

# Dragon Husband 1672 part 1

Chapter 1672 Moonless! Kill!

Time is up.

There is no moon tonight, it should be killed...

The people at the scene stared blankly at Wiliam, blindfolded, not knowing why he did it.

Only Su Emei, as if prepared, also took out a piece of cloth and covered his eyes.

Wiliam is kind-hearted and naturally unwilling to kill innocent people indiscriminately.

But this time, Qi Jian Zhe Tian really touched Wiliam's inverse scale.

In his heart, he had already decided to cut the weeds out without leaving any future troubles.

Therefore, Wiliam couldn't look directly into the eyes of those innocent people in the sect.

He chose to blindfold himself and completely shut himself up.

Tonight, this is destined to be an unreasonable slaughter.

And Wiliam's figure had already rushed out.

"Ah!" screams began to sound.

Wiliam just slammed out with a single punch, and the violent unicorn power, with the oppression of collapsing mountains and rubble, savagely attacked the person with the sword covering the sky.

With one punch, more than a dozen people didn't even respond, and were directly smashed to pieces.

And this punch finally awakened the man with the sword covering the sky.

They start to panic, start to fear, start thinking about running away or resisting.

Long live the demon lotus did not give them any chance.

In the red light that filled the sky, the long live demon lotus shuttled recklessly, bringing up a bloody mist.

Several sects in the periphery have long since been unable to tell whether the red is needles or whether the red is blood.

“Go to me! Go to me! He is alone, what are you afraid of!” Hu Yixiao’s eyes were red, and he shouted at the back.

And some people finally began to realize that Wiliam was only one person.

Moreover, if you keep fleeing, you will only become more and more passive!

Must take the initiative!

The more powerful hall masters began to rush out.

For a while, the sky-covering palm patted Wiliam’s body.

These palms are as large as tens of meters and as small as several meters.

Wiliam completely surrendered his body to consciousness, and he was still charging forward tirelessly.

Let these chaotic palms pat him on his body.

“Boom boom boom!” The first wave of Qi Jian Zhetian’s offensive finally converged on Wiliam.

For a while, the dust filled the sky, and it was impossible to see where Wiliamren was.

Everyone only saw that the place where Wiliam stood just now was completely surrounded by thick smoke.

A wave of fires rekindled the confidence of those who had a strange sword covering the sky.

“Look! I’ll say he’s only one person, I’m afraid of a fart! There are so many of us, one person and one palm is enough to kill him!” Hu Yixiao shouted proudly.

This wave of offensive just now focused on the full force of dozens of people who covered the sky with their strange swords.

Even a martial artist at the peak of the innate secret realm will lose his skin if he does not die under this wave of concentrated fire.

This Wiliam didn’t even know how to dodge, and it was estimated that he had been slapped into flesh by the sky-covering palm.

However, Hu Yixiao's triumph only lasted for a few seconds.

The smoke has not yet dissipated.

However, some people have already seen it. In the dust and smoke, there is a burly body, still standing still.

"Wiliam is not dead." Someone suddenly shouted.

Hu Yixiao's face suddenly froze.

## Dragon Husband 1672 part 2

He looked at the place, and the dust slowly dissipated.

Sure enough, Wiliam was still standing there.

Not even the slightest trace of the Heavenly Covering Palm could be seen on his body.

With so many people focusing on fire, they couldn't break through Wiliam's bizarre protection.

The hearts of those whose swords covered the sky were half cold.

This guy is really not a person anymore.

But a monster!

There is nothing to do with so many covering palms!

People from other sects just sighed when they saw it.

Especially Su Hongxiu.

At this moment, her eyes narrowed slightly, and her expression was strange.

She thought of something before.

This kid asked her a question when he came to her sect.

He asked how strong Su Hongxiu was?

And Su Hongxiu's answer at the time was that one could beat them both...

Now that I think about it, that answer is ridiculous.

Su Hongxiu looked at Wiliam deeply, thinking in her heart...

Well, let's fight one by one, brat...

"Go again! Come on for me! I don't believe his body is made of iron!" Hu Yixiao gritted his teeth and shouted again.

However, those people before were already dumbfounded.

And Wiliam's body rushed out again, without any influence from this wave of fire just now.

"Trash! Get out of the way! I'm here alone!" Hu Yixiao roared violently.

He himself is also a peak powerhouse of the Innate Secret Realm, thinking that he can at least have a few rounds with this kid!

A sky-shading palm that covered the sky and the sun appeared above Wiliam out of thin air.

"I want you to be smashed to pieces!" Hu Yixiao shouted, and the Heaven-shading Palm fell down.

This set of palms that soared into the sky seemed to be very powerful.

Even the melon eaters who are far away can't help but want to take a step back to avoid being accidentally injured.

And Wiliam, his body stopped in place again, as if he was facing the palm of the sky.

And this time, the Heaven-Covering Palm was different from before.

The sky-shading palm originally covered the sky and the sun, but as it got closer and closer to Wiliam, the palm became smaller and smaller.

But in the end, it only shrunk into a palm of two or three meters.

But no one dared to despise this palm.

Obviously an inch is small, an inch is stronger!

"Tiny tricks." Wiliam spit out a few hoarse words in his throat.

Then, he waved it casually!

Wiliam's hand was very skillful and hit the falling palm.

This sky-covering palm was like a deflated ball, and it disappeared in an instant.

This scene made Hu Yixiao stunned.

This is so special!

how to spell?

There was a burning pain in his face.

A few seconds ago, he shouted to come alone.

After a few seconds, I want to call everyone to get on together again.

“Everyone, come on! We can’t let this kid ruin our thousand-year-old glory!”  
Someone quickly descended the steps for Hu Yixiao.

And Hu Yixiao didn’t have the impulse this time, he took a deep look at Wiliam, and suddenly sat down in the rearmost position.

Even his eyes were closed, as if he was doing something that outsiders didn’t understand.

He doesn’t care about the lives and deaths of other people in his sect.

And Wiliam is still like a god and demon, constantly reaping the lives of those who rushed up.

In a short while, the scene was full of blood.

And there were not many people standing in front of Hu Yixiao.

As if things were coming to an end.

At this moment, Hu Yixiao suddenly opened his eyes.

His expression also became strange.

As if he did something crazy, there is a kind of determination and ruthlessness!

His body stood up directly from the ground, landed on Ye with one finger, and roared loudly: “Boy, your time of death is here!”

“Do you really think we are the only ones!”

“simple and naive!”

“Let you see the true strength of my sword to cover the sky!”
