

Dragon Husband 1680 part 1

Chapter 1680 Use the enemy to kill the enemy

The bones at the scene withered away, and suddenly erupted like a volcano.

The rune formation is like an unattainable mountain, rushing towards Wiliam!

The faces of the people looking around were ashen.

Bai Jianxing was even scolding Wiliam in his heart!

Why are you so stupid!

Help your opponents reach their peak!

Isn't this just embarrassing yourself!

Sure enough, he was still too young to stand the provocation and stimulation of the other party.

Now, the thirteen people who have a strange sword covering the sky are not like ghosts and ghosts. Their strength has not been doubled!

Wiliam's body was swallowed by ten thousand bones at once!

No one at the scene could see Wiliam himself at all!

"Hahaha! Go to hell!" Hu Feiquan's face became even more sinister, and his figure had swelled to more than two meters.

Countless power poured into his body like a tide.

He is like an inexhaustible warrior, reaching the peak of his coveted power at this moment.

And all the people with swords covering the sky seemed to be cheered up, looking at this scene with red eyes one by one.

But it seems that there is still one person who still maintains the same indifference as before. It seems that he has not been affected by the withering of the strongest bones, and he has no mood to welcome this upcoming victory.

He is the younger one among the thirteen previous sovereigns.

He just sat cross-legged, looked at the scene in front of him coldly, and closed his eyes slightly, as if he was doing something else.

Wiliam was swallowed by these ten thousand bones for five minutes.

Just when everyone thought that Wiliam had no chance of surviving, the overwhelming mass of bones shattered as if torn by a hand!

Wiliam walked out from inside.

However, this time, Wiliam's figure is not as stable as before.

His body was already covered with bloodstains, and some of them even had deep bones.

"Wiliam!" Su Emei couldn't help shouting out.

However, Hu Feiquan had long expected that Wiliam would break out.

He still laughed loudly, "Boy, now the feng shui turns. I want to ask you, is it that you can't hold it first, or we can't hold it?"

In order to maintain these thirteen yellow springs, the previous thirteen suzerains needed a huge amount of effort.

In exchange, it was only a slight injury to Wiliam.

But now, every big bombardment is a fatal blow to Wiliam.

On the contrary, on the side of the thirteen suzerains, because there is a steady supply of power, this consumption is insignificant.

The situation suddenly turned against Wiliam.

This is also the main reason why Hu Feiquan is so proud.

As long as there are two or three more times, Wiliam will definitely not be able to support it!

The strongest ten thousand bones withered away, and the strongest thirteenth Huangquan, it really is not a vain name!

And after this time, Qijian Zhetian will have a completely unsealed eternal extinction, who will be the opponent of Qijian Zhetian in the nine sects at that time!

The prosperous world of the sword that covers the sky is here!

Facing Hu Feiquan's ridicule, the faces of the surrounding sects were solemn.

Now they can no longer just consider Wiliam's safety.

Also consider the fate of the nine future sects.

I never thought that this time, Wiliam Tuzong would draw out such a powerful sword to cover the sky, and it would also bring such profound consequences!

But at this time, everyone suddenly heard a laugh.

From Wiliam.

He let out a majestic laugh like a beast, "It's ridiculous. Do you really think I was stimulated by you to unlock the eternal extinction?"

Hu Feiquan's laughter suddenly stopped.

The people at the scene were also stunned.

Could it be that Wiliam's unsealing of the ancients withered away was not a reckless act, but had long thought of it?

However, I can't understand why he has created such a powerful opponent for himself.

At this time, Xu Tongyin suddenly patted his head and said excitedly: "I understand! Why is Wiliam doing this!"

The people around looked at Xu Tongyin immediately.

In order to prevent the sound from being heard by those who have a strange sword covering the sky, Xu Tongyin quickly lowered her voice and explained in a low voice to the people around her: "Just now when we saw these thirteen sect masters come out, did we have doubts in our hearts, why? All our sects, generations of sect masters inevitably grow old and die, and there are many of them who are more powerful than Qi Jian Zhe Tian, but why only Qi Jian Zhe Tian can retain the next generation of Sect Masters! "

The people around nodded quickly, this is the most confusing place in everyone's heart.

"The problem lies in the annihilation of the bones! Wiliam should have also thought of it. From the beginning of the sect master, there is a mysterious power

that merges with the soul. And this kind of power can make these sect masters sacrifice. Some kind of way to save their lives." Xu Tongyin's eyes were deep, and he continued, "So in other words, if there is no better way, even if the strange sword covers the sky and the door is eradicated, these suzerains will not Will there still be other ways to die without being stiff? And the Withering of Myriad Bones doesn't seem to be so easy to destroy. Wiliam is a very decisive person. Since he wants to wipe out the sword, he will not let these people escape. birthday."

"That's why Wiliam thought of this method of slaughtering the bottom of the cauldron and dying!" Xu Tongyin's face turned rosy because of his excitement.

"Everyone saw it just now that the thirteen sect masters need a huge amount of energy to maintain the formation. Now that the bones are withered and unsealed, their strength is soaring. And in this world, there is no pie that falls from the sky. They are now neither human nor ghost, does that mean that they are overdrawing something infinitely, or to put it another way, the withering of ten thousand bones is infinitely drawing their power, even the power of their souls!"

"Only in this way can we use the withering of all bones to completely kill their souls!" Xu Tongyin said finally.

When the people at the scene heard it, their eyes lit up, and they understood at once.

But some people said worriedly: "It's a coup to take the enemy's hand to kill the enemy, but you have to have the ability to survive, right? The current situation is that Wiliam has no way to last until the moment they counterattack. what."

Xu Tongyin shook his head and said, "You don't understand Wiliam, even I don't understand Wiliam, we don't know where his upper limit is at all. He hides too deeply! For example, the blood on Wiliam's body, we know Is it? I'm afraid even the people of Dugu Hongshi don't know much about it! Look, since this bunch of monsters have been drawn, it's time for Wiliam to show his true strength!"

As soon as Xu Tongyin finished speaking, he suddenly saw ho ho ho laughter from Wiliam's mouth.

His figure, at a speed visible to the naked eye, is growing in the wind!

"Maybe you don't know, what I'm waiting for is right now..."
