Chapter 1755 smash his skull

This voice was naturally made by Su Lanbo.

Su Lanbo didn't want to say anything at first, but just wrote this disdain on his face.

But when Su Hongxiu applauded the man, Su Lanbo was very unhappy.

He felt that the woman Su Hongxiu was making a fuss.

With this little ability, do you still want to applaud?

Have you lowered your style for no reason?

If you see your miraculous extradition performance later, then you shouldn't promise on the spot?

In Su Lanbo's heart, Su Hongxiu is already in his pocket and belongs to him alone.

All Su Hongxiu's performance, every word and deed, must be within his control and permission.

This applause obviously made Su Lanbo very unhappy.

That's why he said it on the spot.

As his voice fell, the applause at the scene suddenly disappeared.

Everyone looked at Su Lanbo with embarrassed expressions.

Because everyone knew that Su Lanbo would be stronger than this young man.

He has the capital to say so.

But there is no need to ridicule others in front of everyone, right?

That's a bit of a caution.

"Okay, the first round is over, one person will be included in the score, and the next round's Erlang is invited to play." Su Yongcun broke the embarrassment and quickly let the next round play.

And the people who play next are obviously not as strong as the first round.

Among the five people, not a single person was able to successfully extradite the spiritual energy to the Sifang Seal.

There is not even a single person who can extradite the spiritual energy from the prayer seal of Jiangshan.

This undoubtedly made Su Lanbo sneer again.

"What's the use of having more people? It's just a bunch of clowns jumping on the beam. Don't you know how much you have? Do you have to come on stage to be ashamed?"

"No matter how beautiful Su Hongxiu is, does it have anything to do with you? I advise some people that there is still a chance to retire from the competition. Otherwise, they will be embarrassed on the spot and will only leave a more unbearable image in the heart of the goddess."

Su Lanbo's words undoubtedly stimulated the scene again.

Everyone looked at Su Lanbo, especially those who participated in the competition, and they dared not speak out.

Because what Su Lanbo said makes sense.

After the momentary brain fever just now, everyone at the scene calmed down.

Yes, no matter how beautiful a beauty is, if she is not strong enough, it has nothing to do with herself.

Barely appearing on the stage can only add to the laughing stock.

It's better not to play, keep a bit of mystery and indifference, maybe the goddess will see it.

Suddenly, a few people quietly withdrew from the competition.

As Jiangshan's extradition enters the mid-term, more and more people are embarrassed on the field.

So far, a total of more than 70 people have played, but only 7 or 8 people have been able to successfully extradite Reiki.

And among these seven or eight people, the one who extradited the most spiritual energy was five wisps of blue smoke.

This is obviously the most normal proportion and the most normal state.

On the other hand, Su Lanbo kept sneering on the side, making the people on the scene even more embarrassed.

William couldn't help sneering in his heart.

This Su Lanbo is really bad character.

A mouth stinks intolerably.

If it wasn't for the old sect master of the Hanzhou people who was there to support him, this kind of person would not live to be five years old.

"It's too attractive to hate this person." Bai Fengxue couldn't help muttering to the side.

Feng Xue has always been a woman who is as light as a chrysanthemum.

For other people's behavior, even if she doesn't like it, she will only hide it in her heart and will not express it verbally.

Now that Feng Xue is so powerful, it can be seen that Su Lanbo is really annoying, and even Feng Xue can't hide his complaints.

"Well, it's really annoying." William also echoed.

"Hmph, don't provoke me with this kind of person, or he will smash his head." Bai Fengxue secretly waved a small fist below and said to Wiliam.

Wiliam felt his head buzzing.

This little lady, she still remembers knocking her head?

Su Lanbo, ah, Su Lanbo, you better not provoke this little murderer of my family, otherwise your brain will not be protected.

The game continues.

After a while, the effort has come to an end.

Among the one hundred and forty participants, only a dozen or so successfully extradited Reiki.

Su Changsheng frowned gradually from his previous satisfaction.

Obviously not satisfied with this.

There are very few talented people.

And not just talented, there are even fewer people with amazing talent.

Su Changsheng has always been obsessed.

He pinned his last hope on Su Lanbo, who was about to play.

Su Lanbo is one of the most talented among the younger generation.

I hope he can bring the group and everyone a surprise this time.

At this moment, Su Lanbo, as the finale group, has already stood in the center of the stage.

Su Yongcun was too lazy to talk nonsense with him, and directly announced the start of the extradition.

But Su Lanbo was not in a hurry.

He first stood by and sneered, "I'll let the four of you go first."

The implication is very obvious.

On the one hand, these four people must be shamed in public again.

On the other hand, he wants to be the finale of the finale, and the last shot.

So that everyone's eyes, and the focus of the audience are on him.

The four people were trembling all over, but there was nothing to do.

They can only bite the bullet.

Sure enough, these four people did not successfully extradite aura.

As they stepped down in despair, everyone's eyes fell on Su Lanbo.

Su Lanbo laughed, "Is it finally my turn?"

He looked around and cupped his hands around him, trying to show his polite side again.

"I'm sorry to keep you all waiting, and my future wife to wait for a long time." Su Lanbo's words were not polite at all.

Even Su Lanbo followed Su Hongxiu, hooked his middle finger at William, and glanced at William provocatively.

Here yesterday, William embarrassed Su Lanbo in public.

This matter was deeply engraved in Su Lanbo's heart.

Now it was finally his turn to show his might, how could he miss the chance to humiliate William?

However, this is just the beginning.

When the dust settles, it will be time for him to find Wiliam to calculate the general ledger.

Seeing that Wiliam didn't respond, Su Lanbo sneered and ignored Wiliam.

Instead, it was Bai Fengxue, who showed a look of gnashing his teeth and whispered, "I'm so pissed off."

Wiliam patted Feng Xue's back lightly, signaling Feng Xue to calm down.

At this time, Su Lanbo finally calmed down.

He looked at the Jiangshan prayer seal in front of him, and raised the corner of his mouth slightly.

He slowly closed his eyes and suddenly roared, "Get up!"

As his voice fell, one after another burst of green energy floated up from the Jiangshan prayer seal, and slowly floated towards the transparent square seal in front of Su Lanbo!
