It seems that all the lightning between heaven and earth have a common goal at this moment!

These lightning bolts slammed into the frozen Ye Qiongqi!

For a time, the thunder continued, and the roar continued!

Everyone only saw that these thousands of thin lightning lines converged into a large lightning as thick as a towering tree.

Throughout the world!

It devoured Ye Qiongqi's body in an instant!

This scene, how heroic, how terrifying!

But how is it done!

These lightnings, weren't the monsters himself planted?

Why did you obey William's orders?

Moreover, it is impossible for normal people to survive under such terrifying lightning bombardment.

Almost at the moment of the thunder and lightning, it will be smashed to fly ashes!

And this monster can still scream incessantly!

What is the structure of this monster's body!

A series of questions swirled in everyone's heart.

These questions also instantly suppressed the surprise and excitement of everyone who survived the catastrophe.

Finally, someone said weakly: "It seems that we can escape..."

This said, everyone reacted.

Yup!

The lightning cage that trapped them is now gone.

It means that the shackles are lifted and they can escape.

Su Hongxiu's eyes were fixed on the thunder and lightning that was still roaring, but she said, "Everyone leave the scene immediately!"

In today's situation, it is not at all that they can participate in.

The Nine Ridiculous Sects are like thunder in the rivers and lakes.

But in the eyes of this monster, not even ants.

Staying here is only for the life of cannon fodder.

The people at the scene immediately woke up, nodded, and fled with their lives.

They walked one by one before the gate of hell closed, but they didn't want to experience the horror of death again.

But some people stayed.

These people are William's best friends.

But the strange thing is that none of Han Xing's forgetful people have retreated.

This scene also made Su Hongxiu feel very strange.

Aren't these ice cubes afraid of death?

She couldn't help looking at Du Zhaixing.

I saw that Du Zhaixing's face returned to indifference, and he didn't say a word.

Do not run away.

Su Hongxiu wanted to ask, but her eyes were drawn by the scene.

The thunder and lightning that penetrated the sky and the earth continued to roar.

Don't know when the end will be.

Among the white light of the lightning, there is a constant flow of green light that gradually dissipates.

Su Hongxiu suddenly felt a change beside her, and turned her head to look.

I saw that Li Chunfeng didn't know when to appear beside her, and his eyes were also staring at the thunder and lightning.

"Chunfeng, do you know why this scene happened?" Su Hongxiu knew it, and couldn't help asking Li Chunfeng.

Li Chunfeng's pretty face was like ice, but he nodded.

"I guessed it. All of this is a game that Wiliam painstakingly laid out. If it weren't for this scene, I really can't believe that he could do this to such a terrifying level." Li Chunfeng said more rarely. , there was a hint of shock in his eyes.

Shocked by Wiliam's resourcefulness, and even more shocked by Wiliam's courage!

The opposite is an unshakable monster!

Wiliam was still able to separate a little bit of thought and set up this terrifying situation.

This man is simply a god between heaven and earth!

"Tell me now!" Su Hongxiu asked again.

Li Chunfeng pointed his finger in one direction and said, "The reason should be there."

Su Hongxiu looked up, but saw a seal still emitting a faint green light.

Jiangshan Prayer Seal!

"How is this possible! How did Wiliam do it!" Su Hongxiu was even more surprised.

How can the Jiangshan Prayer Seal help Wiliam to order lightning?

Unheard of!

Li Chunfeng took a deep breath and said, "It seems that when Wiliam woke up, he thought of a way to break the game."

"He first summoned the Jiangshan Prayer Seal to treat everyone's injuries, and then he left the Jiangshan Prayer Seal in the air, emitting a light of healing."

"But this should be because he wants to treat the injured as soon as possible?" Su Hongxiu was puzzled.

Li Chunfeng shook his head and said, "This is his genius. Everyone thinks the same as you. That's why Wiliam can blatantly set up this game."

"The real use of the Jiangshan Prayer Seal, have you seen the lightning thin line just now? What's the difference with the previous lightning thin line?"

Su Hongxiu thought for a while, "It doesn't make any difference..."

"You're wrong, there's a big difference. The previous lightning was summoned by that monster, and it's all white. But as Wiliam threw the Jiangshan prayer seal in the air and continued to release healing light, those thin lines of lightning had already been destroyed. The aura of the Jiangshan Prayer Seal is wrapped up." Li Chunfeng said lightly.

When he said this, Su Hongxiu patted his head and his eyes became shocked, "It seems like this is the case! Just now everyone's attention was on the fight between the two, and even when they noticed that the thin line of lightning was wrapped in the river and mountains to pray Yin's aura doesn't care at all, because this side of the world has long been covered by aura, and all of them are covered with a green light!"

Li Chunfeng nodded, "Well, this is also Wiliam's brilliant point, the sound of the east and the west. Everyone thinks that the color of the world is normal, so it is natural to ignore the reality of the changes in the thin line of lightning. It was probably when Wiliam wrapped the thin line of lightning. , these thin lines of lightning cut off contact with that monster. So Wiliam can control the prayer seal of Jiangshan, and he can control these lightnings."

Having said this, Su Hongxiu was completely shocked, and her mouth could not close.

Really riding...

She wants to swear!

This kid is not human!

Who is on the other side!

It is a monster that the two sects together are not enough to see.

Wiliam was not only able to entangle the opponent, but also devoted a large part of his mind to this game!

The first is to distract and control the Jiangshan Prayer Seal to wrap the thin line of lightning and cut off the connection with the monster.

Then it takes a lot of thought to continue to control these lightnings to move slowly at the speed before, so as not to arouse suspicion!

Of course, the more important thing is that he must continue to fight the monsters at a high speed, so that the monsters will not find out when they stop.

With a small gesture, he plans to make a shocking plan!

Simply horrible!

And the most important point, the way to break the scene, from the moment William woke up, he was pinched to death!

No one present could harm this monster, including William.

So is there any way to hurt the monster?

William immediately thought of a way!

Take advantage of it!

You can only hurt monsters by borrowing the terrifying power of monsters!

The sharpness of thinking, the meticulousness of mind, and the growth of courage!

Unparalleled!
