## Chapter 1689 Requiring the Soul

Bai Fengxue's face was stunned, she stared blankly at Lady Peach Blossom, and then turned to look at Wiliam.

It feels like being molested.

And was molested by a woman.

Seeing Feng Xue's confused appearance, Lady Peach Blossom couldn't help but cover her mouth and chuckle, "Okay, just kidding. I just smelled her on you. Well, I miss her very much."

In the end, I missed a few words, as if they hit Feng Xue's heart.

Her eyes turned red all of a sudden.

Peach Blossom Maiden and Petite Rou have been separated by mountains and rivers for thousands of years, and now there is no possibility of seeing each other.

If it hadn't been able to sleep for thousands of years, I'm afraid it would have been maddening.

Just smelling the smell of petite and soft, Peach Blossom Lady is so content.

This woman is really easy to satisfy...

It's easy to be humble.

"I'm sorry..." Bai Fengxue lowered her head and apologized softly.

"I'm sorry, I also want to thank you, this is a good fortune after all, and I believe that I will see Petite Rou again." Peach Blossom Lady's eyes seemed to hide stars, which made it easy for people to become emotional.

As she spoke, she lightly tapped her finger on the table, motioning Wiliam and Feng Xue to taste her best peach blossom stuffing.

Wiliam picked up the peach blossom stuffed on the table and tasted it lightly.

This wine seems to be alive, as soon as you enter it, it turns into thousands of incomparably comfortable tastes, making your whole body and mind fluttering.

It seems that I am willing to be a peach blossom in this life, and when the spring comes, the flowers are full of branches.

After Feng Xue tasted it, his face was full of joy, and he gently smashed his mouth, as if he was aftertaste.

William put down the cup gently and looked at Lady Peach Blossom.

After a glass of wine, it's time to get down to business.

"So, why didn't you tell me at first that in addition to going to the Hanzhou people to look for the Jiangshan prayer seal, you need to find another person of extreme blood to replace Petite Rou?" William asked straight to the point.

And Lady Peach Blossom seemed to have known for a long time that William would ask such a question, so she wasn't surprised at all.

She looked at William and said with a smile, "Aren't you very smart? You should have guessed it. You don't need me to say it, you will meet it. So I don't need to say it."

William shook his head and said, "The key shouldn't be here. What exactly did you see in the future, you refused to tell me."

Peach Blossom's eyes changed slightly, but returned to normal immediately.

She sighed lightly, "You are smarter than I imagined. Yes, I saw some things in the future, but I can't tell you."

"Why can't you tell me? I'm afraid that if you tell me, it will change the future situation?" William asked immediately.

Lady Peach Blossom shook her head, "Since I have seen it, how can it be changed so easily."

"That's because there are too many leaks in the sky, which will cause serious damage to you?" William asked again.

These questions he had thought about earlier.

Think of all the possibilities for the peach blossom lady.

But Peach Blossom still shook her head and said, "No, leaking the secret will indeed cause damage to our qi, but this is not the most important reason."

To leak the secret is to act against the sky.

But it's still too early to tell.

Just like Wenren Qingxin, she has inherited the blood of her grandmother, and she will see some things in the future, and even have a hunch in the dark.

And she often leaks it out.

It's just that these secrets are too superficial to cause any great harm to Wenren's heart.

At most, he will have a headache, and then he will become sleepy and replenish his energy.

As for Lady Peach Blossom, the more important thing is to have a pure heart. If she really does harm to Wiliam in the future, she will choose to tell Wiliam even if she leaks the opportunity to cause harm to herself.

And that's not the most important reason, she said.

Wiliam's face gradually became solemn.

Sure enough, heading for the worst guess?

"Okay, don't ask anymore. You can ask me some other questions, and I'll tell you what I know." Lady Peach Blossom seemed to see what Wiliam was thinking, and blocked Wiliam's mouth in time.

Wiliam sighed lightly, and had no choice but to forcibly suppress these thoughts.

The boat will naturally go straight to the bridge, so let's look at it later.

Wiliam came here, and naturally he prepared some questions to ask Lady Peach Blossom.

He first sacrificed the Long Live Demon Lotus.

The scarlet long live demon lotus floated in front of Wiliam.

As soon as he thought about it, a gleaming red light suddenly separated from the Long Live Demon Lotus and also floated in front of their eyes.

Madam Peach Blossom had seen the Long Live Demon Lotus before, but at this moment she saw that blob of red light, and she couldn't help widening her eyes in surprise.

Seeing Lady Peach Blossom's expression, Wiliam immediately felt that the red light had a way.

The red light was naturally separated from the withering away of the ten thousand bones, the treasure of the Zhenzong that covered the sky.

Originally, Wiliam had an azure unicorn in his body, so he could directly ask his ancestors for advice.

It's a pity that the old ancestor borrowed strength to Wiliam, and now he has fallen into a deep sleep, and even Wiliam can't wake up.

So Wiliam had to settle for the next best thing and come to ask the peach lady for advice.

"Does Lady Peach Blossom know this thing?" Wiliam asked.

Peach Blossom first nodded, then immediately shook her head.

She pondered for a while, as if thinking about how to explain to Wiliam.

Finally, she said, "I don't know what this thing is called, but I intuitively feel that this thing is very magical and has a special ability."

"What ability?" Wiliam actually had a preliminary guess in his heart, but he didn't say it, in order to confirm with Peach Blossom's words.

"The ability to calm the soul, or in other words, the heart of the soul." Peach Blossom replied.

Soothe the soul!

When Wiliam heard these two words, his heart was inexplicably excited, and he intuitively felt that this thing was very powerful, and it was definitely not ordinary!

"Can you be specific?" Wiliam asked eagerly.

Peach Blossom Lady naturally knows everything, "The so-called soul-suppressing means that it can affect the souls of all living beings. The first is soul-snatching. That is to say, this thing can take the initiative to capture a person's soul, and of course people can also actively integrate their souls into this place. Among things. Second, let's call it nourishing the soul. The souls of all living beings can be nourished in this thing. If there is no accident, it is not a problem that the soul can live in it for thousands of years. But what is really scary is that Third, it's called Soul Rescue!"

"Before this thing really recognizes the master, there will be some self-awareness, so the general soul can only enter and cannot leave, which plays

the role of calming the soul. But after recognizing the master, it can instruct the soul at will according to the master's will."

"The reason why I say Soul Requiring is the most terrifying is that this thing can help a person open up a Soul Requiring Heart Domain in advance or more!"
