

Dont mess 611

Chapter: 611

“Master Yu, can we only talk about work?”

Upon hearing Yu Sheng’s words, Magnolia said with a bit of resentment.

In order to prevent Magnolia from misunderstanding, Yu Sheng smiled slightly and said: “You should know me. I have always been very casual, and I can talk about everything.”

“Can you really talk about anything?” Magnolia’s eyes lit up and asked.

Yu Sheng nodded.

Magnolia pondered for a while, bit her lower lip, and suddenly grabbed Yu Sheng’s hand, and said, “Master Yu, can’t you see my feelings for you at all?”

During this period of time, she consciously or unconsciously conveyed a message to Yu Sheng, that she liked it.

But for the rest of her life, she pretended not to see her every time, pretending that she didn’t understand her own mind, which made Magnolia feel resentful every time.

To be honest, when he was close to Yu Sheng at the beginning, it was indeed only her grandfather’s words that made her chase Yu Sheng.

But gradually, the longer she was in contact with Yu Sheng, she found that Yu Sheng was getting better and better, and she was the best man among the young men she had ever seen.

This also made her gradually fall in love with this married man from the bottom of her heart.

Yesterday’s invitation to Yusheng to come to the hot spring was a temporary motive, but it can also be said to be unintentional.

But this kind of opportunity was also a picture she had thought of in her mind before.

That’s why she said it subconsciously yesterday.

Yu Sheng was shocked slightly, not thinking that Magnolia would confess to him.

Of course, he usually knew what Magnolia meant for him, but he didn’t think that Magnolia was so bold and dared to confess to him.

First of all, he is married.

Secondly, the Bai family is also a very powerful family in Shangjing. How can Bai Yulan marry him?

He believes that Magnolia can also be seen.

“Well, Miss Bai, if you like me, it’s useless, and I can’t marry you.” Yu Sheng said somewhat sullenly.

After all, it takes a little courage to reject an eldest lady like Magnolia.

“Why not?” Magnolia said casually.

Yu Sheng smiled bitterly: “I have a wife and children, besides, even if I get divorced, your Bai family will let you marry a man with a second marriage and a son? So, I think we are good friends and doing business. A good partner is the best.”

Magnolia shook her head and said firmly: “Master Yu, don’t let yourself suffer anymore. Not only me, but they all know that the relationship between you and your wife has long been broken. The divorce is because you don’t want to affect your son’s growth, right?”

Master Yu, whether you believe it or not, if the two of us come together in the end, I will definitely treat Xiao Shui as my own!”

Seeing Bai Yulan’s firm eyes, Yu Sheng’s heart trembled slightly.

He believes that Magnolia can say such things and should be able to do it.

After all, they are all people with a very high structure, and they can be regarded as the same kind of

people.

Unlike Yang Zihuan, although he has a perfect skin, he would rather be a slave to money.

Even sometimes for a little profit, she can't even tell where she is.

On this point, Yang Zihuan is far from being compared with Magnolia.

But Yu Sheng still smiled bitterly: "Miss Bai, why are you doing this? On your terms, as long as you are willing, all the best men in the world will line up for you to choose. And I am just a married man. , It's not worth it for you."<

Chapter: 612

Magnolia shook her head and said, "In my opinion, all the good men in the world are not as good as you combined, what should I do?"

For the rest of my life, I was happy because of Magnolia's praise.

On the contrary, there was only a wry smile in his heart.

Magnolia said seriously: "I know that you and your wife were not married because of love, but because you didn't want to reveal your identity at the time. In order to prevent your aunt from discovering you, you just found a small family to be your son-in-law.

But it's also because you don't have a relationship foundation. Even if you already have children, your relationship is very stable. Even, I know that Yang Zihuan did not hesitate to wear a hat for the Yang family. If she really loves you, she will Do you do this? I can't do it anyway. "

"Even if your family suffers a catastrophe, and you are the key to saving your family, can't you do it?" Yu Sheng said subconsciously.

To be honest, the main reason why his relationship with Yang Zihuan broke down, and the Cold War now, is that Yang Zihuan went to accompany Wang Wenxue for thirty million yuan.

In his view, that is betrayal.

Although he finally made a strong move and destroyed the Wang Family, he also helped the Yang Family survive the crisis.

But every time he thinks about it, he feels as uncomfortable as eating shit.

The reason why he has not been separated from Yang Zihuan is that, as Magnolia said before, he does not want to affect the growth of his son.

Magnolia nodded and said firmly: "Although I have been instilled in the idea that the family is greater than the individual since I was a child, I also have my own soul, not a machine that operates for the survival of the family.

Perhaps, when the family is in crisis, I will use my life to save, but I will not exchange my chastity for the lingering life of the family. "

Yu Sheng looked at Magnolia, regardless of whether Magnolia's words were true or not, but Magnolia's words did move him a bit.

For the sake of the family, she can lose her life, but she will not lose her reputation.

It shows that she is a woman who values her fame more than her life.

Such a woman has the charm of the ancients, and may be different from the thinking of modern women.

But it is more worthy of respect.

Speaking of this, Magnolia was obviously a little excited, and said: "Since you already believe and dislike it in your heart, why do you want to hang each other to torture each other? Find a time to divorce, and then go to find yourself. Your happiness, this is actually a kind of relief for you and your children.

Master Yu, you fight a cold war with your wife every day. Do you think it has any influence on your son? He has rarely seen friendly smiles on your faces, and he will definitely be affected in his heart. ”

The rest of her life was shocked, and Bai Yulan’s words did have some truth.

He and Yang Zihuan were in a cold fight. They had a cold face every day. Xiao Shui couldn’t see a smile on their faces, so he would definitely have thoughts.

No wonder he recently discovered that Xiao Shui didn’t want to talk to him.

Every time I talk to him, I don’t have the same happy smile as before.

It seems that from now on, whether it is true or false, after returning home, it is best to laugh more.

The rest of his life smiled bitterly.

“Also, Master Yu, my grandpa is actually very optimistic about you. He once sighed that if you were the son-in-law of our Bai family, it would be even more perfect.

Therefore, if we are two together, not only will my grandfather not object to it, he will also agree.

So, don’t worry about this. All you have to do now is accept my love and find a chance to divorce Yang Zihuan. ”

Chapter: 613

Yu Sheng looked at Magnolia and smiled bitterly: “Miss Bai, you are a waste of time like this.”

Magnolia snorted and squeezed Yu Sheng’s hand, “I am willing to waste time, I just like you!”

When she said this, although her cheeks were red and hot, but she suddenly felt very comfortable in her heart.

After speaking out the thoughts in her heart, even if she was rejected by Yu Sheng in the end, she would not regret it.

During this period of time, the rest of her life appeared in her mind from time to time, which had seriously affected her normal life.

Even last night, she had a spring dream.

The leading actor is of course the rest of his life.

This made her ashamed when she woke up, but also full of hope for today’s trip.

Yu Sheng said helplessly: “You are purely stupid. Rather than wasting time on me, it is better to find a handsome single guy who is not married and has a girlfriend to have a good relationship.”

Magnolia’s big eyes were suddenly covered with a faint mist, and she pouted her little mouth: “Master Yu, my whole heart is on you, but you let me like others. You don’t think you are. Is this cruel?”

As she said, she blushed and suddenly said, “Also, I dreamed of you last night.”

“What did you dream of me?” Yu Sheng asked subconsciously.

“I dreamt...”

Thinking of the spring dream last night, Bai Yulan’s face was so hot that she didn’t know how to speak.

When Yu Sheng saw this, he probably guessed it in his heart. With a slight smile, he was about to distract the subject, but listened to Magnolia whispering in a mosquito-like voice: “I dreamed that we were married, and then I gave you a life. A little fat guy...”

If it weren’t for the sensitive six senses for the rest of her life, she wouldn’t be able to hear what she was talking about.

He smiled, resolved Magnolia’s embarrassment, and joked: “Dreams are all reversed, don’t take it seriously.”

“Oh.”

Magnolia screamed, but immediately said again: “Then we can have a beautiful daughter. It just so

happens that you already have a son. I will give you a beautiful daughter in the future, it will be even more perfect.”

For the rest of her life, she was a little big head. Magnolia was just too smart. She immediately took his words and asked him to say anything else?

“Magnolia, we really can’t...because you don’t know me...” Yu Sheng said after thinking about it.

Magnolia didn’t even think about it, and said sadly: “If you don’t understand, you can take it slowly.

Even if you don’t divorce your wife, it doesn’t matter. I can love you secretly. Even if I have nothing in the end, I will be willing to...”

For the rest of her life, she was a little speechless, so she meant that she could be her lover?

But how can I agree?

Not to mention the identity of Magnolia, even if they are friendly, he can’t really let Magnolia be his lover.

At that time, the relationship has changed.

Sooner or later it will affect the cooperation between the two.

Yu Sheng smiled bitterly: “Magnolia, let me tell you the truth. Even if I divorced Yang Zihuan, it is impossible to get involved in the next relationship so quickly. Maybe three years, maybe five years, I’m very likely. You won’t enter the next love story. So, you really don’t want to be stupid on me, it’s a waste of your precious time.”

At this moment, Zhu Xiaoshu over there suddenly moved.

For the rest of his life, his six senses were sensitive, and Zhu Xiaoshu woke up in the future, and hurriedly withdrew his hand from Magnolia’s hand.

Although Zhu Xiaoshu was only his disciple, he didn’t want to be seen by Zhu Xiaoshu being dragged with Bai Yulan.

After all, the spread of influence is not good.

Chapter: 614

Bai Yulan looked back at Zhu Xiaoshu and saw that she was still awake. At this moment, she pressed her face to Yu Sheng’s mouth and gently kissed him with her lips.

The touch is delicate, and it breaks at the touch of a touch.

“I said, even if you are unrequited love forever, I will like you. From now on, I must let you see clearly how terrible it is for a woman who has fallen in love to become crazy.” Magnolia looked at Yu Sheng, provoking Said.

Yu Sheng helped his forehead, a little big.

Knowing that Magnolia asked him to come to the hot springs just to confess to him, he would not come to be killed.

During this period of time, his affairs with Yang Zihuan disturbed him enough.

Now Magnolia took the initiative to intervene again, which made him a little bit at a loss.

How to deal with the relationship between him and Magnolia is a big problem.

They are not only friends, but also good partners. If they don’t, they will have a great impact on the science and technology park.

At this moment, Zhu Xiaoshu stretched out over there, opened his eyes, and said comfortably: “It’s really comfortable to soak in the hot springs. The exhaustion caused by getting up at four o’clock every day during this period of time is suddenly crisp. Most tender.”

When Zhu Xiaoshu woke up, Magnolia turned her head naturally and asked, “What do you do when you

get up so early every day?”

Zhu Xiaoshu said: “Practicing martial arts, Grandpa Yu Zhong got up too early. He asked us to get up at four o’clock every day. There is no way.”

Yu Sheng said: “That’s good for you. As the saying goes, if you suffer from hardship, you can be a master. If you don’t work hard now, what will you use to get ahead?”

Zhu Xiaoshu stuck out his tongue and was silent.

Bai Yulan smiled and said, “I can’t tell, you are very strict with your apprentice.”

She seemed to have changed herself now, and she had no sense of being a little cautious in front of the rest of her life.

“Yeah, Sister Lan, the hot spring water is not hot, how come your face is a little red.” Zhu Xiaoshu suddenly smiled.

Magnolia’s face turned redder, and she felt that Zhu Xiaoshu must have been awake for a while, and Zhu Xiaoshu must have seen her for the rest of her life.

This made her feel even more ashamed, rubbed her face, and smiled: “The hot spring water is not hot.

The key is that I feel hot all over when I look at your budding figure.”

As she said, she swam over and stretched out her hand to scratch Zhu Xiaoshu.

Zhu Xiaoshu quickly avoided, holding a handful of water-drenched white magnolia in his backhand.

Magnolia giggled, then she took up the water and fought back.

The two immediately huddled together.

Magnolia’s figure is more plump, and for the rest of her life watching such a large movement is a little confused.

Although Zhu Xiaoshu’s figure is not as mature and hot as Magnolia, it is also a beautiful scenery.

For the rest of his life, he felt a rush of heat in his body. In order to calm his mind, he plunged into the water and ignored the two of them.

Upon seeing this, Bai Zhulan deliberately teased: “Hey, Yu Sheng, why are you still getting your head in the water? Are you shy?”

Yu Sheng spit out a bunch of bubbles in the water, raised his head, and said: “Um, I’m done soaking, you two soak first, I’ll get you something to drink.”

Zhu Xiaoshu smiled and said, “Good master, I just happen to be thirsty. You can get me a bottle of frozen bayberry juice.”

Yu Sheng nodded and looked at Magnolia.

Magnolia said, “Just get me a bottle of Coke.”

“it is good.”

Yu Sheng agreed, got up hurriedly, and escaped from the hot spring.

Staying any longer, he was afraid that he could not help but “crime.”

One of these two is his own apprentice, and the other is a partner who just confessed to him. They shouldn’t “crime” anyone.

Chapter: 615

When Yu Sheng and Magnolia were soaking in hot springs, Zhou Hai and her face were still licking the urinal.

The encounter between the two of them was similar to that of the Yang Jian brothers and sisters. They licked their tongues and numb, and vomited a few times in disgust.

The key is that Zhou Hai wanted to call Zuo Wenyu for help, but the call was rejected by Chen Bin’s men.

Moreover, what made them both desperate the most was that Chen Bin personally recorded a video for them. If Chen Bin really sent it to Douyin Kuaishou in the end, their lives would really be ruined! But now in order to lessen the pain of the flesh, the two had to forcibly hold back their nausea and lick the urinal vigorously.

I don't know how long it took to lick it. Just when the two of them were almost numb, Chen Bin finally let them go.

After rinsing by the tap water for a while, he headed outside the hot spring villa.

"Zhou Hai, we must take revenge. I saw Chen Bin posted the video on the Internet. If we don't take revenge, this life will be over." After leaving the villa, he said with a face angrily.

"Fuck your mother, it's all you slut, if it weren't for you, would Lao Tzu suffer this shame?" Zhou Hai glanced at his face with a collapsed nose, and his eyes were extremely disgusted.

The reason why he chased after plastic surgery before is because he thinks she is still very beautiful and has many fans in Kuaishou, which will be valuable in the future.

I didn't realize that the other party had undergone a plastic surgery until today, and now that he has a collapsed nose, it is even more ugly.

And the opponent's Kuaishou number was ruined, so he immediately kicked the opponent.

"Why do you blame me? It is you who robbed others of their parking spaces and blackmailed them to irritate them. You deserve it!" The facelift was also a violent temper. She suffered such a humiliation today, and her mentality collapsed.

"I'm damn your mother, get out of here!" Zhou Hai's mentality had long since collapsed, and he was stunned by the plastic face, and suddenly kicked the plastic face to the ground, then walked to the side of the street and stopped a taxi. Left.

The face lifted up to catch up, but he was empty, and then sat down on the side of the road and started crying.

When Zhou Haihai got the car, he asked the driver to take him to the Zuo company. ,

The driver started the car and suddenly smelled a strong smell of urine. He couldn't help but glanced at Zhou Hai and said, "Brother, why are you so stinky? Did you fall in your urine?"

Zhou Hai immediately became angry when he heard it, and he yelled: "Shut up your fucking mouth, just drive your car well, what nonsense?"

The driver frowned and said, "What do you mean, I just care about you. Besides, you are all smelling of urine. You made my car so stinky. How can I solicit customers for a while? "

Although he said so, the driver still drove into the city.

But Zhou Hai was even more angry when he said this, and said angrily: "I'm damn your mother, don't you understand? You fucking drive a broken taxi, tens of thousands of dollars, you Dare to pretend to be in front of me?"

The driver became angry when he heard it, and said loudly: "What is your virtue? You swear at every turn? Can you be a little educated? I'm just telling the truth. Why did you pretend?"

Zhou Hai scolded, "I'll teach you how to force him, can you fucking shut up Lao Tzu? If you want to betray you, believe it or not, Lao Tzu will kill you!"

The driver is middle-aged, and if he fights, he will certainly not be able to beat Zhou Hai.

But he was so angry that Zhou Hai was vomiting blood. He suddenly saw a police car on duty not far in front. He drove him to the police car and said to the police officer: "Comrade, the man in my car is crazy. He said he wanted to get it. Damn me, I don't dare to take him anymore."

When several policemen heard that it was okay, it had seriously threatened the driver's life safety, and

immediately opened the door to force Zhou Hai to pull out.

“My day, did you pee in your trousers? It smells so bad?” Several policemen had just pulled Zhou Hai down, and they were immediately exposed to a strong smell of urine.

Hearing what the police said, Zhou Hai vomited blood even more anger.

Chapter: 616

While the police officer’s words made Zhou Hai ashamed and angry, he also realized the seriousness of the matter.

He is now full of a strong smell of urine, and here is the urban area, there are people everywhere, if he is pulled out of the car, won’t more people smell the smell of urine on his body?

How will he mess up in the future?

So he forcibly refused to get out of the car, and yelled: “What are you doing? I just took a taxi. I asked you to provoke you? Hurry up that driver will come back and take me home, otherwise he will be over with him!”

Seeing his arrogant and domineering appearance, the traffic police knew that this person must not be a good stubborn, and there was a strong smell of urine on his body, and he did not know what bad things he had done, and it was possible that he had hidden some dangerous objects. Otherwise, it is impossible to be so smelly, this kind of person really can’t let him stay in the car, otherwise it is really possible to cause some life harm to the taxi driver.

So several traffic policemen winked at each other. One of them took out the chili water used by the traffic police for law enforcement, and said to Zhou Hai: “Now warn you, put your head in your hands and get out of the car for inspection, otherwise, we will treat you according to law. Mandatory measures are taken!”

Zhou Hai was very annoyed when he saw this, and he blurted out: “According to your uncle, I know your team leader Wu Bing. He is a good friend of my boss. If you are not convinced, call the department and ask if he knows Zuo. Zuo Wenyu, the eldest son of the group, I am Zhou Hai, Zuo Dayo’s assistant!”

The traffic police sneered: “Are you Zuo Dashao’s assistant? You too dare to blow, Zuo’s group is so rubbish, please ask someone who is stinking all over and can’t afford a car as an assistant? You are insulting. Is Zuo Dayo’s personality still insulting my IQ?”

Zhou Hai hates others for doubting his identity the most. He is Zuo Wenyu’s assistant, which is his pride. Seeing a few small traffic policemen dared to ridicule him, he couldn’t help but curse: “Grass, a bunch of poor people. Pretend to me here too? Believe it or not, this will make you lose your iron job?”

“Grass, insulting the law enforcement officers, blatantly provoking, you are adding more to the crime, get me off!” A violent traffic police yelled and threw Zhou Hai forcibly.

Zhou Hai fell heavily on the concrete floor, grinning with pain even more.

Originally, his right wrist had been dislocated by Yu Sheng, but he just fell off and hit his wrist, and it hurt him to sweat.

Another traffic policeman kicked Zhou Hai, and shouted: “Take out your ID card to check!”

Seeing this, Zhou Hai had to endure his anger and took out his ID card.

Then another traffic police checked it and found that this guy was indeed Zuo Wenyu’s assistant, then threw his ID card to him, and asked coldly, “Why are you so stinky? Did you pee in your trousers? ?”

At this time, many curious people gathered around and pointed at Zhou Hai on the ground.

They also smelled the smell of urine on Zhou Hai’s body, and they pinched their noses one by one, looking very disgusted.

Zhou Hai's desire to die is gone.

What is this Nima?

I just took a taxi, so I was so annoyed to be charged with such a crime!

I knew it would be like this. What kind of force would I pretend to be in front of a taxi driver?

If you endure a wave, you will already be at the company now!

At this moment, an old BMW parked on the side of the road. A young man got out of the car and ran over with a bit of graciousness. He asked, "Oh, isn't this Assistant Zhou? What's wrong with you? Why are you so stinky? Did you lick the urinal?"

Chapter: 617

Zhou Hai, who had always wanted to leave quickly and didn't want to be recognized by acquaintances, was startled when he suddenly heard someone calling him.

But what made him want to die was that the other party actually asked him if he was licking the urinal.

This is so special, it's really that the pot shouldn't be opened and which pot should be lifted!

At this moment, he wanted to kill someone angrily!

He looked up and saw that the speaker was a bit familiar, and couldn't help but ask: "Who the hell are you?"

The man hurriedly explained in a diligent manner: "I am Yang Jian, Yang Jian of the Yang family, we have eaten together before, with Zuo Wenyu, the youngest son of the Zuo family, and the second son of the Hu family, Hu Hai, you don't remember me. Yet?"

Zhou Hai gritted his teeth and looked at him. Suddenly he spit out a heavy sputum on Yang Jian's face, and yelled in angrily: "You fucking Yang family, dare you come here to watch Lao Tzu's jokes? You fucking count* *Huh? Believe it or not that I told someone to kill you?"

Yang Jian was suffocated in his heart.

What is this so called?

I saw him on the ground by the traffic police, and wanted to come over to say hello. By the way, he would curse at the thought of this guy coming up and spit on his face. This is really disgusting.

Yang Jian angrily said: "Zhou Hai, you're a bit too fucking, you're just a dog raised by the Zuo family no matter how bad you are, and I'm the heir of the Yang family no matter how bad I am, I kindly greet you, you fucking send it What's the nerve?"

Yang Jian was right, even though it was due to Zuo family's face, he usually wanted to curry favor with Zhou Hai.

But Zhou Hai didn't even give him any face, which made him feel mad at once.

He scolded Zhou Hai back, and shook his hand, then drove away.

This made Zhou Hai even more angry.

"Damn, you're poor, you won't have Zhou if I don't kill you!"

Zhou Hai looked at Yang Jian's back and said angrily.

"They all get off Laozi!"

Zhou Hai pushed everyone away strongly and went to the side of the road to take a taxi.

When everyone saw his fierce look, they didn't dare to provoke him.

Suddenly, someone licked the video just to see the video of Zhou Hai and the plastic surgery girl licking the urinal, and he couldn't help but be surprised: "Look, this guy licks the urinal in this video, it doesn't look like this guy."

"I'm going, isn't this exactly him? No wonder he is so stinky and smells so heavy, it turns out that he just

licked the urinal!”

“Hey, how abnormal is this to lick the urinal!”

“My God, are young people so crazy these days? It’s a shame to lick the urinal in pursuit of excitement!” Zhou Hai, who was hitting a rental car, staggered and almost fell.

Hearing the words of the crowd that made him vomit blood and their contemptuous expressions, Zhou Hai was embarrassed and embarrassed.

Just then, a taxi came over, he hurriedly stopped, opened the car door and sat in.

After asking the driver to take him home, he took a shower, changed into clean clothes, and rinsed his mouth frantically with mouthwash. The smell of urine in his mouth was barely suppressed.

At this time, he went to the company to find Zuo Wenyu.

Seeing Zuo Wenyu, Zhou Hai cried out: “Left young man, I’ll check you out the rubbish named Yu Sheng. He was so miserable today!”

“what’s the situation?”

Zuo Wenyu frowned and asked, “What is his identity?”

“I don’t know what his identity is, but he seems to know Chen Bin from the Sakura Club. I think Chen Bin listens to him very much. Today I was beaten by Chen Bin,” Zhou Hai said.

“Chen Bin? Why did he hit you?” Zuo Wenyu asked with a frown.

Chapter: 618

“Because Yu Sheng ran into my car and I made him lose money, Chen Bin hit me. Not only that, but he also let people smash my car, so he didn’t put you in your eyes, Master.”

Zhou Hai thought for a while and felt that this was not enough for Zuo Wenyu to avenge him, and then said: “Yes, Yu Sheng’s servant also told me to tell you, so that you better be a little self-knowing and don’t bother Zhang Wanqiu, otherwise, he.....”

Zuo Wenyu’s face sank, and he asked in a deep voice, “Otherwise what?”

“He said, if you still don’t know what is good and what is bad, and dare to pester Zhang Wanqiu, he will interrupt your legs. He is very arrogant and doesn’t even put you in his eyes.” Zhou Hai said with added enthusiasm and jealousy.

“presumptuous!”

Zuo Wenyu was completely aroused by Zhou Hai, and said angrily: “What is he for the rest of his life? Dare to break my leg? Is he worthy? Staring at him, dare to provoke me, I will make him regret it! ” Not to mention that the woman he likes was robbed, and even threatened. No matter how good Zuo Wenyu’s temper is, he can’t stand this anger.

“Okay young master, I will definitely stare at him, and I will notify you whenever I get the chance.”

Zhou Hai nodded hurriedly, a touch of excitement flashed in his eyes.

He can’t avenge himself, but Zuo Wenyu can help him avenge.

He must double the humiliation he suffered today!

After leaving Zuo’s Mansion, Zhou Hai called to the Zuojia Casino, called a small attendant, and said, “The idea is to bring me Yang Jian.”

He heard that Yang Jian liked gambling, so he was ready to pit Yang Jian.

Yang Jian even dared to laugh at him today, he must avenge this grudge!

The little attendant nodded and went out.

Obviously he also knew Yang Jian.

...

At this time on an island in South Africa.

This island is called Qianji Island. The entire island is in the depths of the sea, covering two hundred square kilometers. It is the headquarters of the God Killing Organization.

“Hoop!”

A Gulfstream G550 luxury business jet parked on the runway of the airport.

The plane sells for more than US\$50 million, which is extremely luxurious and can carry 18 people.

Before the G650 came out, this was the most luxurious private jet in the world.

The hatch opened, and a handsome man with blond hair stepped off the plane. There seemed to be electric lights shining in his eyes, like a thundercloud storm, making people afraid to look directly.

Behind the blond man, a series of men and women followed, each in formal uniform. The man is tall and burly, with a sturdy breath, and his eyes are sharp, he looks like a master.

The females are beauties of different races, including Asian, European, and African, a total of seven people.

The blond man led them out of the airport arrogantly, and everyone he met along the way bowed their heads.

“Asi, the person in charge of Western Europe, ‘Thunder King’, he does not necessarily return to the headquarters once a year. Even if he is here, it seems that something really happened this time.” Several guards standing around the airport discussed.

“Hehe, As expected is as lustful as the rumors. His seven secretaries are said to be top beauties from various famous universities in the world. Not only are they amazing in appearance, they are also very high in IQ, and even the daughter of a nobleman in Western Europe. Listen. Saying that he takes these seven secretaries with him wherever he goes, do you think every night...” One of the big black guys licked his tongue and smiled wryly.

“Shut up, do you want to kill us? Asi hates people talking about his secretary the most.” Another white man with muscular knots reprimanded him as the captain of the guard team.

“The last person who made such a discussion has already been turned into coke by him.”

The black man was like a duck pinched by the neck, and he dared not squeak.

“The person in charge of Western Europe, the person in charge of North Africa, the person in charge of the Middle East, the person in charge of East Asia...”

The oldest yellow-skinned man frowned deeply: “Except for the year-end party, what major event happened to recall the giants everywhere? Is it really like the message that the absolute king is dead?” As soon as he said this, the whole audience was silent.

Chapter: 619

“Impossible, the absolute king is an old master and strong, and the combat power is even the top five in our organization, who can kill him?” After the silence, the pot immediately exploded, and everyone was talking.

“Yeah, among the several giants in our organization, the absolute king should be ranked fourth or even third. It is also the old master of the master. Generally, except for the top master above the master, he can’t be killed at all.”

“But if it wasn’t the absolute king dead? How could the headquarters urgently recall the major giants?” Although everyone was talking, their eyes were deeply worried.

Once the king dies, the whole genius will be shaken, and all major interests need to be adjusted.

...

In the middle of the island, there is a high mountain of hundreds of meters. The Heavenly Kill Organization hollowed out the entire mountain to create a solid underground base. This underground base is extremely strong, and even strong enough to resist the siege of thermal force. On the island, there is always a well-armed force of thousands of people, equipped with the latest M Army weapons, and more advanced than some M** teams. This is the foundation of a big international organization, goddamn, almost equivalent to a small country.

At this time, the core meeting room of the underground base is holding a giant meeting. The door of the conference room opened, and the blond man walked in with a group of beautiful women. An Asian old man in Tang suit sitting at the top frowned and said, "As, you are late." "God, I'm not to blame. You know, before I flew over, I just had a fight with those bitches in country Y." Asi took his place. Behind him, a Latino secretary with a height of 1.8 meters, brown hair and a bumpy figure in high heels, gracefully stepped forward and poured a glass of red wine for him. Asi was holding the red wine without drinking it, shaking slightly, his gaze swept over. Although there are many people in the conference room, they all stand upright. There are only seven people sitting, and each of these seven seats represents the person in charge of a large district. There are a total of six men and one woman, and the original position of Gu Juewang has been changed to another one.

Each of the seven has strong breaths and different skin colors, including Asians, whites, and blacks. Heavenly Kill is an international organization that has completely transcended the boundaries of the Chinese. The seven are as hot as a flame, as deep as the sea, and as firm as a rock, they are not inferior to the martial arts master. Only the old man in Tang suit sitting at the top, his body saggy, turned out to be an ordinary person.

But he sat there, in control of the entire conference room, but no one questioned it. Because he is a goddamn leader!

Also called Tenjin!

No one knows how high his martial arts is, and no one dares to really disobey him.

"Is country Y unstable again?"

The old man in the Tang costume frowned, but he quickly relaxed: "Don't worry about those things, country Y is just a small trouble, the absolute king was defeated, the martial arts was abolished, and China was locked up as a prisoner, the man who defeated him and abolished his martial arts. That's the big problem."

"Is the absolute king really defeated?"

Asked a beautiful woman wearing a red robe, her clothes with high forks, her long white legs, her body was very hot, she looked like she was thirty or forty years old, with long burgundy hair, and she was very tempting.

Asi knows that her name is Ola, who is in charge of the goddamn Middle East region.

She is also the only woman among the seven giants. Don't look at her sexy and attractive, she is only in her thirties, but her actual age is over fifty. In the international underground world, there is the name of "Ms. Scarlet". I don't know how many men died in her bed.

Legend has it that she can control the flames and set off a huge flame tornado.

"I personally took China to investigate. The person who defeated him was called Yu Sheng, who was the one we had to deal with last time." The middle-aged man who replaced the king's position said coldly.

Chapter: 620

“Is that Yu Sheng so strong? Can he defeat the King and abolish his martial arts?”

The red-haired beauty shrugged, her eyes were scarlet, as if blood was flowing, and she said: “I still can’t believe that the absolute king is the top five powerhouse in my goddess. If you want to defeat him, you must at least use it. Three powerful master masters, let alone abolished his martial arts. If you want to abolish his martial arts, it is estimated that a powerhouse at the level of the gods will do it himself.”

“Is there any force that can mobilize more than three masters? Longtang? The Sifang Tower? Or the Huaxia Hidden Gate?” a black man who looked like cast iron began to speak.

The big man is more than two meters tall, very strong, and his whole body muscles are poured like steel, and every thread is full of explosive power.

‘King Kong’ Buck, head of North Africa Region.

Asi’s eyes shone, thinking back in his heart.

It is said that his physical body is extremely strong enough to withstand the shots of machine gun bullets. In North Africa, a warlord once hired assassins to find sharpshooters to shoot him. As a result, hundreds of bullets hit him, all of which were taken by him or escaped.

Then the killer was caught by Buck and tore into pieces of meat abruptly.

‘This is a madman and cannot be provoked.’

Asi took a sip of wine and shook his head slightly.

“It’s not the Longtang, nor the Huaxia Hidden Gate.

It is a Chinese youth, a youth under the age of twenty-five and sixty-six years old. “The middle-aged man who replaced the king said with solemn expression.

“Only in his twenties? How could it be possible?” Everyone was in an uproar, even Asi’s pupils shrank, only the old man in Tang suit sitting in the first position could maintain his composure.

“Yu Zhongtian, your most powerful warrior in China, only became a grandmaster after he was thirty years old. After forty, he became superior to the grandmaster. Moreover, ordinary grandmasters are not the absolute king’s opponent at all. He can’t. Thirty, how could it be so strong?” Buck said solemnly.

“Chinese martial arts are extensive and profound, and it is normal for masters to multiply. Now we should not question the enemy’s strength. Now we have to find a way to avenge the absolute king.” The Tang suit old man said word for word.

Everyone shut their mouths one after another when the old man in the Tang suit spoke.

Asi put down his glass and looked playfully.

He only broke through the master after 35 years old. He defeated many master masters and was named Thunder King.

However, a master in his twenties is still able to defeat the master of the king, which is simply appalling.

“As long as he doesn’t step on top of the grandmaster in one day, then we can kill him. No matter how powerful the grandmaster can stop us from joining forces?” a skinny old man sneered.

The breath of his body was wrapped in gloom and cold, as deep as the ocean.

The big giants all nodded slightly. With their strength, if they contacted two or three, even if they were above the master, they would have to drink a pot.

But if three or more people join forces, it is not that 1 1 1 is equal to three, but far more than three.

After all, abilities can cooperate with each other, and the power is far better than being alone.

No matter how strong the rest of his life is, there are still six giants in the Heavenly Kill Organization, and they will surely be able to siege him by joining forces.

When a single giant comes out, the power he represents can surpass countless major powers. Coupled with the great dragon head god who sits in the headquarters, the seven forces combined together can

almost make the Huaxia Hidden Gate be jealous!

Their combined strength is enough to force an ordinary country's power. This is the inside story of a big international organization, goddamn.

"Lei King, King Kong, Fei Jue, the three of you go to Huaxia to kill him. But you must remember that Huaxia Hidden Gate is always watching our movements. You'd better keep a low profile and don't make things bigger. At that time, if the hidden door makes a move, the three of you will undoubtedly die." The Tang suit old man set the tone.

The three nodded, but there was a touch of excitement in their minds.

It can be seen that they are quite interesting for the rest of their lives.
