Chapter 1659 Possibility of Rescue

Two more figures landed in the sky.

He Tiantian and others immediately raised their vigilance and stared at the incoming person.

Wiliam said indifferently: "My own person, nothing to do."

The people who fell from the sky were Su Emei and Lingyu Jinniàng.

Su Emei originally walked side by side with Wiliam.

Who knows, Wiliam's speed is getting faster and faster.

As if he was rushing to reincarnate, he suddenly left them far behind.

Originally, Su Emei came here to complain about Wiliam.

But when she arrived at the scene, she saw that it was like a sea of corpses and blood, and her brows furrowed tightly.

Even because of a little nausea, I can't stop wanting to vomit.

But when she saw Fengxue being frozen, she couldn't help but ask, "What's wrong with Fengxue?"

Wiliam didn't answer Su Emei's question directly.

At this moment, he was not in the mood to answer Su Emei.

Holding the frost and snow, he walked towards a building that looked slightly intact.

"Don't follow me, I'll think of a way to save Feng Xue." Wiliam only left such a sentence.

The people at the scene didn't dare to follow.

Who dares to joke about Feng Xue's life and death?

And Ling Yu Jinniāng didn't seem to see the mess at the scene.

Her eyes were always on Xiao Wangqing's body.

The phrase "there are still people without roots" is what she said just now.

It's a pity that everyone present, except Su Emei and Wiliam, could not understand the meaning of this sentence.

"Little baby, where did you come from?" Ling Yu Jinniāng asked Xiao Wangqing again.

Xiao Wangqing ate her little hands and looked at Ling Yu Jinniāng with a puzzled expression.

At this time, everyone's attention was also attracted.

Everyone was surprised to find a fact.

This Lingyu Jinniāng actually looks like Xiao Wangqing.

And it's about the same size.

If it weren't for Ling Yu Jinniāng's voice of a royal sister, it was so dramatic that everyone would think that these two children were sisters.

"Baby doesn't know either, it should be from grandma." Xiao Wangqing thought for a while and replied seriously.

"Who is your grandma?" Ling Yu Jinniāng asked again.

At this time, He Tiantian stood up and replied, "Her grandma, we all call her Miss Su, she is a great power."

Hearing Miss Su's three words, Su Emei and Lingyu Jinniāng looked at each other.

"I understand. It turns out that this little baby is also Master's, no wonder." Su Emei suddenly became enlightened.

"Well, but I can't see through this little doll, I always feel that something is wrong with her..." Ling Yu Jinniāng still looked puzzled.

"Forget it, don't think about it, I'll sleep." Ling Yu Jinniāng changed her words and climbed onto Su Emei's back and fell asleep.

Well, sleep in seconds.

Su Emei looked at everyone who was puzzled, and explained lightly: "Don't pay attention to Jin Niang, she is like this. Let's clear up the situation first."

Intermittently, Su Emei also knew the beginning and passage of the matter.

She was gnashing her teeth!

"This dog sect! I want them to look good when I go back!" Su Emei said indignantly!

Lin Jiang did not participate in the nine qualifying competitions because of the retreat.

If you participate, you will definitely become the enemy of the sword that covers the sky.

This time, it was Feng Xue who stood up and took the hardship for everyone!

The damned sword covers the sky, so despicable!

If he can't beat Wiliam, he will come to this mortal world to seek revenge for his family!

This plant connects nine clans!

How could Su Emei and the others not know what Wiliam's inverse scales are!

That's his family!

If anyone dares to touch his family, Wiliam will kill them all!

Now let's see if the wind and snow can be saved...

Everyone holds such a hope, and no one is willing to lose the wind and snow.

But everyone shared a deep sense of anxiety.

Wiliam's medical skills are unparalleled in the world, which is obvious to all.

Moreover, he possesses a heaven-defying inner strength and profound energy.

If it is normal, he can always find a way to save the first time.

But now, Wiliam was helpless for a while, so he could only choose the next strategy to freeze the wind and snow.

It can be seen how terrifying this bliss is.

I hope Wiliam can find a way.

Otherwise, everyone on the scene will bear heavy sins and guilt.

Everyone's eyes turned to the direction Wiliam was walking, thoughtfully.

And Wiliam found a good room and put Fengxue on the bed.

He looked at the snow in the frost, and his eyes were red again.

There were so many people just now that he suppressed his feelings.

Now, his feelings are pouring out like a tide.

"Fengxue." Wiliam almost choked up and touched Fengxue with his hand.

But it can only touch the cold temperature.

Bliss extraction!

Pulling out the most important blood marrow in the human body is equivalent to pulling money from the bottom of the pot, leaving no room for it!

Just outside Wiliam had sensed that Feng Xue's blood marrow was almost drained.

She no longer has the ability to bleed.

Even if you give her blood, she can't use it for herself.

"Ancestor, is there any way you can save my wife?" Wiliam asked the senior Tianqing Qilin silently in his heart.

Who knows that Tianqing Qilin also sighed and said, "Your wife's current state is really bad, there is almost no possibility of being rescued, especially in this Cang Python Continent."

"Then what about returning to the land of the common people?" Wiliam asked immediately.

“In that place, I don’t think there will be any miracles, but I have to give it a try.”
The sky green unicorn didn’t bite to death, which can be regarded as giving Wiliam a hope.

Wiliam nodded, and he already made up his mind.

No matter how high the mountains and rivers are, he will overcome all obstacles and find a way out for the wind and snow.

The most urgent task is to think about the ways to treat the wind and snow.

blood marrow...

Thinking of this, Wiliam had a headache.

Blood and marrow transplantation is completely different from the concept in modern medicine...

Everyone has their own unique blood and marrow, and it is not possible to transplant them casually.

Besides, even if a blood marrow that can be transplanted is found, the transplanted party will die.

It’s almost a life-for-life choice...

The Impermanence Medical Classic is another possibility.

Because the study of “The Classic of Impermanence of Medicine” has reached the end, there is the possibility of summoning the soul and changing one’s life.

But Wiliam is not absolutely sure, because what Feng Xue lacks is not a soul...

And now Wiliam has not reached the level where he can summon a soul or even change his life.

Otherwise, he could have saved his grandfather long ago.

What else can be done...

At this time, Wiliam suddenly raised his brows, and suddenly became more energetic.

Don’t you have something magical about yourself?

If Feng Xue can’t be saved for the time being, then with this thing, is it possible to directly hang Feng Xue without letting go!

When he thought about it, there was already one more thing in his hand!

This thing is the root of the grandmother!
