

# Dragon Husband 1705 PART 1

## Chapter 1705

Sun Qinger is really envious.

On the one hand, I envy how these women grow. They are so beautiful and tall, so what did they eat to grow up?

On the other hand, she is more envious of how these women are looking for such an awesome husband...

It's not wrong for Sun Qinger to like women, but that doesn't stop her from liking men.

It's just that in these years, few men have caught Sun Qing'er's eyes.

Even Wiliam, because of the preconceived relationship, Sun Qinger completely despised him.

But when I think about it now, Sun Qinger thinks that the ruffian Liu Lang is very attractive.

These scumbags really have a black heart!

Take away such a high-quality man.

However, it is one thing for Sun Qinger to be envious and jealous, but it is also one thing to recognize the reality.

She knew she was just wishful thinking.

She attributed the resentment in her heart to Wiliam.

Sun Qinger first let these noble women rest, then looked at Gu Xinyu, "How about you?"

Gu Xinyu was busy eating melons, but she suddenly saw Sun Qinger look at her, and waved her hands quickly: "I'm not Liu Lang's wife, I can't stand high."

Sun Qing'er's expression softened.

If you don't have any background, then I'll take you.

But William, who was on the side, made a quick fix, "She is indeed not Liu Lang's wife, but Lin Jiang's wife."

Sun Qing'er's head buzzed, almost bursting!

Lin Jiang!

This ride!

Let no one live!

Sun Qing'er knew Lin Jiang.

In other words, many of the nine sects knew Lin Jiang.

William does things relatively low-key, so not many people know him.

But Lin Jiang is crazy enough. Since he joined Yu Shizhi, he has done a lot of vigorous deeds.

And it was highly praised by the old woman who was both righteous and evil.

Lin Jiang acts in an eclectic manner.

Sun Qing'er really didn't dare to offend Lin Jiang casually, let alone Lin Jiang's woman.

She looked embarrassed, as if time had gone back a few minutes.

What she was even more afraid of was that the remaining women were all Lin Jiang's wives.

That's really bullsH\*T.

"Well, just kidding, you go back first." Sun Qing'er repeated this sentence numbly, not knowing whether to repeat it later, and how many times to repeat it.

Fortunately, after she asked, she knew that Lin Jiang only had such a wife.

And even luckier, when she randomly ordered another person, it was sH\*T luck.

She actually clicked on William's wife.

A woman in a white dress that beats the snow and is a little weak.

Bai Fengxue stood in front of Sun Qing'er so pretty, her expression a little unnatural.

He didn't seem to dare to look at Sun Qing'er.

This can make Sun Qinger excited.

Those women just now had a very arrogant background, no wonder they all looked up at the sky.

This woman named Bai Fengxue obviously lost her aura completely.

It shows that she doesn't have any strength.

Also, I heard that this woman has been living in Cang Mang Continent, where her strength is very limited.

## Dragon Husband 1705 PART 2

And Wiliam seems to have been bullied because of this woman, and in a fit of anger, he stepped on the sword to cover the sky.

As for whether Sun Qinger is afraid of Wiliam?

That's absolutely nothing to be afraid of.

There is Su Hongxiu in the red and thin high-rise building. Wiliam and Su Hongxiu have such a good relationship, so why would he not spread the fire on the red and thin high-rise building.

So, it's safe.

Of course, Sun Qing'er didn't want to kill Feng Xue either.

She just wanted to gently, quietly, bring some pain and humiliation to this woman.

Then transfer all the pain and humiliation to Wiliam, this bastard.

"It's up to you." Sun Qing'er made up her mind and said with a smile.

As soon as the words fell, Sun Qinger noticed that the expressions of the women at the scene had changed.

He Tiantian and others have been watching the show.

They would never want to say that Sun Qinger would have caught the wind and snow by such a coincidence.

Moreover, even if the wind and snow were drawn, so what.

Feng Xue's identity is also there.

Forgive this Sun Qinger didn't dare to move the wind and snow.

But she never thought that Sun Qing'er had chosen Feng Xue and insisted on fighting with Feng Xue.

Now He Tiantian and the others began to panic.

They know the strength of the wind and snow.

Since the fusion of her two personalities, her martial arts have been lost.

Even a normal person can't fight, how can he fight with Sun Qinger, a master of the innate secret realm.

I am afraid that the other party will take a breath, and the wind and snow will fall to the ground.

And looking at Sun Qing'er's careful attention, it's obvious that she doesn't intend to take a breath.

Play big now.

He Tiantian was more righteous, so he stood up directly and said, "Come to me, I promise that no matter whether I win or lose today, I will not seek revenge from Liu Lang."

Gu Xinyu also stood up, "Find me."

Other women also stood up one after another, looking like they wanted to protect Bai Fengxue.

However, the more they were like this, the more proud they became.

Instead, she felt that she had chosen the right person.

Seeing these women protect Fengxue so much, afraid of her being hurt, isn't it because Bai Fengxue has no strength?

"No need to say more, I have made up my mind, Sect Master, what do you think?" Sun Qing'er ignored everyone's objections and then threw the question to Su Hongxiu.

Su Hongxiu smiled on the side and said, "Since you are going to end the test, it is natural for you to call the shots."

"Thank you Sect Master for making it happen." Sun Qinger was overjoyed, and immediately looked at Wiliam, "I choose your wife, do you have any opinions?"

A look of embarrassment appeared on Wiliam's face.

Because he is really embarrassed.

It's not good to choose who, but this girl chose her own woman.

Whoever you choose, you can control the end.

But only choose Bai Fengxue, the consequences are unpredictable.

To put it uglier, it is called life and death unpredictable.

Bai Fengxue's hosting model is really a headache.

Well, it really hurts my head, the kind of pain that I want to knock and explode.

"Okay, I don't need to ask your opinion, right? Bai Fengxue, I'll ask you, do you dare to fight? If you dare, go out with me. If you don't dare, you guys will get out of here." Sun Qing'er joked said.

Bai Fengxue's face froze, "If I lose or admit defeat, will we all leave? Do I represent all of us?"

Sun Qing'er showed a triumphant smile and nodded immediately, "That's natural, you represent all of you. If you win, you will join the Red Thin High-rise Building. If you lose, give me a sense of acquaintance and take the initiative to leave."

She secretly changed the concept again, and turned the competition with Feng Xue into a representative battle of Feng Xue.

Sun Qing'er was very proud of this, apparently thinking that this weak girl was easy to handle.

Then let's make a thorough decision, let Bai Fengxue be a good representative, and then get out of the game collectively, so as to save the game of minesweeper for a while.

However, Sun Qinger suddenly saw Bai Fengxue sigh and said, "Well, it seems that I can only be represented. I have to work hard and be serious."

"Pretty!"
