

Dont mess 761

Chapter: 761

“Senior, are you asleep?” Yu Sheng now knocked on the door and asked.

Yu Sheng’s words opened the door as soon as he opened the door, and then the old man with the fairy wind and the bones walked out, touched his beard, looked at Yu Sheng with a look of scrutiny and asked: “Little baby, what’s the matter for visiting in the middle of the night? ”

For the rest of his life, he saw the little boy sleeping in the room through the crack of the door, and whispered: “Senior, can you take a step to speak?” study.

Yu Sheng poured a cup of hot tea and brought it to the old man. Then he asked, “Senior, is your realm the Great Master realm?”

There was no way around with the old man, and he directly asked the question that he had been thinking about.

The old man was not in a hurry to answer the rest of his life’s questions, but took a sip of the steaming cup of tea in front of him.

“The old man has been in the realm of great masters for more than 30 years.”

The old man’s words confirmed Yu Sheng’s guess about the old man before, but Yu Sheng still couldn’t imagine it when he heard the old man say that he was in the realm of the great master.

The old man was shocked when he saw that Yu Sheng heard that he was a great master. He chuckled for a while, and said with a smile: “Little baby, you are also gifted with this kind of cultivation in the secular world.

However, there are not a few people in the Hidden Gate, like you, who have reached the late stage of the Grand Master in their 20s, and there are also many old monsters that are stronger than the old man.”

Hearing the old man’s words, Yu Sheng was completely shocked, thinking of a possibility in his mind, and asked: “Could there be another realm above the great master? Have you seen the predecessor?”

Normal people are already in a very small number of people who can cultivate internal power, but those who can reach the master level are already very rare, and they are almost one in a million.

Grandmaster level reached Grandmaster level, Yu Sheng had only seen the old man in front of him, and only the old man Yu Sheng in front of him suspected that he could not stick to the old man’s tricks.

Fortunately, there was no harm to that little boy at the beginning, otherwise how could the old man in front of him talk to himself so peacefully.

Putting down the cup in his hand, the old man’s complexion became solemn, and he hesitated for a moment before he said: “The realm above the great master, when you reach that level, you will naturally understand.”

The old man said an ambiguous remark, and he didn’t have any details about it with Yu Sheng, presumably it was also about the inside story of the hidden door, and the old man didn’t want to disclose it.

Only at this moment for the rest of my life will I realize my own weakness, and my so-called strength is nothing in front of others.

Only when he becomes stronger can he protect the person he wants to protect. For the rest of his life, there is a fire in his chest, which keeps burning...

Outskirts of Qiancheng.

Li Fei carried Li Zhan, who was severely injured and unconscious, while Li Yun's face was pale, covering her dagger-pierced wound and followed Li Fei step by step.

When they came to Qiancheng, they were full of confidence, thinking that they would surely be able to kill the guy Yu Sheng, and take revenge.

Who knows that it will end up in this situation. Grandpa is seriously injured and does not wake up. Even if he recovers in the future, he can take revenge for the rest of his life.

After all, her own strength is too weak, I am afraid that she will not be able to find revenge for the rest of her life in this life. If she can't get revenge, it would be better to die.

"Do you want revenge?"

Li Yun heard someone ask, and subconsciously replied firmly: "Of course I thought, if you can't kill Yu Sheng, then it's better to die!"

After saying this, Li Yun realized that something was wrong, and looked back in the direction where the voice came from.

I saw a woman with white hair and white shirt whose face was covered by a face towel, but the woman's eye-catching eyes could see it, and her face was absolutely stunning.

"Then be my apprentice."

Chapter: 762

Zhu's Medical Center.

The two Lei Chao and Lei Yang brothers stood at the entrance of the medical hall distraught, but the folks at the Zhu medical hall said that they would not be allowed in.

"Brother, please be accommodating and accommodating, I'm looking for the doctor Zhu to really matter." Lei Chao lowered his posture and pleaded with him.

The two-day period that Zuo Wenyu previously set was approaching. If there is still no way to treat him, then the entire Lei family will go bankrupt.

Now I am afraid that only Zhu Qingshan can treat Zuo Wenyu's illness.

"I've told you so many times, I can't go in if I have an appointment!" The dude repeated impatiently.

Nowadays, the rules of the medical clinic are that there are no appointments that can never be put in.

This is the rule set by the genius doctor, and he can't violate it when he is a buddy.

If it were the same as before, the people in Qiancheng knew that Zhu Qingshan's medical skills were so good. Traditional Chinese medicine didn't have the side effects of Western medicine. If you had headaches, fevers, colds and coughs, wouldn't it be too busy to come to Zhu Qingshan first?

So now there is a rule that an appointment must be made.

Lei Chao saw that the guy couldn't get in so much oil and salt, so he took off the Rolex from his hand and stuffed it into the guy's hand.

"This watch is worth hundreds of thousands, if you don't say so, you can just go in and report, even if you do me a favor, okay?"

Hundreds of thousands?

The guy in the hospital looked at the Rolex watch in his hand over and over again, and then took another look at the Rolls-Royce that Lei Chao parked on the side of the road.

Putting the watch in his pocket, the guy's attitude was obviously better than before: "If this is the case, then I will go in and give a notice to Doctor Zhu."

Lei Chao smiled and said, "That's really thank you brother!"

Touching the empty wrist of his left hand, Lei Chao felt a little distressed about the watch for a while,

but it would be worthwhile to save Lei's family if he could spend hundreds of thousands! Lei Yang, the illegitimate son of the Lei family, stood by just watching, not daring to speak. This time, Father Lei said that whoever can solve this crisis can become the chairman of Lei's Pharmaceuticals. After reading medical skills to no avail, he thought of asking Shi Tianqi for help. However, he didn't think that his brother Lei Chao had the same idea, so he could only be a follower and follow Lei Chao.

In about a few minutes, Zhu Qingshan walked out of the medical hall, and his complexion immediately sank when he saw that the person in front of him was Lei Chao.

"Why are you? The doctor Yu was disrespectful at the Chinese Medicine Expo. If you offend the doctor Yu, it is impossible for me to help you."

Lei Chao immediately said after seeing this situation: "May the genius doctor, don't be angry, I did something wrong at the Chinese Medicine Expo. I shouldn't offend the genius doctor's friend. You can punish me whatever you want in the future, and I hope you can save me. Lei's."

"Doctor Yu has the grace to recreate for me, and he is also the master of my granddaughter. Offending him is more serious than offending me." Zhu Qingshan said coldly.

Then he turned around and left.

At this moment, Lei Chao took out a check from his pocket and said quickly, "I wish you doctor, please consider it again.

Here is 50 million to apologize to you, and please wish the genius doctor can help you Lei Family through the difficulties, or Zuo Wenyu will kill my Lei Family. "

I wish Qingshan had no right to look at the cheque in Lei Chao's hand, and said coldly: "Your Lei family's life and death have nothing to do with me. Let alone 50 million, I won't accept it even if it is 100 million!"

At this time, Lei Chao, who had been talking on the side, sighed softly, knelt directly on the ground, and pleaded with Zhu Qingshan: "May the genius doctor, please be merciful, save our Lei family, I will kowtow to you. NS."

Looking at Lei Yang's pious appearance, Zhu Qingshan's expression slowed down.

Chapter: 763

Compared with Lei Chao, the twenty-something Lei Yang in front of him is more humble and polite. Compared with his arrogant and conceited brother, who thinks money can solve everything, it is two extremes.

Seeing Lei Yang who was kneeling on the ground, Lei Chao couldn't help frowning. This wild species can really do superficial skills!

Lei Chao recalled what his father had said before, who can solve this crisis in the Lei family? Is the next Patriarch.

Could it be that the wild species in front of me is so hardworking? Is it just to compete with yourself for the owner?

A wild species even dared to have this idea. Lei Chao directly kicked Lei Yang and kicked him aside and cursed: "You are a wild species. What qualifications do you have to represent the Lei family? I should be the representative. "

Without hesitation, Lei Chao kicked Lei Yang aside and knelt in front of Zhu Qingshan and said:

"May the genius doctor lift up your precious hands and save our Lei family! The young master of the Zuo family, Zuo Wenyu, is the only son of their family. Now the roots under Zuo Wenyu are festering. Your

superb medical skills will surely be cured.”

Zhu Qingshan didn't even raise his eyelids. Just now Lei Chao kicked Lei Yang and scolded Lei Yang for his behavior, which made Zhu Qingshan think that this person's character was very problematic.

If it was Zuo Wenyu, he would be even more unwilling to make a move. That guy was clearly against Yu Sheng.

“No matter how superb my medical skills are, I won't help you Lei Family. If I don't leave, I will call the police now.” Zhu Qingshan said coldly.

Then he glanced at the guy next to him and sighed: “Don't come here anymore. With your disposition like this, I can't keep you in Zhu's Medical Clinic.”

Abandoning these words, Zhu Qingshan turned around and entered the medical hall, closing the door of the medical hall.

The guy was a little unwilling to shoot the door, and begged: “May the genius doctor, I was wrong, it was my temporary wealth.”

But the Zhu Qingshan inside didn't understand the buddy's begging for mercy.

The guy turned around and stared at Lei Chao with cold eyes, and complained: “It's all to blame for causing me to lose my job. You must pay me 100,000 yuan.”

“Fuck, you deserve it if you lost your job. I don't have to go to Zhu Qingshan. Give me my watch quickly!” Lei Chao was going to grab the Rolex watch in the guy's pocket.

Seeing that Lei Chao was about to grab it, the guy hurried back more than ten meters, covered his pockets with his hands and cursed: “If you don't speak credit, you deserve to be bad luck in the Lei family, and you deserve to wish the genius doctor not to save you.”

After saying this, the guy ran away. Lei Chao took off his leather shoes and smashed it at the guy.

Unfortunately, the guy ran so fast that he didn't even hit him.

“Fuck, a dude actually made conditions to me, don't let Lao Tzu touch you, or you will be killed!”

Lei Chao turned his gaze on the door of Zhu's Medical Center after cursing, spit on it, and cursed: “A shit doctor has such a big shelf. I don't even look at the money I give you, grass!”

Immediately, Lei Chao picked up the leather shoes not far away, put them on his feet and sat in the Rolls-Royce and drove away.

Lei Yang saw all this in his eyes, and never spoke. His elder brother has always had this kind of personality, but this time it was an opportunity for him.

He stretched his hand into his arms, touched something that had been hidden in his arms for more than ten years, as if he had made some decision, secretly gritted his teeth, turned around and entered Jishitang again...

This was his only chance, even if he took out this thing, he wouldn't hesitate to do it!

Chapter: 764

Lei Yang knelt on the outside of Zhu's Medical Center and shouted at the inside: “May the genius doctor, Lei Yang asks to see you and hopes that you will always be able to accommodate. If you don't want to see Lei Yang, then I will do it. Kneeling at the door of your store, waiting for you to come out.”

Zhu Qingshan had already walked to the door of Zhu's Medical Center. Hearing Lei Yang's voice, he could not help but pause and sighed.

Lei Yang, the illegitimate son of the Lei family, usually follows Lei Chao and Zhan in front of him, but after several contacts, Lei Yang is indeed very educated and knows how to etiquette.

And Zhu Qingshan sympathized with Lei Yang's situation in Lei's family.

The descendants of the same Lei family have met with great differences. One is the superior master, and the other alive is not as good as the next.

Therefore, hearing Lei Yang's words at this time, his heart moved a little with compassion.

Zhu Qingshan turned around, came to the gate and opened the door of the medical hall, and saw Lei Yang kneeling on the ground with a sincere expression.

But at this time, there was already that annoying Lei Chao beside him.

"You come in with me."

"Thank you, genius doctor!" Lei Yang was overjoyed and hurriedly got up and followed Zhu Qingshan.

After entering Zhu's Medical Center, Lei Yang immediately took out a long wooden box made of mahogany from his arms. The carvings on the wooden box looked very simple, but the overall workmanship was more accomplished, and it seemed that it was some years old.

Without hesitation, Lei Yang directly opened the mahogany box, and a whole body of white ginseng was exposed.

He held the ginseng in front of Zhu Qingshan with both hands, and said, "Doing business, this is a thousand-year-old snow ginseng. It is the thousand-year snow ginseng that my mother left me during my lifetime.

This thing has been passed down from our family for several generations. I know that you respect the genius doctor Yu, so I want to dedicate this thousand-year-old snow mountain to genius doctor Yu. If you ask the genius doctor Yu to take action, Lei's family will be in the water and fire."

Hearing this, Zhu Qingshan turned his gaze on the white ginseng that didn't look too big, and his heart trembled.

Oh my god! The ginseng plant in front of me is really a thousand-year-old snow ginseng!

This kind of rare treasure, he has only seen the description of snow ginseng in the ancient medical books, in his impression, this kind of thing does not exist.

After all, ginseng like snow ginseng has been over a hundred years at most.

The snow ginseng in front of me, although it is not as long as a chopstick, the whole body is already a bit translucent. This is because it has been waxed.

Ordinary ginseng can't melt wax, and it must be a long, very long year that it can be so obvious.

This made Zhu Qingshan almost certain that 80% of the snow ginseng in front of him was really a thousand-year snow ginseng.

I didn't think that this kind of thing in ancient books actually existed!

Zhu Qingshan couldn't help but be surprised and asked: "This...this is really yours? But how come you have such rare medicinal materials?"

Recalling what Lei Yang said before, this is something he has passed down from generation to generation.

Lei Yang is just an illegitimate child of the Lei family. It is already very good not to be abused in the Lei family. How could he come into contact with this kind of thing.

Lei Yang nodded, a touch of sadness appeared on his face, and his mind was relieved, before he said: "I wish you doctor, I will tell you the truth.

My mother grew up in the Changbai Mountains. I followed my grandfather and ancestors to collect medicine in the Changbai Mountains for generations. This ginseng strain is my mother, the baby passed down from generation to generation."

Having said this, Lei Yang's tears fell unconsciously, but he wiped them off quickly: "Back then, my father Lei Guangcheng just started his medicinal business and often came to Changbai Mountain to collect

medicinal materials.

At that time, he lied that he was single and deceived my mother. After my mother became pregnant with me, my mother was humiliated when she was unmarried, and finally took me away from home and came to Jiangnan.

Until I was six years old, when my mother was about to die from a serious illness, he was afraid that I would be alone, so he contacted my grandfather. Grandpa felt that after all, I was of the Lei family's blood and could not be left out, so he picked me up. Back to Lei's house. "

Chapter: 765

After listening to Lei Yang's life experience all the time, Zhu Qingshan was already shocked and speechless.

Many people in Qiancheng knew that Lei Yang was the illegitimate child of the Lei family, but they didn't know that there was such a story behind.

As for Lei Yang, he had never said these words to anyone in his life, and Zhu Qingshan was the first one. Since being brought to Lei's house when he was six years old, Lei Yang has been living in the blind eyes of others, suffering from torture and torture.

Since childhood, whether it is his biological father Lei Guangcheng, the bitter aunt, and the brother Lei Chao who hates him, he has always been punching and kicking and humiliating him.

Said his mother was a village girl, a bitch, and should have died early, said he was a wild species, and said he was not worthy to stay at Lei's house.

Lei Yang didn't know how many times Lei Yang had heard such words since he was young.

He has been enduring it, looking forward to one day being able to find an opportunity to get rid of this dark state.

It just so happens that the Lei family is now in disaster, and Lei Guangcheng said that whoever can solve the Lei family's crisis can become the chairman of Lei's Pharmaceuticals.

Therefore, Lei Yang kept him hidden in his body, and took out twenty years of Thousand-Year Snow Ginseng in exchange for the opportunity to be proud of this time in Lei's family.

This thousand-year-old snow ginseng has a price but no market.

If it weren't for the last time you competed with Zuo Wenyu, the price of the century-old dragon beard would normally be around 30 million yuan.

And the normal price of this thousand-year-old snow mountain should be able to sell for 100 million, if someone grabs it, I am afraid it will be more than 300 million.

Now, Lei Yang took it out and gave it to Yu Sheng willingly, so that Yu Sheng could help Lei's family through this crisis, so that he could become the chairman of the entire Lei Shi Pharmaceutical, and from now on it will be a shame. .

When Zhu Qingshan knew that this thousand-year snow ginseng actually existed, he was already shocked. He knew Yu Sheng's medicine refining skills, so this thousand-year snow mountain would definitely be of great help to the rest of his life.

Without hesitation, Zhu Qingshan directly took out his mobile phone and called Yu Sheng.

At this time, the rest of his life was still playing games with Xiaoshui at home, and suddenly received a call from Zhu Qingshan.

"Doctor Yu, the Lei Yang of the Lei family wants to, please help. If you can not help the Lei family through this crisis, he is willing to give you a thousand-year-old snow ginseng."

Zhu Qingshan's respectful voice sounded over the phone.

For the rest of his life, his body was startled, and he even doubted his ears.

Surprised; “Are you sure it is Thousand-Year Snow Ginseng?”

A century-old dragon beard is rare, let alone a thousand-year-old snow ginseng! Snow ginseng is much more useful than Longxucao, not to mention the thousand-year-old snow ginseng, which is definitely the treasure of Chinese medicine.

Yu Sheng was a little excited about the Thousand Years of Snow Ginseng. The “Nine Heavens Profound Sutra” recorded that snow ginseng that was more than a hundred years old is an aura of heaven and earth. If you can reach it, it has a strong effect on your own strength.

Touching Xiaoshui’s head, Yu Sheng said spoiledly: “Xiaoshui, you can play by yourself first, Dad has other things to do.”

With Xiaoshui aside, Yu Sheng said excitedly: “You are sure it is a thousand-year-old snow ginseng, this kind of thing is too rare.”

Zhu Qingshan said at this time: “To be honest, I am also the first time I have seen a thousand-year-old snow ginseng. I am not sure if it is a thousand years old, at least more than five hundred years.”

For Zhu Qingshan, Yu Sheng was still quite convinced, so he praised: “I wish you a good job this time, I just refined a pill here that can make you a lot younger, and I will give you one back.”

Zhu Qingshan trembled with excitement when he heard this, and respectfully said: “Doctor Yu, you really praise Zhu, these are all I should do, and it’s my own business!”

Yu Sheng smiled faintly, and said: “This is not a problem, you can bring Leiyang over now! Let me see if his thousand-year-old snow mountain is true or not.”

Chapter: 766

After hanging up the phone, Zhu Qingshan looked at Lei Yang, who was looking forward to looking at him, and then said: “Okay, Doctor Yu has promised to see you.”

“Really?” Lei Yang was ecstatic, not knowing what else to say to express his excitement now.

Lei Yang’s status in Lei’s family is very low, not even as good as a subordinate, so he doesn’t own a car at all.

Zhu Qingshan called the driver, and then brought the two to the Sakura Club, where the rest of his life is now.

On the way to the Sakura Club, Zhu Qingshan specifically instructed Lei Yang: “Your brother Lei Chao has some grievances with the genius doctor Yu, you must not be disrespectful to the genius doctor Yu!”

“This is naturally not dare to be a capable person like Shen Yi Yu. If he can really save my Lei Family from the water and fire, I am too grateful, how can I be disrespectful to Shen Yi Yu.” Lei Yang said sincerely.

I wish Qing Shan nodded in satisfaction, touched his beard and said sincerely: “That’s good, your temperament is so much better than your brother Lei Chao.”

When they arrived at the Sakura Club, the two entered the house together, only to find that Yu Sheng had been sitting there waiting for a long time.

Zhu Qingshan and Lei Yang bowed quickly, and respectfully said, “I have seen Doctor Yu!”

For the rest of his life, he didn’t stand up, but beckoned to the two, motioning them to come and sit, and then poured a cup of hot tea in front of Zhu Qingshan and Lei Yang.

Both stood up, flattered and took the tea cup in Yu Sheng’s hand, quickly thanked Yu Sheng, and then sat down.

Lei Yang remembered the snow ginseng at this time, and quickly took out the mahogany box, handed it to Xiang Yusheng, and said, “Doctor Yu, this is a thousand-year-old snow ginseng. I hope you can be our

Lei family!”

Yu Sheng was also very polite, and he took the box directly. He was already looking forward to hearing Zhu Qingshan’s words about Thousand-Year Snow Ginseng on the phone before.

Opening the box, a slap about white and even translucent ginseng appeared in front of Yu Sheng’s eyes. When I saw this snow ginseng for the first time, Yu Sheng was almost certain that this snow ginseng was a thousand-year-old snow ginseng.

When I first opened the box, there was a strong spiritual energy rushing over my face. This feeling was really wonderful.

The aura of this thousand-year-old snow ginseng can’t be felt by ordinary people, but for the rest of my life, it is not an ordinary person.

With this snow ginseng, Yu Sheng is confident that in a short period of time, he can get to the next level.

What he wants most now is to improve his own strength.

This snow ginseng is the best thing to improve oneself.

To calm down the shock in his heart, Yu Sheng looked at Lei Yang and asked, “Why do you want me to help you with such a valuable snow ginseng?”

Lei Yang hurriedly said: “Returning to the genius doctor Yu, the eldest of the Zuo family, Zuo Wenyu, a few days ago, where something went wrong, my brother Lei Chao volunteered to give him a new prescription from my family. It’s more serious, and it’s still festering.

I have seen many doctors and said that amputation is needed. Now the root ulceration is suppressed with antibiotics. Now the two-day period has come. If the ulceration cannot be cured, Zuo Wenyu will destroy the Lei family. ”

The corner of Yu Sheng’s mouth lifted up and a smile appeared.

I had reminded him at the Chinese Medicine Expo, and that guy really didn’t listen.

After a soft cough, Yu Sheng said indifferently: “Do you want me to help Lei’s family through this crisis?”

Chapter: 767

“Yes, I hope that Dr. Yu can help Lei’s family through this crisis. At that time, I am willing to look forward to Dr. Yu.” Lei Yang said, kneeling directly in front of Yu Sheng.

Yu Sheng stretched out his hand to lift Lei Yang from the ground, and said: “You have given me this thousand-year-old snow ginseng. It is natural that I should help you.”

Speaking of this, Yu Sheng paused, and then said: “As far as I know, you don’t seem to have a good time at the Lei family. Even if the Lei family goes bankrupt, isn’t it a relief for you? Why take it so precious? Things to save Lei’s house?”

Lei Yang said frankly: “I have been humiliated all these years in Lei’s family. To be honest, I have no feelings for Lei’s family. If it weren’t for my mother’s dying illness, then I was sent back to Qiancheng.”

Speaking of this, Lei Yang suddenly became a little excited, clenched his fists, and said: “The Lei family has given me so much humiliation for so many years. The reason why I am still in Lei’s family is to find a chance to avenge the humiliation of these years! Also! My father did great harm to my mother back then. I always hope that one day I can let him lower his head, let him go to Jiangnan, go to my mother’s grave, and confess to my mother!”

Having said that, Lei Yang told Yu Sheng exactly what happened to his father Lei Guangcheng and his mother.

When Lei Guangcheng took over Lei’s Pharmaceuticals, he often went out to buy traditional Chinese medicine. Changbai Mountain was famous for its ginseng, and it was naturally the place where Lei

Guangcheng visited.

At that time, his mother's follower grandfather was a ginseng picker in the mountains. Although he was not rich, he still had no worries about food and drink.

Lei Guangcheng came to Changbai Mountain that year and saw that Lei Yang's mother looked very good, so he coaxed her into being single and had had that kind of relationship with Lei Yang's mother.

Later, when Lei Yang's mother was pregnant with Lei Yang and wanted to find Lei Guangcheng to marry her, Lei Guangcheng abandoned Lei Yang's mother.

The unmarried pregnancy spread in the village, and Lei Guangcheng refused to admit it. For a while, Lei Yang's mother became the target of everyone's guidance.

Grandpa Leiyang was an out-and-out mountain man, and he cared very much about his reputation. He couldn't bear the spine-stabbing thing like this, and he was pissed to death for two years.

Lei Yang's mother gave birth to Lei Yang alone. In order to prevent Lei Yang from growing up in this environment, she took Lei Yang to Jiangnan. Later, her mother became ill, fearing that Lei Yang would be alone, so she contacted Lei Yang's grandfather. Just returned to Lei's house.

When the six-year-old Lei Yang came to Lei's house, he didn't have a good day. His father despised him, and his mother despised him. The stepmother and half-brother abused him, beat him, and humiliated him once in twenty years. He, and he has been forbearing, forbearing to find a chance for revenge.

Speaking of this, he looked at Ye Chen and said sincerely: "Doctor Yu, my father promised that whoever can solve this trouble for the family will become the chairman of Lei's Pharmaceuticals. If you can help me get a director As long as you are, then I will be your head for the rest of my life! Everything is up to you!"

For Lei Yang's experience, Yu Sheng felt very sympathetic. When did he live the same life as Lei Yang. You are always pointed and pointed wherever you go. No matter what you do is wrong? No one would have seen him right away, someone who had eaten soft food and had a wimpy reputation for so many years.

Had it not been for the black card of Century Bank that his father had left him in his hand, he might have been alive for the rest of his life when he was pointed and humiliated.

Chapter: 768

And this Lei Yang in front of you? He was not so lucky for the rest of his life, he didn't have a mother when he was six years old.

Coming to Lei's house is even more so-called as stepping into an abyss. People like them who live at the bottom have no chance to get up.

And now Lei Yang finally waited for this opportunity, even if he took out the Thousand Years of Snow Ginseng he had treasured for a long time, he still had to seize this opportunity.

Thinking of this, Yu Sheng planned to help Lei Yang gain control of Lei Jia.

It just so happens that his bastard brother is his own enemy, who can deal with his own enemy, and can also get the thousand-year-old snow ginseng that has improved strength. Why not do it?

"Lei Yang, I can help you heal Zuo Wenyu, but the ugly words are on the front. I only treat his fester. I don't care if it can be used." Yu Sheng said lightly.

People like Zuo Wenyu who think in the lower body have repeatedly beaten people around him with the idea of Liu Qianshuang and Zhang Wanqiu.

Hearing Yu Sheng said that he was willing to help himself, Lei Yang thumped again and knelt on the ground. He was grateful to Yu Sheng: "Doctor Yu, as long as you can help my Lei family through the

crisis, Lei Yang will definitely look forward to it. As long as the fester can be cured, Zuo Wenyu won't be embarrassed by Lei's family."

Looking at Lei Yang, who was kneeling on the ground, Yu Sheng felt helpless, and he had been kneeling several times since entering the house.

Lifting up Lei Yang on the ground, Yu Sheng said: "Get ready, take me to Lei's house."

...

Lei Family Villa.

The expressions of everyone in the hall were heavy, and Mr. Lei paced back and forth with a cane.

Suddenly a pillow smashed in this direction, and it slammed straight on his back. The imaginary old man was almost smashed to the ground by the pillow. Fortunately, someone nearby supported him.

"Fuck, you old Lei Gouzhu and crutches are noisy to death. Is there anyone who can cure me, or I will let you bury the roots given to me by the Lei family now!" Zuo Wenyu yelled at Old Lei.

"Young Master Zuo, don't worry, my two sons are going to ask the doctor Zhu, maybe he will be invited back soon." After speaking, the old man Lei stood up straight and sat down in a chair. , I dare not make any more noise.

Looking at the roots that had festered to more than half of them, Zuo Wenyu felt annoyed in his heart, and said, "Can't you ask other doctors? If you wait any longer, it's almost done!"

Everyone had no words to pick up Zuo Wenyu, and their legs were almost broken in the past two days. As long as someone heard that he was treating Zuo Wenyu, they were unwilling to go for any amount of money.

Their medical skills are not superb. The only way they can give is to amputate their limbs. Not only will they not get the money, they may be beaten by Zuo Wenyu's men.

No one wants to be in trouble.

Lei Chao, who was driven out by Zhu Qingshan, went to several hospitals in a row. He was unwilling to heal Zuo Wenyu, and returned without a solution.

Seeing that his son Lei Chao had come back alone, and there was no Zhu Qingshan behind, he walked over and asked, "Why are you back alone? Has Zhu Qingshan promised to come and treat Young Master Zuo's illness? "

Lei Chao sighed, sat on the chair, took up the hot tea on the table and drank it, moistening his throat and then said: "Father, that Zhu Qingshan is a guy who doesn't know good or bad, and tells him everything. Fifty million, or say nothing to save Zuo Wenyu."

Seeing his son like this, Mr. Lei was upset for a while, and Lei's family was almost finished, so he asked him to invite a genius doctor.

Elder Lei picked up his crutches and knocked hard on the ground a few times.

"Father, what are you doing?" Lei Chao asked in surprise.

"Our Lei family is almost finished, you still have the mind to drink tea." Old man Lei grabbed the cup on the table and slammed it on the ground.

Originally, I suffered a lot of grievances on Zuo Wenyu's side, and saw that his son was so ineffective, and Grandpa Lei was already in a rage.

Chapter: 769

"Father, what's the matter with you? I can't rush for this kind of thing, what can I do if I wish Qingshan he doesn't want to come?"

Lei Chao also looked depressed. He was still so angry that there was no place to sneer. When he got

home, he had to watch the old man lose his temper.

I don't know where Leiyang's wild species went, and when he gets home, he must beat him fiercely to vent his anger!

Zuo Wenyu's scolding sounded from the room, and I heard the old man Lei's upset. Now I wish the genius doctor is unwilling to come, and Zuo Wenyu festered so quickly underneath, is Lei's family really going to die this time? ?

At this moment, Lei Chao lay in the ear of Old Man Lei and whispered, "Father, or let's run now?"

As soon as Lei Chao's words fell, Old Lei slapped him on the face with a slap, because the harder, Old Lei's body shook.

"Why did I give birth to you something that is not useful? I asked you to invite a genius doctor, but I can't invite you. I'm all running around. It's a waste!"

Lei Chao clutched the painful face that was beaten by the old man, and said aggrieved: "Father, how can I blame me? I originally wished the genius doctor to have opinions on Zuo Wenyu, of course it is impossible to save him.

It's even more pitiful. Two days are here in an instant. Don't we just wait to die if we don't run? "

Hearing this, the old man Lei was trembling with anger. His eldest son is really impotent. He knows to escape when he encounters things, and he doesn't have a little responsibility.

Elder Lei slapped the table and pointed at Lei Chao's nose and cursed: "You are really stupid, do you think you can run away now?"

No matter where we go, Zuo Wenyu will be able to pick us out, let alone Lei's family can't keep it, maybe even the little life will be lost along with it. "

Hearing this from his father, Lei Chao had no idea for a while, lying on the table with a look of decadence, he could only hope that Zuo Wenyu's men would be merciful and not rush to kill him.

Seeing his son like this, Mr. Lei was almost out of breath. He said before that who can solve this crisis is the next chairman of the Lei family.

Elder Lei had never thought about letting Lei Yang be the chairman of the board, and wanted to stimulate Lei Chao through this matter.

Elder Lei pointed at Lei Chao's fingers and trembled angrily. He hated iron and steel and said, "Today's Lei family's crises are all caused by you. Can't you think about how to solve it?"

Lei Chao curled his lips. If the person in front of him was not his father, he would have lifted his foot and chased away the guy who had been in his ears like a fly.

Lei Chao rubbed his face and said impatiently, "Could you please stop talking? If I have a way to invite the genius doctor, would you not please? If you have the ability, go!

Besides, could I deliberately let the Lei family fall into such a crisis? Don't I just want to use Zuo Wenyu to take Lei's family one step further? "

At the end Lei Chao whispered: "If it wasn't for your new prescription, would this happen? Why do you put all the responsibility on me!"

Elder Lei was about to be pissed off by Lei Chao, an incompetent son. Before, he didn't think that Lei Chao was so responsible. Whenever something happened, he would shirk responsibility and evade responsibility.

Angrily, he sat down on the chair and gasped.

At this moment, one of Lei's servants hurriedly ran in and said out of breath, "Master, the second young master is back with Doctor Zhu and a young man."

Chapter: 770

Elder Lei got up from his chair excitedly. He could hardly believe that this matter was true, and he asked tremblingly: "Really? Please come back."

His second son, whom he had always looked down upon, even invited Zhu Qingshan over, which means that their Lei family can still be saved!

Lei Chao, who was sitting by the side, also stood up straight. He didn't even think that the wild waste had been invited, and he still asked the genius doctor.

I spent 50 million to ask Zhu Qingshan and he was unwilling to help. What kind of method was used for that waste wild plant.

The thought that Lei Yang had to wait until he left before slap Zhu Qingshan, deliberately letting himself be slapped by his father, and being scolded for so long, Lei Chao was furious.

"Master, the second young master has brought Zhu Qingshan and a young man into the yard before he can come in." The servant who came to the notice said again with a loud smile.

Hearing this, the old man Lei closed his eyes and folded his hands together: "Thank God for protecting my Lei family!"

After saying this, the old man came to the door of the room with a cane and pushed open the door, and said to Zuo Wenyu who was lying on the bed with antibiotics hanging on it: "Young Master Zuo, I wish the genius doctor is here, and you are rescued!"

"I wish the genius doctor really came? Hurry up!! Let him come in and help me treat me, I feel like all under me is about to ulcerate!"

Zuo Wenyu was so excited that he was about to cry. He couldn't express any words. He was excited at this moment.

In the past two days, he was hurting all the time, and he was also itchy and uncomfortable, because he didn't even dare to touch it during the fester. The endless panic and physical torture almost drove him crazy.

When he heard Zhu Qingshan coming, Yu Sheng sat up and wanted to get out of bed to meet Zhu Qingshan. It was only when the infusion needle was hurt that he was a little awake.

"Father, how could the wild species Leiyang invite Master Zhu back, what do you do if you tell Zuo Shao what to do if it is a fake?" Lei Chao doesn't believe that the wild species Leiyang can do what he can't do. Things.

So I want to stop it, maybe it's a lie? When the time comes to coax Zuo Wenyu, isn't the Lei family even worse.

"You shut up for me, the people told me that people are coming soon, how could there be fakes." Old man Lei gave Lei Chao a fierce look.

Lei Chao was very upset, but he nodded and said yes.

At this moment, Lei Yang Zhu Qing Shan and Yu Sheng entered the Lei's living room together.

Everyone in the Lei family believed that as long as Zhu Qingshan was invited over, the Lei family would be saved.

"Oh my god! Lei Yang really invited the genius doctor Zhu over, and the Lei family is saved."

"Unexpectedly, Lei Yang, who does not show the mountains and does not leak water on weekdays, is even more capable than Lei Chao. He is a great hero of the Lei family!"

"Yeah! Yeah! In this way, Lei Yang is the next chairman of Lei's Pharmaceuticals."

A group of Lei Chao lungs who heard this were about to explode, in the eyes of others, when they could not compare to a wild species that couldn't stand up to the table.

Lei Yang robbed him of all the credit, maybe Zhu Qingshan came just looking at his face, Lei Chao

comforted himself.

Lei Chao walked quickly to Lei Yang's side, kicked Lei Yang's body with his leg up and cursed: "You wild species, you dare to take credit for me, you're too impatient."

As he said, Lei Chao lifted a slap, trying to slap Lei Yang's face, the applause did not sound as expected, and his hand stopped in mid-air.
