

# Dragon Husband 1700 PART 1

Chapter 1700 A sword shocked the world

William misses grandpa for a long time.

Now that there is a better way to protect Grandpa, William naturally wants to go back and try it as soon as possible.

And Bai Fengxue also knew William's intentions and nodded heavily.

The two of them came directly to Can Jian Jiutian.

Cannjian Jiutian is just that William temporarily stored his own people here. I believe that William will place them all properly in a short time.

In the room, William saw the unconscious grandfather.

He sat on his grandfather's bed and tried to communicate with his grandfather's soul by using the method given to him by the peach blossom lady.

Sure enough, something miraculous happened.

In William's consciousness, he could clearly feel a wisp of remnant soul still lingering on his grandfather's body.

This should be what Liu Lang said before, to keep the last hope of survival for Grandpa.

William tried to communicate with this remnant soul.

But unfortunately, Grandpa's remnant soul did not respond.

Either Grandpa's previous injury was too severe, and this remnant soul was too small.

And either grandpa's strength is too weak.

Because according to William's current understanding, the remnant soul of the soldier master can communicate, the remnant soul of the senior Tianqing Qilin can communicate, and so can the petite Rou.

These are the existences of the ancient power level, the power of the soul is powerful, and it is understandable.

William felt regret in his heart, sighed, and could only move on to the next step.

He tried to introduce his grandfather's remnant soul into the soul of the soldier.

Surprisingly it went very smoothly.

The soldier's soul has the absolute hegemony status in terms of soul, how can grandpa's remnant soul not obey.

It wasn't until he felt that the grandfather's soul in the soldier's soul repressed, and even had a feeling of gradual nourishment, William breathed a sigh of relief.

It seems that this soldier's soul is really amazing. Grandpa is warming up in it. I believe that it will not take long for the soul to be complete.

And William followed the same method, and also introduced the soul of Tianqing Qilin's predecessors into the soul of the soldier.

In ancient times, the two enemy leaders were now mixed together, and William felt a strange feeling in his heart.

After doing this, William found that the sky had turned white.

He thought about taking advantage of today to quickly finish some things that should have been done a long time ago, and then settle down with his own people.

He first visited the sects one by one, and felt that everyone had taken care of him before.

Especially when William stepped on one sect, these sects chose to stand by William's side despite the great pressure of public opinion, and even directly pulled the sect to the front of the sect that covered the sky to support William.

William naturally wanted to thank them one by one.

He first went to Dugu Hongshi, and after sitting for a long time, he left and came to Jinyu Lingkong.

Standing at the door of Jinyu Lingkong, William's heart was also very complicated.

To be honest, he didn't have any feelings for Jin Yu Lingkong, but he respected Liu Yuntian and Aunt Song.

He respected these two as his elders.

Now revisiting the hometown, but it has long been a different person.

"William?" A surprised voice sounded behind him.

William looked back and saw that it was Song Hanyu.

Song Hanyu hadn't seen him for many days, and his whole body was thin.

However, her eyes became sharper, as if the gentle Aunt Song had disappeared.

That's right, Song Hanyu's master, the previous suzerain, died in the nine-sect qualifying competition, which was definitely a big blow to Song Hanyu.

On the one hand, she has to bear the grief of her teacher's death, but on the other hand, she has to cheer up and reorganize the whole Jinyu Lingkong.

The pressure can be imagined.

If he is still as gentle as before, how can he convince this group of rabble?

The leader of a sect must have the majesty of a sect leader.

This point, Song Hanyu is doing very well now.

After Song Hanyu saw William, his sharp eyes disappeared in an instant, and he returned to the gentle Song Hanyu before.

Song Hanyu took William's hand and took him into the room, "William, we said goodbye to the last qualifying match, we didn't have a good conversation, and I didn't even have a good time to thank you, you are Jinyu Lingkong. The benefactor."

Seeing Song Hanyu's chattering appearance, William's heart became gentle.

No matter how the world changes, as long as she is here, Aunt Song will always be the Aunt Song who loves to worry about others.

William was pulled into the sect by Aunt Song, and even directly into Liu Yuntian's room.

"Old Liu, who do you think is here? You've been clamoring to find him, but now he's here by himself." Song Hanyu shouted carelessly inside.

Then there was a screeching sound inside, as if something had been knocked over.

Liu Yuntian immediately got out of the back hall, and when he saw Wiliam, his face was full of joy, "Wiliam, you're here, sit down, I've prepared good tea for you."

Hearing the good tea leaves, Wiliam felt as if he had passed away.

When I first met Liu Yuntian, Liu Yuntian also said that he had prepared the best tea to drink next time.

This time, it's coming.

The three of them spoke almost without any scruples.

Wiliam thanked Liu Yuntian for helping him speak, and even let the mysterious seven-star ferryman directly destroy Beihe Yanwu.

At the same time, I also thank Song Hanyu for guarding one place alone that night, shocking the world with a sword, so that Wiliam can deal with the strange sword covering the sky without any distractions.

And Liu Yuntian and Song Hanyu thanked Wiliam even more, and they took the nameless Jinyu volley to the world at once, and even joined the nine sects directly.

After the three of them thanked each other, they started chatting randomly.

It seems that he knows that after today's chat, he may not have such a good time in the future.

Because Wiliam's current identity is incomparable, he has completely surpassed the nine sects.

Sooner or later, he will leave Jiuzong and go to more stages to show himself.

And Song Hanyu will devote himself to the rectification of the entire sect.

Today, this scene of chatting without distractions, I am afraid that it will not appear again in the future.

The three of them had a tacit understanding, and they only had a good time chatting from noon to midnight.

When Wiliam left Jinyu Lingkong, he also felt a lot of reluctance.

The next day, Wiliam began to prepare to settle his own people.

The first is that these women, especially Mulan's subordinates, are almost all women.

According to his previous thoughts, Wiliam communicated with everyone to see if he was willing to go to the red and thin high-rise building.

And when they heard that the red and thin high-rise buildings were all women, the group of women were excited.

As if five hundred ducks met another five hundred ducks.

All eyes are expectancy.

As for the core figures such as He Tiantian, they are more willing.

If they are all women, they won't be harassed by stinky men. How wonderful.

So, Wiliam took a group of Women's Army and went to the red and thin high-rise building.
