensive car? Just look at it, why do you have to touch it? Anyway, it's not yours. What's the use of touching it?"

"I guess I want to take photos and post to Moments. I see a lot of this kind of vanity-loving sex!"

"Oh, the world is really going down, and people's hearts are floating in the shower!"

Smelly\*\* silk!

Situ Jian was accused by everyone, and even scolded as a stinky silk, his whole face became extremely ugly, and he almost squirted out a mouthful of old blood.

But this made him feel like a demon, and even wanted to touch Bugatti to slap everyone in the face. If he can't go over and touch the car, he won't be ashamed of his entire face!

Thinking of this, Situ Jian had a dark face and said to the security guard: "I will give you thirty seconds. If you dare to block me, I will let you move out even the car and people!"

At this time, a manager dressed in a suit heard the quarrel here and hurried over.

Behind him, followed by a group of sturdy men dressed as Baobo, one by one with stubborn aura, all stubble.

"What happened? Who is making trouble here?"

Seeing this, Situ Jian said arrogantly: "Are you the person in charge here?"

"Yes, I'm the person in charge here, Liu Ping, what's the matter?" said the man pretending to be western clothes.

Situ Jian said coldly: "Your subordinates are too good at doing things. I want to go up and take a closer look at the Bugatti. He didn't let me go up and down. What do you mean? Do you look down on me?"

Liu Ping smiled and said, "Sorry, this car has been bought now. This car is too expensive, 40 million yuan. We have already explained it. Before the owner of the car mentioned it, we It will never be touched by other people."

Situ Leng frowned and asked, "Then you mean you don't give me Situ Jian face?"

“Excuse me.”

Liu Ping said earnestly: “Nobody can give you this face, let alone you, even if it is the king of heaven who comes, as long as he is not the owner of the car, he will definitely touch this car!”

Situ Jian almost exploded his lungs. In the presence of so many people, especially the two peerless beauties, Yang Zihuan and Bai Yulan, he said, the other party just didn’t give him face.

Do you want him to mix it up!

“Very well, since you don’t give Lao Tzu face, then don’t blame Lao Tzu for being rude, I hope you can still be so mad in a while!”

Situ Jian said, so he called his friend and asked his friend to handle the matter.

## **Chapter: 479**

“Don’t you feel embarrassed to find someone, the chairman of New Goose Media,” Yu Sheng laughed directly when Situ Jian had to call the boss of the Auto Show Center.

“Yu Sheng, you fucking wait for Lao Tzu, you fucking made Lao Tzu embarrassed, Lao Tzu will never let you go!” Situ Jian stared at Yu Sheng fiercely, but the phone he took out did not reveal the number. .

Yes, I am the chairman of New Goose Media. I have to ask others to help me with this little thing, so how come I get involved in the circle in the future?

“Really? Situ, you want to fight me? Or find someone to beat me?” Yu Sheng laughed defiantly.

Situ Jian is a gentleman, and he certainly wouldn’t do things like fights, especially in front of the goddess.

Besides, he himself has a few kilograms and a few taels, and he also knows very well that fights and other things are of course bodyguards.

“You fucking wait for me!” Situ Jian coldly snorted.

Yu Sheng laughed jokingly: “I’ve been waiting, but I waited for a long time, haven’t you still touched the Bugatti?”

Seeing Yu Sheng ridiculing himself with this matter again, Situ Jian was even more angry and wanted to squirt blood, but the matter was no longer under his control.

He glanced at Liu Ping’s security again, his eyes full of sullen meaning.

Not only does he want to spend the rest of his life, but he also wants to get these insecure security guards!

“What the hell are you shouting? I can’t touch it, can you touch it?” Situ Jian said ironically.

Yu Sheng said disdainfully: “Not only can I touch it, I can drive it away.”

“What the hell are you bragging about, you go and show it to me?” Situ Jian said with disdain.

“What do you say when I drove away?” Yu Sheng raised his eyebrows and asked.

“If you drive away, I will kneel down and call you grandpa!” Situ Jian said without thinking.

Yu Sheng glanced at Situ Jian, then looked at the audience, and said, “My friends, you all heard that. This guy said that as long as I can drive the car away, he will kneel down and call me grandpa, and then everyone remembers to do it for me. A testimony.”

As he spoke, he took out a pack of Fugui and distributed it to everyone.

When everyone saw that it was the most expensive cigarette in Qian Province, they were immediately excited to take it.

The rest of my life can afford hundreds of yuan a pack of good cigarettes. They must be really rich people. In addition, everyone is a master who likes to watch the heat and is not too big. They all nodded and agreed, clamoring that they must be given to the rest of my life. Be a witness.

When Situ Jian saw that Yu Sheng went to pull these ordinary people, a sneer suddenly appeared in his eyes, and he felt that Yu Sheng was a clown, jumping up and down.

“Thank you, thank you, everyone, I will let you watch my Bugatti up close in a while.” Yu Sheng smiled. “Brother, this car really belongs to you? Are you bragging?” a middle-aged man in his forties asked in surprise.

Everyone also looked at Yu Sheng curiously. No matter how he looked at the ground, he was not like a person who could afford a four thousand Marriott car.

They all feel that the rest of their lives is joking, or is driving the car owner.

Yu Sheng smiled firmly: “Of course it is mine, you will know later.”

Everyone looked unbelief, but just after the rest of their lives gave them good cigarettes, of course they would not question Yusheng face to face.

For the rest of his life, he looked at Yang Zihuan and smiled slightly: “My wife, go, I will take you to experience the 40 million top sports car, and I will take you for a drive.”

Yang Zihuan grabbed him and said in a low voice, “Yu Sheng, don’t be fooled, okay, this is a top luxury car of 40 million yuan. If you don’t go back and divide the property, you can’t afford it even if you sell your kidneys. ”

“In this world, there are many ways to make money. Why do you want to divide the family property? Let’s go, I will take a drive first.” Yu Sheng laughed.

#### **Chapter: 480**

At this time, Situ Jian sneered and said: “Yu Sheng, what do you put on Lao Tzu? The 40 million Bugatti special edition is limited to 70 cars in the world. There is no market, even if I want to buy it, I can’t buy it. , Do you still want to go for a drive in this car?”

Yu Sheng shrugged and said with a smile: “You can’t buy it, then you can only say that you are \*\*\* silk, you just wait to kneel down and call me grandpa.”

Situ Jian angrily smiled and said: “Yu Sheng, why do you become more addicted the more you pretend? You don’t take pictures of yourself with soaking urine, you are a feather, what right do you have to pretend to be in front of me?”

Li Juan also sarcastically said: “Mr. Yang, you are embarrassing you for marrying such a boastful and non-draft pornographic silk.”

Yang Zihuan was also a little helpless, Yu Sheng obviously had the capital to pretend to be forced, but he just didn’t want it, and had to be able to pretend to be forced, which made her more and more disappointed in Yu Sheng, and even some of her expectations were cut off.

“Zi Huan, if you make your husband humiliate President Jian in this way, do you think the cooperation between our two companies is still necessary?” Li Juan threatened faintly.

Although she is only Situ Jian’s secretary, she knows Situ Jian best.

If it weren’t for Yang Zihuan’s feelings that he was considering, he would have damaged his own reputation.

When Yang Zihuan heard this, his face suddenly fell, and his heart was extremely disappointed with Yu Sheng.

She must not let Yu Sheng break her cooperation with New Goose Media.

“Zi Huan, really don’t want to go for a drive?” At this moment, Yu Sheng asked Yang Zihuan again.

“Do you have enough coaxing? Go back if you coax enough, don’t be embarrassed here, let me beg you, okay!” Yang Zihuan really felt ashamed of this face, and was shameless by the rest of his life. Being

arrogant is quite annoying.

She was here to talk about cooperation with Situ Jian, if Yu Sheng was ruined by her, she would have the thought of killing Yu Sheng.

Yu Sheng was startled, and then the smile on his face froze.

He really didn't think that Yang Zihuan would get angry with him in public, and scan his face in public.

He glanced at Yang Zihuan, took out the wearable bracelet key from his pocket, and pressed it against Bugatti on the booth.

Immediately afterwards, the car lights like shark eyes lit up instantly!

The LCD screen and ambient light in the cab also light up at the same time.

Bugatti's iconic pair of scissor doors rose up automatically!

This.....

Is this really his car?

Who is he?

Why can you afford this top 40 million sports car?

In the shocked eyes of everyone, Yu Sheng shook the security guard Liu Ping with the key of the bracelet, and said lightly: "I am the owner of this car, don't you have a problem?"

Liu Ping glanced at the opened car doors and lights, and then at the key to the bracelet in Yu Sheng's hand. He was stunned.

Seriously, he really couldn't believe that the owner of this Bugatti was such a young and unremarkable person.

However, he suddenly thought of his leader's instruction yesterday, and suddenly he snorted.

Hold the grass!

Is this humble young man the genius doctor Yu who saved the old man Bai?

Yes, didn't his wife call him the rest of his life? It should be true.

Guessing the identity of Yu Sheng, Liu Ping hurriedly bowed to Yu Sheng and humbly said: "Hello, Dr. Yu, now Liu Ping, I have seen Dr. Yu!"

In fact, if he had known Magnolia, he would have known Yu Sheng's identity a long time ago.

It's a pity that they are just small people, and they are not even qualified to know a big boss at the level of Magnolia.

After saluting Yu Sheng, Liu Ping raised his head and said respectfully: "Doctor Yu, your Bugatti is ready, and you can drive at any time. Of course, if you lack a driver, we can do it for you."

He said with a look of expectation on his face.
