Chapter 1657 Kill Lu!

This voice came from the sky!

Like a thunder, from far to near!

Everyone at the scene was dumbfounded!

This sound!

All too familiar!

The sound of breaking the sky is fast!

In the blink of an eye, a black shadow fell from the sky!

When everyone looks at it again, in the air, where is the figure of Bai Fengxue!

On the ground, Bai Fengxue was being hugged tightly by a man.

Her eyes were closed, and she was already unconscious.

Isn't this man Wiliam who fell from the sky!

Seeing Wiliam, the people at the scene exclaimed in surprise!

The people of the Medicine Knife Family are screaming in surprise!

They saw it!

They are also waiting!

Wiliam, actually appeared in front of them out of thin air!

All this is like a dream!

Wiliam shouldn't and can't appear here at all!

Is it the cry of the wind and snow!

The cry of Feng Xue called Wiliam from another world!

He is like a savior. When Fengxue was the most desperate and helpless, when the Medicine Knife family was at its most desperate, he just fell from the sky, bringing them endless surprises and shocks!

“Wiliam! Help Feng Xue! She’s dying!” He Tiantian shouted out even though he was being held down.

Everyone could see that Bai Fengxue’s last shout just now exhausted her last strength.

The blood marrow was almost drained, can she still survive?

If there is one person in this world who can save the current Fengxue, it is only Wiliam.

On Huang Lingqing’s side, everyone’s face turned pale!

They never imagined that Wiliam would cross the Cang Mang and come here!

This is incredible!

The conditions for crossing the Cang Python Scratch are extremely harsh!

How the hell did he do it!

And wasn’t he still participating in the nine qualifying matches yesterday!

Less than a day!

How did he do it!

The appearance of Wiliam caught Huang Lingqing by surprise.

At this moment, Wiliam couldn’t hear any sound.

In his eyes, there was only Feng Xue alone.

Wiliam thought about a thousand pictures of reuniting with Feng Xue.

But there is nothing more grief-stricken than this!

What a beautiful and kind woman.

What was in his arms now looked like a skinny, bloodless mummified corpse.

Wiliam opened Feng Xue’s back, and immediately saw the shocking blood hole!

Some of the blood marrow that has not been drained is just attached to the blood hole of the wind and snow.

“Bliss Extraction!” Wiliam almost gritted his teeth and said these four words!

His eyes turned red all of a sudden, and his eyes were instantly red!

A monstrous hatred emerged from his heart!

Bliss extraction!

This worldly punishment was actually used on the most beautiful woman in the world!

Damn it!

All be damned!

Feeling Bai Fengxue’s life is like a candle in the wind, it can be annihilated at any time.

And now Wiliam couldn’t find a way to save Feng Xue for a while.

His eyes flashed fiercely!

Hold up with one hand!

A demonic red lotus appeared in his hand.

In an instant, the azure blue spread out, all the way to Bai Fengxue.

After a while, Bai Fengxue’s body was covered with a thick layer of frost.

All Wiliam could think of, he could only use this method to temporarily delay time.

This azure blue frost froze the wind and snow, and froze time.

He placed Frost Blizzard gently on the ground, then stood up.

Turning his head, he stared at Huang Lingqing fiercely!

That monstrous hatred instantly stirred the audience!

An invisible and depressing aura, along Wiliam's body, hit the audience!

Huang Lingqing felt as if he was being stared at by a crazy beast, and his body couldn't help shivering.

However, in front of so many people, he also bit the bullet and said: "Wiliam, I didn't expect to meet you here! Good! Heaven has a way, you don't leave! Hell has no door, you break in! You make us wonder The sword covers the sky and shames you! Today I will make you behead all over!"

Wiliam didn't hear what Huang Lingqing was saying at all.

He looked at Huang Lingqing as if he were looking at a dead man!

How can there be any reason to let the wind and snow endure the world to Xing!

Not only Huang Lingqing!

These people here!

There is also a strange sword covering the sky far away!

all to die!

To die!

"Roar!" An earth-shattering roar came from Wiliam's throat!

His body has disappeared in place!

Before Huang Lingqing had time to react, Wiliam's palm had already hit him!

And the next second, Wiliam appeared behind him!

Huang Lingqing turned around in disbelief!

He saw Wiliam behind him!

I saw Wiliam holding something in his hand!

In his hand is a bloody heart!

heart...

whose heart?

Huang Lingqing was still thinking about it, when he saw Wiliam clenched his heart with one hand and crushed it!

What did Huang Lingqing seem to have thought of?

He lowered his head slowly.

I saw that a big hole had already been opened in my chest.

The heart has disappeared.

What Wiliam crushed was Huang Lingqing's heart, wasn't it?

original.....

At the moment when the heart is taken out, people are still conscious and will not die...

Huang Lingqing's last thought was this.

Then, his body collapsed suddenly!

When the people on the scene saw this scene, they couldn't help but take a deep breath!

This Wiliam!

So cruel!

The strength is terrifying!

You know, Huang Lingqing was the strongest in the audience just now!

And a few months ago, Wiliam could only rely on the other two brothers to join forces to drink Huang Lingqing!

But now, in an instant!

Take the enemy's heart!

Let Huang Lingqing not even have the power to parry!

"All! Die for me!" Wiliam's angry voice came out again.

The man with the sword covering the sky heard this voice and woke up again.

Huang Lingqing doesn't have the strength to resist, so what about them!

run!

For a time, these people were like birds and beasts, fleeing in all directions!

Even those who held He Tiantian and the others did not care about taking these women to threaten Wiliam.

Just throw it away and run away!

What a joke!

This kid has changed so much in just a few months! state!

What are you threatening him with?

I'm afraid I don't want to die faster!

But does running away work?

The people who had been sentenced to death by Wiliam long ago, the ends of the earth are just lingering on!

The long live demon lotus on Wiliam's body turned into a red light all over the sky!

Go to these fleeing people!

His body didn't stop!

One punch, smashed a head!

One kick, kicking through a body!

Long live Yaolian's slaughter cannot calm his angry heart at this moment!

Only by hand!

I crushed and smashed these people with my own hands!

Only then can we vent the hatred in Wiliam's heart at this moment!

Those women were happy when they saw Wiliam coming back.

But looking at it, one by one is also frightened!

William's murderous aura is too heavy!

It was so heavy that they were suffocated!

Kill like this!

William knew that he was haunted by demons and escaped into the evil way!
