Chapter: 981

Yujia Villa

A red Ferrari parked at the door of the villa, and a handsome foreign man with a straight suit and an extraordinary handsome man got out of the car.

With a smile on his face, the man was holding a large bouquet of red roses, standing at the door of the villa and tidying up his tie, then he rang the doorbell.

At this time, Xu Qianqian was lying on the sofa with a mask, and when he heard the doorbell outside, he thought he was back for the rest of his life.

He took off the mask on his face happily, washed his face, tidied up the clothes, and then happily ran over to open the door.

The door of the villa opened, and when Weissen's familiar face appeared in front of Xu Qianqian's eyes, the smile on her face slowly solidified, and her voice became cold without a trace of emotion: "Why are you suddenly here? Huaxia is here? Why don't you tell me in advance?"

Wei Sen still had a smile on his face, looking at Xu Qianqian in sexy pajamas, he was still a little excited and intolerable.

"Qianqian, you are so beautiful today! If you can have such a beautiful wife, then I will be the happiest man in the world. Marry me! Qianqian."

Wiesen knelt on one knee and held the rose cabinet in his hand in front of Xu Qianqian, and said very sincerely.

This time he rushed to China for a long distance, hoping to make Xu Qianqian feel his sincerity and accept his love.

Xu Qianqian rubbed his head depressed, why is this person so lingering? It stuck to her like a dogskin plaster, and couldn't get rid of it no matter what.

Raising his hand and directly knocking the bouquet of roses in front of him, Xu Qianqian said angrily: "No matter how beautiful I am today, it has nothing to do with you. My child's father is coming back soon. Get out of here and save it. He misunderstood."

Xu Qianqian said in his heart: It's almost 11 o'clock now. Logically speaking, even if the Sihai Group is too busy, it should be back now. Maybe something happened on the road?

Looking sideways at the side of the road, Xu Qianqian sighed in frustration, and she was still a car for the rest of her life. If she could, she really wanted to return to the Sihai Group to continue working, at least so that she could stay in front of him every day.

After a long period of time, there will be some feelings, and then maybe you can marry yourself.

Wei Sen stood up from the ground, was rejected by Xu Qianqian, with a slight discouragement on his face, and hugged Xu Qianqian, and said affectionately: "Qianqian, don't you think about that man, okay? He left you mother and daughter in a foreign country indifferent. This kind of man is simply killing him. How can a good girl like you guard him? Come with me? Only I can give you happiness. "

Xu Qianqian struggled desperately, pushed Weisen away hard, and said angrily: "Go! You can't even match one of his hair. I can't be with you in this life."

Wiesen clenched his fist when he heard these words. He was a son of a dignified French nobleman. He was said to be inferior to the fingers of a Chinese man. How could he be reconciled.

It was the first time that he was so humble and put down his dignity in front of another woman. Weissen used to think Xu Qianqian had a personality, but now thinking about this woman, he doesn't know good

or bad.

Snapped!

When Wei Sen raised his hand, he slapped Xu Qianqian's face with a slap. There was no mercy under this slap, as if the humiliation he suffered here was returned.

Xu Qianqian's body is relatively petite, and she was directly beaten and sat on the ground by Wei Sen.

There was a fierce pain on his face, and his head roared. At this time, the brain had no way to think.

Who is like a humble dog in front of her on weekdays, dare to beat her today?

Before Xu Qianqian had time to speak, he heard Wei Sen disdainfully say: "No matter how beautiful you are, you are just a lowly Chinese. It is you who wiped out my love for you a little bit.

Now I don't want you to fall in love with me, I fucking just want to sleep with you now!"

Seeing Wei Sen who was leaping towards him, Xu Qianqian panicked incomparably, closed his eyes in fear, and slapped Wei Sen's face directly.

"If you dare to do anything to me, my boyfriend will definitely kill you when he comes back!" Xu Qianqian said loudly.

Hearing what Xu Qianqian said, Weissen laughed directly, bent down and grabbed Xu Qianqian's chin and said word by word: "The person you are talking about is the rest of his life, right? He might have been helped by the black hand now. People are divided."

Chapter: 982

Divide?

Xu Qianqian's head went blank for a while when she heard this sentence, and she looked at Weissen's appearance not as if she was lying, and her heart began to lift up.

She had heard of the Black Hand Gang organization when she was in France. Everyone in that organization looked like a lunatic, burning, killing, looting, and even the police had no way of doing it.

People in France, as long as they hear that they are gangsters, they will stay away for fear of getting into trouble and being wiped out by the whole family.

"Are you looking for someone to kill the rest of your life?" Xu Qianqian's eyes widened and asked incredulously.

In her impression, she is really good at fighting for the rest of her life, but how can she fight against the most famous French gang members?

Is the rest of my life really dead?

Xu Qianqian felt trembling when he thought of this. If he died, everything he did before he died, Yu Yue? want? Or throw it directly into the orphanage?

Thinking that all of this was done by Weissen, Xu Qianqian felt a burst of anger in her heart. The licking dog in front of her personally ruined her Xu family's future to be the first-class family of the Xu family in Beijing.

"Yes! I killed him. Now that the corpse for the rest of my life may have been divided and fed to the dog, you will obey me honestly. When my woman is my woman, you will be indispensable for prosperity and wealth." "A smile appeared at the corner of Weissen's mouth, watching the changes in Xu Qianqian's face playfully.

Sure enough, Xu Qianqian didn't have the first time to yell at Weissen after confirming that the rest of his life had been killed by Weissen's gangster.

Moreover, her eyes turned quickly, with all the pros and cons in her mind. Since the rest of her life is dead, she is a weak woman who can't treat Weissen, a 1.9-meter foreigner.

Although the Weissen in front of him has no money for the rest of his life, he is also a French nobleman, and it is not a bad thing to follow him.

At this time, Xu Qianqian had already compromised in her heart, and if Wei Sen used it now, she wouldn't resist too much.

Wiesen touched Xu Qianqian's white and smooth face, and with the other hand he wrapped Xu Qianqian's slender waist and pulled her up from the ground.

"Qianqian, shall we go in for a chat?" A smirk appeared at the corner of Weissen's mouth, and his hand wandered around Xu Qianqian's waist, moving down touchingly, and then grabbing hard.

Xu Qianqian's cheeks were blushing, and he let out a squeaky voice that was enough to make a man irritable: "Don't move around here!"

Hearing this, Wiesen immediately understood what Xu Qianqian meant. This is the gate, and if someone sees it, it will be bad.

In the villa for the rest of his life, the woman playing with him, Wiesen was a little enthusiastic about it, and even his breathing became a little heavier.

The woman who was thinking of her heart will finally get her hands today. She knew that as long as she solved the rest of her life, there would be so many things. I'm afraid Wiesen would have done this long ago.

With his arms around Xu Qianqian's thin waist, Weissen directly kicked Xu Qianqian up and walked into the room impatiently.

Xu Qianqian's expression was dim and unclear, but there was no trace of sadness on his face because of the message that he had died for the rest of his life. He just felt sorry for the Xu family for a while.

Fortunately, she was not a disadvantage. She gave the Xu family 10 billion a few days before her life, which happened to be able to make up for the money she had given him to give birth to a daughter and spent so much effort on him.

Being hugged by Wei Sen, Xu Qianqian didn't resist what was about to happen next.

Xu Qianqian's Yu Guang caught a glimpse of a car on the road with an expression of horror on his face, and then struggled non-stop, punching and kicking Wiesen.

"You beast, put me down, come here! Help!" Xu Qianqian roared as hard as he could, crying in her voice.

Chapter: 983

Weissen was blinded, and wonder why Xu Qianqian reacted so suddenly?

This bitch even seduce him just now, but now it looks like a different person, she looks like a chaste martyr, but she is the one who used her to be strong.

Wiesen didn't get angry and laughed, slapped Xu Qianqian's small buttocks fiercely, and joked: "You bitch, do you want to play something different?"

Xu Qianqian responded to Weissen's words, but resisted even harder. After a while of struggle, her voice became a little dumb, but she still didn't mean to stop.

"Help! Help! Save me for the rest of my life!"

Hearing the call for help, Wiesen heard a moment of upset, what kind of nerves did this bitch make? Is she over acting?

It is really bad luck to even call a dead person's name to do that kind of thing, and it makes him feel upset for a while.

But he spent a lot of money to let the black hand gang take action to solve the rest of his life, France's number one black gang, is it possible that the rest of his life can escape from the hands of that kind of

person?

There is no such possibility!

There was a bit of anger in Wiesen's voice, and he didn't have the previous good temper: "Bitch girl, yelling, Believe it or not, I'm playing you to death, it's really disgusting."

As soon as the voice fell, Wei Sen felt that a car light was shining on him behind him. When he subconsciously turned his head back and found that it was a taxi, the uneasy feeling in his heart gradually faded.

I just wanted to get into the villa quickly and put the woman Xu Qianqian on it.

The taxi didn't go far, but stopped at the door of the villa, the door opened, and a tall figure walked out of the car.

This person is not someone else, but he returned home in triumph for the rest of his life. His car was scrapped by the gangster, so he could only take a taxi home.

By the way, I asked Xu Qianqian how the people of the Gangster had anything to do with him, and I ran into this scene unexpectedly.

When she saw that it was really the rest of her life, Xu Qianqian's heart was overjoyed. She was just guessing before, and she didn't expect that she would really have guessed it.

Ever since, Xu Qianqian's cry for help became even louder: "The rest of your life, save me, this person wants to force me."

After hearing these words for the rest of my life, he rushed in their direction without a trace of hesitation.

At this time, Wei Sen also heard the sound coming from behind, and when he turned to look, he just saw Yu Sheng's murderous face.

Although I have never seen Yu Sheng himself, Weisen has photos of Yu Sheng in his hands. Otherwise, how could he let the gangsters help solve Yu Sheng.

"For the rest of your life, why are you dead?" Wei Sen's eyes rolled round, staring at the familiar but never-before-faced person in front of him in disbelief.

The expression on Weissen's face was wonderful, as if he had seen a ghost, and he still didn't want to believe it was true.

The gangsters have never missed a case, let alone deal with a Huaxia, isn't it easy? How can you come back alive for the rest of your life?

For the rest of his life, he didn't bother to talk to Weisen, and snatched Xu Qianqian from Weisen who was still surprised, and then lifted his leg and kicked Weisen's chest.

This seemingly flirty kick kicked a 1.9-meter foreign man straight away, and stopped until he hit something.

Chapter: 984

"Yu Sheng, you are finally back. If you come back later, I will be given to by that man..." Xu Qianqian stopped talking here, snuggling in Yu Sheng's arms and started crying aggrievedly.

"Yu Sheng, he told me that you were dead. I was really frightened. Fortunately, you have nothing to do, otherwise I don't need to live anymore."

Looking at Xu Qianqian who was crying so sad, Yu Sheng patted her on the shoulder and calmly said: "I have nothing to do, you can do nothing.

You go back to the room first, and after I solve this person, you will go back to accompany you. "

Xu Qianqian's crying stopped abruptly, resolved? For the rest of his life, this is how to solve Weisen, is it

possible to kill him?

She didn't care about Wei Sen's life or death, but she was afraid of what Wei Sen said nonsense to Yu Sheng, and it wouldn't be good if Yu Sheng had any bad opinion of her.

Wiping away the tears on her face, Xu Qianqian pretended to be strong and said: "For the rest of my life, I want to look at you here. This person asks someone to kill you, and it's not a pity to use strong to me!" Yu Sheng nodded and didn't speak, Xu Qianqian wanted to stay and see the person die with his own eyes, and he could understand his feelings.

At this moment, Wei Sen grabbed his chest and got up from the ground. He was struggling to stand up, and his eyes were full of fear when he saw Yu Sheng.

Yu Sheng's murderous gaze, the scared Wei Sen shook his head helplessly, and kept yelling no.

At this moment, the body moved and felt that the bones were about to fall apart. I could only watch Yu Sheng walking in this direction step by step, but there was nothing he could do.

"No, no, it's not the way that bitch said, sir, don't kill me, I am a French nobleman, as long as you go around me, I promise to give you a lot of money, okay?" Weisen also I didn't care about the clothes anymore, and knelt directly in front of Yu Sheng, begging for mercy in a humble manner.

At this time, the rest of his life had come to Wei Sen, and he had now learned that the foreign man who had chased him before had invited him.

Ignoring Weisen's begging for mercy, for the rest of his life, he came to the person and touched Weisen's head with his hands. With a hard hand, Weisen's neck showed a strange curve.

Xu Qianqian, who saw this scene not far away, screamed in fright, covered his eyes with both hands and squatted on the ground in fear.

No matter how deep her scheming is, she is still a woman. This is the first time she has seen Yu Sheng kill.

After a short while, Xu Qianqian walked out of the previous fear, and even had some luck. Fortunately, Yu Sheng didn't ask more, so she was explaining, "Yu... Yu Sheng, I'm afraid we will go to rest. OK."

"You go back to the house and rest first! I'll deal with the corpse here first." Yu Sheng waved his hand at Xu Qianqian.

Can't let a corpse stay at home overnight, right?

For the rest of his life, he called Du Fei, and Du Fei and some of his brothers came over shortly afterwards, and took Weissen's body away without saying a word.

Looking at the Ferrari at the door of the villa, he hesitated for the rest of his life and threw the key to Du Fei and said: "The Ferrari at the door has given you to you, let's play with it!"

"Isn't this just the car of the dead man? Lao Yu, you are not interesting enough, at least send the brother's car to the 4s shop! Give me a car of the dead man as a fart!"

Although Du Fei disliked it as a dead man's car, his body was very honest, holding the key and couldn't wait to open the car door, sit on the left and look at the right.

"You are not happy to give you something. If you don't like it, I'll let someone sell it. This car looks quite new. It seems that it's just been mentioned. The limited edition Ferrari is also worth tens of millions. Don't you I'll let someone buy it." Yu Sheng planned to go over and grab the key in Du Fei's hand.

Seeing this, Du Fei was shocked and waved his hand at Yu Sheng. He stepped on the accelerator and walked away, only giving Yu Sheng a car ass.

"Thanks, Lao Yu!"

As for Weissen's red Ferrari, it is too sloppy. Although it is very cool and handsome, it is not the type

that Yu Sheng likes.

My car was crashed and scrapped by a gangster, so I had time to buy another car.

Chapter: 985

French gangster stronghold.

“What, all the dozens of brothers we sent to China are dead?” A woman with a dirty braid and a nose ring on her nose slapped the table and got up from the chair.

Then he picked up the wine bottle from the table and smashed it on the head of the person who had always told her about it.

boom!

The bottle was torn apart, and the blood on the man’s head kept flowing out, but he didn’t even dare to scream. The boss was still angry, and he didn’t want to use it as an inflator.

In France, anyone who hears the three words “gangster” will be frightened, but the person they don’t know is that the boss of such a huge organization turned out to be a woman.

And in terms of appearance, he did not lose the first-line stars of France, but in terms of personality, he was too hot and murderous. There was no idea that a man would dare to beat such a woman.

“What are you doing in a daze? Which nobleman does Weisen belong to? Go! Take the brothers to destroy the nobleman!”

The woman stepped on the table in half, and greeted the brothers with the gangster and hurried towards the place where the nobleman in Weissen was.

This Weisen caused their black hand gang to lose dozens of brothers. As the boss, she certainly couldn’t let it go!

She would never do anything like letting their gangsters take risks if they couldn’t provoke them, so she directly brought the gangsters and planned to destroy the nobleman where Weisen was.

As for the person who can disregard his gangsters, he must have a good meeting when he smokes, what kind of stuff it looks like.

Yu family villa.

That night Yu Sheng asked Xu Qianqian some things about Wiesen, and Xu Qianqian said all about it.

Early the next morning, Yu Sheng was not woken up by the alarm clock, but was woken up by the ringing of the phone. When I turned on the phone, I found that it was a call from Xia Feixue.

“Yu Sheng, did what happened in the downtown mall last night have anything to do with you?” Xia Feixue asked as soon as the phone was connected.

In fact, when she was called to the patrol room to investigate this matter last night, she knew that Yu Sheng did it when she checked the surveillance.

It was just too late at the time and couldn’t bear to call Yu Sheng to wake him to rest, so I waited until the next morning to call Yu Sheng.

Yu Sheng was stunned when he heard the call, and did not answer Xia Feixue’s question, and wondered whether she asked herself this question because she wanted to kill someone and wanted to arrest him.

For the rest of his life, the matter of homicide was not taken seriously. The people he killed were all damn people. If this matter is to be solved, it will be some trouble.

After all, that incident made such a sensation yesterday, the Gangster didn’t know how many people were injured.

That’s why Yu Sheng only suspected that Xia Feixue came to Xingshi to inquire about the crime. After hesitating, he still truthfully told Xia Feixue what happened yesterday.

“Is there anything wrong with you? Are there any injuries? I was worried all night last night. I was afraid that you would be injured but I didn’t dare to call you for fear of interrupting your rest.” Xia Feixue’s caring voice came from over the phone.

Yu Sheng thought it was the one who came to the teacher to inquire about the crime. He had thought that Xia Feixue was here to care about himself, and that some of the upright policewomen would even put down the case and care about themselves, which made him a little shocked.

Yu Sheng told Xia Feixue that she had nothing to do. After Xia Feixue said something of concern, she hung up the phone without mentioning anything about yesterday’s case.

Just cut off Xia Feixue’s phone, Yu Sheng glanced at the time on the phone, and it was time to get up. He just put down the phone, and the phone’s ringing rang again. It was a call from Xia Jun.

“Yu Dong, Secretary Xiao was taken away in the parking lot last night!!”

Chapter: 986

Four Seas Group.

Yu Sheng sat in the monitoring room gloomy and waited for things on the computer screen. The time before was 9:30 last night.

When Xiao Zixin was about to drive home, two people emerged from a dark corner, wearing masks and couldn’t see the details.

After knocking Xiao Zixin stunned, she dragged it into the car, and then drove away after she got in the car.

After watching the video, Yu Sheng’s hostility spread, and he glared at Li Jian and asked: “Since the surveillance cameras have captured them, why didn’t the security guard on duty ever notice this thing!!”

Li Jian was frightened by the momentum that Yu Sheng exudes, and a layer of cold sweat broke out on his back. He rarely loses his temper for the rest of his life, but a tantrum is not something a small person like him waits to bear.

Don’t dare to neglect, Li Jian stabilized the trembling question and answer: “Back to the chairman, the security guards on duty yesterday were not in the monitoring room, they...they...”

It seems that there is something stuck in Li Jian’s throat here, and he can’t say the following words. After all, he will be furious when he says it out for the rest of his life, but it will be even worse if he lied in front of the chairman.

Seeing Li Jian hesitating, he had no patience for the rest of his life at this juncture. He picked up the bench and slammed Li Jian directly on his body, and said angrily: “What the hell was the security guard on duty yesterday?”

Li Jian was lying on the ground. The bones in the place where he had just been hit by the bench were broken. He endured severe pain. Li Jian weakly said, “They ran out for a barbecue...”

For the rest of his life after hearing this, there was no expression on his face, leaving Li Jian with a sharp look and then turned and left.

Li Jian lying on the ground like a dead dog, still frightened, he knew that if this matter was not resolved, his position would not be guaranteed, and he would have to endure the rest of his life’s anger.

“Call the security guard on duty yesterday!! Hurry up!” Li Jian yelled at the little assistant who was standing trembling to the side.

If it weren’t for the negligence of the security guard last night, maybe Secretary Xiao Xiao’s affairs would be discovered in time, and people would be rescued.

As the security guards of the Four Seas Group, those who, for example, have high salaries from the same

company and do things in their minds, even if Li Jian loses his temper for the rest of his life, it is impossible for Li Jian to let them go, not to mention the current situation.

...

For the rest of his life at this time, he had already arrived at the door of Shengyuan Company, ignoring the security guard at the door and broke into it.

The night has passed, and I don't know how Xiao Zixin is now. The rest of her life, who has always been calm, has already lost her mind.

There was a crisis in her company, and it was Xiao Zixin who put aside her previous grievances and returned to the Four Seas Group to help him deal with things before and after, without any complaints. She was arrested this time because Wang An wanted to retaliate against him. If something happens to Xiao Zixin, she will feel guilty for the rest of her life, and there is no way to forgive herself...

Xiao Zixin, you can't do anything!

"It's you! You dare to show up at the entrance of Shengyuan Company, hurry up!" The security captain of Shengyuan Company had been to the Sihai Company, and of course he had also seen Yu Sheng. He came and walked directly up there with a good hand. The electric baton touched Yu Sheng's head. The expression on his face remained unchanged for the rest of his life, he raised his hand to grab the electric baton, and hit the security captain's leg.

Yu Sheng's speed was very fast. All these movements happened directly in the electric light flint. The security captain still didn't react, and he got a bit of a kick on his leg, so that he directly knelt in front of Yu Sheng.

I didn't wait for him to speak. I had already pinched him for the rest of my life. I just wanted to break the security captain's neck casually. Yu Sheng was stunned for a moment and finally didn't do that.

He threw the captain of the security guard aside, Yu Sheng glanced at the crowd, every one of the security guards was horrified, and no one dared to come up and die.

This one in front of you is a killer!

The security captain almost died in his hands just now, if it weren't for his sudden mercy, now the corpse lying on the ground is already.

No one blocked him, Yu Sheng entered the Shengyuan company unimpeded, and walked towards the chairman's office.

"Do we really care about it?" the security guard of Shengyuan Company asked his colleagues around him.

"Go to death, love what you do! My life is the most important thing. I almost got scared to pee when the look of the chairman of the four seas group just came over."

"For dealing with it, my legs were weak just now. This is the first time I have seen such a horrible thing. It seems that this is the one who came to Xingshi to inquire, right?"

Chapter: 987

boom!

Kicked open the door of the chairman's office, looking at it, it was empty, and Wang An was absent.

Yu Sheng clenched his fists tightly, his emotions were on the verge of anger, and he was worried about Xiao Zixin's comfort in his heart, and there was no way to think normally.

So when he was at the door, he almost killed the security captain, and had to control himself at the last minute.

"Who are you? Why did you break into the chairman's office? Get out quickly, or I will let the security

blast you out.”

At this moment, a sharp female voice came from behind Yu Sheng, screaming at Yu Sheng.

Looking back at Yu Sheng, I saw a woman wearing sexy and heavy makeup, looking at Yu Sheng angrily. “Where did Wang An go? Tell me!!” Yu Sheng didn’t take a look at this woman, walked directly to the woman’s side, and asked coldly.

The woman just wanted to say: Why should I tell you, but when I saw Yu Sheng’s scarlet eyes and the murderous look that he exudes, she swallowed the words from her mouth in shock.

“I... I also... don’t know... The chairman didn’t come here today, I’m just a little secretary, don’t kill me...”

The woman’s scared tongue was knotted, and she cried and begged for mercy.

Seeing the woman become frightened like this, Yu Sheng can also see that this woman should be telling the truth.

Now, Xiao Zixin’s kidnapping seems to be Wang An’s work. For the rest of her life, she was only skeptical, but now it is almost certain.

She didn’t let the female secretary go. Yu Sheng pulled the frightened woman lying on the ground up and ordered: “Give me your phone!”

The little secretary didn’t dare to ask why, so he gave the phone to Yu Sheng directly, and then looked at Yu Sheng pleadingly, “I will do whatever you say, please spare my life...”

I didn’t care about the secretary. Yu Sheng took the phone and started to browse the address book.

After searching for a long time, I could not find Wang An’s name.

Finally he hesitated for a while, and hit the dead ghost’s remarks. The phone rang for a while, and the call was answered.

“Hey! Baby, why did you call me suddenly? Did you miss me?” Wang An’s greasy voice came from the phone.

Yu Sheng didn’t talk and put the phone on the little secretary’s mouth, giving the little secretary a look.

A woman who can be the secretary of the chairman of a company with a market value of tens of billions is not a fool. In order to survive, she has to cooperate with Yu Sheng and say: “Chairman, where are you now? Can you come back? There are some things in the company that you need to deal with. a bit.”

“Is it to deal with you? Or to deal with official business? Little ** I am empty today, you can do everything about the company, and I will hang up if there are other things.” Wang An on the phone said with impatience. .

Feeling the aura of the man around him getting colder, the little secretary didn’t dare to neglect and quickly said: “Chairman, please come back! I really have something to do with you. If it is impossible, you can tell me your address!”

“Wang Kong, solve it by yourself, I’ll hang up with other things.” Wang An’s tone was very impatient, and he seemed to hang up.

Seeing that this method didn’t work, Yu Sheng grabbed his hand and asked coldly, “Where are you? Did you kidnap Xiao Zixin? If you dare to move her finger, believe it or not, I will make you regret your life!”

Hearing Yu Sheng’s voice, Wang An on the other side of the phone jumped, and he smiled and said, “Yes! Dong Dong, are you angry? It seems that you care about this little secretary very much!

Gee tut! The two of you are really touching! Yesterday, I was tortured so severely, and the bitch’s mouth was so hard to die, and the secrets of the Four Seas Collection were not mentioned a word.

You care about her so much, you must want to ask her, right? ”

For the rest of my life, listening to the voice on the phone, my face was gloomy and water was about to drip out, the blue veins in the hand holding the phone burst out, the temperature in the office dropped

to a freezing point, and the little secretary slumped on the ground and trembled in fright. Sobbed quietly.

On the other side of the phone, Wang An didn't know the seriousness of the matter, so he told Yu Sheng not to speak, and continued to say: "Yu Dong, I think you must be begging you little lover very much now!

This is not impossible, and she doesn't say anything if she keeps it. There is no fart, or else? You transferred 700 million to our company, and the grievances between the two of us were wiped out. I let you, the little secretary, free.

Otherwise, I'll let my staff put this woman on, and then I will shoot her an artistic film to make her popular, even if you go back, you must have a face to be a little secretary. "

Chapter: 988

"If you dare to touch her vellus hair, I will make you better than death, and regret being a man!" Yu Shengqiang suppressed the anger in his heart and asked word by word.

Thinking of Xiao Zixin being tortured by that fellow Wang An for the rest of her life, she couldn't control her mood. She raised her hand with a punch and slammed it against the wall with a loud "bang", and the wall made of concrete bricks was instantaneous. There is a big hole.

The little secretary sitting slumped on the ground saw this scene and screamed. He covered his head and curled up in the corner for fear that the murderous anger in front of him would vent to him.

Who on earth can punch through the wall with one punch? Oh my god! Is that human being?

Wang An on the phone heard the anger in Yu Sheng's tone. Not only did he feel a little scared, but he smiled triumphantly.

"Yu Sheng Yu Sheng! Looking at you like this, I am very concerned about this little secretary! I regret the conditions I mentioned earlier. If you transfer one billion to my Shengyuan Group, I can let him go, otherwise, it will be beautiful. I don't need to talk about the fate of the little secretary, right?"

Yu Sheng clenched his fists and his bones creaked. If Wang An was in front of Yu Sheng now, a fist on his head would definitely be a splash of brains.

Taking a deep breath, Yu Sheng asked in a deep voice: "Money, I can give it to you, you tell me now, where are you?"

Hearing what Yu Sheng said, Wang An laughed backwards and turned back. After laughing for a while, he said: "Yu Sheng, although I can't see you, I can already imagine you being anxious, panicking and scared, this feeling. It's really memorable!

Tell you, where I am, do you treat me as a fool? Didn't you still fix me yesterday? Find it yourself today! If you can't find it, you little secretary, but it's dangerous! "

"Wang An, if you dare to hurt her, do you want that billion?" Yu Sheng gritted his teeth and said word by word.

If he can, he really wants to go back to yesterday and personally solve Wang An, instead of letting him go back so easily.

"Of course, if you don't transfer the money within ten minutes, your lovely Xiaomi will suffer.

It's too stubborn to think that he would rather die than telling the semi-confidential appearance of the Four Seas Group, and I don't know if you, the boss, will not save her with the unscrupulous mind. "

After Wang An finished speaking, he hung up the phone without waiting for Yu Sheng to ask something.

Yu Sheng watched the hung up phone calls several times in a row, all of which were turned off.

Yu Sheng's hand pressed hard, and the phone in his hand was directly deformed by Yu Sheng, and then

he threw it to the ground fiercely.

Yu Sheng narrowed his eyes to look at the portrait of Wang An in the office. The murderous look in his eyes made him dare to play tricks on him.

Wang An, you'd better hide somewhere and never come out, otherwise I will let you deeply understand the taste of life is better than death.

Without wasting time in the office, Yu Sheng turned around and left. As for the billion yuan that Wang An wanted, Yu Sheng decided to transfer it to him.

Maybe some people think that a little secretary is just not worthy of being so concerned at all. Anyway, there are more beautiful girls, and it's not Xiao Zixin.

But Yu Sheng didn't think so. Xiao Zixin was a good girl who could come back and help herself when her company was in crisis, and she could not reveal any secrets of the company under the coercion of Wang An.

Just what Xiao Zixin did is worth spending the rest of his life to save him.

After Yu Sheng transferred one billion to Wang An's account, he immediately picked up the phone and called Du Fei.

As soon as the phone was connected, Yu Sheng ordered Du Fei in a deep voice: "Du Fei, take the person under your hand and say that there are people, search the whole city, and find the clues of Wang An as soon as possible!!! Hurry up!"

Chapter: 989

"The underground forces are in turmoil?! What happened?" Ma Xiaoman couldn't help but straighten up when he heard what his assistant reported back. The lazy breath on his body disappeared and was replaced by seriousness.

Ma Xiaoman still knew about the underground forces of Qiancheng. Originally, she felt that Du Fei, the underground king, had something to do with Yu Sheng.

I heard that once the son of the rest of his life disappeared, the city of Qian was about to turn the sky, and all the major forces assembled their hands to search for people, and the underground forces sent all their members to directly seal the city.

What happened this time, Ma Xiaoman didn't care about it. Intuitively, he felt that the sleeping tiger was going to get angry, and somebody was going to be unlucky.

"It seems that the secretary next to Yu Sheng was kidnapped. I heard that it is called Xiao Zixin, and..."

The assistant here paused, wondering if the next words should be said.

Ma Xiaoman suddenly stopped speaking when he saw the assistant talking halfway, with an unhappy expression on his face, looked at the assistant with a sharp gaze, and said coldly: "Say!"

The assistant did not dare to conceal it, and said quickly: "It seems that Wang An did this thing.

Yesterday, he found someone to coax Sihai Company and finally attracted the people from the patrol house. Wang An was arrested and compensated Sihai Group Seven. A hundred million, this time things calmed down.

Presumably, Wang An kidnapped Xiao Zixin just for revenge..."

Hearing this, Ma Xiaoman's face turned ugly at an extremely fast speed, and his proud chest kept undulating.

How could that foolish Wang An do such a stupid thing is really disappointing.

I thought that a small character could deceive nine billion with his own mind. He would be a clever person who could be a dog who can bite by her side. Now it seems to be a stupid to be hopelessly

stupid. It's a pig.

Holding back the anger towards Wang An in his heart, Ma Xiaoman shouted to the assistant: "Call the fool Wang An and ask him to quickly release Xiao Zixin, and go and apologize to Wang An!!"

Why is the chairman so anxious to help his ideals, but at this time he didn't dare to ask, he took out his cell phone tremblingly, and called Wang An.

Once, no one answered...

Twice, there was still no one to pick up...

Three times, there was still no one to pick up...

"Wang An's cell phone is turned off, and I can't get through..." the assistant swallowed, and said nervously.

Hearing this, Ma Xiaoman laughed angrily by Wang An, and simply sat on the chair again, rubbed his temples with both hands, and waved at the assistant: "Get out, let me be alone..."

This Wang An was so stupid that it was simply hopeless, and he couldn't save himself if he wanted to die. Such a brainy chess piece was abandoned and abandoned.

It's just Shengyuan Company, it's a pity...

.....

For the rest of my life, I was so anxious that it was too difficult to find someone in such a big city, like finding a needle in a haystack.

I glanced at the time on the watch. Six hours have passed since I called Wang An, and there is still no clue.

I don't know if Wang An's beast did anything extraordinary to Xiao Zixin. If he did it, the consequences would be disastrous...

At this moment, Yu Sheng suddenly ran over in front of a normal-looking man who looked about 30 or 40 years old.

When the man approached Yu Sheng, he was stopped by Du Fei's hand. The man struggled for a while and shouted at Yu Sheng with his throat: "You are looking for Wang An, right? I know where Wang An is. I can take you there. !"

Chapter: 990

Hearing these words, Yu Sheng began to look squarely at the man in front of him. When he was helpless, such a person suddenly came, which would somewhat arouse suspicion.

The man saw Yu Sheng's doubts, so he took the initiative to speak: "The woman you were looking for was kidnapped by me."

Having said this, the man clearly saw that the anger in Yu Sheng's eyes grew stronger for fear of spreading to him. The man quickly explained: "No, no, don't get me wrong, Wang An asked me with money, but he doesn't cross the river to demolish the bridge.

When I learned that you were looking for Wang An, I came here without saying a word, hoping to provide you with a clue. "

Seeing the swollen nose and swollen nose on the face of the strange man in front of him, for the rest of his life, he could think that Wang An was treating him. Now this person is only trying to help him teach Wang An.

The enemy's enemy is a friend. At this time Yu Sheng didn't bother to worry about kidnapping Xiao Zixin with him. After all, everything came from Wang An.

"Take me! Hurry up!" Yu Sheng said sharply.

The man didn't dare to neglect, he got in the car and started to show the way. After about an hour's journey, the path became more and more remote. It was obvious that he had reached the outskirts of Qiancheng, a desolate place where no car could see it.

.....

"Little beauty, I'm afraid that Dong Dong you want to break your head will not think that you are in this place, so you will serve me obediently, and then I will let you serve me more than 20 subordinates when they are comfortable. Go, how about it?" Wang An squeezed Xiao Zixin's chin, and greedily looked at her charming body.

If it hadn't been for the delay of some things last night, Wang An would have given this woman the Fa-rectification on the spot.

That guy for the rest of his life also has today! Dare to play me, I will not only make you pay 300 million, but also put you beautiful Xiaomi to sleep.

At this time, Xiao Zixin had many bruises and scars on her body, all of which were wounds left by Wang Anyan's torture.

Xiao Zixin glared at him when he heard the nasty and shameless words that Wang An said. If his eyes could kill people, Wang An would definitely have died thousands of times.

"Yu Dong has already given you the money, what else do you want?" Xiao Zixin said angrily.

Wang An curled his mouth, patted Xiao Zixin's face with his hand, and said disdainfully: "I said let him pay, but I didn't say let you go! He looked for it for a few hours and couldn't find it. Can you blame me? Where we are now, he can't find it even if he turns Qiancheng upside down, just follow me! Your sexy body was so greedy yesterday that I looked at it."

Seeing the look of greed in Wang An's eyes, Xiao Zixin knew what this beast wanted to do to herself. She struggled desperately, but her hands and feet were all restrained, and she couldn't move at all.

"If you dare to move me, the rest of your life will never let you go." There is no way that Xiao Zixin can only threaten Wang An and hope that he will retreat when he is in trouble.

Upon hearing this, Wang An clapped his hands as slapped slapped Xiao Zixin's small face, cursing: "What is his Yusheng? You wouldn't expect him to come and save you? Honestly. Admit that I suffer less from flesh and blood."

Xiao Zixin was dizzy by Wang An's slap. When she woke up a little bit, she found that Wang An was already taking off her clothes at this time.

Wang An's hand grabbed Xiao Zixin's tall place, and kissed her neck. A strong feeling of nausea hit her. Xiao Zixin struggled with all her strength, but it was still useless.

Snapped!

A slap slapped Xiao Zixin's face fiercely. There were five red and swollen finger prints on his face instantly, and blood was spilled on the corners of his mouth.

It was another moment of dizziness, and a drop of desperate tears fell from the corner of Xiao Zixin's eyes. Even if there were 11 million unwillingnesses in her heart, she still had no way to stop Wang An. There is a voice in Xiao Zixin's heart, who is constantly shouting: Yu Sheng, where are you?
