

# Dragon Husband 1685 part 1

Chapter 1685 It's nice to see you

Wiliam took the lead in walking towards Can Jian Jiutian.

Now he wants to give Feng Xue, as well as the people from the Yaodao family, a clear and hearty explanation.

However, his body was severely damaged.

Even if the metamorphosis is constantly repairing, it still looks like a candle in the wind, and it may fall down at any time.

It's just that Wiliam refused the help of others and insisted on going back alone.

How to come here alone, how to go back.

Wiliam walked for more than an hour on this section of the road.

When he came to Canjian Jiutian, the people standing at the door were bustling with people he had brought before.

Li Chunfeng and others saw Wiliam's appearance, and their eyes suddenly turned red.

Everyone could see that he was holding on.

And no one could have imagined how much Wiliam paid for this argument on the other side of the battlefield.

"Wiliam." He Tiantian and others ran out first and supported Wiliam.

Others dare not help, but He Tiantian and Sister Qing dare.

In their eyes, Wiliam is completely their little brother.

Now that the family has been wronged, but a younger brother is required to come forward and work hard for them, how can He Tiantian and others feel better...

But in the end, I saw him come back.

It's better than anything.

"Is Feng Xue awake?" Wiliam's first sentence was still asking about Feng Xue's situation.

He Tiantian nodded and shook his head, and said, "She hasn't woken up yet, but her body is getting better and better, and she should wake up soon."

"Take me there to see." Wiliam said lightly.

His face grew paler.

"Well." He Tiantian and others hurriedly led the way.

Everyone has a tacit understanding in their hearts, and they didn't ask Wiliam what happened.

On the one hand, when Wiliam can come back, it doesn't matter what happens over there.

On the other hand, everyone knew that even if something happened, Wiliam would be the first to tell Feng Xue.

After all, Feng Xue was for everyone and almost died in Huangquan.

And Wiliam went alone to seek justice for Feng Xue.

Feng Xue is the most qualified to be the first to know.

Everyone brought Wiliam to a room, then stopped and motioned for Wiliam to go in alone.

And Wiliam slowly opened the door, and at a glance he saw Feng Xue lying on the bed and still sleeping.

He slowly walked towards Feng Xue and sat gently in front of her bed.

Looking at the wind and snow on the bed like a sleeping beauty, Wiliam's heart was filled with mixed feelings.

He couldn't bear to meet again like this.

At this moment, Wiliam even had an impulse.

I want Feng Xue to become a phoenix among people and have the ability of a fairy to move mountains and reclaim the sea.

In this way, Feng Xue will not have to be injured, and will not be bullied like this.

This idea gradually took shape.

After a while, Wiliam's face became even paler.

Doudou's cold sweat came out along Wiliam's forehead.

He also knew that he was seriously injured.

It is very necessary to have a sound sleep, so that the metaplasia can restore the body to the greatest extent.

But he didn't want to.

He had to wait for Feng Xue to wake up.

## Dragon Husband 1685 part 2

When she wakes up and opens her eyes, the first person she sees is the husband she misses.

If she knows that when she wakes up, she can feel at ease and at ease, and she will no longer have any anxiety and worry.

Fortunately, Wiliam won't wait too long.

After a while, Feng Xue's eyelashes trembled slightly.

Wiliam bent down slightly, staring at Feng Xue's eyes that were about to open.

He was even a little nervous at this moment.

Feng Xue's eyes gradually opened.

Eye contact at close range.

The air seemed to freeze at this moment.

The four looked at each other, speechless.

For a long time, a warm smile appeared on Feng Xue's face.

She opened her mouth and said only a few words.

"Wiliam, it's good to see you..."

A thousand words are inferior to the tenderness and dependence of these few words.

William's previous nervousness was swept away at this moment.

He is like a child walking in the desert, seeing his own spring and roses.

Nice to see you...

William's eyes were slowly closed, and he knocked his head gently on Feng Xue's heart, and finally fell into a deep sleep.

Feng Xue seemed to know something.

After all, William's body was covered in blood, and he was ashamed in his eyes.

Feng Xue raised her hand slightly, placed it on William's head, and stroked it gently.

Nice to see you...

So happy, I am not dead, and you are there.

So happy, the first thing I saw was you who were separated by mountains and rivers...

love you.....

When Feng Xue woke up, the strong emotions in his heart turned into a trickle, gently nourishing the beloved man in front of him.

When the people outside the door saw Feng Xue wake up, they hesitated.

Feng Xue turned his head and signaled He Tiantian and others with his other hand to come in.

He Tiantian and the others rushed in in one step, with joy in their eyes and endless words in their hearts.

"What happened to William?" He Tiantian asked first.

"Should have slept." Feng Xue said softly.

"Oh, oh, it's fine, we're scared to death." He Tiantian patted his heart and breathed a sigh of relief.

"Where is this place? I feel like I have had a very long dream." Feng Xue asked softly.

"Let me tell you." Bai Ruoshuang was the first to jump out and told everything after Feng Xue was unconscious.

Of course, what she knows is very limited.

"So, I didn't have any hallucinations at that time. It was Wiliam who really saved me." Feng Xue's face showed a hint of happiness from the little daughter's family.

When you were in danger, your lover rushed to the sky like a hero to save you, can you be unhappy?

"Save us." Wang Qingmian said in a terrifying manner, and was looked down upon by everyone.

"This is the land of the common people, the place where we will live in the future." Feng Xue looked outside, but could not see any difference.

She was curious and couldn't wait to learn more about the place where Wiliam lived.

Will this be closer to Wiliam...

"Where did Wiliam go after we came here?" Feng Xue asked again.

"He went to avenge you, bullied you so badly, and your brother-in-law loves you so much. Don't you know that when he saw you injured, the whole person was blown up, like a madman, and scared us all. So come back for the first time. One thing, he is going to find that strange sword covering the sky to take revenge and give you a sigh of relief!" Bai Rushuang said rambled again.

"Hey, why is he so impulsive? It's been a long time since he came here, and his foundation is still stable. Don't you know how to keep a low profile? Isn't it okay for me? Seeing how he looks now, he should have escaped from death, right? In the future, we have to be careful about that sect. At most, we just need to hide and walk away, otherwise he will be injured again, and don't mix up you and his friends..." Bai Fengxue touched Wiliam with some distress. The more he spoke, the more strange the expressions of the people around him became.

"What happened to you?" Bai Fengxue asked.

He Tiantian sat on the head of Fengxue's bed and said in the calmest tone possible: "It's alright, you will have no problem learning to walk sideways here in the future. After all, that kid Wiliam is..."

"One person has leveled their case..."
