

Dont mess 931

Chapter: 931

After solving Zhao Hua, Xia Feixue saw clearly that the woman in the car with messy clothes asked in surprise: "Are you Yang Zihuan?"

Yang Zihuan, who was tidying up his clothes in the car, was surprised when he heard the beautiful policeman call out his name: "What? Do you know me?"

Xia Feixue nodded, and did not have the first time to tell Yang Zihuan about this, and pulled Yang Zihuan out of the car to help her tidy up her hair and clothes.

Then he took out his usual cosmetics from his bag and handed it to Yang Zihuan: "Do you want to touch up your makeup, or should I take you home?"

Yang Zihuan hesitated, took the cosmetics Xia Feixue handed over, opened the Armani cushion and started to touch up the makeup.

Yang Zihuan returned the cosmetics to Xia Feixue until he looked at the same time when he was in the mirror, and solemnly said thank you.

If this is the case in normal times, Yang Zihuan may choose to go home and relax herself by herself, but today is the wedding of the rest of her life, and she still wants to use this opportunity to change her mind.

"You're welcome." Xia Feixue said with a smile.

After saying this, I plan to leave. After all, the wedding is about to begin at this time. I have wasted a lot of time in this place.

"How do you know my name is Yang Zihuan? I don't seem to have seen you before." Yang Zihuan asked quickly when Xia Feixue was about to leave.

Turning her head, Xia Feixue said with a smile: "Ms. Yang is really a noble person who forgets things. We met when she helped the bank to subdue the criminals on TV more than a year ago, and at that time, the wallpaper on the phone was on the phone for the rest of her life. It's still your picture, so it's very deep for you."

"A year ago..." Yang Zihuan's thoughts fell into the memory. At that time Yu Sheng did indeed get 10 million on TV for doing good deeds, but Yu Sheng donated it on the spot.

At that time, she was still mad at doing things for the rest of her life but her brains. Now she is thinking that Yusheng Yagen doesn't need the ten million yuan. She can donate the money and show his courage more. But at that time, why didn't she think of his benefits? Woolen cloth? But only one-minded blame. Also, Officer Xia said just now that Yu Sheng's wallpaper is her photo. Perhaps at that time, in Yu Sheng's mind, she stood in the most important position. Otherwise, how could she set the phone wallpaper as her photo?

The reason for this situation is that I took the blame for myself, and again and again did not trust him, hurt him, and even developed love for other men.

If the chairman of the Four Seas Group is not Yu Sheng, and does not deliberately avoid her, perhaps Yang Zihuan may feel that he has not only derailed mentally, but also derailed.

Yang Zihuan felt a sense of guilt for Yu Sheng inexplicably in his heart, but she was quickly dispelled by her.

If he were to make his identity public for the rest of his life at the beginning, and all his financial resources were stated, perhaps there would be no divorce between the two of them.

Could it be that if the most basic frank meeting between husband and wife can't be achieved for the rest

of his life, some misunderstandings of him can be forgiven.

“Ms. Yang, what are you thinking? If there is nothing wrong, I will attend the wedding.” Xia Feixue interrupted when Yang Zihuan was still in a daze.

His thoughts were pulled back to reality, Yang Zihuan pulled a smile on his face, stretched out his hand and asked, “Thank you for saving me. Can you make friends with you?”

Xia Feixue also stretched out her hand and shook hands with Yang Zihuan. It was a strange feeling that the ex-wife of the person she liked was a friend.

But she also refused, and the two walked towards the castle together.

Chapter: 932

When the two went to the place, they were full of envy when they saw the luxurious and fairy-tale castle built at a cost of 500 million.

Yang Zihuan clutched his nails tightly with both hands, and was about to sink into the flesh, feeling a monstrous jealousy in his heart.

When he and Yu Sheng got married, they didn't have such a big battle. At that time, they simply had a wedding.

But for the rest of his life, he spent five hundred million to build a castle for Magnolia, and it is said that he also invited a designer in Paris to design a wedding dress for Magnolia. How could Yang Zihuan think of balance?

Yang Zihuan wanted to seize the rest of her life, and asked her why she treated her like this. How could she be inferior to Magnolia?

Forcibly holding back the complex emotions in his heart, Yang Zihuan followed Xia Feixue all the way into the castle.

The decoration in the castle and its luxury, the moment you stepped in, it was like walking into a fairy tale world, and there were elves' ornaments hanging in the air.

“It's so beautiful! What did it look like when you married Yu Sheng before? He should be a very romantic person?” Xia Feixue asked curiously.

After asking, I realized that I seemed to have said the wrong thing. When I came in, I was shocked by the decoration of the castle. I didn't think about it for a while, so I asked about this kind of thing.

“Sorry, I don't mean anything else.” Xia Feixue apologized quickly.

Yang Zihuan shook his head pretentiously. His thoughts returned to when he and Yu Sheng married many years ago. Everything was simple. Even at the wedding, she was pointed out that she had married a wimp.

When Yu Sheng married Magnolia, he was so fanciful, treating Magnolia as a princess. When he thought of the gap between himself and that woman, Yang Zihuan almost went crazy with jealousy.

If Yu Sheng is here now, Yang Zihuan really wants to question her, why should she be treated like this, is she worse than Magnolia?

But what Yang Zihuan didn't know was what the situation was for the rest of his life at that time. The house he bought when he got married had already spent most of his savings. The reason why the wedding was simple was because his ability was really not enough.

After marriage, he also had to take into account the life problems of Yang Zihuan and his family. Gao Qing didn't have a job, and Yang Ling was lazy. Let alone make him earn money, he was lucky to be able to spend less money.

If it weren't for Yang Zihuan's insistence to accompany Wang Wenyu, perhaps the rest of his life would

not be able to use the World Bank's black card.

Yang Zihuan was bewildered by the scene in front of her. Her mental jealousy made her unable to think normally, and she forgot what she was kind to her before the rest of her life.

Holding her nails tightly with her hands, she almost sank the blood in the flesh, flowing along the lines of her palms to the ground. The pain in her hands made Yang Zihuan a little more clear-headed.

For the rest of my life, I will never let you marry another woman so smoothly.

Yang Zihuan's gaze became unusually firm, and he followed Xia Feixue to the top of the castle's Sky Garden.

The two beauties appeared at the same time, attracting the attention of everyone present and looking in their direction, and many people were amazed.

"Look at the one in the black dress, that is Yang Zihuan's ex-wife for Yu Sheng. I didn't expect him to come here to attend the wedding too. I wonder if he will make a big deal of the wedding?"

"It's very possible. I must have abandoned Yang Zihuan for the rest of my life and followed a wealthy Miss Bai family. It is normal for her to feel unbalanced."

"If she really coaxed the wedding, it would be very interesting."

Yang Zihuan and Xia Feixue are not too late, the wedding is still not going on, and the people present started talking about Yang Zihuan when they were free.

Yang Zihuan bit her lower lip with her teeth, as if she hadn't heard what those people were saying, followed Xia Feixue to find two empty places and sat down.

"Look at the bride coming out!"

Among the people present, one sharp-eyed stood up and pointed in a direction and yelled loudly. Everyone glanced in the direction he was pointing.

Chapter: 933

At this time, Magnolia was wearing a snow-white wedding dress, and as the music sounded, she slowly walked out.

Exquisite and elegant makeup, her facial features are more three-dimensional and charming. Her charming peach eyes are slightly bent, her nose is small and straight, and her full red lips are like a ripe cherry. There is an urge to go up and take a bite.

Her skin was white, tender and smooth, shining brightly against the wedding dress, and wearing a diamond necklace on the slender swan neck was the "heart of love" that Yu Sheng gave her when she was in Beijing.

All the people present were shocked by the beauty of Magnolia. Even Yang Zihuan, who was confident at first, felt a sense of inferiority in his heart when he saw Magnolia appear on the stage.

She is really beautiful. She is like a fairy in the sky in a wedding dress. She is so beautiful that she can't believe that the beautiful woman in front of her, who is like a white lotus, is real.

The men present exclaimed from the shock of Magnolia's beauty.

"Fuck, how did Yu Sheng's dog find such a beautiful woman? It's so beautiful. If this is my daughter-in-law who can wake up from a dream, I can't wait to lie on her belly and die of exhaustion."

Another man cried directly, tears falling continuously, and cursed: "Mad, I can't stand it anymore. When I think that such a fairy is about to marry a trash, I can't eat."

"Shall we rob the marriage? Just take this bride away. It's a pity for them to marry Yu Sheng!"

"Jie marriage plus one!"

"Jie marriage plus two!"

.....

“Jie marriage plus twenty-three!”

“Let’s take action! We must take this bride away, saying that nothing will allow her to marry a trash for the rest of her life.”

The group of people here, the mighty, shouting the idea of going to get married, quickly attracted Du Fei’s attention.

Du Fei copied the guy’s story and brought a group of his brothers to the people. Du Fei patted one of them, and one of them was still yelling with his back to him. Give it a try!”

When the young man turned his head and saw Du Fei’s face clearly, he suddenly slumped in a chair. The surging weather flame that was about to get married disappeared in an instant, and he didn’t dare to look at Du Fei.

“Fei...Brother Fei, I...I...” The young man’s legs were so frightened that he didn’t know what to say.

Du Fei was not at all polite, and slapped him on the head: “You kid doesn’t put me in your eyes? Then the fuck is my brother’s wife, you still dare to rob me, believe me or not. Interrupt all your arms and legs now!”

Those who had planned to rob the marriage before, heard this sentence, they were shocked and panicked in an instant, and they honestly didn’t dare to let go.

The requirements for entering this wedding are not high. As long as someone can come in with 80,000 people, Du Fei will take care of this matter for the rest of his life. Du Fei wanted to make a fortune on this matter, so he came up with it. Fulfilled this requirement.

Even if it was a price of 80,000 to attend a wedding, the people who came were still packed.

Of course, like Zhang Shengquan, Chen Jianpeng and Liu Qianshuang, Xia Feixue Zhu Qingshan, who are more familiar with Yu Sheng, Du Fei would not dare to take advantage of the fire. If Yu Sheng knew about it, he would definitely have to be cleaned up.

After Du Fei resolved the shock caused by the appearance of Magnolia, the scene gradually quieted down.

At this time, Yu Sheng walked out wearing a suit tailored for him by Gu Beicheng. Even Yu Sheng’s hairstyle was designed by the stylist according to his facial features to suit him best.

For the rest of my previous life, I never cared about my dress, and I didn’t pay attention to anything handsome or not in the clothes I wore. It’s ok if it is comfortable and suitable.

He is often treated as a pauper, or a driver and an inconspicuous security guard. This is the first time he has dressed up carefully.

As soon as he appeared on the stage, the people present were shocked again. Many of them had seen Yu Sheng, but it was the first time that Yu Sheng appeared in this state.

Is this person like a prince in a fairy tale really a well-known wimp in Qiancheng for the rest of his life?

The man in front of him has deep and three-dimensional features, and his every move is exceptionally noble and gentleman. When he stands with Magnolia, he is a surprisingly good match.

It is a match made in heaven!

Chapter: 934

“I see, that is my grandson-in-law for the rest of his life. Tsk tsk tsk you see that his outfit is much more handsome than usual, just like a noble prince, with my granddaughter who looked like a fairy that day.”

The old man Bai tugged, and the old man Shangguan’s clothes sitting beside him said triumphantly.

Old man Shangguan’s face was very ugly, almost showing the color of pig liver. Angrily, he threw Old

Man Bai's hand aside and snorted.

"Old boy, don't be proud. No matter how good the rest of your life is, he was married and had a child. Then I will find a young and handsome person who is better than the rest of my life." , I envy you." The old man Shangguan said with a beard and staring.

The two old people have been fighting together for half their lives. No matter what it is, they have to compare each other. For the rest of their lives, they are the grandson-in-law candidates that both of them have looked forward to.

"Even if Yu Sheng has been married, what about it? Can't you allow others to have a failed relationship? Yu Sheng is such an excellent grandson-in-law candidate, it is difficult to find a second in this world.

Old boy Shangguan, I can have such an excellent grandson-in-law, you can only look and think about it and feel sad for you!" Old man Bai mocked again.

Hearing this, the old man Shangguan had no way to refute it. He was indeed the best person he had ever seen in more than 80 years of his life. It was indeed difficult to find someone better than the rest of his life.

Shangguan Ling'er, who was sitting on the side, had no intention of controlling the quarrel between the two elders. As long as the two elders met, they would quarrel. They had to decide one victory or defeat, and the other would not speak in anger.

I have to say that for the rest of her life today, she is really handsome. The handsome Shangguan Ling'er can hardly remove her eyes, which almost matches the image of Prince Charming in her heart.

But he is such a good person, but today he wants to marry another woman, and he can only watch afterwards.

"He is so handsome today!" Xia Feixue exclaimed sincerely, and sighed unconsciously when he finished speaking.

Yang Zihuan, who was sitting next to her, didn't want to pick up Xia Feixue. She had been with Yu Sheng for ten years, and it was the first time she saw this in the rest of her life.

The more he knew that the rest of his life was excellent, the less Yang Zihuan was able to watch him marry another woman with his own eyes. It was the father of her child, and that was her former husband. How could he abandon her so easily?

Yang Zihuan became more angry the more he thought about it, and immediately got up, under the gaze of others, walked to Yu Sheng's side, and took Yu Sheng's hand without saying a word.

"For the rest of my life, I regret it. I made all my mistakes in the past. I shouldn't have misunderstood you, didn't understand you, and looked down upon you.

I swear in front of so many people, Yang Zihuan, I will definitely treat you wholeheartedly in the future, for our son, shall we remarry, okay?"

This was really her last chance. The monstrous unwillingness in her heart filled her with all these actions, her big eyes with mist, looking at Yu Sheng, expecting what he would say next.

Don't refuse me for the rest of your life! Yang Zihuan prayed in his heart.

Magnolia, who was not far away, didn't even think that Yang Zihuan would come up directly in front of so many people to grab the marriage, and even said so softly, her heart instantly felt emboldened.

After all, he and Yu Sheng had only known each other for one year, and it was not as good as the couple's affection between him and Yang Zihuan for so many years. If Yang Zihuan really left for the rest of his life, then she must be embarrassed today.

No, Magnolia clenched her teeth tightly, she believed she was not like that for the rest of her life.

For the rest of her life at this time, there was no trace of affection in Yang Zihuan's eyes, and the single

words she just said were indeed very heartwarming.

The character of a person is carved into the bones. You can't just say that you change and you change.

The things you promised are often quickly forgotten.

Throwing aside Yang Zihuan, Yu Sheng said coldly: "Miss Yang, today is my wedding. I have no objection to you coming, but if you want to be silly, don't blame me for asking the security guard to come and drive you away."

There was little room for discussion in Yu Sheng's words, and the only hope in Yang Zihuan's heart was also disillusioned. At this time, she was like an exquisite Barbie doll who had lost her soul, standing in the same place blankly.

It's true that everyone was shocked by Yang Zihuan's robbing of marriage at Yu Sheng's wedding. At this time, the security guard downstairs passed by anxiously, saying that someone wrote a string in dog blood: The rest of his life can't die. Of this sentence.

Chapter: 935

Everyone came to the edge and looked down. Sure enough, a few bright red characters were written in blood on the open space below, which looked extremely dazzling.

And not far from these big characters, there are a few aunts standing, still carrying dog blood that is not exhausted.

Presumably that string of characters came from the hands of those aunts, but these people have no grudges with Yu Sheng. Why do they have to pick Yu Sheng's wedding day to make such a big battle and destroy it?

On a closer look, someone recognized the aggressive man with arms and hands pinching waist among those aunts, who was Gao Qing, Yu Sheng's former mother-in-law.

After Gao Qing finished writing this, she seemed to feel that it wasn't enough, so she yelled, "For the rest of your life, you're a bitch. It's been a long time since I divorced my daughter and got involved with other women."

You shameless thing, my daughter worked so hard to take care of her son at home, but you messed around outside, and divorced my daughter if you had other vixens. There is no such thing as you in the world."

After watching all this on the castle, Yu Sheng frowned, and subconsciously looked at Yang Zihuan behind him.

Just now she came over to make trouble, and now her shrew-like mother turned black and white again below, which made Yu Sheng extremely annoyed.

For today, he has been preparing for a long time, just to give Magnolia an unforgettable wedding and make her the happiest woman.

But these people came to make trouble again and again, and there was no chance for him to hold the wedding smoothly.

Feeling Yu Sheng's icy eyes, Yang Zihuan felt even more uncomfortable, and his heart was full of grievances. The look in his eyes just now seemed as if he called his mother over and did this kind of thing when I wronged him.

She obviously only wanted to save the rest of her life for the last time, and she had never thought of deliberately making trouble.

As for what Gao Qing did, she couldn't escape the relationship.

Du Fei knew about this incident and drove under the castle aggressively with some of his men.

There are people who dare to sabotage their brother's wedding, and they really don't pay attention to Du Fei, the underground king of Qiancheng.

Today, even if it is the king of heaven, I have to walk around, otherwise even if it is dark and dark, I can't stop.

Gao Qing downstairs is still those big speakers, shouting in her throat: "For the rest of your life, you are a conscientious thing. When you joined the Yang family, you have eaten soft food for so long in our Yang family.

Now that the Yang family is bankrupt, you are thinking about hooking up with other wealthy women, and you still have a little conscience if you cheat and have an affair! People like you deserve to be struck by lightning, and it's best to never be overborn."

Gao Qing didn't care whether Yu Sheng had done this kind of thing or not. Any dirty shit bowl was buckled on Yu Sheng's head. Today, she wanted Yu Sheng to stop coming to Taiwan and face sweeping in front of so many people.

So I called all my good sisters over to help out. After all, when Gao Qing was rich, there was little to spend on them, and they couldn't justify it if they didn't come.

The sharp-eyed Gao Qing suddenly saw a group of young people with clubs rushing in her direction, dropped the horns in her hands, and ran away without saying a word.

Gao Qing's group of little sisters didn't dare to stay any longer when they saw this situation.

It's unlucky to say that Gao Qing was the first to notice something wrong, and also the first to run away. But she was also the most unlucky, because she was too anxious to see the way, fell a dog to eat shit, and she didn't get up for a long time.

Her group of old sisters saw Gao Qing fall down and no one went up to help them. After all, there was a group of people chasing after him!

If you stop, you will definitely be caught, and then you will have to suffer from flesh and blood.

Just as Gao Qing was about to get up, someone stomped a foot on her back. This time she had a close contact with the ground, and she took another mouthful of dirt.

"Oh, it hurts me so much. If you step on it like this, I will have to be trampled to death by you." Gao Qing shouted loudly in pain.

A sneer appeared at the corner of Du Fei's mouth before he moved his foot away.

He is no stranger to the person in front of him. Isn't this Lao Yu's unreasonable ex-mother-in-law? It turned out that she ran over to coax.

Even so, you can't be merciless!

"Old stuff, do you know who I am? Du Fei, the boss of the underground city of Guizhou, is my brother for the rest of your life. You still dare to mess around here. Are you impatient and want me to give you a ride?" Du Feiyin said sadly, and the dagger capital he took out from his waist hit Gao Qing's neck.

The cold touch on the neck almost scared the high definition, and even the breathing was cautious for fear that Du Fei might accidentally seal his throat.

Chapter: 936

"Ye... I'm sorry... I have Alzheimer's, please let me go? I will never dare anymore." Gao Qing cried helplessly, and the fear in her heart reached a peak.

The one on her neck is a genuine dagger! If Du Fei tried so hard, his fate would be here today.

Du Fei, the underground king of Qiancheng, was not someone who would joke with her.

"Is it useful to say sorry now? I fucking killed you and I apologize for you, can you say it?" Du Fei's dagger

with the cold light in his hand tightened against Gao Qing's neck.

A layer of skin was cut on Gao Qing's neck in an instant, and red blood flowed out of her skin. Gao Qing was scared to urinate, and a large area of wet pants appeared in the air. .

"Don't kill me! Don't kill me! I really know that I was wrong. As long as you can let me go, I am willing to do anything." Gao Qing's tears and nose flowed, and he quickly apologized.

"Killing someone like you, I'm afraid I will dirty my hands!" Du Fei said disdainfully.

Shrews like Gao Qing are also the most shameless kind of people Du Fei has ever seen. I don't know how he came here during the rest of his life in the Yang family, and how he could endure his stupid mother-in-law.

When Gao Qing heard Du Fei say not to kill her, he let out a long sigh of relief in her heart. She didn't wait for him to relax completely before Du Fei spoke again.

"I said I didn't kill you, but I didn't say I would let you go. On the day of my brother's wedding, you would not really think that I would let you go so easily, right?" Du Fei said.

Gao Qing was startled and asked in a panic: "Brother Fei, as long as you don't kill me, I can do anything!"

"Wash the words you wrote in dog blood on the ground for me. If I see something red, don't blame me for being polite."

Said that Du Fei looked at his men, and ordered: "Supervise her to wipe the words clean, and then slap her a hundred times before letting her go."

There are 10,000 unconvinced in Gao Qing's heart! But she didn't dare to say a word, for fear that Du Fei's ruthless character, once again held a dagger against her neck, who knew if she would really kill her? She has only one life, she can't afford to gamble.

Gao Qing didn't know where there was a water pipe in the castle, so she could only drag her jacket down in the scorching sun, and rubbed the red blood on the ground underneath, and she didn't dare to say a word of complaint.

When she finishes wiping the red blood on the ground, there will still be a hundred slaps waiting for her, and she will inevitably suffer from some flesh and blood.

Under the scorching sun, Gao Qing was sweaty from the sun, and a layer of sweat broke out on her neck. When the salty sweat soaked the thin wound on her neck, she felt a heart-piercing pain.

At this moment, everyone thought that when the drama was over, a beautiful figure appeared under the castle.

A slender woman wearing a water-blue skirt suddenly came out with a hat on her head and a big sun-shield on her face. She couldn't see her face clearly.

What is even more shocking is that this woman seems to be just over twenty years old, full of youthfulness, but she holds a six or seven-month-old child in her arms.

No one knows who this person is long overdue. The wedding is held again. It's the stage where the bride and groom exchange rings and vows. Everyone's eyes are once again on Yu Sheng and Magnolia.

Chapter: 937

"I am willing to marry Magnolia as my wife. Whether it is poverty or wealth, whether it is birth, old age or death, I will always accompany her and never give up." Yu Sheng looked at Magnolia's eyes and said affectionately.

Magnolia reached out her hand to cover her mouth, her head suddenly turned to the side, tears of happiness kept streaming down.

At this moment, she waited for a long, long time. Ever since Yu Sheng promised to marry her, Yu Sheng

had been dreaming of such a moment in his heart.

The wedding that Yu Sheng held for her was more perfect and more shocking than she had imagined in her mind.

Obviously, I said to myself countless times in my mind, don't cry, be happy, but when the rest of my life said that I am willing, Bai Yulan still couldn't help tears.

Oh my god! If this is really a dream, then never wake up! She is willing to drown in this beautiful dream forever.

Magnolia quickly wiped away the tears on her face. She wanted to save the most beautiful side to the rest of her life, and took a deep breath. She wanted to say the words in the loudest voice: I am willing too.

At this moment, the previous woman in a water-blue dress and sunglasses holding her baby had already walked over and shouted towards Yu Sheng: "You can't get married."

The people present didn't know who this strange woman was, but did they know what it would be like to dare to make trouble here.

There is Du Fei, the underground king of Qiancheng, who is sitting in the formation. Gao Qing almost died at this wedding before. She didn't expect that someone would come to make troubles so quickly.

Isn't this woman really afraid of death?

No one at the scene knows who this woman is? I don't know the origin, only Yu Sheng frowned when he heard this sound, and Yang Zihuan also trembled.

When the woman finished speaking, she took off her sunglasses, revealing a pure and harmless little face.

"Xu Qianqian?" Yang Zihuan held it back, and called out in shock.

Before Xu Qianqian came to work in the Four Seas Group, and then he disappeared without saying hello how long he stayed.

Why did she suddenly appear at the wedding for the rest of her life today, is it possible that she also came here to make trouble? But who is the little girl in her arms?

Wouldn't it be Xu Qianqian's own child? But who is the father of the child?

Magnolia, who was immersed in happiness, heard that someone suddenly made trouble again, and the good mood that was brewing disappeared, and she felt a little bored in her heart.

When she looked at Yu Sheng, Bai Yulan realized that something was wrong. Yu Sheng looked at the strange woman in a strange way. Could it be that the two of them knew each other.

There were many questions in Bai Yulan's mind, and she was waiting for her to ask urgently, Xu Qianqian had already walked towards their place at this time.

"Yu Sheng, why didn't you tell me when you got married?" Xu Qianqian asked with a smile, but her smile seemed to make her scalp numb, and her body was inexplicably chilled.

Now even a fool can see this situation clearly, the relationship between this woman and Yu Sheng is definitely not ordinary.

Yu Sheng's gaze was still fixed on the little girl in Xu Qianqian's arms. For a long time, she didn't come back to her senses, and the thought in her heart continued to spread.

Back then, he had an accidental relationship with Xu Qianqian, and Xu Qianqian got pregnant unexpectedly. Because of her weakness, she had never had a pregnancy. Later, Xu Qianqian evaporated directly from the world.

Even today, she suddenly appeared at her wedding with Magnolia, and she was still holding a little girl. How could Yu Sheng not doubt whether the child was her own.

Seeing the puzzled expression on Yu Sheng's face, Xu Qianqian's mouth once again showed a smile, and said faintly: "Don't look, this is your daughter."

As soon as this remark came out, the people at the scene were in an uproar.

The white Magnolia standing next to Yu Sheng shook her body and almost fell to the ground.

Chapter: 938

The message was too explosive and too shocking. If conditions permit, everyone in the room wanted to prepare a bucket of popcorn and watch the show while eating.

First, the ex-wife Yang Zihuan came over to snatch her relatives, and then Yu Sheng's ex-mother-in-law led someone to write on the ground and scold Yu Sheng with dog blood. Du Fei gave him a severe lesson.

Unexpectedly, there was a beautiful woman who suddenly appeared, and she also brought a little girl in June or July that she was the child of the rest of her life.

According to the knowledgeable news, the rest of his life seems to have been divorced from Yang Zihuan for more than half a year. How could a six or seven-month-old girl emerge?

Then there is only one thing that can be explained, for Yu Sheng and Yang Zihuan were married with other women.

A son-in-law of the Yang family not only eats soft food, but also cheats on so many people during marriage. As expected, he is exactly the same as his former mother-in-law said, he is a guilty man.

Although the rest of his life now looks the same and looks like a dog, but for the rest of his life, he is a scumbag in human skin, and he is not worthy of a beautiful white magnolia like a fairy.

Eighty-eight thousand people, not only visited a castle built at a cost of five hundred million yuan, but also watched a drama. For those who are rich, the money is worth the money.

Magnolia's tears fell unconvincingly, completely different from the happy tears before. She sniffed and looked at Yu Sheng and asked, "Is what she said is true?"

Regarding this question, Yu Sheng didn't know how to tell Bai Yulan, and according to Xu Qianqian's words, he couldn't be completely sure that the child in her arms was the one who hadn't been beaten at the beginning!

After all, at that time, Yu Sheng didn't even say his identity in front of Xu Qianqian, he was nothing more than a waste in Xu Qianqian's eyes.

Xu Qianqian felt ashamed to be pregnant with a useless child, so how could he secretly give birth?

"Xu Qianqian, tell me, what the hell is going on?" Yu Sheng asked in a deep voice.

Facing Yu's harsh questioning, Xu Qianqian can also understand that she is now ruining Yu Sheng's wedding, and it is a fake not to be angry.

There is no nonsense, Xu Qianqian directly took a piece of paper from his bag and handed it to Yu Sheng, smiling and saying, "Most of me are useless, you can see for yourself."

Yu Sheng took the pieces of paper in front of him with anxiety, and looked at it carefully. The first thing that came into view was Yu Yue's birth certificate.

Yu Yue? It was the same surname with him. When he saw this name, he subconsciously glanced at the little girl Xu Qianqian was holding in his arms.

Although the little guy's facial features are not long, Yu Sheng always feels that this little girl is a lot like him, and when she looks at the little girl for the rest of her life, the little girl is also looking at her, the two look at each other, and the little girl giggles. Laughed out loud.

For the rest of my life seeing all this, I felt a sense of inexplicable intimacy. The birth certificates and

paternity testimonials in hand can be faked, but the feelings in the hearts of the father and daughter cannot be faked.

The little girl who looked like a doll in front of him was indeed his own flesh and blood. Yu Sheng had mixed feelings in her heart, and she couldn't tell whether she was happy or depressed.

Yu Sheng stretched out trembling hands and hugged the little girl from Xu Qianqian's arms. Xu Qianqian did not refuse his move, and smiled and handed the child into his hands, and glanced provocatively. Magnolia.

"This is my daughter?" Yu Sheng took the little girl, and still asked a little uncertainly.

Xu Qianqian nodded heavily, and said in a very affirmative tone: "Of course it is your daughter. Her name is Yu Yue, and she takes your last name."

Chapter: 939

When the white magnolia was struck by lightning, even Yang Zihuan on the side almost fell to the ground with excitement.

How could it be possible that in Bai Yulan's heart the rest of her life was such an upright person, and he was unmoved by seduce him many times with his own appearance.

At first she thought that the rest of her life was worrying about his own divorce, but now this woman who popped up is still holding a six or seven-month-old child. What's the matter?

Magnolia has just been staring at Yu Sheng's face, wanting to see something from the expression on his face. When Yu Sheng took the child into her arms, Magnolia can be sure that he has accepted the child...

If this is the case, it means that this woman who suddenly appeared has had that kind of relationship with the rest of her life, probably more than once, after all, the two of them even have children.

When Yu Zihuan and Yang Zihuan had no divorce for the rest of his life, he got together with other women, only pretending to be serious in front of her and refused to touch her.

Thinking of this, Bai Yulan felt that her head was about to explode. The tall and stalwart image in her heart for the rest of her life collapsed, and it was directly broken into dregs.

Magnolia closed her eyes, crystal tears slipped from his cheeks, and when she opened her eyes again, she saw Xu Qianqian looking at her triumphantly, like a loser.

Some time ago, Magnolia was still fortunate that she was able to stand out among so many outstanding admirers for the rest of her life, to be able to marry him and be his wife.

I didn't think that everything was fake. In front of Xu Qianqian, noble as she was still just a loser.

She had that kind of relationship with Yu Sheng, and she also had a child, and nothing happened to her before Yu Sheng.

"For the rest of my life, I don't want to end this marriage. I feel a little uncomfortable and I will leave first." After saying this, Magnolia hid her face in her wedding dress and left.

Only then did the rest of his life react. He had always been shocked by the sudden emergence of his daughter, but he had forgotten to consider the feelings of Magnolia.

Today is their wedding, and a daughter suddenly appeared on her side, can she not be sad? The more I think about the rest of my life, the more I feel damned.

Now he really wants to slap himself a few times to make himself sober, but he can't take it off at all.

Now he is holding a chubby little girl in his arms, looking at him while eating her fingers! From time to time there will be giggles.

The moment I saw the little guy, Yu Sheng felt that his heart was about to melt, but now the most important thing is still Magnolia.

What if she can't think of doing something stupid?

For the rest of his life, he subconsciously wanted to return the child to Xu Qianqian, but at this time Xu Qianqian put his hands on his shoulders, deliberately not picking up the child.

"This is the first time your father and daughter have met. Why don't you get along well, and why are you leaving in such a hurry?" Xu Qianqian said with a smile.

At this time, the rest of his life was so anxious that his forehead was about to sweat, and when I looked back at Magnolia, she was already nowhere to be seen.

"Du Fei!" Yu Sheng cried out in a deep voice.

Du Fei, who was watching the play with melon seeds, quickly put the melon seeds on the table and ran over.

"Hold the baby." He put the baby in Du Fei's arms after saying the rest of his life, thinking about chasing Magnolia.

As soon as he turned his head, he saw that a group of people gave his way to the fence, and the person standing in the middle was not someone else but the old man.

Chapter: 940

"Yu Sheng, if you don't give me an explanation today, then my Bai family will be at odds with you for the rest of your life from now on!" The old man Bai said with a gloomy face, pointing to Yu Sheng and said angrily.

In the past, he treated the rest of his life as a very satisfied grandson-in-law, but today this situation makes Old Man Bai very heartbroken.

Just now he watched his granddaughter leave the field in sorrow, and did such a thing for the rest of his life. Isn't this naked and not putting their Bai family in his eyes?

"Sorry, old man Bai, I didn't expect this to happen, this..." Yu Sheng stretched out his hand and pressed his eyebrows, feeling a headache.

Now, even if he said anything, it was of no avail. After all, such a thing had already happened, even if he told the truth. How many people will believe him?

For the rest of his life, he wanted to chase Magnolia. If these people didn't let out a way, he would have no way to get out.

Do you? Yu Sheng hesitated in his heart, there was no way to take Mr. Bai.

"Can you make up for my granddaughter's injury by saying I'm sorry? For the rest of your life, you are the best young man I have ever seen. This is true, but I can't tolerate you as a person." Old man Bai said bitterly.

Being able to marry her granddaughter to Yu Sheng really made her very happy. Yu Sheng was a very suitable person for Mr. Bai.

Young and capable, he is still a master. It seems that this young man has all the advantages in him. Even if he has been married once and had children, Mr. Bai has selectively ignored him.

He just hopes that in the rest of his life he can take care of Magnolia and give her a happy life. He didn't even think that a woman would suddenly appear at the wedding with a child.

For the rest of his life, if he could cheat on Yang Zihuan's wedding, he might also betray their marriage to Magnolia's wedding.

This is a man who has an affair, no matter how great he is, he has some abilities to reach the sky, and his character is problematic. The old man Bai said that it is impossible to marry his granddaughter to him.

"Master Bai, I will explain this matter slowly to you later. Can you let me find Magnolia first, I'm afraid

she will do something stupid.” Yu Sheng said anxiously.

Hearing Yu Sheng’s words, the old man Bai did not have the slightest intention to give way. Instead, his tone was more determined: “You don’t need to worry about Magnolia, I’ve already asked people to chase after me. Don’t tell me anything. Explain that you will do it now. Tell me clearly what is going on! If you don’t give me a satisfactory explanation today, then our Bai family will be at odds with you for the rest of your life, and even the 30 billion investment in the science and technology park will be withdrawn.”

Divestment?

Hearing these two words, Yu Sheng felt even more bored. Can you explain it clearly? Even he didn’t know how to explain it clearly.

It was a fact that a living little daughter suddenly appeared, and no amount of words would be so powerless compared to this fact.

However, if there is no explanation, the Bai family will withdraw 20 billion yuan. Then there will be a big loophole in the development funds of the science and technology park. If this is the case, it will have to stop operation.

These are pressing in my heart, and I don’t know how to solve it for the rest of my life.

At this moment, Xu Qianqian walked over, stretched out his slender fingers, patted Yu Sheng’s shoulder, and comforted him softly: “Yu Sheng, I just want to see you again. I have never thought of causing you any trouble. , I’m sorry to blame me.”

After saying this, Xu Qianqian looked at Old Man Bai again, and said respectfully: “Old Man Bai, my name is Xu Qianqian, from the Xu family in Beijing, you must have heard of it too?”
