## Chapter 1768 Protect the skull

The people at the scene were stunned for a moment, and then a roar of roar broke out!

Does this arrogant woman know what she is talking about!

How dare you go in front of so many people, it's outrageous!

Still riding on the head of the cold boaters group!

Su Lanbo even gave out a playful sneer, "Little girl, do you know that just by the words just now, you are already dead without a place to be buried. Even Old Man Qingfeng can't keep you."

Su Lanbo said this for a reason.

Because he saw that even Su Changsheng, who had always been indifferent, showed an angry look on his face.

The Hanzhou people worship their ancestors and totems, which are pious beliefs that have been handed down for thousands of years.

This woman, who has trampled on the rules before, is fine.

Now, dare to trample on their spiritual beliefs!

What's the use of keeping such a person?

Su Yongcun frowned and looked at Old Man Qingfeng.

He thought that since this woman was brought by the old man Qingfeng, then the old man Qingfeng must come forward and say a word or two for her.

Even at this time, the blade should be turned inward, and Bai Fengxue should be reprimanded and even punished first.

Only in this way can Su Changsheng's anger be quelled.

However, at this time, the old man Qingfeng narrowed his eyes slightly like Su Changsheng just now, as if he had fallen asleep.

Is this about to give up this woman?

Isn't it worth breaking decades of friendship with the cold boaters for this woman?

Many people think so in their hearts.

Only Bai Fengxue, facing the anger of the audience, still maintained an indifferent expression.

And Su Yongcun looked at Wiliam again, and wanted to convey a meaning to Wiliam with his eyes.

You take care of your own woman!

However, Wiliam did not respond to Su Yongcun's eyes at all.

Wiliam's eyes all fell on Bai Fengxue.

As if there are thousands of beautiful women in the world, there is only one person in Wiliam's eyes.

This kind of eyes that are so spoiled that they are willing to subvert the world made Su Yongcun almost spit out a mouthful of old blood.

Is this the time to show affection?

If you don't speak again, your woman will die tragically!

"I said that I am your ancestor, and I am your ancestor!" Bai Fengxue said again in the face of the anger of the audience.

This sentence is undoubtedly adding fuel to the fire.

It made the already excited people even more angry.

“Unrepentant! Damn it!”

“Such a vicious heart, no matter how good-looking, what’s the use!”

“Su Lanbo didn’t see the wrong person just now, but now that her true identity has been revealed, this woman has also broken the jar, it’s really damn!”

“Quiet!” Su Yongcun bit his head and shouted loudly.

Since the old man Qingfeng pretended to be sleeping, and Wiliam looked like Bai Fengxue without a brain, the situation in front of him would only get worse and worse if he continued to coax him.

Su Yongcun had no choice but to stand up by himself and plan to smooth things out.

The people at the scene were a little quieter.

“I’ll give you a chance! Take back what you just said! Then, kneel down and kowtow to our ancestors and the totems of our cold boaters!” Su Yongcun said coldly.

This is clearly to give Bai Fengxue a step down.

It’s a pity that Bai Fengxue does not want this step!

Bai Fengxue also sneered and said, “I want Bai Fengxue to kneel down! Can you cold boaters bear it!”

“Wow!” The audience was angry again.

Extremely arrogant!

Impossible to return!

Immediately, several people rushed up and surrounded the white wind and snow.

I want to use force to subdue Bai Fengxue.

Facing this scene, Su Changsheng just watched with cold eyes.

In his eyes, offending his ancestors was already a capital crime.

The old man Qingfeng didn’t open his mouth and pretended to be dead at this time, which was the best and most appropriate expression.

Su Hongxiu giggled, but she jumped off the stage and appeared beside Wiliam.

It's a pity that the eyes of the people at the scene all fell on Bai Fengxue, and very few people paid attention to Su Hongxiu.

Su Hongxiu was beside Wiliam and whispered, "Oh, your wife is really domineering. Seeing her angry look makes me a little scared."

"Just say a few words less, it's not something you started out with." Wiliam looked at Feng Xue without blinking, and replied Su Hongxiu by the way.

"Cut. It's just for fun. You have seen this group of people, it's not very interesting. I have no ability, and I still have a bad temper. You said that in such a home, if I don't escape, I will stay here and be sullen?" Su Hongxiu laughed again.

Seeing that Wiliam didn't speak, Su Hongxiu's eyes returned to Bai Fengxue, and she murmured with some fascination: "I only saw your wife as soft and weak, like a little white rabbit. I didn't think of it, there is also a cold one. Face. Tsk tsk tsk, if I were a man, I would also like such a woman, you have the vision."

Wiliam naturally knew what Su Hongxiu was talking about, but he still didn't want to talk to her.

"I'll ask you one more question! Do you apologize! We're really welcome!" The few people surrounding Bai Fengxue shouted sharply at her.

Bai Fengxue smiled coldly, and spit out two words: "Shabi."

After uttering these two words, Bai Fengxue suddenly laughed.

She didn't know why she was smiling.

But I just think it's cool to scold these two words in front of so many people.

Maybe it's been suppressed for too long.

From childhood to adulthood, Bai Fengxue knew that Shu Da Li was gentle and pleasant.

Even if he is angry and sad, he has never scolded anyone.

But now, she feels she should change her way of life.

Rejoice in enmity, and end war with war!

Will this make me feel better!

The expressions of the people on the scene changed.

Unrepentant, stubborn!

The few people who surrounded her rushed towards Bai Fengxue.

Bai Fengxue's eyes froze, and his body suddenly lifted into the air.

One after another fierce palm winds galloped away towards the few people below.

Those few people didn't think that Bai Fengxue was actually equipped with such martial arts. They were caught off guard, and the first move made them fall to the ground.

In this scene, the people below were stunned.

Although Bai Fengxue just showed the ability to extradite aura, everyone thought it was Bai Fengxue who found another way.

Moreover, Su Lanbo had been provoking Bai Fengxue before, and Bai Fengxue avoided fighting.

This makes them all feel that Bai Fengxue can handle it casually.

Now, this woman can still fight?

These people were all energized at once, and no longer underestimated Bai Fengxue.

"Dare to resist! Since that's the case, don't blame us for being rude!" Some people drank violently and rushed up again.

And Bai Fengxue fell back to the ground, his clothes fluttering.

"If you want to fight, fight, why is there so much nonsense? It's annoying." Bai Fengxue added another sentence.

This made the people at the scene even more annoyed.

And only Su Hongxiu, who was watching the play with a smile, muttered silently, "These people, don't know how they will die?"

"You have no idea how terrifying this little fairy will be when she enters a state of ruthlessness in front of her eyes."

"Protect your head well, come on!"
