

Dragon Husband

Chapter 1444

William smiled and said, "Where is this? Keep watching."

Wenrenqingqing thinks about it, the more it feels wrong.

This kid knew this situation would happen a long time ago?

by!

correct!

These things were originally the treasures of the sect, and if he put it out for auction, it would definitely attract the attention of the sect.

Just like now, the sect to which the supreme treasure originally belonged will definitely feel shameless, and will have to buy it if you sell iron.

And the one who has hatred with this sect is to do everything possible to raise the price and lose face.

If you do this, the auction will lose its sanity.

And who is the ultimate beneficiary?

Wenren looked at William with affection.

Who else!

This dog is better than chant!

The higher the price, the more money will end up in this kid's pocket?

Wenrenqingqing is a little bit annoyed and regretful at this time!

She shouldn't, she shouldn't.

Wrong decision!

Originally, William wanted to give them everything.

As a result, myself and my sister will be wrong and express the wrong feelings.

Then the two of them were pretending to be these dogs.

In the end it was decided that she and her sister would keep a few pieces for themselves.

Then he took these pieces out for auction in exchange for money to William.

It now appears that these few things will be at a terrible premium.

The value far exceeds what they have on hand.

Now the situation is that their things have been smashed in their hands.

This dog-like thing has been cashed out at a super premium.

Envy that I want to scratch the root of the wall.

At that time reserved a wool!

You should be shameless!

Wen Renqing on the side obviously thought of this too.

Her teeth were crunching and crunching.

The atmosphere at the scene really became enthusiastic.

Some people really want this Western Heavenly Wrath Lotus.

Some people specifically sway with that sect.

The sect clenched his teeth and followed the price. After a while, the price of this treasure had been raised to 1,000 Lingjing.

In normal times, the people of this sect really want to sell it, and the actual price is at most 700 Lingjing.

It's better now, breaking through 1000 and still rising.

"Hahaha, you continue to scream, you continue to scream, if you don't, I will scream up." The hostile people have been provoking, even if you don't want this thing, watching these two people feel more uncomfortable than eating shit. It's so cool.

In the end, the price of this thing was fixed at 1,300 Lingjing.

When the dust settled, the two of them were paralyzed and fell to the ground with cold sweat on their foreheads.

It's really a matter of smashing the pot and selling iron to buy face.

The people at Yuntian Auction House didn't know what was going on inside, and they were also very excited to see that this thing was so popular and the premium was more than doubled.

While the atmosphere on the scene continued to heat up, the beautiful host hurriedly launched the second treasure, "Everyone is optimistic, this treasure is called Yunlu Qiankun..."

She also briefly introduced this thing, which is also a treasure of the sect that lies between a magic weapon and a magic weapon.

As soon as this thing was taken out, a group of people's faces turned green.

The two people who had collapsed on the ground returned to their photos as if they had been beaten with blood.

They jumped up from the ground and smiled like they were mad with their mouths crooked, "Hahahahaha! The way of heaven has reincarnation, who is spared by the heavens! Hahahahaha!"

It turned out that this Yunlu Qiankun was the sect that madly raised the price and ridiculed these two people just now.

The people of this sect were very happy just now, watching the hostile forces cry in tears, not to mention more comfortable.

However, in the blink of an eye, the situation changed.

I really answered that sentence, thirty years in Hedong, thirty years in Hexi.

The smiles on the faces of those people were still hanging, but their hearts were instantly refreshed.

How could this thing appear here?

They encountered the same doubts as the two people just now.

The same thing is that time does not allow them to deeply analyze this kind of beeping dog's mental journey.

The starting price is 600 Lingjing, with an increase of 100 each time.

The two people seemed to be crazy, and shouted: "1000 spirit crystals!"

Directly increase the price by 100.

Even if they are selling blood to cut their kidneys, they will have to give out this bad breath.

"1300!" Their opponents were not to be outdone, and shouted directly.

After bidding twice, the price is no less than the Xitian Wrath Lotus just now.

Everyone at the scene was dumbfounded.

The beautiful host was even more dazed.

She has been engaged in auction hosting for many years and has never seen such a high-spirited person.

It's still a group of old men.

However, the higher the price, the more excited she is.

Because the more the rake is.

She shouted excitedly: "1300 Lingjing! There are no higher ones!"

Everyone at the scene was silent.

They knew that this thing was the Shura field of the two enemy sects of life and death in front of them.

Wenren's eyes on the attic were about to fall.

It's so extravagant.

It's so exciting!

This is just the beginning, and it broke through 1300. What will the result be?

William smiled slightly, and said to Wen Ren intently, "Calm down! It's just the beginning."

"It was so exciting at the beginning! My heart can't stand it!" Wen Ren said with a blushing face, as if the money had already entered her pocket.

As soon as he heard the emotion, his head began to turn frantically.

She has formed a conditioned reflex.

This dog is more meaningful than every thing he does, every word he says.

If you don't speculate, your heart will itch.

If you try to figure it out, it hurts your self-esteem.

It's so sad.

However, the deep meaning of this dog is...

correct!

Wen Renqing suddenly thought about it again, lowered his voice, and said excitedly: "You had expected it to be this way, right? It's one thing to get red eyes between the sects, and the higher the quality, the higher the quality of the treasure. The higher the price, but another factor is more important!"

"These people in the sect absolutely do not allow the price of their own sect's treasures to be lower than other sects, so the farther they go, the more they have to bite their teeth and raise the price. At any rate, they use money to make a wave of face and prove that their own sect's things are better than others. Good."

Wenren Qingqing finished in one breath.

William looked at Wenren Qingqing with admiration, "You are quite smart, unlike your sister, who has big breasts and no brains."

The faces of Wenrenqingqing and Wenrenqingxin were all black.

This dog comparison, one sentence hurt the two of them.

Wen Ren Qingxin is even beeping the dog.

I was sitting quietly and counting money, and I hit another arrow in the knee.

No, this inexplicable feeling of being humiliated can't be borne by yourself!

Wenren's mind is not useless.

At least the ability to stir up troubles is extraordinary and holy.

So she suddenly stood up and pulled up the curtains, and said to Qian Changhu next door, "Big Brother Changhu, I really like this cloud road universe, but unfortunately I am embarrassed. I don't know if Big Brother Changhu can do it for the younger sister. If you spend your money lightly, the younger sister must repay the elder brother well."
