

Dont mess 701

Chapter: 701

Yang Zihuan called and told him to go to the hospital. Yu Sheng wanted to ask questions directly on the phone, but Yang Zihuan didn't even give him this opportunity.

So he can only leave for the hospital now.

After leaving the Sakura Club, Yu Sheng drove a car at will. Coincidentally, the driver this time was the one who came back to rescue Zhang Wanqiu last time.

As soon as Yu Sheng got into the car, the driver's eldest brother recognized Yu Sheng and greeted Yu Sheng with a smile: "You are the little brother again? Why didn't you see your beautiful girlfriend this time?"

Yu Sheng looked helpless and had to explain: "The one last time was not my girlfriend. Go to the Central Hospital!"

Seeing that Yu Sheng didn't want to talk to him, the driver's eldest brother closed his mouth angrily. He was quiet all the way, and the taxi quickly reached the hospital in the city center.

The money was given, and the rest of his life got out of the car and walked into the hospital.

At this moment, there were noisy voices behind him, three men, two women and five people. Among them, a middle-aged man carrying an old man in his seventies or eighties was running in his direction. Immediately, Yu Sheng was pushed aside by this group of people, watching them rush into the hospital and disappear into Yu Sheng's sight.

After being hit by someone, Yu Sheng didn't take it seriously. Just now, he noticed that the old lady had a dark face and was probably rushing to help her.

After walking for a while, Yu Sheng saw those people again!

"Mom, hold on for a while. The hospital is busy now, and the doctor will come after a while." The middle-aged woman was so anxious that tears came out of her eyes.

And the old lady's face turned dark purple, her eyes were about to burst out, her hands covering her neck, she looked a bit hideous.

Yu Sheng could see where the problem was at a glance. If she didn't save the old lady, she wouldn't be able to hold on for two minutes, she would definitely die!

For the rest of his life, without hesitation, he rushed forward with a healthy stride.

Pushing the group of five people around the old lady to one side, Yu Sheng held his breath and lingered in his palms, found the correct position, and hit the old lady's back.

"Puff"

The old lady squirted out a mouthful of blood, and closed her eyes as soon as she softened in the next second.

Because Yu Sheng's movements were too fast, and it only took a few seconds, the five people present still did not react, and the old lady was vomited blood by Yu Sheng.

All five of them looked at Yu Sheng with an angry expression. In their opinion, Yu Sheng slapped their mother to death.

One of them, a tall middle-aged man, rushed up and grabbed the rest of his life in a hand, and said angrily: "You...you actually killed my mother? I have to make you pay for it today!"

After a while for the rest of his life, he was surrounded by these three men and two women, all of them staring at him and treating him as a murderer.

Everyone had noticed that there was something the size of a peach pit in the pool of blood on the

ground, and the purple color on the face of the old lady who was spitting out the blood slowly receded. There was a tall, thin man with a violent temper, and he smashed Yu Sheng's face with a punch. Yu Sheng leaned forward and easily avoided. If he wanted to do something, he would be able to easily solve these five people in a minute.

But they were in the hospital now, and they didn't want to make trouble for the rest of their lives, so they explained: "You have misunderstood, I was saving this old man just now!"

The five people only knew that their mother was vomiting blood in the palm of the rest of his life, how could they believe that he was saving people.

Yu Sheng explained for a long time, these five people still didn't believe it. If they did, Yu Sheng could only defend, and they were in a dilemma.

At this moment, Gao Qing, who came out of the bathroom, saw the situation here.

Looking at the person in the crowd, he said: "Why are you so like that waste for the rest of your life!"

Chapter: 702

Gao Qing walked over, patted one of the five women on the shoulder, and asked, "Beauty! How can this person offend you?"

The middle-aged woman turned her head and said angrily: "This man, I just slapped my mother to death and said nothing to let him go."

Killed for the rest of my life...

Gao Qing didn't react for a while, and then saw the old man lying on the chair beside him and the pool of blood on the ground almost certain.

The rest of my life really killed someone!

Gao Qing swallowed, thinking about it quickly, if these five people find out that she is the rest of her life's mother-in-law, maybe she won't be able to leave!

Thinking of this, Gao Qing wanted to take advantage of the rest of his life to find him and quickly slip away.

"Mom! What the hell did Yang Zihuan tell me to come to the hospital?"

At this moment, Yu Sheng shouted at Gao Qing.

Only then did the five set their gazes on Gao Qing's body. The lanky man caught Gao Qing without saying a word, and asked, "This man is your son?"

Seeing the man's ferocious look, Gao Qing shuddered in fright, and shook her head quickly to deny: "No, you admit it wrong, I am not the mother of this trash, besides, my daughter is about to divorce him, and I have no relationship with him. related."

As soon as Gao Qing's words fell, she was slapped severely in her face. It was the tall and thin man who had slapped her.

The tall and thin man cursed: "Lie to Lao Tzu, you are this kid's mother-in-law! You just came here."

Immediately, the thin and tall man looked at Yu Sheng's body and said, "You can hide from you, I can't beat you, but you can't help but report the grudges you took my mother to death, so I'll give your mother to you today. Killed."

I was speechless for the rest of my life, and once suspected that this thin and tall man's brain was only discovered by walnuts, otherwise the brain circuits would be so troublesome.

But he had long wanted to see Gao Qing suffer.

So he deliberately said anxiously: "You can hit me, don't touch my mother!"

Seeing this, the tall and thin man sneered, then slapped Gao Qing's face with a slap, showing no mercy

at all.

That bitterness in Gao Qing's heart!

She was just thinking about watching a hot coax, but she didn't even think that she would be involved by the waste of Yu Sheng.

I greeted the eighteenth generation of Yu Sheng's ancestors in my heart, but kept explaining that she didn't know Yu Sheng and had nothing to do with Yu Sheng.

Just when the scene became very chaotic, the old man who had been lying in the chair woke up and coughed twice.

Now everyone turned their heads, and the faces of the five people in a group showed shocked eyes. They didn't expect that their mother would come back to life again.

Regardless of going to fight Gao Qing, the five people gathered around the old lady and asked with concern.

"Mom, are you okay?"

"You are fine. We thought you were dead just now! You scared me to death."

"Mom, you just have nothing to do, and nothing is just fine."

Seeing that his children are so filial, the old lady showed a gratified smile on her face.

Said: "I just wanted to eat a peach. I didn't even think that I accidentally swallowed the peach pits.

Fortunately, the young man had just photographed it, otherwise I would have no life. "

Hearing that, the faces of all five of them showed weird expressions. They turned their heads to look at Yu Sheng and Gao Qing, who had been slapped a few times. They didn't know what they were talking about for a while.

At this time, the oldest of the five people came to Yu Sheng and said apologetically: "I'm sorry, I didn't know that you saved my mother, and I blamed you. This caliber is one million. Thank you for your life-saving grace to my mother."

With that, the man took out a card from his pocket and handed it to Yu Sheng.

For the rest of his life, he just took a look, and didn't take it over, he just raised his hand.

Moreover, with the help of their hands, Gao Qing was taught a lesson. For Yu Sheng, it might not be a bad thing.

Seeing Yu Sheng's stupidity, Gao Qing grabbed the card and said, "Since I don't want it for the rest of my life, then I will treat you as compensation for the medical expenses!"

Chapter: 703

The middle-aged man felt a little displeased when he saw Gao Qing snatching Ka over. After all, when she was beaten just now, he had been talking about his relationship with Yu Sheng.

In this case, naturally, she can't give her the money.

"Didn't you say that you don't know him? Why do you want to steal the money I gave to this gentleman? Believe it or not, I will call the police to catch you!"

Gao Qing immediately became displeased when he heard that, and retorted: "I said I don't know Yu Sheng, you guys even beat me, now what's wrong with paying me some medical expenses?"

Yu Sheng waved his hand and signaled that it would be fine. He really didn't bother to see him like a mother-in-law who was thirsty for money.

Listening to the apology of the group of people, Yu Sheng just smiled, and it made sense to understand what they did.

The two came to Yang Ling's ward and saw a pillow smashed toward him for the rest of their lives as

soon as they came in.

For the rest of his life, he reacted relatively quickly. With a flash of his body, the pillow passed by his side and hit Gao Qing's face behind him.

"Yu Sheng, you really dare to come, the woman you brought almost made me cut off children and grandchildren, and I ended up with you!" Yang Ling yelled at Yu Sheng.

Gao Qing also has a look of anger. Since Yu Sheng this guy appeared, she has been unlucky.

He didn't care about Gao Qing's mother and son. Yu Sheng set his eyes on Yang Zihuan and asked, "Is there anything you asked me to do? Let's talk about it now."

Yang Zihuan bit his lip, and finally made up his mind, and said: "For the rest of my life, I hope you will go to the Yu's house in Beijing to share your wealth."

The purpose of calling myself here is to let him divide the family property?

For the rest of my life, I am not a fool, and I can guess it vaguely. This is to divide my family property first, and then divorce myself.

Sure enough, in her Yang Zihuan's eyes, the love of the two of them for so many years was not without the word "money" in the end.

Yu Sheng sneered and said: "Yang Zihuan, tell me how much money you want. I only need Xiaoshui's custody rights. You don't regret coming to me in the future."

"Please?" Yang Ling couldn't help laughing out loud. What kind of self-confidence does his trash brother-in-law have? Can actually say such a big thing.

"For the rest of your life, don't be embarrassed here anymore. After all, you are a soft food. It is a great thing for my sister to divorce you. It is impossible to regret it in this life, let alone beg you!"

Yang Ling said word by word, he already hated Yu Sheng to death, because of him, his convenience was affected.

"You've all had an affair outside. If you get a divorce, at least you will have to pay my daughter 10 billion in mental losses." Gao Qing said directly.

She has a small calculation in her heart!

For the rest of his life, he was the young master of the Yu family in Beijing, and the Yu family in Beijing earned a lot of money and hundreds of billions of funds. He could divide at least 20 to 30 billion.

With so much money, of course she knew that she really couldn't afford it, so she dared to say 10 billion. Don't look at her always wanting Yu Sheng to clean up the house, but tens of billions, even if Yu Sheng really gave it to her, she would not dare to really want it.

Yu Sheng looked at Yang Zihuan and asked: "Are you sure you want 10 billion? Then give up the custody of the child?"

Yang Zihuan nodded without thinking, "I can give you the custody of my son."

At this moment, Yu Sheng pulled a bitter smile on his face, and finally laughed out loud, this family! Sure enough, money is regarded as fate.

Obviously they knew that they regarded money as their fate, but at this time Yu Sheng still felt his heart sting.

"I'm going to take Xiao Shui away now. From now on, he will have something to do with you Yang Family." Yu Sheng said coldly.

At this time, Gao Qing pushed Yang Zihuan a bit, and urged: "Since he has promised to give us 10 billion, don't you hurry up to find Xiao Shui and let him take it away."

Yang Zihuan didn't speak, and turned around to look for Xiaoshui in the next ward.

For about ten minutes, Yang Zihuan said anxiously, "Xiao Shui is gone!"

Chapter: 704

Xiaoshui is indeed gone!

For the rest of their lives, Yang Zihuan and Gao Qing turned this huge hospital upside down, and there was still no sight of Xiao Shui.

At this time, Gao Qing sat down on the chair, panting and said: "Let's rest! My old arms and legs are about to fall apart."

"Mom! Xiao Shui is gone, what are you going to rest for! Get up and find someone!" Yang Zihuan urged with an anxious expression on his face.

But Gao Qing just waved her hand and didn't get up from the chair. Instead, she said indifferently:

"Anyway, you are about to get divorced, so let's forget it!"

Gao Qing didn't care very much. She didn't want her daughter to have an oil bottle in the future. Even if she found Xiaoshui, she would support her for the rest of her life. What does it have to do with her?

There is no need to work hard for a wasteful child.

not worth it!

For the rest of my life, my eyes are blushing when I hear this. What does it mean to have a child?

Isn't Xiao Shui dispensable in the eyes of their family?

For the rest of his life, he was worried about Xiaoshui's disappearance. Now Gao Qing's words completely ignited his anger.

Yu Sheng directly pinched Gao Qing between his hands and lifted her whole person from the chair.

Gao Qing's feet couldn't touch the ground, and she desperately broke the hand that Yu Sheng was holding on to his neck, her mouth wide open and she couldn't say a word.

"Is Xiao Shui so dispensable in your eyes? Is his life and death so unimportant in your hearts?" Yu Sheng gritted his teeth and said word by word.

Seeing that Yu Sheng was almost about to pinch Gao Qing's neck, Yang Zihuan rushed out and slapped Yu Sheng's arm, and said anxiously: "Yu Sheng, my mother didn't mean that. You should let her go and let her go again. I'm going to be strangled to death by you!"

Yu Sheng was a little awake now, but still didn't like Gao Qing and threw her aside like rubbish.

Looking at Gao Qing who fell to the ground and coughed constantly, Yu Sheng did not have a trace of pity, but coldly said: "Let me hear those words again, I don't mind taking your life."

Leaving this sentence for the rest of his life, he turned and left. His most important purpose now is to find Xiaoshui.

Yang Zihuan helped Gao Qing on the ground up, and asked with concern: "Mom, are you okay?"

"What's wrong! I was almost choked to death by the waste of Yusheng just now. Does he still have my mother in his heart? Daughter! You must divorce him!" Gao Qing said in a very firm tone.

Just now, she was almost strangled to death by the rest of her life, how could she not be afraid.

...

For the rest of my life, I was still looking for Xiaoshui, and I would stop and ask if I saw anyone.

He was also upset, a little flustered.

Xiao Shui is his Ni Lin, and when he heard that something happened to Xiao Shui, his whole mind suddenly became confused.

There was an old man sitting in the registration place at the entrance of the hospital. It looked like he had been sitting for a long time. The rest of his life remembered seeing this old man sitting here when he came.

"Old man, have you ever seen a four-year-old boy who is very cute and has two little tiger teeth when

he smiles." Yu Sheng asked eagerly.

"I did see a little boy who looks like four or five years old. I don't know if it's the person you're looking for." The old man said slowly.

Hearing this, Yu Sheng had hope in his heart, and said eagerly: "Old man, do you know where he has gone?"

At this time, the old man shook his head and said: "I only saw him out of the hospital. I don't know anything else, but there is something I think I need to tell you."

For the rest of his life, he was anxious, and now the whereabouts of Xiaoshui is unknown, and I don't know if it will be in danger. I'm struggling so much that I plan to stay for a while to see what the old man wants to say.

"Recently, there are often missing children in the hospital area and within a radius of ten miles. Two days ago, I heard that someone saw the body of a missing child in the suburbs. The belly was thrown away and all the organs inside were dug out."

Said that the old man sighed, as if he was sorry for the children who died.

Chapter: 705

The missing child was thrown away, all his organs were dug up, and the corpse was thrown into the wilderness...

Yu Sheng's body trembled unrecognizable when he heard these words, he couldn't imagine Xiao Shui would encounter such a thing.

For the rest of my life that has always been in danger, the whole person's brain is not functioning normally at this moment.

At this time, Yang Zihuan's voice spread behind him.

"For the rest of my life, is there any drop of water?"

Yu Sheng's face was covered with haze, and there was a kind of murderous air from all over his body, which made Yang Zihuan who ran over not far away shocked.

Yu Sheng's voice was gloomy, and he told Yang Zihuan what the old man had just told him.

Then Yu Sheng asked again: "Why did Xiao Shui disappear? What were you doing when you were a mother?"

Facing Yu Sheng's questioning, Yang Zihuan was full of guilt. At that time, she was talking to Gao Qing and Yang Ling about divorcing Yu Sheng.

And don't want the custody of Xiaoshui.

Thinking of this, Yang Zihuan couldn't wait to commit suicide. Xiaoshui's disappearance had an unshirkable responsibility for her.

Even if she doesn't want Xiaoshui's custody rights, Xiaoshui is always her child. In case she really encounters such a thing, she may not be able to forgive herself in this life.

Yang Zihuan cried bitterly, clutching Yu Sheng's arm and crying, "Yu Sheng, your contacts are so wide, you will definitely find Xiao Shui, right? He will be fine, right?"

Yu Sheng shook his arm in disgust, and shook Yang Zihuan holding his hand aside, and said coldly: "Don't deceive yourself here. If something happens to Xiaoshui, I will let your family bury him!"

After leaving the hospital, Du Fei made progress for the rest of his life. Du Fei called and asked Chen Bin to stay and secretly protect Zhu Qingshan. All the other subordinates went to find someone.

The movement of Yu Sheng was not small, and soon the Chen family and the Zhang family knew that Yu Sheng had encountered something, and they sent everyone they could call to help Yu Sheng find

someone.

There are also people who have been blessed for the rest of their lives, as well as those who want to use this thing to curry favor with the rest of their lives, also mobilize people to find people.

Things for the rest of his life almost caused a sensation in the upper class of Qiancheng.

...

In a villa in the suburbs.

At this time, Yang Xiaoshui was thrown into a room. There were four or five children in the room, nearly ten years old, and the youngest was only two years old.

There was a lot of crying in the room, all clamoring to go home, but Xiao Shui was sitting there quietly, he was also very scared, but his father told him that a man had tears and would not flick, so this time he didn't have any. cry.

At this time, a little girl noticed Xiaoshui. The little girl stretched out her finger and carefully touched Xiaoshui and asked, "Aren't you afraid?"

Xiao Shui nodded without thinking, and said, "I'm afraid, but I believe my father will come and save me."

The little girl looked very young and was about the same age, but her eyes were soggy that it was obvious that she had just cried.

The little girl put her hand in her pocket, fumbled for a while and took out two candies, and handed one of them to Xiao Shui.

"Give you candy."

Xiao Shui also peeled off the peel and ate it without being polite. At this moment, it seemed as if she was so scared in her heart.

Suddenly, the door of the room opened, and the man with arms walked in. He happened to be beside the two of them, and walked out while holding one of them.

The little girl and Xiao Shui were dragged into a room by the man with arms, and the room was empty with a bed.

There is also a man who is holding a scalpel in his hand at this time, waiting to do something...

Xiao Shui and the little girl were struggling desperately. After all, the power gap was too great, and the struggle between the two of them didn't make any difference at all.

At this moment, the man with a flower arm was bitten fiercely on the hand, and the blood came out.

The flower-armed man scolded angrily: "Damn you dare to bite Lao Tzu, just dig you first, it hurts you to death!"

Chapter: 706

The flower arm man threw Xiao Shui directly onto the wall with a forceful hand. Xiao Shui's head hit the wall directly, and his body slid to the ground, thus fainting.

The little girl still wanted to struggle, but the man with arms freed his hand, and when he raised his hand, he slapped the girl's face with a slap.

In an instant, a few fingerprints appeared on the girl's face, and there was blood on the corners of her mouth.

The girl's eyes were half-squinted, and the whole person was beaten up a little bit dumbfounded. In a daze, he was led by the flower-armed man to the only bed in the room.

Immediately afterwards, she fixed her limbs to prevent her from struggling.

The other man, who also didn't wear gloves on his hands, rubbed scissors and a scalpel twice, making a harsh metal collision sound.

And there is a box next to the man, which is used to store things. There is no sterilization in the room, and there is no so-called narcotics.

The two seem to have become accustomed to such scenes. One of them spit on the girl's face and cursed: "Don't blame us. Who made you unlucky enough to be caught by us?"

Don't worry, your little friend will accompany you down soon, and then you will be considered as a company."

The girl's eyes widened in horror, her limbs were already fixed, and there was no way to move, so she could only shake her head.

He yelled nonchalantly: "Help, come here! Help!"

The flower-armed man sneered and said: "Don't waste your effort, do you know where this is? There is no one in the wilderness here that can find it."

"Don't struggle anymore, invest in a good family in your next life, don't meet us!"

From the beginning, the heart-piercing cry gradually became quiet, only the sound of liquid dripping from the bed to the ground.

"Patter" and "Patter" one after another, it is enough to make people creepy.

The man satisfactorily put all the organs he took out in the box, and then put the bloody knife aside.

Then the man with arms took the big box, with a satisfied smile on his face, and said, "Second brother, just how can I say it can make a total of 20 to 30 million. I brought that little boy back over there. I must Give me more points."

The second man was holding a towel and wiping the blood on his hands. Hearing what the man with arms said, he casually coped with: "This is for sure. As long as your ability is good, money is indispensable for you."

"Go and bring the box over, and get another one. There is a little boy who still doesn't want to take it! Don't waste your time by chirping here. You can't wait for that thing."

The flower arm man glanced at the box he was holding, responded with a confession, then trot out and went out.

During the conversation, no one ever looked at the girl who was already breathing in the bed.

She was lying on the bed just like that, the cute little girl, the expression on her face was a bit hideous at this time, and her eyes were open and round, almost bursting out.

It can be seen how much pain she endured during her lifetime.

Her belly was deflated at this time, and there was a long opening in the middle, and the red and white flesh inside was clearly visible.

At this time, the second child had wiped his hands clean, and then his eyes fell on the girl's body on the bed.

After a disgusted look, he immediately unlocked the locks that held it's limbs, then lifted his leg and kicked the corpse off the bed.

With a muffled sound, the corpse fell to the ground and was in a pool of blood.

Chapter: 707

An hour ago, it was still a living life, afraid, crying, laughing, and caring for others.

Now she just lay quietly in a pool of blood, ending her young and fresh life.

And those executioners who did this kind of thing had a trace of guilt, their eyes were all blinded by money, and they treated other people's lives as ants, ruthlessly crushed.

I don't know how many innocent children are in their hands, who have lost their precious lives because

of their greed.

The muffled sound awakened Xiao Shui who was in a coma. Before, the man with a flower arm smashed Xiao Shui on the wall, his head was knocked with a scar, and now there was blood flowing out.

As soon as he woke up, Xiao Shui felt the pain on his forehead, but the scene before him completely shocked the four-year-old.

Obviously that girl played with him before, so why is she lying motionless on the ground now?

Xiao Shui staggered over, grabbed the little girl's water, tears could not stop flowing down, choked and said: "You wake up soon, my dad will save us out, wake up soon, then I will let me Dad buys you a lot of sweets to eat."

There was no reaction, the little girl's cold hands seemed to tell Xiao Shui that she hadn't heard anymore, and there would be no chance to eat sweets with him anymore.

Four-year-old Xiao Shui already understands, what does it mean to die? Just leaving this world forever, the little girl in front of her was already dead.

At this moment, Xiao Shui's heart was not afraid, but full of sadness, the sadness of losing a good friend. He saw the long wound on the little girl's stomach, Xiao Shui wanted to reach out and cover her, she might not hurt so much.

It's a pity that Xiao Shui's hands are too small, and the wound on the girl's stomach is too big. Just pressing on it, her entire hand sank in.

Can't help the sadness in his heart anymore, Xiao Shui cried bitterly, any man who had tears but didn't flick, all was thrown behind his head.

The fear in his heart was like a big net overwhelming like a small water. Although she was only four years old, he could understand that he would die like a little girl.

"Dad, I'm scared, come and save me! Xiao Shui is so scared!" Xiao Shui cried bitterly.

The second child who had been watching coldly saw the little boy crying, and couldn't help feeling upset. Two steps forward, he kicked Xiao Shui's belly with one foot, and he was not merciful in the slightest because he was a child.

The man kicked Xiao Shui two or three meters away with his foot, and stopped until Xiao Shui's body hit the door again.

The second snorted, "Don't cry in Lao Tzu's ear, my brain hurts because of the noise, it's damn annoying!"

He kicked Xiao Shui and spit out blood, which made him roll on the ground holding his stomach in pain. At this time the door opened again, and the man with arms who had gone out holding the box walked back again, holding a box in his hand.

Seeing Xiao Shui by the door, he kicked again in disgust, and then came back to the second child with a smile on his face.

The second child's face was a little displeased, and he didn't show any good looks for the man with arms. He snorted and asked: "Why did you come back after so long this time? The victimized Laozi waited here for a long time."

The flower-armed man put the box on the table, took out the cigarette case from his pocket, took out a cigarette and handed it to the second child, saying, "Oh, don't mention it, when I delivered the things, the third child gave it to I said something, isn't it a delay!"

With a puzzled expression on the second child's face, he asked: "What did the third child tell you?"

Chapter: 708

The flower-armed man lit his second child on fire first, then lit himself again, and took a bit of a cigarette before he said, "Damn, I don't know why I've been so unlucky lately, here in Qiancheng. Suddenly it was very strict."

"The glasses I used to partner with were almost caught, and the ducks that were about to get all flew away."

Hearing this, the second child became even more puzzled. Although they were risky in doing this business, it was very secretive. After they got up, there were big people behind them. Even if they were discovered, some people would support them.

Who on earth is not long-eyed, dare to have trouble with them?

Thinking of this, the second child asked: "Do you know who is who grabs the glasses?"

"Don't tell me, I really know a little bit about this. It seems that our famous waste Yusheng son in Qiancheng has been lost. We know that we have caught him, so now we are engaged!" The flower arm man didn't care at all. Said.

Qiancheng is famous for the rest of his life, a son who eats soft food, even if he really kills his son, what can he do?

If he dares to come, just give him a solution! At that time, maybe you can still play with that famous big beauty in Qiancheng.

The second child casually threw the cigarette butt on the ground, snorted disdainfully, and said, "The trash who eats soft food is so capable of calling the police.

But there is a big man behind us. If he dares to coax him down, he will send a few people to his house and kill them! "

In the eyes of people like them, they don't take human life seriously anymore, and it's just a matter of trying to kill someone!

"Stop talking, hurry up and take care of that kid! I have to go cool after I'm busy!" The second child said impatiently.

When I think of the girl in the club I went to two days ago, my second child feels a little irritated, just thinking about solving the problems here and getting a better one!

...

Sakura Club

"Is there still no information?" Yu Sheng asked in a deep voice.

"I'm sorry, Brother Sheng, the people under your hand are still not coming back. I will call as soon as there is a message." Du Fei paused and comforted: "Brother Sheng, please calm down first. Xiao Shui will definitely be able to see you. It's nothing."

"Calm down? How can you calm me down?" Yu Sheng roared and slapped his palm on the table. This palm used his full strength.

With a loud noise, the table fell apart, and a large hole was sunken in the floor.

During the two days of investigation, based on external monitoring, it is almost certain that Xiao Shui was taken away by the gang of people who sold human organs.

The longer the time, the more dangerous Xiaoshui will be, and maybe sometime he will encounter those people's poisonous hands.

Today's Qiancheng, major airports, and railway stations all have Yusheng sent in the past. As long as there is a message, Yusheng will be notified as soon as possible.

The city of Qian has been besieged up to the sky, and all the exits that can leave the city of Qian have been blocked. Now I only need to quickly search all over to find those people.

Looking at his brother, he was haggard and awkward in just two days, Du Fei was in his heart for a while. There is no longer any longer to stay, now every minute of the past, Xiaoshui is a little more dangerous, Du Fei continues to invest in the ranks of finding people without saying a word.

For this matter, he hadn't closed his eyes for two days and two nights, and had been working hard to find someone.

With a flash in front of him, Du Fei felt as if he had stepped on the cotton, and then he fell to the ground.

Yu Sheng hurriedly inspected it and found that Du Fei was only fainted, so he felt relieved.

"Take a good rest! I will definitely find Xiaoshui!" Yu Sheng said with great certainty.

Chapter: 709

"Patriarch, Patriarch, the man with glasses you were following has now found a clue!"

A man in a black suit and black sunglasses ran in and reported to the man in charge.

Hearing this sentence, Zhang Shengquan stood up directly from the chair, his expression of excitement, finally let him find out the result first.

The man with spectacles was accidentally seen by his subordinates. He was the same person in the surveillance at the entrance of the hospital, so Zhang Shengquan ordered someone to follow, and now he was able to find out the result.

His heart was very excited.

This time, it was not only the Zhang family who helped Yu Sheng find Xiaoshui, but even the Chen family's head, Zuo family, Lei family, and Zhu Qingshan all ordered to go down.

The Zhang Family, Chen Family and Zhu Qingshan both wanted to help Yu Sheng find Xiaoshui, while Zuo Jia Lei's family undoubtedly wanted to catch Xiaoshui to threaten Yu Sheng.

"Did you find out where their nest is?" Zhang Wanqiu asked hurriedly.

Zhang Shengquan just smiled. Seeing his daughter so anxious about the rest of his life, he, the father, has always been in his eyes.

Therefore, he plans to give all the credit this time to Zhang Wanqiu, so that he can make a good impression for the rest of his life.

It is convenient for them to cultivate feelings in the future!

"It's a villa in the suburbs." The black clothes replied.

"Now that you know the place, in late autumn, you can call psychiatrist Yu as soon as possible, maybe he is in a hurry now." Zhang Shengquan urged with a smile.

Zhang Wanqiu glanced at his father, knowing what he was thinking, blushing on his small face, picked up the phone and called Yu Sheng.

Soon, it came through the phone, and the rest of his life had a suppressed low voice: "Is there something wrong?"

This made Zhang Wanqiu a little distressed, so he hurriedly said: "For the rest of your life, don't worry, we have found the nest of those people."

"What! Really?"

For the rest of his life, the hands of these mobile phones were a little trembling, and now I heard Zhang Wanqiu say that he had found the den of the group of people, and couldn't believe his ears for a while, and even thought he was dreaming.

"If you find it, come here first. I'm here to gather people to rescue Xiao Shui when the time comes." Zhang Wanqiu said.

“Okay, thank you!”

Just as Zhang Wanqiu wanted to hang up the phone, Yu Sheng’s thanks came from over there, which made her body startled, and she didn’t react for a while.

Yu Sheng actually said thank you to him?

Inexplicably happy, Zhang Wanqiu had hung up the phone when she went to look at the mobile phone, but she still held a mobile phone and stood there in a daze.

When the Zhang family found clues, it quickly reached the ears of several other families.

Chen Jianpeng was deeply regretful in his heart. How could such a good opportunity to get into a relationship with Yu Sheng for Zhang Family to grab it?

After thinking about it again, there is just a clue, and there is no way to rescue people. As long as you can make a little effort here, you may still have a chance to make a good impression for the rest of your life.

So he took all the subordinates of the Chen family who could be transferred to rescue Yu Sheng’s son Xiaoshui.

There are not a few people who have such thoughts, even Zhu Qingshan, who has no influence, has attracted his granddaughter.

When everyone met in a certain suburb of Qiancheng, they were all dumbfounded.

A villa in a suburban area.

The man in glasses ran inside in a panic, the cold sweat on his forehead kept flowing down, his legs trembling and he couldn’t walk.

Pushing open the door, I saw that the second child and the man with a flower arm were packing up the tools for the operation.

“Run!” the man in glasses shouted.

Chapter: 710

The sudden sound surprised the two who were in the room preparing to put away the things for surgery.

In an instant, there was an extra hole on the hand, and the blood flowed out in an instant. The second child hissed with pain, and then glared at the man who rushed in.

Putting the knife, hurried to the person, kicked him directly on the stomach, and cursed: “Damn, don’t you know if you knock on the door and come in first?”

I’m still busy with business, get out of me quickly, or I will give you a discount on my legs, grass!”

The spectacles man was kicked, and he didn’t slow down for a long time.

The flower-armed man also looked depressed at the spectacle man, thinking in his heart, how his partner was rash today, don’t you know the second brother hates not to disturb him when he is doing business?

The second child who kicked the spectacles man had walked back and sat on the chair with a tired face, and was about to smoke a cigarette.

At this moment, the man with glasses said again: “Second brother, now is not the time to compete with me, let’s run first! Someone has already rushed towards us.”

“Grass!” The second child obviously had patience, and slammed the lighter to the ground. Because of the force used, the lighter bounced Lao Gao.

The second child quickly came to the man with glasses, reached out his hand and grabbed his collar and asked: “Fuck, you’re not finished, believe it or not I will plan you today!”

The flower-armed man came over and persuaded: "Second brother, don't do it. Glasses are not usually such a reckless person. Didn't he just say that someone has come to us?"

The second child's anger was not subdued because of the words of the flower arm man. There are more than a dozen thugs here, all of whom are not weak, and he has a gun on his body.

Besides, there are big people behind them, and even people in the police station dare not take care of their affairs.

Even if you come, you can't treat them like anything, so the second child doesn't treat them as the same thing.

On the contrary, he felt that the man with glasses is becoming more and more useless, so he reached out and slapped his face with a slap, and asked: "How many people have come, can you just ask someone to solve them?"

The man in glasses was holding his face aggrievedly, thinking that he would not have come to tell them to run away, and now he was beaten in vain.

But he still replied: "Second brother, the problem cannot be resolved this time. There are too many people here. Let's run quickly while they are still not here!"

The second child sneered, and subconsciously touched the thing behind him, self-passing: "You should not be a coward like you, don't do our business, go home and work!"

He wanted to see how he had to run away. Today, he was in a bad mood and wanted to kill two people to cheer him up, so he ran to the balcony on the second floor of the villa.

When the man with flowers arms passed by the man with glasses, he also looked contemptuously and said: "Hurry up and go home to farm! Coward."

After speaking, he followed the second child to the balcony to find out.

"If you don't listen to the old man, you will suffer." The man in glasses whispered, he quickly got up from the ground, and ran out without stopping, with no hesitation at all.

He wants to save his life and go to Beijing to report to the boss behind the scenes about the situation here. The life and death of these two fools has nothing to do with him.
