

Dont mess 681

Chapter: 681

Everyone saw that Yu Sheng called Zuo Wenyu this way, and Zuo Wenyu had nothing to refute. Zuo Wenyu couldn't hold his face, gritted his teeth and said: "Okay! You have a seed! I will give out 90 million!"

Lei Chao pulled his sleeves beside him and said, "Left young man, ninety million yuan is too expensive, this thing is not worth so much money, don't be impulsive, you are fooled by that bastard!"

90 million to buy a dragon beard? In addition to the super-premium for thousands of years, no Chinese medicine is worth so much money!

Although Zuo Wenyu is rich, he is not an extravagant person, spending 90 million to buy a Chinese medicine, it must be absolutely impossible in the past.

However, what he was thinking at this time was that he had to heal the disease himself!

After so many days, there has been no feeling there, it is almost the same, and if this continues, I am afraid that I will lose hope in life...

Therefore, he made up his mind in his heart and gave out 90 million, no more!

At this moment, Yu Sheng held up the sign indifferently and said: "I will give one hundred million!"

Zuo Wenyu suddenly trembled with anger, and cursed: "What do you want to do with this rubbish? It is probably a good thing that disturbs me?"

Yu Sheng smiled faintly, and said, "I have taken a fancy to this dragon beard. Of course, I have to bid for it. What's the matter? You don't see anything that you don't like, can no one else snatch it from you?"

Zuo Wenyu cursed: "Do you think I don't know your details? You are just a door-to-door son-in-law. You are a waste of money waiting to die and eat soft rice. Your entire Yang family is bankrupt, let alone one hundred million, even one million. You don't necessarily get it. How can you get so much money?"

After speaking, Zuo Wenyu turned his head to look at the host again, and said: "I suggest you drive this guy out, this guy is cheating! He can't have that much money at all!"

Zhu Qingshan frowned and said: "All the expenses of Mr. Yu today can be counted under my name Zhu Qingshan! I hope Qingshan is not bad."

Zhang Shengquan also said quickly: "My Zhang family's funds are also used by Mr. Yu at will!"

When the two of them said these words, the scene was shocked!

What is the origin of the rest of my life? Zhu Qingshan, the genius doctor, and Zhang Jiajia who advocated birth rights, were both willing to pay for him. This is a hundred million!

At this time, Yu Sheng smiled faintly, and said: "It's just a hundred million, I can still afford it. It just so happens that I have a bank card in my pocket."

Zuo Wenyu looked at that ordinary bank card with a look of contempt.

He can fight for the rest of his life, but being able to fight doesn't mean that he can have one hundred million.

Even the young master of his dignified Zuo family felt distressed for buying a herbal medicine for 100 million, let alone this waste Zuo Wenyu!

"What are you bragging about? Do you think everyone is a three-year-old child? Can you have 100 million in your ordinary card?"

I asked the financial staff to check if he has 100 million in his card, or is making false offers to disrupt the auction. "Zuo Wenyu said.

White jade

The financial staff didn't have the reason to check it out because of Zuo Wenyu's words. Zhu Qingshan and Zhang Shengquan had said before that they were willing to help Yu Sheng pay this money. Since this Zuo Wenyu didn't give up, Yu Sheng simply convinced him that he had lost. Yu Sheng said to the financial staff: "Go and check if there is 100 million in this card."

A beautiful financial officer stepped forward and took the card that Yu Sheng handed over, but still didn't believe that Yu Sheng could really have that much money in her heart.

After all, Yu Sheng's clothes were too ordinary, and he didn't even look like a rich man.

But she still took the card, but when she checked the balance on it, she almost dropped her chin.

The row of zero-shake female financial officers almost couldn't open their eyes. Counting it down, I didn't expect that there were five million in this ordinary bank card!

Chapter: 682

50 billion!

This ordinary-dressed person can actually come up with 50 billion!

Even the first-rate family in Qiancheng would never be able to produce 50 billion in cash flow so easily.

What a terrifying identity this person has!

The female financial officer came to Yu Sheng's expression with trepidation, and returned the card to Yu Sheng, not daring to look into his eyes during the whole process.

Then he said to everyone: "This gentleman does have 100 million in Kari."

Zuo Wenyu's angry face was twitching faintly at this time. He couldn't understand why this waste could have so much money? Isn't he just a son-in-law?

Yu Sheng asked the hostess at this time: "Since no one is robbing me, I can also get 100 million. This top-quality dragon beard, should it belong to me?"

The host hurriedly said: "Now I announce that this 300-year-old best dragon beard is back..."

Before he finished speaking, Zuo Wenyu hurriedly said: "Don't worry! I have to increase the fare!"

The scene was shocked again!

The auction started at 5 million, and all the auctions reached 100 million. Do you have to increase the price? !

This long beard is not worth so much money at all! Are these two crazy?

Lei Chao hurriedly reminded: "Oh, Zuo Shao, a billion yuan is a big loss. With this money, what's wrong with it?"

Zuo Wenyu questioned: "If it can't be photographed, what about your new medicine? What about my illness?"

Just as he was talking, a middle-aged man with a little bald head rushed over and said to Lei Chao, "I'm sorry, Mr. Lei, the laboratory was waiting for the results just now, so I came late."

The person who spoke was the chief pharmacist of Lei's Pharmaceuticals. He had just arrived from the pharmaceutical factory to help Lei Chao check the dragon beard.

Lei Chao hurriedly said: "Professor Kang, you just came here, do you think the best dragon beard in the host's hand is worth 100 million?"

"One billion?"

Professor Kang shook his head and said with a smile: "It's not worth it. Although this kind of dragon beard is rarely seen in the market, it is 100 million, and only a fool will buy it..."

"Then what about Zuo Shao's disease?" Lei Chao asked.

Professor Kang said with a confident expression, "In fact, it must be Aspen grass. We only need to find a

few hundred-year-old other herbs to purify and replace them. After all, 100-year-old Aspen grass on the market. The functions of their two herbs are basically the same.”

At this time, the host asked Zuo Wenyu: “Left Shao, how much do you want to add? Please state the specific amount directly, otherwise it will be difficult for us to continue.”

After listening to Professor Kang’s words, Zuo Wenyu felt confident and felt that he could not be taken advantage of, so he should give Yu Sheng this opportunity to his pain.

So he immediately shook his head and said: “I decided not to add it. It is simply a mental retardation to spend 100 million to buy this kind of thing. Only people with poor brains can do this kind of thing.”

There was a boo in the scene.

If you don’t have money, you can say you don’t have money. If you are reluctant, you say you don’t want to. If you say that others are mentally retarded, what kind of sour spirit is this?

Zuo Wenyu was booed by so many people, and his heart was a little irritable, but he didn’t dare to have an attack, so he had to bite the bullet and endure it.

No one would have trouble with money, and he didn’t think it was worth spending tens of millions to buy face.

At this moment, the host opened his mouth and said: “One hundred million once.”

“One hundred million twice.”

“One hundred million three times, congratulations to Mr. Yu, the deal.”

Yu Sheng nodded in satisfaction, looked at Zuo Wenyu, and said with a smile: “I will send you a friendly reminder that you can’t cure Yang Wei’s disease with any medicine, so I advise you not to waste your efforts!”

Chapter: 683

Everyone looked at Zuo Wenyu in unison.

Zuo Wenyu was ashamed and annoyed, and cursed: “You are Yangwei, your damn family Yangwei, you are a famous waste in Qiancheng!”

Yu Sheng smiled faintly: “Who can’t use it, who knows in his heart that the hard place is not hard, what’s the use of bare mouth?”

Everyone laughed at Zuo Wenyu.

Could it be that Zuo Wenyu, the famous Zuo family heir, really has lost his male prowess?

It seems to be the same, otherwise, why does he have to bid for the best dragon beard? He also bid up to 90 million for a herbal medicine.

And also mixed with Lei Chao of the Lei family.

Those who are here today are all people from the TCM circle. Everyone knows that Lei’s family is working on a medicine that can strengthen the convenience of men.

There are numerous signs that Zuo Wenyu may be really “Yang Wei” as Yu Sheng said.

Zuo Wenyu gritted his teeth angrily, and blurted out: “The surname Yu, don’t spit people here! Lao Tzu is very capable!”

“Even my lover has given away, and he said he has strong ability? If he is really capable, do I need to give away someone else?”

Zuo Wenyu’s face blushed, and angrily said: “You...what are you talking about?! Believe it or not, I will tear your mouth if you talk nonsense for the rest of your life.”

Yang Yinshu also questioned angrily: “Yu Sheng, how can you ruin people’s innocence for no reason? When did I become Shao Zuo’s lover.”

When Yu Sheng saw the two of them looking furious and depraved, he sneered, too lazy to quarrel with them, and directly took the best dragon beard from the host, and said to Zhu Qingshan and Zhang Shengquan: "Okay, there is nothing I'm interested in here. I'm leaving."

For the rest of my life, I just want to go back and study his precious dragon beard.

After that, Yu Sheng got up and walked out.

Zhang Shengquan hurriedly said, "Doctor Yu, I will send you off!"

"No need." Ye Yusheng waved his hand and said, "I can go by myself. You can stay and socialize with everyone."

As he said, he glanced not far away, and kept staring at Zhu Qingshan's Tokugawa Takeshi secretly, and reminded Zhu Qingshan, "I'm happy, after today, if someone snatches medicine from you, or steals from you Medicine, you must not resist, he will give it to him if he wants it, do you understand?"

Zhu Qingshan nodded immediately and smiled: "Doctor Yu, don't worry, I wish you understand!"

Zhang Wanqiu's eyes were always on him. Seeing that he was about to leave, he was a little anxious. He hesitated and asked in a low voice: "For the rest of my life, can I send you off?"

Seeing Zhang Wanqiu, Yu Sheng felt a little embarrassed. The things at the hotel that day were still vivid, and he coughed slightly, covering his face and saying, "It's all right."

Seeing Yu Sheng's refusal, Zhang Wanqiu walked over with a smile, and when he came to Yu Sheng's side, the whole person looked a little restrained.

There are many things that everyone knows well, but they don't have to say it to the public.

"Well, thank you for saving me that day, I still don't have the urgency to say thanks to you!" Zhang Wanqiu said shyly, with a blush on his face.

Not far away, Zhang Shengquan, who looked at them in this direction, showed a smile. It seems that his precious daughter is interesting to God Doctor Yu!

Although Yu Shenyi has a child, it is not uncommon for young talented young people like him to be uncommon.

Zhang Shengquan didn't understand his thoughts for the rest of his life, and he didn't have too much thoughts to listen to Zhang Wanqiu to thank him for the rest of his life.

Now he just wants to go back to the Cherry Blossom Club and refine the pill with the Longxu grass in the jade box.

After a few casual words for the rest of his life, he planned to find a chance to leave.

Unexpectedly, Zhang Wanqiu stopped him.

"For the rest of your life, don't leave, I have one more thing I want to ask you for help!"

Chapter: 684

Yu Sheng nodded and said: "Just tell me."

Seeing that Yu Sheng said that he said that Zhang Wanqiu felt a little embarrassed again, Yu Sheng had already helped herself a lot with the incident with Zuo Wenyu.

Isn't it too much to run over to beg him now? Zhang Wanqiu was a little tangled.

But if this continues, my girlfriend might be really...

Thinking of this, Zhang Wanqiu slowly said, "For the rest of my life, I have a very good girlfriend. Now she is in college. She used to have a very lively and sunny personality, but I feel that she has been affected by her recently. The boyfriend was brainwashed.

I often do a lot of extreme things. Once I was scolded by her boyfriend and wanted to jump off the building. I was persuaded. Later, her boyfriend was brainwashed and prepared to swallow sleeping pills

to commit suicide. Fortunately, I was sent to the hospital in time. ”

Speaking of this, Zhang Wanqiu said sadly: “But my best friend has been completely brainwashed. Not only did she not thank me for saving her, but instead felt that I had destroyed the relationship between her and her boyfriend. I quarreled and even severed contact with me. I think her condition seems to be wrong these days, so I want to persuade her, but she directly scolded me. I’m really afraid that something will happen to her if she goes on like this..”

Yu Sheng asked in astonishment: “Does that man have any magic tricks?”

Zhang Wanqiu shook his head and explained: “It’s not a witchcraft. I collected some information and found that it seems to be a very popular means of chasing girls, conquering girls, and controlling girls among scumbags. What is it called pua”

Speaking of this, Zhang Wanqiu said indignantly: “These scumbags seem to pursue girls and fall in love with them, but in fact, they are able to control the girls to be their cows and horses, and even die for them. For pleasure.

But many girls are very innocent, sink into it step by step, and eventually suffer serious injuries and even lose their lives. These scumbags are simply a bunch of unforgivable bastards! ”

Yu Sheng frowned and said, “There is still such a bastard?”

“Yeah!” Zhang Wanqiu said: “Before my girlfriend had an accident, I didn’t expect such a person, but after careful understanding, I discovered that there are many such scumbags. They just used to play with women. Happy, there is no conscience at all!”

Yu Sheng said coldly: “This is too much, it’s playing with other people’s lives.”

Zhang Wanqiu said indignantly: “This fellow scumbag is not a day or two. Last year, a girl in our school was pregnant and jumped out of the building. It is said that he instigated him; another girl was repeatedly insulted by him because he didn’t give it to him for the first time. The girl felt very dirty. She left a suicide note saying she wanted to wash her filth. She committed suicide by jumping into the river. It is said that there are also four or five girls who were forced to drop out of school because of his mental disorder. Two of them died...”

For the rest of his life, his brows were furrowed. He had never thought that there would be such a scumbag, so he immediately said firmly: “In this case, I will take care of this matter! You take time and take me to see you. You girlfriend!”

Zhang Wanqiu burst into tears with excitement, grabbed Ye Chen’s hand, and said, “Yu Sheng, if you are willing to make a move, then my girlfriend must be saved!”

Yu Sheng opened the mouth and said: “As long as this kind of thing comes from constant psychological hints at work, so I am not sure if I can relieve the other party’s psychological hints to your girlfriends, but I can give it a try.”

Zhang Wanqiu nodded repeatedly: “I believe you can do it!”

After all, Zhang Wanqiu said: “Why don’t you come to her school at night, and I will take you to find my girlfriend.”

“Yes.” Yu Sheng said, “If I can, I would also like to see the scumbag who plays with your girlfriend. Is he from your girlfriend’s school too?”

“Yes!” Zhang Wanqiu said, “He is the grassroots of our school. He is well-known in the school, and the staff is okay. The family is quite rich, so he is especially good at coaxing girls.”

Yu Sheng sneered and said: “Okay, a scumbag who likes to give people psychological hints, I would like to meet him for a while, by the way, let him have a taste, what is meant by treating his body by his own way!”

Chapter: 685

Wanfeng Shopping Center

Zhu Xiaoshu was humming a little song in his mouth, and strolling around leisurely. I usually practice martial arts with Yu Zhong at the Sakura Club. I took advantage of today's opportunity to come out. I must have a good time.

Wandering around, Zhu Xiaoshu heard that a brand-name cosmetics counter couldn't move forward, and was completely attracted by the dazzling variety of cosmetics inside.

However, the front was blocked by two women in their 30s and 40s with heavy makeup, and Zhu Xiaoshu had to lift her toes and look inside.

Although others are also available, Zhu Xiaoshu just wants to buy a lipstick that suits her, so he can only wait behind the two women.

After waiting for about half an hour, Zhu Xiaoshu was almost impatient.

The two middle-aged women are still picking and choosing, whispering in their mouths that this color is not good, that one is too expensive, and that the packaging is not good-looking.

Zhu Xiaoshu directly stretched out his hand and patted a woman's back, and said impatiently: "Auntie, are you optimistic about it? You don't want to buy someone else buy it!"

The two women turned their heads and looked at Zhu Xiaoshu with ferocious faces. The middle-aged woman who was called an aunt by Zhu Xiaoshu before pointed to her nose and cursed.

"You little girl, who is called Auntie? Can you speak, and you have no education at all."

"Besides, can your little girl buy the lipstick here? Dare to get out and don't disturb our mood."

Zhu Xiaoshu feels a little mad, and it's not wrong to call them aunts! Is it possible to call my sister against your will at the age of 40 or 50?

Thinking about it, she feels disgusting!

"Of course I bought the lipstick here, but you two aunts have been picking and choosing here for a long time. You can't afford it!" Zhu Xiaoshu returned in a spirited manner.

When a little girl said that he couldn't afford it, the middle-aged women of Liangxie were a little uncomfortable. If they say that they can buy a lipstick from an ordinary family, they can naturally buy it. But spending five to six hundred yuan for a lipstick is still a bit painful, so I have been entangled. But when Zhu Xiaoshu said that, they didn't bother to entangle. A woman in a relatively old grade took a lipstick that she had been fond of for a long time.

With his back straight, he looked at Zhu Xiaoshu and said, "Who said I can't afford it? I have to pay the bill now."

Zhu Xiaoshu shrugged his shoulders indifferently, and was fine as soon as she left, finally there was a place for her to take a good look.

After picking and picking, Zhu Xiaoshu chose a color that was not so red, but a color that was more suitable for her.

Just as she was going to pay the bill, she saw the two middle-aged women walking in her direction before, aggressively, as if to trouble her.

Sure enough, the two middle-aged women came to Zhu Xiaoshu's and grabbed her clothes unceremoniously, pointed to her nose and cursed: "Okay, you little girl, I said you are thinking about it for so long behind us. What are you doing, it turned out to be a thief.

Hurry up and hand over all the thousand dollars that you stole from me, otherwise you don't want to leave today, and you will be sent directly to the police station when the time comes."

The one next to her who was younger than her also said, "I have one thousand and eight hundred yuan.

Give it back to us quickly.”

Soon the movement here attracted a lot of onlookers to come here to watch the heat.

Zhu Xiaoshu didn't even know what was going on, so he was scolded and scolded. How could she be able to bear this kind of anger!

Pushing the middle-aged woman who grabbed her aside, Zhu Xiaoshu said angrily: “What are you doing? Who stole your money? Don't spit people here.”

Chapter: 686

She was obviously just shopping, if she said anything about her grudges with the two women, she just called an aunt.

Why are they wronging themselves like this?

Seeing the people around him pointing to him, Zhu Xiaoshu's face became more and more ugly.

“Look at this little girl when she is only 16 or 17 years old. She looked at the big cosmetics counter. It looks like she is a thief.”

“Yeah! Young people nowadays are too vain, they want to steal money to satisfy their vanity, especially girls like her.”

“Little girl, I feel like returning the money to them! It won't be okay when the police come.”

In everyone's words, Zhu Xiaoshu was already regarded as a thief, and there was no one who helped her speak.

Zhu Xiaoshu was angry, but it was the first time that she was wronged like this, and she felt very wronged inexplicably.

So he said to the two middle-aged women: “Isn't it less than two thousand dollars? I will be rare? My master gave me several million cars! Today I carry 10,000 yuan in cash.”

Zhu Xiaoshu subconsciously touched the pocket of her coat, but when she put her hand in her pocket, it was empty and there was nothing.

how come?

Zhu Xiaoshu touched the other pocket in disbelief. There was still nothing left. Her ten thousand yuan and her car keys were all gone.

“My money was also stolen!”

But I didn't believe what she said, and thought she made up a lie after she finished talking, and wanted to fool it.

“Sister Li, this girl is the one who stole money, and is still acting here now.” said the younger middle-aged woman.

Sister Li nodded, and her gaze at Zhu Xiaoshu became even more disgusting. That one thousand yuan was a quarter of her monthly salary.

It was stolen in this way, and of course it was impossible to just let it go, so Sister Li pointed to Zhu Xiaoshu's nose and cursed: “You little girl's film is not only polite, but your hands are also dirty.

I don't know how your parents taught, or it is something that has a mother and a mother, that has created your current character.”

Upon hearing this, Zhu Xiaoshu's face became visibly gloomy. Seeing that sister Li's eyes were murderous, her fists clenched and clenched.

Zhu Xiaoshu's parents have died since childhood. She was pulled by Zhu Qingshan's hands, and the words that Sister Li said undoubtedly touched her inverse scales.

Seeing Zhu Xiaoshu's posture, Sister Li took a step back in shock, swallowed, and said unforgivingly,

“What’s the matter? Still wanting to beat me? It’s justified to steal something? I am today. Just say that you have no mother...”

“Papa” Sister Li didn’t finish her words, she was slapped twice on her face. Zhu Xiaoshu is a martial artist, and in the case of anger, she showed no mercy on her hand.

Upon seeing this, everyone was in an uproar.

Sister Li was slapped on the ground by Zhu Xiaoshu’s two slaps, two teeth fell, and her entire face was swollen high.

She didn’t even think that this girl who stole something would dare to hit her.

Sister Li pointed at Zhu Xiaoshu with a trembling hand, and cursed: “You, a thief, dare to hit me.”

Then she took out her mobile phone from her bag and called the police.

“Do I still need a reason to beat you? If I dare to say that sentence...” After that, Zhu Xiaoshu paused, and his tone became cold: “I want to kill you!”

Zhu Xiaoshu’s tone was completely joking, and Sister Li on the ground was so frightened that she didn’t dare to speak.

The group of people who watched the heat were also taken aback by Zhu Xiaoshu’s aura. They didn’t even think of a seventeen or eighteen year old girl who could say such a thing.

Chapter: 687

Things are getting bigger and bigger here, and the security of the mall has been attracted, and six or seven security guards are holding electric rods to surround Zhu Xiaoshu.

At this time, Sister Li also staggered up from the ground. Seeing the security guards came, she instantly gained confidence and said loudly to the security guards, “You guys will get her up quickly. She not only stole our money, but also beat others.” , Just now threatened to kill me.”

The security guards didn’t even think that this lovely girl of seventeen or eighteen years old could actually do such a thing.

All the security guards thought about arresting Zhu Xiaoshu first, and then sending it directly to the Public Security Bureau, so that her family would be released on bail.

What struck them was that Zhu Xiaoshu would actually be able to martial arts, hitting the two security guards on the ground with three punches and two feet.

At this time, the security captain no longer regarded Zhu Xiaoshu in front of him as a little girl, and the remaining six people turned on the electric baton switch.

Although Zhu Xiaoshu knows martial arts, he never managed to do one to six. One of them was electrocuted by an electric baton inadvertently. At this time, the security teammates took the opportunity to imprison her.

In the end, there was really no way to wish Xiaoshu to call Yu Sheng.

The Chinese Medicine Expo is very close to Wanfeng Shopping Center, and I rushed over in a few minutes for the rest of my life.

When Zhu Xiaoshu saw Yu Sheng’s figure, he cried with a “wow”, and all the grievances were released at this time.

When I saw my apprentice crying, Yu Sheng’s mind was short-circuited in an instant, thinking that the security guards who were holding her bullied his apprentice.

I rushed forward without thinking, and there was no time for the security guards to respond. In just one minute, eight security guards holding electric batons were resolved.

By the side, sister Li, who was still waiting for Zhu Xiaoshu to ask someone to pay them back, both had

startled eyeballs about to fall off.

Good guy, this is a helper! And one is better than one.

Zhu Xiaoshu, who was released, threw himself into Yu Sheng's arms without thinking about it, crying out of breath, as if he had suffered a great grievance.

Yu Sheng stroked her head distressedly, and asked with concern: "It's okay, Xiaoshu doesn't cry anymore, tell the master who bullied you, and the master will help you call the shots."

Zhu Xiaoshu wiped her tears, pointed her finger at Sister Li, and said, "It's them, they have to wrong me for stealing things. I obviously didn't take their money, but they happened to say that I stole it in front of everyone."

"They still scolded me, so I beat her, and when the security came, they overpowered me."

Zhu Xiaoshu, a follower for the rest of his life, saw a woman whose face was swollen like a pig's head in the direction that his finger passed.

Then he saw the security guard who had just been beaten by him and rolled on the ground with his stomach cradled, and felt speechless for a while for the rest of his life.

The feeling is that his apprentice beat someone, and the master himself came and beat him again. What is this all about!

Yu Sheng hurriedly helped the security guards on the ground, apologized one by one, explaining that this was just a misunderstanding, and would pay them 50,000 yuan each.

The security guards just let it go.

Yu Sheng looked at both Sister Li and asked, "Why did you wrong my apprentice to steal your money?"

"We didn't wronged her. There were only three of us and her in the store. Didn't she steal it, or who stole it?" Sister Li said with great certainty.

After careful observation, Yu Sheng didn't feel like lying in the voice of Sister Li.

But his apprentice is absolutely impossible to steal something, what is going on in this matter.

Yu Sheng couldn't understand it, so he saw the surveillance camera in the mall.

"In this case, let's go and see what the camera has captured!"

Chapter: 688

Soon the video of the famous brand cosmetics counter was transferred out.

At the beginning, it was indeed two middle-aged women who were looking at cosmetics. Then Zhu Xiaoshu walked in and stood behind them. During the whole process, Zhu Xiaoshu did not reach out to touch the bags of the two middle-aged women.

About ten minutes later, a thin, thin boy who looked fifteen or sixteen years old and dressed in black walked in.

His steps are very strange, it seems that there is a big difference from ordinary people's walking, and he has successfully avoided the sight of the lady at the counter, and approached Zhu Xiaoshu and the others step by step.

Yu Sheng looked at the boy in the video. It was obvious that Zhu Xiaoshu was now behind Zhu Xiaoshu, and the distance between the two was only a dozen centimeters, but Zhu Xiaoshu did not notice a person standing behind her.

Zhu Xiaoshu, who saw this video, also had a pale face, and now his scalp feels a little tingling in retrospect.

If this person didn't come to steal her things, but came to kill her, maybe she just died silently in the mall like this.

She is still a martial artist, and her senses are stronger than ordinary people, so she has nothing to discover.

In the video, the little boy seemed to know Zhu Xiaoshu and the middle-aged women, so he took the money and car keys from their pockets.

The truth became clear, and both of Sister Li dared not look at Zhu Xiaoshu's eyes.

"You wronged my apprentice, now is the time to apologize to her!" Yu Sheng said coldly.

Sister Li said unconvincedly: "Although we wronged her, she also slapped me. That's all for it." After speaking, Sister Li rubbed her swollen face.

She was so wronged, and she couldn't say anything.

Zhu Xiaoshu made a fist in front of Sister Li and threatened: "I hit you because you owe you a curse. You wronged me before. You must apologize to me, otherwise..."

Sister Li was obviously afraid of being beaten by Zhu Xiaoshu, she subconsciously stepped back two steps, hid behind another middle-aged woman, swallowed and said: "Yes... I'm sorry, we wronged you before."

At this time, Yu Sheng's body tightened. He had just looked at his jade box containing Longxue grass. He wanted to see the magic of this rare herb.

But when he opened the box, he suddenly found that the jade box was empty, and there was no shadow of dragon beard for a long time.

Zhu Xiaoshu looked at the ugly face for the rest of his life, and curiously asked: "Master, what's wrong with you? Your expression is even worse than eating a fly."

"The dragon beard I photographed for 100 million was stolen!" Yu Sheng said in a weird tone.

Yu Sheng knew his own strength, and his six senses were far beyond ordinary people, how could someone steal his things without his knowledge.

At this time even he had to pay attention to the thief.

That thief definitely has extraordinary abilities.

Yu Sheng had an idea in his heart to catch him!

The 32nd floor rooftop of Wanfeng Shopping Center.

A little boy who looked fifteen or sixteen years old was sitting at the very edge, and the breeze blew his short hair, revealing a tender and delicate face.

If the wind is stronger, it seems to be able to draw down this thin figure.

But he was sitting on the edge, and his left was thirty-two stories high, and the boy's face didn't show a trace of fear.

Instead, he took out a stack of banknotes from his pocket with great interest.

There seemed to be a rain of banknotes in the sky, and the people downstairs were shocked from the beginning to swarming and grabbing them.

Then the boy took out another thing that looked like a piece of grass from his pocket, and smelled it.

The boy also lost interest in the grass, and raised his hand in the air, as if in the next second, the fate of this grass would be thrown down by him like a banknote before.

"Wait!"

At this moment, a voice stopped him.

Chapter: 689

The sudden sound shocked the boy sitting on the edge, his body almost swayed, and he fell like this.

The people who came were not others but Yu Sheng and Zhu Xiaoshu. They checked all the surveillance

in the mall and only then discovered the whereabouts of the thief.

When Yu Sheng saw that the thief was about to throw the dragon beard he had taken, he almost scolded his mother in a hurry.

He didn't feel sorry for one hundred million, but the dragon beard is indeed rare in the world, and the one he finally got was destroyed like this, and I don't know when I will encounter it again.

The boy stood up and looked at the two people who were chasing him. His eyes were full of disdain, but his hand put the dragon beard into his pocket.

He could see from Yu Sheng's eyes that this grass seemed to be useful.

When Zhu Xiaoshu saw the thief, his temper came up, and it was the person in front of her that caused her to be wronged by so many people.

"You little guy, the little one in your grade actually steals things. My sister must spank you." Zhu Xiaoshu said angrily.

Yu Sheng was about to take a step forward, but who thought that the boy took out the dragon beard again, that posture seemed to say that if you take a step forward, I just threw it down.

Upon seeing this, Yu Sheng hurriedly stepped back two steps and said: "Don't don't don't, this is a rare top-quality dragon beard, even if you use it yourself, don't destroy it. It's a pity."

The little boy looked a little surprised at the grass in his hand. He obviously didn't believe the rest of his life, but he put it back in his pocket.

No longer wanting to waste time with the person in front of him, the boy twisted his body and wanted to go around Yu Sheng and Zhu Xiaoshu at his own extraordinary speed.

Seeing that he was almost at the door, he was arrested, and the whole person was lifted in the air.

"Why, I didn't say you can go." Yu Sheng lifted the boy directly with one hand, and said with a smile on his mouth.

Although this guy's secretive ability is very good, if he slipped away under his nose, wouldn't it not give him the face of the master at all?

The boy was shocked. He was extremely conceited. He didn't even think that he would be caught by Yu Sheng. After struggling hard for a few times, he quieted down when he found that it was useless at all. At this time, his ass was kicked fiercely, and the boy's face immediately became ugly, and he turned his head angrily, only to realize that Zhu Xiaoshu had actually kicked it.

For this naughty, lively, and even funny apprentice, the rest of his life was speechless for a while, and his hands directly pressed a few acupuncture points on the boy's body, sealing his martial arts and then letting him down.

Immediately he took the dragon beard grass back and put it back in the jade box.

This person's secret ability made the rest of his life jealous, and then he planned to take the boy back to study and study, to see what his identity was.

In the car back, Zhu Xiaoshu looked at the handsome boy, and immediately squeezed his hand on the boy's face while itching for a while.

Immediately, Zhu Xiaoshu showed a satisfied smile on her face. She liked the texture of the boy's face very much.

The boy's face was gloomy, if it were not for his strength, he would definitely kill the girl who was playing with him in front of him, shattering the corpse!

"Hey! Why are you not talking?" Zhu Xiaoshu asked curiously.

For the rest of his life, he was also curious about this question. The boy seemed to have never said a word from beginning to end.

Is it really dumb?

The boy still didn't answer Zhu Xiaoshu's question, but looked out the window with an arrogant expression, but he looked rather naive.

After returning to the cherry blossom meeting, Yu Sheng put the secret of Longxuecao away, and ordered Zhu Xiaoshu to be optimistic about the little boy. Only then did Yu Sheng rush to the address sent by Zhang Wanqiu.

Chapter: 690

On the way, Yu Sheng called Du Fei and told him to send more men to protect Zhu Qingshan in secret, knowing that Tokugawa Haruko's martial arts were superb, and Du Fei and the others could not deal with it.

So for the rest of his life, Du Fei was asked to carry a gun. If the Tokugawa brothers and sisters really threatened Zhu Qingshan's life, they would be killed with one shot.

But this is also the worst plan, after all, there are other things for the rest of his life to take Tokugawa! Yu Sheng knew that Takeshi Tokugawa and Haruko Tokugawa came for the purpose of Zhu Qingshan's medicine that can treat paralysis.

Take it back to the island country, test the ingredients from it, copy the same, and get huge profits from it.

Therefore, for the rest of his life, he will dig a big hole for the Tokugawa brothers and sisters.

At this time, the Tokugawa brothers and sisters in the five-star hotel didn't even know that Yu Sheng had compiled an invisible big net to trap them firmly in it.

When Yu Sheng arrived at the school, it was already seven o'clock in the evening, and Zhang Wanqiu was standing at the gate of the school waiting for him.

Seeing Yu Sheng getting off the car, Zhang Wanqiu ran over anxiously. Without saying anything, he took Yu Sheng's hand and trot all the way.

"Hurry up, my girlfriend is going to jump off the building now, you come and have a look with me!"

For the rest of my life, he didn't expect things to happen so quickly. Zhang Wanqiu told him about it at noon. In the evening, her best friend wanted to die again.

Before he could think about it, Yu Sheng let Zhang Wanqiu hold his hand all the way to the girls' dormitory building.

At this time, there was a group of people around 20 to 30 meters away from the girls' dormitory building.

Without staying, Zhang Wanqiu took Yu Sheng's hand and ran into the female dormitory building.

At this time, the housekeeper aunt didn't know where she went. In short, the rest of her life came to the sixth floor where Zhang Wanqiu's best friend lived unobstructed on the first floor.

There was a crowd around the door of 603's dormitory, and Zhang Wanqiu and Yu Sheng finally squeezed in. The principal of the university and the girls in the dormitory of Zhang Wanqiu's best friend were in the dormitory.

On the balcony, a girl in thin clothes was sitting there. Her appearance was outstanding, but she was still a bit worse than Zhang Wanqiu, but she was also a rare beauty.

"Student Wei Yiran, come down, why are you doing stupid things when you are so young?"

The principal tried to persuade him with all his heart, but Wei Yiran still didn't move his eyelids, as if he couldn't hear him.

At this time, the principal saw Zhang Wanqiu coming in and said quickly: "Zhang Wanqiu, please

persuade her! She won't listen to anything I say."

Zhang Wanqiu nodded heavily, then looked at Wei Yiran on the balcony, and said distressedly: "Ranran, come down, just as I beg you."

Hearing Zhang Wanqiu's words, Wei Yiran turned her head to look at Zhang Wanqiu, her mouth stretched out and she gave a wry smile.

Then she looked away from Zhang Wanqiu's body again, staring hollowly at the moon in the sky, she looked like a doll that lost her soul.

Wei Yiran's voice was a bit dry and dumb, but it must be nice to hear, but what she said from her mouth was very depressing to the people at the scene.

"Late autumn, today's moonlight is so beautiful. It's a pity that I won't be able to see it anymore. I've been waiting for you here, just want to see you. When I see it now, I'm relieved."

Hearing this, Zhang Wanqiu's always cold-hearted Miss Zhang's tears were like broken pearls, and she couldn't stop falling down.

The voice choked and said, "Ran Ran, is it worth it for a man? Is this way to end your young life?"
