

Dragon Husband 1564 Part 1

Chapter 1564

The people at the scene looked at each other.

This secret can be told to Wenren Qingqing by anyone.

In this way, everyone will at least maintain a kind of wait-and-see and questioning.

But this casual person does not include Wiliam.

The words that came out of Wiliam's mouth seemed to everyone to be nonsense.

Wen Renqing's face changed slightly, as if a little embarrassed.

She also didn't take Wenren Tianqing's words.

And Wenren Tianqing obviously knew that Wenren Qingqing was shy.

Aggressive, he took a few steps forward again, standing on the opposite side of Wenren Qingqing.

"It's ridiculous! It's so ridiculous! Just now everyone heard it. It was Wiliam who hid the evil heart and destroyed the treasure of our town. I didn't even use despicable means to abolish my martial arts. said."

"Wiliam obviously, it's our relationship between the fragrant flowers and the blood that we don't share the enemy of heaven! You actually believe the words of an enemy now!"

"To say that we are trying to usurp the throne is clearly the thief instigating the discord and trying to break the trust between us!"

"Isn't that obvious enough! But if I am so impressed, I want to ask you!"

"At this juncture, everyone should be the same enemy! But you openly believe in our enemy! What is your position!"

"I want to ask you! Are you on Wiliam's side? Are you trying to usurp the throne and betray our sect!"

A big hat was buttoned down, and his face turned pale.

Everyone looked at Wenren Qingqing, and felt that the picture was a bit weird.

Obviously a minute ago, everyone was still saying something betraying the sect to the brother Wen Ren Tianyi.

A minute later, the hat was thrown on Wenrenqing's body.

Sure enough, it was an old fox.

"I don't have one! You are!" Wen Renqing's face flushed, seeming to be defending.

"Ho ho! I betrayed the sect!" Wen Ren Tianqing looked bold and loyal, arching his hands into fists, as if swearing to the ancestors and sects!

"I heard that Tianqing asked himself to be loyal and devoted to the sect! It has always been based on the highest interests of the sect! Over the years, I have all felt honored as a member of the Xianghualixue sect! This is my gift. Loyalty, the sun and the moon can be learned! The world proves!"

This grand-sounding look makes people who don't know the insider feel that this old man is upright and loyal!

But Wen Renxin took a few mouthfuls in his heart!

Shameless old man!

I'll let you go.

Just rely on the fact that no one can come up with real evidence and fool around here.

After a while, the higher the person you set up, the more miserable it will collapse!

Wenren Tianqing didn't intend to let Wenrenqing's affection at all, "And I ask you, you said so rebellious to such a loyal official! And so trusting the culprit, what are you doing! Why do you want to slander me and my brother! Did Wiliam instruct you to do this!"

The people at the scene looked at each other, and it was obvious that everyone saw that Wenren Tianqing's scene was a bit overdone.

But everyone dare not pierce it.

Sovereign still didn't show a position.

Wen Ren Tianyi also saw this.

The suzerain is the key person.

He looked at the Sect Master, "Sect Master, what do you think of this matter?"

Everyone saw that this was Wenren Tianyi's attack on the suzerain.

On one side is the suzerain brother, an elder for decades, and on the other is the suzerain's daughter.

Sovereign is caught in a dilemma.

However, if there is no real evidence, even if everyone knows it well, it will not escape the guilt of slandering the elder.

Seeing that Ren Tianyi had such courage, he directly tore the last face to the end with these two men.

Wenren Tiange sighed slightly.

With this breath, Sister Wenren's eyebrows were also slightly dimmed.

Their father, everything is good, but this heart is too soft.

In the remarks that Wenren Tianyi said to Wiliam before, he was actually wrong.

Wenren Tiange, as the lord of a sect, is so soft-hearted that it will indeed be criticized.

The so-called mercy is not in control.

"Qingqing, do you know you are guilty?" Wenren Tiange asked.

A few words let everyone know the final choice of the sovereign.

He also wanted to barely maintain his cold brotherhood.

There was a triumphant smile on the faces of Brother Wenren.

Everything is under their control.

At this moment, I can bring down the hard stubborn Wenrenqingqing.

The only pity is that this incident is not mixed with people's hearts.

Otherwise, it would be great to pull her into the water.

But with this ending, Wen Ren Tianyi was already very satisfied.

Wen Ren Tianyi was thinking, and suddenly heard a low sigh in his ear.

"Oh, father, you still look like this." Wen Renqing's expression is very complicated.

A large part of the reason why she acted in such a big scene was to know her father's current position.

If you can put aside the real evidence, the father can still break the arm of the strong man, indicating that the fragrance of the flower is still saved.

Unfortunately, this is just a delusion after all.

"Qingqing, don't talk about it anymore, you accept the crime." Wenren Tiange seemed to dare not face his daughter, don't turn around, and said slowly.

Wenren Tianqing's expression became even more triumphant.

He stood on the opposite side of Wenren Qingqing.

He leaned forward, pretending to pat the shoulders of people's affection, as an elder to admonish the younger generation.

However, he was attached to Wen Renqingqing's ear, and said in a low voice and proudly: "Did you see the situation clearly?"

"You father, you don't want to or dare to be an enemy of us at all."

"Very disappointed, isn't it? This is reality."

"Your father doesn't dare to fight with us, but you are still a little too tender. Think about it and repent in the palace in the future."

"Don't be afraid to tell you, the words you hear are all true hahahaha."

"It's a pity, it happened to come from Wiliam's mouth, who can believe it?"

"Learn to be smarter in the future."

Wen Ren Tianqing got more and more proud as he spoke, because of the angle, he didn't even see the corner of Wen Ren Qingqing's mouth, slowly drawing a cruel smile.

Wenren Tianqing was about to leave Wenrenqingqing, but she suddenly grabbed the collar fiercely.

The two looked at each other.

Wen Ren Tianqing's expression changed, "You, dare you!"

Wen Renqing's face showed unprecedented determination and decisiveness.

With a smile like that, she grabbed Wen Ren Tianqing's collar and said with a smile: "Really? Who should learn to be smarter?"

"Is the evidence? Okay, I have evidence."

Wenrenqingqing throws away Wenren Tianqing, like throwing away a pile of rubbish.

Then he looked around and said loudly: "Almost everyone in the sect knows what I just said. If you don't believe it, just call the elders of the sect."

"They are all witnesses!"

"We are a testimony of the humiliation of our fragrant flowers!"
