Chapter: 531

Seeing Yang Yinzhu vomiting and vomiting a mouthful of bile, Yu Sheng suddenly thought, "Is it a bit too much for me to treat a woman?"

But when he thought about it carefully, he felt that he was not too much.

This Yang Yinzhu, speaking of it, was even more cruel in his heart than Yang Jian.

Moreover, she took the initiative to raise the matter about Yang Zihuan this time, and she convinced Yang Jian and the old lady to convince the old lady that they finally believed that Yang Zihuan used his rights to use the company's money.

And this woman also likes to kill people and punish the heart, which is quite cruel.

Take today as an example. She didn't provoke her at all, and she wanted to let people maimed herself. Her heart was really not ordinary.

For a woman with a heart-wrenching heart, he really had no need to forgive her lightly.

However, Magnolia did have some sympathy for Yang Yinzhu, but she did not say anything.

There is no plan to intercede for Yang Yinzhu.

Because in her heart, she believed in Master Yu, and believed that Master Yu dealt with Yang Yinzhu in this way, it must be Yang Yinzhu that was too much.

"Master Yu, should we go first?" The smell in these was a little weird, and Magnolia couldn't stand it.

Yu Sheng nodded, turned and walked outside.

But Magnolia said to Li Furen: "Uncle Li, I'll leave it to you here. You must do what Master Yu said, otherwise don't blame me for being rude to you."

Li Furen hurriedly nodded, how dare he violate Yu Sheng's meaning in his heart.

Give him ten courage, he didn't dare to let Yang Jian brother and sister privately.

Watching Yu Sheng and Magnolia leave, the Yang Jian brothers and sisters were afraid that they would lick the toilet on the third floor because they were too slow, so they could only lick them harder.

When the siblings finished licking the five urinals each, their tongues were numb.

Fortunately, their tongues were numb behind, otherwise they would never have finished licking five urinals so quickly.

However, the smell of urine in their mouths is really strong, as if they had been pickled in urine, the smell was unbearable.

The mouths of the two of them were inaudible, not only that, but the whole body was filled with a disgusting smell.

After the licking, after getting Li Furen's consent, the two rushed to the tap of the water pipe and rinsed their mouths presumptuously.

After rinsing for ten minutes, both of them were splashed with water before stopping.

But even so, there was still a thick pee on their bodies and in their mouths.

Yang Yinzhu washed for a long time, and there was no effect. He collapsed under the faucet and burst into tears.

Especially thinking that Hu Hai had to divorce her before, she felt even more desperate.

She has always looked down on Yu Sheng and Yang Zihuan because she married a good husband, and Yang Zihuan can only marry a trash. This is why she has been feeling fulfilled in front of Yang Zihuan over the years.

If Hu Haizhen divorces her, she doesn't know what to do?

Will you be laughed at after meeting Yang Zihuan in the future?

These are unacceptable to her.

“Let’s go.” Yang Jian glanced at Yang Yinzhu, then walked outside.

To be honest, he was also very upset with Yang Yinzhu today.

If it wasn’t for Yang Yinzhu to deal with Yang Zihuan, how could he be so humiliated by Yu Sheng?

The most hateful thing was that he suddenly discovered that the Bai family respected Yu Sheng so much.

Although he hated Yu Sheng, he didn’t know how to avenge him.

Or, he actually had no intention of revenge in his heart.

Because he found that he didn’t dare to take revenge at all!

Yang Yinzhu hated Yu Sheng to the extreme. She couldn’t swallow this breath in her heart. If Hu Hai really divorced her, she would even have the heart to kill Yu Sheng and would never let the rest of her life go easily.

When the siblings walked out of the Ginza clubhouse, they immediately saw that Hu Hai was already there waiting for them.

“Husband, woo woo woo...”

As soon as he saw Hu Hai, Yang Yinzhu ran up to cry, with a look of grief on his face.

Hu Hai looked disgusted and said: “You stay away from me, your mouth is too stinky, and, after today, I will have nothing to do with you. Let’s get a divorce now.”

As soon as he finished speaking, Yang Yinzhu looked desperate, his legs softened, and he sat down paralyzed.

Chapter: 532

“Plus, is there any WeChat account for her?” Zhu Kai, the chairman of the Association’s office, looked at a young man in front of him and asked.

The Vertical and Horizontal Guild is one of the largest guilds behind the scenes of several major live broadcast platforms. They are mainly responsible for signing contracts with well-known anchors on major platforms, and then raising the ranks from that.

Of course, they also have to cooperate with the platform, often inviting the leaders of the platform to eat and give gifts.

In short, as long as it is the anchor they signed to do things according to their instructions, they will apply to the platform for recommendation, so that the anchor’s live room will appear on the homepage recommendation position, so that the anchor can quickly increase its popularity.

The more the anchor earns, the more they draw.

So as long as they find a host with good potential, these guilds must try their best to sign them, and even if some don’t want to sign, they have to use their hands and feet.

“I added it, but she won’t get me back,” the young man said.

“Then talk to her after she downloads it. This anchor is definitely at the level of Liu Qianshuang. Liu Qianshuang was launched on the platform. We can’t find her to sign, but this female anchor named Huan Sheng Liao Yu, We must take her down, the future is definitely our cash cow!” President Zhu Kai said confidently.

The laughter is only Yang Zihuan’s screen name, and it is also the name of her live broadcast studio.

Today Yu Sheng gave her a gift of two hundred dollars at a time, and she immediately made her famous on the volcano live broadcast platform.

It also made her live broadcast room appear smoothly in the top 20 on the homepage. For a newcomer

who was live broadcast on the first day, it was like a pie from the sky, dying of happiness, and an object of envy for countless anchors.

Of course, it also succeeded in attracting the guild's attention.

Regardless of Yang Zihuan's appearance, or her skills in drinking songs and interacting with fans, the guild management saw the huge potential and decided to dig her over.

"Okay. However, on the first day she started broadcasting, there were big guys who covered her. I was afraid that she was also savvy, so she wouldn't sign a contract with us at the time," said the young man. Zhu Kai pondered for a moment, and said: "You first have a chat with that laughter, I will first go find someone to check the information of that Mu Mu, and see if he has anything to do with this anchor." The young man shook his head and said, "I don't think it's likely to be relevant, because he quickly went to Liu Qianshuang's place to spend 2 million after he gave the presents to Joy and Laughter, and it was not like the marketing account of the platform, because of this. Tong Mu is also a new number, and it is likely that he was attracted by the beauty of these two female anchors, so he wanted to play the idea of these two female anchors."

Chairman Zhu Kai nodded and said: "That's what I said, like some coal bosses or upstarts, they like to spend a lot of money, and the women laugh. Then let's leave him alone and try our best to win laughter and laughter. These days No matter what method is used, we must let her sign a contract with our guild."

"Okay, I'll have a good chat with her in a while." The young man nodded.

In the evening, after Yang Zihuan broadcasted it, he told Gao Qing of today's income. When Gao Qing heard that Yang Zihuan was earning more than one million yuan a day, he was so excited.

Of course, after tax is deducted, only a few hundred thousand are actually in Yang Zihuan's account.

But subconsciously, Gao Qing didn't even think of personal income tax.

In her consciousness, it is divided into five to five from the platform, and two million can also get one million.

"Zi Huan, who is the other party, you must seize the opportunity, this is your big customer, a super fan!" Gao Qing said excitedly.

Yang Zihuan nodded, and soon his expression dimmed again.

Thinking that Mr. Mu had nothing left, she went to Liu Qianshuang's live broadcast room, and then gave Liu Qianshuang a gift of two million. She suddenly felt a little bad.

She also watched Liu Qianshuang's live broadcast. In her live broadcast room, after knowing that Liu Qianshuang was the hostess of a large-scale entertainment show of Cosmic Girls, she felt that she could not surpass Liu Qianshuang in any aspect.

The thought of Mr. Mu also giving Liu Qianshuang a gift, her mood was extremely depressed.

As a result, when she came back for the rest of her life, she felt a little unhappy for the rest of her life.

Chapter: 533

After the rest of his life came back, he still cooked dinner as before, and he was also used to cooking and eating by himself.

He didn't even watch Yang Zihuan and Gao Qing.

But he could feel the look the two of them looked at him, it seemed a little unkind.

But he also didn't care about it.

It should be said that he is used to it.

"Hey, if we can make friends with that local tyrant, we don't need to look at his face." Looking at Yu

Sheng's back in the kitchen, Gao Qing said in a low voice.

Although she said in a low voice, she thought she would not be able to hear it for the rest of her life. But she didn't know that Yu was a martial arts master, and the mosquitoes couldn't escape his ears. Of course, Gao Qing's words were all heard by him.

Hearing what Gao Qing said about the local tyrant, Yu Sheng was slightly startled, and then listened carefully.

"Mom, people didn't want me to WeChat, and they didn't even leave WeChat. Moreover, they just gave me a gift and left the live broadcast room. I don't know who the other party is." Yang Zihuan said with some regret.

Hearing this, Yu Sheng immediately understood that the local tyrant they were talking about was himself.

He suddenly felt a little funny in his heart. He was just giving Yang Zihuan a gift of two million. Are the mother and daughter so excited?

Yu Sheng shook his head and walked into the kitchen.

Gao Qing and Yang Zihuan's mother and daughter are all focused on money, and he is also a little speechless.

Especially Yang Zihuan, who had been okay in the past few years, and he still didn't inspire this attribute. Recently, in order to get him to divide the family property, he tried his best, and he also took it.

"Next time he reappears, you will take the initiative to ask for it," Gao Qing said with a trick.

Yang Zihuan shook his head, and said with some embarrassment: "How can this work? How embarrassed."

Gao Qing said with disdain: "What's so embarrassing? I'll tell you that if you want the bastard Yu Sheng to go back to split the family property, you have to put a little pressure on him. It just happens that the local tyrant who is called Qian Mu can be with him. Come closer, let Yu Sheng feel the pressure, and then you let the two of them meet or something. Only if Yu Sheng is humiliated, will he go back to divide the family property and avenge him."

Yang Zihuan was startled slightly, and suddenly felt that his mother's method was also quite good.

If Yu Sheng went back to divide the family property, she wouldn't have to live so hard every day.

She couldn't help but nodded, ready to give the rest of her life a little pressure when she had a chance. Anyway, she believed that even if she tried to make Yu Sheng jealous, Yu Sheng would not say blessings to her.

At this point, she has seen through the rest of her life.

For the rest of his life, he didn't dare to divorce her.

Or do not want to divorce her.

This is her code.

Because it was the first day of the live broadcast, and the number of fans rose to hundreds of thousands of followers, after dinner, Yang Zihuan went to buy a box of Golden Voice and started the live broadcast again.

But she is not going to sing too many songs at night, she is just going to talk to fans about gossip or something.

In fact, she has always wanted to wait for the appearance of the boss Don Mu.

It's a pity that she was broadcast live until 11:30 in the evening, and that big guy didn't show up, which made her quite disappointed.

After saying goodbye to the fans in the end, she was also released.

It's just that there is a feeling of emptiness in my heart.

It's the feeling that something precious doesn't belong to her.

And the big guy she had been waiting for for the rest of her life, after sleeping with her son, she sat alone on the balcony to practice her internal strength.

There is no time to enter the live broadcast room.

Even if he has time, he probably won't enter.

Because he generally doesn't like watching live broadcasts.

Chapter: 534

Yang Zihuan took a bath, and just as he was about to cook a midnight snack, he heard the message on the phone.

It's a WeChat message, someone in her fan group.

Today she added a few fans, but there are too many groups to add, and the WeChat group can only accommodate a few hundred people, so in the end she didn't get it.

Seeing that it was a message sent by a fan, Yang Zihuan picked it up and read it. The message sent by the other party was: hello anchor, I'm from the Horizon Association, our president is very optimistic about your potential, ready to sign you, and then give you big Recommend, let you quickly become the first-class anchor on the platform.

Seeing this message, Yang Zihuan was stunned. She didn't understand the guild at all. After thinking about it, she didn't have the first time to return to the other party, but to check the nature of the guild online.

She sat down and checked for a while, and finally knew what the guild was doing.

To put it bluntly, it is the existence of sucking the blood of their anchors.

Although the other party can recommend you according to the ranking, so that your popularity will greatly increase, and will do everything possible to praise you, but the other party has a rake every month, and some guilds have a higher rake.

This is a bit like a celebrity's agent.

But Yang Zihuan also learned that as long as the guild was signed, personal freedom was restricted.

The guild will also limit her broadcast time, how much time must be broadcast every month, etc., which is not what she wants.

However, she did not directly reject the other party, but instead called Xiao Zixin.

Because she knows that the volcano live broadcast platform is owned by the Four Seas Group, and Xiao Zixin is also her best classmate in high school.

"Zixin, you don't have any sleep after you sleep." Yang Zihuan asked with a smile as soon as the phone was connected.

"No, what about you? Nothing will happen to me so late, right?" Xiao Zixin asked curiously.

"Haha, I really want to ask you something. It's like this. I opened a live broadcast room on the Volcano platform. I still don't have a contract with the platform. I am not the anchor of the platform. What is the share of my gift? "Yang Zihuan suddenly thought that she still didn't pay attention to this issue. At first, she thought that there would be no popularity, and no one would give her gifts, so she didn't care about it.

However, she received more than two million yuan in gifts today alone, so I really need to ask.

Xiao Zixin thought for a while and said, "Before signing the contract, it was divided into three to seven, platform seven, and anchor three. After signing the contract, it depends on what contract you signed.

There are five to five points, six to four points, and three to seven points, of course. This three-seventh is anchor seven, and the platform three is also the highest sharing model of the platform, which is only signed for big anchors.”

“Ah? So, the gift I received today can only be made up of 30%?” Yang Zihuan was shocked, feeling very upset in his heart.

More than two million, she can only get 30%, which is too little.

Xiao Zixin felt the upset in Yang Zihuan’s heart, thought about it, and said, “But you received a lot of gifts today. I will ask General Manager Wu over there tomorrow, and try to get him to give you five, five or six to four. Bar.”

Xiao Zixin, General Manager Wu of the Volcano Platform, knew him. She believed that as long as she told the other party that Yang Zihuan was the business of Yu Sheng’s wife, the other party would definitely not dare to get a share.

But she also knew that this would definitely arouse Yang Zihuan’s suspicion, so she was going to ask General Manager Wu to give Yang Zihuan 37.

“Zixin, thank you so much. When I receive the money, I will invite you to dinner.” Yang Zihuan said excitedly.

Xiao Zixin smiled and said, “Okay.”

Yang Zihuan said again: “By the way, Zixin, I have one more thing to ask you, that is the vertical and horizontal guild. They found me and said they wanted me to join their guild. What do they recommend to me? Do you think it is reliable? ?”

Xiao Zixin shook his head and said: “For ordinary people, it is better to join the guild. After all, they will teach you how to broadcast live and arrange recommendations for you. You can also help you sponsor advertisements when you are famous, but they will also get a commission. . But in terms of your popularity today, I really feel that you do not need to join the guild, your own popularity is not low, the platform will definitely recommend you, because they also know that you have the potential, they will push you.”

“Okay, I get it, thank you Zixin, then I won’t bother you.” Yang Zihuan said and hung up the phone.

Chapter: 535

Since he couldn’t join the guild, Yang Zihuan didn’t care about it anymore.

But the next day, before she started broadcasting, the other party came to her again, and she had to refuse.

She thought that this was the end of the matter, she didn’t even think that the other party would threaten her, and that Yang Yan wanted her to be unable to hang on the platform, and even more so that she would be blocked in the entire live broadcast industry!

Yang Zihuan didn’t understand this business, and suddenly became a little panicked, especially watching the water soldiers black her in the live broadcast room, and suddenly made her a little scared.

There were hundreds of thousands of people in his live broadcast room, all of which were brought by the two million gifts from Dong Mu yesterday. These people were just curious to come over and take a look. They were surprised by Yang Zihuan’s appearance, and then many people were surprised. Yang Zihuan became a decisive fan.

There were too many fans in the live broadcast room. After Yang Zihuan broadcasted it for a while, he said he would sign a contract with the platform and become a contract anchor.

After the broadcast, Yang Zihuan and Xiao Zixin made a phone call, and then went to the headquarters

of the Volcano Platform.

Xiao Zixin personally called General Manager Wu and said that Yang Zihuan was Yu Sheng's wife and asked him to open the best sharing contract for Yang Zihuan 37.

When Manager Wu heard that he was Yu Dong's wife, he didn't dare to neglect at all. If Xiao Zixin didn't let him reveal Yu Sheng's identity, he would personally meet Yang Zihuan.

When Yang Zihuan came to the Volcano Company, she was immediately received an unprecedented warm reception, which made her a little puzzled.

However, thinking that she is somewhat famous now, the other party should have seen her own potential and was so polite and enthusiastic towards her, and then she was still a little excited.

When signing the contract, the other party promised to give her the best sharing contract and pushed her a lot, which made her even more excited.

After signing the contract, Yang Zihuan went back and started live broadcasting again.

But as soon as she went online, there were sunspots and then black her, which made her depressed.

She promoted several people who had given her gifts to managers and asked them to give her titles.

But the number of the other party seemed to be out of order, and it was always unfinished.

Yang Zihuan knew that this was the navy that had been invited by the Zonghui Guild, but she had no way of doing it, so she had to pretend that she couldn't see it or didn't look at the barrage.

Just when several managements were bothered by the navy, I suddenly saw a familiar id entering the live broadcast room.

Yu Sheng gave two million gifts yesterday. His account is not only the emperor of Zhiyang Zihuan and Liu Qianshuang's live broadcast, but also the platform's supreme VIP account. So when he goes online, the platform will prompt him to enter here. When there are two live broadcast rooms, the live broadcast room will also pop up the announcement, which is very domineering and very prestigious.

"Brother Tong Mu, you are finally here. We Huanhuan has been bullied by others. Today, there are naval forces in the dark for us Huanhuan."

As soon as Yu Sheng came in, he saw a message sent to him by a live room manager.

He was startled, typing and asking: "What's the situation? Who bullied the anchor?"

Seeing Yu Sheng's barrage, Yang Zihuan turned into the microphone and said aggrievedly: "It's the aspect association, they want me to join their guild, and if I don't, they keep looking for people to hack me, making me feel uneasy. Live broadcast, Big Brother Tong Mu, you have so much energy, can you help me?"

Seeing Yang Zihuan's aggrieved expression, Yu Sheng was still a little angry. A guild on a live broadcast platform dare to bully his wife. Isn't this looking for death?

He searched for words again and said: "Long and horizontal Guild, right? You can see it clearly. If I hear your actions against the anchor again, don't blame me for being rude to you!"

Then he asked the manager of the live broadcast room to put his message on top and make it more precise, so that the people in the vertical and horizontal guild must see it.

In fact, when he sent this message, the people of the Komu Guild had already seen it.

They are also watching Yang Zihuan's live broadcast room, just waiting for Yang Zihuan to sign a contract with them.

Seeing this message, the people of the Vertical and Horizontal Guild immediately told their chairman Zhu Kai.

Chapter: 536

“Fuck, who is this Wu Mu, give me a good look at him, and dare to threaten Lao Tzu, hey!” Zhu Kai was furious when he saw Yu Sheng’s message.

But he still didn’t lose his mind. Yu Sheng bought four million gifts yesterday. This is a big brother, at least a nouveau riche.

He also hopes that the other party is a nouveau riche, or he really has no idea.

“President, should we also target the anchor?” a young man asked.

Just when Zhu Kai hesitated, suddenly another young man walked into his office.

“Brother Kai, I found the home address of the laughter, right there...” the young man said.

Zhu Kai’s eyes lit up and said, “Okay, you take a few people to squat under her house. As long as she comes, you will catch her for me. Damn, when we force her to sign the contract first, I’m afraid of that person. Mugan**.”

“Okay, I’m going now.” The young man nodded, and with a look of excitement, he withdrew.

Immediately, he called a few bastards and went to stay in the community downstairs of Yang Zihuan’s house.

At this time, in Yang Zihuan’s live broadcast room, after listening to Yang Zihuan’s drink of a song, he charged 500,000 for the rest of his life and gave Yang Zihuan two hundred and fifty super fires, which made the whole broadcast room boil again. , Yang Zihuan was even more excited to ask for Yu Sheng’s WeChat account, but Yu Sheng didn’t give it to her. Instead, after swiping the gift, he looked at the compliments of everyone in the live broadcast room, and then quit.

This made Yang Zihuan quite disappointed. He didn’t think she would ask for WeChat from the boss, but they would not give it to her.

This was a big blow to her.

Fortunately, the fans didn’t even notice, and they didn’t even notice that Yu Sheng gave it to him. No one talked about this topic.

Fans from Liu Qianshuang’s side, seeing Mr. Don Mu left Yang Zihuan’s live broadcast room, thought that Mrs. Liu would come to their goddess’ live broadcast room to brush gifts.

So they waited for a long time, but they didn’t see the boss coming in, and they were a little disappointed in their hearts.

Liu Qianshuang is also, in fact, she also hopes that Mr. Don Mu can pay more attention to herself.

But the boss did not come, which made her feel a little disappointed.

After all, she also hopes to be paid attention to by more people.

Of course Yu Sheng didn’t know the mood of the two of them. The next day, he took Xiao Shui to school, and suddenly a few gangsters stopped in front of them.

Xiao Shui was a little scared, grabbing Yu Sheng’s clothes corner, and standing tightly beside Yu Sheng. Yu Sheng glanced at a few people, and one of the young people said in a cold voice: “Call your wife down, otherwise we will be cruel!”

Yu Sheng’s face sank, and he said coldly: “Who are you?”

He really couldn’t understand who Yang Zihuan had offended. Someone came to the door.

The young man said coldly: “To tell you the truth, we are the Freedom Association and the largest guild in the live broadcast industry. The president of our guild is very optimistic about your wife. As long as she signs a contract with our guild, we can not only teach her how to live broadcast, but also do our best. Pack her and make her the number one internet celebrity.”

It turned out to be from the Vertical and Horizontal Guild.

Yu Sheng sneered in his heart. He thought he had warned the Cross-Horizons Guild yesterday, and the

other party would constrain a little.

Unexpectedly, it turned out to be Gali, and he hit the door. It's worth it!

"What if we don't sign a contract with your guild?" Yu Sheng said lightly.

"Not signing?"

The young man sneered: "If you don't sign a contract, let your wife not want to mix in the live broadcast!"

"Really, then I have to see how you can prevent my wife from messing around in this business."

Yu Sheng sneered, took out the phone and called Du Fei.

"Check me the live broadcast platform Zonghenggui. You go directly to the Volcano branch and find their general manager. He should know where the Zonghenggui is. After finding them, he will interrupt the legs of their chairman and all managers!"

After he finished speaking, he hung up the phone, and then looked at each other coldly.

Chapter: 537

"Fuck me, you fucking son-in-law, you dare to threaten Lao Tzu's guilds, you count as a fuck?" The young man immediately shouted in disdain when he heard the call from Yu Sheng.

Yu Sheng raised his hand and slapped it on the face. The young man was shocked, thinking that Yu Sheng alone would dare to do it. There are five of them. Does he want to die?

But he still didn't come back to his senses, and for the rest of his life he raised his foot with a kick.

哐! 哐!

For the rest of his life, he kicked the front of the young man's calf bone and directly broke his calf bone.

The young man screamed and fell down.

"I'm silly, kill him!"

Seeing this, the other four gangsters shouted angrily and rushed for the rest of their lives.

Yu Sheng blocked Xiao Shui behind him, waited for the four to get close, and knocked them to the ground.

He also didn't have a back hand, and directly kicked off the four of the leg bones.

Only by breaking their leg bones and making them lose their mobility, they have no time to trouble Yang Zihuan.

Seeing the five people lying on the ground humming, Yu Sheng gave a cold snort, originally didn't want to drive the supercar, but after thinking about it, he took out the key to the supercar Bugatti and walked over.

Several gangsters looked at Yu Sheng's 40 million Bugatti, their eyes widened, and they couldn't believe it.

"Brother Tiger, isn't this the son-in-law coming to the door? He actually drove a 40 million Bugatti?" A bastard said, resisting the pain in his leg.

All the young people were shocked, and their expressions became quite ugly.

There was even a wave of fear slowly rising to the corner of his eyes.

Seeing Bugatti driving out of the community, the young man said in a deep voice, "It seems that we have provoke a behemoth!"

"Yeah, he can drive tens of millions of luxury cars, how could he be just a door-to-door son-in-law? And, he drives such a good car, how can he let his wife go live broadcast casually? It must be his wife who likes live broadcast, and then let her Go, that Mu Mu must be him!" said a bastard.

The young man nodded, and then his face suddenly changed. He hurriedly took out his mobile phone

and found out their president's number and called.

Soon the call was connected, and the youth trembled: "Chairman, we have provoked a behemoth. That Mu should be Yang Zihuan's husband. He drove our only Bugatti in Qiancheng, which sold for four thousand at the auto show some time ago. Wan's car, by the way, he even asked people to trouble you, so be careful!"

"What? Then Mu is Yang Zihuan's husband. How could this be possible?" Zhu Kai couldn't believe it. If he was Yang Zihuan's husband, such a rich person, would he let his wife come out for live broadcast? Zhu Kai felt a little weird.

"It should be. How else can he drive such a good car? Also, he fights very hard. He broke his leg bones for all five of us. President, you should send us to the hospital." The young man said.

"I'm grass, wait a minute, I'll call someone over." Zhu Kai said and hung up the phone.

He was still thinking about whether this matter would be as serious as the brothers below said.

Was that Mu, really Yang Zihuan's husband?

Is he really the owner of that Bugatti?

Zhu Kai was very confused, but still arranged for someone to send the youth and others to the hospital. It didn't take long before his phone rang. It was his backer in the Volcano Company.

"Zhu Kai, someone asked our general manager for your address, maybe someone wants to deal with you, be careful." As soon as the call was connected, the voice of the patron came.

"I see." Zhu Kai nodded and narrowed his eyes. When he heard the youth say before, he didn't care about it, thinking that the other party threatened him, but didn't expect the other party to come true.

Zhu Kai feels very upset, shit, just a small anchor, where does such a big energy come from?

He really couldn't figure it out.

Half an hour later, the office door was suddenly kicked open.

Zhu Kai was shocked and stood up in a rush, only to see a burly man walking in with a few gangsters.

When he recognized the burly man, Zhu Kai's heart almost jumped out.

Chapter: 538

"Fei, Brother Fei!" Zhu Kai's heart was almost frightened when he saw Du Fei and others come in.

Du Fei is the king of the underground circle. He used to be in the underground circle. Of course he knew that Du Fei was great.

At this time, Du Fei rushed into his office, and a bad premonition immediately came to his mind.

Could it be that Du Fei was the one Yang Zihuan's husband called to deal with him?

Oh my god, what kind of existence am I offending? !

"Your name is Zhu Kai, the president of the Vertical and Horizontal Guild?" Du Fei asked faintly, looking at Zhu Kai.

"Fei, Brother Fei, what's the situation?" Zhu Kai asked tremblingly.

"You said to answer me, is your name Zhu Kai? Is it the president of the Vertical and Horizontal Guild?"

Du Fei said in a deep voice.

"Yes, yes, I am!" Zhu Kai nodded hurriedly.

"You dare to bully even my savior's wife, don't you want to live anymore? Come here, interrupt his legs for me, and even use his hands!"

Du Fei raised his hand and slapped Zhu Kai away.

The few younger brothers behind him were the generals and pressed Zhu Kai to the ground. Zhu Kai desperately begged for mercy, but no one took care of him.

Several gangsters lifted the steel pipe, banged directly on Zhu Kai's legs and hands, and Zhu Kai passed out in pain.

Soon, Zhu Kai broke both legs and hands directly, and the boys stopped.

Looking at Zhu Kai who had passed out of pain, Du Fei looked at the drinking fountain next to him, lifted the bucket down, cut off the thin mouth of the bottle with a knife, and then fell on top of Zhu Kai's head.

Zhu Kai snorted and woke up leisurely.

Du Fei looked at Zhu Kai and said coldly: "Within three days, you will dissolve your guild and void the contracts you signed with those anchors. Otherwise, I will chop you off and feed the dogs!"

As he spoke, he turned and walked outside, but the other people in Zhu Kai's office couldn't help shivering until this time.

Zhu Kai regretted it to the extreme in his heart.

Knowing that the energy behind Yang Zihuan has given him ten courage, he can't dig Yang Zihuan forcibly!

It's a pity that he knew it was too late, and regretting it was not useful.

After Yu Sheng came to the company, he went directly to Xia Jun's office.

"Yu Dong." Xia Jun was a little confused, and hurriedly got up to say hello, not knowing what Yu Sheng suddenly asked him to do.

"Sit down, I'm coming to you, just want to talk about the volcano live broadcast platform." Yu Sheng said and sat down on the chair opposite Xia Jun.

Xia Jun wanted Yu Sheng to take his position, but seeing that Yu Sheng had already been seated, he smiled awkwardly and had to sit down again.

"Did something happen to the volcano platform?" Xia Jun asked.

The Volcano Platform is just a branch, and for the rest of his life he has basically not managed it. If something major happened, he shouldn't have come to him.

"There is no major issue. That guild is raised by the platform. I have a suggestion. Don't raise that guild.

Let the platform set up a department similar to the guild or economic company. This department is dedicated Responsible for helping the first-rate anchors to operate, of course, we also need to charge a little brokerage fee. This commission can be less than the brokerage company and the guild. Also, if you don't want to sign a cooperation, you don't have to be strong. Everything is voluntary," Yu Sheng said.

Xia Jun thought for a while, and said, "This is not so different from the guild."

Yu Sheng shook his head and said: "If you don't sign a contract with the guild, they will hack you, and even force you off the line. This is completely different. The nature has changed. We don't force the anchor, and the rake is better than the guild. There are few, and there are not so many restrictions on freedom. It is purely to help them make money and then collect a small commission, which is less than that of the brokerage companies in the entertainment industry. It can also attract anchors from other platforms to join."

After Yu Sheng's explanation, Xia Jun understood, and nodded, "Well, I'll go to the volcano platform in the afternoon and have a good talk with them."

Chapter: 539

As soon as the news of the restructuring of the Volcano live broadcast platform came out, there was an uproar in the live broadcast industry. Several major guilds directly cursed their mothers, but countless anchors were very excited because they were no longer squeezed by the guild.

Then, the largest guild, the vertical and horizontal guild, announced its dissolution, and the contracts

that the anchors had signed with them were all invalidated. As soon as this announcement was made, the other major guilds were completely silent, but there was an uproar in their hearts.

Several major guilds all rushed to grab those anchors who had terminated their contract with the Freedom Guild, but they discovered that none of them signed a contract with them.

Many anchors even jumped to the volcano platform on the spot.

Even if some have contract restrictions with their own platforms, they don't want to sign contracts with the guild anymore. They plan to go directly to the volcano platform after the contract with the platform expires.

The original anchors of the volcano platform directly chose to sign a contract with the volcano platform. After all, they want to be famous, and if they want to make more money, they really need the platform to do publicity operations for them.

A small suggestion from Yu Sheng had played such a big role, even Xia Jun and others had a little thought of it.

It can also be seen that the existence of the guild is the vampire attached to the anchors. The anchors have better choices and will avoid them.

Seeing this situation, other platforms have cancelled their cooperation with the guild in order to retain their main and top anchors. At the same time, they have also established a department similar to a guild or a brokerage company, just like the volcano platform.

At this time, the entire guild was completely terminated.

Many people in the guild knew that this was an idea put forward by the chairman of the Four Seas Group, and they all hated Yu Sheng to their bones, but unfortunately, no one would dare to trouble Yu Sheng.

...

In the past few days, Cosmic Girls finally aired. After so many setbacks, the much-anticipated Cosmic Girls large entertainment program finally meets with you.

As soon as it was broadcast, it instantly became popular across the country, and Liu Qianshuang's fame suddenly reached Gao Feng.

Although it was only a show, his popularity was no longer under Zuo Mingyue at the time.

I have to say that the program of Cosmic Girls was very successful, and Liu Qianshuang, the hostess, was also very successful.

Seeing the success of Cosmic Girls, New Goose Media couldn't sit still. They also speeded up the recording of Star Girls, and the recording was broadcast directly on their video network the next day.

But after the broadcast, both the effect and the choice of the heroine were questioned by the audience. After the third episode was broadcast, Fang Qing was even more scolded as Xiang. No matter her age, appearance, acting skills, singing skills, etc., Fang Qing was compared with Liu Qianshuang.

Then the netizens came to the fact that Fang Qing couldn't compare with Liu Qianshuang in all aspects. Seeing countless people on the Internet saying that she was already an old witch and pretending to be a girl, Fang Qing vomited blood directly.

She originally wanted to return to the pinnacle by relying on New Goose Media's program to fight Zhu Danian and the Four Seas Group in the face, but she thought that she was scolded as a dog. This was unacceptable to her.

The most important thing is that she was banned by Zhu Danian, and her popularity has lost most of her popularity.

The thought of this program being broadcast again made her popularity drop to the bottom of her life.

In the current situation, unless New Goose can bring her one or two super ips, she can't have the chance to stand up.

But super ip can't make two of them in the entire entertainment industry a year, so why would she be in turn?

Seeing the cosmic girl in the sky, she completely pressed her starry sky girl to the floor and rubbed it, Fang Qing hated the rest of her life and the Sihai Group to her bones.

If it weren't for Yu Sheng, how could she be kicked out by the Four Seas Group.

If it weren't for the rest of her life, this cosmic girl would be her, who would be Liu Qianshuang stepping on her bones!

"Don't let me meet him again, or I will kill him!"

The playful appearance of the rest of his life appeared in his mind, and Fang Qing's teeth tickled with hatred.

Chapter: 540

In the confrontation between New Goose Media and Sihai Group, in this second battle, Sihai Group was completely crushed. While Xin Gobei suffered a serious decline, it also suffered huge losses.

One by one, the advertisers refused to pay the balance, which made New Goose even worse.

However, there are penguins backing up. Although the New Goose suffered a huge loss for the second time, it also only hurt their muscles and bones, but it made them even more want to win the cake of the southwest region and want to win the Sihai Group.

However, Sihai Group has become a 100 billion group, and the acquisition is at least 70 or 80 billion yuan. Therefore, Situ Jian's plan is to first find a way to cross-platform the Sihai Group, which will at least damage the reputation and the economy of the Sihai Group. , When they are no longer so valuable, they will initiate the takeover bill.

For Situ Jian, the loss of the Star Girl in a large entertainment program by New Goose Media is a very bad news, but his feet are completely healed, and now there is no problem with walking anything. For him, It's great news.

Situ Jian had no doubts about Zhu Qingshan's medical skills.

To this end, he also bought a lot of gifts to send Zhu Qingshan.

But the leg injury healed, Situ Jian did not forget the hatred between him and Yu Sheng.

The dignified eldest son of the Situ family came to this small place in Qiancheng, but was interrupted by a gangster who broke his legs. This was a shame to him.

Of course he won't let it go.

He has already called in a large number of bodyguards from the Shenzhen market. These bodyguards are all mercenaries hired by their family from the Middle East at a high price, and several of them are very black and very powerful.

When he meets Yu Sheng again, he will definitely interrupt Yu Sheng's limbs.

Not only that, he is also preparing to wear a hat for the rest of his life.

The stunning beauty like Yang Zihuan's, even if he is a child, it is rare in the world, and it's okay to have fun.

When Situ Jian was planning to retaliate for the rest of his life, Yu Sheng was teaching Zhu Xiaoshu to practice alchemy at the Sakura Club at this time.

During this time, Zhu Xiaoshu worked very hard whether she was practicing martial arts with Yu Zhong or learning grass knowledge. This made Yu Sheng changed her mind and prepared to teach her to make

pills in advance.

Although he didn't have many rare herbs here, and he had even used up his alchemy a long time ago, there were still a lot of common herbs, and they could just be used to practice Zhu Xiaoshu's hands. However, although Zhu Xiaoshu's talent is very high, alchemy is an inverse method after all. Zhu Xiaoshu has tried no less than a dozen times, and has personally guided him for the rest of his life.

Zhu Xiaoshu's understanding of pharmacology and medicinal properties is actually quite familiar, but she uses internal force to control the fire temperature here, and the fire temperature is still a little worse. She has practiced for a dozen times, and more than 90% of them have failed. Fried Dan. Although there were no fried pills on several occasions, the pills were made into a paste.

However, Yu Sheng was pleased that after a series of setbacks, Zhu Xiaoshu was still excited and discouraged.

Just after Zhu Xiaoshu fried pill again, Yu Sheng received a call from Magnolia.

When he connected, he heard the clear and sweet voice of white magnolia: "Master Yu, there will be a superb purple ginseng at the auction tonight. It has been identified as having a thousand-year ingredient. I was going to sell it to the bidder at a high price and give it to you, but if rejected by the other party, the other party must insist on the auction. Would you like to come over and take a look?"

Thousand-year purple ginseng?

Yu Sheng was overjoyed in his heart. This is truly the best product. The medicinal effect is better than the Thousand-Year Wild Ginseng he used to refine the Longevity Pill. Of course, the Thousand-Year Purple Ginseng can also be used to refine the Longevity Pill. Yuan Dan.

He now needs to take at least the Dapei Yuandan to increase his internal strength, so after he breaks through the master, he can only rely on cultivation to increase his internal strength.

Because there have always been no medicinal materials for refining Dapei Yuandan.

"What time is it at night? I'll go and take a look at that time." Yu Sheng returned.

"At eight o'clock in the evening, I will pick you up." Magnolia said.

"No, I will go by myself." Yu Sheng rejected Magnolia's kindness.

He is a person who does not want to owe favors to others, and it seems that Magnolia is not as simple as a cooperative relationship to him, and he does not want to owe favors to Magnolia.
