Chapter 1779 Strength climbs

Su Hongxiu's eyes widened, and her voice couldn't help but grow louder, "You've thought about this too!"

Wiliam nodded naturally, "How can you not think of it?"

"Then you still!" Su Hongxiu wanted to hit Wiliam at the moment.

Originally, she just had a flash of light in her head and thought of this question.

Out of humanitarianism, she deliberately wanted to remind Wiliam.

Unexpectedly, Wiliam had already thought of this question.

Now that he knows that the other party is all white-eyed wolves, then he still does it!

why!

"Why! Don't you have the confidence to deal with them whose strength is soaring now?" Su Hongxiu asked again.

Wiliam shook his head and said, "I have no confidence. To be honest, I can't beat so many people now, not to mention that you still have those immortals hiding in the dark."

"Then why are you!" Su Hongxiu was going crazy!

This kid is not like him now!

How can you do something you can't be sure of!

Just when she wanted to ask another question, Su Yongsheng's eyes looked over.

"Boy, so what you just said is true! The shackles of our Cold Boat Race have been completely lifted?" Su Yongsheng asked Wiliam.

Wiliam nodded and said, "Don't you feel it yourself now?"

Su Changsheng sighed, "Going out of this mark and not dying, one by one's strength soars, this is indeed like the shackles of the cold boaters have been lifted. Not only is it lifted, but it also brings unimaginable benefits and strengths to our ethnic group."

"So what?" Wiliam asked suddenly.

"So, return the Jiangshan Prayer Seal to us. If you return it to us, you will still be the guest of honor in our Hanzhou people. Even what you and your wife have done to our Hanzhou people before, we can forget about it." Su Changsheng said lightly.

As soon as the voice fell, there was a voice of agreement on the scene.

"Yes, hand over our Jiangshan Prayer Seal! This is something not everyone can think about."

"Wiliam, I advise you to be acquainted with each other. I'm afraid you can't deal with us who are even stronger now."

"If we get to know each other better, we can still be friends."

Su Hongxiu's heart skipped a beat!

I didn't think that the face of the cold boater would come so quickly!

"You people, I'm so disappointed!" A loud roar came from the scene.

It was Su Yongcun who sent it.

Su Yongcun stood in front of Wiliam at the moment, his eyes were sharp, and he faced the people of his own ethnic group in front of him.

"Su Yongcun, do you know what you are doing?" Someone immediately questioned Su Yongcun at the scene.

Su Yongcun sneered, "How come I don't know what I'm doing? I'm saying some justice for the once-in-a-million-year benefactor of our Cold Boat Race!"

At this moment, Su Yongcun is not at all afraid of the words and writings of the cold boaters.

There was another thought in his mind.

This kid Wiliam is really a great sage!

From the moment he entered the Cold Boat Race, he was destined to lead the Cold Boat Race to unlock the seals and shackles of these thousands of years!

And this, only the great sages can do it!

At this moment, only those who believe in the great sages and support the great sages, maybe there is still hope for the Hanzhou people to recover in the future.

If these white-eyed wolves are really helpless, then Su Yongcun has nothing to do.

"Big benefactor? Hoho, what a joke! This kid stole the treasure of our Hanzhou Clan without permission, and we still call it a big benefactor! It's ridiculous!" Someone soon laughed even more Voice.

"Su Yongcun, let me help you figure out the context. I'm afraid you'll narrow your eyes and not be able to see clearly."

"First of all, it's this kid and his wife who coaxed us into the Hanzhou Clan, and even hurt many of our clansmen. This is already a capital crime."

"Then this kid made a rude remark, and kept saying that he wanted to destroy our Hanzhou Clan. This is a serious crime!"

"The most important thing is that this kid did not have our permission to forcibly refine our Jiangshan Prayer Seal! It is a sin of death and death!"

"Which of the above three sins can we spare him from dying?"

"What do you say about the great benefactor, it's even more ridiculous. It was this kid who forcibly refined the prayer seal of Jiangshan, and then naturally broke our thousands of years of shackles and curses. This is just a logical relationship."

"You dare to say that this kid has no selfishness to help us lift the shackles? It's a big joke! He is selfish, and finally unlocking our seal is just a last resort. If conditions permit, I will I'm afraid that he wants to steal the prayer seal of Jiangshan and wants to destroy our family!"

"Su Yongcun, have you seen the situation clearly now?"

The people at the scene kept analyzing the situation for Su Yong-exist.

In the blink of an eye, Wiliam's benefactor's statement had been completely wiped out by them.

In their eyes, Wiliam is nothing but a thief and a rogue who deceives the world.

Su Yongcun looked at the group of people in front of him and sighed deeply.

These people are really hopeless.

Exactly what he just said.

If you don't have the slightest bit of sincerity and blood, you will only be clamoring for words here.

A person moves a foot, a seal moves a zhang.

Even if the physical shackles are now lifted.

Even now their strength has soared one by one.

so what?

The shackles in my heart, but a little more aggravated.

For the current Cold Boat Race, the stronger the strength, the worse the consequences.

Su Yongcun couldn't help but imagine the future situation of the cold boaters.

After they have no bondage, they can boldly join the WTO.

They who have never seen the outside world, their strength and confidence have been inflated for a while.

Being outside will only provoke greater troubles and enemies.

"You guys, just wait to die." Su Hongxiu didn't bother to talk nonsense with them, she just threw out these words indifferently.

"Hoho, we're going to die? Su Hongxiu, do you want to protect this kid too? It seems that your father and daughter are the same, they are all white-eyed wolves!" A group of people immediately began to sneer at Su Hongxiu again.

"Now that our strength has become stronger, how can this kid get us? What are you kidding? You will see next, who is dead."

Because of the sudden increase in their strength, this group of people is already gearing up for each other, and they can't wait to rush up to punish Wiliam now.

This extreme expansion also brings them great confidence.

“Wiliam, let me ask you one last time, will you hand over the Jiangshan Prayer Seal?” Su Changsheng asked again.

Wiliam didn’t answer Su Changsheng’s words directly, but suddenly asked: “I heard that there are some old monsters hidden in your Cold Boat Race, you might as well call them out so that I can learn more, I would like to know their strength. Will it take it to the next level?”
