

Dont mess 941

Chapter: 941

The old man Bai said with a cold snort, "How can a small family that is not influential still be worthy of my ears."

Compared with the Bai family, the Xu family in Shangjing is indeed a small family that is not influential, and there is a big gap between the two. It is also okay for the old man to say this.

But this sentence was indeed very harsh in Xu Qianqian's ears, which was mocking her life experience, saying that he came from a small family.

Although Xu Qianqian looks very pure, it seems harmless to humans and animals, but he is extremely strong in his bones, otherwise he would not volunteer to come to Qiancheng alone and try his best to contact the rest of his life.

For the sake of the family, she can seduce an abandoned son of the Yu family who has never seen her before, just to make the Xu family go further. Now that the old man Bai looks down on the Xu family so much, she is naturally very upset.

The smile at the corner of Xu Qianqian's mouth disappeared, and a trace of hatred flashed in his eyes, but he disappeared quickly, as if he smiled carelessly and said: "The old man Bai said is indeed the truth, but 30 years in Hedong, 30 years in Hexi, How do you know that my Xu family will not trample your Bai family under your feet one day?"

"Then I want to see how much battle a little Xu family can toss." Said the old man Bai looked at Yu Sheng angrily.

Angrily said: "For the rest of my life, I don't need to listen to you to explain anything. I will immediately call people to divest the 30 billion yuan in the science and technology park, let you know that our Bai family is not that easy to bully!"

After saying this, Mr. Bai waved his sleeves away, the anger in his heart reached a point where there was nowhere to vent it. How could he not be sad or angry when someone he valued so much before did such a thing? .

Even his old man, the old man, Shangguan, did not add fuel to the fire at this time, and he sighed in his heart.

Yu Sheng used to be her most valued grandson-in-law candidate, and this happened beyond everyone's expectations.

Seeing that his old man seemed to have lost his soul, Shangguan Laozi comforted: "Don't be sad for the old thing, I will give you my treasured chessboard."

The old man Shangguan had a chessboard, which was that of Bai Ziqiu in the Qing Dynasty. Mr. Bai had always been thinking about this chessboard, but he rarely took it out in front of him.

Now, in order to be able to make Mr. Bai feel better, even if it is to give him this treasured chessboard, it is worthwhile.

"Oh... I'm tired of the old stuff, I want to go back and rest first." After saying this, the old man got into his car and drove away.

The old man Shangguan who was standing in the same place couldn't help but sighed again, feeling worthless for his old friend in his heart.

At this moment, Shangguan Ling'er next to him suddenly said: "Grandpa, I don't feel like that for the rest of my life. He doesn't look like a cheating person, I don't believe it!"

Looking at his granddaughter, at this time, he still believed Yu Sheng so firmly that the old man

Shangguan didn't know what to say.

"How many times have you met him? How can you know who he is? Besides, that kid is indeed his kid, this is an indisputable fact." The old man Shangguan said politely.

Perhaps what happened today is not a bad thing, at least let everyone see clearly what kind of person the rest of my life is like.

It can also make him, the obsessive granddaughter, wake up well, and don't put all your thoughts on a person with misconduct.

Shangguan Ling'er also knew how many she and Yu Sheng had indeed met, and there was no contact between the two, but the intuition in her heart told her that Yu Sheng was not like that kind of person.

When he was about to get in the car, Shangguan Linger looked back at the castle again, praying in his heart: For the rest of my life, I believe you are not that kind of person.

Chapter: 942

The guests in the castle were gone, Yu Sheng stood depressed at the window, while Xu Qianqian was sitting in a chair holding Yu Yue casually playing with a doll.

"Yu Sheng, do you want to hug Yueyue? She really likes you so much. She cried when you handed him over to others. It was the first time I saw you but allowed you to hug Yueyue. This is the flesh and blood relationship" Xu Qianqian said while playing with Yueyue.

For the rest of my life after hearing this, I was inexplicably big. First, the wedding was destroyed, and then the capital was withdrawn. Now a daughter suddenly appeared. How can this not make her upset? I scratched my head annoyingly. Yu Sheng really wanted to ask Xu Qianqian why she didn't have a baby in the first place. Why did she secretly go abroad to give birth because she didn't want to give birth to her own child?

"Xu Qianqian, shouldn't you explain to me, what is going on?" Yu Shengqiang said, holding back the anger in his heart.

Xu Qianqian put Yu Yue in front of the stroller, walked in front of Yu Sheng, took his hand and said, "In the beginning, I planned to kill this child, but at the end I want to understand that she is also a one. Since life, so predestined, came into my stomach, then I have the right to give birth to her and let her see the beauty in this world."

When talking about this, Xu Qianqian leaned his head on Yu Sheng's shoulder, pretending to be aggrieved, and said: "Do you know how much grievance and blinding is needed to give birth to a child so big when a person is alone in a foreign country?"

I don't want you to feel sorry for me. Seeing Yueyue grow up so big, I think the grievances I have suffered before are all worthwhile."

At the beginning, Xu Qianqian wanted to knock the child out, not because of the appearance she just said, but because she knew Yu Sheng's true identity and wanted to use this as the Xu family's hole card. It's not fake to go abroad alone, but Xu's father gave Xu Qianqian a sum of money. With money, where would he be wronged? After giving birth to a child, Xu Qianqian never took the initiative to hug Yu Yue, all of whom were hand-held by black nanny.

The reason why she looks very close to Yu Yue now is that Xu Qianqian acted for Yu Sheng. What she wants is Yu Sheng's guilt, and then make up for the Xu family. It's best to use this opportunity to turn the Xu family into The first-line family in Beijing.

After listening to Xu Qianqian's words, Yu Sheng's heart was indeed a little self-blaming, and Xu Qianqian should not be blamed for this matter.

Can't let her be a woman to pull the child up, so she can't disturb his life, right? In this case, it would be too much of a man.

"Sorry, I spoke too much before, what are your plans to come back this time?" Yu Sheng asked.

Xu Qianqian's sudden return this time was definitely purposeful, and it was very likely to prevent her wedding with Magnolia.

Xu Qianqian didn't have the first time to answer Yu Sheng, but instead put his arms around his waist, and put his whole body on Yu Sheng's body, and said affectionately: "I heard that you and Yang Zihuan have been divorced, can you give me and My daughter belongs alone?"

Hearing these words, Yu Sheng didn't even think about it, so he pushed Xu Qianqian away and kept a certain distance from her.

Yu Sheng never thought about being a scumbag, but the time he and Xu Qianqian were really an accident, and never thought that she would actually give birth to the child.

To be honest, Yu Sheng felt sorry for her for giving birth to the child so much by herself, but marrying someone she didn't love, Yu Sheng asked herself if she couldn't do it.

"I never thought about marrying you. It's impossible for me and you." The rest of my life said without leaving a trace.

Chapter: 943

Upon hearing this, Xu Qianqian was directly angry. Is this not going to be responsible to their mother and daughter?

I worked so hard to give birth to the child, not just to be entangled with the rest of my life, let him marry himself, and lead the Xu family into a first-class family.

She has already made such a big sacrifice, and she can't say anything like that.

Xu Qianqian is not a fool, on the contrary, she has a very clever mind. She has no plans to directly lose her temper with Yu Sheng, chasing him and making him responsible.

Not only does this have no use, but it also makes men disgusted.

Since Yu Sheng wants to marry that white magnolia, it means Yu Sheng likes such a woman. If that's the case, start with the white magnolia first!

"I know that this incident has brought you a lot of discomfort. Yu Yue has grown up day by day. If she asks me where his father is? I can't tell her that she is an illegitimate daughter, right?"

So this time I brought her back with advocacy, just to make you father and daughter recognize each other. Since you can't accept it now, then I will give you some time and let you think about it. During this time, I won't come out to disturb you."

After saying these words, Xu Qianqian planned to leave with Yu Yue.

What she wants is to leave a steady and obedient image in front of Yu Sheng, not crying or coaxing, but understanding how the director Yu Sheng might still have a dislike for her.

The next step was to find Magnolia. The woman ran away sad when she saw that she was here, indicating that she loved the rest of her life very much.

What about the eldest lady of the first-class family? What if it's beautiful? Even if I like you for the rest of my life, I can take this man away!

Seeing Xu Qianqian walking out of the office, there was no obstacle for the rest of his life this time. He really wanted to be quiet by himself.

Suddenly the phone rang, Yu Sheng's heart tensed, and an unknown premonition appeared inexplicably. As expected, when he saw that the call was sent by Yu Li, he already had a guess in his heart.

As soon as the phone was connected, Yu Li's anxious voice came from over there: "Yu Dong, Yu Dong, the Bai family on the Science Park has withdrawn their capital. The capital chain is short of 30 billion yuan, and this funding loophole can no longer be exploited. If you fill it in, there is no way for the next science and technology park to operate."

As expected, Mr. Bai didn't have any jokes with him. He had just left here. There was only half an hour, and he had already withdrawn his capital now.

For the rest of his life, he put all his hard work on the science park, as well as the Zhang family and the Chen family. If the science park cannot survive this time, it would be a catastrophe for him.

"Wait for me there, I'll go there now." After Yu Sheng finished speaking, he hung up the phone.

On the other side, after Yu Qianqian and her daughter inquired about Bai Yulan's residence, she went to the door of Bai Yulan's villa without a word.

"Miss Bai, look up to your name for a long time!" Xu Qianqian greeted with a smile when she saw Magnolia who opened the door for her.

Magnolia's eyes were red and swollen at this time, and it was obvious that she had been crying since she got home. If she hadn't seen it on her mobile phone just now, she would never open the door if it was the woman who was entangled with the rest of her life at her wedding. of.

It's not enough to ruin her wedding, and now she dare to come to Magnolia to see what this woman wants to do?

"What? What's the matter?" White Magnolia said coldly.

Chapter: 944

Xu Qianqian still had a smile on her face, but that smile seemed to be mocking a loser, which made Magnolia feel very uncomfortable.

Taking a deep breath, Magnolia straightened her back. Magnolia was born in Beijing's first-class family and came up noble, and she gave up her identity by Yu Sheng's side.

A mistress who seduce a married woman has any right to look at her like this, isn't it just to hit her? She was going to see what tricks this woman could play today.

The two looked at each other, and the hostility in their eyes was not concealed. At this time, the time seemed to stop until Yu Yue in Xu Qianqian's arms cried impatiently.

Xu Qianqian patted Yu Yue lightly. The little guy stopped crying. She was relieved and looked at Magnolia with a smile and said, "Miss Bai, your big family wouldn't treat guests like this. Right? I've been standing here holding a child for a long time, and you don't say let me go in and sit down."

Magnolia didn't care about Xu Qianqian, and pushed the door open, and gave Xu Qianqian a space.

The two of them came to the living room. Xu Qianqian had a slight disapproval, so he got down directly on the sofa, and put Yu Yue on the sofa as well.

Yu Yue, who has been more than six months old, can already sit on her own, playing with Barbie dolls in her hands, not crying, not coaxing, very well-behaved.

Seeing this little girl, Magnolia became confused. If the little girl who looked like a doll in front of her was not the child of Yu Sheng and this woman, she might like it very much, but now she was particularly awkward.

Looking away from Yu Yue, Bai Yulan asked again: "Is there anything to do with me?"

Xu Qianqian did not directly answer Magnolia's question, and when he got a cup of tea for himself, he took a sip, and then said without any haste, "I don't have anything to do, I just want to talk to you. For the rest of my life."

When Magnolia heard these words, it was almost certain that Xu Qianqian came to her for the purpose of provoking her.

Magnolia didn't have any urgency to say anything, she saw Xu Qianqian put down the quilt in her hand, still with the hypocritical smile on her face.

Next, Xu Qianqian told herself the story of her treatment with Yu Sheng. Magnolia didn't talk, and she kept listening.

"I met Yu Sheng when we were in college, and it's been ten years if you count it carefully! At that time, he was in love with Yang Zihuan, and I happened to be Yang Zihuan's girlfriend again, so the three of us were often together.

Later, after graduating from university, Yang Zihuan married Yu Sheng. My family was in Shangjing, so I broke contact with them. Two years ago, I came to Qiancheng and worked for Sihai Group.

When I saw Yu Sheng again, I found her eyes changed when she looked at me, her eyes were possessive, which made me feel scared, until one day he drank too much and strengthened me...

He took my most precious first time. Afterwards, he told me that he didn't mean it, but I knew he had always thought about me, and I didn't expect to start this way.

Later he told me that he didn't love Yang Zihuan anymore. The person he loved was always me. At that time, I was ignorant, and she was my first man, so I believed him so much.

In the company, we are subordinates, but when he has nothing to do, he will call me to his office. At that time, I acted as his underground lover.

Later, I became pregnant. He asked me to kill the baby. I refused to go and went abroad. Watching the baby find her little by little, I wanted to give her a happy childhood and I didn't want her to have it. dad.

But at that time, there was no divorce for the rest of my life. I didn't want to destroy other people's marriages. I didn't return to China until I knew that he divorced Yang Zihuan.

I just want to give my child a happy and complete childhood, so I will come back to him, hope you can understand. "

Chapter: 945

Xu Qianqian had thought about these words before they came, but she didn't pretend to be weak from the beginning.

The words Mr. Bai said before caused a serious blow to her self-esteem, so Xu Qianqian wanted to find her dignity even here in Magnolia.

The remark just now was just beating on Magnolia, telling her that she let a child have a father, she destroyed a family that should have been happy, and she was a third party to intervene.

Whenever the three-minded, weak-minded girl heard Xu Qianqian's bewitching words, she also gave in. But Magnolia didn't have it. What she was sad about was that she kept it from her for the rest of her life, and she didn't know that there was a child outside, and she even coaxed such a thing on the day of the wedding to make their Bai family face disgraced.

If a woman ran over to her and said something nonsense to her, and Bai Yulan believed it all, it would be really stupid and hopeless.

Even the silly white sweet heroine in the Gou Xue novels can't do such a thing, Xu Qianqian's little trick is still ineffective for her.

"If he really likes you so much, why did he marry me as soon as he divorced Yang Zihuan instead of looking for you?

You are just a tool for him to vent your desires, you can't get on the stage, you don't really think of

yourself as a green onion, right? “Magnolia looked at Xu Qianqian sarcastically, as if she looked at the young lady in the entertainment club.

From the very beginning, Xu Qianqian underestimated Magnolia, thinking that Magnolia was just a silly little girl who liked the rest of her life, otherwise she would not leave in tears.

Xu Qianqian didn't even think that Magnolia would be like this, and even said that she insulted her, which made Xu Qianqian feel angry.

Although she was very angry in her heart, Xu Qianqian didn't want to admit defeat in front of this woman, so she thought about the daytime things in her mind.

So he said: “You still don't want to understand why you are married? Your Bai family invested 30 billion in the Science and Technology Park. If it weren't for this, why would he marry you?

Miss Bai's mind, your mind is simple, and you think too superficially. If it weren't for the value of your Bai family for him, that's why you would marry you. You wouldn't think he really fell in love with you, right? ? ”

When Xu Qianqian said this, Magnolia's heart began to shake a little. Is it really because of her good family circumstances that he married her?

What kind of person are you for the rest of your life? I used to think I understood you, but now I can't see through...

“Think about yourself before you say that others are simple-minded. You were given to you for free. In the end, you gave birth to a not-so-famous child. Now others don't want you. Who do you think is the most pitiful?” Magnolia returned strongly.

She was not a weak person at first, let alone someone came to her door.

After several contests, Xu Qianqian was always down, which made her self-confidence take a hit. When she came, she had not considered that Magnolia was such a difficult character to deal with.

“Who is the poorest one knows in his heart that some people may not be touched for the rest of my life, and I have a daughter. Isn't that enough?

He is not interested in your body at all. Isn't marrying you for money or for what? Think about it for yourself. “After saying this, Xu Qianqian hugged her daughter and got up and left.

Chapter: 946

After a trip to the Science and Technology Park for the rest of his life, he discovered that the actual problem was more serious than he thought. If there is no more money flowing in, all the programs will be paralyzed.

For the science and technology park, Yu Sheng has put all his hard work into it. He didn't even think of the business that had already been started. Now the sudden withdrawal of 30 billion yuan has brought a devastating blow.

Did you fall short?

At that time, not only would he face a loss of more than 50 billion yuan, but even the Zhang family who trusted him and the Chen family would lose a lot of money because of him.

You can't just give up like this, but where can you get more than 20 billion in such a short time?

There was no way, he was desperate, so he could only come to the door again to ask Mr. Bai to explain the matter to him.

For the rest of his life, he arrived at the hotel where Mr. Bai stayed, but there was no one to see, Mr. Bai did not intend to see him.

Magnolia's phone call also couldn't get through, and for the rest of her life she could only put all her

thoughts on Sihai Group.

Now the cash flow that Sihai Group can produce is only 5 billion yuan, which can only make up a fraction of 30 billion yuan.

Most of the money is in running projects. The timing of this event is really unfortunate. If Sihai Group does not contract so many projects, there will be at least 10 billion free cash flow.

For the rest of his life, he sat exhaustedly on the chair in the office, racking his brains to think about other solutions.

At this moment, the office door suddenly opened. Yu Sheng was overjoyed and thought it was Xiao Zixin who was back.

If Xiao Zixin comes back, with her business ability, she can also help herself figure out how to alleviate this matter.

But the person here was not Xiao Zixin, but Yu Sheng's ex-wife Yang Zihuan. Seeing that it was him who came here for the rest of his life, he felt a big head.

"Now I'm still in a hurry. If you have something to do, come see me again after this period of time." Yu Sheng rubbed his temples to relieve the pain in his head.

Yang Zihuan didn't even go out, but walked straight into the office, came to Yu Sheng's desk, patted the desk fiercely, and made a noise.

"Yu Sheng, don't you plan to explain to me exactly what happened to Xu Qianqian? Is her child really yours? When did you two hook up with me behind your back?" Yang Zi Huan sternly questioned.

After learning that Yu Sheng was the chairman of Sihai Group, Yang Zihuan had a great change in Yu Sheng, thinking that he was a responsible and responsible man.

The reason for the divorce was done by my family. It was too much, which led to the current consequences.

That's why she hoped to keep him when she married Bai Yulan for the rest of her life, but the appearance of Xu Qianqian made Yang Zihuan feel that she was betrayed.

The best best friend of her college life actually got involved with her husband's child's father, which made her have no way of accepting it.

In the marriage with Yu Sheng, she unexpectedly discovered this kind of thing. She was kept in the dark like a fool. It was not until Xu Qianqian came to the door that the truth came to light.

It was Xu Qianqian again. Yu Sheng felt that his head was big when he heard this name. Now his mood is depressed enough. Now Yang Zihuan even came to mention this matter, which undoubtedly added fuel to his fire.

"We are already divorced, do we need to explain this to you again?" Yu Sheng said in a bad tone.

Hearing his answer, Yang Zihuan almost fainted with anger. What kind of attitude is this? She even talked to her in this tone when she cheated on her marriage.

Yang Zihuan didn't fight, picking up the files on the table, just throwing them around. If Yu Sheng didn't give him an explanation today, then she wouldn't let the rest of his life feel better.

Chapter: 947

The files on the desk were thrown on the ground. What Yang Zihuan thought and didn't expect was to step on it. These were not enough, so he simply pushed the computer on the office to the ground. boom!

The computer fell to the ground and the screen shattered, flashed twice and immediately turned into a black screen.

Yu Sheng stood up suddenly, glaring at Yang Zihuan in front of him, the anger in his heart kept surging, and he said in a deep voice: "Yang Zihuan, you have enough coaxing? This is not your home, this is the office of the chairman of Sihai Group. When is it your turn to run wild?"

Yang Zihuan is no longer able to think normally. She is just a woman and has little mental capacity.

In addition, the shocks and pressures she has endured these days are almost unable to support her to live, and she doesn't want to stay in that shattered home for a minute.

In order to be able to dress up for Yu Sheng's wedding, she sold her only car, but Yu Sheng didn't even look at her. In the end, she still got together with her best girlfriend, which made her There is no way to accept it, and today's emotions are on the verge of collapse.

"The rest of my life is not my coax? Don't you feel guilty about me for the things you did? I don't know how unbearable Yang Zihuan is in your heart, but at least I haven't done anything I'm sorry for you. , But what about you?"

Speaking, Yang Zihuan squatted on the ground and cried choked up, as if he had suffered a great grievance.

She also knew that she was like a shrew now, and the only sensibility in her heart told her that she couldn't be like this, but she still couldn't help it.

She came to Yu Sheng just for an answer. She wanted to hear Yu Sheng explain what was going on.

Is she the fool who has been kept in the dark...

Yang Zihuan's cries became louder and louder, tears like broken pearls, constantly falling down, as if to vent all the grievances suffered these days.

Seeing this look of Yang Zihuan, the anger in Yu Sheng's heart was instantly extinguished, no matter how to say the woman in front of her was the one who had spent the spring and autumn with her for several years and gave birth to him. Feelings are fake.

With a deep sigh, Yu Sheng walked to Yang Zihuan, knelt down and patted her on the back.

Since the two divorced, it was the first time in my life that I spoke to Yang Zihuan in such a gentle tone:

"Don't cry, don't you just want to know what's going on? I'll tell you."

Yang Zihuan stopped crying when she heard this, wiped away the tears on her face, and looked at Yu Sheng with red eyes. She did not speak, and signaled Yu Sheng to continue talking.

"One time Xu Qianqian was drugged, and I happened to ran into it. I saved her and planned to go to the hospital. Later on the road she kept...I didn't hold it!" Mentioned this matter, I almost regretted it for the rest of my life. .

At that time, his cultivation level was still shallow, and he was a man who couldn't stand such teasing, so he did something that he could not regret.

If he is now, relying on his deep internal strength now, he can also suppress the evil fire in his heart.

But the matter has reached this point, even if you regret it again, it has already happened to this point, and you can only face it.

"Only that time, who knew she was pregnant? The child was supposed to be knocked out, but she suddenly disappeared and went abroad until this wedding..."

After talking about these things, Yu Sheng stretched out his hand to cover his face and rubbed his face fiercely, which made himself a little more sober.

While listening to Yu Sheng's narration, Yang Zihuan kept looking at his eyes. She was almost certain that Yu Sheng didn't lie just now. He was telling the truth.

Even if she knew it was like this, Yang Zihuan still didn't have a way to accept it. Now that the two have divorced, she doesn't have the right to get angry again.

“For the rest of my life, shall we remarry? I am willing to raise Xu Qianqian’s child. Regarding the previous events, we shall treat it as the past, okay?”

We live a new life, and I will listen to you in the future. We moved out of a family of three and no longer care about my mother and my brother. Let’s live our lives well, how about the rest of our lives?”

With that said, Yang Zihuan hugged Yu Sheng tightly, and she wanted to fight for one last time.

Chapter: 948

This time, Yang Zihuan really wanted to sincerely regret it, and save the rest of his life to live with him steadily.

At the very least, she doesn’t have to take it with her at that home. She will have a safe haven for the rest of her life. In addition, she is so rich for the rest of her life.

“Sorry, I asked you during the divorce. You said you won’t regret it. Since you are all gone, you don’t have to repeat the same mistakes again.” After Yu Sheng finished speaking, he pushed Yang Zihuan away.

When Yang Zihuan said those words, Yu Sheng was indeed a little shaken, but no longer in love, after all, no longer in love, and living together is just like a year.

What’s more, there is already a person in my heart for the rest of my life now, that is, Magnolia.

Rejected by Yu Sheng again, Yang Zihuan was completely angry this time. He was already humbled into the dust, and he was not responsible for Xu Qianqian’s child. Why Yu Sheng was still unwilling to forgive her.

Grabbing Yu Sheng’s arm, Yang Zihuan was filled with jealousy once again, and gritted his teeth and asked, “Are you still thinking about that white magnolia? Sorry if you fell in love with her, how can I not compare to her?”

For the rest of my life, I have contributed my best youth to you. How can you abandon me now?”

After breaking off Yang Zihuan’s hand, Yu Sheng felt a trace of guilt in his heart. The things the Yang family did to her are still vividly visible. How could Yang Zihuan say that he abandoned him.

Yu Sheng smiled bitterly and said, “Yang Zihuan, you won’t forget what your family did to me, right? Ask yourself, do you love me or your current financial resources?”

If I am still a waste in the mouth of others, penniless and useless, would you look at me more?”

We are not three-year-old kids anymore. We must be responsible for what we have done. Since you proposed the divorce, and I have promised to divorce you, please go out of my office now and don’t bother me anymore. Life.”

When Yang Zihuan wanted to say something, Yu Sheng had already called, and the security guards went up and dragged Yang Zihuan out.

After the office was quiet, Yu Sheng focused all his thoughts on how to solve the shortage of funds for the science and technology park.

Except for the Bai family, Yu Sheng couldn’t think of anyone else who could spend 30 billion yuan to help him through this crisis.

Three hundred million! For those ordinary families, this is simply an astronomical number.

For the rest of my life, there is only a four-sea group. It will take a long time to make a medicinal pill and sell it. However, the shortage of capital chain in the science and technology park is urgent and must be resolved immediately.

Therefore, there is only one way, and that is to sell the shares of Sihai Group to solve this crisis.

At this moment, the door of the office was opened again, and Yu Sheng only felt upset for a while,

thinking that it was the woman Yang Zihuan who ran back to make trouble.

But I didn't expect to see Xiao Zixin's delicate face when he raised his head. Yu Sheng sighed with relief and the sad cloud on his face disappeared.

He smiled and said, "Just come back!"

Yu Sheng was very pleased that Xiao Zixin was able to come back at this juncture, so that there would be one more person to help her share some things, and it would not be too busy for her.

It has been half a year, and it has been half a year since Xiao Zixin left the company. Yu Sheng thought that she had hit her and she would never come back!

I never thought that the company was in crisis and Xiao Zixin would return again, which made Yu Sheng very pleased.

There was no expression on Xiao Zixin's delicate face, but she said faintly, "I'm back!"

Chapter: 949

Xiao Zixin, who walked into the office, was also shocked by the sight of the office. Files on the ground were everywhere, and even the computer on the desk was smashed.

As the secretary to the chairman of the board, it was the first time that she saw this kind of scene.

Someone had such a courage to come to the Four Seas Group, and it was still in front of the chairman.

Xiao Zixin pointed to the mess in a place, and asked curiously: "What's the matter with this? Has anyone come to steal company secrets?"

"No, Yang Zihuan came just now, and I coaxed me to let the security blast her out. By the way, why did you come back?" Yu Sheng was still quite curious about this question.

After leaving the job for half a year, Yu Sheng thought that Xiao Zixin would not come back to work at the company, so he wanted to know if she would come back to work this time or if she was looking for something to do with him?

Xiao Zixin squatted down, tidied up the files on the floor, and put them on the table. Then she began to answer Yu Sheng's question: "I heard about the science and technology park. Although I can't spend 30 billion, I will do my best to help you through this crisis."

The rest of my life had helped her a lot in the past, helped her rescue her mother, and was so good to her. This time he was in trouble, how could she just ignore it?

"Thank you! Zixin." Yu Sheng thanked him sincerely. This is indeed a good girl in front of him, but he has been blessed for the rest of his life.

Xiao Zixin's return indeed made Yu Sheng a sigh of relief, and all things like the Science Park were all supported by Yu Li alone.

"Yu Dong, how much money can you spend now?" Xiao Zixin suddenly asked when eating.

When asked about this question for the rest of her life, she was shocked, and then she remembered that she still had a black card from an international bank in her hand, and there were tens of billions of dollars in deposits in the card.

The reason why he hadn't thought of this before was because he wanted to leave this card to Xiaoshui. It would be okay to use the money in the card to solve this crisis, but Yu Sheng didn't want to do that.

The chips currently being studied by the Science and Technology Park have certain risks. The success rate is actually not high, and there is a high possibility of failure. When the time comes, it will fall short, and it will really catch all the cash.

In the end, Yu Sheng made up his mind to sell the shares held by Sihai Group.

"Those money is used to raise children. You go to investigate, how many shares do you need to sell to

solve the crisis in the science and technology park?” Yu Sheng put down his pen and asked solemnly. Xiao Zixin opened the notebook for a while. After a few minutes, she stopped her movements and answered Yu Sheng’s question: “Nowadays, Sihai Group has too much cash flow, but the recent development is indeed It’s very good. Although there is no listing, the valuation is about five to six hundred billion yuan!”

He holds more than 70% of the company’s shares. If he wants to fill the 30 billion vacancy, he has to sell 10% of the shares. At that time, he will still be the largest shareholder of the company, and he will still need to arrange and sell things. The influence of shares is not particularly great.

After weighing the pros and cons, Yu Sheng instructed Xiao Zixin to sell 10% of his shares in Sihai Group. The top floor of New Goose Media Group Building.

A woman with exquisite makeup and beautiful appearance sits on an office chair with her slender and beautiful legs curled up.

The woman was holding a cigarette in her hand, and smoke spit out from her red lips, and her gaze turned to the man who was kneeling next to her and squeezing his leg.

“What you just said is true? The chairman of the Sihai Group wants to sell 10% of his shares?” The woman’s voice was very nice, and there was a hint of charm in Yu Jie’s voice.

The man who heard this voice only felt that his whole body was crisp, and his whole body was about to fly into the sky. This woman was really a fairy, and he was totally fascinated.

“Hostess, can I still lie to you? You are my queen. After knowing this, I will come to you as soon as possible.” The man said intoxicated, even trying to stand up. Kiss the goddess Yoshizawa.

The queen in the man’s mouth is not someone else, but Ma Xiaoman, the current chairman of New Goose Media Group.

Chapter: 950

“Wang An, put away your little thoughts, otherwise I will scrap you now.” Ma Xiaoman’s bewitching voice suddenly became cold, and her cigarette was pressed into the ashtray by her.

Lifting the leg means stopping one foot under Wang An’s crotch. The pointy heels of the black high-heeled shoes have already been poked. If the foot does not stop, but kicks it down, then it is the picture of the chicken flying egg. .

A layer of cold sweat broke out on Wang An’s body, and he did want to press the stunner in front of him on a chair just now, and torment him severely.

But this idea was still not implemented, and he had been seen through, and he was warned like this, and he was frightened to kneel on the ground.

With no bottom line, sticking out his tongue to lick Ma Xiaoman’s high heels, like a dog with a hint of dignity.

If Gao Qing were here now, she would definitely be able to recognize that this man who kneeled in front of Ma Xiaoman, like a dog, was the Wang An who deceived her nine billion yuan.

Wang An took the nine billion scammed from Gao Qing and set up his own company, and he also met Ma Xiaoman, the current chairman of New Goose Media.

When Wang An saw this woman for the first time, she was deeply bewildered by the charm she exudes. Even though the company under its umbrella is worth tens of billions, it still looks like a dog in front of Ma Xiaoman, without a trace of dignity.

“Don’t dare, I will listen to what you say, my queen. I am your most loyal dog. I will do whatever you ask me to do.” Wang An said while helping Ma Xiaoman lick his shoes.

Ma Xiaoman seemed to be accustomed to seeing Wang An.

The red lips of Ma Xiaoman picked up a smile at the thought that the chairman of the Sihai Group would sell his shares.

If you want to expand New Goose Media in Qiancheng, Sihai Group is her biggest competitor.

The Sihai Group is deeply rooted in Qiancheng, and it is not her new enterprise that can compete with it.

But from this situation, Ma Xiaoman saw some problems that others could not detect, and forbore it for a year. Now is the time to launch an offensive against the Sihai Group.

Ma Xiaoman called her secretary and asked him to deal with the purchase of shares in Sihai Group. After explaining the matter, his eyes turned to Wang An, who was kneeling on the ground.

Raising his slender arm, Ma Xiaoman touched Wang An's head like his pet dog. Not only was Wang An disgusted, but he closed his eyes with enjoyment, as if he had been favored by God. .

"Wang An, you have been with me for half a year. You should know what I want, right? I want New Goose Media to step on Sihai Group severely. This time Sihai Group seems to have some problems. The opportunity has come." Ma Xiaoman said lightly.

Hearing that his queen really had something to arrange for him, Wang An's eyes became very firm, like a soldier who could go to battle at any time to kill the enemy, respectfully listening to Ma Xiaoman's next instructions.

"My Majesty, I will do what you ordered."

Ma Xiaoman was quite satisfied with Wang An's reaction, with a smile on the corner of his mouth, and said: "If you want to be my dog, you not only need to lick my shoes, but you will give you an order from Shengyuan Company to initiate an action against Sihai Group. A fierce offensive.

As long as it succeeds this time and defeats the Sihai Group, I will promise you a request, everything is fine! "

Hearing this sentence, Wang An was as if he was beaten up with blood, and his whole body was surging.

As long as he could crush the Four Seas Group, he would be able to have his queen. This was simply a godsend opportunity. How could he miss it?

Without even thinking about it, Wang An directly called Shengyuan Company to give a death order, overwhelming Sihai Group at all costs.
