

Dragon Husband 1618 part 1

Chapter 1618

The situation on the court instantly became stronger for Wiliam.

Wiliam's move completely caught Xu Tongyin by surprise.

And Xu Tongyin felt a sense of restraint.

He now has a shadow over Wiliam unknowingly.

When he punches, he always thinks about whether Wiliam will see through.

Under this situation, Xu Tongyin was even more disadvantaged.

People at the scene became more and more affirmed of Wiliam's performance.

According to this fight, Wiliam may directly kill the strongest double arrogant in history and enter the finals.

However, this kind of thought of everyone will not last long.

Because with the passage of time, Xu Tongyin gradually figured out how to crack Wiliam's preemptive method.

With no move, there is a move to win!

Xu Tongyin completely emptied his brain!

It seemed that he had given everything to himself to the blood of the Sword Emperor Jiao Hot.

Without a move, Wiliam was naturally nowhere to be found.

Moreover, there is another aspect that is very beneficial to Xu Tongyin.

That is the inheritance of his blood, which has been strengthening!

It was still half-inherited just now, but as time passed, his blood inheritance became more and more perfect.

Strength is also constantly rising.

Under the circumstances, the situation reversed again.

In the end, Xu Tongyin almost relied on his own brutal power to deal with Wiliam's preemptive opportunities.

This is the so-called breaking tricks with force!

And Wiliam's mocking wind couldn't be left open for too long, too long time, it was also a huge test to his energy.

The hearts of the people at the scene mentioned their throats.

This battle has seen twists and turns.

It was as if the two were breaking their wrists. Wiliam pressed Xu Tongyin for a while, and Xu Tongyin pressed Wiliam again for a while.

This is too exciting!

As Xu Tongyin's strength gradually climbed to its peak, Wiliam's mockery could no longer suppress Xu Tongyin at all.

What everyone wants to see now is what kind of bottom-pressing skills Wiliam will use.

After all, he is still very much looking forward to.

Sure enough, after Wiliam was repelled severely several times, blood overflowed from the corner of his mouth.

Xu Tongyin stopped and looked at Wiliam, "What else, take it out."

"As you wish!" Wiliam smiled, his eyes sharpened instantly.

He is also gradually entering his own state.

Long live the demon lotus once again turned into thousands of silver needles, and shot it in the direction of Xu Tongyin.

This was also the first time Wiliam took the initiative.

Seeing that Wiliam had chosen to take the initiative when he was against the trend, everyone began to feel excited again.

I'm coming!

Wiliam is really here!

It seems that this guy is still in stock!

Otherwise, he would not choose to attack against the trend when Xu Tongyin was the strongest!

What is it this time!

Thousands of silver needles hovered and shot straight in front of Xu Tongyin!

Xu Tongyin's eyes were like frost, and he shouted a little trick!

His body is now completely sworded!

This kind of powerful body, no matter how strong the Yinzhen, as long as you do a good job of defense, you are not afraid at all!

Are you blatantly attacking?

William, you are going to miscalculate!

However, just thinking of this, his pupils suddenly shrank!

Dragon Husband 1618 part 2

Did you read it wrong!

Have you hallucinated!

Xu Tongyin originally watched the silver needles flashing red across the sky hitting him.

He kept this feeling of red light in his heart.

And basically know the trick of the silver needle attack.

But in the blink of an eye, he felt the silver needle in the air disappeared by a third.

Although the sky was still red, but Xu Tongyin's heart suddenly gave birth to an unknown premonition!

Something's wrong!

And as soon as he thought about it, the scene suddenly rang out in exclamation!

Xu Tongyin only felt the thorns on his back, he turned around suddenly!

I don't know when, a dense cluster of silver needles appeared behind him!

By the time he reacted, it was too late!

The silver needle suddenly inserted into the most fragile joints of his body. Xu Tongyin's body was extremely strong. Under this sudden attack, he also wailed in pain!

The people at the scene were stunned!

Everyone is rubbing their eyes!

How did this wave of attacks come out just now!

It was obvious that all the silver needles were in front of Xu Tongyin, why suddenly so many appeared behind Xu Tongyin?

At this time, Silver Needle made a comeback!

William's offensive never stopped!

Everyone dared not blink this time, including Xu Tongyin!

All of Xu Tongyin's spirit is concentrated on William's thousands of silver needles!

Every trace of his mental power firmly grasped every silver needle.

At this time, his mental power suddenly fluctuated!

"Impossible!" Xu Tongyin shouted directly!

Because it's too unbelievable!

In Xu Tongyin's mental power, a lot of threads suddenly disappeared.

It represents the silver needle that was locked before, is gone!

It's exactly the same as before!

The silver needle that reappeared was still behind him in all directions!

In this wave, Xu Tongyin was so shocked that he was hit harder than before!

"Roar!" Xu Tongyin was completely angry at first, and roared directly at the sky.

Countless weapon blades struck again, directly attached to Xu Tongyin's body, forming a blade armor for him alive!

And Xu Tongyin also rushed towards William angrily!

William hooked the corner of his mouth.

Is this enough?

Why did the silver needle disappear and reappear?

It was just the second mysterious attribute of Long Live Demon Lotus.

The current Long Live Demon Lotus has the power of space, and William can currently use this space power for a short time to manipulate the Long Live Demon Lotus to break through the constraints of space and appear where he wants to appear.

However, this was just William's tricks.

Xu Tongyin was just caught off guard.

Sure enough, Xu Tongyin's life-for-life style of play was effective.

No matter how mysterious the trajectory of the silver needle was, Xu Tongyin relied on the weapon that was able to stop him when he was called to stop William's offensive abruptly and launched a counterattack.

The situation on the scene suddenly became more stalemate.

But everyone knows that it's heating up now.

The outcome is estimated to be divided soon.

Sure enough, another five minutes passed.

William and Xu Tongyin were already panting.

Rao is William's metamorphosis, and he can't keep up.

And Xu Tongyin is not much better.

Victory is coming soon!

"Come on!" Xu Tongyin roared and rushed towards William again.

And this time, he was only halfway through.

On the way, his eyes shrank, as if something incredible had happened to him.

His body suddenly stopped!

And Wiliam, looking at Xu Tongyin on the opposite side, said, "Let's do it, the winner is already divided."

The voice just fell.

Xu Tongyin sighed, as if she could no longer bear it, her whole body fell heavily to the ground.

Victory!

Already divided!
