

Dont mess 811

Chapter: 811

"One hundred and fifty million, it's a bit expensive." Bai Yulan said with a flat mouth.

Spend 150 million to buy a flashy necklace, even if she is the eldest lady of Shangjingbai's family, she doesn't think it's worth it.

Everyone was shocked when they heard that Magnolia said it was a little more expensive. Why is this a little more expensive? This is obviously expensive, okay!

It is worthy of being the most famous jewelry shop in Beijing. There is a necklace worth 150 million yuan in the shop. What a rich background.

"If you like it, then buy it." Yu Sheng said lightly, as if the 150 million necklace in his eyes was like a green onion in the vegetable market. Without blinking.

The shopping guide lady also looked at Yu Sheng with a disdainful face, thinking that he was about to pretend to be in the sky, exactly the same as his stupid ex-boyfriend.

"Sir, did you hear me wrong? This necklace is worth one hundred and fifty million, not one hundred and fifty."

Yu Sheng asked indifferently: "Is there any difference? As long as she likes to buy it."

Whether it is one hundred and fifty million or one hundred and fifty, it is just a number in Yu Sheng's eyes.

He has no pursuit of financial convenience, and now what the rest of his life wants most is to improve his strength.

Magnolia is a pretty good person. To tell the truth, Yulan was a little moved. It is not impossible to spend 150 million on a necklace.

Except for Magnolia, everyone thinks Yu Sheng is a bragging young man, and pretends to be in front of the beauty.

How dare you say that there is no difference between one hundred and fifty million and one hundred and fifty yuan, it is simply a strange thing to pretend.

"Forget it? I think this necklace is a bit too expensive even though it looks good. It's not necessary." Bai Yulan still hesitated, he didn't want to spend the rest of her life so expensive.

At this time, the shopping guide took Magnolia's arm and said, "Beauty, let your boyfriend buy it! How can you refuse your boyfriend's love for you!"

How can you not buy it? How would she look at Yu Sheng's jokes if she didn't buy them, the shopping guide thought to herself.

The manager with glasses on the side said, "Yes, beauty, since your boyfriend is so generous, let him behave and see how deeply he loves you."

Although the manager also has a good impression of Magnolia, he understands that a woman like Magnolia Xiang is not something he can touch, so he naturally doesn't dare to think about him anymore. It's just that I can't understand why flowers like white magnolia are stuck in the tuft of cow dung for the rest of my life!

Yu Sheng didn't hesitate, he took out his bank card from his pocket and patted it on the table and said, "Buy it if you like it. Swipe it!"

Looking at the bank card on the table, the manager and the female shopping guide didn't react for a long time. How could this be different from what he expected!

Shouldn't it be the rest of your life who has a stomachache or urinary urgency without money, or the

phone has no electricity or something to find a chance to stay?

He...he actually took out his bank card and wanted to pay the bill. How could this be possible?

Suspiciously picking up Yu Sheng's card, the shopping guide lady turned her head and glanced at Yu Sheng in the middle, still unwilling to believe that it was true.

The clerk in the store and the customers who came to buy things also looked at the card that the shopping guide lady was holding.

Under everyone's gaze, the shopping guide slid on the PS machine, and then the payment was successful, which was a big green character, and she was completely confused.

Just brushed one hundred and fifty million, so the payment was successful? !

Chapter: 812

The people present were not in front of them, and they didn't know what happened there, but the expression that the chin of the shopping guide was about to fall off aroused their strong curiosity.

Wang Qiang, the manager with glasses, is almost certain that there is absolutely no money left in the Yusheng card.

So he smiled and said to Magnolia: "Beauty, it's normal for men to like to brag. After all, how could an ordinary person like him be able to get out more than one billion at random!

There are other jewellery in our shop. What do you think of it? "

Although this superb beauty in front of me is not someone I can touch, men are more friendly to beauties.

"I don't need this. I know better than anyone if he can pay." Bai Yulan smiled and directly rejected Wang Qiang's kindness.

The shopping guide at this meeting still looked shocked, holding Yu Sheng's bank card in his hand, and when he came to Magnolia and Yu Sheng, his attitude was much lower, and his eyes looked respectful to Yu Sheng.

"First... Sir, your bank card has been successfully paid. I will pack it for you for the lover's heart." The shopping guide stammered.

Her words caused an uproar among the people present.

Was the payment successful?

The payment of 150 million yuan is so successful!

The young man in front of him looked ordinary, and at first everyone thought he was not worthy of the peerless beauty with him.

I don't think that people like them are all in the market, but the shots are extremely generous. One hundred and fifty million flowers are spent, which is simply not what people like them can think of.

The most unacceptable one is the shopping guide, although this time the sale of the treasure of the town shop Lover's Heart, there are hundreds of thousands of sales commission.

But whether the money can be obtained or not is still a question. After all, she had a bad attitude towards Yu Sheng at the beginning, and classified him as her scumbag ex-boyfriend.

If Yu Sheng went to the boss to report her, not only would she not get the hundreds of thousands, but she would also lose her job.

She regretted it now. She had known Yu Sheng to be so rich and was polite to him. Fortunately, she hadn't been particularly excessive before, and only hoped that Yu Sheng was a generous person and didn't care about him in general.

Yu Sheng didn't know what the shopping guide was thinking, he took the lover's heart and handed it

directly to Magnolia, and said, "You don't want a gift, this is for you."

Magnolia took a look at the box and looked at Yu Sheng with a grimace: "You know what I want is not this, what I want is something between a couple with you."

For example, couple watches, couple bracelets, anything can prove that they are a couple.

Actually... Thinking of this, Magnolia took a look at the box with the Lover's Heart Necklace in her hand.

This necklace is also good!

"Don't you like this necklace? If you don't like it, I'll give it to someone else." Yu Sheng raised his eyebrows, trying to grab the box in Magnolia's hand.

Upon seeing this, Magnolia hurriedly carried the box to the back, and said quickly: "Who said I don't like it anymore, I don't want to give it to another woman."

The two of you said, I slapped and coaxed out of the jewelry shop.

At this time the talents in the store began to talk.

Everyone also understands why a person with average looks and temperament can have a beautiful girlfriend like a goddess.

Because people have money, a necklace of 150 million yuan is said to be given away. This is so arrogant. The young couple who came to the shop to buy jewelry and watched all this, one of the women pinched the soft flesh on her boyfriend's arm.

He looked at his boyfriend with disgust and said: "Look at other boyfriends. If you say you buy such an expensive necklace, you can buy it. I asked you to buy me a bracelet of two to three thousand dollars."

The man groaned in his heart, how can he compare with that hidden boss? I want to explain that my girlfriend has gone out of the jewelry shop in anger.

The shopping guide gave a deep sigh of relief when she saw Yu Sheng had gone far, and decided in her heart that she would never look down on others in the future.

Maybe someday I will meet another low-key boss.

Chapter: 813

The birthday banquet of the old man of the Bai family is just around the corner, and Wang Kexin in the Bulgari Hotel also puts an ice pack on her face, hoping to attend the birthday banquet in the most beautiful appearance.

But a hundred slaps weren't just for fun. The swollen swollen before had a trace of its original appearance, and it was mistaken by Shen Xu that it was a monster kicked out of the door.

Finally, after clarifying the situation, Wang Kexin was brought back to the room.

Originally, Shen Xu thought that Wang Kexin was young and beautiful before taking her. If she really broke the picture, Shen Xu would not be willing to bring an ugly monster to the birthday banquet of the upper class.

Therefore, the attitude towards Wang Kexin has not been good these past two days.

These Wang Kexin all saw it, gritted his teeth with hatred for Yu Sheng and Magnolia in his heart, and made up his mind to meet people from the upper class at the birthday banquet.

She knows that she is rich for the rest of her life, and she knows someone richer than the rest of her life.

Is she afraid that she will not be able to deal with the rest of her life?

When the time comes, she must scratch Magnolia's face, and let the guy Yu Sheng look down on her add shoes to herself, Wang Kexin thought viciously.

Fortunately speaking, Wang Kexin's face wound healed the day before the birthday banquet began. In the end, thick powder was able to cover the face wound.

Wang Kexin's recovery was almost the same, and Shen Xu took her with him. Although the two people are in a relationship that their bed partners use each other, they still have a little affection.

On the day of the birthday banquet, I went to the gate of Jingbai's house. There were countless guests who came to the birthday banquet. Anyone who came out was a person with a face and a face somewhere.

Even some of the big leaders that Wang Kexin had seen on TV were trembling with excitement. She would have developed in this life if she could just ingratiate herself with anyone.

Seeing Wang Kexin who was eager to try, Shen Xu's eyes sank. This bitch woman didn't conceal her careful thoughts, so she couldn't wait to put her hat on herself.

Shen Xu reminded me in a deep voice: "You give me peace of mind. You are the one I brought in. If you get into trouble in this place, even I won't be able to save you when the time comes. I hear no."

After pouring a basin of cold water in the air, Wang Kexin had no choice but to take his thoughts back, watching Shen Xujiao with a meek expression, and said, "Brother Xu will be very obedient and will never cause you trouble."

Although he said so, he didn't take Shen Xu seriously.

As long as he enters the door of Bai's house, he will throw this fat man aside and save him from getting in the way.

She is going to marry a wealthy man and be a wife, she is not something such a fat man can covet.

Following Shen Xu, Wang Kexin smoothly entered the door of the Bai's house. As soon as he entered, Wang Kexin slipped on the excuse of having a stomachache and going to the toilet.

She didn't believe it anymore. There were so many people on the scene, and Shen Xu could still find her but she couldn't.

Throwing away Shen Xu, Wang Kexin scanned the surroundings looking for prey that met his own conditions, ready to start.

After a while, Wang Kexin's gaze stayed on a man in his twenties with a watch worth millions of dollars in his hands.

Confirming the prey, Wang Kexin took off one of the diamond earrings she had on her ears and put it in her bag, then twisted her waist and walked towards the man.

"Mr., have you seen an earring? The one I have been carrying and just found out that I can't find it. Have you seen a diamond earring?" Wang Kexin deliberately lowered his head and put it on his chest. The magnificence is shown in front of the man's eyes.

Touching his chin, Liu Qi is in love, and there are countless women who have played with him. He still understands Wang Kexin's tricks.

In the name of the earrings, the two people found a place where there was no one, and stunned the phoenix. Then Liu Qi walked out with his arms around Wang Kexin, who was a little messy.

Wang Kexin met her acquaintance, who was lost for the rest of his life.

Chapter: 814

Seeing the rest of his life, Wang Kexin's whole temper was rising, and even his breathing increased a bit. It was the person in front of her who had been wronged in the past two days. She couldn't wait to take the person in front of her alive, it was not enough to relieve her anger.

Grabbing Liu Qi's arm, Wang Kexin only met Liu Qi before he had time to ask him what his name was, so he just yelled "husband".

"Husband, this person slapped me a hundred times ago. The family's face is still not good! You have to

be the master!”

Liu Qi didn't promise Wang Kexin the first time, and he checked the rest of his life. After all, this is no other place.

This is Shangjing Bai's family. The people who can participate in the birthday banquet have different identities. It is impossible for him to offend a big man for a woman.

When Yu Sheng was wearing the same clothes, it was obvious that he was all-in-one, and he let go of his vigilance, and his eyes were full of disdain when he looked at Yu Sheng.

Maybe it was someone who sneaked in taking advantage of a lot of people.

Just now Wang Kexin was quite satisfied with what he was serving, but Liu Qi was very confident about dealing with an ordinary kid.

“Baby, don't worry, I'm from the Liu family of Jinling's first-class family. I will definitely help you get justice for your grievances.” Liu Qi said, patting his chest.

Yu Sheng also saw Wang Kexin and Liu Qi, and he didn't take care of them at that time, so he decided to turn around and leave.

Seeing that Yu Sheng was actually planning to slip away, he had already boasted in front of a woman about how he would do it, so naturally he would not let Yu Sheng leave.

So he ordered: “Hey! You stand still, did the young master let you go?”

Yu Sheng simply pretended not to hear, and Gu Ziyoulu didn't take care of Liu Qi at all, completely treating him as non-existent.

“Oh, I'm going, this kid is still disobedient.” Liu Qi cursed, and when he saw that Yu Sheng was about to go far, he ran after him and stopped him in front of him.

He cursed: “Are you deaf? I told you to stop and you fucking go. Do you know who I am? How dare you be disobedient.”

Looking at Wang Kexin, who was just chasing after Liu Qi, he was not a fool for the rest of his life, and he could guess something about it. It must be the woman who said something, so Liu Qicai aimed at herself like this.

It seems that the lesson I taught her before is too light, I can't remember it at all!

After Yu Sheng's fierce eyes stared at a little hairy, Wang Kexin simply hid in Liu Qi's arms and said aggrievedly: “My husband looks at me so fiercely! I'm so scared.”

husband?

Yu Sheng couldn't help but sneer when he heard this name, and said, “Brother, don't be used as a gunman by a woman.

Two days ago, I saw her calling for a fat husband, and then she tried her best to seduce me. I didn't take care of him. Now she wants to use you again.”

Liu Qi subconsciously glanced at Wang Kexin when he heard what Yu Sheng said.

Seeing Wang Kexin's angry face flushed, Yu Sheng glared at him and retorted: “What are you talking about? Obviously you have thoughts about me and I don't follow you. Now you bite back and ruin my reputation.”

Said Wang Kexin tightened Wu Qi's hand and said aggrievedly: “Husband, don't believe him, he deliberately framed me.”

Who was telling the truth, who was telling the lie, Liu Qi still knew in his heart, and he could see it just by looking at Wang Kexin's expression. It was already revealed.

But Liu Qi didn't care about these at all. He just thought that Wang Kexin was enough to make him cool,

plus he just wanted to teach the rest of his life.
There is no reason, just want to embarrass people!

Chapter: 815

"I know who my baby is, I know better than you. You are wearing a damn floor stall. Even a pauper like you, my baby can still fall in love with you? Don't fucking dream." Liu Qi Looking at Yu Sheng with contempt, he cursed mercilessly.

Listening to Liu Qi scolding Yu Sheng for being a poor man, Wang Kexin did not remind Liu Qi that Yu Sheng is a rich man, and he can easily give out millions.

She was afraid that she would make it clear to Liu Qi. Liu Qi wouldn't help her if he didn't want to offend Yu Sheng. There would really be no one to help her out.

Yu Sheng smiled coldly and said lightly: "You know what the woman next to you is like and you still want to help her, then you are hopeless."

"Cut, don't fucking talk to me so much, aren't you just a pauper? In this society, whoever has money is a dad, and there is no money ass. I will kneel in front of me and call dad and I will forgive you." Liu Qi Pointing to Yu Sheng's nose, he said uncontrollably.

He can be described as a domineering existence in Jinling, wherever he goes, he says that he is the eldest master of the Liu family, and everyone will give him a bit of face.

When he was in Jinling, he always tortured people in different ways. When he saw Yu Sheng, he had a bad taste in his heart.

Even if Wang Kexin didn't say those things, he still wanted to make trouble for the rest of his life.

"Are you sure you want me to kneel with you?" Yu Sheng asked coldly.

"You fucking don't understand human words? Her mother asked this young master to repeat it with you again, and quickly heard that there is no?" Liu Qi commanded.

On the side, Wang Kexin looked at Yu Sheng with a good expression on her face, looking forward to the scene of her kneeling down and licking Liu Qi's shoes.

It would be great if she also licked her shoes.

"You have today with the surname Yu? Aren't you pretty awesome? Don't you look down on me?"

Wang Kexin said smugly.

Just now she also understood that the person in front of him who had been with him once was the eldest young master of the Jinling upper-class family, and the first-line family was able to sell millions, not much worse than this surname.

Therefore, Wang Kexin began to swell with Liu Qi's background.

But Liu Qi was stunned when Wang Kexin called Yu Sheng's surname Yu, his whole body was stunned, thinking of what happened a month ago in his mind.

At that time, her aunt was attending the birthday party of the Yu family in Qiancheng. It seemed that she had offended the Yu family. In the end, her aunt and her son were interrupted and had their tongues cut off.

Liu Qi vaguely remembered that her aunt had a tongue to speak, and she could not help but shudder.

He looked at Yu Sheng again, who was also surnamed Yu, and the person in front of him was quite different from Jing Yu's family.

There was a sneer at the corner of Yu Sheng's mouth. He looked at the two people in front of him as if looking at two clowns. He couldn't figure out why so many people with no brains like to hit him so much.

“You fucking dare to laugh? Did you give you a face?” Liu Qi saw that Yu Sheng was still smiling, and didn’t respect himself at all. He raised his hand and wanted to give Yu Sheng a slap in the face. He just reported himself to his family, and he believed that if he gave the rest of his life a thousand courage, he couldn’t do it with himself.

Looking at the hand sent to him, Yu Sheng didn’t change his face, raised his head and kicked Liu Qi in the stomach, kicking him more than ten meters away before he hit him.

Wang Kexin screamed at this scene, stepped back a few steps, looked at Yu Sheng in a panic and said: “He...he...he is the young master of the Liu family in Jinling. You dare to move him, don’t you? Are you not afraid of revenge from the Liu family?”

“If you come to provoke me again, I won’t be as polite as I am now. I don’t recommend cutting off your tongue to make noise!” Yu Sheng gave Wang Kexin a cold look, then turned and left.

Chapter: 816

Hearing Yu Sheng was about to cut her tongue, Wang Kexin subconsciously covered her mouth with a look of horror. The tone just now didn’t seem to be a joke to her!

Suddenly, Wang Kexin realized that the big guy who was fond of himself was kicked to the ground by Yu Sheng.

He quickly ran to help Liu Qi on the ground, and asked with a look of concern: “Husband, do you have anything to do? Do you want me to take you to the hospital?”

When Liu Qi raised his hand, he slapped Wang Kexin’s face fiercely, cursing: “Fuck, you bitch, I got a kick for no reason, all the fucking was caused by you.”

Wang Kexin looked aggrieved, but he didn’t dare to happen, so he could only look at Liu Qi pitifully, hoping that he would not be angry with himself.

On the other hand, the reason why Yu Sheng met Wang Kexin was because he got lost in the white manor.

Baijia Manor is really too big. At the beginning of Yu Sheng, he was on the phone with Magnolia, and he urged him to go early. The two chatted for Yu Sheng and didn’t deliberately remember the route, so they got lost.

Yu Sheng originally wanted to find his way to the birthday banquet by himself. After a long time alone, he still couldn’t see a half-person figure.

Watching the time on the phone go by little by little, Yu Sheng also tried to call Magnolia. But there is always no connection.

If you think about it, you can also understand that today is his grandfather’s birthday banquet, and it must be so busy that he has no time to talk to him.

There is no way. Since Magnolia cannot be trusted, she can only rely on her own power to get out for the rest of her life.

About ten minutes later, for the rest of my life, I still didn’t find a place to go out. I even wanted to go back to ask Wang Kexin and Liu Qi.

Unfortunately, Yusheng didn’t know which direction it was on the way back.

Looking at countless forks in the road, Yu Sheng felt as if ten thousand grass and mud horses were galloping. No matter how good his skills were, there was no way to deal with getting lost.

“What are you doing? The birthday banquet is about to begin, aren’t you going over it?”

At this moment, a woman’s voice came from behind. The voice was very good, and it was pleasing to the ears and very comfortable.

Yu Sheng turned his head and saw a white dress with a white coat, and even the shoes were small white boots.

The girl's hair is very long, slightly curled around her waist, her face is slightly covered with powder, her nose is small and straight, her eyes are so big that she can speak, her lips are pink and tender, and her lips are fair. Broken skin.

The girl in front of her looked like a princess in a fairy tale and a little elf, looking pure and lovely.

At this moment, she was looking at Yu Sheng with wide eyes open and curious, not knowing what he was doing here.

The rest of my life saw the girl as if he saw a savior, and immediately asked the girl: "Do you know which way to go to the birthday banquet? I'm lost."

Yu Sheng scratched his head embarrassedly.

The little girl seemed to have heard something funny, and giggled: "You still get lost. It's really funny."

For the rest of my life, I was a little embarrassed. If I had to pick up the girl, I was slandering: The Bai family's manor is so big and there are so many forks in the road. Isn't it strange not to get lost?

"Since you met this lady, it just happens that this lady is in a good mood, I will take you there!

Remember that you owe me a favor." The girl said.

"Okay, please take me out first." Yu Sheng agreed without thinking, he didn't want to circle this place anymore, he almost made him want to vomit blood.

The girl walked in front of Yu Sheng, jumping around like a lively bunny, occasionally humming in her mouth, because her voice was good, although she sang out of tune, she was still very good.

As she walked, the girl stopped suddenly and looked at Yu Sheng with a serious face and said: "By the way, I am Shangguanling, you can call me sister Ling!"

Chapter: 817

Sister Ling?

Facing this title, Yu Sheng's mouth twitched for a while, seeing the little girl in front of him, who was only 16 or 17 years old, and asked himself, who is in her twenties, to call her sister?

Yu Sheng couldn't call it out anyway, so she just quietly followed her and asked her to take herself out. Seeing Yu Sheng didn't speak, Shangguan Ling's face was a little unhappy, so he snorted and stood there and stopped leaving.

Yu Sheng didn't know what the situation was and asked with a puzzled look: "Why don't you leave? Is there any situation?"

"My lady is talking to you, and you don't take care of my lady, then why should I show you the way? Since you are so cold, then you just go out and forget it." Shangguanling put his hands on his shoulders, Turned and left.

Upon seeing this, Yu Sheng immediately stopped and said with a smile: "Ling'er, you have misunderstood, I am not eager to rush to the birthday banquet, I ignored you."

Seeking for others, Yu Sheng had to lower his posture, and said in a good voice, for fear that the little aunt's grandma in front of him would leave and leave him alone.

Then he will continue to circle here, and he can't get out even if he wants to go out.

Seeing the improvement of Yu's degree, the expression on Shangguanling's face eased a little, and he snorted and said: "If you are acquainted, if this lady talks to you again, you are not allowed to ignore me."

The rest of my life dared not have any opinions and nodded and said yes.

“By the way, you still didn’t tell me, what is your name?” Shangguan Ling asked Yu Sheng curiously with a pair of big eyes open.

“Yu Sheng.” Yu Sheng also said his name directly without hiding.

Shangguan Ling touched his little head, and muttered: “Yu Sheng, this name sounds pretty good, how do you feel familiar? There is a well-known door-to-door son-in-law in Qiancheng who seems to be called Yu Sheng.”

Speaking of this, Shangguanling looked at Yu Sheng’s gaze, with a trace of sympathy: “You have the same name as him. You must have been misunderstood? You said that you are useless. I heard that there are hands and feet. Why do you have to eat? How about soft rice? I really can’t figure it out.”

Yu Sheng gave a light cough, his face was embarrassed, he didn’t know whether to tell the simple girl in front of him the fact that he was the wretched life in her mouth.

After thinking about it for the rest of his life, he didn’t plan to hide it. After all, he had memorized this name for a few years. No matter how others laugh at him, he is used to it. It’s just that it’s a little embarrassing to be mentioned by a simple little girl now.

“I am the Yu Sheng you said.” Yu Sheng said helplessly.

“Ah!” Shangguan Ling seemed to have heard a shocking big news, with an unbelievable expression on his face for the rest of his life. After watching it for a while, he curiously asked: “Are you lying to me? I don’t look like you. I know how to eat soft rice.”

Yu Sheng didn’t know whether he should be happy or feel helpless, so he laughed at himself and asked, “Really?”

Shangguanling nodded earnestly, her smart eyes were extremely clear, and they looked brighter than the stars in the sky. At this moment, her expression was extremely serious and said: “You don’t feel like eating soft food for me, on the contrary. It’s like doing big things, and the roots are different from ordinary people.”

Yu Sheng really laughed this time. He laughed loudly, stretched out his hand and stroked

Shangguanling’s nose, and laughed: “You are a 16 or 17-year-old girl who said that I am different, so you are not afraid. Am I a bad person?”

Shangguanling was angrily holding her nose, and was very dissatisfied with the sudden act of touching her nose for the rest of his life.

“I’m nineteen years old, I’m an adult, I’m not a kid!”

Chapter: 818

Nineteen?

For the rest of his life, I really can’t see it, Shangguan Ling’s small face is fleshy, and the whole person looks like a beautiful doll.

She looked like she was sixteen or seventeen, but she didn’t even think she was a nineteen-year-old girl. However, during the moment of chatting with Shang Guan Ling, Yu Sheng could almost understand her character. She was a simple and lovely little girl, many times better than Wang Kexin who didn’t know what kind of girl.

Seeing Wang Kexin’s age is not too old, he looks like he is only twenty years old, and there is a one year difference between the two, but their personalities are very different.

The two chatted for a while, unknowingly, there were more and more people around, and they didn’t know when they had already walked out.

After finally walking out, Yu Sheng could be said to be relieved. Although he still has a good impression

of the lively and lovely girl in front of him, he has other things to keep up with Guan Lingdao. "Thank you Ling'er, goodbye." After Yu Sheng said this, he turned around and left. I just checked the time and the birthday banquet has arrived. If he doesn't rush over, Magnolia will definitely be angry. "Hey!" Shangguan Ling wanted to see Yu Sheng had gone far when he was saying something, and was very annoyed at the thought that this guy would slip away so fast.

Shangguan Ling pouted her pink mouth, stamped her feet fiercely, and said to herself: "What an annoying guy, I just left them and left after using them. I have already agreed and promised me a condition. Yes, too much. Don't let me run into you again, the nasty guy, otherwise, this lady will definitely make you look good."

Shangguan Ling squeezed her pink fist, and now he can't wait to slap Yu Sheng's face a few times. At this moment, two bodyguards in black ran over, and when they saw that Shangguan Spirit was intact, they were relieved.

"Miss, I found you! If something happens, how should we explain it to the master?" said one of the black bodyguards.

Shangguan Ling turned around and stretched out his hand to knock on the head of the talking black bodyguard, but it is not realistic for him to be 1.6 meters tall and want to knock on the head of more than 1.9 meters.

After he squeezed his feet, he still couldn't reach, Shangguan Ling's face flushed with anger, and he stomped heavily on the bodyguard's feet.

Angrily said: "I am an adult, so I don't want you to follow! Is it possible that I will be lost?"

The bodyguards who stepped on the foot dared to cry out for pain, and lowered their heads and said, "Master, this is not caring about you. After all, there are too many people at the birthday banquet. All right."

"I didn't touch the bad thoughts, but I met a little white-eyed wolf, huh!" Shangguanling thought of Yu Sheng, feeling unhappy in his heart.

"The young lady is just fine, because the subordinates are worrying too much. The birthday banquet is about to begin. The master has ordered us to take the young lady over to the birthday banquet." The black bodyguard said.

She didn't want to attend a birthday banquet. A group of people who didn't know each other were talking and laughing there. It was not fun at all.

It's better to take a walk here, maybe you can meet someone as interesting as the rest of your life. Thinking of Yu Sheng, Shangguan Ling suddenly reacted, and that guy walked out anxiously as if to attend some birthday banquet.

If she were to attend the birthday banquet now, would she meet that guy?

"Well then! I'm going now." Shangguan Ling directly agreed to the bodyguard.

Chapter: 819

"Happy birthday, Grandpa Bai, I wish you forever young." Shangguanling congratulated Grandpa Bai on his birthday.

The old man of the Bai family nodded in satisfaction, and said to the old man who was sitting next to him about his age: "Your little granddaughter, the longer it is, the more watery it is. The little mouth is so sweet, too. I don't know how you, an old man, have such a good granddaughter."

When Shangguanling heard the old man from the Bai family praise him, his face was stained with red clouds, and he came to his grandfather a little shy.

The old man Shangguan was also full of pride when he saw Shangguanling hiding behind him. This was his most beloved granddaughter. He was also thrilled when he heard his old friend praise his granddaughter.

“My granddaughter is so good, of course, she inherited the good genes of my Shangguan family.” The old man Shangguan said with a smile.

At this moment, Yu Sheng walked over with Magnolia Bai and came forward to congratulate Mr. Bai on his birthday.

The old man Bai looked at his granddaughter holding Yu Sheng’s arm and was very happy. It seemed that it would not take long before Yu Sheng could marry his granddaughter.

Yu Sheng was shocked when he saw the old man Shangguan Ling who was sitting with Mr. Bai now behind him, he didn’t expect to meet her again.

Without thinking too much, Yu Sheng walked over with a smile, and respectfully said to Mr. Bai a happy birthday.

After all, the person in front of me is not only Magnolia’s grandfather, but also his elder. Naturally, he must be respectful for the rest of his life.

“Master Bai, I don’t have any very valuable antique calligraphy and paintings. You don’t need these things if you want to come.” Yu Sheng took out a jade box from his arms.

Seeing Yu Sheng’s jade box and white magnolia, she was a little confused. She knew that Yu Sheng did not prepare birthday gifts for her grandfather.

In the first two, he and the others have been shopping for a long time, but they have never found a suitable one. At that time, Magnolia still felt that Yu Sheng was not interested in her grandfather. It turned out that he had been prepared long ago!

But what is in his ordinary-looking jade box?

This was not only because Magnolia was curious, but the people present were also very curious. Even Shangguan Ling’s eyes were staring at the jade box in Yu Sheng’s hand unblinkingly.

For the rest of his life, there was no selling point, and he opened the jade box directly, revealing five black round objects, which looked like chocolate beans.

When he saw the contents clearly, Shangguanling laughed directly and said to Yu Sheng: “You white-eyed wolf, it’s so funny to take chocolate beans as a birthday gift.”

“Ling’er!”

The old man Shangguan called out Shangguanling’s name in a deep voice. When he saw this, Shangguanling had to shut his mouth, but did not forget to make a face to Yu Sheng.

Although Shangguanling closed his mouth, the people on the scene saw that the jade box that Yu Sheng took was opened with something similar to chocolate beans, and they also snickered with their mouths. This is the birthday banquet of the old man of the Bai family in Shangjing. Those who come here don’t give gifts that are very precious!

There are countless valuable paintings and calligraphy, antique tea sets, cash sports cars and so on. This is the first time that they have seen others take chocolate beans as birthday gifts.

Everyone was looking forward to the old man Bai getting angry and giving a severe lesson to the person who dared to take chocolate beans as a birthday gift.

Magnolia also looked at Yu Sheng with a puzzled face, not knowing what he was doing, could it be true that Yu Sheng was holding chocolate beans in her hand as Shangguan Ling said.

She thinks that the rest of her life is still very reliable, but she never thought that he would give chocolate beans to her grandfather during his birthday banquet, which was too much.

“Yu Sheng, what are you doing?” Magnolia leans against Yu Sheng’s location and asked in a low voice. He didn’t care about Magnolia, Yu Sheng understood that Shangguanling’s preconceived sentence just now had misunderstood everyone present, and even the face of Old Man Bai became very strange. You can’t blame them either. Yu Sheng smiled and said, “This is not a chocolate bean, this is a rejuvenating pill I refined.”

Chapter: 820

Rejuvenation pills?

The people present didn’t know anything about the pill, and they didn’t know what Yu Sheng was doing. Why did the chocolate beans be said to be a rejuvenating pill?

The expressions on everyone’s faces were all disapproving, and their faces were full of disbelief. They thought that Yu Sheng was just talking nonsense here, comparing the so-called chocolate beans to rejuvenating pills, and using this method to deceive Old Man Bai.

Everyone is looking forward to the anger that Old Man Bai will drive out the rest of his life.

But this kind of scene didn’t happen, and Mr. Bai took the jade box handed over by Yu Sheng with a smile on his face.

Although he wasn’t directly angry, it didn’t mean he believed that the jade box was not chocolate beans but rejuvenating pills.

It’s just that Mr. Bai’s overall feeling about Yu Sheng is relatively good, and his granddaughter likes him, so he doesn’t want to embarrass the rest of his life with this kind of thing.

“Okay, I’m interested.” The old man patted Yu Sheng on the shoulder.

Although no one believes in himself, Yu Sheng still feels that it is better to clarify the effects of Rejuvenation Pill.

So he said: “By the way, Master Bai, this rejuvenation pill is one at a time. You can’t take more in a short time. One can make you ten years younger.”

Everyone didn’t believe in Yu Sheng. They took the chocolate beans and said something about the so-called rejuvenation pills. Now they listened to Yu Sheng’s introduction to this chocolate, saying that they could be ten years younger, and they thought Yu Sheng was talking nonsense.

Some people didn’t hold back, and just covered their mouths and started laughing.

The old man Bai didn’t directly drive this person out, it was already to give him face.

Now this person still dares to talk nonsense, is it possible that he treats everyone as a fool like him?

A small pill can make you ten years younger. Whoever hears this kind of words will definitely think it is whimsical and daydreaming.

After listening to Yu Sheng’s introduction of the five chocolates in the jade box, the face of the old man became more and more weird, let alone others do not believe it. Even he didn’t believe it.

How could there be something in the world that will be ten years younger if you eat it? Could it be true that the chocolate beans are regarded as Tang monk meat?

At his birthday banquet, the old man still didn’t plan to get angry with Yu Sheng, and he broke the topic, greeted everyone to eat first.

Only the old man Shangguan stared at the jade box curiously. Others didn’t believe that the jade box contained the so-called rejuvenation pills, but old man Shangguan had been paying attention to Yu Sheng’s expression just now, and he didn’t feel that this young man was lying.

That’s why I became interested in the five black pills in the jade box.

He is eighty-six years old this year. Although his body is still tough, he can clearly feel that his tough state

will not last for two years. Maybe one day he will lie down in bed and wait for death.

If the five black pills in this jade box are really as magical as Yu Sheng said, the old man Shangguan really wants to taste it.

He didn't hesitate to think of this, and when everyone was not paying attention, he opened the healing directly, picked up a black pill, and put it in his mouth.

If it was really chocolate beans, he would have recognized it. Anyway, he hasn't eaten something young people like this for a long time.

If it's poison, it doesn't matter. He has already lived for more than eighty years and he will live to the end, and he will die if he is a big deal.

The pill entered his throat, and a mysterious feeling spread to the limbs, and the old man closed his eyes and groaned almost comfortably.

It felt like a dry land, and suddenly there was a stream of clear spring pouring over, and every cell in the body was full of vitality.

This feeling is really great!

Old man Shangguan opened his eyes, his eyes full of excitement.

When Master Bai saw that the black pill in the jade box that Yu Sheng had given him was missing one, he was surprised that he never thought that his old friend would steal it.

Isn't this old guy afraid of encountering and the poison in it?

Old man Bai quickly said: "You old fellow, why are you stealing food? Hurry up and spit it out, hurry up!"

Shangguanling on the side was also surprised. He was also afraid that Grandpa had taken some poison, or something else might have happened.

I was extremely anxious in my heart, so I subconsciously patted my grandpa on the back: "Grandpa, hurry up and spit it out! Who knows what this is made of?"

Elder Shangguan didn't follow suit. Instead, he stretched out his hand to stop Shangguanling from continuing to pat him on the back, and finally looked at the jade box on the table with excitement.

"Old guy, I'll give out one billion. You can sell me the remaining four too!"
