

## Dont mess 951

### Chapter: 951

The 10% shares of Sihai Group sold by Yu Sheng were bought by Ma Xiaoman, chairman of New Goose Media, and these circumstances were within Yu Sheng's expectations.

In any case, he only owns 10% of the shares. There is no room for words in the Four Seas Group, and the rest of his life does not care about it.

Looking at the 30 billion just remitted in the bank card, Yu Sheng's holding heart was also relieved, and the money was transferred to the science and technology park for the first time, filling in the funds caused by the previous withdrawal of the Bai family. Shortage of loopholes.

"Why does New Goose Media buy shares of Sihai Group to do this for us?" Xiao Zixin asked Yu Sheng in puzzlement.

Cosmopolitan Group and New Goose Media have always been enemies, Xiao Zixin can't figure out why they would spend 30 billion yuan to solve the urgent need of the rest of their lives.

"That woman can make New Goose Media so big, it's definitely not that simple. Recently, pay more attention to the company's affairs and report to me immediately if there is any situation." Yu Sheng said.

Xiao Zixin nodded, still unclear, so she solved the matter of the science and technology park, and watched Yu Sheng let out a sigh of relief, and she was also happy for him in her heart.

The reason why I came back this time was to help the rest of my life through this crisis. Now that the crisis has been resolved, Xiao Zixin is entangled.

Is she going or staying now? Stay and continue to work as a secretary for the rest of your life? Wouldn't it be embarrassing if the two people get along day and night?

Xiao Zixin's beautiful brows frowned, and she couldn't make up her mind for a while. If she really wanted to leave, she wouldn't be able to see the rest of her life every day like this.

At this moment, a big hand patted her shoulder.

"Don't think about it so much. I didn't do well before. Feelings are feelings, and career is career. You will still have to look for a job in the future.

But is the Sihai Group so free in other places? The most important thing is the high salary, stay, I need your help!"

Listening to Yu Sheng's words, Xiao Zixin nodded heavily. If she really left her job, she would not be able to keep looking for a job.

In the past six months, Xiao Zixin has not been idle, and she has tried to find a few jobs, and there is no job comparable to that of the Shanghai Sihai Group.

Staying has become Xiao Zixin's best choice.

In the past few days, I was so busy for the Science and Technology Park. After I was free, I planned to go to Bai Yulan for the rest of my life and explain Xu Qianqian's affairs to him.

After arriving at Bai Yulan's villa, she stood outside for a full day for the rest of her life, but Bai Yulan didn't give him the opportunity to explain, and she didn't even want to see him.

This made Yu Sheng feel a little frustrated. Magnolia really broke her heart this time, but why didn't she leave him an opportunity to explain?

Dragging his exhausted body, Yu Sheng returned to the house. As soon as the door was opened, a smell of food floated out.

After a tiring day for the rest of my life, that is, I ate two buns at random in the morning. At noon at the door of Magnolia's house, I couldn't drink a sip of water. Now I smell the scent, and my appetite

instantly opens up.

I couldn't wait to get in, and I saw a variety of dishes on the table in the living room, and the rest of my life was about to leave the saliva on the ground.

Yu Sheng wiped his hands on his clothes, and couldn't wait to pinch a piece of meat into his mouth. As soon as his teeth were bitten, the juice burst out in an instant.

For the rest of his life, he closed his eyes contentedly, this cooking skill said, it was able to compare with the self-cooked food.

At this time Yu Sheng began to wonder who made this table meal?

## **Chapter: 952**

At this moment, a familiar figure walked out of the kitchen, and the rest of his life was shocked when he saw that person.

At this time, Xu Qianqian walked out with the fish soup that was just cooked and steaming in the white mist. He was delighted to see Yu Sheng's return, and said with a smile: "I don't think you will come back as soon as my meal is ready. Yes, I was thinking about calling you later."

Xu Qianqian put the fish soup in her hand on the table, took off the scarf tied around her waist, and looked at Yu Sheng with a smile on her face.

Now she looks like a housewife, taking care of the children while preparing a table of fragrant meals for her husband after get off work.

"What are you doing in a daze? Try my handicraft! This is what I did after a busy afternoon. You can't let me down, right?" Xu Qianqian said pretentiously.

Without giving Yu Sheng a chance to object, he pressed Yu Sheng on the chair, then picked up a piece of her sweet and sour pork loin with chopsticks, and placed it on Yu Sheng's mouth.

It was the first time I received this kind of treatment in my life. I didn't react for a while. Looking at the sweet and sour tenderloin with alluring color and smell, I didn't know where to eat.

"Not only did they cook the meal for a day, but after holding it up for a long time, their hands became sour. Are you sure you want to live up to my promise?"

Xu Qianqian's misty eyes looked at Yu Sheng pitifully, but any individual man had no way to refuse such a request.

In addition, Yu Sheng is really hungry now. Although the situation is strange now, Yu Sheng still ate the sweet and sour pork tenderloin that Xu Qianqian picked up.

Seeing Yu Sheng eating the meat from the chopsticks into his mouth, Xu Qianqian sat next to Yu Sheng, dragged his hands, looked at him expectantly, and asked, "How is it good or not?"

The taste was really good, and Yu Sheng was even a little curious. Xu Qianqian used to be a tall lady with eyes on top of his head in his heart.

Was it a turnaround when I came back this time? Not only is empathetic, but also able to cook, and the cooking skills are so good, which makes Yu Sheng a little flattered.

"Why are you looking at me with that look? It's like looking at a monster. Am I so scary in your heart?"

Xu Qianqian pouted and said aggrievedly.

Yu Sheng shook his head quickly and asked, "When did you learn to cook? The cooking skills are pretty good."

"This is a long story." At this point, Xu Qianqian picked up the chopsticks again, picked up a dish and placed it on Yu Sheng's mouth, and said with some complaining: "Don't just talk!

Things in the Science Park must bring you a lot of pressure! I am also to blame for this. I didn't know that

Mr. Bai would be so cautious and withdraw his capital without even considering your feelings. I'm just a weak woman, and I don't have the wealth of the Bai family. I can't help you in my career. I just think that you can make you a bite to eat after a day of tiredness. "

Hearing what Xu Qianqian said, Yu Sheng felt that a place in his heart was touched. At this moment, he felt warm in his heart.

She knew that Xu Qianqian was a deep-minded woman, but she was still moved for the rest of her life. After all, she was the first woman to cook for him and feed him.

When I was in the Yang family, Yu Sheng was not only responsible for picking up the children, but also for all the housework, washing and cooking.

After working to pick up the child, he dragged his exhausted body to prepare meals for the family...

"What are you thinking about? How do I feel that you are worrying about it? Is the company's affairs still unresolved?" Xu Qianqian looked at Yu Sheng in a daze, and asked curiously.

"No, thank you for this table dish, it tastes great!" Yu Sheng praised sincerely.

Hearing Yu Sheng's praise, Xu Qianqian laughed happily, smiling and laughing, tears flowed out, and finally she covered her face and sobbed in a low voice.

"I'm happy! At this moment, I feel like I am your wife. I feel that my life is happy. Yueyue is no longer a child without a dad." Xu Qianqian whispered.

Yu Sheng's mind was complicated, and he didn't know what to say. At this moment, Xu Qianqian's cell phone rang suddenly.

After answering the call, Xu's father's anxious voice came from the phone: "Daughter, our family is about to be forced into bankruptcy!"

### **Chapter: 953**

Xu Qianqian's mobile phone was used for external broadcasting, so Yu Sheng also heard Xu's father on the phone saying that his company was about to go bankrupt.

"What's the matter? Isn't the company's operation always stable? Why did this happen suddenly?" Xu Qianqian asked anxiously.

Shangjing Xu family is her confidence, if there is no Shangjing Xu family, then Xu Qianqian really has nothing to rely on.

Father Xu on the phone begged and said, "I don't know the specifics, but the Bai family's industry announced that it does not have any business dealings with our Xu family. After this matter spread, many people have been cooperating with our family. Companies also refused to cooperate one after another, and those who were cooperating also broke their contracts.

There is no way for the company to function normally. Now the bank came back to ask for the loan. I was really desperate. Then I called you. Otherwise, our Xu family will really be over. Daughter, think about a solution! "

After understanding the cause of the incident, Xu Qianqian held the phone tightly with her fingers, and her fingertips were a little white because of the force.

Unconsciously, I recalled the scene of confrontation between myself and Father Bai in the castle. It turned out that it was the old man who was afraid that he would come back, so he did something against her.

In fact, the old man Bai didn't need to do anything, as long as he announced that he refused all contact with the Xu family, he would be able to let those who wanted to cling to the Bai family to target the Xu family.

Therefore, it is easy to destroy a second-rate family, as long as you are strong enough, you can crush the existence you don't like at will.

Xu Qianqian knew that he was very weak, but he had never been so stubborn before, and his teeth were itchy with anger.

Father Xu on the other side of the phone didn't hear his daughter talking for a long time, and asked anxiously: "Daughter why don't you speak? Qianqian are you still listening? If you can't get 10 billion in three days, The government will seal up our Xu's company, and then there will really be nothing." Forcefully suppressing the anger in her heart, Xu Qianqian bit her lower lip tightly, and a salty smell filled her mouth. After a while, she said: "Dad, don't worry, I will find a solution to this matter. of." After hanging up the phone, Xu Qianqian couldn't help crying anymore, and instantly became a tearful person with tears like rain.

"My Xu family will be over for the rest of my life, am I more unworthy of you." Xu Qianqian looked at Yu Sheng helplessly, looking extremely aggrieved.

He sighed, this incident was also beyond his expectation. He didn't think that the old man Bai was eager to protect his granddaughter, and even vented his anger on the Xu family.

"Don't cry, there will be a solution. It is not a solution for you to cry like this!" Yu Sheng patted Xu Qianqian on the shoulder and comforted.

Xu Qianqian threw herself into Yu Sheng's arms and burst into tears. After crying for a while, she was a little tired, and then she spoke, sobbing and saying, "This matter was caused by me. When this is over, even if I go to ask Mr. Bai and kneel down on him, I won't be able to let the Xu family be destroyed in my hands after all the humiliation."

After letting go for the rest of his life, Xu Qianqian wiped away the tears on his face and said again: "Yueyue sleeps in the room, and may wake up after a while. You can take good care of her, and I'll go to Elder Bai."

Said that Xu Qianqian was about to turn around and leave. At this moment, Yu Sheng grabbed her arm and pressed her on the chair and said, "Leave this to me, so you can just watch Yu Yue at home."

"But the matter of your science and technology park is still unresolved. How can this kind of matter bother you? I'll go to ask Mr. Bai! Let him sigh, maybe the crisis in the Xu family will be lifted." Xu Qianqian's face Somewhat embarrassing.

Yu Sheng patted her on the shoulder: "You just stay at home honestly, I will solve this matter."

Xu Qianqian Xiaoniao nodded in a friendly manner, pretending to be very obedient, and watched Yu Sheng go out.

Hearing the sound of closing the door, Xu Qianqian removed the disguise on his face. The pitiful look in front of Yu Sheng disappeared, and turned into a vicious look.

The old immortal thing from the Bai family dared to attack her Xu family, it was too shameless. But fortunately, this can also make Yu Sheng hate the Bai family, and may also have an aversion to Magnolia at that time.

At this moment, Xu Qianqian's phone rang again without knowing the matter. It was a call from Weissen.

## **Chapter: 954**

After seeing that it was him, Xu Qianqian hung up the phone without thinking, why is that pesky gringle so lingering!

It was still a while, and Xu Qianqian's cell phone rang again. This time she didn't hang up the call again,

but was connected.

Xu Qianqian cursed impatiently at Weisen on the phone: "Why are you so lingering? How many times do I need to say it? I don't have any interest in you. I feel sick when I see you."

Weisen on the phone wasn't angry at Xu Qianqian's insults, but felt that it was commonplace to have a little bit of lethality.

"Qianqian, don't be angry. I didn't mean to bother you. You disappeared suddenly. I was very anxious. I asked someone to check your information to know that you have returned to China. I also know that your family is in crisis now. I can pay. Spend 10 billion yuan to help you tide over the crisis."

Hearing this, Xu Qianqian didn't feel touched. Instead, he said that Vincent was so good-looking and very cheap, and said disdainfully: "You're not as simple as you said if you put out 10 billion yuan? If your family finds it out. You gave me the money, and my Xu family was completely destroyed."

When Weissen was pursuing her, Xu Qianqian had already started to check his detailed information, and when he learned that he turned out to be a son of a French nobleman, he was a little moved.

But when later learned of Weissen's position in their family, Xu Qianqian completely lost interest in that guy.

Although Uyghur is a noble child, he does not have any real power in his hands, and even has a monthly limit on how much money he spends.

Such a person has no use value at all. She Xu Qianqian is not a bag. A luxury car can sleep casually, so it would be too cheap.

Her goal has always been on Yu Sheng. Now the Four Seas Group is rising. Coupled with the science and technology park, Yu Sheng is a cash cow that can make the Xu family a member of the top family in Beijing.

As long as he keeps the rest of his life firmly in his hands, Xu Qianqian is confident that one day he will be able to step on the Shangjing Bai family.

At this time, Weisen on the other side of the phone spoke again: "Qianqian, don't worry! I will give you 10 billion, and I will definitely not let your family suffer any harm. I will guarantee my life and you will be my daughter. How are your friends?"

Xu Qianqian smiled contemptuously. For the rest of his life, she had promised to help her family get through the crisis, and Weisen was not required to lick the dog sincerely.

"Get out!" Xu Qianqian hung up the phone after saying this.

At this time, there was the cry of a child in the room, Xu Qianqian was still unmoved, picked up the chopsticks on the table, as if he could not hear it, and ate by himself.

When Xu Qianqian didn't know, Weisen, who hung up the phone, had actually come to China. He knew those things in Xu Qianqian's house and how could he not know Yu Sheng.

The reason why Weisen came to China this time was to see what kind of person the rest of his life was like on that information, and how did Xu Qianqian choose him so desperately!

## **Chapter: 955**

When Yu Sheng left the bank, she saw Magnolia standing at the door of the bank. She was wearing a white dress and exquisite facial features. She looked pure and refined. No matter how simple she dresses, she walks out. Beautiful scenery.

Even if she doesn't do anything, just stop at the door of the bank, and passers-by, whether it is a man or a woman, will stop and look at her more.

But after a few days of seeing it, Yu Sheng found that Magnolia's figure looked a little thinner than

before. You don't need to think about Yu Sheng to understand that it was her own sadness that caused her sadness and her sadness.

Yu Sheng found it strange that when he went to find her today, even if she had waited for a day, she didn't come out to see herself. Why did she suddenly appear at the door of the bank?

Just when Yu Sheng wanted to step forward and take Magnolia into his arms to explain Xu Qianqian's affairs to him, Magnolia avoided on one side.

Yu Sheng rushed for a moment, and Magnolia's rejection of him was obvious, which made him feel a little sad.

"Yu Sheng, I came to the bank to transfer money to the Xu family to help Xu Qianqian get through this crisis, right?" At this point, Magnolia laughed at herself: "Yes! You all have children, she has something to do with you." How can you not help?"

When Grandpa shot the Xu Family, Bai Yulan still tried to stop it. But when Grandpa said that this time she wanted to take a postgraduate entrance examination, Yu Sheng had a deep feeling for Xu Qianqian. If Yu Sheng did not help Xu's family, it means that the relationship between the two is not deep, and Yu Sheng is not inexcusable.

But when she followed Yu Sheng and watched her come to the bank and then entered the VIP room, Bai Yulan understood in her heart that Yu Sheng was transferring money to the Xu family to survive the crisis.

"You misunderstood!" Yu Sheng knew that this time the misunderstanding was even worse. For a while, he didn't know whether to explain the matter of going to the bank this time or explain the relationship with Xu Qianqian.

"For the rest of my life, I don't know whether to believe you, or I should believe everything I see with my own eyes." Bai Yulan was heartbroken, tears slipped from her eyes.

I thought that the man in front of me could rescue her from the huge cage of the Bai family and escape the tragedy of the business marriage.

The rest of his life was not her true son, nor was it as simple as she saw. He didn't love her, and the reason for marrying her was only because of the Bai family behind her.

In this way, what Xu Qianqian said before is not unreasonable.

I came to the bank today to prove how much Yu Sheng cares about Xu Qianqian. Now that she saw it, there was no need to take it here.

Magnolia took a cold look at Yu Sheng, her eyes no longer had the tenderness she had before, her eyes moved away from him, Magnolia turned around and left, without a trace of reluctance.

It's been a long time since she came to Qiancheng, it's time to leave this sad place and return to where she should have been.

Seeing that Magnolia was about to leave, Yu Sheng ran after her, grabbed his arm, and took the person in front of him into his arms.

"Magnolia, listen to me, this matter is not what you think it is. It was just an accident between me and him, and I didn't even think of that child.

The reason why I transfer money to the Xu family is because it is not from the perspective of the child that I have deep feelings for Xu Qianqian. I am the only one in my heart now. "

Magnolia pushed Yu Sheng away forcefully, slapped her hand and slapped Yu Sheng's face fiercely.

The slap of the white magnolia did not have the slightest softness, and the sound was extremely loud, and the air around the two seemed to have solidified because of this sound.

"For the rest of my life, I am not as stupid as you think, come to me when you finish solving Xu

Qianqian's matter! Otherwise, I will never see you." Bai Yulan said coldly. After saying this, Bai Yulan didn't return, so she got in the car and left.

### Chapter: 956

Magnolia misunderstood him too deeply, Yu Sheng, even if she wanted to explain, she couldn't listen to it. This made him really confused and didn't know what to do.

There is always a solution to business matters, but emotional matters are like an idiot for the rest of my life, with no ideas at all.

When Yu Sheng returned to the villa again, she saw Xu Qianqian holding Yu Yue sitting on the sofa in the living room, watching TV, which was showing cartoons.

Seeing this warm scene, Yu Sheng's complicated mood stretched slightly.

At this time, Yu Yue also saw that Yu Sheng had returned, and even the two chubby little hands clapped excitedly, still making a humming sound in his mouth.

Upon seeing this, Yu Sheng walked quickly to Xu Qianqian's side, took Yu Yue over, and embraced him. Looking at Yu Yue's fleshy, white and tender face, Yu Yue didn't hold back for a while and kissed her little cheek with "Ba Chi".

"After you left, the little guy woke up. He didn't even see you and kept crying. How can I coax her? You see, her eyes are crying and swollen." Xu Qianqian said.

Only then did Yu Sheng look at Yu Yue's eyes. They were indeed red, and their eyelashes were still wet. Seeing that his daughter was really crying, Yu Sheng felt so distressed.

"Yueyue, my father just went out to do some work, so I won't leave when I come back now, and have fun with you." Yu Sheng said pettingly.

"Thank you for the rest of your life. Just now, my father transferred 10 billion from a mysterious account to the Xu family. You did it!" Xu Qianqian said gratefully.

Yu Sheng nodded: "This tens of billions were not given to the Xu family for no reason, and they were lent to you, and they will be returned after the Xu family has passed this crisis."

Ten billion, if it is so easily given to others, he will feel distressed for the rest of his life. After all, his money is not brought by the wind.

Hearing this loan word, the expression on Xu Qianqian's face flashed with embarrassment. She thought she would help the Xu family unconditionally for the rest of her life, so she still borrowed it after a long time.

But this doesn't matter! As long as she wins the rest of her life, what will the husband and wife discuss about borrowing or not?

After sorting out his emotions, Xu Qianqian leaned against Yu Sheng's back, wrapped his arms around Yu Sheng's waist, and said coquettishly: "Fortunately, I have you, or else my Xu family will really be over. I don't know how to thank you.

By the way, when you came back, you didn't have two bites of rice, but you were helping with my family's affairs. You must be starving now, right? I will help you rebuild now. "

"No, you just heat up the previous meal." Yu Sheng said.

Xu Qianqian responded with a yes, and then went to the kitchen to warm up food.

The rest of my life stayed in the living room to play with Yu Yue. Although the little guy has been for more than six months, he should have recognized someone and not let a stranger hold him, but it is strange that when Yu Sheng is holding her, she doesn't cry.

Suddenly, the door of the living room opened again, and Du Fei walked in with Xiao Shui on his back.

Xiao Shui, who was sitting on Du Fei's neck, brightened when he saw Yu Sheng.

"Dad, so you are at home!" Xiao Shui waved towards Yu Sheng excitedly, and after getting off Du Fei's neck, he trot all the way to Yu Sheng.

Xiao Shui has been playing with Du Fei for the past two days. I don't know what happened at the wedding. Xiao Shui was in class that day and didn't come.

Xiao Shui was also taken aback when he saw the little girl in Yu Sheng's arms, and looked at the pink little guy curiously.

"Dad, is this the doll toy you bought me? It's so realistic! It even blinks." Xiao Shui looked at Yu Yue in surprise, and said solemnly.

## **Chapter: 957**

Hearing Xiao Shui's thoughts so open, Yu Sheng and Du Fei looked at each other and laughed.

But to be honest, Yu Yue does look very cute, with exquisite features that look like Xu Qianqian, and the overall look is a bit of a shadow for the rest of his life.

In addition, the chubby food that the little guy eats is really like the dolls bought outside, it is so cute and likable.

Yu Yue in Yu Sheng's arms didn't know why they burst into laughter. The little guy was taken aback by this sudden action, his mouth curled, his eyes like black grapes were immediately covered with a layer of mist, "Wow" He burst into tears.

Xiao Shui was still crying when he saw the baby in his father's arms. Only then did Xiao Shui realize that it was not a toy, but a real child.

"Dad, she is so cute! Can you let me hug her?" Xiao Shui looked at the crying sad Yu Yue with compassion in her heart, and wanted to coax this cute baby .

"Xiao Shui, my sister is very heavy, can I hold her so that she doesn't fall?" Yu Sheng is still a little worried, after all, Xiao Shui is only six years old and his strength is still limited.

Xiao Shui stretched out four fingers, swearing, and said solemnly: "I swear, I will never let her fall to the ground, dad, can I hug her?"

Yu Sheng still hesitated in his heart, and immediately thought that he was a Grandmaster Realm, even if Xiao Shui couldn't hold on, he could definitely catch Yu Yue at his speed and not let her fall.

"In this case, you have to hug your sister!" Yu Sheng exhorted, and carefully handed Yu Yue into Xiao Shui's arms.

The little guy was frightened before, but now he is still crying fiercely. With his mouth wide open, he can see a small baby tooth growing out of his mouth.

Xiao Shui hugged Yu Yue with difficulty, watching the little guy still crying, an anxious layer of cold sweat appeared on his forehead.

"Don't cry, don't cry, brother will share all my snacks for you in the future, don't cry, don't cry, okay?"

Xiao Shui coaxed patiently, although it's useless at all, but he still doesn't. It means to be patient.

After seeing this scene for the rest of my life, there was a sense of relief in my heart. Although Xiao Shui was only six years old, she is now not only sensible but also responsible, even if it is really difficult, he still insists.

For the rest of his life, he is very confident. In the future, Xiao Shui will grow up to be even better than him, and he will be a man upright.

At this moment, Xu Qianqian from the kitchen walked out carrying the food, and his heart became tight when he saw that it was Xiao Shui holding his daughter.

Yu Yue is still crying very sad now. Xu Qianqian who saw this scene thought it was Xiao Shui deliberately bullying her daughter.

Yu Sheng even let his son bully his daughter, even if Xu Qianqian didn't like this child on weekdays, she was still angry when she saw this scene.

After all, how could his biological child be able to make Yang Zihuan's child bully like this?

Xu Qianqian ran over and snatched the child from Xiaoshui's arms, pushed Xiaoshui aside, and looked at Yu Yue distressedly: "Sorry, mom, it's late, Yueyue's trouble?"

The force Xu Qianqian used just now was very strong, Xiao Shui was pushed a few meters away, and fell to the ground severely.

No matter how sensible Xiao Shui is, he is just a child. His actions just now were too sudden. It not only shocked him, but also fell painfully, and the tears on his face fell silently.

"Xu Qianqian, what do you mean?" Yu Sheng helped the little water on the ground and looked at Xu Qianqian angrily and asked.

### **Chapter: 958**

Xu Qianqian seemed to realize at this time that he had just pushed Xiao Shui aside, while coaxing Yu Yue distressedly, while looking at Yu Sheng apologetically.

"Sorry, I heard Yueyue cry and thought she was wronged. At that time, I didn't have time to think too much, so I did something like this. I'm sorry, Xiao Shui, it was my aunt's fault."

Although she said some apologies, she still felt uncomfortable when she saw Xiao Shui rising from the ground without incident.

If you just pushed the child to the corner of the table and bumped his head, if he could get a concussion, or if it was directly cerebral palsy, it would be fine.

This little bunny has grown up, but is going to grab property from her daughter, and this is a son who is too threatening. It would be best if the child can disappear.

"Xu Qianqian, next time something like this happens, please use your mind, Xiao Shui is still just a six-year-old child, what can he do to Yu Yue?" Yu Sheng was still very upset.

After reprimanding Xu Qianqian, Yu Sheng touched Xiaoshui's head and asked concerned: "Xiaoshui, do you feel unwell? Do you want my dad to take you to the hospital?"

Xiao Shui's head shook like a drum: "Dad, I don't have anything to do, but my butt still hurts a little bit. It should be better after a while."

"Xiao Shui is really getting more and more brave. If someone still pushes you indiscriminately in the future, godfather will help you chop her!" Du Fei looked at Xu Qianqian subconsciously, the warning in his eyes was not concealed. .

Du Fei didn't care who this Xu Qianqian was and why he did it. He only knew that this woman had just pushed Xiaoshui and she was using a lot of strength, which was enough.

Xu Qianqian felt nameless when he heard this. No matter how capable Du Fei was, he was nothing more than a dog by Yu Sheng's side. He even threatened her by saying that she chopped her off, which was simply impatient.

Even if his heart regenerates, Xu Qianqian knows that his current position in Yu Sheng's heart is not comparable to this Du Fei, so he can only swallow that breath back into his stomach.

"Brother Du joked, what the family said? I really blamed me this time. I was too worried about Yueyue to do such a thing." Xu Qianqian said with a smile.

Xiao Shui didn't have any injuries, and that's the case. The major incidents can no longer be trivial. Du

Fei said goodbye and went back.

After the meal, Yu Sheng began to introduce Xu Qianqian to Xiao Shui, and said that Yu Yue was his sister again.

Xiao Shui's face was very tangled, and he didn't feel a little bit happy. He clasped his fingers, and then hesitated to look at Yu Sheng and asked: "Dad, where is Aunt Bai? If she lives in our house, Aunt Bai will be unhappy. of."

If Dad had to find someone to marry, then Xiaoshui's first choice would be Magnolia, after all, Magnolia was sincerely kind to him.

The aunt in front of her always seemed to have a different kind of light in her eyes, which made Xiao Shui feel uncomfortable and made him feel difficult to get along with.

"Aunt Bai is going back with something. After a while, she will be back when she finishes her work." Yu Sheng hurried casually.

After eating, Yu Sheng took Xiao Shui and took a bath. After he fell asleep, Xiao Shui returned to his room and turned on the light in the room. Yu Sheng saw Xu Qianqian lying on his bed in pajamas.

### **Chapter: 959**

Xu Qianqian held her face in her hands, and her silk pajamas embellished her rugged figure, and a pair of beautiful legs were exposed in front of Yu Sheng's eyes.

Those enchanting eyes looked straight at Yu Sheng, and then she stretched out her fingers to hook Yu Sheng and said, "Yu Sheng, come here!"

If it were the rest of his life on weekdays, Xu Qianqian might have some physical reactions when he saw this, but he didn't have a trace of interest now.

Yu Sheng looked at Xu Qianqian's eyes with a hint of unnoticeable disgust, and even he himself couldn't feel it.

"Go out, it's too late, I'm going to bed." Yu Sheng's voice was cold without a trace of emotion.

This made Xu Qianqian feel a little disappointed, but she was specially dressed up and came to look for Yu Sheng, thinking about taking him down tonight, she didn't even think that Yu Sheng would even have a slight reaction.

"For the rest of your life, Yueyue has fallen asleep. Don't worry if it doesn't interfere with us."

This time Xu Qianqian's words were more straightforward, and he didn't believe that a normal man could refuse the request of a beautiful woman.

Unexpectedly, Yu Sheng remained unmoved, pulled Xu Qianqian up from the bed, and then pushed it out.

Xu Qianqian was very unwilling to be reconciled. If she hadn't had that kind of relationship with Yu Sheng, she would even think that Yu Sheng had a problem with it, so she ignored her like this!

Turning around, when he wanted to say something, the door to the room for the rest of his life was already closed.

The next morning, as soon as Yu Sheng got up, there was no rush to eat, so he remembered the phone, Xiao Zixin called.

"Dong Yu, come, come! Something happened here in the company. There was a problem with the materials provided by Shengyuan Group. I went to negotiate with them, and they didn't admit it at all." Xiao Zixin said anxiously.

"Okay, wait for me for a while, and I'll be there soon." Yu Sheng hung up the phone and planned to go to the company to see what happened.

Xu Qianqian, who had prepared breakfast, saw that Yu Sheng was so anxious about going out and said, "Did something happen in the rest of my life? Why are you so anxious? Let's leave after breakfast!"

"No need." After saying this, Yu Sheng left the house, drove in the car and went to the company.

Today is Saturday, Xiao Shui doesn't have to go to school, and he was a little bit disappointed when he saw Yu Sheng had gone out as soon as he got up from the bed.

When my father told him a story last night, he promised him to accompany him to the amusement park during the day. He hadn't been to the amusement park where Aunt Bai gave her a few times!

Rubbing his sleepy eyes, Meng Song's eyes Xiao Shui asked Xu Qianqian: "Aunt Xu, why did my father go out in such a hurry? Is there anything wrong?"

Xu Qianqian put the breakfast in his hand on the table with a bang, and most of the poached eggs in it came out of the plate.

"You ask me, who should I ask?" Xu Qianqian said angrily.

Yesterday, I just pushed Xiao Shui a little bit. What did this little bastard hurt? They blamed themselves so much.

That Du Fei even had to chop her off, the anger in her heart stopped when she thought of this, and she even had a bad temper towards Xiao Shui.

"Okay, Auntie." Xu Qianqian Xiaoshui, who saw this look, didn't dare to speak for a while. As a child, he didn't understand why Xu Qianqian changed his face so quickly.

She was so gentle when her father was at home just now, but as soon as her father left her forefoot, her attitude towards herself changed in another way.

Xiao Shui didn't dare to speak anymore. Sitting in a chair, thinking about eating breakfast, Xu Qianqian pulled the plate in front of Xiao Shui directly, and without a word, poured the breakfast on the plate into the trash can.

"Your breakfast is dirty and there is no way to eat it." Xu Qianqian took out a pack of instant noodles and threw it in front of Xiao Shui, and said, "Eat this first to fill your stomach! It saves you from eating the wrong thing, you That godfather came to me again, if it really cuts me off, wouldn't I be a big loser?"

## **Chapter: 960**

Xiao Shui picked up Master Kong's instant noodles on the table, looked at another breakfast on the table that hadn't been moved, and swallowed.

"Aunt Xu, eating instant noodles in the morning is really hard! Can I have that portion?" Xiao Shui pointed at the breakfast that should have been for the rest of his life, and asked Xu Qianqian with an imploring expression on his face.

That breakfast just now was obviously dirty! Xiao Shui couldn't understand why Xu Qianqian put his breakfast in the trash can, and said it was dirty.

Xiao Shui didn't want to eat hard instant noodles, anyway, now his father is busy with something, his breakfast will be cold if he doesn't eat it, so he put his attention to his breakfast.

Xu Qianqian took Yusheng's breakfast to him, glanced at Xiao Shui guardly, and said angrily, "It's really a conscientious white-eyed wolf. Your father loves you so much. You still want to eat his breakfast. , What should he do if he doesn't have enough food when he comes back?

If instant noodles are hard, won't you go soak it? I really get used to living with money, and I can't bear this bit of suffering. When I grow up, I will become a dude. "

Xiao Shui lowered his head deeply as he listened to Xu Qianqian's reprimand, not knowing how to refute it.

Guru Guru!

At this moment, his stomach screamed, Xiao Shui grabbed the instant noodles on the table and subconsciously glanced at the breakfast in front of Xu Qianqian.

Xu Qianqian's breakfast is very rich, with poached eggs fried into a heart shape, sandwiches that will be appetizing at a glance, and a bowl of preserved eggs and lean meat porridge.

Xiao Shui's stomach is so hungry, he wants to eat breakfast too, he doesn't want to eat instant noodles, but Xu Qianqian pours his breakfast, so he can only eat instant noodles with him.

In order to fill his stomach, Xiao Shui could only take the package of instant noodles from Master Kong and came to the kitchen, but he was too short to get a water bottle. Put the instant noodles in a bowl and brew with boiling water.

In the process of making bubble noodles, Xiao Shui was always cautious and didn't let the boiling water get hot enough. He held the hot bowl of Xiao Shui all the way to the dining table.

Seeing that Xiao Shui had really soaked that bag of instant noodles, Xu Qianqian's heart was still a little shocked, this little bastard was actually not hot.

After eating breakfast, Xu Qianqian wiped his mouth, did not go to clean up the dishes on it, and glanced at Xiao Shui, who was still eating instant noodles, and commanded: "You are the slowest to eat. You will finish eating later. Brush this bowl."

Xiao Shui bit his lower lip and nodded. This was the first time he had to do so many things on his own. He clearly told himself in his heart that he was six years old this year, and he was already a man of indomitable spirit.

But being treated like this, the little guy still feels aggrieved in his heart, I don't know what else to say.

When I was in the Yang family before, although my grandmother didn't particularly like him, she wouldn't let her be a child to do housework, nor would she let him eat instant noodles.

She even bought him some snacks occasionally when she was in a good mood.

Later when she was with Aunt Bai, Xiao Shui basically lived a life like a little prince, and Magnolia would take care of everything very carefully, even better than his mother.

After eating the instant noodles, Xiao Shui held back the tears he was about to cry in his heart, and kept telling himself that he was a manly man and he should be brave.

Bring the dishes into the kitchen, the small water will not use the automatic dishwasher, so I plan to wash it by myself.

The six-year-old is a little short, he can only step on the chair to wash the dishes, turn on the faucet, and the water splashes everywhere. The little water slams under his feet and directly slips the whole person and the bowl falls off the chair. .
