

Dragon Husband 1780

Chapter 1780 Hidden World Elder

The people at the scene, including Su Yongcun, were stunned.

Is this kid crazy!

These people in front of him are enough for him to drink a pot.

He was still not satisfied, and he still wanted to meet the reclusive old men of the Cold Boat.

Are you looking for death!

However, Wiliam's remarks reminded the people of the cold boaters.

Just now, they were really too excited about the lifting of the shackles and the continuous improvement of their own strength.

They completely forgot one thing.

That is their few hidden old men!

If everyone in the cold boat has improved their strength, what about the old ones?

Wouldn't it be even more awesome!

Before, they had already stepped into the Wonderland, and now their strength has climbed!

Thinking of this, all the people in the Cold Boat shuddered!

If a few old men also go to the next level, the strength of the cold boaters will be extremely terrifying!

Su Changsheng also thought of one thing after being stunned for a while.

This kid did not know how to refine the Jiangshan Prayer Seal.

Now, these people in front of them obviously don't know how to forcibly strip the Jiangshan Prayer Seal from this kid.

If it is those old people, maybe there is a way!

Thinking of this, Su Changsheng sneered, "You reminded me. Well, I'll obey you! Let you see the background of our cold boaters!"

Saying that, Su Changsheng slowly closed his eyes.

His hands suddenly pressed on the ground, as if they were communicating something.

Su Hongxiu was so angry that she wanted to bite Wiliam, "You are courting death! You can't beat these people at this juncture, and you still want to let those old monsters play together!"

Wiliam didn't say anything, his eyes were fixed on the ground.

After a while, there was a slight tremor on the ground.

Then, the ground suddenly shattered!

A blast of wind gushes out from the ground!

In a short while, in front of them, there were five people floating out of thin air.

These five people were full of white hair, and even because they had not taken care of themselves for too long, their hair and beard were entangled together, revealing only simple facial features.

Their clothes are also ragged, like beggars.

Seeing these five people, Su Changsheng bowed down first, "Congratulations to the Supreme Elders."

Everyone knelt down, prostrate on the ground, and greeted the elders of the cold boaters.

Many of the five old people at the scene had never seen them.

I don't know how long they lived.

But everyone at the scene knows that only those who step into the wonderland can live so long.

An old man at the head slowly opened his eyes and asked, "Why wake us up?"

Su Changsheng quickly explained what had just happened.

After speaking, the five old people were shocked, "What! What do you mean the shackles of the cold boaters have been lifted?"

Su Changsheng nodded quickly, and circled around the mark a few times, indicating that the shackles of the mark had disappeared and they were all still alive.

The five old men looked at each other.

One of them jumped and crossed the mark.

Then, there is no death.

The other four also set off together and crossed the mark.

"Supreme elders, if you feel your body again, will your realm rise!" Su Changsheng said again.

The five old men closed their eyes again.

However, everyone at the scene could clearly hear the beeping sound of the five people.

It's like bones are growing.

In a short while, the five old men suddenly burst into a manic and rich arrogance.

This kind of arrogance was so overwhelming that everyone present could not lift their heads.

The five old men all laughed loudly.

"Hahaha! It's so! It's so! The heavens live up to my cold boat!"

"Elder Taishang! Has your realm also climbed!" Su Changsheng asked excitedly.

"Build a state of mind." The other four old men said with a smile.

And the elder at the head spit out three words proudly, "Flying Cloud Realm."

These three words made everyone at the scene dumbfounded!

Those old people in the cold boat all know that the realm of the five hidden world elders has been maintained at the realm of Nirvana, and they have not made any progress for many years.

Now, there are actually four elders who have broken through to the state of mind building!

The Great Elder went directly to the Flying Cloud Realm!

Flying Cloud Realm!

In this world, I am afraid it is an invincible existence!

The day of glory for the cold boaters has finally arrived!

“Congratulations to Elder Taishang!” Su Changsheng said excitedly, trembling all over.

At this moment, he was even a little grateful to Wiliam.

If it wasn't for Wiliam's reminder, he would have forgotten to report the matter to the elder Taishang as soon as possible!

Hahaha, the cold boaters will be proud of the world from now on!

“You said just now, that kid has refined the prayer seal of our Hanzhou people?” After the elder Taishang was pleasantly surprised, he regained his composure, with a somewhat reclusive demeanor.

Su Changsheng nodded, “I don't know if Elder Taishang has a way to deprive him of the Jiangshan Prayer Seal, and let the Jiangshan Prayer Seal return to our Hanzhou Clan, and bless us forever.”

The first elder showed a smile, “It's a coincidence, the old man read a book in his early years, but he knows how to forcibly deprive the treasure of the master.”

Saying that, he looked at Wiliam, “Little guy, did you hand it over yourself, or did I do it myself?”

Su Hongxiu's body was shaking at the moment.

In front of the five elders on the stage, she also felt incomparable pressure.

She wondered about Wiliam in her heart, which pot can't be opened and lifted!

Well now, how to break the situation!

And Wiliam suddenly asked something inexplicably, "Are all the people from the Cold Boat here now?"

Everyone was stunned, not knowing what this kid meant by this sentence.

Wiliam immediately helped them answer, "Oh don't get me wrong, I don't mean anything else. Remember what I said before?"

"Destroy the clan, of course, it's easy to do things if everyone is present." Wiliam said with a smile.

Everyone at the scene froze!

This kid is so arrogant!

I thought he was ranting before!

Unexpectedly, now that the overall strength of the Hanzhou people has become stronger, and there are even more powerful people in the Feiyun realm, he dares to mention these two words again!

Even, everyone suspected that he was deliberately calling out five hidden elders, and wanted to catch them all in one go?

are you crazy!

At this time, Wiliam looked at Su Hongxiu and said with a smile, "It seems that the time is ripe. I can answer the question you asked before."

"You ask me why I took the initiative to say the purpose of this trip, why did I take the initiative to do all this knowing that their strength would become stronger?"

"Because I'm procrastinating, idiot."

"Oh, there's one more question I've only half answered. You ask me if I can beat them?"

"Of course I can't beat the first half of the sentence, but the second half?"

Wiliam suddenly rubbed the wind and snow on his back with his hands, and said fondly, "Fengxue, are you awake?"

Bai Fengxue, who had been in a coma on his back, slowly opened his eyes and murmured.

"You guys, do you want to hit my husband?"

At this moment, Wiliam looked at Su Hongxiu again, "The second half of the sentence is—"

"I can and am good at eating soft rice. My wife can do it!"
