

Dont mess 961

Chapter: 961

Xu Qianqian was licking melon seeds while watching the TV series. Xu Qianqian was upset when he heard the sound from the kitchen.

“What is this little bastard doing? Why don’t you worry about cleaning a bowl? It’s annoying to make such a loud noise.” Xu Qianqian impatiently put the melon seeds in his hand on the table, stood up and went to the kitchen. See what happened.

For reasons related to the tap, the water in the vegetable washing pool has overflowed, and it is everywhere on the ground.

Xiao Shui had just washed the bowl, because one of his accidentally all fell to the ground and broke into pieces, while Xiao Shui was lying on the ground, and the elbow happened to hit the fragments of the broken bowl.

The red blood kept flowing out of his arms, Xiao Shui covered his arm with tears in his face, looked at Xu Qianqian aggrievedly, and said with a choked voice, “Aunt Xu, my arm hurts so much.”

Xu Qianqian glanced at Xiao Shui disgustingly, and didn’t even go up to help Xiao Shui, but complained: “It’s not good to let you wash a bowl, it’s really useless at all.”

Walking past Xiaoshui, Xu Qianqian came to the vegetable washing pool and turned off the faucet. Then, there was still no small water pipe, he went out to watch TV.

The pain in his arm was not as good as Xiao Shui’s grievance, so he wiped away the tears on his face.

Xiao Shui got up from the ground, looking at the mess in the kitchen and wondering what to do.

“Aunt Xu, my arm hurts so much, can you help me clean it up?” Xiao Shui’s eyes were red and looked at Xu Qianqian, as if she would cry in the next second.

Xu Qianqian glanced at Xiao Shui impatiently, and cursed: “It’s really a useless thing. I don’t know how your mother gave birth to you such a small rubbish. Wouldn’t you just hurt your arm? NS!”

After that, Xu Qianqian took out his mobile phone and directly called the housekeeping company and called a nanny over.

After a while, the doorbell of Kung Fu rang, and Xu Qianqian glared at Xiao Shui, and said fiercely, “How come you don’t wink at all, kid? Didn’t you see someone ring the doorbell? What are you doing? Hurry up. Go open the door!”

Xiao Shui had just planned to bandage the injury on his arm, but he didn’t have time to get Xu Qianqian to open the door again. Reluctantly, Xiao Shui could only put down the gauze in his hand and open the door.

The one who came was a woman in her 50s and 60s. She was wearing very plain clothes, and she seemed to be honest and authentic. She was probably a rural person.

As soon as he opened the door, the careful Aunt Wang saw that Xiao Shui’s arm was still bleeding, and she squatted down with a concerned face to help Xiao Shui inspect the wound on her arm, and asked distressedly: “My kid, how are you? Did you accidentally hurt your arm? Does it hurt? Auntie, I’ll go in and bandage you.”

Xiao Shui, who had been holding on, heard the concern of a stranger, tears flowed down uncontrollably, and said aggrievedly: “It hurts, Xiao Shui’s arm really hurts.”

“Auntie will help you bandage.” Aunt Wang led Xiaoshui and walked into the living room. She couldn’t help but sigh. The family looked at the villa where they lived and blamed the rich, how could they leave the child alone at home. Seeing that this is injured, no one can care about it.

Pushing the door open, Aunt Wang saw a long young and beautiful beauty in the living room, who was inscribed with melon seeds while watching TV series.

Seeing this, Aunt Wang was also taken aback. She thought that there were no adults in this family.

Otherwise, how could she not care about the children being injured?

“Come on! What are you doing standing there? I asked you to come here with money to make you clean up the housework. Hurry up and tidy up the kitchen.” Xu Qianqian glanced at it and stood there still.

Aunt Wang, ordered.

Aunt Wang didn't have the first time to go to the kitchen, but holding Xiao Shui's hand, she went and pierced his arm first.

Chapter: 962

Yu Sheng, who came to Sihai Group, has already learned about the situation. The current situation is due to the problems caused by the cooperation between Sihai Group and the relatively large Shengyuan Group recently.

Shengyuan Group has a wide range of industries under it. Among them, it also has business dealings with Sihai Group. Recently, these Sihai Groups have received a lot of cooperation and need a lot of construction equipment. Only then did they sign a big contract with Shengyuan Company.

During this period of time, there were no problems with the cooperation. Since yesterday, the equipment on the Shengyuan Group has had problems of various sizes.

There are no safety guarantees in many aspects, and even someone can break the equipment directly with force, which is completely cutting corners.

The two are relatively large companies, so the cooperation this time is also relatively large, with a contract of about 200 million yuan. Now that this kind of problem arises, Xiao Zixin immediately called to discuss this matter with the boss of the Shengyuan Group.

When Xiao Zixin asked why the quality of the materials sent by the Shengyuan Group was so poor, the boss of the Shengyuan Group directly denied the account, saying that their equipment was of quality assurance, and it was impossible for such a thing to happen.

This made Xiao Zixin more annoyed. He didn't think that the boss of a big group could even be so rascal, and let people take the equipment sent by the Shengyuan Group to talk to them.

However, the boss of Shengyuan Group saw this situation and did not intend to admit it at all. He also said that Sihai Group was not authentic, and deliberately found a batch of inferior quality equipment to frame them.

Facing the bosses of Shengyuan Group repeatedly playing rogues, Xiao Zixin originally wanted to sanction them through legal means.

But when he went back to the company to look for evidence, Xiao Zixin's contract in the company was actually contracted.

The general content of the contract that was subcontracted was that Sihai Group ordered a batch of materials from Shengyuan Group and did not have quality requirements, just watched it pass.

If you take this contract to sue the Shengyuan Group, it will definitely bring great negative news to the Sihai Group.

At that time, not only will there be no way to sanction the Shengyuan Group, it will also make the Sihai Group recruit criminals, and even all the construction industries under the Sihai Group will be sealed up, and the loss caused by that time is immeasurable.

There was no way for Xiao Zixin to solve this situation, so she called Yu Sheng, hoping that he would

have a way to solve the matter.

“Help me go to the boss of Shengyuan Group, I want to meet him.” Yu Sheng put down the file in his hand, his face was very ugly.

Xiao Zixin felt very empathetic for Yu Sheng’s current appearance, and I could only blame the boss of Shengyuan Group for being too rascal for being able to do this kind of thing.

“Okay, Dong Yu, I’ll call and make an appointment with the boss of Shengyuan Group, but there is one more thing I don’t understand. How did they adjust such an important contract?” Xiao Zixin asked curiously. .

Yu Sheng frowned, thought for a moment, and then said: “I sold a part of the shares of Sihai Group and was acquired by New Hungry Media. With this 10% of the shares, I can have a lot of small things in the company. The right to speak is likely to be done by people in the new media.”

Xiao Zixin called the boss of Shengyuan Group and said that the chairman of Sihai Group invited him to meet. He heard that it was the chairman who met him. Now the boss of Shengyuan Group did not refuse, but agreed to live in Yiren Ha.

Chapter: 963

The appointment was made at the Yirenju Hotel at 12 o’clock, and Yu Sheng waited there 15 minutes earlier out of courtesy.

When it was twelve o’clock, the boss of Shengyuan Group still didn’t come. Xiao Zixin called him to ask what was going on. Wang An said that the company suddenly had something to work on for a while.

Xiao Zixin thought that if he was busy, he would make an appointment another day, but Wang An on the phone said that he would be busy in a while and asked them to wait.

It’s not good to wait. I waited for an hour or so. Wang An walked in without a hurry. He saw Yu Sheng with a gloomy face and said with a smile, “I’m so embarrassed. You have been waiting.”

“Nothing, I asked Boss Wang over this time to ask what the Shengyuan Group really means? If you don’t want to cooperate, your company will completely enter the blacklist of my Sihai Group in the future.” Yu Sheng went directly to the whole question, and I didn’t plan to make any kind words with Wang An in front of me.

Although Shengyuan Group now has tens of billions of financing, but now he and Sihai Group are not a horizontal company at all, so Yushengyou Capital does not put them in the eye.

If it weren’t for New Goose Media to help behind the Shengyuan Group, it would be able to crush such small companies for the rest of their lives.

Wang An sat down disapprovingly and looked at Yu Sheng with his legs folded. This was the first time he had seen what the chairman of Sihai Group looked like, and he couldn’t help but take a second look.

The more you look at it, the more familiar Wang An feels. Where did he seem to have seen this person? But I can’t remember it again.

Wang An stretched his neck and looked at the rest of his life carefully. After watching it for a while, the more he looked at it, the more familiar he became, but he just couldn’t remember where he had seen it. So Wang An asked directly: “Yu Dong, have we met somewhere? How do I feel that you are so familiar?” Hearing what Wang An said, Yu Sheng didn’t know what this guy was doing. This was indeed the first time the two of them met. Yu Sheng could be sure that he had never seen Wang An before.

“Mr. Wang, are you trying to deliberately break the subject with me?” Yu Sheng asked, raising his eyebrows.

boom!

There seemed to be a burst of thunder in Wang An's head. At this moment, he suddenly remembered why he looked familiar with Yu Sheng.

He used to stay in the Yang family for a period of time. At that time, because Yang Zihuan was so beautiful, he was always thinking about it.

When Gao Qing went out, he secretly came to Yang Zihuan's room, rummaging through the boxes and looking for things like Yang Zihuan's underwear, and then did something indescribable.

Often in and out of Yang Zihuan's room, there is a family portrait on Yang Zihuan's bedside table. The man in front of him, a little boy, and three of Yang Zihuan's.

Now Wang An finally understood why he was familiar with Yu Sheng. It turned out that after a long time, the chairman of the Sihai Group is Yang Zihuan's husband.

Thinking of this possibility, Wang An's previous pride disappeared in an instant, and he was always afraid of it. For the rest of his life, he would find that he was the liar who lied to Gao Qing.

I have been watching Wang An for the rest of his life, sensitively aware that Wang An's something is wrong. Although it is May and June, it is not too hot. Besides, there is an air conditioner in the private room. How could this guy suddenly pop up? Where's the sweat?

"President Wang, why did you sweat so much all of a sudden? Is it because of physical weakness?" Yu Sheng said with a smile.

Chapter: 964

At first, he was terrified. When Wang An heard Yu Sheng suddenly said that he was physically weak, he immediately became angry. The most unbearable thing for a man is that others say he can't do it. This is the basic dignity of a man.

Although Wang An was very annoyed in his heart, he still didn't do anything particularly excessive. Instead, he smiled and said to Yu Sheng: "I don't have kidney deficiency, you may not know it, but you can borrow this beautiful secretary from me, and stay with me for one night. The next day you can ask her about me. Will it work?"

I have to say that this Xiaomi for the rest of my life is indeed very beautiful, and now I am more shocked when I get closer.

Xiao Zixin is gentle and lovely, although she wears very formal professional attire, she still can't conceal the charm he exudes.

Dirty people always use a nasty way to measure people's hearts. In Wang An's psychology, such a beautiful little secret, I don't know how many times I have been played with Yu Sheng.

After all, when he has trouble, he likes to have fun with his secretary.

As for Ma Xiaoman and his queen, the kind of tall and fascinating woman, Wang An has been with her for half a year before he is qualified to lick her shoes.

As long as he could seize this opportunity and overwhelm the Four Seas Group, Wang An might be able to kiss the Queen's Fangze.

Xiao Zixin was molested by Wang An's words, and her heart was so angry. If conditions permit, she really wanted to kick the disgusting man's crotch.

Looking at Yu Sheng, Xiao Zixin thought about what Wang An said just now. She is Yu Sheng's secretary, and he will speak for herself for the sake of face.

Yu Sheng picked up the red wine on the table, took a sip and put the quilt on the table, and then said with a smile: "Mr. Wang is really good at joking. It's best if you don't have kidney deficiency.

We know that people don't talk secretly, does Shengyuan Group really intend to be at odds with my

Sihai Group by using such a small trick? ”

Seeing that Yu Sheng hadn't helped her out, Xiao Zixin felt a little disappointed.

Wang An lied to the Yang family's money in a guilty heart, but on the surface he pretended to be calm, and said with a smile: "Where is Yu Dong? Our Shengyuan Group has always done things well, and where is there any small trick? Obviously? They are all based on the previously signed cooperation. I don't understand why Yu Dong said this?"

Xiao Zixin's teeth tickled as he listened. How does the boss of the Shengyuan Group look like a big boss? It's just a rogue!

She was about to start arguing with Wang An, and Yu Sheng took Xiao Zixin's hand to stop her.

"Since Boss Wang has not done this before, then I will go back and investigate carefully whether there is something wrong with the internal staff." Yu said calmly.

Seeing Yu Sheng said this, Wang An was happily in his heart. What if he knew it? It's not a matter of my own.

"If this is the case, then Wang has other things to deal with in my company, so let's say goodbye first."

Wang An got up and left directly.

Xiao Zixin was so embarrassed in her heart that she had thought that Yu Sheng would let the Wang An go like this, it was too cheap for him.

"Yu Dong, he is so shameless, have you let him go like this?"

Yu Sheng didn't have the first time to answer Xiao Zixin's question, but took out his mobile phone from his pocket and sent a message to Du Fei.

After explaining something to Du Fei, Yu Shengzhi put the phone in his pocket, with a playful smile on his mouth.

"Go, I'll take you to a place."

Chapter: 965

Where to go? Where to?

Xiao Zixin was a little hesitant in her heart. She didn't know what Yu Sheng was up to. The company's affairs have not yet been resolved, so why are she still thinking about playing?

After hesitating for a while, Xiao Zixin followed Yu Sheng. They did not get in the car, but walked to a small alley not far from the Yirenju Hotel.

Xiao Zixin didn't know why, why did Yu Sheng bring her to this place? Is it possible to want something to happen to her, to pursue excitement?

When thinking of this, Xiao Zixin's face was stained with red glow, and her teeth bit her lower lip excitedly, thinking that for the rest of her life, she would have been stimulated too much recently and then regained her consciousness?

Thinking about this, Xiao Zixin took the initiative to hold Yu Sheng's hand and looked at him with a blushing face, with emotion in her eyes silently.

A weak and boneless hand suddenly took his own hand, and Yu Sheng didn't know what Xiao Zixin was doing for a moment.

However, the touch on his hand was soft and slippery, like a baby's skin. For the rest of his life, he did not break free, and Xiao Zixin was allowed to hold his hand.

Yu Sheng did not reject her, and this behavior deepened what Xiao Zixin had previously imagined in her heart.

Seeing that they were about to reach the deepest part of the small alley, Xiao Zixin was so excited that

her heart thumped and thumped quickly.

At this moment, Xiao Zixin saw a few men in black standing in the deepest part of the small alley, and under their feet was a man who looked like a dog in a suit.

Taking a closer look, Xiao Zixin discovered that the clothes worn by the man with his head covered by the black cloth were the same clothes as Wang An, the owner of the Shengyuan Company they had seen before.

At this time, Wang An was bet on his mouth, and was covered with a black cloth, sobbing in his mouth, a piece of wet crotch, and a puddle of yellow liquid on the ground.

Only then did Xiao Zixin understand that the weird thoughts that came up in her mind along the way were nothing more than her fantasies.

The rest of his life brought him here to give a good lesson to that shameless Wang An.

At this moment, Yu Sheng gave Xiao Zixin a wink, Xiao Zixin knew it immediately, he wanted to let himself out of his anger!

Although it was not an indescribable thing that happened to Yu Sheng, it was also a very good thing to be able to teach this shameless Wang An a lesson.

Xiao Zixin didn't have any ink marks, and walked to Wang An's side. She was wearing high heels and she was just a kick under Wang An's crotch.

When he stepped down, Wang An's mouth screamed like a pig even though it was stuffed with cloth, and his body was rolled into a shrimp-like pain, and he kept rolling on the ground.

Seeing Wang An's reaction so great, Xiao Zixin, who hadn't worked with others, was so scared that she took two steps back. She didn't dare to kick Wang An for fear that it might cost some lives.

Seeing Xiao Zixin's counseling, Yu Sheng smiled and said, "Don't be afraid, even if you are killed, there is nothing wrong with it. If you are afraid, then I will do it."

As Yu Sheng said that, he kicked Wang An again, and Wang An kept rolling on the ground with pain, his mouth was blocked, and he couldn't even speak for mercy.

After beating Wang An and getting rid of the evil spirit in his heart for the rest of his life, he returned to the company with Xiao Zixin.

Lying on the ground and being beaten half dead, Wang An recovered for a long time, pulling the hood on his head and the smelly socks stuck in his mouth.

Wang An looked around and saw no one. He was very angry. After bidding farewell to Yu Sheng, he left the restaurant and didn't even get in the car. So he was trapped by a group of people in black. This place. Then there was a violent beating, and the one who kicked him was almost painful to him at that time.

Who the hell is it? Actually beat him cruelly!

Wang An desperately wanted to know who it was. He did this thing. He wanted to take revenge, and violently repaired the group of people who beat him.

Recalling that when he was beaten, someone said something. The voice was too familiar. Now when I think about it, a flash of lightning suddenly flashed in Wang An's mind.

For the rest of my life!

It is Yu Sheng, the chairman of the Sihai Group!

It turned out that the group of people who arrested him was sent by Yu Sheng. He wanted to retaliate against himself, and Wang An was not angry when he thought of this.

Since Wang An has been the chairman of Shangshengyuan Group, when has he been so wronged? I have to get back with revenge for anything.

Chapter: 966

Wang An drove a car to the hospital, gave a simple dressing, and then went back to the company, summoned all the security guards of the Shengyuan Group, and went to the building of the Sihai Group together.

This account is absolutely impossible to settle like this, what did the rest of his life do to him? How would he fight back! He had to kick back where he had just kicked him, and he had to kick twice to relieve his anger.

The group of people came to the gate of the Sihai Group building in a mighty manner. At the order of Wang An, the security guard of the Shengyuan Group rushed into the Sihai Group with an electric baton in his hand, and there was a burst of chaos.

Standing there watching all this, Wang An was very relieved, and angrily ordered to the front desk: "Hurry up and call out the chairman of your company, otherwise, I will smash your company today!"

The beauty at the front desk was shocked by the sudden emergence of dozens of people. Where could she dare to say nothing? He picked up the phone tremblingly and called the chairman.

"Chairman, the boss of Shengyuan Group is looking for you." The lady at the front desk said while looking at Wang An.

Staying in the office and waiting for the rest of my life, after hearing this message, I knew that Wang An was here to seek revenge.

Xiao Zixin, who was on the side, also thought of this possibility, and looked at Yu Sheng with some worry and said: "That king always knew that it was our name and gave him a beating?"

Yu Sheng stood up from his office chair and said with a smile, "I didn't intend to hide my identity when I hit him!"

That's right, Xiao Zixin just remembered that when he was beating Wang An, Yu Sheng didn't deliberately hide her voice.

And now Yu Sheng looks confident, Xiao Zixin thought of all these things, will it be within Yu Sheng's expectations? Or is he planning something?

Yu Sheng didn't have the first time to go down and see what happened. Instead, he took out his mobile phone and made a call and explained what was happening here. Then he followed Xiao Zixin.

At this time, the first floor of the Four Seas Group Building had been brought by Wang An to the Shengyuan Group, and the security guards were in a mess.

At this time, the security guard of the Sihai Group had already reacted and surrounded the group of Shengyuan Group with a group of people.

"I spend money to support you, this can't be done well, it's really useless." Wang An kicked the security captain who was closer to him.

The security captain of the Shengyuan Company called a grievance in his heart. There were only more than 30 people in total, and there were nearly 100 security personnel in the Sihai Group.

There is such a big gap in the number of people, and all the bodyguards of the Four Seas Group are well-trained, they are completely crushed.

Wang An scolded the security captain for a while, and at this moment he saw a familiar figure out of his side.

Seeing this man Wang An gritted his teeth in anger, it was the rest of his life that he had found so many people, covered his head, beat him, and kicked him, he almost broke off his children and grandchildren! How can this be tolerated? Wang An took two steps forward and pointed at Yu Sheng with an incomparable atmosphere, and shouted, "Oh, for the rest of your life, you hit me in such a tricky way. My his mother made you look good!"

Yu Sheng shrugged indifferently, did not put Wang An's threat in his eyes at all, frowned and said: "Mr. Wang, you called the company's security guard and smashed our group into this way, and said something inexplicable. What means?"

He even dared not act, and pretended to appear in this innocent appearance. If he hadn't heard the voice, maybe Wang An had really believed his nonsense.

"Fuck, you're a silly thing, you're looking for someone to beat me, now you dare to do it, don't you dare to do it? Believe it or not, I'll find another group to turn your company upside down?"

Wang An was furious. When he was kicked there, the painful pain can still be imagined.

But now he was surrounded by people, and there was nothing else around him. Wang An couldn't be mad at Yu Sheng's hypocritical appearance, so he took off his shoes and smashed it towards Yu Sheng.

Chapter: 967

Wang An is quite accurate with smashing people's heads with things, so it was instinctive for him to smash people with shoes for the rest of his life.

Watching his leather shoes fly towards Yu Sheng's head, he had already imagined the scene of Yu Sheng being beaten and bloodied by these smashing heads in his heart.

But just when his leather shoe was about to hit Yu Sheng's head, Yu Sheng raised his hand and grabbed the shoe directly.

The Armani leather shoes that led Wang An, although they looked quite advanced, the smell of smelly feet was indeed a bit irritating.

Yu Sheng subconsciously covered his nose, and said disgustedly: "Mr. Wang, you are also the big boss of a company with a market value of 10 billion! The shoes are so stinky, how many days did you wash your feet?"

It is a pity that Yu Sheng used a louder voice. When the employees of the Sihai Group heard this, they all looked at Wang An and smirked while covering his mouth.

Even the bodyguards brought by Wang An from Shengyuan Company secretly watched Wang An smile, and the boss of a big company was ridiculed in the public without washing his feet.

Wang An was already holding his breath in his heart, and when Yu Sheng said that, he was even more furious. He just wanted to scold the Yu Sheng from time to time.

At this moment, Yu Sheng spoke first: "Mr. Wang, your shoes are really stinky. I can't stand it anymore. I'm going to be smoked to death. Give it back to you!"

As soon as he finished speaking, Yu Sheng led Wang An's Armani leather shoes and threw them in his face.

Looking at the leather shoes flying towards his face, Wang An didn't know where to hide for a moment. There were people all around him who wanted to dodge and couldn't escape, subconsciously squatting down.

boom!

The leather shoe hit Wang An's face accurately and hung on his face for half a second before it fell to the ground.

Wang An's nose bleeds from the hard sole, and a shoe print is printed on his face, which looks very funny.

Seeing Wang An's virtuous life for the rest of his life, I couldn't help laughing, and then said embarrassedly: "Well, Mr. Wang, I can't control my strength for a while, I'm sorry!"

Xiao Zixin smiled while watching. As the boss of a big company, Wang An came here with his own

security guard to make trouble. He must have been confused by Yu Sheng for being able to do such a thing.

Now Yu Sheng was smashed in the face with a shoe in public. If you are a narrow-minded person, you will definitely be mad!

Holding his bloody nose, Wang An was about to cry in anger, and he was not humiliated by being in front of so many people.

Since he was born, he has a brighter mind to make fun of others.

The time that lied to Gao Qing was a turning point in his life, which made him become the boss of a big company in one fell swoop and was admired by others.

But today, Wang An suffered much humiliation in front of Yu Sheng, naturally there are 1 million unwilling people in his heart, and they have to retaliate for whatever they say.

“Security guards of Shengyuan Company, I now order you to help me smash the Sihai Group at all costs, and everyone will be rewarded with one hundred thousand yuan at that time.” Wang An gritted his teeth.

Now he has been confused by Yu Sheng, and he doesn't have any sense at all. He just wants to teach the rest of his life a good lesson.

The group of security guards in the Shengyuan Group heard that there was a bonus of 100,000 yuan, regardless of whether there were more or less people, or whether others were good, they all wanted to rush out to teach the rest of their lives to receive 100,000 yuan for a meal.

Under Wang An's order, all the security guards of the Shengyuan Group were confident, and they were going to coax the Sihai Group to an upside-down posture.

Chapter: 968

When the security guards of the Four Seas Group heard that the people of the Shengyuan Group wanted to smash their buildings, how could they give up! What's more, the chairman is still here. Naturally, they can't be allowed to do things indiscriminately.

When the security captain was leading a group of security guards from the Four Seas Group to stop the members of the Shengyuan Group, the security captain saw Yu Sheng winking at him.

The security captain was a bit confused for a moment, and saw Yu Sheng shook his head. The security captain realized that Yu Sheng was not letting them do it.

hiss! The security captain took a breath and seemed to understand. What the chairman meant was to prevent them from blocking the group of people from Shengyuan Company from doing it!

Isn't the Sihai Group raising them just to maintain the company's law and order? Some people are making trouble now, but they still don't let them do it.

The security captain did not understand, what kind of medicine is sold in the gourd of the chairman?

There is no way that he works part-time. Since the boss refused to let him do it, the security captain greeted him, and the security under his hand evacuated.

When Wang An saw that all the security guards of the Sihai Group had gone, he felt even more thrilled. He thought that for the rest of his life he was innocent, and even the security guards under his hands would not listen to him.

So he ridiculed Yu Sheng and said: “Sorry, you are doing too much wicked things, right? You see that the security under your own hands doesn't listen to you anymore. It's really embarrassing.”

Yu Sheng pretended to be very angry, and shouted at the security guards of the Sihai Group: “Are you guys making things happen when you see others? How can you do nothing? Stop him quickly. !”

The security captain walked halfway, and when he heard Yu Sheng's words, he turned his head in confusion, thinking that he had misunderstood the meaning.

But when he saw Yu Sheng winking at him, the security captain realized that Yu Sheng was acting. Since the chairman is acting, he, the security captain, must also cooperate appropriately, so the security captain acted unconvinced for the rest of his life, saying, "Now that I know I think about us? Every month's salary will be delayed. For a long time, we have long looked down upon you."

Immediately, the security captain pretended to wave to a group of bodyguards of the Four Seas Group and said, "Brothers, let's leave him alone, he deserves it today!"

The security guards of the Four Seas Group didn't understand what had happened, and the chairman had never defaulted on their wages!

But just now, many people saw Yu Sheng blinking at them, and they could guess with their brains. The two people were acting, so the people who understood them pushed the people who didn't understand them.

After a while, the bodyguards of the Kung Fu Sihai Group withdrew one after another. Only the bodyguards of Shengyuan Group and his party brought by Wang An and the panicked employees of the Sihai Group were on the scene.

Seeing that all the security guards of the Sihai Group had gone, Wang An was even more proud of it, and said to the security guard of the Shengyuan Group: "What are the two of them stupefied? I quickly smashed the building of the Sihai Group. We are walking the way for the sky."

Wang An's heart was extremely proud, and he didn't think that he would be so bad for the rest of his life. When things are coming, he deserves his security to abandon him.

At this time, the rest of my life was heartbroken, and when he walked to Wang An's side, he pleaded: "President Wang! We have no grievances and no enmity, why do you want to bring someone to smash my company?"

At this time, Yu Sheng was what Wang An wanted to see most. He pushed Yu Sheng's arm away with disgust, and Wang An said condescendingly, "You deserve it. I will not only smash your company, but also smash you. Take a good lesson."

Said that Wang An raised his hand and punched Yu Sheng's nose. With this punch, he wanted to bleed Yu Sheng's nose.

Wang An, who always has to report to him, must be returned. As for where he kicked, he should wait for his security to finish his work and stop him for the rest of his life.

At that time, he must kick his feet fiercely. It would be better to kick the rest of his life. When he thinks that this guy has slept with a beautiful woman like Yang Zihuan, Wang An is jealous.

When he didn't realize it, the punch he had just swiped at Yu Sheng was evaded by Yu Sheng, which made Wang An feel very upset.

"Do you dare to hide when you step on a horse?" Wang An pointed to Yu Sheng's nose and said angrily.

Chapter: 969

"You are wrong, I not only dare to hide, but also hit you." A sharp look flashed in Yu Sheng's eyes, and then he hit Wang An's stomach with his fist.

There was a sharp pain in his stomach, Wang An bent over and held his stomach, his face was terrible in pain, he didn't expect Yu Sheng to start so cruelly.

"You...you dare to hit me? Believe it or not, I will kill you today?" Wang An exasperated in his heart.

He came to find Yu Sheng's cha, although he smashed his shit Sihai Group, but his nose was bled from

the smash, and now he received another punch.

On the other hand, Yu Sheng, there is nothing to do. This Wang An can't forbearance if he thinks about it. He can't beat this Yu Sheng if he doesn't believe it today.

At this time, the group of security guards standing at the entrance of the building had nothing to do.

Look at me, I look at you, and then everyone watched that the group of security guards from the security group was smashing in the building.

A new security guard was scared and sweating on his forehead when he saw this posture, and his heart was anxious, so he asked the senior next to him: "Brother Li, do we really care about everything? They are here. It's going to ruin the company!"

"You don't have to worry about this. The chairman has his own reason for doing things. Since the people of Shengyuan Group want to do it, just give it to them." Li Jing said indifferently.

At this time, Wang An had already been beaten with a swollen nose and swollen nose, and he no longer dared to make a move to Yu Sheng.

Wang An once heard Gao Qing say that Yang Zihuan's husband is a waste, and nothing is worthless! But the Yu Sheng in front of him is not only the chairman of the Four Seas Group, but also has such a good skill. He has been punched and kicked a lot of his body, and he hasn't even encountered Yu Sheng's Mao.

1v1 couldn't beat the rest of his life, Wang An was not a fool, and ordered the security guards of the Shengyuan Company that was still undermining the Sihai Group.

"Are you all fucking blind? Don't see me being beaten here, hurry up and help! If anyone can scrap this kid for the rest of his life, I will reward him with half a million."

Five hundred thousand!

This is not a small number. The security guards of Shengyuan Company are all gearing up, looking at Yu Sheng's eyes like a lamb waiting to be slaughtered.

Without hesitation, a group of well-trained security guards rushed in the direction of Yu Sheng.

Everyone had electric batons in their hands. It would take some pain if it hit someone.

As a grandmaster for the rest of his life, he was naturally indifferent to a group of ordinary people, but he didn't think that Wang An would have to abolish him due to a large number of people, which is a bit unforgivable.

Yu Sheng glanced at the time on his watch, thinking that some time has passed since he called, and the person he called should have arrived!

It was said that Cao Cao would be here. Yu Sheng was still thinking about it. At this moment, a group of people broke into the Sihai Group Building.

Each of them wore uniforms. After entering, a group of people quickly surrounded Wang An and the security guards of Shengyuan Company.

Even though the beautiful police officer headed by her was wearing a uniform, she still couldn't hide her slender and straight legs.

Xia Feixue's eyes were like torches, and the gun in her hand was pointed directly at Wang An's head. It looked like she would pull the trigger at any time if Wang An made any excessive actions.

Xia Feixue in uniform is different from the one who wore casual clothes at Yu Sheng's wedding that day. Her waist is straight and sharp, and at first glance, no one looks down on her because of her outstanding beauty. .

The current Xia Feixue was brave and heroic, and the bullying temperament revealed all over her body had overshadowed the group of police officers who had brought her around.

Seeing the muzzle of the black hole against his head, Wang An was frightened for a while, and his mind went blank with a “puff” and knelt on the ground.

Chapter: 970

Wang An’s heart was terrified. Even when he was kneeling on the ground, his legs were still trembling. The whole person was shaking like chaff, and the next moment he could not restrain it, he urinated. His pants were wet with urine, and there was a small piece of yellow liquid on the ground, and a nasty smell filled his surroundings.

Xia Feixue, who was closest to Wang An, took two steps back subconsciously, and her beautiful eyebrows frowned, and she despised Wang An even more in her heart.

He was just holding a gun at her. How could a big man be so afraid of being like this? Even was scared to pee.

Thinking of this, Xia Feixue looked towards Yu Sheng subconsciously, remembering what happened more than a year ago, but there were so many gangsters in the bank, and for the rest of his life he was not afraid of it and even dared to block bullets for others.

In this comparison, Xia Feixue is even more dissatisfied with Wang An, who is also a man. Why is there such a big gap?

At this time, Wang An didn’t care about his face. He was scared to pee when he was scared. Anyway, this is not the first time he was scared to pee. The most important thing is to survive.

“Beauty police officer, you...can you put the gun down first? If there is a fire, I won’t! I don’t have enough life. I will do whatever you ask me to do. Please put it down first. Gun!” Wang An pleaded, kneeling on the ground.

In this way, Wang An doesn’t have the appearance of a big company boss, and he puts his greed for life and death to the extreme.

Xia Feixue was angry when he saw Wang An’s useless look, took his gun, and got up at the patrol room. The police officer beckoned.

Soon the police officers in uniforms took the people inside into the car.

Seeing a few police cars go away, Xia Feixue then turned his gaze on Yu Sheng’s body, faded away from the harsh expression before, and put on a gentle face in the face of Yu Sheng.

“Yu Sheng obviously can solve these small fish and shrimps with your hands. Why do you still call me? Do you miss me? Want to use this opportunity to meet?” Xia Feixue tilted his head and used one. Said the deputy jokingly.

For the rest of my life, it occurred to the rest of my life that the heroic policewoman who was still full of aura just now used this tone to speak to him, and she was a little uncomfortable for a while.

Yu Sheng smiled slightly and said, “Isn’t this coming to the end of the month? I will give you a performance.”

For the rest of my life who used to watch funny videos, I often saw that when the New Year was approaching, those people did some unreasonable facts in order to achieve performance.

Of course Yu Sheng was only joking with Xia Feixue, he just wanted to teach Wang An some lessons to make him suffer.

“Who doesn’t want to worry about the beautiful police flower! How can the person who pursues you with Captain Xia’s appearance also have a three-digit number?” Yu Sheng said with a smile.

Although the words just now were polite, but with Xia Feixue’s appearance, it was not uncommon to have a suitor of nearly a hundred people.

Hearing what Yu Sheng said, Xia Feixue's cheeks were dyed with a hint of red glow, and it was indeed very pleasant to be praised by someone she liked.

However, Xia Feixue didn't forget that she was here for the rest of her life, but there were other business things to do, and she couldn't forget it for the sake of her children's love.

An hour ago, Xia Feixue wanted to call Yu Sheng to ask him for help, but Yu Sheng called her in advance.

"Yu Sheng, what do you plan to do with the person you just took away? Yes, I have one more thing to ask you for help. Do you have time? Can you come with me to patrol the house?" Xia Feixue said.

Yu Sheng nodded. He reported this police officer. In order to assist the police in investigating this matter, he couldn't save doing some transcripts, so it was necessary to go to the patrol room.

As for what Xia Feixue asked for, it would not be too late to understand.
