## Chapter 1740 The Three Disasters

William looked at the old man Qingfeng, and admired him more and more in his heart.

After a simple conversation, the old man Qingfeng could see through his own thoughts completely.

William didn't hide it anymore, and said, "Exactly. The Jiangshan Prayer Seal is of great use to me, and I must get it."

The old man Qingfeng didn't speak anymore, but fell into contemplation.

William was a little clueless, so he explained casually: "Old man Qingfeng, don't worry, if I want to get it, I will use fair and honest means, it will not affect your reputation, and it will not damage your relationship with Han. The friendly relationship between the boaters. As long as you take me to the cold boaters, I will be responsible for all the actions inside."

The old man Qingfeng shook his head and said, "I don't care about these false names. What I care about is the deep meaning behind your decision."

"Deep meaning?" William asked back.

The old man Qingfeng suddenly smiled kindly, "That's all, that's all. Since he is a great sage, he is destined to return, and all actions are given by destiny. As an old man, it is my honor to be able to help you."

"Next, let me tell you my opinion." The old man Qingfeng said this time.

William turned his ears and expressed his respect.

"Jiangshan Prayer Seal, not many people know this thing in this world, and I just know it."

"Jiangshan Prayer Seal was created by the three emperors of the ancient human race with the purpose of suppressing the frosty python that turned into a moat."

"Speaking of which, what the three emperors of the human race did is indeed a bit excessive. After all, the Frost Cang Python was requested by the three emperors on their own initiative. The Frost Cang Python is willing to sacrifice

himself to protect the safety of the Cangsheng Territory and the Cang Python Continent. have made an indelible contribution.”

“The three emperors did this, but they were a little ungrateful. Of course, this is only the idea of our descendants. In fact, I also want to understand the painstaking efforts of the three emperors.”

“The Three Sovereigns shoulder the mission of the rise and fall of the human race. Any sympathy and pity may lead to the destruction of the human race. If the Frost Cang Python repents, it will be another catastrophe for the Human Race. Therefore, to restrain the Frost Cang Python, Even if he bears the world’s infamy, the three emperors will do the same.”

“So the existence of the Jiangshan Prayer Seal will be determined by future generations.”

“And you, from the first time I saw you, no, from before I saw you, I already knew that you were extraordinary.”

“When you and your two brothers crossed over from the Cang Python Sky Moat, which caused the Cang Python to cry out and be greeted by all the beasts, I knew at that time that you bear thousands of years of fetters and missions between the human race and the demon race. .”

“Your three brothers are all descendants of the human race, but you have inherited the blood of the third of the four emperors of the monster race. It is destined that the three of you are the bridge between the human race and the monster race.”

“Now that you have found me and hope to get the Jiangshan Prayer Seal, there is only one possibility. You are going to save the cang python.”

“So you answer me, the Jiangshan Prayer Seal can save the cang python, but after the rescue, will the moat disappear? Will the catastrophe in the world reappear?”

The old man Qingfeng finished talking to himself with such a serious question.

William said sincerely: “You are right, I am indeed going to save the cang python. And I can tell you for sure that I have another way to save the cang python and save the moat at the same time. , let the people Yongan.”

"Is that so? That's the best, I'm willing to believe you." Old Man Qingfeng's expression became kinder again, and he seemed to be satisfied with Wiliam's answer.

On the contrary, Wiliam still had doubts in his heart.

He then asked: "Old Qingfeng, I want to ask you, why are my two brothers and I always called the three disasters of humanity? But in your mouth, what kind of great sages have we become?"

The old man Qingfeng suddenly laughed, "Hoho, everyone looks at the problem from a different angle. Whether it is the three disasters of humanity, or the great sage, there is nothing wrong with you."

if( ) { }

"I can even tell you clearly that although you all call them the three disasters, the focus of the disasters is different."

"Your eldest brother Liu Lang is a natural disaster. He is destined to be an angry dragon who will fight endlessly with Heaven."

"Your second brother Lin Jiang is a disaster. He will have a catastrophe and a wrath, the phoenix will burn the world, and the earth will be nirvana."

"And you are a human disaster. Although I know this, I can't tell you face-to-face, otherwise it will reveal the secret. Please forgive me."

if( ) { }

"The three plagues are worthy of the name for you. Why do those people call you the three plagues, because there are records and prophecies in a magical book."

"However, after the three disasters, it will be a prosperous world, so it is not wrong to call you great sages."

Wiliam was amazed.

This old man has something.

Like a god who knows everything.

"What kind of book is that?" Wiliam asked curiously.

"I'll tell you later." Old Man Qingfeng didn't answer Wiliam directly.

"What I said next, you have heard it and remember it in your heart, and you must not talk about it to outsiders." Old Man Qingfeng became serious again.

William also sat upright with a serious expression.

“Whether it is the three disasters or the great sages, it is not a good thing for the human race. Although you bear the fetters between the human race and the demon race on your shoulders, but based on the prophecy of the three disasters, you should not exist in the human race. world.”

“However, your growth is too fast, so fast that it is unbelievable, so fast that you want to kill it.”

“Some time ago, you have attracted the attention of the above. Therefore, you must act in a low-key manner. The sooner you expose your identities, the sooner you will face life and death. It’s not something you can provoke now, you know?”

William nodded quickly, indicating that he knew.

The person above the three tops of the sky should be the seven-star ferryman.

“Seven-star ferryman?” William asked.

The old man Qingfeng was a little surprised, “You actually know the existence of the Seven Star Ferryman?”

William nodded, “I don’t know much.”

“Seven-star ferrymen, there are seven people in total, none of them know each other’s identities. The identity of the ferrymen depends entirely on the messenger’s clothes on their bodies. But those who can sit in that position are not fuel-efficient lamps, they are the territory of the common people. If you know the true identities of the three of you, you will die.” said the old man Qingfeng.

“We will pay attention to our actions.” William knew that things were a little serious.

“Okay, now back to the previous question... A few days ago, I learned another amazing thing on my side.” The older Qingfeng said, the more desolate he became, and his expression became helpless.

“What’s the big deal?” William asked.

“In the place where the bones are buried, the fourth bone and blood crystal is missing.” Old Man Qingfeng’s eyes were sad.

“In other words, the bloodline inheritor of Xuanwu’s negative book...”

“Born!”
