

Dragon Husband

Chapter 1460

There was silence at the scene, and three big characters were written on everyone's faces: Neurosis!

This Wiliam is really a neurosis in their eyes!

Let me start with the first sentence.

Since ancient times, there is naturally no shortage of people with outstanding talents.

There are also many dual-path practitioners or even multi-path practitioners.

But in the end, how many of them went hand in hand and shocked the world?

Only a handful.

So normal people usually specialize in one, and being able to cultivate this one to the extreme is already very difficult.

Where are there other energy doubles?

And the lesson of history tells everyone present that the result of double opening or even more opening is that everyone is stunned.

The bear breaks the stick, breaking to the last nothing.

This Wiliam should do the same!

Relying on his inexplicable talent, everyone is still not convinced, he began to play majestic?

Do you really think you can live forever?

The second sentence is even more ridiculous.

How many seniors are there.

There are seven contenders before, and Wuming ends afterwards!

Which one is not the supreme favor to this kid?

This kid doesn't even know how to cherish and be grateful!

Treat the elders present as nothing!

With so many teachers not elected, I chose one with a heartfelt love!

Isn't this pressing the faces of all the elders and rubbing them on the ground!

Could it be said that those elders present together are not as good as just being in love with others?

Or in other words, this kid is simply ignorant!

Apprenticeship is a very prudent thing in itself.

Choosing a good teacher can even affect a person's life.

This kid is casual and doesn't care at all.

This attitude towards learning is extremely disappointing.

Everyone glared at Wiliam, wanting to see if he had to say anything violent.

Wenren Qingqing became the target of public criticism, and his face turned black for a while.

She started to scold her mother in her heart!

Is it better for a puppy to be a better person than you!

Knowing that this is a hot potato, you just need to pick it up yourself.

What's the matter if you throw the pot to me now!

I don't have enough to die, so I have to die with you!

She waved her hand to Wiliam frantically, hoping that Wiliam could see a hundred and one thousand unwillingnesses in her heart.

However, Wiliam ignored it.

Wiliam chose to listen to people's affection, so he naturally had his own considerations.

What Wen Renqing thought in his heart was only a small part of it.

Even the dilemma that everyone thinks does not exist for him.

His most important purpose is not to learn something.

Instead, he came to look for clues left by his grandfather.

For the fragrant flower divination, Wiliam only needs to understand one principle.

After all, he mainly practiced "Impermanence Medical Classics".

"Impermanent Medical Classics" is already a threatening existence in his heart.

Can count the past, even the future.

Fragrant flower divination can only ask right and wrong, for him is better than nothing.

As for draining blood, he had been expecting it before.

But now he has more of the ancestor of the Azure Qilin.

Is it worse than Lixue to have an ancestor to guide yourself?

And if he chooses Master, he is bound to be controlled by others everywhere, and his time is not free enough. This is what Wiliam didn't want to see.

So it's better to just choose to hear people's affection and let her take advantage in name, but in fact, her own freedom and dominance are still there.

Why not do it.

Thinking of this, Wiliam gave a look at Wenren's affection, as if to say, this wave of blood makes you money.

Wenren Qingqing beeped the dog in his heart!

Don't ask how she could understand Wiliam's messy eyes, she just understood.

Make you a wool yo-yo!

You cheat you!

"Sovereign, I have decided. Although I am not eligible for apprenticeship when I hear people's emotions, I think she is talented and talented. I can learn a lot by learning from her. Wait until I learn everything from her. When I get it, and even when I can't learn, I will worship the elders as teachers. After all, the foundation is still very important. I want to lay the foundation." Wiliam said lightly.

Everyone was stunned.

That kid is too self-aware and knows that his foundation is not good, so has he asked Wenren Qingqing to lay the foundation?

This is a reason that is in line with everyone's psychological expectations.

Because everyone can't see how good this kid is.

"As for Senior Wuming, thank you for showing your love to someone in Lu so much. If you need it, please call me at any time. I am also looking forward to asking you for advice." Wiliam said to Wenren Wuming again.

Wen Renwuming agreed in a vague way, as if losing interest, he shrank back into the corner.

Wen Ren Tiange glanced at Wiliam with a complicated look, and didn't know what to say.

This kid, say he is crazy, now he is so low-key and interesting.

It's hard to see through.

Forget it, today's stalemate is not a solution, it is better to fulfill Wiliam's choice.

No one should be guilty, which is also a good choice.

So Wen Ren Tiange said, "Well, Qingqing, since Wiliam chooses to follow you to lay the foundation, then you should teach him some basics, and you must teach him to become a talent, you know?"

Wen Renqing broke out in a cold sweat and shook his head frantically, "Father, I can't, I can't!"

My old lady is really bad!

This kid is a monster!

You don't see his demeanor when he was arguing.

Hanged a group of people, and then killed so many ancient beasts.

Ten old women can't beat him!

Now I want my mother to teach him, isn't this self-infuriating!

The concubine can't do it!

However, Wenren Tiange didn't know it, and only thought that his daughter was humble.

After all, my daughter is also very good.

"Princess, I will learn from you in the future, please don't hesitate to enlighten me." Wiliam said affectionately to Wenren.

Wen Ren Qingqing directly cast him a big eye.

It's okay now, everyone thinks they are taking a big advantage.

But in fact, this kid is taking advantage of my old lady!

The baby feels bitter.

"Is there anything else? If you don't have anything, let it go." Wenren Tiange couldn't wait to end this damn Shura field soon.

Ever since this kid came to Xianghua to drain his blood, every meeting has been disgusting.

I don't know if it is his problem or Xianghualixue Fengshui.

Just when he wanted to leave, Wiliam really spoke again.

"Sect Master, I heard that we have a library in Xianghualixue. I don't know if I can enter the library to facilitate study?" Wiliam asked.

Wenren Tiange was taken aback, waved his hand and said, "If you want to go, you don't need to ask me about such a small thing."

Anyone who is a disciple can enter the library.

But Wiliam smiled and said, "Well, thank you Sect Master, I will enter the bottom floor of the Library in a moment."

After speaking, he turned and left.

But Wenren Tiange was dumbfounded.

He was stunned for a few seconds before reacting, and he couldn't help but yelled out: "Qiaodou sack! Damn! You just told me that it is the next level! You come back for me!"
