

## Dont mess 881

### Chapter: 881

Wang Dandan still wants to struggle, but for the rest of his life he wants to send her to the entertainment club! She couldn't understand what it was.

Before, she mocked Magnolia for being a meat seller, but now she is about to fall into the kind of meat seller he despised.

Wang Dandan kept begging for mercy, but Yu Sheng didn't even look at her at all, which made Wang Dandan heartbroken.

In this way, he was dragged out by four men and dragged out of the room. Wang Dandan, who thought he was about to end his life, saw Zhang Shuo who had been standing outside the door.

When Wang Dandan said that he was going to break up with Zhang Shuo before, although Zhang Shuo went out of the room, he didn't leave. Instead, he kept standing at the door secretly observing what happened inside.

Sure enough, what happened next was similar to what he had guessed. Yu Sheng's identity was extraordinary, and even Wang Zhihua, who he had to treat with humility on weekdays, was shocked. Zhang Shuo, who was born in a small county town, had a hunch in his heart that if he could have a good relationship with Yu Sheng, he would have a chance to soar into the sky.

Maybe someday I can still be a man with a face and a face in Shangjing.

When he thought of this, Zhang Shuo was so excited that even his breathing trembled, his fists clenched, and the emotion in his heart was lifted to the extreme.

So for a while, I forgot that someone had entered, and also dragged the stupid woman Wang Dandan out. When he reacted, Wang Dandan had already seen him when he was about to leave.

"Zhang Shuo, Zhang Shuo, save me, your relationship with Yu Sheng is so good, he will definitely spare me for your face!" Wang Dandan struggled hard, even if she exhausted all her strength and couldn't get rid of it. Drive four strong men.

Zhang Shuo didn't take care of Wang Dandan, his eyes were cold when he looked at Wang Dandan, and he didn't have the slightest favor and respect to death.

This silly woman really deserves it!

If it hadn't been for her to say that she broke up in time, she would have escaped from this matter, and maybe she would have been embarrassed by this stupid woman.

In order to make his own business break, he had to contact Wang Dandan in college and begged her most because her family's business could help him.

After all these years of stubbornness, I finally didn't have to be angry anymore, even if he let the woman Wang Dandan die for the rest of his life, Zhang Shuo didn't even look at it, let alone intercede.

Just as Zhang Shuo was going to go back to his room to rest, and figure out how to build a good relationship with Yu Sheng, he listened to two people passing by him talking.

"Do you know? Yesterday, the master abbot was ousted by a young man. I am afraid that it will be impossible to get out of bed in the future. The master abbot went out last night, but he went out to help the master abbot, but he never came back. pass."

"A small hidden temple in the back mountain has collapsed. I don't know what happened. I heard people say that it was in disrepair. By the way, there was a large pool of blood in an empty place!"

A middle-aged man dressed in hotel cleaner uniforms told a young man in a security uniform about what he had heard today.

Zhang Shuo looked at the two people in front of him and disappeared into his sight, while he was still standing there, thinking about the strangeness of this matter.

There was a feeling in his heart that he always felt that this matter had an inseparable relationship with Yu Sheng. Looking back, Zhang Shuo vaguely remembered that there was a lot of dust in his hair when Yu Sheng walked out of the room.

Such a clean hotel, and his room is so clean, why is there so much dust on his head?

Then it is very likely that Yu Sheng had something to do with the collapse of the Houshan Buddha Hall. Even if there was no relationship, he would definitely be there at that time.

That pool of blood...

Thinking of this, Zhang Shuo frowned and looked again at the door of the room where Yu Sheng lived.

Is it possible that Master Fang Zheng deliberately went to find Yu Sheng last night in order to avenge the master host. What I did not expect was that he was beaten to death by Yu Sheng!

The more I think about Zhang Shuo, the more I think it is possible. For the rest of my life, you are really puzzled. If you are friends with such a person, it will really be a step into the sky.

## **Chapter: 882**

Master Abbot is a well-known monk in Qingshan Temple. His sudden disappearance shocked the people around Qingshan Temple and the surrounding area.

Some people even speculate whether it was what the young man who defeated the master host yesterday did, but no one knows who or where that young man is.

The master abbot was abolished, and now the master abbot has disappeared. There is no leader in the Qingshan Temple, and there is not even a person in charge.

Just close the temple directly, and even tourists from all over the world will not be welcomed.

Qingshan Temple was built by the King Keio family in order to obtain more children's internal organs.

Now that the master abbot has disappeared by the abolished master abbot, how could Wang Jingting, the head of the Wang family, not know this.

At this time, Wang Jingting was pacing back and forth in the study room at the King's house. He was confused. He thought that the troublemaker was just a common man.

Unexpectedly, even the master abbot of the late Grandmaster Realm was defeated by him. Recalling what the person said on the phone last night, he wanted to get him on the news and expose his activities.

If this kind of thing really happened, then his Wang Family Patriarch's face would be wiped out, and he would have to become the target of public criticism.

"Old Qi, now the viscera acquisition bases in the two places have all been destroyed, and even the place you built in Jiangcheng has been destroyed. Now there is only one Jinling left. Isn't it my disease? Can't control it?"

Wang Jingting really had no idea in his mind, so he could only find Qi Lao and ask about the solution.

Sitting on a sandalwood chair, Qi Lao wearing a black robe raised his hand to signal Wang Jingting to calm down: "Don't worry, since even the abbot arranged by the old man in the Qingshan Temple, let the young man be killed, then it means that the young man is really capable.

If you let it go, maybe the last Jinling will be destroyed soon. When the young man slowly grows up, he will definitely find it here.

If this is the case, then even when he still hasn't grown up, he will be solved forever."

Hearing this, Wang Jingting was overjoyed. The meaning of Mr. Qi's words was to show that his old man

was going to solve the matter himself.

Old Qi's ability, Wang Jingting, has not experienced, but the master abbot of Qingshan Temple, he has seen the ability, even such a powerful person has to do things under Qi's hands, which further explains Qi's greatness.

This time, there is old Qi going out, and the young man who dares to ruin his affairs somehow will surely die!

Wang Jingting stood up and bowed deeply in front of Qi Lao, and said respectfully on his face: "Qi Lao, this time I really have to trouble you to take action!"

"No problem!" Old Qi waved his hand.

Upon seeing this, Wang Jingting said goodbye, leaving first to go to Jiangcheng.

As soon as he left the house, Wang Jingting ran into his little girl, Wang Yingying, and his complex emotions eased a lot when he saw his daughter.

Wang Jingting has a son and a daughter. The eldest son is in his forties this year and is in charge of the king's family. Although there is nothing dazzling, he is still quite satisfactory.

This little girl is nineteen years old. She is Wang Jingting's elder son. She is strange and clever, but she is much smarter than his eldest son, so Wang Jingting has always loved it.

"Dad, where are you going in such a panic? Yingying wants to go too!" Wang Yingying looked at Wang Jingting imploringly.

If it is on weekdays, Wang Jingting would naturally be happy to take her little daughter out, after all, this little girl can always make her very happy.

But this time the matter is important, and Elder Qi will also go, so Wang Jingting does not intend to cause too much sensation.

"Yingying, don't rush, dad will help your brother take care of the Wang's house during this period of time," Wang Jingting said solemnly.

Wang Yingying nodded in loss...

### **Chapter: 883**

"Yu Sheng, I heard that an amusement park in Jiangcheng is pretty good. I think Xiaoshui will definitely like it very much. Would you like to take Xiaoshui to see it?" Zhang Shuo came to the door of Yu Sheng Hotel again, his expression full of enthusiasm. Said.

"Dad, I want to go to the amusement park that Uncle Zhang said, okay?" Xiao Shui looked at Yu Sheng expectantly.

Yu Sheng didn't have a direct answer to Xiao Shui, but picked up a triangular building block and placed it on top of a few other building blocks, and a small house was built.

Rubbing Xiao Shui's hair, Yu had a long look at Zhang Shuo at the door, and then put all his eyes on Xiao Shui's body, and said, "Okay! Anyway, we came out to play." It's not the same thing to always stay in a hotel, just go to the amusement park your Uncle Zhang said."

Standing up and holding Xiao Shui's hand, he greeted Magnolia who was reading a book. Then he looked at Zhang Shuo and said in a flat tone: "Zhang Shuo, come and lead the way!"

"Good!" Zhang Shuo replied, and did not notice anything unusual for the rest of his life, but took the first step and happily drove to the basement.

Magnolia walked to Yu Sheng's side and asked in amazement, "Didn't you feel good about Zhang Shuo before? Why did I think that your expression was a bit wrong just now?"

Yu Sheng smiled and said, "People will change. Before, Zhang Shuo was very enthusiastic to me without

knowing my identity. At that time, I thought he was a good-hearted person.”

Listening to what Yu Sheng said, Bai Yulan felt dizzy and didn't understand the meaning.

Seeing Magnolia's doubts, Yu Sheng said again: “Later, we also listened to him briefly telling the story of his and her girlfriend. Some people are most motivated and take some shortcuts and have nothing to do. It's just that I don't like being used by others. I don't like to be pleased deliberately.”

There was a saying in Yu Sheng that when he was teaching Wang Shandan in the house that day, he always knew that Zhang Shuo was standing outside and listening.

The girlfriends I've been with for a few years can't have any feelings. If the rest of my life really keeps such a person by his side, he can only be a wolf hiding by his side. When something goes wrong, he will say Maybe he will bite you back, the gain is not worth the loss!

Magnolia was not a stupid person, she had never cared about it before, and after thinking about it, she would understand.

But just a Zhang Shuo, Bai Yulan and Yu Sheng still don't have any special considerations.

The most worrying thing for Yu Sheng now is to go out, for fear of meeting the Wang family suddenly, so when Zhang Shuo proposed to go out, Yu Sheng was unhappy.

The abbot master can have medicine of that quality in his hand, which is completely beyond his ability to train.

He is doing things for the Wang family, which means that there are more powerful people in the Wang family, and he also used the phone of Lord Hong to say a word that threatened the Wang family.

If there is such a powerful person, then the Patriarch Wang will definitely invite that person to Jiangcheng to solve himself.

The reason why the rest of his life didn't take advantage of this time to run is because as long as he used his ID card, whether it was a train or a plane, he could find it with the strength of the Wang family.

Even if the possibility is unlikely, Yu Sheng still doesn't want to take this risk. He wants to live just to protect the people he wants to protect.

Xiaoshui, Magnolia, Yu Zhong, father...

As soon as they got into Zhang Shuo's car and headed for the amusement park, a black Bentley parked at the door of the hotel.

The two people in the car were Wang Jingting, the head of the Wang family, and Qi Lao, the old man in black robes...

#### **Chapter: 884**

On the way to the amusement park, Zhang Shuo, a part-time driver, was in a particularly happy mood, and he kept having problems along the way.

“Yu Sheng, I still don't know where you are from? What do you do?” Zhang Shuo asked as he drove.

“Qiancheng, I don't have a job. I used to be a son-in-law. My wife divorced me a few days ago.” Yu Sheng said lightly.

Zhang Shuo was taken aback when he heard this. All these words Yu Sheng said were in his expectation, but it didn't seem like a lie to Yu Sheng's appearance.

Qiancheng is not a big area compared to Shangjing, and it is still a son-in-law, what the hell is it?

Zhang Shuo thought that Yu Sheng was the son-in-law of the Shangjing family, but looking at the little water in Yu Sheng's arms, he could also think that Yu Sheng did not lie. It seems that Yu Sheng is really a son-in-law.

“Divorced, it doesn't matter. Didn't you meet another beautiful girlfriend like Miss Bai! By the way,

where is Miss Bai from?" Zhang Shuo put his mind on Bai Yulan again.

"Go to Beijing." Magnolia didn't have any concealment, but said truthfully.

As soon as he heard the words Shangjing, Zhang Shuo's heart was full of joy. Fortunately, his previous guess was not wrong, but he had misunderstood the wrong person. The most powerful family member is Magnolia.

Such a beautiful woman was so blinded that she saw a wimpy eating soft food, and she was carrying a five-year-old son.

Even if you can do martial arts for the rest of your life, there is no need for a beautiful woman like Magnolia to post it upside down, right? Zhang Shuo even thought that if he worked hard, he might be able to squeeze the rest of his life away with his own ability, and he would have a beautiful woman like Magnolia.

"Miss Bai, you went to Beijing. How did you two meet in Qiancheng for the rest of your life? Can you tell me to listen to your previous romantic stories?" Zhang Shuo said with a smile.

Hearing this question, Magnolia glanced at Yu Sheng with a loving look, and recalled her trip to Antique Street to pick a compass in her mind.

In the blink of an eye, more than a year has passed. From the beginning of my appreciation for the rest of my life, to the present love is overwhelming, and it has completely fallen.

Perhaps the ending was already anticipated from the beginning. For the rest of his life, he was such a good man, and it was a matter of time before he fell in love with him.

"For the rest of my life, when we go back from this trip, shall we get married?" Magnolia's heart was hot, and she directly said this question.

Zhang Shuo, who was driving in front, heard Bai Yulan say this, and stepped on the brake with a startled foot, and the car stopped abruptly.

The rest of her life reacted in a timely manner. She hugged the small water sitting in the middle and hit the front seat. Magnolia did not expect Zhang Shuo to step on the brake and hit the front seat. Okay. It doesn't hurt at all.

"I'm sorry, I'm sorry, I really didn't mean it." Zhang Shuo quickly apologized: "I just didn't see clearly that the red light suddenly flashed in front of me, so I didn't react to it for a while."

"Be careful next time." Yu Sheng said in a deep voice, and then asked Magnolia: "Have you encountered it? Nothing!"

Magnolia nodded, she really didn't have anything to do, but the brake just interrupted what she was saying.

Now if she said something like that to Yu Sheng again, she would be embarrassed, the blood rushing has been used up.

Zhang Shuo also took a deep breath, and he planned to find a way to pursue Magnolia. Even when she proposed to Yu Sheng, he could not panic, so he stepped on the brakes in a hurry.

Fortunately, this matter has already come to an end, and it seems that the rest of his life has no plans to answer this question, which makes Zhang Shuo relieved a lot, thinking that he still has a great opportunity.

He didn't think he was much worse than the rest of his life. In order to be able to be with Wang Dandan, he used to learn a lot of ways to make girls happy.

He planned to wait for them to finish shopping in the amusement park, and then took Magnolia to buy clothes and jewelry. Anyway, he still had 200,000 yuan from a teacher, so he would spend a little bit more.

While Zhang Shuo was still dreaming, Yu Sheng suddenly spoke.

“As long as I can return to Qiancheng alive this time, we will get married.”

When Magnolia heard these words, tears of the two quotes of excitement flowed down. If it weren't for the little water to block them, Magnolia would even want to hold the rest of her life tightly in her arms.

## **Chapter: 885**

Xiao Shui, who was originally asleep, suddenly opened his eyes, looked at Yu Sheng with dim eyes, and asked, “Is my father going to marry Aunt Bai?”

They didn't even think that Xiao Shui would wake up suddenly, and they were stunned for a while, not knowing how to answer Xiao Shui's question.

At first, Magnolia was so excited that she couldn't help herself, but now Xiao Shui suddenly woke up at this juncture, and she was relieved that her daydream was broken into one place.

There was endless guilt in my heart, and I even felt ashamed for the sentence I just said.

It took Yu Sheng to divorce Yang Zihuan for a long time. If I didn't come, I would give it. This time I came out to play because Yu Sheng wanted to relax Xiao Shui.

She didn't even think that Xiao Shui would hear the words just now, and Magnolia bit her lower lip, she didn't want to be embarrassed for the rest of her life.

He smiled awkwardly and said to Xiao Shui: “Xiao Shui, there is no such thing, Aunt Bai is joking with your father!”

At this moment, Xiao Shui grabbed Magnolia's hand and pulled out an innocent smile on her face:

“Although I am a child, I am not a fool. You can tell Aunt Bai you like my dad.

Do not worry! I will not hinder you, as long as Dad is happy, Aunt Bai is also happy.”

Magnolia and Yu Sheng, who heard this, felt a pain in their hearts. Xiao Shui was sensible and distressed. The more so, the stronger the guilt in their hearts.

Zhang Shuo in the driving seat flashed a sullen look in his eyes. These days, his mind is all about how to build a good relationship with Yu Sheng and get to the next level.

Now I learned that the person with the real background is Magnolia, and she actually wants to marry Yu Sheng's wimpy and divorced man with a child, which makes him a little unacceptable.

The previous illusions had to be turned into phantoms, and with the help of Wang Dandan's family, their little business would soon succeed.

Zhang Shuo furrowed his eyebrows and fell to the bottom again. He had no way of accepting it.

As long as the two of them are still married, then he still has a chance, or else he will take the white Magnolia tonight.

After drinking and being chaotic, there will be no way to blame him at that time. As long as the rice is cooked and matured, Magnolia will not be able to catch it by then.

In the amusement park, Xiaoshui can be said to be open for fun. You have to experience all the entertainment facilities, and the rest of your life will be accompanied by a bunch of spoiled children.

Magnolia did not go to play with the two of them, but the whole person was immersed in a very excited joy.

He thought that Xiao Shui would be very opposed to her and Yu Sheng's affairs, and he didn't expect him to acquiesce in it. How could this make Magnolia unhappy?

“Miss Bai, why are you worried?” Zhang Shuo walked over and stopped beside Bai Yulan.

Magnolia stepped back, and after keeping a distance from Zhang Shuo, did she answer, “It's very happy.”

Are you happy for her and Yusheng to get married? Zhang Shuo was startled, but there was a sneer in his heart. Don't be happy too early, maybe you will be gone after today.

"Actually, I think... you and Yu Sheng still need to consider again, after all, someone as good as Miss Bai deserves to meet better." Zhang Shuo said with a smile.

Then he handed another bottle of mineral water in front of Bai Yulan and said, "It must be very tired after spending a long time with Yusheng? He didn't even think about buying you a bottle of water, and all he thought was his son. Come and drink this bottle of water, Miss Bai!"

The smile on Magnolia's previous face slowly solidified, but she looked at Zhang Shuo with cold eyes, and did not pick up the water he had paid.

"Thank you, I am not thirsty at all. For the rest of my life, I will meet the best person. I believe I will never meet someone better than him in my life."

Magnolia didn't have to pick up the water he handed over, so Zhang Shuo could only take a sip and said, "Miss Bai, you are so young, you don't have to be a man who has been married and has a child to make things happen.

If I can have a girlfriend like you, I will definitely treat you as the only one, let alone leave you to play with his son. "

Magnolia didn't like the Zhang Shuo in front of her. The man was all talking about the rest of her life, to set off his own good. She would only feel sick if she listened too much.

## **Chapter: 886**

Magnolia always feels that these words seem to have been heard somewhere, as if she was using her mobile phone when she was bored. The green tea in the video all use this way to seduce someone who has a target.

This Zhang Shuo seems to have such a purpose too!

Magnolia sneered and said lightly: "I often swipe some green tea on my mobile phone. I always feel that that kind of thing does not exist in real life. I never thought that you actually let me see it. It turns out that green tea is really good. No distinction is made between men and women."

Speaking of this, Magnolia shook her tongue, and she clapped her hands, and said: "Zhang Shuo, you have the potential to make green tea."

Hearing these words of Bai Yulan, Zhang Shuo's face went dark after a brush. He didn't even think that Bai Yulan would be like this, so he didn't leave him a trace of face.

With a harder hand, the bottle of mineral water in his hand was crushed into a ball by him, and there was no finished water in it that fell to the ground.

Zhang Shuo tried his best to suppress the emotions in his heart. He was a man, and he was also a face-conscious man. Magnolia humiliated him so much that he couldn't accept it.

In order to reach the sky in one step, Zhang Shuo quickly controlled his emotions, and the gloom on his face quickly disappeared, as if the previous things had never happened in half.

She smiled and said to Magnolia: "Miss Bai joked, what green tea is not green tea? If Ms. Bai doesn't like drinking boiled water and likes drinking green tea, then I will buy you green tea next time!"

It can be said that changing your face is faster than turning a book! The speed at which Zhang Shuo changed her face shocked Bai Yulan.

I said that just now, and this Zhang Shuo actually wanted to hit her, and Magnolia didn't want to be worried about it all the time.

She wanted Zhang Shuo to completely die the thought of herself, so she didn't have to think of any more

inferior methods.

“Whether it’s tea or people, it’s impossible to reach the sky in one step, or to get something for nothing. You don’t have the ability to do it. Even if you reach that level, you will stay for a while.” After she said this, Magnolia turned and left.

At this time Yu Sheng and Xiaoshui had already come down as a pirate ship, and Bai Yulan stepped forward, talking and laughing with Yu Sheng’s son.

Standing on the spot, Zhang Shuo slammed the mineral water bottle in the water to the ground.

Although Magnolia had said it very tactfully, he still felt that his dignity was being rubbed under the feet. Unable to stay any longer, Zhang Shuo planned to turn around and leave, knowing that he had hope that it would be impossible for him to stay here as a shame.

Zhang Shuo felt that even if she really put Magnolia to sleep, a woman like her would still not look at herself, but would retaliate fiercely.

One last glance, Bai Yulan and Yu Sheng and the others, then turned and left, he didn’t bother to care about whether they came back or had a car.

Xiao Shui just saw Zhang Shuo turn and leave, and did not walk towards them, and asked Bai Magnolia with a look of confusion: “Aunt Bai, why didn’t Uncle Zhang come here?”

“This! Your Uncle Zhang needs to go back first if he has something to do, let us have fun. By the way, what do you want to play with Xiaoshui? Aunt Bai accompany you!” Bai Yulan said with a smile, and glanced at her. Zhang Shuo who left at a glance.

Zhang Shuo drove the car, because he was in a bad mood, so he drove quickly, and after a while he returned to the hotel where they lived.

A black Bentley parked in the center of the hotel entrance caught Zhang Shuo’s attention, rubbed his eyes and glanced at the license plate number.

“The car in Beijing turned out to be a Bentley. Could it be that someone from Beijing came to visit?”

Zhang Shuo muttered to himself in the car.

Huang Tian pays off, his chance is here!

## **Chapter: 887**

Zhang Shuo was overjoyed, God really still prefers him, even if there is no Magnolia woman, now there is another noble person, he has to seize this opportunity to say anything.

He hurriedly got out of the car. Zhang Shuo wanted to go to the hotel to have a look. Why did the big figures in Beijing come to this place? If he can help, he really is the next step.

As soon as he thought of this, Zhang Shuo quickened his pace and quickly came to the hotel, looking around for the big man driving the Bentley.

He hadn’t even walked two steps, and he saw two people watching in the hotel lobby, although both of them seemed to be relatively old, and there wasn’t even a bodyguard around him.

But Zhang Shuo instinctively told him that these two old men were absolutely extraordinary, and both of them exuded the arrogance that only the upper class had.

Zhang Shuo even felt that the two old men in front of him were much better than Magnolia.

Without thinking about it, Zhang Shuo walked over and came to the two of them. He bowed to the two of them. He respectfully said, “My name is Zhang Shuo. I have stayed in this hotel for several days. The people of the people are more familiar with things. If you have anything, you might still be able to work for your elders.”

Seeing a young man who didn’t live or die suddenly came over, Wang Jingting looked at Zhang Shuo and

said in a cold voice, "No, we don't need you for our affairs."

Hearing this majestic voice, Zhang Shuo was even more sure that the two old men facing him were very unusual. He wanted to seize this opportunity, so he didn't leave directly.

"The two old gentlemen are from other places, right? I know better about this side. If you have any questions, you can just ask me." Zhang Shuo continued to recommend himself.

Wang Jingting still wanted to say something, but the old black robe Qi Lao patted Wang Jingting's leg, telling him to stop talking and sit here honestly.

Although Wang Jingting's status and status are very high, he is still very obedient in front of Qi Lao, so he doesn't even pay attention to Zhang Shuo.

At this time, after checking the information, the hotel manager came to the two elders, took a deep bow, and then ignoring Zhang Shuo respectfully said to the two elders:

"I've checked the information just now. The rest of your life you need to find has been checked. Indeed, I live in this hotel.

But when I just went to look for it, I found that people didn't know when they went out. They should come back at night, and they didn't take their luggage. "

Zhang Shuo, who was standing by the side, was worried about how to get in touch with these two seemingly noble old men. Unexpectedly, he just heard the hotel manager say Yu Sheng.

Isn't this a chance God specially prepared for him?

Of all the people in this hotel, he is the only one for the rest of their lives. Where did their family go to play!

Without hesitation, Zhang Shuo stepped forward and stood in front of the two elders and said, "Is your second elder looking for Yusheng? I also know a Yusheng who lives in this hotel. I don't know how to tell you. Are they the same person."

Hearing what Zhang Shuo said, all the eyes of the three of them were on Zhang Shuo's body, and even Wang Jingting, who hadn't kept Zhang Shuo in his eyes, looked at him seriously.

"The Yusheng I knew was recently met at Qingshan Temple. He seems to be quite good. He has defeated the master abbot of Qingshan Temple. He is in his twenties, with a son, and there is a beautiful girl beside him who also went to Beijing. of."

Zhang Shuo shunned the most important things and talked about some of the things that Yu Sheng had done, as well as his personal information, and there was no mention of his relationship with Yu Sheng.

After all, Zhang Shuo is still a little mindful. I don't know if the two old people in front of you and Yu Sheng are enemies or friends. If they are enemies, it's better not to involve themselves.

Upon hearing this, Wang Jingting had already affirmed that the person in Zhang Shuo's mouth was the rest of his life they were looking for, so Chong Qi nodded.

"You said you know where they are? Take us there now!" Qi Lao commanded to Zhang Shuo in a husky voice.

## **Chapter: 888**

The big horn in the amusement park just suddenly announced the closure of the matter, so that all the people who came to play and the staff of the amusement park were all evacuated.

Everyone feels inexplicable, this kind of thing has never happened suddenly closed in this playground.

There is no problem with any entertainment measures, and there are no casualties. Everyone can't figure out why the playground is suddenly closed?

Although there was no fun, everyone was very cooperative in the evacuation.

What they didn't know was that there were twice as many security guards at the gate of the playground. Those who came out stared at the people coming out of the playground unblinkingly, and then followed the photo they had just sent on their phones. The people above are doing comparisons.

Yu Sheng, who was walking to the door quickly, also found that something was wrong, and thought of a possibility in his heart, that is, the people from Shangjingwang's house have found this place.

Their speed is so fast! For the rest of my life, I thought I needed to wait two more days, but I didn't expect it would be so soon.

For that unknown mysterious master, Yu Sheng had a trace of certainty, and he glanced at the Magnolia and Xiaoshui beside him.

The rest of my life stopped, kissed them on their foreheads, pretending to be nonchalant, smiled and said to the two of them: "Magnolia, please take Xiaoshui home first! I still have some things to deal with, etc. I'll go back when I'm done."

Although Xiao Shui doesn't know what his dad is going to do? But still very obediently nodded in agreement.

Sensitive Magnolia found that something was wrong. For the rest of her life, she saw the people at the door suddenly saying something was wrong. Could it be that all those people came to see a doctor?

Magnolia walked to Yu Sheng's and lurked in her ear and asked in a low voice: "What's wrong? Is there something wrong with Yu Sheng? I'm not leaving, I want to stay with you!"

Recalling what Yu Sheng said to her in the car before, as long as I can live this time, I promised to marry her when I went back.

This made him even more convinced of how dangerous things Yu Sheng was going through. Magnolia grabbed Yu Sheng's hand and said nothing to let go.

Seeing the worry in Magnolia's eyes, Yu Sheng smiled and touched her head, and said: "Observe, take Xiao Shui back, I have some things to deal with. I will go back when I finish dealing with it. If you are here if you do, I'll be distracted."

Magnolia's eyes were wet in an instant, and he wanted to stay here to accompany the rest of his life to face the difficulties. If this is the case, Xiao Shui would have no way to go.

Those people have been looking for the rest of their lives. If they pull and pull here again, then those people will quickly notice what is happening here, and to weigh the pros and cons, Magnolia can only leave with Xiao Shui's hand.

For the rest of his life, Magnolia and Xiaoshui flowed out of the playground unimpeded. Soon everyone was evacuated in the playground, leaving only the rest of his life standing there alone.

Afterwards, the gate of the playground was unrelated. A black Bentley suddenly drove over and stopped at the gate of the playground.

Three people got off the car, and the other two hadn't seen them for the rest of their lives, and Zhang Shuoyusheng couldn't be more familiar with them.

Just over an hour ago, this guy was looking forward to the horse behind Magnolia just like a dog, and he didn't expect that just for a while, he would even be fond of others.

This time, the Wang family was able to find themselves in the playground and surround themselves so quickly, and they had an inseparable relationship with Zhang Shuo.

What a Zhang Shuo, what a hidden wolf!

**Chapter: 889**

“Second old man, this is the rest of my life I told you. I don’t know if it’s the one you want to go first?” Zhang Shuo got out of the car and walked behind Wang Jingting and Qi old man like a pug, and said in a low voice.

Wang Jingting nodded. Although this was the first time he had met Yu Sheng, he could almost certainly follow the expression on Yu Sheng’s face.

The three of them walked to the place where Yu Sheng was. Wang Jingting and Qi Lao looked up and down for Yu Sheng. It seemed that an ordinary young man in his twenties would dare to follow the King’s family with such courage. Right.

“If it’s wrong, you’re the one who hindered me from doing things twice in a row, right?” Wang Jingting asked in a deep voice.

This little rest of his life not only threatened her on the phone, but also destroyed his two bases. What was the difference between his business and his life, Wang Jingting was naturally not curious.

“What’s the matter? As one of the big families in Beijing, I didn’t expect to do that kind of anger and resentment secretly. What I did was just to do the way for the sky.” Yu Sheng’s expression remained unchanged. Said.

Go to Keio’s house!

Zhang Shuo, who heard Yu Sheng’s words, was about to laugh with excitement. When he came, he only knew that the two elders in front of him must be unusual in their identities.

I have helped the Wang family now, and his future will definitely be smooth, and maybe he can still have a foothold in Shangjing.

Yu Sheng was so rude and gave him a chance to perform. Zhang Shuo stepped forward and pointed to Yu Sheng and said, “For a character like Wang Patriarch, what he does must have his reasoning, but Yu Sheng you!”

Yu Sheng sneered, put all his eyes on Zhang Shuo, and asked, “What’s wrong with me?”

For some reason, Yu Sheng suddenly wanted to see what Zhang Shuo’s disgusting face was like, betrayed himself, and now he still wants to say that he is not.

Perhaps in the eyes of such people, there is no betrayal, and some are just benefits.

“For the rest of your life, you seriously injured the host master at Qingshan Temple, and you were nosy, but now you dare to oppose the royal family. It’s almost lifeless!”

After saying this, Zhang Shuo looked at Wang Jingting respectfully, and completely changed his face when facing Yu Sheng, flattering: “Wang Patriarch, a person like him, should have died, but he still thinks about it. You are right, you are absolutely reckless.”

Wang Jingting didn’t pay attention to Zhang Shuo at all. He saw a lot of people like that on weekdays, but he just wanted to put all his energy into being a dog next to him.

The more I looked at this Zhang Shuo for the rest of my life, the more disgusted he felt. He used to have a good impression of this guy. The pretense was deep enough, and only now did he reveal his tail.

“Patriarch Wang, I know that you come all the way to clean up me, and I will stay with me for the rest of my life.” He said that Yu Sheng looked at Zhang Shuo and said, “When I solve this person, it will not be too late to count our grievances. .”

Upon hearing this, Zhang Shuo’s legs were frightened, but he knew that Yu Sheng had some abilities beyond ordinary people. Now that he betrayed him, the Wang family mainly ignored his words, then he would be dead today.

No no no! Zhang Shuo didn’t want to die like this at a young age, but he helped Patriarch Wang do things, Patriarch Wang would definitely not ignore him.

He still has a great future to enjoy, how could he be beaten to death by the rest of his life like this? Zhang Shuo knelt at the feet of Wang Jingting and begged: "Patriarch Wang, you can find the rest of your life today but I will lead the way. You won't leave me alone, will you?"

### Chapter: 890

Like Lao Qi, Wang Jingting looked at each other, and the two old foxes smiled tacitly, and both had no plans to take care of it.

The reason why they came to Jiangcheng to avenge the rest of their lives, and before that they didn't understand Yu Sheng's strength. Although Zhang Shuo was just an ordinary person, Qi Lao still wanted to see what kind of killing methods Yu Sheng would use.

"Please!" Wang Jingting and Qi Lao took two steps back.

Zhang Shuo didn't even think that these two old things weren't going to care about his life or death. Could it be true that he would just die for the rest of his life?

He is not reconciled!

He crawled forward two steps and grabbed Wang Jingting's trouser legs, crying and begging: "Wang Patriarch, how can you do this? I took you to find the rest of your life! How can you leave me alone now?"

Family Lord Wang saves me, I don't want to die yet, aren't you here to teach the rest of your life? Kill him now! "

Wang Jingting was not touched by these words of Zhang Shuo. In his appearance, people in this world only have what is useful to him and what is not to him. After using them, even if they are dead and dead. He has nothing to do with it.

At this time, the rest of his life had come to Zhang Shuo's side, and he stretched out his hand to lift Zhang Shuo directly from the ground.

Zhang Shuo looked at Yu Sheng, as if he felt that he was not far from death. He grabbed Yu Sheng's hand and shouted helplessly: "No! No! You can't kill me for the rest of your life, I was just fainted for a while. Turn your head, I beg you to watch us get along well these days, let me go, okay?"

At this moment, Zhang Shuo regretted it to the extreme. He knew that Wang Jingting was such a person, and he would not take the initiative to flatter him when he said anything.

If you just go back to the hotel and don't want the dream of reaching the sky in one step, perhaps you have already boarded the plane back to Yun County.

But there is no such thing in this world, and the rest of his life will not be merciful to the person who betrayed him. If he hadn't found out in advance that there was something wrong in the playground and let Magnolia and Xiaoshui go first, then they would all be affected by this incident. , And even his life is not guaranteed.

"Zhang Shuo, when you betray me, you should think carefully about what you will end up with." After saying this, Yu Sheng broke Zhang Shuo's neck with force.

Throwing Zhang Shuo's body aside, Yu Sheng clapped his hands, and then officially the two people in front of him began to formally. How the Wang Patriarch looked at him was an ordinary person, and the black-robed old man beside him looked unpredictable. Let the rest of my life wonder.

Just as the rest of his life was trying to say something, he suddenly felt something rushing towards his neck behind him.

Yu Sheng's pupils suddenly contracted, and when he quickly turned his head, he saw a black fingernail-sized bug rushing towards him.

I don't know what this bug is. Yu Sheng didn't dare to pinch it directly with his hands. He quickly took off his coat, then wrapped the bug and threw it on the ground and stamped on his face.

After finishing all this, Yu Sheng pointed to the old man Qi in the black robe and cursed: "A lot of age is even a sneak attack?"

Old Qi didn't answer Yu Sheng's words, but spit out a few mouthfuls, and then all the saliva it spit out turned into the kind of black bugs that Yu Sheng flew over before.

When he saw this, Yu Sheng was also shocked. This old guy was too disgusting, but the little black bug that flew towards him must be unusual.

Looking at a small group of small insects flying towards him, Yu Sheng really wanted to have a bottle of insecticide in hand, but this is a playground, and insecticide is not so easy to get.

Gu worms even found it difficult for the rest of their lives as a master to deal with them. Now they are directly remaining without knowing whether this worm is poisonous or not. Don't dare to take risks.

It doesn't matter whether it is three or seven or twenty-one, he took off the white shirt he was wearing, lit it with the lighter in his pocket, and rushed to the group of bugs that were flying towards him.

Sure enough, all insects are afraid of fire, and a small piece of insects burned to death with the flick of the rest of their lives and fell on the ground.

Upon seeing this, Yu Sheng felt confident in his heart, and shouted to Qi Lao: "Old stuff, just let go!"
