

Dragon Husband 1614 part 1

Chapter 1614 Thousands of Dust Soldiers Xie Huangtu!

The atmosphere at the scene is very weird!

Everyone just watched Xu Tongyin's breakthrough!

In the eyes of everyone, he is like a brave warrior, step by step, grow into an invincible God of War!

The horrible momentum is still soaring!

This is a wonderland!

How many people can be present?

Apart from those old monsters of Jiuzong, who else can there be?

But how can these old monsters casually shoot?

Being able to witness the birth and shooting of the brave who seeks the wonderland with their own eyes, everyone can't help but feel a sense of death without regret.

Xu Benliu was already standing on the seat. He watched Xu Tongyin lingering in a cloud of vigor, tears already filled his eyes!

This is his son!

This is the son he has always admired.

My own son is not disappointing!

After resurrecting from the dead, step by step towards glory!

Even now, in front of Jiuzong!

In the presence of so many warriors, break through the wonderland!

What a glory this is!

This is the glory that belongs to the entire nine days of Can Jian!

This scene is enough to be included in the annals of the nine days of Can Jian!

Xu Benliu also deeply thanked Wiliam.

Wiliamzhen is his son's blessed general!

After saving Xu Tongyin, he forged the magic weapon later, which gave Xu Tongyin a new insight and loosened his realm.

But today, the two of them are fierce and unparalleled, and it just fits Xu Tongyin's temperament and personality, which allows Xu Tongyin to break through this critical point in one fell swoop!

How many years have it been!

There has been such a young wonderland powerhouse in Canjian Jiutian!

"Old Xu, your family is really a virtue from your ancestors! Xu Tongyin is destined to be famous in all directions!" By the side of Xu Benliu, other suzerains complimented.

Xu Benliu was about to thank him when he suddenly heard a joking voice, "The ancestors accumulated virtue? What kind of virtue did they accumulate? Obviously, I want to thank that kid, right?"

Xu Benliu followed the sound to see that it was Su Hongxiu, the lady of food color.

"Oh? What do you say?" someone asked curiously.

"Can you all see it? It's always Wiliam's success and Xu Tongyin." Su Hongxiu said with a smile.

With this, even Xu Benliu's eyes widened.

"Wiliam's previous fighting style has always been elegant and agile. But when he met Xu Tongyin, he chose this kind of indomitable head-to-head. Why is that? It should be Wiliam who knew that Xu Tongyin was just short of his goal, so I deliberately borrowed this battle, changed my fighting style, and chose to fit Xu Tongyin. That's how Xu Tongyin became. You said, if you don't thank Wiliam, who do you thank?"

As soon as these words came out, these bigwigs were all in an uproar!

Wiliam boy, so terrible!

At present, the most normal choice for the enemy is to obtain the greatest advantage in the way that he is best at.

But in order to fulfill Xu Tongyin, he even gave up these things.

What's more terrifying is that he fights in a way he is not good at, still fighting with Xu Tongyin!

This is pretty good!

As Su Hongxiu spoke through Wiliam's painstaking efforts, the eye sockets of the eight-foot man Xu ran red again.

Wiliam!

His mouth moved, and he couldn't say anything.

Dragon Husband 1614 part 2

Just bowed deeply in the direction of the landing leaf.

Wiliam was already very difficult to win this battle.

But the sacrifice and fulfillment he made to Can Jian Jiu Tian is unforgettable for the whole Can Jian Jiu Tian!

Others are also staring at Wiliam, with complex hearts.

How much can this kid do?

He is like an abyss, the more he stares, the more he will fall into it.

Su Hongxiu's eyes gleamed brightly in the depths.

This kid brought her too many unexpected surprises.

But what is even more admirable is that he is so incomparable at a young age.

If it wasn't for Su Hongxiu to tell Wiliam's good intentions in public, how many people can understand the mystery of this with these great masters?

This Wiliam, really did good deeds without leaving a name.

And this kind of good deed was a good deed in the annals of history for the entire Can Jian Jiu Tian.

Boy, thank me very much.

I have added an incomparable weight to you in front of Can Jian Jiu Tian.

But how could Su Hongxiu know that Wiliam had already shown kindness to Can Jian Jiu Tian earlier.

The people of Can Jian Jiu Tian have long been grateful to him.

Not far away, Song Hanyu looked at Xu Tongyin, who was like a god of war, and said in his heart that he was not envied.

It was originally a double pride.

Now, Xu Tongyin took this step earlier than her.

Opportunity, a perfect opportunity.

Where is your own opportunity?

Song Hanyu couldn't help but cast his eyes on a clear and handsome man, and he already had the answer in his heart.

Above the ring.

The gushing aura of Xu Tongyin's body is slowly gathering into his body.

He slowly opened his eyes.

These eyes were like a wolf out of a hole, full of wild arrogance.

With a sword in his hand, he pointed at Wiliam horizontally, laughing, "Wiliam! Wiliam!"

In my mouth, there is only this one name.

He couldn't say any more words.

Tears fell down his cheeks.

The man shed tears, how long did Xu Tongyin wait for this day!

He knew exactly who made him perfect and who made him.

So, what can I do to repay the man in front of me!

Take advantage of the new Wushuang strength!

Take the boldness to move forward!

Respect a man worthy of praise for a lifetime!

"You're welcome, no one can make it happen, maybe it's each other." Wiliam muttered to himself as he watched Xu Tongyin's breakthrough, as if he knew what was in his heart.

Seeking Wonderland, is it like this?

Suddenly I became a little interested.

"Come on, Wiliam!" Xu Tongyin shouted again.

The shout was like a thunder explosion in nine days, and everyone's ears hummed!

As soon as he entered Nirvana, Xu Tongyin still couldn't control his body's strength well.

But he knew that there was no need to control Shang Wiliam!

"Welcome me the first way to step into a new realm!" Xu Tongyin said, suddenly the sword pointed at the sky!

With this finger, some people present suddenly turned pale!

Especially those who use weapons, their eyes widened!

They found that the weapons on their bodies seemed to be wise!

Just about to move!

These weapons are trembling and contending!

As if I can't wait, I'm going to worship their new king!

And the new king's accession to the throne requires this grand coronation ceremony!

Sword Emperor Figure!

finally!

Some weapons can't be controlled!

"Swish swish!" For a moment, almost all the weapons present were out of control, and they all flew towards Xu Tongyin!

And facing this weapon like a flying rain, Xu Tongyin's eyes are as sharp as swords!

His huge sword pointed at Wiliam!

As if the king was giving orders, all the soldiers and soldiers directed at Wiliam!

The sky is full of weapons, shooting at Wiliam frantically!

And Xu Tongyin spit out seven words!

“Thousands of soldiers thank the emperor!”
