

Dragon Husband 1734 Part 1

Chapter 1734 give it a try

Su Qingshan's footsteps stopped suddenly.

At this point, Su Qingshan had no hope at all.

It is already the biggest loss after tossing the Sifang Seal of his own rice bowl.

Now I can't get any reward at all, and my face is still lost here.

Why don't you go?

To stay and continue to be humiliated?

However, Wiliam's words made him feel refreshed all of a sudden.

What do you mean by guaranteeing that your name as a genius doctor will last forever, and your fame and fortune will roll in?

Is this a good thing?

Now Su Qingshan is most concerned about his own job, and Wiliam's words got into his heart.

Su Qingshan turned around and saw that Wiliam was already walking towards him.

"What did you just say? Are you sure you're not playing with me?" Su Qingshan said with a bit of dissatisfaction.

Because he felt that Wiliam's words were indeed magical.

Wiliam first said to the people at the scene: "You go back first, I'll go back in a while."

Although Qin Shengzhong and others didn't understand why Wiliam was looking for Su Qingshan, they still obeyed Wiliam's words, and a group of people went back first.

Only Wiliam, Feng Xue and Su Qingshan were left at the scene.

Su Qingshan looked at Wiliam, but couldn't see through the young man.

"After all, what do you mean? If you are teasing me, I will never forgive you!" Su Qingshan stared fiercely at Wiliam.

Wiliam smiled and said, "Have you found anything?"

"What's the matter?" Su Qingshan asked subconsciously.

"This healing power in me is very similar to the so-called divine power of your Sifang Seal Power, even thousands of times stronger than yours." Wiliam said lightly.

Su Qingshan's whole body froze, "You are playing tricks on me by riding a horse! You are humiliating me!"

Wiliam smiled coldly and said, "Shame on you? It's just you, too? Oh, this sentence is humiliating you."

The veins on Su Qingshan's forehead appeared, as if he was going to fight Wiliam to the end.

"Okay, back to the topic. Since my healing power is very similar to the divine power in your Sifang Seal, and my healing power comes from the body, you can't think about it? The Sifang Seal should be something that stores divine power. Come on, what if my healing power can also be stored in your Sifang Seal? Did you not only have a Sifang Seal, but even an enhanced version of the Sifang Seal!" Wiliam also made it clear.

In his eyes, this Su Qingshan's wisdom is on a par with those straight men who stop fighting in Lanshan, so he can't be too subtle.

Su Qingshan did have the temperament of a straight man in Lanshan, and after listening to Wiliam's words, he also showed a fascinated look in his eyes.

At this moment, he is like a dick, and he secretly applauds his hands in his heart!

OK!

How can there be such a good way!

I didn't even think of that!

The healing power of this kid is undeniably strong.

If you get your own seal, then you can continue to swindle and cheat on the rivers and lakes, oh, I should continue to hang pots on the rivers and lakes to help the world.

In this way, the name of the genius doctor will last forever, and with it, there will be endless fame and fortune.

Dragon Husband 1734 Part 2

This kid really didn't lie to me!

If so, this trip will make a lot of money.

"Are you still immersed in the happiness of a peerless genius doctor and unable to extricate yourself?" Wiliam couldn't help laughing.

Only then did Su Qingshan wake up, wiping the corners of his mouth quietly, showing a dignified look, "Hmph, your kid's ability to seduce people is quite strong, after all, what kind of price do I need to pay."

Su Qingshan would never believe that wonderful pies would fall from the sky.

I don't even believe that Wiliam is a peerless good person.

This kid doesn't look like a good thing.

Wiliam nodded naturally, "Of course, but the price you have to pay is very simple, just sell me some information."

"Selling information? What information do I have to sell?" Su Qingshan was taken aback and couldn't help asking.

"I'm going to cut to the chase. It's up to you whether you agree or not. Are you from the Cold Boat Race? Then you have to satisfy my curiosity. You have to tell me everything I want to know." Wiliam said bluntly.

"You, are you actually trying to inquire about the cold boaters? Who are you? What are you trying to get close to me!" Su Qingshan suddenly became vigilant, and even moved a few steps back. step.

It seems that Su Qingshan has set up a line of defense in his heart.

The cold boaters are his forbidden areas.

But the more this happened, the more curious Wiliam became.

And I feel like I'm asking the right person.

"First of all, I really want to inquire about the information of the cold boaters. Secondly, you don't care who I am. Finally, I only have this attempt to inquire about the information when I approach you, and I don't have to pay you a price. In

the end, I can tell you that I am looking for something from the cold boat, so I plan to understand it comprehensively and not to fight an uncertain battle.” Wiliam explained a few words patiently for the first time in history.

This moved Su Qingshan.

This kid was dragged like 250 before, but now he is so kind?

“You swear?” Su Qingshan was ready to give it a go, turning his bicycle into a luxury car.

“I swear.” Wiliam really followed his words, “Can you talk now?”

“Okay, I’ll believe you once! If you dare to lie to me, I have a way to kill you!” Su Qingshan showed a reluctant expression.

Some people have requests from Hanzhou, which is normal.

There are many people in this world who want to help Hanzhou.

Although Wiliam has great powers, there are things that he can’t solve by himself.

Based on this, Su Qingshan chose to trust Wiliam.

“Okay, then I’ll ask, first tell me the origin of the cold boaters.” Wiliam went straight in.

Su Qingshan was obviously waiting here for a long time.

He showed a sighed expression and said, “Speaking of the origin of the legend of the cold boaters, it’s a long story.”

Wiliam has a black line, “Then make a long story short.”

I don’t have time to talk to you here about the past and present.

Su Qingshan’s face was embarrassed for a while, but fortunately, he was still full of pride, “The history of the Cold Boaters can’t be compared with the years of one hundred and nine sects combined.”

He first established a general tone with a long history, and then slowly said: “The ancestors of the Hanzhou people should be people from ancient times. At that time, the ancestors were just ordinary people, and they did not live in the current Hanzhou people. Where he lives, he...”

Speaking of this, Su Qingshan’s expression suddenly changed, and he glared at Wiliam fiercely, “I’m riding a horse! I suddenly found out that you’re a white wolf with empty gloves!”

“The price you said just now is just an assumption! I don’t even know if your healing power can be stored in my Sifang Seal! If it doesn’t work, I’ll be busy working in vain!”

The corner of Wiliam’s mouth twitched, “Oh, how can you find this out? It’s amazing!”
