

Dont mess 711

Chapter: 711

At this time, the second child and the man with the flower arm had already pushed open the door on the balcony, and a group of people were greeted by the black pressure.

The flower-armed man sat on the ground as soon as his frightened legs weakened, and the second child staggered. Fortunately, he held the door in time, so that he did not fall.

“What the hell, there are two to three thousand people, right? I’m not dazzled?” The second child rubbed his eyes in disbelief.

The legs of the flower-armed man have been frightened, and the whole person has no way to stand up, crawling outside with difficulty, hoping to run out before those people come.

With so many people, even if all of the dozen or so thugs here have the ability, they can’t do so many people.

I don’t know, I thought I was making a movie. In reality, I met two or three thousand people who came to seek revenge, and I was scared to pee before I knew it!

As long as they were stunned, the people outside had already blocked the water surrounding the entire villa, and even a fly could not fly out.

After getting off the car, Yu Sheng walked quickly to the door of the villa, looked at the big iron door locked inside, and kicked it up.

Cang Dang!

The big iron gate fell to the ground, and even the wall shook. You can imagine the power of this foot for the rest of his life.

If it is kicked on a person, wouldn’t it be directly kicked to several tens of meters away, and the ribs will be broken and lethal on the spot.

For the rest of his life now, like a lion in a rage state, his entire spirit is like a rainbow, and the people behind him can feel how powerful Yu Sheng’s aura is more than ten meters away from him.

Entering the villa, the rest of his life is full of six senses, trying his best to listen to the surrounding movement, hoping to find where Xiaoshui is.

This is the thug in the villa who heard the movement and walked out of the room, just to have a face-to-face encounter with Yu Sheng.

“Boy, don’t you want to live anymore? You even broke in...”

A muscular man didn’t even finish his words. For the rest of his life, he rushed up in a vigorous step, and reached out his hand to pinch the man’s neck.

As soon as I heard the sound of “哧哧”, the man’s limbs fell weakly, and Yu Sheng flung the muscular man’s body aside, staring angrily at the dozen or so men who stood in front of him.

Is this a killer?

Even though they don’t have a few lives in their hands, they have never solved a person’s life as easily as Yu Sheng.

As if in Yu Sheng’s eyes, killing them was as easy as pinching a chicken to death.

This made the group of thugs extremely frightened, no one dared to say a word, for fear that the killing god in front of them would directly choke them to death.

If they knew what Yu Sheng would do with them later, they might beg Yu Sheng to choke them to death now.

At least you don’t have to suffer so much...

How dare some people continue to stand here! Fleeing all around, for fear that the next person to die is himself.

For the rest of my life, I didn't have to chase them. There were two to three thousand people outside, and they couldn't escape even if they wanted to.

The most important thing now is to find Xiaoshui as soon as possible to determine whether Xiaoshui is still safe, or has been poisoned by them.

if the latter one.....

For the rest of his life, he dared not think about it anymore, and accelerated his pace.

Suddenly, Yu Sheng stopped at the door of a room, and he could vaguely hear the crying in the room.

Presumably this is the place where the group of people detained the children. The door was locked. For the rest of his life, he didn't kick open like before.

And I told the kids inside that Uncle is coming to rescue you, and you retreat back, Uncle is about to kick the door.

boom!

The door was kicked open by Yu Sheng, and then Yu Sheng looked for Xiao Shui's figure.

No, there is no water in it...

Chapter: 712

As soon as the children in the room saw the door opened, they ran out one by one, and no one cared about the rest of their lives standing there.

Until the rest of his life was alone in the room, standing there alone, it took a long time to recover.

At this moment, all the tiredness rushed to my heart, and the pain of losing water almost crushed the rest of my life.

After searching for two days and nights, I almost didn't drink a drop of water for the rest of my life, just to be able to get here before Xiaoshui was killed.

Sitting on the ground feebly, a trace of warmth crossed the corner of his eyes, Yu Sheng remembered what he had said to Xiao Shui.

"Don't flick if a man has tears!"

But this time he was the father who cried first. If Xiao Shui saw him like this, he would definitely laugh at him.

Little water, little water, little water...

Yu Sheng kept calling Xiao Shui's name in his heart, he really couldn't accept this fact.

The old scenes were like movies, playing in his mind continuously, as if he heard the sound of Xiaoshui in his ears.

"My dad is not useless."

"Dad eat the first bite first."

"Dad, I will give you your last name from now on, and I will call you Yu Xiaoshui."

"My father is the best!"

Yu Sheng's fists clenched his nails tightly and fell into the flesh, and his eyes were scarlet and almost bleeding and tears.

"what!"

A roar to the sky!

Impossible, Xiao Shui will never die, absolutely not.

"For the rest of my life, have you found Xiaoshui?"

Zhang Wanqiu's voice came from behind, and Yu Sheng did not respond to her, but walked forward with difficulty, searching for Xiao Shui in this huge villa.

At this time, the group of people outside, Chen Jianpeng, Zhang Shengquan, Zhu Qingshan, and the forty or fifty men they brought also walked in.

Seeing what Yu Sheng looked like, everyone guessed a possibility, and didn't dare to step forward to disturb Yu Sheng now, and there was still a glimmer of hope that Xiaoshui could be found.

Dozens of people quickly grabbed some of the thugs in the villa, as well as the man and the second child on the balcony on the second floor.

There is also a group of people helping to search the villa. They have already searched through it, but there are still no people who have found them, and they dare not stop without permission for the rest of their lives.

At this time, Zhu Xiaoshu was ruthlessly punching and kicking the man with a flower arm and his second child, and he was so cruel that he was a little girlish.

Because he has studied martial arts, Zhu Xiaoshu's start is much more ruthless than the men brought by Chen Jianpeng and Zhang Shengquan.

In a short while, the man with arms and the second child could not stand being beaten by Zhu Xiaoshu, and quickly begged for mercy: "Beauty for mercy, beauty for mercy!"

Zhu Xiaoshu kicked the man's belly again and asked, "What have you done to my master's son Xiaoshui?"

Xiaoshui?

The flower-armed man and the second child only know to tie the children back, and then get the organs. How can they have the time to ask each child's name!

Naturally, I don't know who the Xiaoshui in Zhu Xiaoshu's mouth is, maybe they also shaved off his stomach, dug the internal organs and threw the corpse into the wilderness.

Neither of them dared to say anything, for fear that they would be beaten to death by Zhu Xiaoshu. They just said they didn't know.

And the rest of their lives, who were looking for Xiaoshui, have slowly lost the last little hope. They have turned this villa almost seven or eight times.

"Here I found the corpse of a child. The belly was thrown away, and there were no organs or anything." Suddenly, Yu Sheng heard a shout from someone behind him, and his heart sank to the bottom...

Chapter: 713

The child's corpse? Is your belly hollowed out?

These words kept repeating in Yu Sheng's mind, almost driving him crazy.

Zhang Wanqiu behind her felt uncomfortable seeing Yu Sheng like this, and she didn't know how to make Yu Sheng feel better.

He wanted to pat him on the shoulder to comfort him, but Zhang Wanqiu still didn't come to Yu Sheng, so he ran to the person who found the child's body.

Yu Sheng grabbed the black man, his eyes were blushing, and the blue veins on his forehead were raised. Yu Sheng shouted, "Where is the child's corpse?"

The black-clothed man was taken aback by Yu Sheng, swallowed, and tremblingly pointed in a direction. He stuttered and said, "Just... where is it!"

Yu Sheng thought and ran in the direction that the black man pointed.

What you see is indeed the corpse of a child, but the child is a little girl, and the weeds thrown out by

others will not be found unless you look closely.

Not Xiaoshui...

Yu Sheng felt a little calmer, but also felt sad for the little girl.

With a sigh, Yu Sheng told the black-clad men behind him: "Cremize the girl's body, leave a photo, and send it to the police station."

The reason for doing this is because Yu Sheng feels that she is a stranger, and she feels distressed when she sees this kind of scenes. If her parents saw her child like this, how sad it would be!

"It's not Xiaoshui, it means Xiaoshui is still alive, and we can't give up for the rest of our lives."

At this time Zhang Wanqiu also chased him, and when he saw the corpse, his heart was shocked, and he immediately comforted Yu Sheng.

"My father said that two people were caught on the second floor. They seemed to be responsible for organ digging. How about we go up and ask, maybe we can find out the whereabouts of Xiaoshui?"

Zhang Wanqiu suggested.

Yup!

I was too anxious for the rest of my life, I forgot, there is still this method.

When the two came to the balcony on the second floor, Zhu Xiaoshu had already treated him with the handsome man and the second child, and he was about to be beaten to death by Zhu Xiaoshu.

"Stop it first!" Yu Sheng hurriedly stopped.

Zhu Xiaoshu's command was also worthy of angrily stopped.

Yu Sheng rushed up in a vigorous step, grabbed her second child by the collar with one hand, and lifted her from the ground.

Yu Sheng questioned: "Do you guys have a little water?"

Xiaoshui? Who the hell is Xiao Shui?

The second child scolded his mother for a while, what terrible person did they catch? This kind of thing happened now.

If he was given another chance to let him know who Xiao Shui was, he swears that even if he quits this business, he will never move a finger of that Xiao Shui.

The second child complained endlessly, and said innocently, "I...I really don't know who the child you are looking for is!"

As soon as the voice fell, the second child was slapped in the face, and three teeth fell out of him. He watched Yu Sheng in horror, and tears of horror flowed out.

"Say or not?" Yu Sheng asked word by word. Now his endurance has reached its limit. If Xiao Shui hadn't found it yet, he would directly strangle his second child.

Obviously, the killer in front of him was not at all satisfied with his answer, and the second child didn't dare to continue to say that he didn't know.

"I... I remember a little boy, I wonder if you said that person?"

Chapter: 714

Little boy, Yu Sheng's brain felt a thud when he heard these three words, and he grasped the second child's hand harder.

"Where is he now? Was he killed by you!" Yu Sheng asked angrily.

"There is no such thing, I was planning to do it at the time, but the box containing the organ was broken, so it was delayed. The little boy still has nothing to do..."

At that time, if it weren't for the flower-armed man who brought a broken box, they would have done it

a long time ago. If the child was really the little water these people were looking for, it would be a blessing in misfortune.

The second child thought to himself, if the murderous son in front of him is still alive, add the big man behind him.

Looking at the face of the boss behind him, these people will definitely save him a life, thinking that the second child here is relieved a lot.

“Now that kid is in the basement, I’ll take you there.” The second child volunteered, hoping that the rest of his life would be merciful.

A few people followed the second child to a certain room on the first floor, looking at the usual room, there were no signs of being inhabited.

They don’t know when they will be found in this industry, so they set up a basement and secretly do such a thing.

The second child stopped on the edge of the bed, opened the quilt on the bed and saw the bed board, and then the second child pushed the other part of the bed board apart.

Then a dark passage appeared in front of everyone.

If it weren’t for the second child to lead the way, it would be impossible for the rest of their lives and the two or three thousand people outside to find this place.

Who would have thought of doing something on the bed to build the entrance to the basement!

When they entered the basement, they realized that it was surprisingly spacious, but there was an unpleasant smell of blood and musty around it!

It is conceivable that their group of people killed so many living lives in this basement.

The crowd walked for a few minutes and came to the door of a room. The door was open, and a child lying on the bed could be seen vaguely.

“Xiao Shui?” Yu Sheng yelled tentatively, tears falling from the corner of his eyes involuntarily.

As soon as his voice was yelled out, the little boy on the bed struggled desperately, and then said loudly, “Dad! Daddy!”

When he heard this voice, Yu Sheng just felt that his whole person was alive, and the heart that was already dead began to beat again.

His little water is still alive!

Yu Sheng was too lazy to think about it, and went directly to the bedside, and broke all the chains that had imprisoned Xiao Shui’s limbs.

Xiao Shui fell into Yu Sheng’s arms at once, and the father and son embraced and wept, and everyone behind them was deeply moved.

Fortunately...fortunately...everything is too late!

“Dad, I’m so scared! I really thought I was going to die, I...” Xiao Shui choked and said, finally buried his head in Yu Sheng’s arms and started crying.

Yu Sheng patted and supported Xiao Shui’s back gently, and said softly, “Shui Shui, don’t be afraid, now that my father is here, you will have nothing more to do, and no one will dare to hurt you anymore.”

When everyone saw this scene, they were moved by the feelings between the two of them, but they forgot that there was a second child present.

The second child saw that no one was paying attention to him, so he backed silently, and slowly withdrew from everyone’s field of vision.

There is a place in this basement that can be directly connected to the city outside. This is also one of the backhands he left for himself. Now Tao comes in handy.

Chapter: 715

“Dad, they killed my good friend, you must not let them go!”

Thinking of the little girl’s tragic death, Xiao Shui still couldn’t let go of it. It was a person who could give him sugar, and he was his good friend.

Yu Sheng touched Xiaoshui’s head distressedly, and promised: “Don’t worry, none of these people can escape. Dad will let them be punished as they deserve!”

Speaking of this, when Yu Sheng turned his head and planned to get his second child out, only then did he discover that he was already absent from the crowd.

Yu Sheng stood up suddenly, the expression on his face became gloomy, and asked, “But what about the guy we came here? What’s wrong?”

Everyone began to look for it, and when they found out that they didn’t even see the second child, they felt tight. At that time, they were all immersed in the joy of finding Xiaoshui and ignored that guy!

“I was here just now, why didn’t it disappear in a blink of an eye?” someone said.

“Hurry up to find him, and find him by digging three feet!” Yu Sheng ordered.

“Don’t worry, there is someone outside, he won’t be able to fly even if he inserts his wings.” A black-clothed man started to say something indifferently.

The next second he was kicked in the ass, and his companion reminded: “If you don’t want to die, shut your mouth!”

There was a person running away, which had already spread outside. There was no figure of the second child in the dungeon, and no one saw him outside.

At this time, even Yu Sheng was puzzled, is it possible that there is a second channel to talk about?

Everyone walked out of the basement, and came to the place where the flower arm man was on the balcony on the second floor. There was another severe torture.

Unable to bear the pain of flesh and blood, he betrayed his second child without hesitation, and confessed another tunnel to the outside.

In the tunnel.

The second child wiped the sweat from his forehead, and looked at the distance with a relieved look.

After another 100 meters, he could get out of this place.

At this moment, there was a burst of noise behind him, which caused Ben’s relieved second child to have a bad premonition.

Hurry up and ran forward, regardless of the strength of the body, just thinking about the people behind and ran out of the tunnel before they caught themselves.

As long as he can go out, he can meet with people outside, which is considered safe in the true sense.

Just as he was about to crawl out half of his body, two men were smoking cigarettes outside a casino not far away.

That was his joint person. When he saw those two people, the second child’s tears were about to fall with excitement.

“Ge Chi! Brother Lin!”

Just about to reach out to say hello to them, he suddenly felt that his legs were being caught.

Shocked in his heart, he instinctively thought of kicking his feet and breaking free, but the manpower to grab his leg was greater than him.

Still struggling urgently, he was dragged into the tunnel again, and fell to the ground severely, making him “Oh” with pain.

And Wang Qi and Lin Cong outside the casino touched their heads with confusion. Did someone call

them just now?

Unfortunately, the second child was taken back again, and was dragged to the second floor and thrown in front of the flower arm man.

“Fuck, are you betraying Lao Tzu? If you don’t say anything, Lao Tzu will go out!” The second child was furious and stretched out his hand to hit the man with arms on the head.

“Dog stuff, dare to betray Lao Tzu, see if I will kill you then.” The second child yelled.

At this time, Xiao Shui took Yu Sheng’s fingers and pointed at the Huabi man and the second child and said, “Dad, these are these two people. They killed my good friend and kicked me in the stomach. It hurts!”

Chapter: 716

“Daddy will help you clean up them.”

If I didn’t look at it in time, I am afraid that the bodies found outside would not be one child, but two. And these two guys even kicked his son. Even if Xiao Shui did something wrong, Yu Sheng would patiently reason with him, and never beat him.

Seeing the rest of their lives walking step by step with killing intent, the man and the second child swallowed and retreated in terror.

It didn’t stop until I retreated to the two black clothes. The second child first said: “This big brother, just let me go!”

You see, there is nothing wrong with your son. As far as you are concerned, there is nothing to lose. Why do you have to make another enemy?

There are people behind us. Otherwise, who would dare to do such a desperate business?”

Although the second child is begging Yu Sheng for mercy, in fact he still hopes that Yu Sheng can accept this matter as soon as he sees it.

In the eyes of the second child, he had been beaten today, and the man’s son had already been found. For the rest of his life, he heard the threat in the second child’s words, and smiled disdainfully, and said, “Do you want this matter to end?”

The second nodded, and then smiled and complimented: “We are indeed wrong in this matter, but it is not deadly wrong, right? Anyway, your son is not a problem? I should just give you some money and let us To make friends.

There are multiple friends and multiple paths, and there will be a help in the future. Why do you need multiple enemies?”

Snapped!

For the rest of his life, he slapped the second child on the face without hesitation, and sneered: “I can’t make friends with people like you. Even if you are the king of heaven today, I will be punished!”

The second child was so slapped by the slap that he was no longer in the mood to continue discussing with Yu Sheng, and directly threatened: “Fuck, don’t you want to give you a face? Do you know who is behind Lao Tzu? ?

The Wang family in Beijing is a member of the top family in the country. If you move me, you are going against the Wang family.”

When I went to the Jingwang family, Yu Sheng remembered that it was the family that had always been against the Yu family. The two families competed for benefits and coaxed a lot of disputes.

But for the rest of his life now, as long as someone dares to touch his son, no matter how big a person he is, he will kill him too!

“Your Lao Tzu will be killed today, just let the people from Shangjing Wang’s family deal with me!” Yu Sheng said lightly.

Looking at Yu Sheng’s indifferent appearance, the second child was a little confused. He was really curious, who was this person in front of him? He didn’t even care about going to Keio’s house.

So he blurted out and asked, “Who are you? Can you tell me who you are before I die?”

“I am Yu Sheng.” Yu Sheng simply told his second child his name.

For the rest of your life?

The second child suddenly realized that, he suddenly remembered that the man with arms had told him before that the glasses were being stared at because of the loss of Qiancheng’s son who had spent the rest of his life.

But this man who looked like a murderous god in front of him was really a well-known rubbish in Qiancheng?

Immediately, the second child comforted himself, maybe the person in front of him was a little stronger, but in fact, he didn’t have any abilities.

How can the waste in the small place of Qiancheng be compared with the Wang family in Shangjing?

Thinking of this, the second child’s heart became hardened a lot, and he cursed: “You are a fucking rubbish, quickly let me go, otherwise, you don’t know how you died!”

For the rest of his life, with a playful expression, he stretched out his hand and directly pinched the second child’s neck, and the whole person was lifted from the ground.

Even when he died, he still had to be so stiff.

A feeling of suffocation came to my heart, and I could hear it in my ears, and there was a gurgling sound from my throat.

If this continues, he will be strangled to death by the waste of the rest of his life.

At this time, the second child’s hand touched the strong one behind his waist.

Even if you can’t escape from here, you have to get a funeral!

Chapter: 717

At this time, the face of the second child was flushed from the lack of oxygen, and could no longer wait any longer. He quickly took out the gun from behind and aimed at Yu Sheng’s head.

The hearts of the people who saw this scene all raised their minds, and they didn’t even think that the second child had a gun on his body.

“Yu Sheng, be careful he has a gun!” Zhang Wanqiu shouted loudly, hoping to remind Yu Sheng.

But when he hadn’t finished saying this sentence, the gunfire had already sounded.

boom!

The bullet flew straight towards Yu Sheng’s eyebrows, everyone closed their eyes and dared not look, for fear that they would see Yu Sheng’s corpse lying on the ground.

When the bullet was about to touch Yu Sheng’s skin, it was caught by Yu Sheng’s two fingers.

“How is it possible!” The second child looked at Yu Sheng in disbelief, as if looking at a monster.

The scene in front of him was too shocking, and he knew the reason for what happened in just one second.

When he thought he was bound to die this time for the rest of his life, the bullet was caught in his fingers like this abruptly.

The famous waste in Qiancheng in front of him, how fast can it easily catch the bullet.

Bang bang!

This time two consecutive shots, the muzzle was aimed at the rest of his life. The second child clenched his teeth. He didn't believe that Yu Sheng had escaped. One bullet could avoid two bullets in a row. Both shots were shot towards Yu Sheng's eyebrows. No matter if you hit that bullet casually, you will die for the rest of your life. However, after two gunshots, Yu Sheng was not shot, but looked at the second child with a gloomy look, and directly snatched the gun in his hand. Incomparably cold said: "Just now I was thinking about strangling you to death like this, but now I change my mind, I will let you live, live well, it is best to live a long life!" The only hole card in his hand was gone, and the second child was completely panicked, but he didn't understand what Yu Sheng said that kept him alive. Shouldn't you just kill him directly? How could he let him live a hundred years? It was this waste who was afraid of the big man behind him, so he planned to be soft. But looking at Yu Sheng's expression, it seemed that it wasn't that simple at all. "Since you don't plan to kill me, let me go!" The second child said unceremoniously. Yu Sheng glanced at his second child, as if looking at an idiot, and said coldly: "Come here, cut off this man's fingers and toes one by one, and one finger for three. When the pain is dizzy, he wakes up and then continues. , And then the hands, heels and legs are all cut off. By the way, don't let him die. Incidentally, I cut off my tongue. It was very noisy to listen to him. After finishing this, he put him in a big jar, eating and drinking Lazard in it. I also give him some bad food every day, and the most important thing is to never let him die like this, I still think he will live a long life~" Words were pierced straight into the heart of the second child. He couldn't believe that Yu Sheng would be so cruel, and directly cursed Yu Sheng's nose: "You...you can't do this to me, but there is the King's family behind me!" "Wang family?" Yu Sheng sneered indifferently, and said: "Wait! I will let him be your company soon." The second child was still thinking about what he was talking about, and he was already dragged down by the sunspot.

Chapter: 718

"Yu Sheng, is this way too cruel?" Zhang Wanqiu couldn't bear to hear the heart-piercing shouts not far away. Although she is the eldest lady of the Zhang family, she is an ordinary woman after all. How can she ever see such a terrifying picture! When Zhang Shengquan saw his daughter say this, he quickly pulled Zhang Wanqiu back, glared at her, and said angrily: "You should stop talking about this kind of thing, because the genius doctor Yu has his own judgment." Listening to the screams in his ears, Zhang Wanqiu's tooth crowns clenched tightly, and there seemed to be pictures of the two people being chopped off in front of his ears. At this moment, Yu Sheng suddenly asked, "Do you think I am cruel?" Zhang Wanqiu glanced at Yu Sheng, but didn't say anything, that look seemed to tell him, yes! You are really cruel. Originally, Yu Sheng didn't need to explain at all. After all, he never cared what others thought of him, but now he really complained for the children who died tragically. "The reason why Xiaoshui was able to rescue Xiaoshui this time is inseparable from the information

found by the Zhang family, so Yu Sheng is here to thank you.” When living here, Yu Sheng bowed heavily to Zhang Shengquan and Zhang Wanqiu.

Then he said, “You said I was cruel to those people? But have you seen the little girl who was thrown out of the stomach? There are countless children who died in their hands like this.

Simple low-level videos, no anesthetics, no medical measures, that is, fix the limbs and then do it. I can’t imagine how much pain those children need to endure. ”

Listening to Yu Sheng’s words, Zhang Wanqiu lowered his head. That was just the punishment that the wicked should deserve. Yu Sheng has always been rewarding and punishing.

It can be seen from the resolution of Lin Yang’s matter.

On the way back, Xiao Shui snuggled in Yu Sheng’s arms, reluctant to separate for a moment, even when she slept, she held Yu Sheng’s clothes tightly.

Thanks to the two great families who helped out and Zhu Qingshan, Yu Sheng only returned to the cherry blossom meeting with Xiao Shui.

Du Fei had already woke up at this time, and seeing that the rest of his life had come back with Xiaoshui, his holding heart was also let go.

After setting up Xiaoshui, for the rest of his life he gave Du Fei a death order.

Annihilate all the trafficking in human organs in Qiancheng, and then distribute relief funds to those families who have lost their children.

Zuo’s Old House

Zuo Wenyu was depressed because he had not found Yu Sheng’s son first.

If he can find it first, maybe he can directly threaten his son for the rest of his life and let him heal himself.

But this idea has fallen through, and now I can only hope that the kid Lei Chao will research out the medicine that can cure him sooner.

Thinking about this! Zuo Wenyu’s cell phone rang, and when he picked up the cell phone, it was the call from Lei Chao.

Could it be that the drug research was successful?

Thinking of this, Zuo Wenyu was delighted, and hurriedly asked: “Did the drug research succeed?”

“Young Master Zuo, you are too powerful, you can even know the prophet, I am waiting for your arrival at Lei’s house.” Lei Chao said flatly.

Zuo Wenyu didn’t bother to talk nonsense with Lei Chao, so he hung up the phone and rushed to Lei’s house without stopping.

He can’t wait to try the long-awaited medicine to see if it can really revive him.

These days, the maids in the Zuo’s old house were all driven out by Zuo Wenyu, always dangling in front of him, and the feeling of not being able to eat them almost made him not crazy.

Now that the Lei family’s medicine has been successfully developed, Zuo Wenyu is naturally excited and no longer has to continue to be a living eunuch.

Chapter: 719

After the man with glasses successfully escaped from the villa, he deliberately inquired about how those people punished the man with arms and his cock.

After hearing the punishment from someone who knew the inside story, the man in glasses felt chills on his body. Fortunately, he ran out without hesitation at the time.

Otherwise, they have to end up just like them.

Their secret base could no longer stay, it was all occupied by Du Fei's people, and all parts of Qiancheng were hunting him down.

Even the major apps of the mobile phone have photos of men with wanted glasses, which makes him extremely frightened. He dares to go out every day while wearing masks and glasses.

Finally, after buying a ticket to Shangjing through a special method, the man with glasses was terrified all the way, for fear of being discovered.

To his surprise, he successfully arrived in Shangjing in this way.

Go to the door of Keio's house.

The man with glasses dared to take off his mask and took a deep breath.

It was clear to the guard that he was coming to take out the unique token of the king's family between them, and then someone took him into the inner courtyard of the king's family.

"Why did you come this time? Where did the second child go?" Wang Jingting looked at the spectacle man with old eyes, not angry.

"The second child was taken away, the secret stronghold in Qiancheng was also taken over, and the captured children were also released.

Today, the forces on the ground in Qiancheng can be described as condemning our business, and there is no way to continue in Qiancheng. "The glasses man said truthfully.

To be honest, he just wants to explain this matter to his boss, collect some money, and then bring his wife and children to the countryside to buy a three-storey small western-style house, and live his life well.

He would rather go home and go farming as the second child said to the man with arms than he would do this kind of activity.

In case one day is bad luck and encounters such a thing again, if you can't tell, you will end up just like them.

"What? The stronghold in Qiancheng was annihilated?" Grandpa Wang Jingting suddenly stood up from the bench with a look of disbelief.

There are almost no people who dare to oppose him in that small place in Qiancheng. How can they be annihilated by others?

"Tell me, what is going on?" Wang Jingting asked while looking at the glasses man.

The man with glasses did not dare to conceal what happened before.

"Yu Sheng? Could it be that abandoned son of the Yu family? What a great skill, even my business has been involved." Wang Jingting filled his eyes, and a flash of murderous intent flashed in his eyes.

He arranged such places in three places, namely Qiancheng, Jiangcheng, and Jinling.

One of the three strongholds was annihilated, which means that there will be one less source of organs in the future, which makes Wang Jingting unacceptable.

Looking at the black-robed old man beside him, he respectfully asked: "Old Qiao, the source of organs is less, will it affect the production of that pill?"

The old man in the black robe nodded, his voice hoarse: "That's natural. The organs are the main ingredients for refining the pill. If it is affected, your illness..."

The old man hesitated to speak, but the meaning in the words couldn't be more obvious.

After hearing this, Wang Jingting frowned, and the folds on his face seemed to deepen a bit.

He is fifty-four years old this year, and he has been tortured by a rare disease four years ago. Every night, something like fish scales pops up on his body, and his skin is extremely itchy.

Almost every night, I have to be tortured for two or three hours to get better. I have also visited Wudang

Mountain. The Tianyin Taoist inside said that he was caused by too many bad destinies. He needs to do good deeds and spend his family wealth before his children and grandchildren. All are disease-free and disaster-free.

How can Wang Jingting, who was a businessman, believe in these things! The Wang family finally had such a big property, and nothing could be ruined like this.

Since I met Mr. Qiao on a trip three years ago, his symptoms have been revealed in a word, and he was given a pill to suppress his condition.

It was only suppressed, and there was no cure, so Wang Jingting spent a lot of money, plus every year to give Qi Lao tribute to him the designated medicinal materials, which kept him in the Wang family.

Chapter: 720

Lei's house.

As soon as Zuo Wenyu got out of the car, everyone from the Lei family greeted him, and even the old man Lei, who didn't show up much on weekdays, came out to greet him.

He was wearing a Chinese tunic suit, his gray hair was combed meticulously, his face was full of pleats, and he was leaning on a cane. He still wobbled when he walked.

When he was in his sixties, he was in his 70s or 80s. At first glance, it was caused by a lack of energy and blood when women played too much when he was young.

Zuo Wenyu stepped forward and greeted Elder Lei casually, and then asked excitedly: "Is that medicine really researched out? Where is it?"

He can't wait any longer, so many days of living eunuchs have made him very upset, and now he finally doesn't have to suffer such torture.

Seeing such agitated Zuo Wenyu, Mr. Lei smiled, and quickly led him into Lei's laboratory.

If the pill this time is really successful, it will not only help the Zuo family, but also make their Lei family medicine to a higher level.

This time the pill is not as harmful to the body as the previous prescription, and it can be directly promoted to the world, and then everyone will look at them with admiration.

Thinking of this, the bent waist of the old man Lei was straightened a little, and his eyes showed unconcealed ambition.

When he arrived in the laboratory, Professor Kang walked over with a small jade box full of confidence and said, "This medicine has just been refined, so please take the first one."

For the success of this research, Professor Kang did a lot of work in it. Although the three hundred-year-old purple reference plants are not comparable to the rare Asparagus grass, they are almost the same. I hope this experiment will be a perfect success, and he can use this medicine to have a place in Lei's family.

"Young Master Zuo, it's a coincidence that you came here. This medicine has just been refined successfully."

Professor Kang handed the jade box to Zuo Wenyu respectfully.

When Zuo Wenyu opened the healing, a strong medicinal scent entered the nasal cavity. Suddenly he felt a burst of heat in his body, and even his breathing became heavier.

The effect of this medicine is so violent, just a smell can produce that kind of reaction, if it is taken, it seems that it can really cure his following problems.

There was a burst of ecstasy in Zuo Wenyu's heart. Although the rare dragon beard was not photographed, he only spent three million to buy three hundred-year-old purple ginseng to replace it.

Now that the research on the magical medicine is successful, it means that he saved more than 90 million yuan by Zuo Wenyu, and Yu Sheng, who took a lot of money, actually spent 100 million to buy a herbal medicine.

Think of Zuo Wenyu and feel funny.

And Yang Yinzhu, who was watching from the side, was also looking forward to it. If Zuo Wenyu could really be cured, it would be much better to follow him than to follow Lei Chao.

Lei Chao can't be compared with the Zuo family eldest young master alone, and as a Zuo young woman, she can save face everywhere she goes.

Lei Chao, Lei Yang, Professor Kang, and Elder Lei stared at Zuo Wenyu intently, without removing their eyes for a moment.

That medicine was a must for his Lei family to reach the top of the world-class family.

That medicine bears the hopes of the Lei family and everyone in the Zuo family.

At this moment, Zuo Wenyu opened his eyes with a shocked expression on his face.

In just a few minutes after taking the medicine, he could feel the fire lingering in his lower abdomen, constantly burning.

I can feel a numb sensation when I get out of my lower body, and there is a vague tendency to look up.
