

## Dont mess 821

### Chapter: 821

Billions?

As soon as he said this, everyone present looked at Old Man Shangguan with surprise.

For the first time, they didn't think that the black thing in the jade box resembling chocolate beans was a magical elixir.

Rather, he thought that the old man Shangguan had eaten the contents, had a problem with his head, and started to talk nonsense.

Even Shangguanling on the side thinks so. His grandfather is a well-known miser. If others want to take money from him, or want to take advantage of him, they just don't even think about it. How could they take it? A billion to buy four chocolate beans?

Shangguanling looked at Yu Sheng angrily, pointed at his nose and cursed: "Yu Sheng, you annoying fellow, what is in your jade box?"

Why did my grandfather become like this? If something happens to my grandfather, I will definitely not let you go!"

Yu Sheng was very speechless. He couldn't explain everything he said now, so he could only wait for the old man to explain himself.

He didn't even think that the old man Shangguan would steal the rejuvenating pills in the jade box by himself!

"Ling'er don't coax, I don't have anything to do, and I've never had such a good time today." The old man Shangguan directly grabbed Shangguan Ling to stop her from screaming.

Elder Bai, who has lived for more than eighty years, discovered that things are unusual. He has known his old friend for half his life. The unusualness this time must have something to do with the jade box pill that Yu Sheng gave him.

Since the old thief of Shangguan was willing to spend one billion to buy these five ordinary pills, it means that it is not as simple as what they saw, and this pill has different effects, so it made him so tempted. .

Thinking of this, the old man Bai stretched out his hand and snatched the jade box that old man Shangguan was holding, and carried it back behind him, for fear that someone would snatch him away.

"You old thief must have something to hide from me. I didn't sell it to you today, and the moment you stole the food, we have to settle accounts separately." Old Bai said.

Seeing that the magic medicine in his hand was snatched away again, Mr. Shangguan felt distressed for a while!

Hurriedly said, "You old immortal, I will spend another 2 billion to buy two of your head offices, right?"

Two billion dollars to buy two chocolate beans, all the people present thought that Father Shangguan was really stupid after eating the gift for the rest of his life.

The iron rooster miser, who used to be a hairless iron rooster, is now willing to spend two things that look similar to chocolate beans. It's not stupid. That's because this pill really has a magical effect.

But what effect can be worth two billion?

Seeing his old friend raise the price again, Mr. Bai knew that the things in the jade box were really amazing this time.

Is it true that just like what Yu Sheng said before, eating one can really make people ten years younger directly?

Thinking of this, Mr. Bai didn't hesitate anymore, he opened the jade box directly, picked up a black pill,

put it in his mouth and swallowed it.

That magical feeling was also shown on his body, like the resurrection of everything, and like a long drought and rain, every function of the body was full of vitality, which made the old man Bai excited. He got up from the chair, threw the crutch in his hand aside, bounced and trot on the spot, and even then, there was no discomfort.

It's really like being ten years younger. It's amazing.

Everyone was also surprised. Everyone didn't think that the old man of the Bai family, who was only over eighty years old, could be so alive and kicking, and his body was tough enough.

Of all the people present, only Elder Shangguan knew what was going on. He sighed and covered his eyes.

"This old guy has also found out. If this is the case, it is even more unlikely to sell to me, alas..."

The voice of the old man Shangguan was not concealed, and the people present also heard what he was saying.

You can't buy two pills for two billion dollars. What is the magic of this medicine?

## **Chapter: 822**

Perhaps Yu Sheng's pill may not be particularly useful for others, but it is a miraculous pill for people of the age of Mr. Bai and Mr. Shangguan.

No matter how good their health is? No matter how tough it is, more or less there will be senile diseases due to the influence of age.

They also eat some nutrients and pills every day. They can't exercise vigorously, and even fall can kill them.

And this kind of pill that Yu Sheng refines can restore their body functions to ten years ago or longer. People like Mr. Shangguan and Mr. Bai are almost at the top of their wealth, and they have nothing to pursue in this life.

If there is something that can make them younger, it will cost them several billions, which is not a problem for them.

After all, this kind of thing can't be met, and if you miss it, you can't meet it again.

"I just ate one of my Rejuvenation Pills and watched it on our half-life friendship. I won't count this with you. The remaining three are my treasures. I can't sell them to you no matter how much you spend. Yours." The old man Bai said with great certainty.

Hearing this, the old man Shangguan felt distressed for a while! He just ate one, so it's a half-life friendship, isn't it too much to give me two?

"Are we friends for many years? Can I buy one of you for a billion dollars? Wouldn't it be okay for you to keep two? Don't be too selfish." Senior Shangguan said unwillingly.

The old man Bai didn't even look at him, and snorted coldly: "You have already taken a bite of me, I won't settle the account with you, don't want to pay attention to my pill."

Everyone was shocked. They all knew what the identities of the old man Bai and the old man Shangguan were, and now they are actually trying to earn a few pills, regardless of their identities.

Everyone looked at Yu Sheng, thinking that he wouldn't put any drugs in that black chocolate bean-like thing!

Um! It must have been down\*\*, otherwise the old man Bai and old man Shangguan wouldn't be like this.

Seeing that he couldn't get the pill from his old friend, the old man Shangguan was very unwilling, and

he immediately turned his attention to Yu Sheng.

This pill was a gift he gave to the old man Bai, maybe this guy still has a lot of it!

Thinking of this, the expression of the old man Shangguan eased a lot, and he looked at Yu Sheng and said: "Young man! I am beating my granddaughter to you, can you give me some rejuvenation pills?"

Shangguan Ling was taken aback for a moment, his grandfather actually wanted to betroth himself to a liar to change the pill, it was just an unprecedented thing!

His grandfather usually loves her very much. Marriage is popular among big families. His grandfather doesn't have the heart to let her marry other families, saying that she wants her to ask for his love the most. Now, how did he change his mind?

"Grandpa, how can you look like this? Don't you want Ling'er anymore?" Shangguan Ling lay aggrieved on the lap of the old man Shangguan, and tears fell as he spoke.

Seeing his granddaughter like this, the old man Shangguan felt distressed for a while! He patted on the back of Guan Ling and comforted him:

"You stupid girl, grandpa is also for your own good! You see, this young man is a capable person, who can refine this kind of pill, and he will definitely be able to do great things in the future."

The old man's expression changed. It was too much for his old friend to grab his own medicine, and now he wanted to grab his grandson-in-law.

He hurriedly said: "Old thief Shangguan, grab me a pill, I won't say anything, now I still want to grab my grandson-in-law, dream!"

### **Chapter: 823**

"Old stuff, don't go too far. Now the pill is yours, and the grandson-in-law is definitely going to me. You see how watery my granddaughter is, and it's more than enough for this young man."

Grandpa Shangguan directly grabbed his granddaughter and walked towards Yu Sheng, pushing Shangguan Ling towards Yu Sheng.

If it was impossible to do before, but now the body of the old Shangguan can be tough, even if Shangguanling was a little reluctant, he was still dragged over by his grandfather.

Old man Shangguan smacked his lips, and said, "Look how good you are! It's just a beautiful woman."

On the main seat, the old man Bai couldn't sit still. Seeing that his grandson-in-law was about to be robbed, he ran over with a quick walk.

Pointing to the old man Shangguan's nose, he cursed: "You are an immortal thing. Yu Sheng is obviously the person my granddaughter likes, and the two of them have feelings. Look at the thing my granddaughter wears on her neck. The necklace was given for the rest of my life."

As soon as these words were spoken, everyone's eyes all looked at Magnolia, the lover's heart necklace she wore on her neck.

"This..." Seeing the necklace on Bai Yulan's neck, the old man Shangguan felt an imbalance in his heart. Why did the old and unscrupulous pick it up?

If such a good grandson-in-law missed it, he would never meet him again.

The old man Shangguan thought for a while, and said to Yu Sheng, "Yu Sheng! How about you consider taking a concubine?"

boom!

For the rest of my life, I felt my brain was about to explode.

He didn't even think that things would turn out to be like this, he just gave a box of pills, so why are they vying to marry his granddaughter to himself?

After thinking about it for a while, Yu Sheng said, "I'm sorry! I'm afraid I will disappoint your old kindness. To be honest, I am married and have a five-year-old son."

At this moment, Magnolia stood up and took Yu Sheng's arm and said, "Grandpa Shangguan, although Yu Sheng is married.

But within two days, he will go back and go through the divorce procedures with his ex-wife. When that happens, he will be my boyfriend, so he won't consider taking a concubine. "

Magnolia knew that Yu Sheng was very good, and that many girls would like him, but she didn't expect this kind of thing to happen, so she asked him to take a concubine directly.

Thinking of this, Bai Yulan raised her eyes to look at Yu Sheng, and she prevented him from keeping up with Guan Ling. Would he blame herself for making opinions and then dislike herself?

So, Magnolia looked at Yu Sheng apologetically and said, "I'm sorry, I shouldn't be the master for you. If you want to take a concubine, I...I also have no opinion."

The rest of my life was dumbfounded! I have never said that I have to accept concubines. This is the popular monogamy system in the 21st century. How come you still accept concubines like in ancient times?

Reaching out on Magnolia's head, she smiled and said, "What are you thinking about? You think it's an ancient feudal society. If you want to take a concubine, you can take a concubine."

For the rest of his life, the voice was not loud, so that Bai Yulan and him could hear it. In the eyes of outsiders, the two people seemed to be flirting.

Shangguan Ling who saw this scene not far away, his little hand clenched his clothes tightly, the expression on his face was very complicated.

I don't know why, seeing that the guy Yu Sheng is so close to Ms. Yulan made her feel sour. She didn't understand what was going on.

At this time, someone from the Bai family came to report that something happened at the birthday banquet.

#### **Chapter: 824**

There was a mess at the birthday banquet. A man was chasing and beating a woman. The man seemed to be insane. He attacked the woman very seriously and wanted to kill her directly.

The woman was also hiding while running, still shouting for help, but there was no one to take care of her at all, she was watching her good show.

These two people are not others, they are Shen Xu and Wang Kexin. At this time, Shen Xu has grabbed Wang Kexin's hair while Wang Kexin is asking for help.

Wang Kexin's tears were about to come out, and Shen Xu didn't feel pity, and then he slapped Wang Kexin's face with a slap.

"Smelly bitch, you are the damn damn damn family now, I have to kill you today, you bitch, I will let you go to the funeral!" Shen Xu fisted together, wishing to kill Wang Kexin directly.

Wang Kexin is just a woman with limited strength, and there is no way to fight back under Shen Xu's hands.

As for why she was beaten like this, there was still no one to help her, because Liu Qi, who was with Wang Kexin before, wanted to help her at first.

But Shen Xu, who was irrational, smashed his head on a bench and was still lying on the ground unconscious!

With this lesson learned, naturally no one would dare to make a move anymore.

Everyone can guess that this man dared to make trouble in the Bai's house, and went to beat the woman desperately. It is certain that this woman did something sorry for him that forced a normal person to be like this. .

So Wang Kexin deserved to be beaten. Everyone looked at the matter with a good show. People with bodyguards didn't want their bodyguards to come forward and stop him.

At this time, Wang Kexin's body had been beaten blue and red, her hair was messy, her clothes were disheveled, and her face was swollen by Shen Xu, and she didn't seem to be as bright as she had attended the birthday banquet before.

After beating Shen Xu, he was also tired. He picked up the quilt on the table, fell on the marble floor, picked up a fragment and walked over to Wang Kexin.

I still said: "You stinky bitch, it's all because of you. My murdered family is ruined. Now I don't have a job, my wife and children don't have any. Even if I die today, I will take you to the funeral."

An hour ago, Shen Xu received a call from his immediate boss, the mayor of Qiancheng City, and expelled him directly, and he was not hired for life.

Shen Xu can't understand it! I don't understand why I was fired for nothing. What he said he had been with the mayor for nearly ten years, and he was more or less affectionate. Why was he so unfeeling this time.

The mayor told Shen Xu all what happened in Qiancheng.

His wife called him that day because his son had a congenital heart disease since he was a child, and it happened to relapse that day, and it was very serious.

Shen Xu also has a daughter who is only six months old. Her wife has to take care of her dying son while also taking care of her young daughter.

She was always too busy alone. The doctor said that her son was very dangerous this time, and she was afraid that something would really happen to her son, so she called her husband and didn't expect to...

She never thought that it was a woman who finally answered the phone, and that she would do that kind of thing with her husband.

His son's life is dying, so he still has a leisurely sentiment, so he will be a junior. This makes Shen Xu's wife unable to accept it.

Later, his son died because the rescue was ineffective. Under the double blow, Shen Xu's wife committed suicide with his six-month-old daughter because he couldn't accept this fact.

This incident made the people of Qiancheng known, Shen Xu's reputation was completely stinking, and the mayor fired him because of the pressure of public opinion.

And Shen Xu, who was at ease in Shangjing, didn't know what was going on. He didn't understand until he received a call an hour ago.

## **Chapter: 825**

"Help! Help! Are all the bodyguards of the Bai family eating plain rice? Why have they been so long? No one came to save me?" Wang Kexin yelled in panic.

It's okay for her not to speak, she slapped Shen Xu severely as soon as she spoke.

"You bitch, it's all because of you, all because of you! After letting me take you to the Bai's house, you dumped me and seduce other men, I want to kill you." Shen Xu said The eyes were scarlet, and he shouted heartbreakingly.

The fragment held in the other hand struck Wang Kexin's face severely without hesitation.

"Ah!" Wang Kexin screamed in pain, covering the wound on her face with her hand. After seeing the

blood on her hand, the whole person went crazy.

“Ah! My face! My face! Ah! Shen Xu, you fat man dare to ruin my face, I will kill you.”

Wang Kexin desperately tried to stand up, but he was deeply choked by Shen Xu, unable to move.

Seeing Wang Kexin’s painful expression, Shen Xu laughed unexpectedly and said: “You bitch, even if I can’t kill you, I will ruin your face. See how you seduce men? See who dares to want you?”

As soon as the voice fell, Shen Xu went into madness again, holding the fragments in his hands on Wang Kexin’s face, and kept scratching.

Shen Xu’s laughter was mixed with Wang Kexin’s heartbreaking cry. The scene was once very bloody, and the people around him were shocked.

If you continue like this, you will definitely kill you, and coaxing someone to die at the birthday banquet of the old man will make the old man furious.

There was no way for everyone to continue watching the theater like this, so how could he also take care of the face of the old man, and the person with the bodyguard also gave the bodyguard around him a color.

At a time, six or seven bodyguards in black came to the front of Shen Xu and Wang Kexin, and they tied Shen Xu, who was crazy, with a big rope.

“Let go of me, you let me go! I’m going to kill that woman, I’m going to kill that woman!” Shen Xu struggled desperately, but couldn’t open it, so he could only shout at everyone.

While Wang Kexin lying on the ground was surrounded by bloodstains, and her face was already hideous at this time, sometimes with countless bloodstains, even her left eye was cut blind.

Wang Kexin crawled on the ground, crawled to someone and pulled his trouser legs, faintly shouting: “Please, please, please help me.”

She wanted to find someone to take her to the hospital, maybe her face could be cured after going to the hospital, but no one paid attention to her.

If her face hadn’t been ruined, it would be easy for her to send her to the hospital, but her current appearance was like a female ghost monster, and she would avoid her when she came over.

At this moment, Yu Sheng and Mr. Bai had arrived, and they were shocked when they saw Wang Kexin’s appearance.

The servants of the Bai family recounted all the things that had happened before to the old man Bai. Because it was the reason for the birthday banquet, the old man Bai was not furious, but ordered someone to drive the two of them out.

Looking at Wang Kexin’s appearance, Yu Sheng also shook his head slightly. It should have been at the same age, and if he had to do something angry and grievous, he deserved to end up like this.

“Is this the woman who beat me before? It sounds like it sounds.” Bai Yulan asked Yu Shengxing suspiciously.

Yu Sheng nodded: “Yes, it’s her. I mentioned before, if you want to scratch her face. At that time, you said it was necessary. Even if I didn’t do it, others would still do it.”

## **Chapter: 826**

Just when everyone thought that this event had ended the birthday party and was back on track, Liu Qi, who was stunned by Shen Xu on the ground, slowly woke up.

Rubbing his still aching head, Liu Qi looked up and saw Yu Sheng, standing not far from him.

I scanned the surroundings and didn’t know where the man who beat him with the bench went, even the woman Wang Kexin disappeared.

I was smashed by someone with a bench, and the anger in my stomach, coupled with a kick by Yu Sheng before, my temper was so bad, I saw that Yu Sheng was not far away from him.

"You trash, kicked Lao Tzu and wanted to run this time Lao Tzu must kill you!" Liu Qi got up from the ground and rushed towards Yu Sheng with his fists.

Magnolia beside Yu Sheng didn't know what happened, she was pushed aside.

Yu Sheng took a few steps forward, raised his leg, and hit Liu Qi's face with a punch. With this punch, Liu Qi directly flew far away.

"Why don't you always repent? It's as annoying as a fly that runs over and over again and again to find death." Yu Sheng said in disgust.

But Liu Qi, who was punched by him, never got up again, but fainted again.

After solving Liu Qi, Yu Sheng said to Mr. Bai again, and said apologetically, "Papa Bai, I'm sorry, this fly is really annoying."

The old man Bai didn't mean to blame Yu Sheng, so he nodded his head and recognized what Yu Sheng did just now.

Then his eyes fell on Liu Qi, who was lying unconscious on the ground, and winked at the servants of the Bai family.

The four or five members of the Bai family immediately understood what the old man meant, and several of them lifted Liu Qi who was lying on the ground and retreated.

As for Liu Qi's life and death afterwards, it is not known, anyway, there is no good end.

The birthday banquet continued, and everyone laughed again, as if nothing had happened before.

Afterwards, Shen Xu was completely mad because of the excessive stimulation. Since then, there has been a fat body, tattered clothing, and a whispered neurosis on the streets of Beijing.

Wang Kexin was sent to the hospital in the end, and she was bandaged by a doctor after she was beaten by Shen Xu, but she had countless scratches, but there was no way to recover.

Even if the scar was scabbed, because the wound was too deep, it would leave traces in the future and there would be no way to recover. Her left eye cornea was severely damaged and she was completely blind.

Wang Kexin, who used to think of herself as beautiful, is now terrified when she sees the mirror. People in the family don't want her. Coupled with her ugly appearance, no company will hire her.

Even the men who had pursued her before saw her like this, and they all avoided her.

The disfigured Wang Kexin can be said to have tasted the warmth of the world, and finally ended up begging on the street.

And her glamorous life seemed to have changed because of a call that did not belong to her that night.

If Wang Kexin didn't answer Shen Xu's call at the time, perhaps Shen Xu's wife would not take her daughter to commit suicide. If this were the case, Shen Xu would not lose her official position, let alone go crazy, then she would not. Disfigured.

All the reasons were that she became someone else's junior and violated morals and ethics, so she ended up like this.

Blame yourself!

## **Chapter: 827**

After the birthday banquet, the old man Shangguan was still unwilling to mention his granddaughter as a concubine to Yu Sheng again. After Yu Sheng refused again decisively, he did not speak.

Elder Bai also hoped that Yu Sheng could stay in Beijing for a few days and talk to his old man, but Yu

Sheng still refused.

Because he had an appointment with Yang Zihuan before, on the 15th of this month, that is, three days later, he returned to Qiancheng for divorce.

The next day Yu Sheng and Bai Yulan both bought back air tickets to Qiancheng, because this trip to Beijing brought the relationship between the two people closer.

On the plane, Magnolia's head was leaning against Yu Sheng's arm, her hand tightly holding Yu Sheng's big hand, and she refused to let it go.

For the rest of his life, he didn't break away from her hand. Instead, he let her hold his hand and looked at the white clouds outside the window, feeling extremely heavy.

"All of this feels like a dream to me. If this is really a dream, then I hope I will never wake up in this life."

Magnolia raised her head and looked at Yu Sheng affectionately. She grasped Yu Sheng's hand for a few minutes and asked, "Yu Sheng, tell me, am I dreaming?"

Yu Sheng's thoughts were brought back to reality by Magnolia's voice, just because she was distracted, she couldn't hear exactly what Magnolia was talking about.

So he asked with a confused look: "What's the matter? What did you just say?"

Because Yu Sheng didn't listen to her speech seriously, Magnolia was a little unhappy on her face, but she repeated it with Yu Sheng seriously: "I said you treat me so well now, it feels like you are dreaming."

Yu Sheng had thought that Magnolia would think she was dreaming, so she raised her hand and pinched her face and asked, "Does it hurt? Is it dreaming?"

Magnolia slapped Yu Sheng's hand aside with pain, and looked at Yu Sheng with a grieving expression: "It hurts to pinch it! Isn't it possible to pity Xiangyu a little? He is really a straight man."

Yu Sheng smiled and asked, "Do you still feel like you are dreaming now?"

Magnolia shook her head decisively: "You are about to die of pain with such a heavy hand, it's not a dream!"

Yu Sheng didn't feel how heavy he had just started, he just squeezed it lightly, but although there was no meat on Magnolia's face, it still felt good.

Thinking of the feel, Yu Sheng couldn't help but think of how he accidentally touched Magnolia's chest in the Sakura Club room that day.

Involuntarily, her eyes glanced at Bai Yulan's chest, then she withdrew her gaze, telling herself not to be so wretched.

After getting off the plane, Du Fei took Xiao Shui outside to pick up the plane. When Xiao Shui was held in his arms again, the rest of his life was full of guilt.

He and Yang Zi are going to divorce happily. Perhaps this relationship that exists only in name should be over long ago, but Xiao Shui is the biggest victim, Yu Sheng still can't bear it.

On the way back, Du Fei drove, Yu Sheng sat in the co-pilot seat, while Magnolia and Xiao Shui sat in the back. It was strange to say that the two of them had not seen it before, but they were very close to each other.

It was a great joy for the two of them to play. Xiao Shui finally got tired of playing and fell asleep directly in Magnolia's arms.

Magnolia cautiously hugged the little water in her arms, and gently patted the little water like a mother. For the child born to another woman in her arms for the rest of her life, Magnolia was a little weird in her heart. When she came into contact with Xiaoshui and found out that he was really a very obedient and sensible child, she felt strange. The feeling slowly disappeared.

A child is the most sensitive. Whoever treats him sincerely can feel it, so he is closer to Magnolia.

## Chapter: 828

Looking at Xiao Shui in her arms, Bai Yulan stared at Xiao Shui's face in a daze.

Xiao Shui has inherited Yang Zihuan's genes, but more of it is similar to Yu's growth. For example, Xiao Shui's eyebrows are thick, which is like the rest of his life.

In many other places, Xiao Shui is more like Yu Sheng, and Magnolia feels like Xiao Yu Sheng lying in her arms, with a smile on her involuntary face.

At this moment, Yu Sheng happened to turn around to see this scene, his heart was also warm, and the corners of his mouth rose slightly.

The scene in front of her deepened Yulan's thoughts before, and her liking for Bai Yulan increased a lot. When the idea of divorcing Yang Zihuan came up for the first time, he asked Xiao Zixin whether someone would treat the child of his husband's ex-wife as his own.

At that time, Xiao Zixin didn't have an accurate answer for Yu Sheng, but Yu Sheng had already got the answer in her heart after seeing the scene just now.

Just like Magnolia said before, if she really marries her, then she will take Xiao Shui to her own child. For the rest of her life, she has no doubt about this sentence.

At this moment, Du Fei, who was sitting in the driving seat, suddenly said, "By the way, Lao Yu forgot to tell you. Yang Zihuan also asked you to go home. Would you like to meet?"

Magnolia sitting in the back, when she heard Du Fei say Yang Zihuan, her body was also startled, and she looked towards Yu Sheng subconsciously.

"Let's take a look!" Yu Sheng said, with no sense of joy or anger in his tone.

Du Fei let out a "um", then drove to the car to the villa of Yu's house.

Soon we arrived at the place. Yang Zihuan and Yang Ling and Gaoqing's family sat on the sofa waiting for a long time. For the rest of their lives, they did not speak but hugged the sleeping water and put them on the bed in his room, covered with a quilt. Just walked out.

As soon as he closed the door, Gao Qing shouted at Yu Sheng with a loud voice: "I am calling you back this time, not for other things, but for your divorce from my daughter.

I heard that you will visit the Yu family. I think the family property will be divided. I directly promised us whether the 10 billion yuan should be taken out."

As soon as I got off the plane, I couldn't wait to call myself over, just to get the 10 billion from now on.

For the rest of my life, there was a bitterness in my heart. I looked at Yang Zihuan's eyes again, and I had the feelings of the past, only full of love. strangeness.

Yu Sheng didn't have any reason for Gao Qing, but came to Yang Zihuan and asked: "You asked me to come here to get me 10 billion, right?"

Yang Zihuan glanced at Magnolia not far away, and then said affirmatively: "Yu Sheng, are you talking to me too much now? It's obviously that you have cheated in your marriage, so you can still make this sense. should."

Speaking of this, Yang Zihuan got up from the sofa and said seriously: "Yes, what happened to me just for the ten billion? Is it possible to watch you give all this money to your little third who raised outside? what?"

Hearing these words from Yang Zihuan's mouth, Yu Sheng stretched out his hand and rubbed his hair. Is the woman in front of him still the person he has loved for so many years?

Obviously she was mentally derailed first. In order to be able to be with her other identity, she didn't even want her own son, but now she shirks all the responsibilities on him, and it is so natural.

It's really ridiculous!

The rest of my life wanted to laugh up to the sky, but couldn't laugh at all.

This scene, he only found it ironic.

"Zi Huan, you really think it over. Are you sure you want to divorce me?" Yu Sheng's voice was much softer this time. For Xiaoshui, he even wanted to give Yang Zihuan another chance.

### **Chapter: 829**

"I have already thought very clearly, let's get a divorce!" Yang Zihuan said without thinking, and then handed the divorce agreement on the table to Yu Sheng.

He and Yu Sheng no longer have any feelings, and some are just the relationship of her child's father. She now only has the chairman of the Four Seas Group in her heart, and that person is the image of the best husband in her heart, and Yu Sheng can't even match a hair of the chairman of the Four Seas Group.

As long as she is divorced from Yu Sheng this time, she can confidently pursue her love, and there is no need to spend a lifetime with a wimp.

At this time, Gao Qing walked up to Yang Zihuan and reminded him: "Daughter, how can you give him the divorce agreement so easily? Don't forget that he promised to give us 10 billion before!"

Gao Qing didn't want her daughter to divorce Yu Sheng so easily. Her daughter was a well-known beauty in Qiancheng, and she gave birth to a son who was useless. It would not be too much to ask him for 10 billion.

At this time, Yang Ling, who was sitting on the sofa, also spoke: "Sister, you have been a waste of money for so long. It is not too much to ask him 10 billion. Besides, this is what he promised us before, don't you still think about it? Acknowledge it?"

Magnolia, who was watching from the side, couldn't stand it anymore. This was the first time she had seen the shamelessness of the Yang family, and she had reorganized her three views.

Her own woman had someone else in her heart, and she came to divorce Yu Sheng and don't want children, and she would have to open her mouth for 10 billion. That attitude still felt like her family was at a loss.

Magnolia can't understand how this family is so brazen?

That Yang Zihuan was really stupid, and he willingly gave up such a good husband.

Seeing the faces of Yang Zihuan's family clearly, Bai Yulan felt a little distressed for Yu Sheng. He really didn't know how Yu Sheng stayed in this house for so long, how much wronged and blinded Yu Sheng had he suffered?

Yu Sheng rubbed his temples, took a deep breath, and said to Du Fei on the side: "The 10 billion I asked you to prepare before, did you bring it?"

"Bring it." Du Fei took out a card from his bag and handed it to Yu Sheng.

Yu Sheng had asked Du Fei to prepare 10 billion before he went to Beijing Bai's family to attend the birthday banquet.

"Yes, the tens of billions you want, I'll sign the divorce agreement now." Yu Sheng took the card that Du Fei handed over and handed it to Yang Zihuan.

Yang Zihuan didn't have the first time to pick it up, but Gao Qing snatched the card from Yu Sheng's hand, looked at it with excitement, and then looked at Yu Sheng vigilantly and asked: "Who knows this? Zhang Kari has 10 billion in the end, and it will not be too late for me to check the marriage first."

"Mom, I'll go with you." Yang Ling stood up from the sofa excitedly, that's 10 billion! But it will belong to their family in the future.

Thinking of this, Yang Ling was about to fly happily, and followed Gao Qing to go to the bank to check, and the two stopped when they reached the door.

Gao Qing asked: "Yusheng, you still haven't told me the password for this card?"

"100425" had no concealment for the rest of his life and directly said the password of the card.

When he heard this string of numbers, Yang Zihuan's pupils shrank violently, and his mind trembled.

Ten years ago, April 25th was when he and Yu Sheng met for the first time. At that time, she was just in college and was almost bullied by a gangster when she went out to play.

At that time, Yu Sheng alone had beaten all the gangsters who bullied her.

The rest of her life at that time looked like a big hero in her eyes. As long as she was by his side, she would feel particularly safe and fearless.

But when did the hero in her heart slowly change?

After getting married, Yu Cheng was eating soft food for what others said. It seemed that everyone around her said that the rest of her life was a waste.

After hearing too much, Yang Zihuan slowly thought that Yu Sheng had changed, and became a wasteful eater of soft rice, thinking that he was not worthy of him.

### **Chapter: 830**

When Gao Qing and Yang Ling heard the code of this card, they took the card and went to the bank to check it happily, regardless of the meaning of this string of numbers.

Yu Sheng knew that they would not be able to return in a short period of time, so he simply walked to the sofa and sat on the sofa, looking at Magnolia and Du Fei and saying, "Why are you standing here? Come here? sit down."

Du Fei and Bai Yulan were also very polite, and went directly to the sofa and sat down, Yang Zihuan felt uncomfortable all over.

They simply stood there waiting for Yang Ling and Gao Qing, and gave the sofa to Yu Sheng and his party.

When he heard the bank card password, Yang Zihuan was deeply moved in his heart, but it was nothing more. If you didn't love it, you didn't love it. Divorce was the final choice between them.

After a while, Gao Qing and Yang Ling opened the door with joy and said to Yang Zihuan inside:

"Daughter does have 10 billion in this card, so please get a divorce from that trash!"

"Sister, our family is developed. With this tens of billions, we are even more powerful than the first-class family in Qiancheng. Let's divorce that trash and pursue your happiness!" Yang Ling also said with a smile.

When I was in the hospital, I just casually said that it would cost 10 billion. I didn't expect the waste for the rest of my life to agree so happily.

A few days ago, I was worried that I would boast that Haikou would not give them this money before Yu Sheng, but now the money is in their hands.

Yu Sheng went to Beijing this time to return to the Yu family to divide his family property. As he is, he must have no share of the money, right? This 10 billion may be enough to borrow from the west.

Thinking about it this way, Gao Qing felt that Yu Sheng now had little use value, and he really sat down on the fact that Yu Sheng was a waste of money. It was a wise choice for her daughter to divorce him.

Seeing that there were indeed 10 billion in the card, Yang Zihuan also had no hesitation and said directly to Yu Sheng: "Hurry up and sign the divorce agreement! From now on, the two of us will no longer be related."

As he said, Yang Zihuan looked at Bai Yulan and then said to Yu Sheng: "I don't want to delay the two of you either!"

Magnolia wanted to stand up angrily, and said to Yang Zihuan in theory, but was stopped by Du Fei by her side.

Unwilling to sit back on the sofa, Bai Magnolia's teeth tickled. She thought that Yang Zihuan would be different from his younger brother and mother, but now she looks like she is all the same.

What was meant by that just now was that Yu Sheng was bad, it really seemed like Yu Sheng had betrayed her.

It was obvious that Yang Zihuan was willing to dedicate his life to the company to accompany Wang at the beginning. Later, there was a chairman who liked the Sihai Group, and also entangled with the big boss in her live broadcast room.

Although two of them were Yu Sheng, Yang Zihuan fell in love with others without knowing it. If those people were not Yu Sheng, maybe Yang Zihuan was not only mentally cheating, but even the sex also cheated.

All these things are known to him for the rest of his life. Since Yang Zihuan insists on getting a divorce, there is no need for him to continue to stay.

Opened the divorce agreement and glanced at it roughly. It said that all the houses and cars he bought belonged to Yang Zihuan, and he left home for the rest of his life, except for the custody of Xiaoshui.

As long as there is a small amount of water, everything else doesn't matter to the rest of my life.

Without hesitation, Yu Sheng directly picked up the pen and signed his name on the agreement, and pressed his fingerprint.

Keeping one copy, Du Fei pretended for the rest of his life, and then looked at Yang Zihuan.

"Ten years of feelings, today can be regarded as a break. To be honest, I don't regret knowing you. At least everything in the past was beautiful, and I loved you deeply." Yu Sheng's eyes were moist when I said this. .

No matter how high he is in the eyes of others, he is omnipotent, but in this marriage between him and Yang Zihuan, he has lost a terrible defeat.

Wiping away the tears from his face, Yu Sheng pulled out a wry smile at the corner of his mouth, and said: "Yang Zihuan hopes you will never regret today's decision."

Looking at Yu Sheng like this, Yang Zihuan was also very complicated. The man in front of her had been with her for ten years. This was the first time she saw Yu Sheng crying.

Just when she didn't know what to say, Gao Qing walked out and said to Yu Sheng confidently: "Don't worry! My daughter divorced you is a great thing, and she will never regret it."

"My sister divorced you could not be better, now the marriage is also divorced, that woman kicked my egg to pieces, this account must be clear today!" Yang Ling said angrily, pointing at Magnolia.
