

Dragon Husband 1655 part 1

Chapter 1655 Pain

Huang Lingqing frowned and stared deeply at Fan Bingxue, as if thinking about whether what she said was a lie or the truth.

Fan Bingxue sighed again and said, "This aristocratic family is Liu Lang's family, and his family is naturally the top priority. We are just poor victims."

Huang Lingqing did not speak, and continued to stare at Fan Bingxue.

He felt that what Fan Bingxue said had some truth.

And it's kind of in line with his original idea.

To say that Liu Lang and Wiliam's family members are all masters, Huang Lingqing would never believe it.

So it is most likely that these people are masters invited by the family to sit in town.

Huang Lingqing stared at Fan Bingxue and asked, "Then what is your relationship with them?"

The faces of the people at the scene changed slightly.

Fan Bingxue hesitated and said with a bit of helplessness, "You said you couldn't kill me."

Huang Lingqing nodded, "I mean what I say, but if you let me know that you lied to me, ho ho ho..."

"I'm Liu Lang's wife..." Fan Bingxue said weakly with a frightened expression.

When the people of the Medicine Knife Family heard this, their pupils shrank!

They finally knew what Fan Bingxue was going to do!

This stupid woman!

It turned out to be taking the initiative to self-destruct, and then let Huang Lingqing vent all his grievances on her!

Fan Bingxue first made clear the relationship between others and William and Liu Lang, and then brought out his own identity.

In this way, Huang Lingqing's heart is even more angry, and naturally he regards Fan Bingxue as his most hated enemy!

Even Bai Fengxue frowned.

Never thought that Fan Bingxue would be so brave!

only.....

Bai Fengxue felt a little uneasy in her heart.

She looked at Huang Lingqing and thought to herself that the problem should be with this man.

Those who can be appointed as guardians of the humanitarian order are not only powerful.

At least your head should be a little more awake, right?

There are actually many loopholes in Fan Bingxue's remarks.

Sure enough, Huang Lingqing sneered in the next second, "So why are you waiting for me here?"

Fan Bingxue's face was calm, she looked at Huang Lingqing and asked, "What do you mean? Do you want to go back on it?"

Huang Lingqing shook his head and said, "Maybe 80% of what you said is true, but ah, you overlooked a point."

Fan Bingxue frowned slightly, not knowing where Huang Lingqing saw through.

Huang Lingqing pointed to Bai Fengxue who couldn't move on the ground and said, "I may not recognize other people, so I believe your words. But this woman, I do."

The uneasy premonition in Bai Fengxue's heart was even stronger.

really!

Huang Lingqing said with a smile: "I have seen this woman, she should be William's woman. She was standing beside William when she was in the bitter cold land."

The expressions of the members of the Medicine Knife Family changed drastically.

They even forgot about this!

At the beginning, William and his grandfather had a decisive battle in the bitter cold land, and finally attracted Huang Lingqing to come forward, and even attracted the three disasters to gather!

At that time, when everyone else was standing behind, Huang Lingqing didn't notice it.

But only Bai Fengxue stood by William's side and stayed with him all the time.

Coupled with Bai Fengxue's face, it is simply unforgettable.

So Huang Lingqing noticed Bai Fengxue.

Huang Lingqing saw that the faces of the people at the scene changed greatly and showed a playful smile.

This feeling of controlling the audience, he likes it so much.

He picked up Bai Fengxue on the ground, stuck her neck with one hand, and his face suddenly became fierce!

"Do you really think I'm a womanizer? I'm just teasing you! I already know your identity. In my eyes, you are already a dead person!"

"Your family, William, and Liu Lang, two people caused us to lose the position of the nine sects with the sword covering the sky. This hatred is unbearable! I am under the order of the sect master today, and I will kill you all!"

"People who are about to die have some use value!" Huang Lingqing continued to enjoy his own sense of superiority, "Do you think I don't know?"

"Why did you only catch you just now, and the others disappeared? You must have appeared on purpose to attract our attention, right? It's only my idiots who fell for you!"

"It seems that you know where the other family members fled to, don't you?"

"Speak! Where are they!" Huang Lingqing asked fiercely with his hands!

Bai Fengxue's face suddenly turned red!

The veins on her forehead popped out.

Several women at the scene saw this scene, and their eyes were red!

Unexpectedly, in the end, Huang Lingqing's attention was still on Bai Fengxue!

And Bai Fengxue is the only woman among them who has no fighting power!

How could she endure the devastation of a Hua Jin martial artist!

"Huang Lingqing! Let go of the snow!" He Tiantian couldn't help shouting violently.

However, the more they cared about Bai Fengxue, the more they inspired Huang Lingqing's morbid abuse!

He sneered, not paying any attention to He Tiantian and the others.

But the strength in the hand is heavier!

This time, Bai Fengxue's face turned blue!

Her hands and feet struggled desperately, but how could she break free from the iron palms of the enlightened martial artist!

He Tiantian and their tears fell directly!

Snowstorm!

This woman who has always been very kind-hearted, even among He Tiantian and the others, is deeply loved by everyone.

She is soft on the outside and tough on the inside, and she will never look back as long as she recognizes one thing.

Now Huang Lingqing is forcing Bai Fengxue to tell the whereabouts of other family members, how could she tell!

In the end, Bai Fengxue would be strangled to death in front of them!

He Tiantian's tears kept falling.

At this moment, she suddenly hated William and Liu Lang.

There is nothing wrong with a man fighting the four wilds for the king!

However, why let the women in the family bear these unknown pains!

Blizzard is the most innocent!

Just when Bai Fengxue almost died, Huang Lingqing's hand loosened.

Bai Fengxue's body fell violently to the ground.

She curled up on the ground, coughing violently.

Even because the cough was too hard, he coughed out a few bloodshots.

"Blizzard!" He Tiantian and the others were stunned. Although their body was being held down, they still shouted suddenly.

They really couldn't bear to see Bai Fengxue like this!

Even if Bai Fengxue confesses the whereabouts of others, they will not blame Fengxue!

Bai Fengxue was really embarrassed at the moment.

This beautiful flower in this world can wither at any time like it has encountered a storm.

And Huang Lingqing smiled again, "Isn't it true? Are you still stubborn? I am most interested in conquering such a woman."

He picked up Bai Fengxue again, and looked at her without smiling, "Little girls, do you know that there is a kind of torture in this world called..."

"Bliss Extraction..."
