

Dont mess 871

Chapter: 871

Qiancheng.

Yang Family Villa.

As soon as Yang Ling opened the door, she was shocked by the scene in front of her. Everything at home was empty, sofas, electrical appliances, refrigerators, antiques and the like were all gone.

“What the hell is this? Why didn’t my mother tell me when she moved with her old sister?” Yang Ling looked shocked, and then reacted. It is very likely that she is not at home these days and the old sister moved. NS.

I just didn’t go home for more than ten days. Why didn’t you tell him after moving? Yang Ling was puzzled.

Before he could think about it, Yang Ling stretched out his hand and rubbed his bruised cheek. He grinned as soon as he touched it.

“Oh! That bunch of dog stuff in the casino is really fucking cruel, and I’m not rich!” Yang Ling didn’t get angry when he thought of the cruel hands of the casino people and kicked him. Opened the door of the villa.

Entering the villa, Yang Ling casually found a broken chair and sat down, picked up the phone and called Gao Qing.

“You can call me if you have no conscience! My old lady thinks you are dead outside, yes! I’ll go back to buy food immediately, and I will introduce you to Uncle Wang!”

Gao Qing’s voice came through the phone, and Yang Ling was confused. When did he have another uncle Wang?

Thinking of a possibility, Yang Ling said displeased: “Mom, don’t tell me that Uncle Wang is the new wife you are looking for. I don’t agree, and my sister can’t agree!

correct! Mom, why don’t you tell me when you move? Am I not coming back in just a few days? How can you not want your biological son?”

Gao Qing on the phone was taken aback, wondering what Yang Ling was talking about, and asked, “You bastard, what are you talking about?”

By the way, your Uncle Wang is at home! You two get along well, don’t fight, or I won’t finish with you!”

Hearing Gao Qing’s words, Yang Ling was confused again. He looked at the hollowed-out home. It was not easy for him to find a broken bench. Where is there a half-person figure?

Yang Ling scratched, and ran out to take a look again. Indeed, he did not make a mistake! Gao Qing had already hung up when she went to look at her mobile phone.

Helplessly, he could only put the phone back in his pocket, and wait until Gao Qing came back to ask what happened.

Incidentally, I asked Gao Qing to give herself 100 million, and to repay the usury owed by the casino.

After all, there is no way to repay the 100 million she owed within three days. Brother Long is going to unload his legs and feet. .

But these Yang Ling didn’t take it to heart. His former trash sister, but gave them 10 billion yuan, even if he is taking one to pay off the debt, it is not a problem.

Yang Ling sat in a chair leisurely, with Erlang’s legs tilted, a cigarette in his mouth, a mobile phone in his hand, and he was playing a popular game recently.

After a long time, Gao Qing came back with the big and small bags in her hand. When she heard the

door opened, Yang Ling put the phone back in her pocket, and ran to Gao Qing's side.

"Mom, why did you buy so many clothes or something? And men's underwear? You bought them for me."

Yang Ling flipped through what Gao Qing was holding in her hand, and who thought Gao Qing directly beat his hand to the side.

He reprimanded: "Hunboy, this is not for you, this is for your Uncle Wang. His current company is bigger, and he will be a big man in the future. Of course, he must have suitable clothes."

"Uncle Wang?" Yang Ling scratched his head and asked: "Mom, tell me what the hell is going on with Uncle Wang."

Speaking of Wang An, Gao Qing's old face turned red unconsciously, and said shyly: "He will also live in our house in the future, that is, your future dad. Although he is only in his thirties, he treats your mother and me. Okay."

Chapter: 872

His father has been dead for more than ten years. Today, Yang Ling said from his mother's mouth that he was going to find him a father. Yang Ling felt dizzy and couldn't accept reality for a while.

"Mom, are you always confused? Why are you thinking about finding another wife when you are so old?" Yang Ling said without a word.

When Gao Qing heard this, she was instantly unhappy, pinched Yang Ling's arm severely, and said, "Mom is also a woman, so you are allowed to spend time outside. Do I want to find a wife to spend my old age? Can't it?"

Yang Ling curled his mouth, stretched out his hand and rubbed the area on his arm that had just been pinched by Gao Qing, and asked what he thought of: "Then you told me that Uncle Wang was at home, but there was nothing at home, really everything. No! What's going on?"

Gao Qing was startled and muttered: "It's impossible! When your Uncle Wang asked me to buy something in the morning, he was still in my room! How could he not be at home?"

Just talking to your son here, no one can see Wang An coming out, Gao Qing, you feel that things seem to be abnormal.

Wang An is very enthusiastic. How could it be possible that Yang Ling's house has been hiding in the room for so long, and the more he thinks about it, the more he feels that something is wrong.

Could it be that he went out? But when he went out, he clearly said that when he came back, how could he not say anything.

"Go, let's go back to the house first!" Gao Qing carried the big bags and walked into the villa.

When she opened the door of the villa and saw the scene in front of her, her chin was about to fall to the ground. She even put down the clothes she bought for Wang An in disbelief and rubbed her eyes. The magnificent villa previously renovated seemed to have been ransacked by a robber, and there was nothing left.

Gao Qing grabbed Yang Ling's ear and screamed: "Okay, you bastard, did you run out of the billions of dollars you spent, and owed a debt outside and sold all the things at home? ?"

Yang Ling's ears hurt, so he can only beg for mercy: "Mom, mom, you let go, okay? I just came back today, and it looks like this when I get home. How can I rest on my head?"

That said, Gao Qing let go of Yang Ling's ears.

"It wasn't you who vacated the house, who would do this kind of thing?" Gao Qing couldn't figure it out, but Yang Zihuan could not have done it without her son.

Then he asked again: “Yang Ling, did you see your sister when you came back? Could it be that Zihuan and the chairman of the Sihai Group have become involved and plan to take us to the luxurious villa, so I plan to Surprise us?”

Upon hearing Gao Qing’s words, Yang Ling also felt that such a possibility was very possible. The chairman of the Four Seas Group had originally liked Yang Zihuan.

Now, Yang Zihuan has divorced that waste Yusheng, and the two of them are likely to have feelings for each other already together.

Yang Ling nodded heavily and said with a smile on his face: “Mom, the possibility of what you said is very high. Maybe the chairman of the Four Seas Group has sold a big villa for my family and waited for us to move over. !”

Gao Qing couldn’t wait to think of it here. Although she also had nine billion, she spent one or two billion on Wang An’s investment business during the period.

With the remaining money, she intends to spend a lifetime with Wang An and have children, and has no plans to buy a villa. If the chairman of the group wants to get together with Zihuan to give away a larger villa, it would be a good deal. NS.

Sure enough, after Yu Sheng’s broom star was gone, their family could not only get 10 billion dollars, but her daughter could also pursue her love.

You can live in a villa right now, and Gao Qing is very excited when he thinks about it.

Gao Qing patted Yang Ling’s body and said, “Why are you still stunned? Hurry up and call Zihuan and ask her to send us the address of the new villa!”

Yang Ling quickly turned around, took out his mobile phone and called Yang Zihuan.

Gao Qing also took out her mobile phone with joy, and planned to call Wang An to tell him this good thing. He came back from the outside and found that there was no one at home, so he was anxious!

Chapter: 873

Soon after Yang Ling called Yang Zihuan the phone was connected. Seeing someone connected, Yang Ling couldn’t wait to say: “Sister, are you with the chairman of the Sihai Group?

My mother and I have guessed, where did my new brother-in-law bought the villa? Is it more luxurious than our original place? Why didn’t you tell me and my mother when you moved? When we went home, you were shocked by you, thinking that the house was robbed! ”

Yang Ling said a lot in excitement. If he can be the brother-in-law of the chairman of the Sihai Group in the future, then Yang Ling might as well be able to walk sideways in this Qiancheng city, so can he be unhappy?

Yang Zihuan on the other side of the phone, as soon as he heard the chairman of Sihai Group, he couldn’t help but think of Yu Sheng, and he felt regretful in his heart.

Displeased: “I have achieved nothing with him, and it is impossible. What move? What big villa, I don’t understand what you said, is it not enough to buy you a big villa for the rest of my life. Is it?”

Yang Ling was taken aback, he didn’t expect Yang Zihuan to say this, it was completely different from what he and Gao Qing had expected!

“Sister, isn’t our house being vacated because you bought us a new big villa? What’s the matter?” Yang Ling asked puzzledly.

“I can’t do anything, you and mom wait for me to go back.” After saying this, Yang Zihuan hung up the phone.

At this time, Gao Qing, holding her hands with trembling hands, was constantly making calls to Wang An,

but no one was connected, sending WeChat messages, or texting messages, but there was still no one to take care of her.

“How is it possible? Wang An usually answers her phone no matter how busy she is, why can’t I be contacted today?” Gao Qing said to herself.

At this time, Yang Ling knew that no matter how stupid he was, his mother had been deceived. Taking Gao Qing’s cell phone, he said boredly: “Mom! You have been cheated. Even if the phone is broken, it is impossible for anyone to answer your call.”

Gao Qing kept shaking her head, shaking her head like a rattle, and wanted to grab the phone from Yang Ling’s hand.

How could Wang An be a liar?

She saved his life, even if he lied to anyone in the world, it was impossible to lie to himself! He is his savior.

He also helped him start a business, helped him succeed, and even gave him himself. How could he be a liar?

But this evacuated villa has proved everything. Gao Qing doesn’t want to believe it. Yang Zihuan is right. Wang An is a kind liar.

Gao Qing smashed all the clothes she bought for Wang An on the ground and cursed: “Well, you Wang An, my old lady is so good to you, and you gave you everything. You are actually cheating on me. The white-eyed wolf is not good. die!”

After that, Gao Qing was aggrieved and hid on the ground and burst into tears. She originally thought that she had encountered the silence of love in Wang An’s tender hometown, but she did not think that some of them were fake.

Yang Guohuai has been dead for so many years, and for so many years, he has been deceived by that Wang An, thinking that Gao Qing is crying even more fiercely.

If she goes down someday, how can she face Yang Guohuai! Will he be beating himself to death.

Yang Ling sighed. The matter is now. He is complaining about Gao Qing and it is of no avail. He patted Gao Qing on the back, sighed and said, “Mom, don’t be sad. There are no things at home, we are not. There are nine billion dollars, and then just buy a new set of furniture.”

Hearing this, Gao Qing’s cry was much reduced, and she choked off the tears on her face: “My dear son, you must not talk to Zihuan about this matter. If you tell her, she will scold me to death. of.”

Yang Ling nodded perfunctorily. He still didn’t care about these furniture. As long as there is nothing to do with the nine billion, he still has to take one billion to pay back the casino Dragon brother’s money!

“Mom, you can be regarded as having a memory for this incident, right! You were cheated by that surnamed Wang for money?” Yang Ling asked.

Chapter: 874

When Yang Ling asked this question, Gao Qing’s eyes began to dodge. At this time, she didn’t dare to look at her son’s eyes.

Gao Qing recalled what she had done with Wang An before was a moment of regret. How could she be so credulous in a glib person?

If he told his son that he had given 200 million yuan to a person who had just known him for a few days, he would definitely scold himself severely.

Gao Qing didn’t want to say it, she would rather put this bad thing in her heart than say it, which was embarrassing.

Seeing the appearance of his mother, Yang Ling suddenly felt a little panicked. Could it be that all the nine billion yuan was cheated by the bastard surnamed Wang?

Thinking of this possibility, Yang Ling had no way to calm down for a while, grabbed Gao Qing and asked loudly: "Mom, you quickly tell me how much you have been deceived!"

Gao Qing's eyes were still dodging, but her son asked her the same, she also had to make it clear, her voice was very weak and said: "I was cheated of two hundred million, that bastard said he would lend me two hundred million. When starting a business, when I was blinded by lard, I lent it to him without thinking about it."

Hearing that there were only two hundred million, Yang Ling felt distressed, but he didn't take it seriously. Even if he was cheated of two hundred million, there would still be more than eight billion!

As long as you don't go to the casino in the future, you can still live your life at ease in the future.

"It scares me to death. Two hundred million is two hundred million! Mom, give me another one hundred million. I'll find someone to catch that Wang An and beat him up, and let him spit out the money by the way." Yang Ling Saying that he stretched out his hand, he asked Gao Qing for money.

"Someone needs to spend two hundred million to pay for it. It's impossible that I won't give you a penny." Gao Qing immediately covered her pocket, but she felt it and found out that there was nothing hard. Feel.

Gao Qing only felt that her heart was shocked, but that card contained all her money, how could it suddenly disappear?

A flash of lightning flashed in his eyes, and Gao Qing recalled what happened this morning. When Wang An got up in the morning, he specially asked him for a loving hug, which is not common on weekdays. After hugging her, I helped her tidy up her clothes. Gao Qing didn't realize the problem at that time, and thought that Wang An treated herself better.

After that, Wang An asked her to buy him a piece of clothing, and she also specifically mentioned a place far away from their villa.

Even if she thinks of the truth, Gao Qing has no way to accept it. This kind of thing is about to drive her crazy.

I finally fell in love with a person who thought that he could be entrusted to life, but I didn't expect to be a liar from beginning to end, and even cheated all his money away.

That's nine billion! All of her, how could that white-eyed wolf be so cruel?

Seeing Gao Qing crying, Yang Ling was upset for a while, what the hell was this silly mother doing?

Yang Ling asked impatiently: "Mom! What's wrong with you again? I'm upset for you crying like this, even if you are cheated by 200 million yuan."

Gao Qing slapped Yang Ling fiercely and choked up: "What two hundred million? That bastard-eyed wolf stole all his cards. He used me to know the password before!"

As soon as he heard this, Yang Ling was fine.

Yang Ling seemed to have lost his reason, grabbing Gao Qing's shoulders and asking in a loud voice:

"What did you say? All were deceived? Did you have all the money?"

Gao Qing cried and nodded.

Chapter: 875

"You've been a person for half your life, how could you be cheated of all your money? Are you a fool? No brains at all?"

Yang Ling's Gao Qing was furious, and regardless of whether the woman in front of him was his

biological mother or not, pointing to the nose was just a curse.

“You stupid, brain? That’s nine billion, and if you have money, didn’t you sincerely kill me? After these three days, you will wait for the white-haired person to send the black-haired person to me and collect the corpse. !”

Yang Ling was gasping for breath. If Gao Qing wasn’t a fucking word, he wanted to strangle this woman and bury him with his own hands.

Gao Qing couldn’t care about her son scolding herself, she was really mad at Wang An now, she couldn’t accept this kind of thing at all.

“Mom... Mom didn’t mean it... Mom didn’t even think that such a thing would happen.” Gao Qing couldn’t stop her tears, she had the desire to die, but she didn’t dare.

“It’s useless for you to apologize now! I owe 100 million yuan in the casino. If you can’t get it out, you can just wait for me to collect the body!” Yang Ling shouted at Gao Qing with his throat.

He didn’t even have this one hundred million in his mind, but now that something like this has happened, it is simply driving him to death.

Gao Qing didn’t have time to wipe the tears and nose on her face, grabbed Yang Ling’s arm, and asked anxiously: “Son, what are you talking about? What about collecting the corpse? Didn’t I give you a billion?”

As long as we save some use, we can also live a life of prosperity. ”

Yang Ling shook off Gao Qing’s hand and said, “You can be deceived by others for nine billion. What’s wrong with my spending one billion? I am really now. I was killed by you, how can I show you a brain-dead mother!”

After hearing what Yang Ling said, Gao Qing understood what was going on.

Yang Ling didn’t know how to repent. He thought that he had some money in his hand, and he wanted to try his luck in the casino. From the beginning, he played with hundreds of thousands and hundreds of thousands. In the end, all of the billions of usury was lost.

If it weren’t for Yang Ling to tell Brother Long that he still had a lot of money in his family, and Brother Long saw how lavish he was doing, he would let him go.

He didn’t even think that something like this would happen at home.

“Son, don’t worry, there will be nothing to do. Don’t forget that the chairman of Sihai Group is interesting to Zihuan. You are the future brother-in-law of Sihai Group. How could he not help you?”

Gao Qing Aloud to comfort Yang Ling.

Gao Qing could only listen to Yang Ling’s words of scolding her before, who made him do an unforgivable mistake this time!

When Yang Ling thought of this, the fear in his heart slowly disappeared, right! His future brother-in-law is very good, how could the chairman of the Four Seas Group not come up with 100 million.

At this moment, Yang Zihuan’s car stopped at the door of the villa, and he was shocked when he walked in and saw the scene in front of him.

“Mom, were these things taken away by that liar Wang An?” Yang Zihuan said angrily.

She had told Gao Qing before, and that Wang An seemed to know that he was not a good person, but Gao Qing didn’t listen. Now she was deceived and thought of herself.

Seeing her daughter coming, Gao Qing cried and hugged Yang Zihuan, lying in Yang Zihuan’s arms and crying loudly.

Although I blame Gao Qing in my heart, no matter how she is also her own mother, she can’t be blamed for being deceived.

Seeing Gao Qing crying so sad, Yang Zihuan couldn't bear to say: "Okay, it's just a few pieces of furniture, not worth a lot of money, just buy it later."

"Sister, don't you know, my mother brought back a little white face and cheated all the money away!" Yang Ling said angrily.

Yang Zihuan was stunned, and she was shocked by the five thunders that were shocked by this message...

Chapter: 876

"Otherwise, I'll just kill myself! Being cheated of so much money really doesn't have the face to live in this world."

Gao Qing cried and coaxed to find death. She didn't really want to die, but was afraid that her sons and daughters would blame her.

Sure enough, Yang Zihuan grabbed Gao Qing's arm and said distraughtly: "Mom! This has already happened, what's the point of going to death now? The money has been cheated away, so I still think of a way. How to find that Wang An!"

Yang Ling leaned against the wall. Gao Qing just wanted to go to himself and he didn't even move. This woman had done all his money, and she deserved it if she died.

Listening to Gao Qing's crying, Yang Ling wanted to sew her mouth, rubbed her head in annoyance, and shouted at Gao Qing: "Mom! Can you stop it, or think about it." How can I survive!"

The Yang family was in chaos, and the one-hundred-billion-dollar introduction, if there were no flying fortunes, maybe it wouldn't be where it is today.

When Yang Zihuan learned of the money Yang Ling owed at the casino, he was so worried that he even wanted to leave the house and never return.

In the past, although there were a lot of troublesome things, it seemed that these things would be solved in the end, and she never needed too much worry.

But the person who helped her solve the problem let her lose it, and no one would help her like him anymore.

Yang Zihuan hid on the ground in annoyance, covering his head with his hands, tears falling down when he couldn't keep up, and endless regrets emerged in his heart.

She really wanted to say something in front of Yu Sheng: Yu Sheng, I know I was wrong, and it was very wrong!

But even if you recognize your mistakes, will you forgive her for the rest of your life?

Thinking of what he had done before, Yang Zihuan couldn't wait to slap himself fiercely and awaken himself at that time, maybe there would be no such bad ending as it is now.

Now things have happened, the two of them are divorced, and beside Yu Sheng there is a woman who is more beautiful than her waiting for the rest of his life.

Yang Zihuan didn't have anything in his heart, and now he was so afraid that he would fall in love with others for the rest of his life.

At this moment, Gao Qing pushed Yang Zihuan and said, "Daughter! You must think of a way to save your brother! You can't watch him die with your own eyes? How about you and the chairman of Sihai Group?

He is so good to you, and you are now divorced, if you ask him to help Yang Ling, he will definitely not refuse."

Yang Zihuan raised his head, looked at Gao Qing blankly, and said faintly: "The chairman of the Sihai

Group is Yu Sheng, who has just divorced me for the rest of his life. Now this situation is caused by you. The family's money and my divorce matter have nothing to do with you. Are you satisfied now? Aren't you going to die? Let's die together! I don't want to live anymore. "

Speaking of Yang Zihuan, he took Gao Qing to the side of the wall, pointed at the openings on the wall and said: "Now I won't stop you, come on, let's die together!"

Gao Qing, who was dragged by Yang Zihuan to the wall, shrank her head, not daring to look her eyes squarely. She was just acting before, and she didn't really want to die.

Thinking of what Yang Zihuan had just said, Gao Qing asked in surprise: "Zihuan, what did you just say? Yu Sheng is the chairman of Sihai Group."

Yang Zihuan laughed self-deprecatingly when he saw Gao Qing's relationship, and explained to Yang Ling and Gao Qing what had happened in the Four Seas Group the previous two days.

The whole family looked ashamed, Gao Qing kept apologizing to Yang Zihuan, Yang Zihuan didn't even bother to look at her.

In the empty villa, there were all Gao Qing's cries and the sound of her own slap in the face.

Chapter: 877

The noise in his ears became louder and louder, and Yu Sheng frowned. He just wanted to sleep, but listening to the noise, there was no way to fall asleep quietly.

As soon as he woke up, the overwhelming pain came over. It seemed that every corner, every cell, and every blood vessel in his body was suffering from pain.

That kind of feeling, there was no difference from a death. The rest of my life looked at the whole body, and there was no serious injury to the body.

The previous fight with the master abbot has been repaired by the upgraded version of the strong body pill, but the body will have to bear this kind of pain for a while.

There was nothing unusual about the muscles and bones that stood up and moved, and the pain when I woke up slowly disappeared.

Yu Sheng was surprised to find that his internal strength had increased a little bit, and even his own body was stronger than before.

These improvements are inseparable from the battle with the master abbot and the upgraded version of Qiangshen Pill. Yu Sheng is ecstatic. Although it has only improved a little, it has made a good progress. The rest of his life was refreshed, planning to open the door to see what happened outside and why it was so noisy.

Looking at his bare arm, Yu Sheng realized that he was naked, so he wore this strip.

I quickly went to the bathroom of the bedroom, washed my face, put on my clothes, and then opened the door and walked out.

At this time, Wang Dandan, Zhang Shuo and Bai Yulan were making noise outside.

"Zhang Shuo, are you still a man? Your own girlfriend has been bullied like this, and you dare not even let it go!" Wang Dandan yelled at Zhang Shuo angrily.

It was too late last night, Wang Dandan deliberately pulled his boyfriend to find Magnolia early in the morning to calculate yesterday's account.

Zhang Shuo has always respected Yu Sheng and even wanted to make friends with Yu Sheng, but his girlfriend can only give up his thoughts because of the repeated coaxing of his girlfriend.

Even if he couldn't be a friend, Zhang Shuo didn't want to offend Yu Sheng's girlfriend, and befriend Yu

Sheng, but Wang Dandan kept yelling, causing a headache.

Facing Wang Dandan, who was sued by the wicked first, Bai Magnolia was naturally angry: "Wang Dandan, don't rely on my nose to face you. I also want to settle the account yesterday."

At this time, Wang Dandan also noticed the rest of his life who had just walked out of the room, and said disdainfully: "It just so happened that your pauper boyfriend also came over. The two of you are now kneeling in front of me. I beg me, I might Will also consider forgiving you.

Otherwise you, your pauper boyfriend, and his little bastard, just wait to die!"

When Yu Sheng heard this, the corners of his mouth rose, and he didn't think that someone as smart as Zhang Shuo would have such a stupid girlfriend.

Thinking of this stupid woman's evil deeds to Magnolia yesterday, the rest of her life had no plans to forgive her lightly.

So he said coldly: "I don't know who you are, but you will know right away that we are the ones you can't afford to offend."

For the rest of his life, he didn't hesitate. As soon as the voice came to the hotel's landline, he picked up the phone and dialed a call.

This reckless Wang Dandan, relying on his own identity, really thinks that he can do whatever he wants?

Then he must take it seriously for the rest of his life. His face slammed his proud things under her feet, and let her take a good look at these things. In his eyes, it counted as nothing.

Chapter: 878

Seeing that Yu Sheng was actually on the phone, Wang Dandan didn't take it seriously. In her heart, even if she stayed in the best hotel near Qingshan Temple for the rest of her life, she was just pretending to be in front of beautiful women.

Looking at his tattered stall, Wang Dandan is almost certain that this habit of bragging for the rest of his life is simply a pauper.

"Pretending to be, I want to see who you are going to call, is it possible that you can still bankrupt my company in Yunxian?" Wang Dandan said with a sneer.

Hearing this, Zhang Shuo quickly pulled Wang Dandan's clothes and signaled her not to speak any more. He had been paying attention to Yu Sheng just now, and looking at Yu Sheng's eyes, Zhang Shuo was a little scared, naturally he would not think that Yu Sheng was just joking.

Wang Dandan was totally uncomfortable, and when he raised his hand, he slapped Zhang Shuo's face with a slap, in the slightest way to save him face in front of others.

"Zhang Shuo, don't worry if you are a counselor. I didn't know how to blindly fall in love with you at the time. Let's break up! From now on, don't ask my dad for help with your family's business." Wang Dandan said coldly.

Covering the flushed face of Wang Dan's singles, Zhang Shuo showed a wry smile and sighed, as if he was relieved a lot at once, and said: "I'm tired! Anyway, I'm tired too. I will not intervene if you are developed or down."

"Cut, Zhang Shuo used to think you were very clever and your brains were very good. I never thought that you would say something like this. My family is thriving in Yunxian County, how could it be downright? Shut your crow's mouth and get out of my way. !" Wang Dan single pointed to Zhang Shuo's nose and cursed.

Zhang Shuo didn't stay at all. When he was about to walk out of the room, he took a special look at Yu Sheng. This man is definitely not as simple as the surface, and Wang Dandan's stupid fork will definitely

suffer from fighting with him.

After breaking up with Zhang Shuotí, Wang Dandan didn't have a trace of sadness on his face. The two of them had been together for so many years, and she was quite sure that Zhang Shuo would beg her to get back soon.

Because Zhang Shuo's business, without her father's help, is not even a fart.

Wang Dandan looked at the white Magnolia who ran to the side of Magnolia, and he was a moment of contempt: "When you fall in love with a man with a child, he is still so inferior. It's really a shame for our women."

Having said this, Wang Dan covered his mouth and smiled, and said: "By the way, Yu Sheng, your girlfriend ran out to find a wild man at 12 o'clock last night. She hit me at that time."

"What nonsense are you talking about? When did I go looking for a wild man?" Magnolia's face was red and her ears were red, and now she is still there for the rest of her life, how could this Wang Dandan slander her like this.

Yu Sheng walked quickly to Wang Dandan's face, raised his hand and slapped Wang Dandan's face with a slap, and slammed her to the ground. Even two teeth were lost.

"I have always disliked hitting women for the rest of my life, but a woman with a mean mouth like you really won't have a long memory if she doesn't tidy up." Yu Sheng saw Wang Dandan's eyes move with murderous intent.

He used to think that Zhang Shuo was a little clever, but treated him well, so he didn't care about anything with Wang Dan, but she offended Magnolia and humiliated her, which is absolutely impossible.

Wang Dandan, who was lying on the ground with the slap in the face of Sheng, was dizzy and didn't react for a long time. When she woke up, she saw the two teeth she had fallen on the ground.

Reaching out and squeezing the teeth on the ground, he was crazy. Girls are all beautiful. Now his face is not only swollen by Yu Sheng, but the teeth are also knocked out. Later, he will not be as good as the original.

Wang Dandan pointed at Yu Sheng, and shouted hysterically: "You pauper, dare to beat me? Do you know who I am? I will call my dad now, I want you to die!"

After saying this, Wang Dandan went to grab his mobile phone. He must tell his father all the humiliation he suffered today, and let her father kill Yu Sheng!

But at this moment, her cell phone just rang, and the caller ID displayed her dad's remarks.

Chapter: 879

It's so smart! I just got wronged here, my father knew, Wang Dandan glared at Yu Sheng and said fiercely: "You wait! First call my father and call me, then I will let him kill you!"

Yu Sheng smiled, he was about to be smirked by the Wang Dandan in front of him. What kind of family does this arrogant little girl live in that would make her accustomed to this way.

"It doesn't matter if you want to kill me! But I still advise you to answer the phone first and listen to what your dad said!"

This time, Wang Dandan didn't have to pick up the rest of his life. Instead, he answered his cell phone, crying like his father, telling his grievances: "Dad, his girlfriend who has a very very annoying guy took my cell phone. He fell, he just hit me, you help me find someone to kill him!"

"Asshole thing, quickly kneel down and apologize to that person. If you can't get his apology, I don't have a daughter like you!" Wang Zhihua said angrily on the phone.

Just now, Wang Zhihua received a call, and he was shocked to pee. He was just doing some business in

the small county town, and he was still decent.

I never thought that the very famous Bai family in Shangjing would actually call him. When I heard the old man Bai said that his asshole daughter dared to hit the granddaughter of the old man Jingbai's house, I was so scared that my soul was about to die at that time.

The daughter who was so well-behaved in front of him on weekdays even said that he was killed. Even if Wang Zhihua gave him a thousand guts, he would not dare to think like that!

Hearing what his father said, Wang Dandan only felt that he had auditory hallucinations. He had always held her in his hands and spoiled his father as a jewel in his palm. What happened to his father was his father's help to solve the problem. She has never been blamed.

How could you say that to yourself for an outsider today? Let yourself kneel down and apologize to others, but also sever her father-daughter relationship.

This made Wang Dandan not believe it at all, so he asked again: "Dad, what nonsense are you talking about? I am Dandan! I am your daughter."

"The bastard is talking about you, did you know that you offended the big man? Our sky was pierced by you, and don't kneel down to apologize. If you don't get the big man's forgiveness, not only will you be finished," Even I will be finished, our family will not survive by then!" Wang Zhihua said angrily.

"Heaven...Heaven...all the big people...are all to be done?" Wang Dandan's whole body was trembling, shaking like chaff, these sudden information made her have no way to withstand it, and even more can't accept it.

Could it be that the big people in her father's mouth are the two in front of her, and she has always had no eyes on them?

He looked up at Yu Sheng, and at this time Yu Sheng also looked at her with a smile on his face. Although Yu Sheng was smiling, Wang Dan, who was smiling, was cold in his bones!

Originally, Wang Dandan wanted to give Yu Sheng a good start, so he always turned on the amplifier, and he heard what his father said for the rest of his life.

"Why? Didn't you let me die? When will your father come to take my life?" Yu Sheng asked, raising his eyebrows.

Magnolia was watching this scene with curiosity on her face. She came to Yu Sheng and asked in a low voice, "Hey, who did you call just now?"

Yu Sheng shrugged and said without embarrassment: "Of course it's for your grandfather, but you are Shangjing Bai's family, the precious granddaughter of Father Bai, your grandfather loves you so much, he will definitely help you out!"

Bai Yulan thought that she would use her own strength to teach Wang Dandan for the rest of her life, and thought that after a long time, she even called her grandfather.

What a slippery one!

But Wang Dandan was already frightened. His father, Wang Zhihua, had been reprimanding her on the phone. This is something that has never happened since childhood.

This time she really had to break through the big basket, not only killing herself, but also hurting his father.

Without hesitation, Wang Dandan knelt directly in front of Wang Dandan, hugged his leg and said, "I...I really don't know your identity. If I knew in advance, I would definitely not dare to provoke you!

I beg you, my lord, don't think about the villains, don't think about me as a little girl, is it better? Let go of my dad! "

Looking at Wang Dandan, who was kneeling at his feet and crying, there was no mercy for the rest of his life, and he even felt sick.

“Let go of your hand, don’t touch me!” Yu Sheng said disgustingly.

When Wang Dandan heard this, he immediately let go, holding the arm of Yu Sheng’s leg, and quickly stepped back for fear that he would be killed directly by the rest of his life.

She had seen it when Yu Sheng beat the master abbot from the stage before, so she had no doubt that Yu Sheng had the ability to kill her directly.

“I beg you to let our house go? I really know that I was wrong. Even if I let me sleep with you and give you a tool to vent, I beg you.”

Wang Dandan knelt on the ground, extremely humble, what shit dignity, what shit face, she really didn’t want anything, she just wanted her father not to be burdened by this incident, she just wanted to live...

When Magnolia heard this, she immediately became unhappy. Her previous violent temper came up. If she admits her mistakes, she admits her mistakes. If she apologizes, she apologizes. How can she go on a pole to hook up for the rest of her life?

Is it possible that Wang Dandan still wants to take advantage of this opportunity to indulge in the rest of his life and become his rival in love?

“Don’t think about it, the rest of your life is mine, and the person you offended is also me, you have to apologize to me!” Magnolia said fiercely.

Faced with mocking her before, and insulting her as a meat-buying girl, and now she wants to rob her for the rest of her life, Magnolia will naturally not let her go so easily.

Wang Dandan’s words about begging for mercy caused him even worse.

She always thought that these things were done by Yu Sheng, after all, it was the phone call Yu Sheng made, and her father had that reaction.

Even now, Wang Dandan still thinks that Magnolia is just a long and nice looking Humeizi.

I looked at Magnolia impatiently and didn’t want to take care of Magnolia, but looked at Yu Sheng again and said, “I’m sorry, you forgive me? I just want to be a cow and a horse for you, although I don’t have her beauty. , But I am much cleaner than her.

Although I have been in love with Zhang Shuo, I only have him as a man. Let me serve by your side to make up for my previous mistakes! ”

As stupid as a pig, he has never seen such a stupid woman in the rest of his life, and he is an eye-opener today.

Bai Yulan was compared once again, and she was also said that she was not as clean as Wang Dandan’s ignorant woman. This time she really angered her.

Raising his hand, he slapped Wang Dandan’s face twice, and said in an aura: “How did a stupid person like you live so big? Shut your mouth and tell me those things, believe it or not. People sell you to entertainment clubs!”

“Well, do what you said, just sell this woman to the entertainment club. As for the little Wang family in Yunxian, there is no need to exist. The old Wang Zhihua, who can’t discipline his own daughter, just go to beg for food. Come on!” Yu Sheng said lightly.

A word that seemed to be light and fluttering, but actually dominated the lives of Wang Dandan and Wang Zhihua.

Only then did Wang Dandan realize how stupid he had done, and went so far as to grab the rest of his life in front of Magnolia, literally hitting the gun.

At this time, four people came in in the hotel room, just as Magnolia taught Wang Dandan, the person

who called for the rest of his life.

Although Yu Sheng's strength does not involve Jiangcheng, the underground king of Qiancheng is Du Fei, and the boss here in Jiangcheng has some friendship with Du Fei, and it is much easier to do things than to find someone for Yu Sheng.

After this incident, Yu Sheng wondered whether to expand Du Fei's power, and these cities around Qiancheng should also be taken? I don't know if Du Fei can come here busy.
