

# Dragon Husband 1727 Part 1

[/ dragon husband](#)

Chapter 1727 Wake up!

After the fishy wind passed, the body of the big waves was frozen in the air.

There are only four limbs, and they are still waving in the air, seeming to be unwilling!

And on the neck of the sea wolf, a hand appeared!

This hand, tightly stuck on the neck of the sea wolf, let it be in a dilemma!

And the owner of this hand is naturally Qin Zhanxiong!

Qin Zhanxiong was still lying on the ground at this moment, his eyes still not open.

Like an instinct, in the face of the threat of death, he subconsciously stretched out his hand to stop the coming of death.

This scene made all the sea wolves take a few steps back.

And it made everyone at the scene exclaimed.

Miracle!

Miracle!

For more than a year, everyone has watched Qin Zhanxiong weaken.

Not only is the strength weakened, but the breath is also weakening.

Although occasionally he will wake up and say a few words, but the whole person is obviously in a state of ignorance, and there is no fierceness in his body!

But now!

Although Qin Zhanxiong was still lying on the ground, he didn't open his eyes yet!

However, he just stretched out a hand and stuck the neck of the sea wolf.

Just this action made the people on the scene feel that Qin Zhanxiong had a violent aura!

The blood on his arm was still dripping down to the ground.

With the unique fishy smell here, the scene became even more fishy!

Qin Zhanxiong, slowly opened his eyes!

Everyone is watching Qin Zhanxiong.

Seeing the Sect Master open, the scene exclaimed again!

“Sect Master is awake! Sect Master is awake!”

Seeing that his father was awake, and his eyes had the same look of contempt before, Qin Sheng’s worried heart completely fell back!

He glanced at Wiliam gratefully, he didn’t know what to say!

There is only one feeling in my heart!

That is the right bet, and the bet wins!

Under Wiliam’s inexplicable death-defying move, his father actually came to his senses!

Only Qin Nuoshi’s expression became weird after seeing this scene.

I don’t know whether to be happy or confused.

And Su Qingshan seemed to be fed a piece of shit into his mouth, and his face turned pale.

He would never have imagined that he would be able to heal like this!

Where is the cure!

This is roasting people on a fire rack!

This kid Wiliam, I really don’t know where it came from!

are you crazy!

“Want to start from scratch? I, Qin Zhanxiong, are not afraid to start from scratch!” Qin Zhanxiong’s mouth also slowly came out.

It seems to be echoing Wiliam's previous call.

Everyone looked at Wiliam in amazement.

Could it be that Wiliam knew long ago that the unconscious Qin Zhanxiong could hear the voices of the people around him?

Amazing!

And this sentence is like giving a lot of blood to the people at the scene!

Qin Zhanxiong!

Always a berserker on the battlefield!

Start from scratch!

Never ask where the return date is!

Don't be afraid to start from scratch!

Just be on the battlefield!

Just hold the sword in your hand!

As long as the heart is not old!

From the beginning, also a hero!

## Dragon Husband 1727 Part 2

Starting from scratch will also be brilliant!

It is said that heroes from ancient times are like beautiful women, and they are not allowed to see white heads in the world!

joke!

Time is just an excuse for the weak not to dare to ascend, and an excuse for the mediocre to surrender to fate!

Time is in front of real warriors, never dare to show off their might!

Qin Zhanxiong is such a hero who puts time under his feet!

It is such a soldier who never forgets his original intention and does not ask about his return date!

After Qin Zhanxiong said this, his body trembled and climbed up from the ground.

He just carried the sea wolf like this and turned around slowly.

Perhaps because his body was too weak, his body swayed obviously.

However, he was still standing, and there was no sign of lying down again for half a minute!

"Sect Master!" Everyone shouted excitedly when they saw the Sect Master standing up, all with eager eyes!

"Who was talking to me just now?" Qin Zhanxiong asked slowly, his voice a little hoarse.

"It's me." Wiliam said with a smile.

"Who are you?" Qin Zhanxiong stared at Wiliam, not recognizing this young man.

"Father! He is Wiliam!" Qin Shengzhong shouted directly, tears welling up in his eyes.

He was really afraid that his father would not be able to get up if he fell this time.

I was still on the phone a few days ago.

Isn't life afraid of accidents like this without saying goodbye?

"Wiliam?" Qin Zhanxiong's eyes narrowed slightly when he heard the name, and then he laughed.

"You are Wiliam, who has been very kind to our Lanshan Zhige! Good! Good! Good! I, Qin Zhanxiong, owe you another life! I remember what you said just now! Go back later and thank you with wine!" Qin Zhanxiong said. The sound also seemed to get louder, causing Wiliam's ears to buzz a little.

Wiliam broke out in cold sweat as soon as his forehead was cold.

drink wine.....

Are your family, or your sect, all drunkards!

Drink without hesitation!

Wouldn't it be better to be careful about fighting monsters?

Drink your uncle's wine, you can't drink it!

But obviously, now is not the time to say that.

Qin Zhanxiong looked at Wiliam and said slowly: "I have also felt that my body is getting weaker in the past two years. But I know that it's just my mental trouble. Although I occasionally wake up and speak normally, but Others seem to think that I am confused. For the past two years, all I need is someone like Wiliam, who is so empowered by my side!"

Where would the people at the scene care what Qin Zhanxiong said.

Now they saw that the sea wolves around them were gradually approaching Qin Zhanxiong, and their minds were raised again.

Someone immediately said: "Sect Master, I will come to protect you!"

However, Qin Zhanxiong sneered, "What do you protect?"

"No, Sect Master, you have just woken up now, your body is too weak, you still need to adjust slowly, and you must not move your essence again." Some people were burning with anxiety.

Wiliam also laughed at this time, "You guys, don't you understand what the sect master said just now? Just stay where you are. Sect master Qin, you go! We are here, waiting for your triumph!"

where to go?

Is everyone foggy on their foreheads?

What are these two talking about?

Qin Zhanxiong nodded towards Wiliam, his body was slightly bent, "It's ridiculous! The people who have been by my side for more than ten or twenty years, no one understands me! Wiliam and we don't even have a relationship. , but know how deep I am!"

"When I woke up this time, Wiliam's words made me stunned! What scruples do I have! When I wake up, I don't plan to go to sleep again! When I stand up, I don't plan to lie down again!"

"My Qin Zhanxiong's life belongs to the battlefield! I can die on the battlefield, but not on the bed!"

**“Wait for me to kill myself and come back with blood! I will drink three hundred cups with you!”**

**Qin Zhanxiong said, he laughed loudly, and he shook it with one hand!**

**The neck of the sea wolf broke in an instant!**
