

Dragon Husband 1703 PART 1

Chapter 1703 Line up and wait for selection

William sighed and said slowly: "So, you want to see their martial arts strength, this..."

"What? Who was so arrogant just now? Now?" Sun Qing'er sneered, as if she had completely seen through the fragility in William's heart.

"Well, since this is your rule, then we naturally have to follow the local customs. Then how do you want to test them..." William asked slowly again.

And Sun Qing'er had been waiting here for a long time.

She was afraid that William would regret it, so she immediately took William's words and said, "Hoho, didn't you always use me as the benchmark? Now, naturally, you also use me as the benchmark, so it's fair, right? , Come down and test their strength in person."

"However, you are the vice sect master, so I'm afraid something is wrong." William said very euphemistically.

The faces of the women around him were all flushed, like an embarrassment.

But in fact, everyone who knows them knows it, and everyone is holding back their laughter.

They saw that William was acting in a dignified manner, and his acting skills were so bad that if there were no outsiders around, they would have burst into laughter long ago.

This loss, who does not know what the hell is going on in his heart.

"Hmph, didn't you make fun of me just now? Are you happy? Now, you dug this pit yourself, you have to jump if you don't! It's just me, there's no need to discuss." William negotiated in half.

In fact, she was still holding back a word without saying a word.

You dug the pit yourself, if you don't jump down, the old lady will push you down!

Sun Qing'er looked at William playfully, waiting for William's answer.

In the end, Wiliam sighed slowly and said, "Okay, I was the one who was abrupt and offended Vice Sect Master Sun. It was my fault, and I'll admit it to you."

"It's okay to admit your mistake, let's just talk about it." How could Sun Qinger ask Wiliam to say something pretentious.

"Okay, then there will be the test of the Deputy Sect Master Lao Sun, hey..." Wiliam said helplessly.

The last sigh seemed to contain all the grievances and helplessness in the world.

It was mixed with embarrassment and embarrassment.

Not to mention how vivid the expression is.

At this point, Sun Qinger finally laughed.

The joy in her heart blossomed.

This kid finally shot himself in the foot.

How dare I let my old lady be the benchmark, and I humiliated myself so much before!

Now, retribution is coming!

To tell the truth, Sun Qinger is not the strongest in the red and thin high-rise buildings.

Even better than some hall masters.

She only officially stepped into the innate secret realm the year before last, so it can be said that the realm is not very stable.

The reason why she was able to become the deputy suzerain was mainly because of her good relationship with Su Hongxiu.

The two can be considered to have grown up together, and their relationship is ironclad.

However, the innate secret realm is more than enough to deal with these vases.

Sun Qing'er even thought that if her realm was placed in their original world, wouldn't she be the queen of the world.

In her heart, she even started to think about what she was going to say when she made these vases cry later.

Dragon Husband 1703 PART 2

Are you going to comfort them hypocritically and let them leave on their own?

Or just be rude, ridicule a few words, and slap Wiliam hard in public to let him know why the flowers are so red?

It's hard to choose, what to do...

"Well, since Deputy Sect Master Sun has made up his mind, it is also an honor for us girls to test it in person, so I wonder who Deputy Sect Master Sun will choose as his opponent first?" Wiliam said helplessly.

Then he turned around again and said to the women, "Still sitting? Hurry up and wait for the selection."

With an order, the women behind Wiliam stood up in unison.

Tsk tsk, this imposing manner, this beauty, this long legs.

It made Sun Qinger a little suspicious of life for a moment.

She seriously suspected that Wiliam was deliberately humiliating her again!

Those long legs and Zhang Qingcheng's face all seemed to be saying to Sun Qing'er, "Hey, short and ugly..."

Sun Qing'er's face became ugly again.

And she still didn't get angry, Wiliam got angry first, "What are you doing standing up, you don't have any eyesight, come and come, come and stand in a row, stand in front of Vice Sect Master Sun Let her see more clearly and pick more accurately."

Sun Qing'er felt like she was hit by a 10,000-point crit!

And those women were really laughing and giggling. They walked to Sun Qinger hand in hand, looking down at Sun Qinger condescendingly, but they still had an incomparably sweet smile on their faces.

The people at the scene looked at this picture and were a little stunned for a while.

What the hell is this!

A group of charming women stood in front of one person, waiting to be selected.

Why is this picture so funny?

Seems to be similar?

Oh, do these women want to introduce themselves next?

Then Sun Qinger would like to say thank you, the next batch.

This is alive.

This Wiliam is really funny.

Sun Qing'er looked up at these women, the closer they got, the more she could see that these women's skin was as smooth as sebum, and all of them were the best among people.

The more you look at her, the greater the psychological pressure.

Of course, the fire will be bigger!

"Deputy Sect Master Sun, pick one?" Wiliam said again.

Sun Qing'er held back her breath, planning to wait for this group of women to have a better time.

She glanced over, and at a glance saw a woman standing out from the crowd.

The woman was wearing a light blue shirt and a pair of white jeans.

What bothered Sun Qinger the most was that this woman actually had a thin cigarette in her mouth, and was puffing it out.

This woman is Sister Qing.

Seeing this woman, Sun Qinger felt uncomfortable.

She felt that this woman's temperament was too similar to Su Hongxiu's, with a queen-like look on her face, as if everyone in front of her was just a shrimp soldier and a crab general.

How can there be a second lady eating s*x in this world?

It must be removed immediately!

She stretched out her finger, hooked Sister Gouqing, and said coldly, "Just you, stand up."

Sister Qing let out a breath of smoke and stood up gracefully, standing directly in front of Sun Qinger.

Sun Qing'er couldn't help but take a step back, her expression became even more angry.

"I, Sun Qing'er, don't fight the unknown, but report your name!" Sun Qing'er resisted her anger and said lightly.

Sister Qing took another puff of cigarette, and the smoke spit out lightly as she spoke, "Wu Qing."

Hoho, what a vulgar name, well, it's just you!

Sun Qinger was about to appoint Wu Qing, and then heard Wiliam add something faintly.

"Sister Qing is her husband and Liu Lang..."
