

Dragon Husband 1670 part 1

Chapter 1670 The stunned Qin Shengzhong

Both the enemy and the enemy heard Qin Shengzhong's call, and felt the blue veins on their faces twitching.

Hu Yixiao is going crazy!

Don't you have eyes on a horse?

Haven't you looked at the continuous fire in the three directions in front of you!

Don't you see us all starting to tremble when we are surrounded by them!

This is not enough!

How come you can crush Lao Tzu's roof under the standard of whether you have enough manpower?

Deceiving people too much, really deceiving people too much!

The faces of Su Emei and the others were also very ugly.

This Qin Shengzhong is a thousand-year-old straight man.

No EQ at all.

Do we need more people in this situation?

Be a good person and stay on the front line to meet each other well in the future, do you understand?

Su Emei now thinks that there are too many people.

If Wiliam came over and found so many people there.

The first question was to take Su Emei.

She really wanted to rush out and let everyone go.

But now the situation is obviously out of her control.

Qin Shengzhong also felt that he was innocent.

While rolling up his sleeves to warm up, he looked at the other three sects with shame.

Naturally, he didn't use a strange sword to cover the sky to compare with the people from other sects on the scene.

Instead, compare Lanshan Zhige with other sects.

The population is sparse, and the disadvantage comes out at this time.

Shame, shame.

Be more diligent later.

Hu Yixiao looked around carefully, wanting to see if anyone else came over.

Fortunately, that's it.

No more people came.

But these people in front of him are enough for him to drink a pot.

Now the sword covers the sky is equivalent to being surrounded on all sides.

I want to run, but I can't.

A feeling of incompetence and rage flashed in his heart, Hu Yixiao couldn't help laughing: "Okay! What a decent Nine Sects! It turns out that the first thing the new Nine Sects do is to attack the elders! If this matter spreads, You know what the consequences will be!"

Su Emei smiled directly: "The matter spread out? So Sect Master Hu is not afraid of the spread of the matter? If you let the whole Jianghu know that you sent people to Cang Mang Continent to kill innocent people indiscriminately, do you know what the consequences will be?"

Hu Yixiao is now completely broken.

It looks like it's not going to die tonight!

He said coldly: "Anyway, I'm going to die tonight! Do I still care about my reputation! I'm laughing all the time. Before Hu Yixiao died, if I could pull you guys together for thousands of years, I'd die, hahaha! Four A sect for a kid, regardless of morality, besieged us, and you will also be notorious, hahahaha!"

"Hahahaha! Sect Master Hu, worry too much." An even more frantic laughter sounded, and all of a sudden Hu Yixiao's voice was drowned out.

And being able to laugh so uninhibitedly, all the people at the scene looked at one person.

Xu Benliu.

Xu Benliu, who was five big and three rough, leaned forward and backward with a smile at this moment.

He directly stunned Hu Yixiao with a smile.

Hu Yixiao's smile froze, not knowing whether to smile or not.

"Sect Master Xu, what are you laughing at? You are just sitting on the throne of the nine sects, you should cherish your reputation even more. You are so disregarding your reputation and coming out of the nest, you are not afraid..." Hu Yixiao also tried to persuade Xu Benliu. Dragon Husband 1670 part 2

However, it was interrupted by Xu Benliu directly.

"What the hell! I just came here! Besides, didn't you have any misunderstanding? We're not here to fight with you rotten fish and stinky shrimps." Xu Benliu said loudly.

His tone was full of disdain.

"Didn't you do it with us?" Hu Yixiao was even more at a loss.

I brought people from the whole sect here, not to do it. Could it be that they came to watch and eat melons?

"Hoho, what Sect Master Xu said is not wrong, we didn't come to do it, we just came to have a look." Bai Jianxing's voice also came over.

When Hu Yixiao heard this, he was dumbfounded on the spot!

Really came to eat melon on a horse!

Dare not to go too far!

"Hee hee, the whole family is full of beautiful women, why would they fight and kill? Of course, we also came to join in the heat and coax." Su Hongxiu's seductive voice also came over.

Hu Yixiao immediately looked at Qin Shengzhong who was not far behind.

I saw Qin Shengzhong's expression was even more dazed than Hu Yixiao's.

who am I?

Where am I?

What should I do?

Qin Shengzhong received a call from Su Emei, and naturally he was filled with righteous indignation and brought people over.

William can be regarded as his benefactor, and he is worried that he will not have a chance to repay his kindness.

Isn't this chance coming?

So Qin Shengzhong brought all the people he could bring over, ready to fight.

As a result, this is it?

That's it!

Qin Shengzhong was quietly rolling back the sleeves he just rolled up, as if there was a big question mark on his forehead.

Seeing the people around him looking at him, Qin Shengzhong was even more embarrassed.

He was still muttering: "I didn't come to fight? I didn't come to fight? Then why did I come here? How did these people confuse me?"

After whispering, he still picked up his mobile phone wisely and made a call, "Dad, you don't need to bring anyone here, we don't seem to be here to fight, but to see the hot coax, so disappointed..."

This phone call almost made the audience vomit blood.

Qin Sheng reveres you to be a person.

Compared with the other three sects present, they will be much more angry.

"Aren't you here to fight us?" Hu Yixiao's forehead was still awake, feeling like he was in a dream.

In his heart, a bit of luck was quietly born.

Not having to fight them directly, of course, would be better.

"Hmph, we disdain to be in company with you. Since Wiliam said that he will go to the meeting alone, and one person will take care of you, then how can we intervene again. Besides, it is also a coincidence that we came together." Xu Tongyin said lightly, "We're here to learn."

"We came to pay homage to Lu Zu's majesty." Bai Jianxing said.

"We came to see the little milk dog transforming into a big wolf dog." The red and thin high-rise building began to shout.

Qin Sheng was in a cold sweat. He wanted to say that we came to fight with the heart of a fist.

This sincere heart can be learned from the sun and the moon!

But obviously this is a wrong answer.

It's so hard, it's so hard to deal with people, I want to go home...

"Hahaha! Joke! Heavenly joke! Just Wiliam, just him! He just wants to beat my thousand-year-old sword! Hahaha!" After being stunned, Hu Yixiao suddenly burst into laughter.

It would be better if these people didn't do it.

Wiliam has one case against one case?

I can crush him with one hand!

"What about others, what's the point of telling you to bluff by hiding your head and showing your tail? Come out if you have the guts!" Hu Yixiao suddenly became full of confidence and shouted loudly.

At this time, not far away, the gate that covered the sky with their strange sword suddenly shattered.

"Well, here I am." A frosty voice came from the darkness.
